Bluto then appeared.

Sea: You just love taking a beating don't you.

Bluto: Well not this time.

The groups got ready.

Loki: (to May) Flare would definitely get along with your Beautifly.

May: I agree with you on that too. And I love her wings. They are beautiful.

Rarity: Oh indeed they are darling. And Flare's amazing sense of fashion makes her a perfect choice to work with me in the boutique.

Sweetie Belle: I agree. And she has been teaching me so much about fashion.

She pulled out a beautiful blue dress with beautiful blue jewels on it.

Sweetie Belle: What do you think Rarity?

Rarity: (Gasp) Oh Sweetie Belle that is simple divine!

Sweetie Belle: Flare taught me how to make it. She is a great teacher.

Thunder Terror: That is really well made Sweetie Belle. And I agree with Rarity's decision to make Flare a perfect choice for the boutique.

Mistmane: Same here. That dress is really beautiful and all of Rarity's dresses are magnificent works of art.

Liquid Leni: But they are all totes amazing. Just as amazing as our clothes.

Loki: All your clothes are awesome. Also Flare would get along great with Crysta and all the Fairy World Fairies.

Gill Grunt: I agree on that. So cool. And she would get along great with Gypsy here too.

Gypsy: She sure would and I should know because I'm a Moth. Moths are butterflies that come out at Night.

Flik: That's cool. And I agree with you. She would make a great defender against future grasshopper battles.

Atta: It sure would. But if Hopper comes back he will have a nasty surprise ready for him.

Dim: Yeah he will.

Dot: And we'll give that monster what for!

Black Widow: And it won't be pretty. We may be circus bugs but we will gladly help out.

Slim: That's right! We'll gladly make that monster pay for his crimes like we did before.

Tuck & Roll: (Hungarian Accent) Yeah we will!

Heimlich: (German Accent) Ja!

Manny: And it won't be pretty!

Francis: We'll make that grasshopper freak pay!

Loki: No kidding. Lets do it!

Loki fired waves of lightning and they dodged it and fired waves of lightning, ice, jewels, water, energy and ice and smashed him down.

May: Take that!

Rarity: Rapture darling that was grand!

King Hiss: (to Leni) Chernabog is probably more evil then Skeletor. And a lot more bigger too.

Leni: And he is totes scary.

Starlight Glimmer: Chernabog is Walt Disney's version of the Devil and he is said to be the Original Disney Villain.

Cozy Glow: Yeah. The VERY villain that started it all.

Trixie: And the Devil is the Ultimate Evil. He is the very monster that poisoned the entire planet with his evil and sin.

Clover the Clever: Yeah no kidding. But it's awful he did all that over the eons.

Starburst Aurora: Yeah what a monster! Thank goodness we took him down.

Crystal Laney: That is terrible.

King Hiss: You aren't kidding on that. But this world of A Night On Bald Mountain by Modest Mussorgsky is really scary.

Hex: Yeah it sure is and even though we Undead Skylanders are affiliated with the forces of the undead we like it.

Brittney: And the wicked spirits that Chernabog conjures up are amazing.

Lucy Loud: They are really wicked.

Haiku: They sure are.

King Hiss: You said it. Lets do it!

He fired venom blasts and they dodged it and fired waves of gravity lightning, stars, bones and crystals and darkness and smashed him down.

Leni: That was totes fun!

Starlight Glimmer: Yeah it was!

Waffle Woman: (to Tara) Are you enjoying this world so far?

Tara: It's amazing! The World of A Night on Bald Mountain is really scary. But after this is Ave Maria by Franz Schubert. Every time I hear that song it brings a tear to my eyes.

Princess Celestia: It is a very touching song. And a great treasure in music.

Spotlight: It sure is a musical masterpiece.

Butterfly Rose: I agree.

Robin: Yeah you are not kidding on that. Ave Maria is beautiful too.

Starfire: It sure is.

Beast Boy: No kidding.

Dirt Lana: Yeah.

Waffle Woman: No kidding. Lets do it!

Waffle Woman fired waves of waffles and syrup and they dodged it and fired waves of light, fire, darkness, energy, and earth and smashed her down.

Tara: That was awesome!

Princess Celestia: Yeah it was!

Nico: Time for a crow to get its wings clipped!

Bai Lai: First open this safe. It's really heavy.

Nico: Right.

Nico teleported and opened it and in it was a bunch of belts, amulets and swords.

Nico: These are cool.

Bai Lai: These are the Belts of Elemental Bravery, The Swords of the Equestrian Sun and Moon and the Amulets of Magic.

The Belts of Elemental Bravery. They're large golden belts with golden studs around the belt, and a large gem for the belt buckle, and they're in the favorite colors of Lori, Leni, Luna, Luan, Lynn, Lincoln, Laney, Lucy, Lana, Lola, Lisa, and Lily, and they have their elemental symbols, Lori: Wind and Fire, Leni: Gravity: Luna: Water, Luan: Light, Lynn: Earth and Volcanoes, Lincoln: Lightning, Laney: Plants, Lucy: Dark, Lana: Ice, Lola: Fire, Lisa: Gears and Lightning, and Lily: Water. Once they're permanently attached to their waists, will not only give The Loud Siblings a massive power and energy increase, but these belts will also protect them from Nocturne's nightmare powers. Plus, they'll also accidentally gain the same ability you and Nico have: the power to assimilate the powers and abilities of villains that you guys have imprisoned or destroyed and sealed into The Book of Vile Darkness or banished to The River of Fire or The Warp, and throughout your adventures, you guys have imprisoned or killed and banished a ton of villains over the years. Once the belts are permanently attached onto their waists, they'll suddenly feel a rush of incredible power in their bodies and veins, that immense rush is the powers and abilities of the villains that you guys had destroyed over the last five years, and just like you and Nico, they'll assimilate and acquire the powers and abilities of the villains that you'd imprisoned or destroyed and sealed into The Book of Vile Darkness or banished to The River of Fire or The Warp.

The Swords of The Equestrian Sun & Moon and the Amulets of Magic - two swords with the sun and the moon etched on the 6'0" massive, double-edged blades, but the gems and the angel wings will match the princesses: white for Princess Celestia and midnight blue for Princess Luna, long black handles, and a white large sphere pommel on the sword of Princess Celestia and a midnight blue large blue sphere pommel on the sword of Princess Luna and only the two princesses can wield these, and they'll gain a massive power and energy increase. For Twilight Sparkle and The Magic Skylanders, I've got them The Amulets of Magic, gold necklaces with The Magic Symbol in a jewel form. Only Twilight and the Magic Skylanders can wear these, and it'll lead to them getting a massive power and energy increase.

Nico: Wow these are amazing. I know just who to give these to.

Nico teleported and gave the belts to the Loud Kids and the swords and amulets to Princess Celestia and Luna and Twilight Sparkle and the Magic Skylanders.

Princess Celestia: Wow! These swords look amazing.

Princess Luna: They sure do sister.

Twilight Sparkle: This is amazing.

Spyro: It sure is. Wow.

Casey Rhodes: Time to take him down.

Jungle Fury Rangers: JUNGLE BEAST! SPIRIT UNLEASHED!

They transformed.

Casey: **"With the strength of a Tiger! Jungle Fury Red Ranger!"**

Lily: **"With the speed of a Cheetah! Jungle Fury Yellow Ranger!"**

Theo: **"With the stealth of a Jaguar! Jungle Fury Blue Ranger!"**

RJ: **"With the courage of a Wolf! Jungle Fury Wolf Ranger!"**

Dominic: **"With the power of a Rhino! Jungle Fury Rhino Ranger!"**

Bat Spirit Ranger: **"With the spirit of a Bat! Jungle Fury Bat Ranger!"**

Shark Spirit Ranger: **"With the spirit of a Shark! Jungle Fury Shark Ranger!"**

Elephant Spirit Ranger: **"With the spirit of an Elephant! Jungle Fury Elephant Ranger!"**

Jarrod: **"With the spirit of the mighty lion! Black Lion Warrior!"**

Camille: **"With the cunning of a chameleon! Green Chameleon Warrior!"**

All: **"We summon the Animal Spirits from within! Power Rangers Jungle Fury!"**

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready to kick some butt!

Megaforce Rangers: LEGENDARY RANGER MODE! JUNGLE FURY!

The Megaforce Rangers Turned into the Jungle Fury Rangers too!

Rangers: CLAW CANNON! CHARGING! POWERED BY ANIMAL SPIRITS!

Nico: FIRE!

They fired waves of energy, darkness and elements and magic and they hit Bai Lai and he exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: YEAH! Bai Lai you have failed this universe!

Raven: He sure has.

Then a black light appeared on Raven's right ring finger and she had a ring with the spirit animal for the crow on it.

Raven: The Crow Spirit chose me.

Isabelle came.

Isabelle: The Crow Spirit is perfect for you Raven. It shows **adaptability, cleverness and intelligence, teamwork and reciprocity, transformation, and psychic abilities** .

Raven: That is incredible.

Then a black light appeared and it landed in Raven's hand and it was the Crow Wild Zord Crystal.

Raven: The Crow Zord chose me.

Nico: It sure did.

Flare the Papillon was facing Sailor Heavy Metal Papillon.

Flare: This is very fitting. Butterfly VS Butterfly.

Sailor Heavy Metal Papillon: It sure is but I'm still gonna kill Sailor Moon.

Flare: You'll have to get passed me first.

Flare fired waves of energy and leaves and smashed her down.

Sea: You sure love to take a beating.

Bluto: We'll see about that.

Sea: Yes we will.

Sea punched him all over the place with incredible force and smashed him down.

Count Nocturne: To any Organization XIII members in here, you might as well show yourselves!

Eddy: (takes out blaster) Don't worry. We won't kill you. (smirks) Not yet, anyway.

I then saw a Dark Corridor appear and out came Evil Saïx and Eddy and Eli blasted him in his face and legs.

I then punched him in the face with incredible force and knocked him into a wall and boy did it hurt him.

Lea then walked up to him.

Lea: This monster used to be my friend Isa. You have no shame for anyone!

Riku: Surprised that you were waiting for me

Evil Saix: Ah. The boy chosen by the Keyblade-Riku.

Riku: What?

Evil Saix: It was yours first, wasn't it? But you succumbed to the darkness you could not control, and your prize-the Keyblade-passed onto Sora instead. Your mistakes always end up being other people's problems.

William: Maybe so. But Riku's already changed all of that.

Evil Saix: Once again you performed predictably, although on a grander scale than we imagined.

Riku: If you're feeling so chatty, let's skip to where you reveal what this is all about.

Evil Saix: I don't know how you did it, but you really have found a way to trap darkness inside your heart. And a boy who's immune to darkness is of no use to us.

Riku: Well, there's some good news.

Evil Saix: You might as well go to Bald Mountain now. There, your abyss awaits.

William: Well, we'll gladly go to this so called abyss. After me, Lea, Shego, and Luan beat the crap out of you!

Me: All you Organization XIII members is nothing but a bunch of bullshiting talk and no action. True pieces of trash that lost their minds because of a delusional madman.

Nico: That's right! Your lies have no power over us! But WE have power over you.

Luan: Just like when we'll kill ALL of you!

Carol then punched the Evil Saix in the face and she fired a blast of atomic energy and Luan, Eddy, Lea and Carol smashed him all over the place with incredible power!

Me: Carol take this.

I gave her a can of Spinach and she popped it open and ate the spinach.

GULP! BOING! DING!

She viciously pulverized Evil Saix all over the place with incredible fury and more and REALLY mangled him up all over!

Carol: Take this! ATOMIC KAIJU MEGABLAST!

She fired a massive blast of atomic energy and blew him all over the place!

A Night On Bald Mountain then played.

Shego: Horsea, can you stay here while we're out killing Chernabog? You can squirt ink into Evil Saix's eyes when he gets back up.

Horsea: Yes ma'am!

Nico: Lets get him!

Me: ANGELS OF HEAVEN TRIUMPH!

We flew up to Bald Mountain and we saw Walt Disney's version of the Devil himself, CHERNABOG!

---

**Chernabog** is the main antagonist of Disney's 3rd full-length animated feature film *Fantasia*, serving as the main protagonist of the segment "Night on Bald Mountain"/"Ave Maria". He is the tyrannical ruler of a dark realm called Bald Mountain, where he summons demons and damned souls to sacrifice and do his bidding.

Chernabog also appears as a recurring antagonist in the *Kingdom Hearts* series, a recurring antagonist in *House of Mouse* and *Mickey's House of Villains*, the main antagonist of the *Kingdom Keepers* series, a major antagonist in the *Mickey Mouse* series, and the main antagonist of the upcoming live action film *Night on Bald Mountain* .

In *House of Mouse*, he was voiced by Corey Burton, who also voiced the Hatbox Ghost and Captain Hook.

Chernabog is seen rising from the top of Bald Mountain, where he opens his wings, extends his arms, and summons spirits from the lands below, including the ghosts of soldiers, criminals, and those not buried on sacred ground. Using the souls, Chernabog awakens Bald Mountain, summoning fire and demons from its maw.

He proceeds to amuse himself by forcing the demonic figures to dance for him. He creates beautiful dancers out of fire, then wickedly transforms them into vile barnyard animals. Chernabog proceeds to summon Harpies to grab other demons and toss them into the hellish inferno of Bald Mountain, and joins in himself by bringing forth life, then proceeding to kill it again by tossing it into Hell. The madness accumulates into a massive infernal flash.

As Chernabog prepares to continue his wickedness, he is suddenly interrupted by the sound of church bells and the light of dawn. Though he attempts to resist it, the bell tolling and morning light become too much goodness for him to withstand, causing the ghosts and demons to retreat. Disgusted, Chernabog folds his wings back over his body to protect himself from the sunlight, hiding in Bald Mountain as the sun rises and a church choir sings "Ave Maria", hailing and praising the Lord God and Mother Mary.

### *Fantasia 2000*

Chernabog reappears in the sequel, but his screen time is less than five seconds as he appears among the visual references to the original film, and does not appear for the remainder of the movie.

Other Media *Kingdom Hearts / Kingdom Hearts Final Mix*

Chernabog is the only Disney villain with no explained reason for fighting Sora or aiding the Heartless in the *Kingdom Hearts* series. It is possible that he is such a dark entity already, he independently chooses to aid the Heartless in plummeting the universe into darkness by his own choice. This immense darkness could also be the reason that he is the only non-Heartless fought in the End of the World realm, because there is no point to turn him into a Heartless. It is also entirely possible that he is unaware of the Heartless and their goal, and simply fights because his dark and evil nature makes him want to wipe out sources of good and light, such as Sora, who just happens to cross his path. Considering his location, however, it is possible that he is simply a gatekeeper used by Ansem to bar Sora from the innermost reaches of the End of the World.

In the original Japanese version, the music played when he is fought is "Squirming Evil", the piece used when fighting most Disney Villains. However, in the international and Final Mix versions, an arranged version of the music from the original *Fantasia* short "Night on Bald Mountain" by Modest Mussorgski, is used as the battle music in *Kingdom Hearts* .

*Kingdom Hearts: Dream Drop Distance*

Chernabog later appeared in the world known as Symphony of Sorcery and attacked Riku. After Riku confronts a mysterious man in a black cloak, and talks with him for a brief while, he summons Chernabog from the volcano behind him to fight Riku. Despite this, Chernabog ended up getting defeated by Riku.

*House of Mouse*

Chernabog appears as a regular guest at the House of Mouse, usually serving as a brutish, but inactive enforcer who occasionally joins in with jokes and gossip around the club.

*Mickey's House of Villains*

Chernabog also made an appearance in the movie *Mickey's House of Villains* . He was one of the many Disney villain who took over Mickey's House of Mouse. But for some reason, he was working for Jafar to help him take over Mickey's House.

After the villains take over the House, Chernabog is spotted on several occasions sitting with Maleficent. After Mickey defeats Jafar, Chernabog then flees out of the House with the all of the other villains.

### *Once Upon a Time*

Chernabog appeared in the fourth season of *Once Upon a Time* . He was released from the Sorcerer's Hat and terrorized Regina and Emma until they destroyed him by tricking him into leaving the city limits, where there is no magic.

### *Mickey Mouse*

Chernabog appeared in the new *Mickey Mouse* shorts where he teams up with Pete and the Beagle Boys against Mickey and his team in a football match. They beat Mickey and his friends severely until Mickey finds a way to outsmart them. Chernabog also appears in the episode "The Scariest Story Ever: A Mickey Mouse Halloween Spooktacular".

### *Night on Bald Mountain* (upcoming film)

Disney will release a full-length live action film based on the "Night on Bald Mountain" segment of *Fantasia* . The film is currently in production and has no confirmed release date as of yet, but will most likely feature Chernabog as the main antagonist.

### *Kingdom Keepers*

Chernabog served as the main antagonist in the original *Kingdom Keepers* series where he led the villains against the protagonists.

### Disney Parks

Chernabog is a rare character at Disney Parks, appearing mainly in shows as well as on the Disney Villains float in Disneyland Paris'

Once Upon a Dream parade. He appears as a major antagonist in *Fantasmic!*, being one of the villains summoned by Queen Grimhilde to kill Mickey. In *World of Color*, he is joined by Dr. Facilier and the Firebird in bringing out the Colors of Fear. In the defunct interactive game Sorcerers of the Magic Kingdom at Walt Disney World, Chernabog appears as Hades' right hand and one of the final mission bosses before his defeat by Merlin. He also makes appearances in *SpectroMagic* and *Starlight Dreams* . In the defunct Hong Kong Disneyland horror attraction The Nightmare Experiment, Chernabog appears as one of the many villains that Professor J.T. Wu is observing from the Royal Laboratory.

Evil Saix: Defeated by the likes of you two? I think this is something Xehanort doesn't need to know about.

How humiliating for him. Being defeated by rabbits.

Horsea squirted ink into his eyes and it blinded him!

Evil Saix left through a Dark Corridor.

Yang: Well, that takes care of him. Now, let's yse that spell to get back home.

They then noticed Horsea, who saw the whole thing.

Yin: Hi there. Horsea, right? Think you can keep this a secret until the time is right?

Horsea: You bet!

Me: Now for the grand finale! HOLY LIGHT OF GOD MEGABLAST!

I fired a massive blast of energy and light and it slammed into Chernabog and obliterated him in an instant and he was dead and super hakaied.

Chernabog was destroyed!

Loki: Well, that's the end of probably one of the most evil Disney villains ever.

Rhomboid: Not to mention that he was just as evil as Trigon.

Whiteout: But listening to those other songs was cool as well.

King Hiss: We should really celebrate this occasion.

Nico: We will. But first, we're gonna pay Xehanort a visit and try to end this one and for all. Before that though, I need to get something.

Waffle Woman: Would that be?

Nico: A plastic bag.

Me: Lets do it.

Eli: Here Nico.

Eli gave him a bag.

Nico: Thanks Eli.

We went to Xehanort's castle and we confronted him!

Me: Xehanort we came to have an audience with you!

Xehanort: The Famous Team Loud Phoenix Storm. Nice to see you again after all these years.

Me: And soon it will be the last time. We were busy cleaning up your evil mess after we killed you the first time and we inadvertently scattered your evil escence all over the very big parts of the universe.

Xehanort: So I have seen.

King Mickey: Master Xehanort! We were right about you!

Me: You were behind everything from the First Keyblade War up to the events ongoing!

Xehanort: All of this was decided. My 12 selves would welcome me here on this day when I would return a complete person. It is the future which lies beyond my sight.

Me: Your future is death!

Nico: That's right!

King Mickey: Why are you doing this!?

*Xehanort:* In ancient times, people believed that light was a gift from an unseen land by the name of Kingdom Hearts. But Kingdom Hearts was safeguarded by its counterpart, the χ-blade. Warriors vied for that precious light, thus beginning the "Keyblade War." The violent clash shattered the χ-blade into twenty pieces-seven of light, and thirteen of darkness. And the only real Kingdom Hearts was swallowed by the darkness, never to surface again. I once tried to create my own pure light and darkness to forge the χ-blade, but the attempt ended in failure. In my eagerness, I had lost sight of the correct way to achieve my goal. I acted rashly. I can admit that now.

Me: So all the events leading up to this was just so you can get your hands on the all powerful χ-blade!

King Mickey: What you did back then- your mistakes, changed the destinies of all of us and all my friends!

Xehanort: Ah but destiny is never left to chance. I merely guided them to their proper places. The broken boy who failed to be the blade, the misguided master who sacrificed herself for a friend and the feckless youth who became my new vessel.

Me: You're talking about Ventus, Aqua and Terra!

King Mickey: Back then I couldn't find a way to save them. But I wanted to believe that their sacrifice stopped you for good.

Me: But all it did was just delay the inevitable. Your return was coming!

King Mickey: Why? How was I so blind? I should have seen it, as soon as Maleficent started gathering the Seven Princesses of Heart.

Xehanort: Yes. They were all my doing. I used the evil fairy to find seven pure lights for me, just as I prepared 13 vessels to fill with pure darkness.

Me: But you failed twiced!

Riku: That's right! Sora and Team Loud Phoenix Storm stopped you in your tracks on both counts.

Xehanort: Yes you all did. Sora, that dull ordinary boy- a Keyblade Wielder so unlike any I have ever seen. However I have not abandoned my ambitions- The Seven Guardians of Light and the Thirteen Seekers of Darkness. (Chuckles)

Me: Seven Guardians of Light?

Nico: Thirteen Seekers of Darkness?

King Mickey: Well for Keyblade Wielders, there's me and Riku and Sora. And my three missing friends, that's six.

Me: It must be either Terra, Ventus and Aqua or Donald, Goofy and someone else.

King Mickey: Yeah. Then the seventh would be… (Gasp) That means… The 13 Seekers of Darkness are…

Me: The True Organization XIII!

Xehanort: Yes. Very perceptive. But Sora and another on your list belong to me now.

Me: We'll see about that.

Xehanort: But worry not. All of the pieces are destined to appear.

Me: And we won't let you have them.

Xehanort: Your seven lights just like my thirteen darknesses, whose final clash will beget the prize I seek…

Me, King Mickey and Xehanort: The χ-Blade!

Me: What do you plan to do with it!?

Xehanort: I plan… A purge… The World will be returned whence it started. The World began in darkness. And from that darkness came light. From the light came the people, and the people had hearts. Evil burgeoned in those hearts, begetting more darkness. And that darkness spread across the World like a plague. The light, the symbol of the World's hope, was devoured by shadow. Leaving nothing but ruin… An utter failure. But, the first light-the light of Kingdom Hearts-it can give us a new start. An empty World, pure and bright…

Me: So that's it! Just like I knew all along! You're going to destroy the entire universe and remake it in your own image!

Nico: You're out of your fucking mind! Everyone will die!

Eli: You will never get away with this!

Nico: I want you to understand something, Xehanort. Although my distaste for you is brobdingnagian, what I'm about to do isn't personal.

Xehanort: What are you babbling about? And why are you talking like your friend the Question?

Nico: We haven't even met the Question yet. But anyway, everything that exists has a specific nature. Each entity exists as something in particular and has characteristics that are part of what it is. A is A, and no matter what reality he calls home, Lincoln Loud will always be Lincoln Loud. Same with J.D. Knudson. If I'm to save the world from becoming like how the Royal Defenders' Earth used to be, your existence must come to an end before the fateful day at the Keyblade Graveyard.

Xehanort: [unafraid] You're going to kill me so that Knudson can't.

Nico: Everyone knows of my dark past. Team Loud Phoenix Storm's reputation will survive my actions, and J.D.'s legacy will remain intact.

Xehanort: Good point. But sadly, killing me isn't an option for you right now.

Nico took out a plastic bag and put it over Xehanort's head, intending to make him suffocate inside it.

Me: Do it Nico!

Eli: Kill that monster!

Evil Xaldin went at him and I fired a blast of energy into his face and killed him and blew apart Evil Axel, Evil Zexion, Evil Vexen, Evil Lexaeus and Evil Roxas too!

Eli fired a blast of Force Lightning ane Electrocuted Xehanort all over the place.

I fired energy blasts and obliterated the Evil fake members of Organization XIII and destroyed them!

Xehanort then got away.

Me: Nuts! But remember this Xehanort, we're coming for you and you will pay for your crimes!

I grabbed Nico and we went back home.

Nico: I'm really sorry, guys. I tried.

Me: You did your best buddy and we got some good shots on him and killed Evil Xaldin, Axel, Lexaeus, Demyx, Vexen, Zexion and Roxas too. Now we have the main course to deal with and that is to destroy the TRUE Organization XIII. This is gonna be the biggest battle ever.

Eli: You did good.

Nico: Thanks guys.

Me: (To the viewers) Now you know what Xehanort's true objective is. The entire universe is now in terrible danger and we have to stop him no matter what. We're gonna be in for one helluva battle. Get ready everyone for in 9 days, we go into war!

THE STAGE HAS BEEN SET! THE 2ND KEYBLADE WAR AT THE KEYBLADE GRAVEYARD WILL BE THE ULTIMATE BATTLE THAT WILL DECIDE THE FATE OF THE UNIVERSE!

# WAR OF THE HEART PART 5

HERCULES - 1997 PART 3

In New York City, New York, me and Valentina were flying over the city.

Me: New York sure is as busy as ever.

Valentina: (Spanish Accent) It sure is.

Me: Yeah.

Valentina: J.D., we really need to come up with a plan to find the Phantom Stranger.

Valentina concentrated and groaned as her skin turned green.

Me: I'm thinking of one Valentina. But he moves so darn fast that it's incredible.

She turned into TANGROWTH!

Valentina Tangrowth: Finding him is gonna be tough though.

Me: I know.

We then saw THE RHEDOSAURUS!

The **Rhedosaurus** is the main antagonist of the 1953 black-and-white science fiction monster film *The Beast from 20,000 Fathoms* .

It's a 100 million-year-old, 200-foot long, 500-ton giant man-eating monster and one of the last surviving members of its species, awakened during hibernation by a nuclear test in the Arctic. It made its way down the North American coast, destroying everything in its path and ending up in New York, its original home. Attempts to kill it were complicated by an ancient disease it carried; spilling its blood freed the virus, which was almost as deadly as the reptile itself.

It served as one of the main inspirations for Godzilla alongside King Kong (who also influenced the Rhedosaurus) and is one of the most iconic movie monsters of all time along with them.

The Rhedosaurus is the scientific name given to a carnivorous dinosaur that was frozen in ice in the Arctic during the Ice Age, where it had been held in suspended animation for millions of years. The last surviving member of its species, it was only released from its hibernated state when it was thawed by an atomic bomb test in the Arctic Circle. Making its way alongside the East Coast of North America towards its original home, where New York City is located, the Rhedosaurus destroys everything that stands in its path.

It sinks a fishing ketch off the Grand Banks, destroys another near Marquette, Canada, wrecks a lighthouse in Maine, and destroys buildings in Massachusetts. Its enemies, the soldiers who attempted to kill it were complicated, because of the ancient disease it carried; spilling its blood that can make people sick and die with an ill feeling while the plague from its blood has freed, which was almost as deadly as a dangerous venomous creature itself. It bleeds all over the streets of New York, unleashing a horrible, virulent prehistoric contagion, which begins to infect the populace, causing even more fatalities. The infection precludes blowing it up or even setting it ablaze, lest the contagion spread further. It is then decided to shoot a radioactive isotope into the Rhedosaurus' neck wound with hopes of burning it from the inside, killing it without releasing the contagion.

When it comes ashore and reaches Coney Island's amusement park, the military sharpshooter by the name of Corporal Stone takes a rifle grenade loaded with a potent radioactive isotope and climbs on board a roller coaster. Riding the roller coaster to the top of the tracks to get eye-level with the beast, he fires the isotope into its open neck wound. The beast thrashes about in pain, causing the roller coaster to spark when it collapses to the ground, setting the amusement park completely ablaze. Letting out one last roar, the Rhedosaurus perishes from the poisoning and heat.

Me: Whoa it's the Rhedosaurus from the 1953 movie The Beast From 20,000 Fathoms. That's another one of my favorite movies from my dads past.

Valentina Tangrowth: Wow! How many movies do you know?

Me: Tons.

We then saw a Centaur attacking it and she had a powerful scythe wielded as she was attacking it.

Me: Whoa! That girl is a Nightmare from Germanic and Slavic folklore..

Valentina Tangrowth: Are you sure? She looks more like a Centaur.

Me: That was my first thought too. But she is a Nightmare and the scythe shows that she is.

Valentina Tangrowth: Wow.

Then we saw a Solgaleo appear.

Me: Whoa a Solgaleo.

Valentina Tangrowth: She might be a Pokemon Gene-Slammer.

Me: Lets go help them. I got this.

I flew over to the Rhedosaurus and I looked into its eyes and I put my hand on its face and tamed it.

Valentina Tangrowth: Wow.

Niora: That was amazing. Hey you're J.D. Knudson, leader of Team Loud Phoenix Storm. It's such an honor to meet you. I'm Niora.

Solgaleo: (Russian Accent) It's an honor to meet you comrade Knudson. I'm Ekaterina Vinogradov.

Me: Pleasure to meet you both.

Niora: How were you able to tame this creature?

Me: I have a lot of unique qualities that make me special. Not one to brag. Also Ekaterina, I can give you the power to change into your Solgaleo form and you can have access to all of its powers.

Ekaterina: I would like that.

Me: Awesome. (Puts on Blind Man Glasses) Here we go. (Snaps fingers.

Ekaterina was in pain and she reverted back and she that orange, yellow and blue hair and she was naked and Valentina reverted back and she was naked too.

Valentina was human again. But naked.

Valentina: (covers herself) Are you okay, Ekaterina?

Ekaterina: (Covers herself) I'm alright comrade Valentina but thank you for your concern.

I gave them both clothes.

Valentina: Thanks J.D.

Niora: That was really cool how you were able to tame this creature like that.

Me: Thanks Niora. The Rhedosaurus is just lost and confused about its surroundings and he was frozen in ice for a long time.

Niora: That is a long time for it.

Valentina: It sure is.

Ekaterina: No kidding.

Me: Lets head home.

We went back to the World Tree Estate.

---

Back at the World Tree Estate, Everyone was watching TV and reading books and then we came in.

Niora: Wow so this is where you all live.

Me: Yep. Home sweet home.

Miia: Niora!

Niora: Miia!

They hugged and it was great.

Miia: It's so awesome having you with us.

Niora: It sure is.

Nico got up and went to his room and Squidward and William saw him.

Squidward: Going somewhere, Nico?

Nico: Squidward! William! I was just…

William: Dude, we know you've been sneaking out to another world lately. We overheard you guys.

Squidward: But we won't tell anyone. I know what it's like to have a place to get away from everyday routines for a while.

Nico: Thanks guys.

Squidward: You're welcome.

Nico went through a portal and left.

---

## TRANSFORMERS RID WORLD

---

Nico arrived in the world of Transformers RID. He saw the Bee

Team.

Nico: (to the Bee ream) Hey, guys. Where are you all heading?

RID Bubblebee: We're heading to Russel's football game to cheer him on.

Nico: Awesome! May I come with you guys?

Strongarm: You sure can and it will be awesome for him to have some extra support.

Nico: Cool.

They went to Russel's game and saw him playing really well. He won his gave 14 to 13.

Nico: (to Russel) Nice game out there, Russel!

Russel: Thanks Nico. Glad you all could come here and support me.

RID Bumblebee: Glad you had fun though.

Nico: You did really great out there.

Russel: Thanks.

Aligned Sideswipe: So how are things against Xehanort?

Nico: Well, I tried to take him out early.

Aligned Grimlock: Did you do it?

Nico: Sadly, no. But it was a good try though! Downside is now, J.D.'s gonna be spending the majority of the next few days pissed at Xehanort.

Russel: Boy this Xehanort guy sounds like a dangerous monster.

Nico: You have no idea. He's gonna destroy the entire universe and remake it in his own image and we're going to stop him from doing that. But I'm just worried that J.D. might carry things too far and do something he will regret.

Strongarm: You have every right to be worried about him Nico. But J.D. will keep his cool. He has helped you all so much.

Nico: I guess you're right.

RID Bumblebee: What else is going on?

Nico: (to the Bee Team) Also, I recently got exposed to cocaine.

Aligned Sideswipe: Isn't that illegal?

Nico: It is. Which is why I recommend that you only use it as a last resort if you ever come across it.

RID Bumblebee: Noted.

Nico: Listen, if you guys had someone causing nightmares for all, how would you catch the culprit in the act?

RID Optimus Prime: I think I have the solution to that. We can install special dream sensors to monitor for foreign entities that are messing with the minds of the afflicted individuals dreams.

Nico: That is genius Optimus. I have to get back and tell everyone about your idea.

Aligned Grimlock: Hey, Nico. When you see Xemnas, give him a nice good punching for me!

Nico: With pleasure Grimlock. I will. See you guys later.

Nico left through a portal.

Back in our world, me and William were talking.

William: (to me) J.D., you realize that you and the Loud Kids getting pissed at most villains not in the Masters of Evil is why Nico has been sneaking out into this other Earth, right?

Me: I know William and Nico is just doing this for some help and advice. But I'm not pissed at all about Xehanort. For years I have known what he was planning to do and I knew his plans were going to destroy the entire universe.

Nico came back through the portal.

Me: Hey Nico.

Nico: Hey dude. I just got a good idea from Optimus about how to find the Phantom Stranger.

Nico whispered it to me in my ear and it was genius.

Me: That's brilliant Nico. I'll give this idea to Lisa right away. But we need to have a meeting in the Briefing Room. And Nico, I know you're worried that me and the Loud Kids are pissed about Xehanort and what he is about to do. But actually we aren't. And no this is not a trick. Also we've actually known all the time about what Xehanort was gonna do.

Nico: Oh so you are prepared for it.

Me: Yes. Lets head to the briefing room.

I wrote down Nico's idea from RID Optimus Prime on a notepad. Later we had everyone in the briefing room.

Me: Thank you all for coming. Now I'm sure you are probably wondering why this meeting was called. Well I'm afraid that we are on the path of war yet again. We're gonna soon be going into battle yet again with the evil Xehanort. Yesterday we found out what Xehanort's plan is and it's not good even though we have known about it for years.

Vypra: What does he plan to do?

Me: He's going to use the all-powerful χ-Blade to destroy the entire universe and remake it in his own image. He calls it a purge.

Everyone gasped.

Dark Spicer: That's terrible!

Vanitas: We have to stop him at all costs.

Nico: And we are going to.

Lord Drakkon: When is the battle with Xehanort?

Me: We are projecting August 2nd, 2021.

Nico: That's 9 days away.

Me: Yeah and have to get all the help we can get if we are to take him down for good. Xehanort is the true mastermind behind everything that has been happening ever since the 1st Keyblade War broke out. Everything he did is all apart of his plans to destroy the entire universe. All the events he did were set into motion because of him.

Vypra: What is this χ-blade that he's going to use?

Me: It's a weapon that is really the original Keyblade and it's power is of ultimate omnipotence. He's going to use its power to destroy the entire universe and remake it in his own image and we can't let that happen. Vypra, we're going to need all the help we can get if we're going to take down Xehanort and his 13 Seekers of Darkness for good. He's also going after the Seven Guardians of Light.

Vypra: Who are they?

Me: Well I did some research and found out who they are and they are Sora, Mickey, Riku, Kairi, Aqua, Terra and Venus.

Vypra: Whoa! We have to make sure that they don't fall into Xehanort's hands.

Me: And we won't let that happen. We have 9 days to prepare for the biggest battle that the universe is gonna witness. Conserve your power and energy till then. We'll need all the power we can muster for when we face Xehanort.

Nico: Right.

Me: This meeting is adjourned.

BANGS GAVAL

Later we were on the planet Mobius.

Drill Man: So, Sonic. Can you explain these friends of yours we're gonna meet?

Sonic: Well they are called Team Chaotix and you guys will love them. We're gonna meet Vector the Crocodile, Espio the Chameleon and Charmy Bee who run the Chaotix Detective Agency.

Me: Wow! That's cool!

Shadow: It will be good to see them again especially after how Robotnik killed me.

Me: Yeah that was terrible.

Eli: It will be awesome to see them again too.

Nunnally: Yeah it sure will.

We then came to a grove and we saw Vector the Crocodile, Espio the Chameleon and Charmy Bee.

Lana: Are you guys Team Chaotix?

Vector: We sure are.

Espio: Wow! Team Loud Phoenix Storm!

Charmy Bee: Wow! It's such an honor.

Vector gasped.

Vector: Shadow!? You're alive!

They hugged him.

Shadow: It's great to see you guys again.

Charmy Bee: But how!? You were killed by Dr. Robuttnik!

Me: You have me to thank for that. I resurrected him.

Vector: Whoa!

Charmy Bee: That's amazing.

Demolishor: A lot of things have changed the last few years. New heroes, new villains. Even new places to discover.

Me: Many new places.

Vector: Wow! That is so cool!

Charmy Bee: Wow! That is amazing!

Nico: It sure is.

Me: We came here to ask for your help in a massive battle with Xehanort coming up.

Vector: You want us to join the team? And to help out against Xehanort?

Windcharger: We could use guys like you. (to Espio) You especially have a fighting style similar to a ninja's.

Espio: We would be honored.

Me: Awesome!

Charmy Bee: It will be awesome to help you guys!

Vector: When is this big battle of yours with Xehanort?

Me: We're projecting August 2nd.

Vector: A little over a week.

Me: Yeah.

Vector: We'll gladly join you all.

Me: Great!

We had a great chat.

* * *

Later we were watching TV and then we heard loud crying and we saw Lynn coming down with Natilee and Lynn was a mess. She was crying hard and had cold sweat all over her.

Me: Uh oh. Lynn are you all right?

Sandman: Let me guess. A nightmare about the Bad Luck Travesty?

Lynn: (crying) How did you know?

Duncan: Me and Scorpion took guesses.

Natilee: Your guesses are right but it's worse.

Natilee showed us her sketchpad and what we saw was shocking. It was the Bad Luck Karma Fiasco but it was just like what happened during the events that led up to Lynn being thrown in the nuthouse in The Disgraced Athlete. But after that she escaped and got revenge on her family by slaughtering them all including Lincoln and then the police came and shot her in the head and killed her and then no one came to Lynn's funeral Lynn was sent to hell and she was burning in the fires of Hell for her crimes and being a heretic and believing the so-called Softball Gods and she was banished to the Fire Tombs of Heresy where she was burning in Eternal Fire.

We gasped in shock and horror!

Nico: WHOA MAN!

Eli: Lynn that's awful!

Lynn: (CRYING HARD AND WAILING HARD)

Lightning comforted her and so did Margo, Paula, Maya and her boy self.

Lightning: Oh Lynn that was awful.

Me: Oh Lynn. That has to be the worst nightmare of them all. Poor girl.

Varie: Yeah.

Skarr: J.D., you know it's your turn to lead today, right?

Me: I know Skarr. And the timing couldn't be any better. The next part of the adventure is Olympus.

Nico: Awesome! Looks like we're finally going to take down Hades.

Eli: AWESOME! I can't wait to blow his hair out again.

Varie: That is always funny.

Scorpion, Dark Laser, Copperhead, Mortal Kombat Scorpion, Mr. Mittens, Waffle Woman, Vreedle Brothers, Whiteout, Loki, and King Hiss Then appeared.

Scorpion: Can me, Dark Laser, Copperhead, Mortal Kombat Scorpion, Mr. Mittens, Waffle Woman, Vreedle Brothers, Whiteout, Loki, and King Hiss go with you guys today? (to Duncan) I just hope we guessed right.

Duncan: We sure did but it was worse than you think Mack.

Natilee: Check it out.

She showed them the dream on her sketchpad and they gasped in shock!

Waffle Woman: Whoa man! That's awful!

Octagon: That's worse than what happened when we all took down Lynn's Evil self.

Me: Yeah it sure was. Also to answer your question yes you can come with.

Octagon: Good.

Lynn: (Sniffles) I'll be okay guys. I'll be okay.

Me: Are you sure Lynn?

Lynn: Yeah. (Sniffles) Thanks guys. I also got this too.

She held out her hand and in a swirl of lava, crystals and sports balls an awesome keyblade appeared.

Me: WHOA!

Rainbow Dash: That Keyblade is awesome!

Nico: It sure is. Wow! Volcanic Sports Master.

Eli: Good name.

Me: Lets head out everyone.

We went to the Simulator for Part 5 of our adventure.

---

We were getting ready for the Simulator and we went in and it activated and we found ourselves in the world of Hercules from 1997 and it was awesome. We were in the City of Thebes this time.

St. Patricia: Good ol Olympus Colosseum. This place hasn't aged a day.

Me: This is actually Mount Olympus. We're in the city of Thebes. The worlds have grown a lot since we were here the last time.

Nico: Wow you are not kidding.

Laney: It sure is cool being here again. I hope there aren't gonna fights in tournaments this time.

Me: I don't think so.

Little did we know that we were being watched by the funny and comedic God of the Dead himself, HADES!

HADES WAS REALLY PISSED OFF!

{Hades practices shooting at targets}

Hades: Pull!

Pain and Panic threw a vase and Hades fired a fireball at it and destroyed it.

Megara: Nice shooting, Rex.

Hades: I can't believe this guy. I throw everything I've got at him. And it doesn't even- (sees Pain wearing Hercules -trademark- sandals) What are those?

Pain: Um.. I don't know. I thought they looked kinda dashing.

Hades: I've got 24 hours to get rid of this bozo, or the entire scheme I've been setting up for 18 years goes up in smoke and you (Fire Flares up Intensely) are wearing HIS! MERCHANDISE!

[Panic interrupts them by slurping some cola from a Hercules -trademark- plastic cup]

Panic: Thirsty?

[Hades yells, causing an explosion and a small earthquake]

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMM

We felt that.

Me: WHOA! I know who is mad at something.

Eli: Yep that was Hades.

Pain and Panic were blown into the wall and covered in soot.

Megara: Looks like your game's over. Wonderboy is hitting every curve you throw at him.

Hades: Oh yeah.. I wonder if maybe I haven't been throwing the right curves at him. Meg, my sweet.

Megara: Don't even go there.

Hades: See, he's gotta have a weakness, because everybody's got a weakness. I mean for what? Pandora, it was the box thing, for the Trojans, hey, they bet on the wrong horse, okay? We simply need to find out Wonderboy's.

Megara: I've done my part. Get your little imps-

Hades: They couldn't handle him as a baby. I need someone who can… handle him as a man.

Megara: Hey, I've sworn off manhandling.

Hades: Well, you know, that's good because that's what got you into the jam in the first place, isn't it? You sold your soul to me to save your boyfriend's life. And how does this creep thank you? By running off with some babe. He hurt you real bad, didn't he, Meg? Huh?

Megara: Look, I learned my lesson, okay?

Hades: Which is exactly why I got a feelin' you're gonna leap at my new offer. You give me the key to bringing down wonder breath and I give you the thing that you crave most in the entire cosmos (he whispers at her ear), your freedom.

She dropped the vase after she gasped.

Later in a building we found Hercules.

King Hiss: (to Hercules) Hello, Hercules. Do you remember me?

Hercules: King Hiss! Hey guys!

Me: What's happening Herc!

Hercules: Wow! It's great to see you all again! Last time you all were here you were under a lot of sadness because of what happened with Nico.

Nico: Yeah but we're over that.

Me: Yeah thank goodness. But we saw that everyone in Thebes now practically worships the very ground you're walking on.

Hercules: I know. I'm a hero now.

Me: You sure are. Awesome job.

Hercules: Thanks guys.

Bubble Man: Also, don't freak out. But the Titans are in the Masters of Evil now. Although, only Pyros has offically participated in the usual battles so far.

Hercules: Whoa! That's amazing.

Me: And their archenemies are the Digimon Sovereign themselves. You'll see why in a few.

Hercules: Wow.

Me: But happened after we were here the last time?

Hercules: You wouldn't believe it.

He told us everything that happened. He went and took on all the monsters that Hades sent his way: The Erymanthian Boar, The Harpy, Medusa, The Minotaur, The Gryphon, The Nemean Lion, the Sea Serpent and more. Also he is practically a celebrity in Thebes. Ever since he destroyed the Lernean Hydra with our help he was a hero through it all. They made toys, action figures, shakes, shoes, smoothies and gave him huge endorsements and more and even put a huge statue of him in the middle of the city square.

Me: WHOA! You really got this city worshipping you!

Hercules: I know.

[Door opens and fan girls scream]

Fan girls: It's him!

Phil: Hey, watch it! Watch it! Watch-

Fan girls: I touched his elbow! I got his sweatband!

Hercules: Phil, help!

Phil: Okay, escape plan beta

Hercules: Gotcha.

[Phil blows whistle, fan girls look at him for a moment and Hercules disappears]

Fan girls: Hey! Where is he?

Phil: There he goes! On the verranda!

[Girls run away, Phil too.]

Me: HOLY SHIT!

Naruto: And I thought you had it rough Sasuke.

Sasuke: (Shudders) Don't remind me.

Octagon: (he and Rhomboid point blasters at the fan girls) Alright, girls. Give the hero some privacy!

Rhomboid: Yeah! How's he supposed to go about his day with you all chasing him 24/7?!

Me: (Laughs) You heard them ladies. Just some friends catching up with him.

Eli: That was funny.

The girls left.

Me: Geez! And I thought all the famous celebrities we know have problems. Especially with the Paparazzi.

Nico: No kidding.

Eli: But that was silly and funny.

Master Frown: Guess being a hero has its downsides, huh?

Hercules: You have no idea.

Sasuke: Welcome to my world.

Me: But here's some advice for you. Being a hero is never all fun and games, with great power comes great responsibility. And a true hero must always be there for everyone even at the risk of his or her own life. That's what being a true hero is all about. True heroism comes from your heart.

Hercules: Wow.

Nico: That's very inspirational.

Meg then came in.

Meg: Looks like you guys are doing good.

Hercules: Gee, i-i-it's great to see you. I-I-I missed you.

Megara (dropping on a couch): So, this is what heroes do on their days off.

Hercules: I am no hero…

Megara: Sure you are. Everybody in Greece thinks you're the greatest thing since they put the pocket in pita.

Me: Meg it's good to see you again.

Megara: Looking good Wonderphoenix.

Me: Wonderphoenix. I like that.

Megara: How have you all been since the last time you were with us?

Me: Busy as ever.

Whiteout: You know, Meg. If you have anything you want to tell us, don't be afraid to do so.

Meg: I'll be all right.

Me: Well okay. (Winks at Nico)

Nico winked back.

Me: I'm glad we came here because in the next 9 days we need your help. We're going into battle against the evil Xehanort.

Hercules: I remember you guys told me about him.

I told him what he was about to do and they wer shocked.

Meg: What!? Xehanort is gonna do that!?

Me: Yeah. He's going to destroy the entire universe and remake it in his own image and we have to stop him at all costs.

Eli: Yeah it's terrible.

Hercules: But what about the World Order?

Maria: Hercules, the World Order doesn't matter anymore. We need all the help we can get.

Me: What matters is that we stop Xehanort from destroying the entire universe at all costs and if we don't kill Xehanort there won't be a universe to save anymore.

Commando Man: Besides, we've been meddling in other worlds since 2017.

Me: Actually since 2016. It's a long story.

Commando Man: Right sorry.

Me: No worries. But yeah. Also when the day of battle comes we're gonna call on all of our allies from all over the universe to help us out.

Nico: Good thinking.

Eli: And I can call on our friends in the Gundam Federation too.

Me: We have tons of friends and allies to help us.

Twilight Sparkle: Yep. And it's gonna be an epic battle.

Nico: Yep.

Loki: Anyway, we're gonna heading out to find some Dream Eaters and Heartless to kill. You two wanna tag along?

May: I'll go.

Nico: Count me in.

Loki: Awesome.

Me: Show no mercy guys.

Nico: We won't.

They left and went to searching. Then they came across a CHAR CLAWBSTER AND A CHILL CLAWBSTER!

Brad Morton: Char Clawbster and Chill Clawbster Dream Eaters with a Rock Troll Heartless?! Looks like the Heartless, Nobodies, Unversed, and Dream Eaters decided to team up!

Nico: Lets get them boys!

May: No rest for the wicked!

They fired waves of energy and elements and blew them apart and then they got a massive negative energy power increase!

Master Frown: YEAH!

Loki: That was amazing!

The Char Clawbster and Chill Clawbster fired blasts of fire and ice at them and they dodged them.

Nico: After this lets eat the Dream Eaters. I'm craving seafood.

Loki fired a blast of lightning at the Rock Troll Heartless and destroyed it.

May and Nico fired blasts of fire and ice at the Chill and Char Clawbsters and destroyed them.

Mr. Mittens: Let me sniff out if anyone's here.

Cat: Okay.

Mr. Mittens sniffed for anything out of the ordinary.

They searched more.

May: Anything?

Mr. Mittens: Nothing. Wait.

He smelled something unusual. It was the scent of 2 demons.

Mr. Mitten: I smell two scenes. One is of blood and panic.

Nico: Pain and Panic. Hades must be close.

Family Guy Penelope: I don't know why we don't just convince Meg to reveal the truth.

Nico: J.D. will reveal it when the time comes. It's before for people to hear it from him and for people to see it for themselves.

Family Guy Penelope: That does make sense.

Nico: Yeah anyway we better tell J.D. and everyone that Hades and Pain & Panic are close.

They went back to us and we were having a Seafood dinner.

Waffle Woman: Dream Eaters as seafood? Why haven't their bodies vanished yet?

Tara: (Eating) No idea but they taste delicious.

Me: (Eating) I like the Char Clawbster. Goes good with the hot sauces I make.

Eli: Whew! You aren't kidding. And I love the Char Clawbster with Chief Wiggum's chili he made. He's delicious. (Eating it)

Nico: You're gonna feel that Eli.

Naruto: He sure is.

* * *

Later we were at the training yards training with Hercules.

Itasis: Hercules, I think we should check up on your father.

Hercules: Yeah I agree.

20 minutes earlier we saw Meg and she was in cahoots with HADES!

Hades: Hey, what's the buzz, huh, Meg? What is the weak link in the Wonderboy's chain?

Megara: Get yourself another girl, I'm through.

Hades: I'm sorry. Do you mind runnin' that by me again? I must have had a chunk of brimstone wedged in my ear or something.

Megara: Then read my lips! Forget it!

Hades: Meg, Meg, Meg, my sweet deluded little minion. Aren't we forgetting one teensy-weensy, but ever so crucial little, tiny detail? [he bursts into flame] I OWN YOU!

Me: (Snickers Quietly) (Whispers) That always cracks me up every time he does that.

Nico: (Whispers) It sure does.

[Phil comes in on the ground]

Phil: Oh. I got another horn here..

Hades: (to Meg) You work for me!

Phil: That kid's gonna be doin' laps for a month

Hades: If I say, "sing", you say, "hey, name that tune" If I say, "I want Wonderboy's head on a platter" you say-

Megara: Medium or well done

Phil: Oh! I knew that dame was trouble. This is gonna break the kid's heart.

Me: We got to tell Hercules.

Nico: Right.

Me: Come on.

Megara: I'll work on that.

[Phil runs away and we follow.]

Hades: I'm sorry.. You hear that sound? That's the sound of your freedom fluttering out the window forever

Megara: I don't care. I'm not gonna help you hurt him.

Hades: I can't believe you're getting so worked up about some guy.

Megara: This one is different. He's honest, and-and he's sweet-
Hades: Please!

Megara: He would never do anything to hurt me.

Hades: He's a guy!

Megara: Besides, oh, oneness, you can't beat him. He has no weaknesses, he's gonna-

Hades: I think… he does, Meg. I truly think… he does.

The planets were almost in perfect alingment. We were running out of time.

Present

Me: Hercules!

Hercules: What's up guys?

Me: We got problems. We should have told you this earlier but Meg is working for Hades. Let us explain.

Hercules: Okay.

We told Hercules all about his history.

**Hades** is the main antagonist of Disney's *Hercules* franchise, serving as the main antagonist of Disney's thirty-fifth full-length animated feature film *Hercules* and *Hercules: The Animated Series*, one of the secondary antagonists in *Mickey's House of Villains*, and a recurring antagonist in the *Kingdom Hearts* franchise.

He is the ruler of the Underworld, Pain and Panic's leader and boss, Hercules' uncle and arch-nemesis, and Zeus' brother.

In all of his appearances, he was voiced by James Woods, who also played Falcon in *Stuart Little 2*, himself in *Family Guy*, Lex Luthor in *Justice League Action*, Owlman in *Justice League: Crisis on Two Earths*, Dr. Phillium Benedict in *Recess: School's Out!*, Gloomius Maximus in *Rolie Polie Olie*, Captain Ahab in *The Adventures of Moby Dick*, Ned Trent in *The Specialist*, George Sheffield in *Scarface: The World is Yours*, Martin Walker in *White House Down*, Lester Diamond in *Casino*, Byron De La Beckwith in *Ghosts of Mississippi*, and Maximilian "Max" Bercovicz in *Once Upon a Time in America* . His singing voice was provided by Rob Paulsen in the song "It's Our House Now!" in *Mickey's House of Villains* . In the musical, he was portrayed by Roger Bart, who also provided the singing voice of Hercules in the 1997 original film.

Past

In the past, Zeus entrusted his brother with authority over the Underworld, where all mortal souls go to after death. However, Hades had become fed up with having to reside in such a lowly and dreary place while Zeus the other gods enjoy their residence on Olympus, so he hatched a plan to overthrow his brother and take control of the cosmos with the help of the destructive Titans, who Zeus himself imprisoned eons ago.

## Part 1

Hades is first seen in the movie appearing on Olympus to attend the celebration of Hercules' birth, joking about the sentimental moment between baby Hercules and Zeus, comparing it ti having a "hunk of moussaka caught in his throat". He pauses with a grin, waiting for the Gods to laugh, but only gets a response of scowling looks (since they are unhappy to see him). Zeus on the other hand greets his brother with a smile and asks how things are in the Underworld. Removing Zeus' hand from his shoulder in contempt and disgust, Hades replies that everything is as dark and gloomy as they always have been. Upon noticing Hercules, Hades pushes an oblivious Zeus out of his way and observes his newborn nephew. Creating a spiked skull-shaped pacifier out of black mist, Hades tries his very first attempt to hurt Hercules by trying to stick his pacifier in his mouth. Hades almost succeeds, but Hercules grabs his finger and squeezes it tight, causing Hades much pain. Pulling his finger away in pain, he observes how bent it had become, realizing how incredibly strong the infant is at such a young age. Wrapping his arm around his brother, Zeus tells Hades to lighten up and enjoy the festivities. Slipping away, Hades points out that he would love to, but he has to continue his duties of maintaining the Underworld (which Zeus himself stuck his brother with). Zeus tells Hades he should slow down or he will "work himself to death", but then realizes he made a joke since Hades is the Lord of the Dead, making himself and the other Gods laugh. When Zeus falls into his throne and says he kills himself, a humiliated Hades fake laughs and quietly but also angrily says to himself, "If only… If only".

Returning to the Underworld, Hades his escorted by Charon across the River Styx. Along the way, a couple of souls try to climb unto the boat, but Hades ruthlessly blasts them off. He then greets his guardian and pet, Cerberus with a giant steak, which the heads fight over. He then finally reaches his palace, he demands the presence of his minions, who present themselves in a humiliating fashion. He then orders them to let them know when the Fates, but when they tell him that they are already here, Hades is enraged that they did not inform him ahead of time. They apologize pathetically to avoid punishment, but Hades calms himself and go to address the fates (but promises to punish his minions afterwards). He then meets the

Fates, who had just cut the life-string of an unfortunate mortal woman. He apologizes for being late, but is informed that they knew he would be as they know everything. So Hades tells them about the party he was at and that Zeus now has a child, but they brag that they knew all that as well, which angers him momentarily. He then gets to the point by asking them if Hercules will become a problem in his plan to overthrow Olympus, and after a little convincing (complimenting their hair and handing them back their eyeball), they agree to.

The Fates prophesize that within 18 years, the planetary alignment will reveal the portal to Tartarus, where the Titans are imprisoned. This will allow Hades to release the Titans who will help him dethrone Zeus and take control of the cosmos. Hades is ecstatic that his plan will ultimately come to fruition, until he is warned that if Hercules does fight that day, Hades' plot will inevitably fail. As the fates take their leave, Hades becomes infuriated at the thought of his own nephew thwarting his plans, but calms himself down and brings Pain and Panic to a hidden chamber. There he asks them if they know how it is possible to kill a god. Pain doesn't have a clue, but Panic answers that gods are immortal and are impossible to kill. Hades confirms this and then shows them a potion that can negate the immortality of any god, effectively making them mortal. He grants them the potion along with a mission: kidnap the infant Hercules from Olympus, force him to drink the entire mortality potion to completely remove his godhood, and then finally end his life; thus removing any chance of Hades' plan being foiled.

The gruesome two manage to complete the first objective of kidnapping Hercules and bringing him to Earth, but could not fully complete the second due them being interrupted by a farmer couple Amphitryon and Alcmene, forcing them to hide before Hercules could drink the last drop, and then ultimately fail the final task of killing him since he retained his divine strength by not drinking said drop. Fearful that Hades will punish them greatly for failing their mission, they choose to lie to their master that they succeeded in murdering the child. This pleased Hades and he continued his plan to conquer Olympus by recruiting several monsters into his cause.

Part 2

The next time, Hades is seen in the film is in a dark forest when he meets up with Megara, a spunky mortal woman who sold her soul to Hades in exchange for saving the life of her boyfriend, only for him to ungratefully dump her for another girl, leaving her heartbroken and enslaved by the Lord of the Dead. He expresses his disappointment for not being able to recruit the centaur Nessus and punishes her by increasing her sentence rather than decrease it. Megara then explains that it was the fault of a young hero named Hercules, who had defeated Nessus and saved her. Shocked to hear the name of the one who will defeat eventually defeat him, Hades turned to Pain and Panic, who he realized had lied to him eighteen years ago. With fiery rage, he strangled his minions for their dishonesty and then burned down the surrounding forest to ashes. Then his minions try to comfort him by saying that they at least succeeded in making him mortal. Pondering this, he hatches a new plan to rid himself of Hercules with the help of his henchmen and henchwoman.

First, Megara finds Hercules in Thebes and leads him to two kids trapped under a rock, who are actually Pain and Panic in disguise. This was part of Hades' plan to lure Hercules to the lair of the Hydra, who Hercules battles as Hades watches. When Hercules decapitates the Hydra, Hades remains calm because he knows that the Hydra can grow more heads whenever one is cut off. Hades then watches with glee as the beast nearly hands the finishing blow, but Hercules causes a rockslide that buries himself and the Hydra. With both combatants believed dead, Hades lights a cigar, reveling in his victory. But when Hercules reveals himself alive, Hades fumes with anger, burning up the cigar and his minions as well.

Desperate to kill Hercules, Hades sends monster after monster to destroy him, only to be thwarted each and every time and only succeed in bolstering his popularity. Running out of ideas, Hades sent Megara to find out if Hercules had any weaknesses, offering her chance of freedom if she succeeds. He soon discovered that Megara is actually in love with Hercules, thus she is his greatest weakness. Taking the opportunity, Hades personally confronts Hercules by holding Megara hostage, convincing him to give up his super strength in exchange for her being set free and not getting hurt. Hercules agrees and with a single handshake, he loses his super strength. Delighted that he finally bested Hercules, Hades releases Meg from her servitude as promised and leaves, but not before he demoralizes Hercules by confessing that Meg was working for him until the moment. Finally rising to power, Hades releases the Titans when the planets aligned, and sent them to attack Olympus and take the gods (including Zeus) as prisoners. During the siege, Hades sends in the Cyclops to kill Hercules. However, even without his super strength, Hercules defeated the Cyclops, who ends up falling over to his death. The impact caused a pillar to fall on Hercules, but Megara pushes him out of the way and ends up being fatally injured, breaking Hades' deal and giving Hercules his super strength back.

With that in mind, Hercules heads to Olympus and defeated the Titans by throwing them into space where they were destroyed, much to Hades' anger. Retreating back to the Underworld, Hades taunts Hercules that while he may have foiled his plans, Megara has already died succumbing to her injuries and her soul will be joining in the river Styx along with other deceased souls. Without hesitation, Hercules went to the Underworld and offers Hades a deal: he will take Megara's place after he fishes her out from the river. Hades gladly accepts the deal, knowing that he will be delighted to have Hercules trapped in the river forever as revenge against Zeus, since it is impossible to retrieve a soul out in time. However, Hercules' selfless sacrifice allowed him to regain his lost immortality and successfully retrieve Meg's soul from the river, much to Hades' complete distraught. Realizing now that he can't stop Hercules anymore, Hades nervously asks Hercules if they can talk and says that since Zeus is the "fun guy", he asks Hercules to put in a word with him and blow the whole feud off. Then Hades holds Megara's face up to Hercules, mockingly telling her to talk to him. Fed up with his tyrannical uncle, Hercules angrily punches him and sends him flying into the river Styx, where the souls start to attack him. Hades angrily tells the souls to get away from him, but they refuse and continue attacking him. Scared, Panic tells Pain that Hades isn't going to be happy when he gets out, only for Pain to cheer Panic up by saying if he gets out. Getting frightened, Hades says that he doesn't feel good and feels a little flushed as he is eventually dragged along with the souls into the depths of the river.

During the end credits when the thanks to the staff are shown, Hades' voice is heard saying that everyone's got a happy ending but him. Then he asks if anyone's listening and if he's talking to hyperspace. This makes the viewers confused that he is still alive and wants revenge on Hercules for defeating him or he got brought back to life and redeemed by Zeus to join the celebration at the end of the film.

### *Hercules: The Animated Series*

In the TV series, Hades appears as the main antagonist and constantly formulates new plots to dethrone Zeus and take over Mount Olympus, such as tricking the other gods to swim in the river of Lethe to erase their memories, stealing the sun, and turning Zeus into a mortal so that he can feed him to Cerebus. However, as always, Hercules and his friends arrive to foil Hades' plans, much to the latter's distraught. However, this is an error as Hercules have again his teenager's aspect.

Hades has the distinction of being one of the only Disney villains (outside of fanfiction, comics or video games) to meet and team with another Disney villain; Jafar in the episode, "Hercules and the Arabian Night".

### Disney's *House of Mouse*

In the series, Hades serves as a recurring guest, where he is revealed to have a crush on the witch Maleficent, and used his cruelty in a successful attempt to go on out on a date with her. He also serves as a supporting antagonist in *Mickey's House of Villains* where he helps Jafar take over the club from Mickey.

### *Kingdom Hearts*

In the *Kingdom Hearts* series, Hades serves as a main antagonist, though his role is small. He first appeared in *Birth by Sleep*, when he attempts to test Terra during the Games in an attempt to defeat Zeus. He later attempt to battle Aqua after calling her a coward, but ends up losing and forcing himself to retreat, vowing revenge.

During the events of *Kingdom Hearts*, Hades serves as a member of

Maleficent's council, and uses an army of Heartless to attack the Olympus Coliseum, even convincing an uneasy Cloud in defeating Sora, though this ends up all in failure. Following the defeats of Maleficent and her allies, Hades decides to deal with Sora and his friends personally by unleashing two of the Titans. However, this too ends up in failure, forcing Hades to retreat.

In *Kingdom Hearts 2*, Hades attempt to drain Hercules of his immortal strength by tricking Sora into opening an ancient coliseum known as the Underdrome and kidnapping Meg. Though this was successful, Sora manages to defeat Hades, who then throws Meg's soul into the River Styx. However, Hercules dives in to save Meg's soul, thus restoring his power and allowing him to send Hades into the river as punishment, just like in the film.

In *Kingdom Hearts 3*, Hades somehow escapes the River Styx and determined not to fail again, goes back to his original plan of conquering the Cosmos with the Titans. He first appears in front of Sora, Donald and Goofy (after they call out for Hercules but to no avail) and shows some frustration over the praise they have for Hercules and their disbelief that Hades will succeed in his plans this time. But instead of fighting them, Hades tells them of his plans before using the Titans to send them flying. Soon after, he then encounters Pete and Maleficent who are after a "distinctive" black box and ask him of its whereabouts. Despite wanting them to leave him alone, Hades reluctantly tells them that the box they are after may just be the one that Zeus hid on Earth. He later appears in Olympus doing the same thing he did in the film with capturing the gods and Zeus before sending the Titans out to deal with the heroes. After a lengthy battle and some help from a recovered Zeus, the four Titans are defeated with Hercules sending them into space like in the film, leaving an angered Hades no other option but to retreat back to the Underworld, taking a bolt of lightning from Zeus with him.

---

When we were finished Hercules was shocked.

Nico: I know but he's not as bad as you think.

Dark Laser: But in the end, Hades isn't really a bad guy. Compared to the rest of Maleficent's group, he's actually fun to hang with.

Anna Knudson: And he's really funny. He's also my archenemy in the Masters of Evil. Eli also likes to blow out his fire hair.

Hercules: That is amazing. But I feel bad for Meg. We have to help her.

Me: And we will but after we have our usual battles. But we have to hurry. Look up there.

I pointed to a planetary alignment.

Eli: The Planets are aligning as we speak and they will be the key to unleashing the titans.

Me: And with that, Hades is going to launch a hostile takeover of Mount Olympus and usurp Zeus of his throne.

Hercules: Oh man.

Me: Yeah and he is funny and loves to crack us up.

But then a Dark Corridor appeared.

Me: I should have known you would be coming Xigbar!

Evil Xigbar came out.

---

**Xigbar**, the **Freeshooter**, is the second member of Organization XIII and the secondary antagonist of the *Kingdom Hearts* series, acting as one of the secondary antagonists of *Kingdom Hearts II* , *Kingdom Hearts 358/2 Days* and *Kingdom Hearts 3D: Dream Drop Distance*, and a major antagonist in *Kingdom Hearts III* .

Though his history with Sora was short, Xigbar had a much longer history with Master Xehanort and Keyblades in general as he saw Sora to be nothing compared to three Keyblade users he encountered through his original self **Braig** ages ago. *Kingdom*

*Hearts III* reveals that he is the current vessel of Luxu, one of the Master of Masters' apprentices (alongside the Foretellers) from *Kingdom Hearts χ* . He reclaims his Keyblade after Xehanort's defeat and summons his fellow Foretellers.

He is voiced by James Patrick Stuart in English, and Hōchū Ōtsuka in Japanese.

Xigbar was once Luxu, an apprentice to the Master of Masters. One day, before the Master disappeared, he bequeathed Luxu a Keyblade engraved with his Gazing Eye and instructed him to pass the Keyblade on from apprentice to apprentice. However, Luxu was also ordered to keep watch over the Keyblade until a fated "Dark Master" appears to reenact the Keyblade War, passing his heart from body to body. Eventually, Luxu discovered this Dark Master, Master Xehanort, and decided to ally with Xehanort in order to see the Keyblade War through and reunite with the Foretellers.

As Braig, Luxu works as an apprentice of Ansem the Wise in Radiant Garden, and poses as a braggart seeking the Keyblade's power to join Xehanort's side. Braig is offered the ability to use a Keyblade in return for his help in convincing Terra to use the powers of darkness. However, using a staged kidnapping to their advantage, Braig ends up being scarred in the resulting fight with his left eye permanently damaged. After Terra left, a furious Braig attempts to shoot Xehanort from behind for his injuries. But Braig is put in his place as Xehanort tells him they need to make Terra succumb to the darkness while performing his end of their pact. After fighting Aqua in the Keyblade Graveyard to give Xehanort time for his plan to come together, receiving a venomous flare from Ventus he never forgot, Braig fled back to Radiant Garden where he brought Ansem the Wise to Xehanort, now within the vessel that was originally Terra's body. However, Braig later approaches the new Xehanort, now an apprentice under Ansem, and is dismayed to find that he does not recognize him, and Braig's attempts to help Xehanort remember prove only to annoy him. Braig nevertheless says in a friendly manner that he's got Xehanort's back, having been entrusted with Master Xehanort's back-up plan to use Ansem's research to devise a means of mind control. But in the process, they end up introducing Heartless to the Realm of Light. Sometime soon after, finding Xehanort with his previous incarnation's Keyblade, Braig asked if he is truly Master Xehanort before his heart was removed from his body. However, having a strong will, Braig's Nobody Xigbar came into being and became Xemnas's number II in the newly formed Organization XIII.

*Kingdom Hearts 358/2 Days*

Xigbar appears for the first time chronologically in *Kingdom Hearts 358/2 Days* . Present when Xion joins the Organization, he is shocked when his seemingly good friend, Demyx, reveals the annihilations that took place at Castle Oblivion. Later joining Roxas on a recon mission to Agrabah, they overhear Aladdin and Jasmine discussing the rebuilding of their city after many sandstorms strike. The Freeshooter later challenges Roxas at Olympus Coliseum when he first enters the Games, claiming to "care about his future" after the defeat of a Guard Armor at Roxas' hand. Xigbar later discussed the defaulting Xion with Xemnas and Saix in Where Nothing Gathers, later challenging "Poppet" himself in Wonderland. Xigbar then sees Xion as Ventus, and Xion is able to quickly strike Xigbar down with the power she was unknowingly sapping from Roxas.

*Kingdom Hearts II* Appearance at Hollow Bastion

Not long after arriving in Hollow Bastion and reuniting with Aerith, Leon and Yuffie, Sora engaged a number of Dusk Nobodies in battle around the city. After being led away from the main town, Sora, Goofy and Donald heard voices mocking them, but could find no source for them. After Sora demands that they show themselves, the remaining Organization members (having lost five members due to deaths and two others due to desertion) materialize, laughing. Though they are hooded, they are recognizable as the Organization from the description given to Sora and his companions by Yen Sid. The Organization eventually departs, but Xigbar, still cloaked and hooded, stays behind to taunt Sora further, making them feel anxious about the power of the Organization. He also openly compares the similarities between a look Sora gives him and one given to him by Ventus; Sora dismisses this as random banter meant to confuse him. Xigbar then leaves, staying out of Sora's way for a very long time.

## The Land of Dragons

Sora encounters Xigbar again in at the gates to the Emperor's throne room in The Land of Dragons. Having encountered another hooded man and suspected him to be his missing friend Riku, Sora inquires if he is the same person. Xigbar removes his hood, revealing otherwise and remarking that he had never heard of anyone named Riku. Xigbar summons his Snipers to distract Sora while he escapes. The diversion works, although the Nobodies were defeated, and Xigbar is able to continue his mission of summoning a enormous Heartless to harvest hearts for the Organization's plans. He manages to set the Storm Rider on the city, but it is soon destroyed by Sora, Mulan, Donald and Goofy.

## The World That Never Was

Xigbar's final appearance in the game is in The World That Never Was, inside Organization XIII's stronghold. After Riku and Naminé helped Kairi to escape from the Organization, they head for the Hall of Empty Melodies, a large, open-air room leading further up into the castle. Sora and his party arrive there, but are stopped by Saïx, who calls out swarms of Shadows and a few Armored Knight Heartless to attack the intruders. Maleficent and Pete also arrive, expressing interest in taking the Organization's castle for themselves. Eventually, Maleficent and Pete leave to formulate a plan for taking the castle, and Saïx heads up to rejoin Xemnas. Sora and Kairi remain separated as Riku and Kairi remain above Sora on a balcony, fighting off the Heartless gathered there. Many Heartless attack Sora as well, but they are all dispatched in a sudden rain of arrows from a hidden Xigbar. He walks into view, and asks if Sora has been a good boy mockingly, echoing the words from his first encounter with Sora. He states how Sora put the Organization in a "pickle", and he supposes that was the reason the Keyblade chose him. He also makes a very cryptic remark on how he wasn't "half the hero the others were". Sora simply takes it as an attempt to throw him off. Xigbar then engages Sora in battle, referring to him as "Roxas" and expressing anger at him for betraying the Organization. Ultimately, he is defeated and begins to fade into the darkness. Before he disappears, Sora asks him why he called him "Roxas", to which Xigbar merely responds, "Wouldn't you like to know?"

### *Kingdom Hearts II Final Mix*

*Kingdom Hearts II Final Mix* contains several additional cutscenes of Organization XIII's activity. One shows a conversation at an unknown time between Xigbar and Zexion, with Xigbar having recently returned from finding new members for the Organization (including Marluxia, whom he mentions as a new recruit) while Zexion and Vexen were discussing Xemnas' visit to the Chamber of Repose. Xigbar expressed his knowledge about the events of Keyblade warriors that appeared before they found Xehanort. He also talked about his eavesdropping on Xemnas during his visits to the Chamber of Repose, and how he seemed to be conversing with someone that wasn't really there.

### *Kingdom Hearts 3D: Dream Drop Distance*

Summoned by Young Xehanort, due to being "half-Xehanort", Xigbar is made a member of the True Organization XIII and aided in baiting Sora into their trap.

### *Kingdom Hearts III*

Xigbar returns in *Kingdom Hearts III* as a major villain.

Xigbar first appears in Olympus mocking Sora and his company, toying with his mind as usual before uncharacteristically encouraging Sora not to change who he is and seek to restore the hearts connected to his. In that same world, he observes Maleficent and Pete digging up Pandora's Box, mistaking it for the Black Box from the age of fairy tales. Once Maleficent realizes it's not the right box, both leave. Xigbar, seemingly disappointed it was not the Black Box, begins to recite the old saying "May your heart be your guiding key", though the scene cuts after the first few words.

However in the remind DLC the scene continues with Luxord appearing to confront him using a riddle, Xigbar tells Luxord to do his tasks but Luxord simply reminds Xigbar that he is always carrying out his orders from his higher ups but also states he cant help himself but observe his opponents strategies. he further asks him why the Black box is suddenly important to the Organization and if it was either Xemnas and Xehanort who gave out the order.

Luxord quickly rules out Xehanort stating he only cares about the clash between the seven lights and thirteen darknesses and as such having little interest in the black box. Leaving Xemnas and the one who informed Luxord of his task Xigbar him self. Xigbar denies informing him of task stating it was Xemnas that gave him his task. However Luxord states his inquires suggested otherwise causing Xigbar to get nervous figuring out that Luxord asked Xemnas of the box. Luxord begins to question of his intentions with the box, Xigbar lies to him stating he does not know what is inside the box but states he heard the it contains important secrets of past Keyblade wielders when Luxord asks him where did he hear about this Xigbar continues to lies to him stating he does not know. Beginning to be suspicious of Xigbar, Luxord throws a card to him which Xigbar catches. Luxord begins to interrogate him further stating that he is in a rush to secure it before others such as Maleficent and Pete find it to keep his secret connection to the black box from those around him he finally asks him who his real identity was. When Xigbar refuses to answer aside from glaring at him, Luxord lets his guard down stating it doesnt matter to him altogether, he states he will continue to pretend to feign ignorance before he teleports away. After this, Xigbar asks aloud who Luxord's true identity was.

Xigbar appears again with Xemnas and Ansem overlooking Twilight Town, warning them not to underestimate Sora as he has done some damage to their plans in the past and could easily do it again.

During a meeting with some of the Organization members, Larxene reveals Xigbar is the driving force behind the Organization's search for the Black Box, though none of the others seem to know what's inside of it as according to her Xigbar refuses to tell anyone about the black box.

Once the fated battle at the Keyblade Graveyard finally arrives, Xigbar appears with Dark Riku on two different occasions first he walks by Dark Riku's side after the former taunts his counterpart, telling Riku that he was making sure he want on the path toward a second failure amd informs the guardians if they have what it takes against they Organization they will have to prove it Xehanort one final time, he then turns to Dark Riku telling him to "take it away" before disappearing, he later joins Dark Riku and Ansemagainst

Riku and Sora at the Trail of Valediction. After fighting Sora and Riku, Xigbar, seemingly defeated, reveals to them his motivation for working with Master Xehanort was the promise of wielding his own Keyblade. Sora and Riku rebuke the idea of Xigbar being worthy of a Keyblade, and Xigbar, laughing at the irony, teleports to the top of the labyrinth and seemingly falls to his death.

After Xehanort's defeat, a still-alive Xigbar retrieves Xehanort's Keyblade and summons four of the Foretellers. Revealing himself to be their erstwhile companion Luxu, Xigbar explains what happened in the later years. Watching from afar was Maleficent and Pete whom seemingly gave up their search of the black box.

---

Evil Xigbar: Looks like you are getting better at knowing where we're coming out.

Me: Doesn't take a rocket scientist to figure out you Organization XIII douchebags especially after all the pain and suffering you caused to so many worlds.

Nico: Yeah.

Evil Xigbar: All this altruism is giving me the warm and fuzzies. So then, does having a heart of light come with an extremely good insurance policy?

Me: You should be asking yourself that question. Not that you've ever had a heart to begin with.

Flame Man: If you have something to say, then say it!

Evil Xigbar: Oh, but I did though. No good will ever come from putting other people first.

Me: Bullshit. That's a lie and you know it.

Hercules: I was able to save all those people from the Hydra before because I was ready to risk my own life

Evil Xigbar: Because you've got friends in high places, you mean.

Tricks like that don't fly for your average joe.

Me: Because you're an insignificant clod.

Sora: What do you know? You weren't even there! If you were, you'd admire Herc's courage.

Me: Hercules is a hero like us and a better person than you EVER will be!

Evil Xigbar: Well, unlike my other self, I don't admire one guy leaping into danger if it means someone else might have to jump in to save him. You're all just lining up to lose out.

Dooming others to take the fall with ya.

Me: You just love shooting that fucking mouth of your off don't you. You just don't know when to shut that ugly fucking trap of yours do you eyepatch boy?

Eli: Yeah so shut up!

Evil Xigbar: Oh, and you can spare me the usual party line. Yes, hearts are powerful when they're connected. But if you put too much of that power in one place, some of those hearts might end up breaking. Still, Sora, that doesn't mean you should change. Accept the power you're given. Find the hearts joined to yours.

Sora: Why would I ever take advice from you?

Me: Yeah we don't take orders from dirt clods like you.

Evil Xigbar: As if! You don't have any choice but to follow this sweet little trail of bread crumbs. And at the end, you'll finally realize what destiny has in store for you. In fact, your reward might be right around the corner. You're so close!

May: Just who exactly are the Somebodies of you and the Xigbar we know? You know a lot for a guy who's a sharpshooter

Me: More like someone who knows too much.

Evil Xigbar: (laughs) Wouldn't you like to know?

May: Um… that's why I asked.

Evil Xigbar: Where exactly is that Phantom Stranger guy anyway. I've got a bone to pick with him for intruding in our little game.

Nico: We don't know where he is.

Me: Also it's…

Evil Xigbar: (smirks) None of our business, right?

Nico: No. We really don't know where he is. He's always on the move.

Me: And it's something you should not stick your ugly nose into.

Clayface: Hey, Nico. We just gonna sit here and talk? Or are we gonna kick this one eyed a***'s a**?!

Me: Let me start things off.

I fired an energy beam and it hit Evil Xigbar in the face and blew his other eye out and he was screaming in excruciating pain!

Erza Scarlett: Nice shot there.

Me: I'm also a better sharpshooter than he is.

Eli used the force to pull his guns over and he gave them to Erza.

Eli: I know you don't like to use guns but maybe these will come in handy for you.

Erza Scarlett: Thanks Eli.

Dumbelltron, Electropede, Gameface, Kerbero Gangan, Ryugu Tamatebacco, Stonedozer, Deadwood, Raven Branwen, Eris and Oculous then appeared.

Me: Dumbelltron, Electropede, Gameface, Kerbero Gangan, Ryugu Tamatebacco, Stonedozer, Deadwood, Raven Branwen, Eris and

Oculous.

Nico: Mostly all Power Rangers Monsters this time.

Oculous: Yep.

Dumbelltron: I remember you guys telling me that Antennatron came to Olympus Colosseum once.

Kerbero Gangan: But this is our first time in the actual Olympus.

Electropede: (to me) By the way, we heard that you ran into the Rhedosaurus.

Me: You heard right. That was from the 1953 movie The Beast From 20,000 Fathoms.

Ryugu Tamatebacco: We were surprised you tamed it though.

Stonedozer: We honestly thought you would destroy it.

Me: The creature was confused and lost and just wanted a home.

Electropede: That makes sense.

But then we smelled something REALLY horrible!

Me: (Sniffs) EW! What is that horrible smell?

Eddy: Ed did you rip one?

Ed: Not I Eddy.

Then we saw a figure come out and it was a living pile of shit and it was THE GREAT MIGHTY POO from Conker's Bad Fur Day!

---

The Great Mighty Poo is an incredibly disgusting, but oddly musical monster, who is fought as a boss in the 2001 video game Conker's Bad Fur Day. He is quite literally a colossal living pile of fecal matter that inhabits an equally disgusting mountain of said feces.

He was voiced by Chris Marlow in both the original and the remaster, though with a slightly different performance for both.

Conker first hears about the Great Mighty Poo upon meeting a bug, who tells him that his friends where abducted by a mysterious monster, never to be seen again and most likely eaten. (Flashbacks show the disgusting monster's hand seizing bugs and giving the others the finger.)

When Conker enters the Great Mighty Poo's cavern, he hears a booming voice demanding corn and decides to comply. Conker must knock down the (sentient) grains of corn and launch them into the central pool of feces, while staying away from the chasms and the monster's hand which sporadically emerges from the many holes in the arena to squish him.

Conker ends up meeting the Great Mighty Poo when he emerges from the pool with the (terrified) last grain of corn in his hand, and places it into his upper jaw as one of his teeth. For reasons unknown, this vile creature takes an instant dislike to our unfortunate squirrel protagonist and goes into a musical rampage in which it sings (with some very colorful language) while hurling bits of itself at Conker in an attempt to kill him. Eventually the Great Mighty Poo is defeated and Conker can progress.

During the first stage of the battle, Conker must dodge the Great Mighty Poo's projectiles and look for the toilet paper, which he must then throw into the monster's open mouth when he sings, before he vanishes and emerges somewhere else. After six successful shots, the Great Mighty Poo will sing so loudly that the glass protecting the flush switch will break. Conker will then have to reach and activate the switch and the Great Mighty Poo will be flushed away, never to be seen again. (While saying the Wicked Witch of the West's famous "What a world, what a world" dying speech, almost verbatim.)

Needless to say, the Great Mighty Poo is seen by many as one of the most unique (and bizarre) boss battles in the game. However, in spite or precisely because of this, he might be one of the most popular bosses that Rareware devised.

Poo: (Singing Opera) I am the Great Mighty Poo and I'm going to throw my (FARTS) at you. A huge supply of tish come from my chocolate starfish! How about some scat you little (FARTS)?

Nicole: Not this gross pile of shit from Conker's Bad Fur Day!

Eli: EW! He smells nasty!

Nico: EW!

Laney: He is a living pile of poop!

Lana: Cool!

Niora: I'll face this freak.

?: He sure is rank.

A figure came out and it was GENERATION 16 SAW BOT from episode 18 of R.P.M.!

After the destruction of the Saw Bot Generation 15, Venjix used all the information the Bot had collected, and programmed him into the Generation 16 Saw Bot. This new version of the Saw Bot was equipped with all of the Megazords' attacks, powers, and weaknesses. Venjix sent the Generation 16 Saw Bot to attack the Rangers and Corinth City Force that were gathered at Sector 17 as they planned to attack the Venjix factory. The Generation 16 Saw Bot arrived and started attacking. The city forces tried to blast him, but were ineffective. The Rangers jumped in and started battling him and the Grinders he had brought along. The Rangers too found themselves to be no match for the new Saw Bot. Dr. K then ordered Gem and Gemma to place an explosive on the Bot to blow him away. The twins were successful and blasted the Bot and Grinders away.

The Generation 16 Saw Bot soon returned as Rangers Red, Black, and Yellow were making their way through the factory. Black and Yellow held the Attack Bot off, while Red went to place the remaining charges. The Attack Bot was far too powerful, forcing the two Rangers to use up all their power. Summer then battled the Attack Bot by herself, allowing Dillon the chance to blow up the factory.

While the Attack Bot was inside the factory during the explosion, he still survived. Gem and Gemma were next line to battle the beast. They morphed and were able to take him down with their SkyShift Blazers. But Venjix ordered the download to revive and grow the Attack Bot.

With the Generation 16 Saw Bot now inside Corinth and in his gigantic size, the Rangers were even more outmatched. Since the Bot knew every power and move of the Megazords, there was no use in sending the Rangers' Zords in. But Dr. K wasn't out of ideas just yet. With the newly acquired Whale Zord in hand, Dr. K activated a new Megazord formation just for the Rangers Gold and Silver. The twins formed their Mach Megazord and went to fight the Saw Bot. With the new Megazord, Rangers Gold and Silver had the advantage and blasted the Generation 16 Saw Bot. They finished him off with the Mach Megazord's Energy Power Bow attack.

---

Scott Truman: Generation 16 Saw Bot!

Saw Bot: Been a while rangers!

Me: I remember you! Venjix made you as an upgraded version of Generation 15 Saw Bot that was capable of using the Megazords attacks against the Rangers and he sent you to attack the Rangers.

Saw Bot: That's right J.D. Really good memory.

Me: Never missed an episode.

Nico: I think you'd make a killing in the chopping tree business.

Generation 16 Saw Bot: (laughs) I know, right? Plus, I'd be a much better chainsaw wielder than Leatherface.

Me: You sure would. And Nico the chopping tree business is called the Lumberjack Industry.

Nico: Oh.

Me; Lets get it on before we face Hades. And we better hurry.

I looked at the planets aligning and figured we only got about 30 minutes.

Hades: Brothers! Titans! Look at you in your squalid prison! Who put you down there?

Titans: Zeus!

Hades: And now that I set you free, what is the first thing you are going to do?

[Olympus. Hermes sees the titans first]

Hermes saw the Titans coming towards Olympus!

Hermes: Oh, we're in trouble! Oh, big trouble! I gotta- [he zooms to Olympus] My Lord and Lady, the Titans have escaped. And they're practically at our gates!

Zeus: Sound the alarm! Launch an immediate counterattack! Go! Go!

Hermes: Gone, babe.

[Gods prepare to war]

Ares: Charge!

Apollo: On to battle!

Zeus: (throwing lightnings at Lythos in vain) Yee-hah!

Ares: (getting sucked in by Stratos) You windbag!

Hades: (watching this) Boom, badda-boom, boom, boom! Hah!

Waves of molten metal came down Mount Olympus and cooled down and formed into the Digimon Sovereign of Metal and the West: Baihumon!

Then a golden ball of light appeared and floated above the land and then it exploded out and it formed into the Digimon Sovereign of Light and the Center: HUANGLONGMON!

Suddenly a massive fiery explosion exploded in the sky and a phoenix cry was heard and the explosion knocked down Hades and then the spirits of the Animal Kingdom all appeared and smashed Hades all over the place and then we appeared and landed in front of the Digimon Sovereign.

Me: Hello Hades.

Hades: Well if it isn't the wonderteam.

Lythos: And the Digimon Sovereign.

Ebonwumon: (Irish Accent) Strange seeing you all here instead of in our usual battles.

Zhuqiaomon: Yeah and we have a big battle with Xehanort coming up in the next 9 days.

Pyros: We heard about that.

Cyclops (Hercules): Who is the big golden dragon?

Huanglongmon: I am the Digimon Sovereign of the Center and the master of Light, Huanglongmon.

Cyclops (Hercules): I don't have my own archenemy yet. Can I be in the fray with you as my archenemy?

Huanglongmon: If that is what you wish.

Hades: How have you all been since the whole 20 Days of Darkness fiasco?

Me: Recovered from that. And we're stronger than ever before.

Anna: They are playing our song Hades, time to dance.

Mortal Kombat Scorpion: (throws spear) GET OVER HERE!

The spear hit Hades and he was pulled back to MK Scorpion.

Anna then punches Hades in the face and kicks him in the stomach.

Anna K.: Not bad for the Goddess of Sports huh?

Eli then blew out Hade's hair.

Hades: Whoa is my hair out?

We laughed hysterically.

Azulongmon: That always is amusing.

Hydros: It sure is.

Baihumon: I never get tired of all that.

Stratos: Indeed.

Anna punched Hades in the face and punched him in the back and kicked him in the face and sent him crashing into a rock.

Hades then got mad and fired a massive blast of fire at her and Anna did the same and fired a massive blast of fire and the blasts collided and exploded.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gia: We're in the home of the gods. So, I know what team to use.

Megaforce Rangers: Legendary Ranger Mode: Mystic Force!

The Megaforce Rangers turned into the Mystic Force Rangers.

Me: Time to kick some Bad Olympian Butt!

We went at Hades and punched and kicked and smashed him all over the place. Chaor, Ooloo, Lystone, Intress and Quadore blasted and smashed Hades all over the place.

Zeus and all the gods and goddesses came down and they couldn't believe what they were seeing! They saw us SMASHING AND PULVERIZING HADES!

Hercules: Father, Mother, Hades is the one behind this. He was going to launch a hostile takeover to usurp the throne from you.

They gasped!

POW!

I punched Hades in the face.

Me: It's true Lord Zeus.

Drill Man, Demolishor, Lana and Windcharger used the Earth Cyber Planet Keys and they enhanced Drill Man's Drill Missile, Demolishor's finger lasers, Lana's ice powers and Windcharger's Magnetic arms 100-fold.

Drill Man and Demolishor: DEMOLISHING DRILL BOMBS!

Lana and Windcharger: MAGNETIC ICE BLAST!

Sunset Shimmer, Pepperdance, Cayenne, Firecracker Burst, Gusty the Great and Fire Skylanders: FIRESTORM CAJUN BLAST!

They fired waves of energy, lasers, ice and fire and the blasts all hit Hades and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Ebonwumon, Hak Foo, and Kerchak VS Lythos the Rock Titan

Lythos the Rock Titan was up first.

Ebonwumon: This would count as a usual battle.

Hak Foo: It sure would and I'm ready to smash!

Kerchak: Me too!

Ebonwumon: (Echoing) BLACK HAIL!

He fired a rain of black hail and smashed Lythos all over.

Hak Foo: BLACK TIGER CRUSHES WHITE HAWK!

He kicked Lythos and smashed his chest open!

Kerchak lifted Lythos up and smashed him onto the ground with a thunderous crash!

---

Baihumon, Ken Ichijouji & Stingmon, and Beelzemon VS Stratos the Tornado Titan

---

Stratos the Tornado Titan was next.

Baihumon: This is gonna be awesome. I love a good battle.

Ken Ichijouji: Yeah I do too.

Stingmon: This is gonna be so fun Ken.

Beelzemon: Yeah it sure will be.

Stratos: Bring it on!

Baihumon fired waves of metal energy and Ken and Stingmon fired waves of energy and sting blasts.

Beelzemon: (Echoing) CORONA BLASTER!

He fired a wave of purple energy and the blasts all hit Stratos and knocked him down.

---

Azulongmon, Weather Vane, and Protoboy VS Hydros the Ice Titan

---

Hydros the Ice Titan was next.

Hydros: I will freeze you.

Azulongmon: This is gonna be interesting.

Weather Vane: I hope you like the weather as much as the ice.

Protoboy: It will hurt bad.

Protoboy superactivated and Hydros fired a blast of ice from his mouth.

Azulongmon: (Echoing) AURORA FORCE!

He formed into a circle and formed a powerful blast of lightning and fired it and Weather Vane and Protoboy fired waves of lightning and energy and the blasts all hit Hydros and exploded with incredible power!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Zhuqiaomon, Dragon (Skunk Fu), and Burner Man VS Pyros the Lava Titan

Pyros the Lava Titan was next.

Zhuqiaomon: The power of fire is gonna be strong to defeat you.

Pyros: We'll see about that.

Dragon: This is gonna be one amazing battle.

Burner Man: It sure will.

Pyros fired a wave of lava from his mouth and Zhuqiaomon's red aura was protecting him.

Zhuqiaomon: (Echoing) BLAZING HELIX!

He formed 4 balls of fire on his wings and sent a massive blast of fire in a helix chain at him.

Dragon fired a massive blast of fire and Burner Man did the same and the blasts all hit Pyros and smashed him down in a huge explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

---

Huanglongmon, Carly Atlas, Misty Tredwell and RD Lynn VS Cyclops (Hercules)

---

The Cyclops was next.

Cyclops: This is gonna be most fun and amazing.

Huanglongmon: I am always up for some fun my one-eyed friend.

Carly Atlas: Me too.

Cyclops: Me thought hummingbird and lizard girls were part of Masters of Evil.

Misty Tredwell: I am the fiancé of J.D. Knudson and Carly is now married to Jack Atlas so that makes us part of the Redemption Squad.

Carly Atlas: Yep.

Cyclops: That make sense. Me ready.

Cyclops went at them.

Huanglongmon: (Echoing) YELLOW CIRCLE!

He sent a massive earthflow blast at the Cyclops.

Carly and Misty fired waves of green and orange fire and smashed him down.

---

Back at the fight with the Evil Xigbar, the Kyurangers overwhelmed him with incredible ease.

Tsurugi: (to Evil Xigbar) Surrender right now. If you do, we'll get you some medical attention on our ship.

Evil Xigbar: (chuckles) Thanks for the offer. But that won't be necessary.

Evil Xigbar used a Dark Orb to regenerate his eye that was blown out moments ago.

Hammie: (disgusted) Eww! That's gross!

Naga Ray: So your Dark Orb can regenerate body parts?

Evil Xigbar: I think that's enough for today.

Evil Xigbar left through a Dark Corridor.

Champ: Ha! Look at that coward run!

Garu: Where did he go?

Shou: He went back to his master Xehanort.

Stinger: Xehanort sounds just like Don Armage.

Kotaro: Except he's not the ruler of this universe.

Balance: Not yet anyway.

Raptor: I hate to say it but our part here is done. All we can do is go back to our universe and leave the rest to Team Loud Phoenix Storm.

Lucky: Alright, lucky! Let's head back to our ship!

Spada: And then, I'll make us a victory feast for our win today!

Garu: Great! I'm hungry!

Kotaro: Me too!

Lucky: Take care Team Loud Phoenix Storm.

They teleported out and went back to Universe 19.

Nico: YEAH!

Eli: That was intense!

Lola: YEAH!

Hercules: Take that Hades!

Nico: YEAH!

Hercules: Sorry if we made a mess here, Father.

Zeus: Oh, that's quite alright. It was a pleasure helping you all anyway.

Gameface: The pleasure was all ours, Lord Zeus.

Deadwood: Can you make status in our honor?

Zeus: Of course. And we'll have a victory feast here. Trust me, you'll love what the Gods can cook.

Raven Branwen: I'm sure we will.

Zeus: (sternly to Hades) Now, as for you…

Eris: I'll have you know that Hades is part of our team. So-

Hades: No, Eris. Let me handle this. (to Zeus) Look, a lot has happened since the last time I spoke to you. I honestly wanted to get this off my bucket list since it's something I wanted to do for a while. I guess you can say that time in the Masters of Evil has given me a new persepctive on life. I take full responsilibity for what happened here. Whatever punishment you want to give out, go ahead.

Zeus: (smiles) I'm impressed by the way you have accepted your mistakes, Hades. So allow me to explain things, in a manner which I know you'll understand.

Oculous: Well, he said that in a pleasant tone this time.

Me: I think I have an appropriate punishment.

I whispered into Zeus's ear.

Zeus: Ooh that's perfect. (To Hades) Hades you are hereby sentenced to eternal servitude to the Masters of Evil.

Hades: I can live with that.

Anna: Besides, our usual battles just got more fun now that you are with the masters officially.

Nike: They sure are. My emissary you did a great job and you picked a great and worthy opponent.

Anna K.: Thank you Lady Nike.

Me: We're glad we were able to help you all out Lord Zeus.

Zeus: Think nothing of it J.D. And we are forever in all your debt for saving us.

Me: It was our pleasure.

Xigbar: (to Nico) You ever gonna tell J.D. about our little… secret?

Nico: (looks to see if anyone's watching) I haven't decided when exactly will be the right time to tell him.

Xigbar: C'mon, man. You know that evil me could spill the beans at any time.

Nico: We'll make sure he doesn't get that chance. But for now, one secret from J.D. won't hurt.

Xigbar: Well okay. See ya round.

He vanished.

We talked to Zeus about the battle with Xehanort coming up and asked if he and the gods and goddesses would help us and they agreed.

Hercules: (To the viewers) This was awesome. I hope you all loved this adventure like I did.

Me: We all did Herc. But you were awesome.

Hercules: Thanks J.D.

We went back home and had dinner and went to bed.

NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Nflemingful, Drako1234658, Etstheclarencefan, Darkhai, vinjedi1995 and ninjakingofhearts gave me the ideas for this. Thanks guys. The next girl will be Lilith the Devil and she will be in the world of The Astounding She Monster from 1957 and we're going to meet the most amazing woman from another world. Also for part 6 is the 2010 movie Tangled and we're going to make sure that Mother Gothel stays dead forever.

# WAR OF THE HEART PART 6

TANGLED 2010

---

In the forests of Oregon, me and Victoria were flying through the trees.

Victoria: Wonder who we'll meet this time.

Victoria concentrated and groaned as her temperature rose.

Me: Whew! That is hot! But whoever it will be we'll be ready.

Victoria turned into her Magmortar form!

Me: YEAH!

We then saw a glowing woman coming towards us.

Me: Whoa she is emitting a powerful energy.

Victoria Magmortar: Who is she?

Me: Wait a second. (Gasp) That's the Astounding She Monster! She is an alien from the movie The Astounding She Monster from 1957.

Victoria Magmortar: She doesn't look like a monster. She's beautiful.

Me: She's pretty. But she is incredibly powerful.

Then we saw a Lesser Devil appear and with her was a Lunala.

Me: Whoa that girl is a Lesser Devil or what is called an Imp.

Victoria: And a Lunala is with her. She must be a Gene-Slammer.

Me: Lets go.

We went and jumped in front them.

Lilith: Whoa J.D. Knudson, leader of Team Loud Phoenix Storm.

She-Monster: The famous hero of this world. It's an honor to meet you.

Me: Same to you.

Lunala: It's an honor. My name is Joanna Libinsky and yes I'm a Lunala now.

Me: Pleasure to meet you.

Lilith: And I'm Lilith and yes I'm an Imp.

Victoria Magmortar: Pleasure.

Me: (To the She-Monster) I watched a movie about you with my dad years ago. That was something. But where do you come from? What Planet?

She-Monster: I am what's called a Kimitinian and I mean no harm to you all. I am on a mission of peace to extend an olive branch as you would say.

Me: Yes I know that saying. You wish to form an alliance with everyone on Earth as part of a treaty.

She-Monster: That's correct.

Victoria Magmortar: Wow that's amazing.

Me: Yeah. Joanna I'm gonna give you the power to change at will and use the power of Lunala.

Lunala: I would like that.

I put on my blind man glasses.

Me: Okay here we go.

I snapped my fingers and Joanna was in pain and she reverted back and she had blue, purple and yellow hair and she was naked. Victoria reverted back too.

Victoria was human again. But naked.

Victoria: (covers herself) Does anyone have a towel I can use?

Joanna: (Covers Herself) Same for me?

I gave them two towels.

Victoria: Thanks.

She-Monster: That was amazing. I'm amazed that you are able to do that.

Lilith: J.D. can do anything. His power is that incredible.

Me: Not to brag but yeah. Lets head back to the World Tree Estate.

We went back home.

---

Back at the World Tree Estate, everyone was having dinner and watching TV.

We came in.

Me: Here we are.

Joanna: Wow! So this is the World Tree Estate.

Me: Yep.

She-Monster: Wow! Your home is amazing.

Lilith: It sure is.

Nico: Wow you have an Imp with you.

Shanan: Whoa and you have a Kimitinian with you too. I know about them. They are a peaceful race that are part of the Master of the Council of Planets of the Galaxy.

She-Monster: That's right. I was sent as an emissary to form a treaty with Earth.

Shanan: I'll inform the United Nations about this.

Miia: Lilith!

Lilith: Miia!

They went and hugged and were reunited as friends.

Lilith: Miia it's awesome to see you.

Miia: Same here Lilith.

Rita: Kids it's time for bed.

Me: Great. Now we can put our plan into action to catch the Phantom Stranger in the act.

Nico: Lets do it.

---

Later that night, Lincoln was asleep in his room and then a dark shadowy figure appeared like a ghost in the darkness. It was Philip Stark A.K.A. The Phantom Stranger!

The Phantom Stranger put his hand on Lincoln's head. After that, Lincoln started to have a nightmare.

Phantom Stranger: (ashamed) Forgive me.

Suddenly, the lights turned on, to reveal Eddy.

Eddy: Caught you red handed!

We came in.

Me: Philip Stark A.K.A. The Phantom Stranger. Honor to meet you in person and your dream manipulation powers are incredible.

Phantom Stranger: Indeed they are.

Natilee: Your nightmares that you were giving the Loud Kids really scared them bad.

Phantom Stranger: Because I have to do it.

Superman: Philip, I know you have a good reason. Please make it a good one.

Phantom Stranger: I had a very good reason for doing this.

Batman: What reason do you have for giving the Loud Kids nightmares? They've been through enough already! And I think they'll be through more challenges that will-

Phantom Stranger: Do you think I had any enjoyment in doing this to them?!

Me: Huh?

Phantom Stranger: I wanted to help them face their fears and help them out and give them Keyblades.

Me: We saw that they have amazing keyblades as a result of your nightmares and they are something. But there has to be another reason.

Sunset Shimmer: Let me see.

Sunset Shimmer touched him and looked into his past and saw that before Lex Luthor died in the dream world when we went in to save me and the Loud Kids, the Dream World Lex Luthor threatened to kill the Phantom Stranger if he didn't do as he was told. He told him to give the Loud Kids the Worst Nightmares ever known and make them so scared that they wouldn't go out on missions.

Sunset Shimmer gasped.

Me: What is it Sunset?

Sunset Shimmer: He was forced to do this against his will by the Lex Luthor we all killed in the Dream World and the Dream World Lex Luthor threatened his life if he didn't do what he said. He told him to give the Loud Kids the worst nightmares ever so that they would be too scared to go with us on missions.

We gasped!

Natilee: So that was Luthor's plan.

Wonder Woman: Even in death, that monster doesn't know when to quit.

Me: Philip we had no idea!

Phantom Stranger: I'm so sorry I did what I did to you all.

Me: It's all right Philip. You were forced into doing something you didn't want to.

Nico: Yeah the same thing happened to me too.

Eli: It was not pretty from what we saw.

Varie: You don't have to obey Lex anymore. He's dead now. And he was banished to the Warp forever. He will never bother anyone ever again.

Celica: Yeah you're free of him.

Nico: You don't have to listen to his orders anymore.

Phantom Stranger: Thank you.

* * *

Later at school I was getting my books out of my locker for class. I closed the locker and then I saw a girl I haven't seen in 13 years.

Me: Wait a second. Elise Montgomery? Is that you?

Elise: Who are you?

Me: Elise it's me J.D. Knudson. Remember? We went to school together and you moved away in Kindergarten.

Elise: Wow it's great to hear your voice J.D.

Me: Same here Elise. You sure have changed so much.

Stickybeard: It be nice to meet you, Elise.

Elise: Same here.

Me: Elise why is your face covered by your hair like that?

Elise: You wouldn't like it if you saw it.

Applejack: C'mon, I'm sure your face doesn't look that- (notices her face) OH MY GOODNESS!

We gasped. Elise's face was completely destroyed! Her eyes, nose and lips were totally burned and horribly scarred and disfigured!

Me: Oh man! These are the telltale scars of sulfuric acid burns. Somebody splashed acid in your face. Elise who did this to you!?

Officer Swanson came in.

Officer Swanson: I can answer that. It was a jealous girl that knew her about a year ago. She hired her cousin to throw sulfuric acid into her face. They were both arrested for attempted murder and assault and battery and sent to prison for life.

Me: Whoa!

Gears: J.D., please tell me you can fix her!

Me: I can.

Elise: Do me a favor and send me to the Warp, will you?

Cybertron Dirt Boss: Are you nuts?! Why do you want us to do that?!

Elise: (crying) Because I'm a freak! Being Hakaiied is better then living like this for the rest of my life!

Me: Elise no! You don't deserve that. Also you would not like going to the Warp like that.

I then touched Elise's face and channeled energy into her and then she suddenly was in pain and then Elise had her face healed and back! She could see for the first time in a year. She had her nose and lips back and even everything back to normal!

Elise: I can see!

She saw me for the first time in a while.

Elise: J.D.? Wow! You've changed so much.

Me: Its been 13 years Elise. I'm now almost 18 years old. But look what I did to you.

I formed a mirror and Elise gasped as she saw that she had her face back!

Elise: I have my face back! But how!?

Nico: J.D. has incredible power. He can do anything.

I spread my wings and showed her a ball of lightning and elements in my hands.

Elise: WHOA!

She then broke down crying and hugged me and it was awesome.

Elise: (Crying) THANK YOU SO MUCH J.D.!

Nico: I can't believe those people would do that to you.

Eli: Yeah what a couple of jerks.

Ets: Yeah they have no shame.

After an awesome school day we went back to the World Tree Estate were getting ready for part 6 of our adventure.

Octane: By the way, Nico? It's your turn to lead today.

Nico: I know and today we're going to the world of Tangled.

Me: We haven't been there in a while.

Lincoln came in.

Lincoln: Man what a weird dream.

Me: We found out something about the Phantom Stranger buddy.

Lincoln: What happened?

We told him everything.

Ryugu Tamatebacco, Electropede, Dumbelltron, Gameface, Stonedozer, Oculous, Deadwood, Kerbero, Eris and Raven Branwen then appeared.

Ryugu Tamatebacco: Can me, Electropede, Dumbelltron, Gameface, Stonedozer, Oculous, Deadwood, Kerbero, Eris and Raven Branwen come with you all today? (to the Phantom Stranger) Don't worry. You can still give the Loud Kids nightmares. But on our terms from this moment forward.

Phantom Stranger: Thank you.

Me: He's not a supervillain guys. He was forced into giving the nightmares to the Loud Kids against his will by the Dream World Lex Luthor.

Ryugu Tamatebacco: Whoa man!

Electropede: That's terrible!

Gameface: He threatened his life if he didn't do it right?

Nico: Yeah he sure did.

Oculous: What a fiend! Lex Luthor is just as bad as the Master.

Eris: Indeed he was.

Nico: Yeah no kidding. But to answer your question yes you all can come with us.

Electropede: Awesome.

Nico: We're going to the world of Tangled from 2010 and we're going to make that monster Gothel pay for her crimes.

Lola: Awesome!

Nico: Lets head out.

We went to the Simulator.

---

In the Simulator we were getting ready and we went in and the Simulator activated and we were in the world of the 2010 movie, Tangled. We were in the Kingdom of Corona.

Rage Mage: Man, it's good to see Corona again.

Bombshell (Skylanders): (British Accent) Jolly good to see it again.

Eli: I can't wait to see Rapunzel again.

Nico: I know it has been a while.

Laney: It sure is beautiful.

Lola: Yeah it always is beautiful coming here.

Nico: It sure is.

Then we saw a figure coming and he hid behind the bushes and it was Flynn Rider.

Eris: Well, hello there, Flynn!

Flynn Rider: Hey guys! Its been a while.

Nico: It sure has Flynn. How have you been?

Flynn Rider: Oh causing trouble like always. But it's great you're all here.

Me: Thanks Flynn.

Nico: But it's good we found you. We have a huge war we're going into later in 8 days.

He told Flynn all about it and what it was for and he was shocked.

Flynn Rider: Whoa man. That's terrible.

Laney: Yeah it sure is. And we have to stop Xehanort or the entire universe as we know it will cease to exist.

Lana: Yeah.

Flynn Rider: I'll help you guys.

Nico: Awesome. Lets go find Rapunzel. Follow me.

We followed Nico and went to a hidden tunnel and it went into a cave and we went through it and we came out to a hidden grove and we saw a loan tower.

Nico: There it is. Rapunzel's Tower.

Eli: Wow. It's beautiful.

Nunnally: It sure is.

Rin: Eli, you and Lola can go up there.

Eli: Right.

Eli and Lola flew up to the tower and went in and it was dark.

Eli: Keep your eyes peeled.

Lola: Right.

The tower was dark.

Lola: Still hard to imagine that Gothel would keep Rapunzel out here all by herself.

Eli: No kidding.

Eli then sensed something and he spun around and grabbed a frying pan that was about to hit him and they saw Rapunzel!

Eli: Rapunzel!

Rapunzel: Who are you? How did you get in here!?

Eli: Rapunzel it's us.

Lola: It's me Lola Loud.

Eli: And me Eli.

She gasped.

Rapunzel: Eli? Lola? Wow!

She hugged them both.

Eli: It's great to see you again sister.

Lola: We missed you.

Rapunzel: I missed you guys too. It's awesome to see you here. Are J.D. and the others with you?

Eli: Yep and they are outside right now.

She went over to the windows and saw us.

Me: Long time no see Rapunzel!

Rapunzel: Wow! It's great to see you all here!

Nico: It has been a while. We have so much to tell you.

Me and Nico went into the tower and we told her everything that happened since the last time we saw her and it was amazing, adventurous and more.

Rapunzel: Whoa you guys have been really busy.

Me: All that and more.

Eli: Yeah.

Nico: We can tell you more when we take you out of the tower. We have so much to tell you. It's amazing.

Rapunzel: I would like that.

Me: Okay.

Nico: Here we go.

We went out of the tower and landed on the grass.

Me: Grass feels good on your feet.

Eli: It sure does.

Rapunzel: [excited after finally leaving the tower] I can't believe I did this! [fearfully] I can't believe I did this. [squealing with joy] I CAN'T BELIEVE I DID THIS! [giggles, then puts her hands on her throat] Mother would be so furious if she knew I disobeyed her and left the tower.

Kairi Yano: Well, that's her problem.

Keiichiro: And she's not a good mother.

Me: Gothel has NEVER been a good mother.

Rapunzel: [later, looking at a flower, optimistic] Well, that's okay. I mean, what she doesn't know won't kill her, right?

Right: Nope. That can be our job.

Nico: Yep.

Rapunzel: [later, in a cave rocking back and forth, fearful with her heart beating in her chest] Oh my gosh! This would kill her.

Kameo: Take it easy. We won't let her find you.

Me: No we won't.

Eli: And we'll make sure of that sister.

Rapunzel: Thanks bro. [later, running through a pile of leaves and making them rain down on the irritated Flynn. Joyous] THIS IS SOOO FUUUUUN!

Marcus Damon: I think she's on her period.

Flynn: Period?

Data Squad Agumon: We'll explain later.

Me: Don't ask. You know it's funny that we had the same question happen with us the 3rd time we were here I think.

Lola: Yeah I remember that.

Rapunzel: [later, standing in a tree with her head against the trunk and her arms hanging limp, depressed] I am a horrible daughter. I'm going back.

Animated Optimus: Not if we have anything to say about it.

Rapunzel: [later, doing cartwheels and rolling down a hill, ecstatic] I AM NEVER GOING BACK!

Axel Manning: Well, that's good.

Rapunzel: [later, laying next to Flynn in a patch of flowers with her face in the ground, ashamed] I am a despicable human being!

Mr. Boss: No, you aren't.

Rapunzel: [later, using her hair as a vine and swinging around a tree with an annoyed Flynn standing there staring into space, joyous]: WOO-HOOOOO! BEST! DAY! EVER!

Eli: WEEE! I missed this with you Rapunzel.

Rapunzel: Me too Eli.

Nico: Let's just let her bring all her emotions out, guys.

Me: Don't worry we will.

We later see Rapunzel, broken down in tears.

Flynn Rider: [clears throat] You know, I can't help but notice you seem a little at war with yourself here.

Goofy: A little more then a little.

Donald: More like a lot.

Me: Long story. We all have been at war with ourselves for a while.

Nico: Yeah it was crazy.

Eli: Yeah.

Deadwood: How about we go and celebrate your freedom, Rapunzel? Before your control freak of a mother finds out.

Rapunzel: Good idea.

Nico: And we know just the place to do it. Lets head to the Kingdom.

Rapunzel: I can't wait to see where the lights floating come from.

Me: You mean the floating lanterns they do. Here.

I used my powers and showed her the floating lanterns.

Me: The kingdom lets these Floating Lanterns go for a special reason.

Rapunzel: Wow.

Then EVIL MARLUXIA appeared!

Me: Marluxia!

Nico: What the hell do you want?

Elena: This early, Marluxia? Usually, you and your friends fights us later in a world.

Evil Marluxia: It's nice to you too, Larxene.

Elena: I'm not part of your organization anymore remember? My evil self may be but I'm not.

Jessie: Look, Pinkie. Say what you want to say and leave.

Me: Yeah we don't have time for your lies and bullshit.

Evil Marluxia: (annoyed) Very well. I've come to ask a favor.

Sora: "Favor? You have got to be kidding me."

Me: Like we would accept any favors from someone who works with someone who's out to destroy the entire universe.

Evil Marluxia: Please hear what I have to say. I'm sure you've noticed… Well, perhaps not. But you should know that maiden with you, Rapunzel, is the very light of this world. I would see you guard her from its dark horrors.

Sora, Donald Duck and Goofy: Huh?

Me: What are you talking about?

Nico: We don't understand. What horrors?

Sora: "Starting with you, right?"

Evil Marluxia: All the Organization seeks is balance. You must understand, our ultimate objective is not to clash with the light. We seek to complement it. Use that Keyblade… to keep Rapunzel safe.

Me: Never thought I would say this but coming from the Starscream of Organization XIII that is really interesting.

Marluxia: I appreciate the compliment. (Eddy gets out blaster) Oh, be patient. You'll fight me later. But for now, I'll let my friends have a word with you.

Me: What friends?

As soon as Evil Marluxia left through a dark corridor, we heard the neighs of a horse.

Flynn: Did the guards find me already?!

Maria: No. Worse!

Me: It's Maximus.

Nico: Uh oh!

We saw it coming and it was THE CHAOS CARRIAGE HEARTLESS!

Flynn: Whoa! What happened to Maximus?

May: That's not Maximus! It's a Chaos Carriage Heartless!

Nico: I got this!

Nico fired an energy blast and blew it apart and destroyed it!

Eli: Take that you horse freak!

Rapunzel: Yeah! That was so cool!

Nunnally: It sure was.

Nico: Lets continue on.

We went into the forest and we got to a hatch and we saw that we were at the sight of the Snuggly Duckling.

Nico: The Snuggly Duckling.

Flynn Rider: Good hideout.

We went in and it was a bar and hideout.

Poromon: Can I have some beer?

Kerbero Gangan: Why am I not surprised to hear you ask that?

Me: Don't ask but it happened here before too.

Thug 1: Are you kidding me? No! You're underage!

Thug 2: (to the Loud Kids) You kids aren't even allowed to be here. The 12 of you are underage too!

Me: They aren't even here to drink.

Thug 2 then recognized my face.

Thug 2: Wait a second. You're J.D. Knudson! Leader of Team Loud Phoenix Storm!

Me: Secondary leader today.

Nico: That's right. New system. I'm leader new and J.D. will be leader tomorrow. So back off if you know what's good for you.

Rapunzel: What happened?

Me: Long story on that.

Then some guards busted in!

Thug: (to us) You guys get going. Follow your dreams. We'll keep the guards busy.

Nico: Right! And those guards will never take us alive.

Eli: SOLAR FLARE!

Eli released a flash of light that was as bright as 10,000 suns and we ran fast as the guards were blinded by the intense light! We got out and flew.

Rapunzel: WHOA! Eli that was so amazing!

Eli: It sure was.

We ran fast and flew too.

We arrived at a lake and then rested and then a horse neigh was heard and we saw Maximus!

Lola: Maximus wait!

Eli: It's all right!

Lola: You are such a good boy! Yes you are.

Lori: Are you literally tired from chasing this bad man all over the place?

Flynn Rider: Excuse me?

Lynn: Nobody appreciates you, do they? Do they?

Flynn Rider: Oh, come on. He's a bad horse!

Rapunzel: Ohhh. He's nothing but a big sweetheart. Isn't that right… Maximus?

Flynn Rider: Wha… You've got to be kidding me. This horse is nothing but trouble!

Maximus growled at this. Flynn growled right back at him and they literally butted heads.

Eli: (sighs) If you excuse me, I must discipline the nanny goats.

Grier: Don't you mean Nanny Horse in Maximus' case?

Eli: Well yeah.

Eli grabbed them both and then bonked them in the heads.

BONK!

Fluttershy: (To Maximus) Oh it's all right Maximus he's just a friend of us and he doesn't mean any harm.

Maximus agreed with her.

Me: Besides we're almost to Corona.

Nico: In fact we're here now.

We saw that we were at the Kingdom of Corona and it was beautiful.

Nico: Here we are guys.

Lola: Wow!

Gameface: The kingdom looks very peaceful.

Me: It sure is and I love coming here.

Nico: Me too. Especially because the festival is going on.

Eli: That's my favorite part here.

Nunnally: Mine too.

Akira Nijino: I suggest we all have some fun here while we still can.

Nico: I agree. May shall we dance?

May: Lets shall romeo.

They got to dancing.

Misty Tredwell then appeared.

Misty Tredwell: Shall we dance J.D.?

Me: You bet Misty.

We danced gracefully.

Sora: Want to dance Kairi?

Kingdom Hearts Kairi: You bet Sora.

They got to dancing.

Carly then appeared.

Carly Atlas: Can we dance Jack?

Jack Atlas: We can Carly.

They got to dancing too.

Rapunzel: Want to dance with me Eli?

Eli: You bet Rapunzel!

We got to dancing and it was graceful, fun and amazing.

Oculous: I'll stay outside in case the Stabbington Brothers show up.

William: (to Maria) Shall we dance, my lady?

Maria: Yes we shall.

They got to dancing.

We were dancing to awesome Irish music being played by Lily and Natilee.

Pain Yatta: Who wants to have candy from me?

The Kids came and they cheered.

Pain Yatta: Here we go.

He fired candy out and the kids cheered.

Laney: Joey shall we dance?

Joey: Lets shall my princess.

They danced. Before, Joey didn't know how to dance. Now he dances like an awesome pro.

Lori and Bobby, Leni and Ed, Luna and Sam and even all the couples were dancing. Even Numbuh 1 & 362.

We were having a lot of fun and dancing and it was great.

Later Kairi was sitting by the docks and we came up to her.

Electropede: You okay, Kairi?

Kingdom Hearts Kairi: It's a very strange day when I actually find myself agreeing with Xehanort and his minions.

Sora: You can't possibly mean that, Kairi! They're out to destroy the entire universe!

Me: Yeah the entire universe is in terrible danger because of him.

Kingdom Hearts Kairi: I mean I agree with what they said about Rapunzel needing to be protected. I sensed something from her similar to a light of a Princess of Heart.

Me: Hmm. Yeah I sense it too. Maleficent probably missed out on a few Princesses of Heart which is a very good thing.

Nico: Yeah you're right about that.

Me: But Kairi, Evil Marluxia did have a good point. I may not believe the lies of Organization XIII but this time Evil Marluxia was telling the truth.

Eli: He's right. I sensed it.

Ets: Yeah.

Nico: Anyway lets go talk with the King and Queen. We have incredible information for them to hear.

Me: Right.

We went to the castle and inside we saw the King and Queen of Corona.

King: Team Loud Phoenix Storm. Welcome.

Queen: It's great to see you again.

Nico: Same to you your majesties.

Kerchak: (to the King and Queen) Hello there, parents of Rapunzel. If you don't mind, we'd like to discuss something with you two about your daughter.

King: Certainly.

Me: We apologize for the sudden appearance. But we have great news for you. We found your daughter.

Queen: Where is she?

Me: Right here.

Eli came in with Rapunzel.

Me: Rapunzel I know this is a huge shock but your so-called mother Gothel is not who you think.

Eli: She kidnapped you 18 years ago all just to use the power of the Sun Flower inside your hair.

I went over her history.

---

Mother Gothel or simply known as Gothel, is the overall secondary antagonist of Disney's Tangled animated franchise.

She is the main antagonist of Disney's 50th full-length animated feature film Tangled (which is based on the 1812 German fairytale Rapunzel by Brothers Grimm) and a posthumous antagonist in Tangled: The Series and its comic book series.

As her name suggests, she is Rapunzel's former foster mother-turned-first arch-nemesis (before Zhan Tiri) who seeks to remain youthful and immortal by utilizing the magic hair of her "daughter". In Tangled: The Series, she was revealed to be Cassandra's biological mother. In Once Upon a Time, she is known in Hyperion Heights as Eloise Gardener.

She was voiced by Donna Murphy, who originally portrayed The Witch in Into the Woods. In Tangled: The Musical, she was portrayed by Katie Whetsell.

Before the events in the film, an elderly lady named Madame Gothel hides a flower born from the sun's dew that keeps reverses her age whenever she sings to it. But someday, the flower is found and given to the queen so that she would not die in childbirth. All the magical flower's power is now in the queen's daughter, so Gothel abducted her and kept her in a hidden tower for 18 years, teaching the little girl to sing for her. Although she tried to cut a lock of Rapunzel's hair to stay young, once cut, it goes from golden blonde to dark brown and loses its power. She spent the following years raising Rapunzel as her daughter and causing her to fear the outside world, which she describes as frightening, dull, selfish, cruel, and unforgiving.

Once Rapunzel turned 18, she begs to see the floating lanterns on her birthday; however, Gothel refuses both musically and angrily. To trick her, Rapunzel asks for special paint for her birthday, a gift that would take three days to get. While reluctant, Gothel believes Rapunzel and sets off.

However, when she sees Maximus, one of the guards' horses, she worries that someone was searching for Rapunzel. When she arrives at the tower, she is horrified to find that Rapunzel was already gone. Believing that she was kidnapped, Gothel takes a sharp dagger from her drawer and sets out to find her. She passes by the Snuggly Duckling Inn and while paying attention to the thugs and Rapunzel sing, she realizes that no one kidnapped Rapunzel, but she left with a wanted criminal named Flynn Rider (Eugene) instead. Deeply outraged, when one of the men staggers outside and attempts to flirt with her, she threatens him with her dagger unless he tells her where they are.

When she finds their location, she runs into the Stabbington Brothers, Flynn's partners who he abandoned. She gives them the decision of receiving either the princess's tiara that he stole or revenge on Flynn. They unhesitatingly chose revenge. She encounters Rapunzel afterward, saying that Flynn's only with her for the tiara. Unfazed by Gothel's warning, Rapunzel agrees to put him to the test.

Soon, the Stabbington Brothers take the tiara and knock Flynn unconscious and tie him to a boat, making it look like he was abandoning Rapunzel. They try to kidnap her, but Gothel double-crosses them by knocking them unconscious (deliberately making it look like she was rescuing her). She comforts the heartbroken Rapunzel home and leads her home.

Back at the tower, after undoing Rapunzel's braid, Gothel reminds her that the world is intolerant of joy and happiness, and will destroy any ray of sunshine it finds as the finishing touch of destroying the princess' glimmers of optimism. As Gothel leaves Rapunzel's bedroom to fix dinner, Rapunzel has an epiphany and slowly realizes that she's the lost princess and Gothel is nothing but a kidnapping fraud.

Rapunzel confronts Gothel confidently announcing her realization that she's the lost princess and that Gothel kidnapped her from the start. Stunned, Gothel nervously tries to suppress these revelations, but Rapunzel denies her words. With her patience wearing thin, Gothel desperately claims her actions were out of love, but her manipulations no longer have any effect on Rapunzel. Angered, Gothel has lied and imprisoned Rapunzel her whole life for her own gain, Rapunzel physically denies the abuse and proclaims Gothel will never again be allowed to use her hair's magic from that moment forward, just as Gothel breaks free only to shatter the mirror. With her mind made, Rapunzel starts to make her leave from the tower, but Gothel drops the charade and slowly and menacingly follows Rapunzel.

When Flynn enters the tower to try and save her, Gothel stabs him from behind and tries to take a shackled Rapunzel away by forcefully drag her out of the tower, with intent on finding a new hideaway where the latter will be forced into slavery, but Rapunzel begs to cure him and says that if she lets her cure him, she will agree to be her captive forever. While being hesitant, Mother Gothel agrees but chains Flynn to the wall.

Rapunzel intended to heal him, but Flynn cuts her hair with a shard of glass from the broken mirror, preferring to die saving Rapunzel than let her be enslaved by Gothel. Mother Gothel tries to salvage Rapunzel's cut hair but it turns brown and loses it's power. Gothel begins to age rapidly; she looks in her broken mirror and sees her youth disappear. Horrified, Gothel pulls her hood over her face and begins to stumble around, eventually tripping over some cut hair and falling out of the window. As Gothel plummets from the tower, her body turns to dust and by the time she hits the bottom, it is just her cloak left.

---

When I was finished Rapunzel was shocked, horrified and more. EVERYTHING ABOUT GOTHEL HAS BEEN ONE BIG LIE!

Nico: Gothel has been using the power of the Sun Drop Flower to keep herself alive for hundreds of years. When she found out the power of the flower was inside Rapunzel's hair she kidnapped her for using her to sustain herself. But the flower was also draining Rapunzel of her life.

The King and Queen gasped.

Me: Yeah. Gothel has been a major plague on everyone here in Corona.

Cassandra: My name is Cassandra and Gothel is my Illegitimate Mother and I hate her after everything she did.

Me: We all hate her.

Rapunzel: She locked me in that tower for 18 years.

Nico: I know. If we go back to that tower, Gothel will be waiting for you Flynn and she will kill you.

Flynn: Forget what I said before. You're not going back into that tower!

Stonedozer: Of course she isn't. Especially when you hear Gothel's plans regarding you.

Rapunzel: You're right! After everything she did to me I will never forgive her.

Me: None of us will. She gives loving mothers everywhere a REALLY BAD name and that's why Lola, Eli and Nunnally hate her.

Laney: Yeah.

Lola: She called me ugly the first time and I burned her until there was nothing left of her.

Me: And Elyon killed her the 3rd time with her time powers.

Elyon: I think that was the 2nd or third time. I can't remember.

Nico: But that was intense.

Eli: Yeah it was.

Nico: (To the King and Queen) Your majesties, we won't let Gothel get away with all the pain and suffering she caused to you and to all of Corona. We will make that witch pay for her crimes in full.

Eli: We promise.

Pinkie Pie: Cross my heart, hope to fly, stick a cupcake in my eye.

Ariel: I won't let her get away with it either.

Shocker: I think I should kill her this time. After all, I sent her to her death before.

Elyon: No! I should kill her this time. I aged her last time.

Me: All right you two that's enough. I think Ken has a better idea.

Ken Ichijouji: How about Rapunzel kills her this time? After what Gothel did to her, she's more than earned that right.

Wormmon: Besides, listening to you two argue about who killed Gothel before is tiresome.

Me: I agree.

Rapunzel: You're right. I have more than earned that right.

Eli: Then you will need this.

Eli gave Rapunzel an awesome Keyblade. It was the Ever After

Keyblade.

Eli: You deserve to have this after everything that happened.

Rapunzel: Oh Eli you are the best little brother ever.

Eli: Thank you.

Me: Awesome.

Nico: Lets get ready. I have a plan.

Raven Branwen: First, we need to lure the Stabbington Brothers into a trap. They probably got told by Gothel to go after Flynn. I should know because I led a bandit tribe before.

Yang: I remember that mom.

Nico: Good side plan. And I know just what to do. Applejack, Apple Bloom, Syd, you form a net of bramble vines and form a catapult that will fling them into the dungeons of the castle. They will be coming from the way we came into the kingdom.

Syd Chang: You got it Nico.

Applejack: You got it.

Syd formed a net of bramble vines and Applejack and Apple Bloom made a catapult.

Nico: Okay now here's what we do. Gothel will no doubt be waiting for us at the hidden tower so we need to cage her in and then when we weaken her enough after our usual battles, we'll incapacitate her long enough for us to bring her in to justice.

Me: Good thinking.

Queen: Go get her guys.

Me: We will.

Lincoln: Okay it's time to put Operation: Take Down Gothel Forever So That She Never Terrorizes Rapunzel Or Any Part Of The

Kingdom Of Corona Ever Again And Think Of A Shorter Name For This Operation into action.

Me: How about Operation: Death To Gothel?

Lincoln: That works.

Nico: Awesome. Lets do it!

We went to the forest and Applejack, Apple Bloom and Syd finished the trap and joined up with us.

The Stabbington Brothers then came up to the Bridge and just as they got to the gates.

SPROING!

The net caught them and the catapult flung the Stabbington Brothers far.

Stabbington Brothers: DAA HOO HOO HOO HOO HOO!

CRASH!

They crashed into the Dungeons and were locked up forever.

We got to the forest and then out of a Dark Corridor came EVIL MARLUXIA!

Weather Vane: You might as well come clean, Marluxia! We know that Rapunzel's an extra Princess of Heart!

Me: Yeah but you aren't getting her!

Evil Marluxia: (chuckles) You're right in a way. You see, Rapunzel is an extra pawn in case something… unfortunate happens to the guardians of light, and we have occasion to call on other hearts of light instead. A New Seven Hearts to fill out the ranks.

Sora: New Seven Hearts?

Evil Marluxia: Yes. Seven who inherited the princesses' light after their role was fulfilled.

Sora: So you don't care about her. You guys just want Rapunzel for your own purposes! Well, you're done here!

Me: And we will destroy you!

Evil Marluxia: Hmph. I just knew you would go and make a scene. Very well. (takes out scythe) NOW we can fight.

Shocker: It's about time! Elena, you and Lincoln back me up here!

Elena: Right!

Laney: Not if I have my way with him first!

Laney then formed her scythe and she slashed Evil Marluxia across his face and it hurt REALLY bad.

Laney: You have a lot of nerve Marluxia.

Evil Marluxia looked at Laney and gasped in shock! It was her! The one that beaten and destroyed him in the world of The Lion King.

Evil Marluxia: You're the little girl that beat me!

Flower Petals swirled around her and her power level was rising fast.

Laney: That's right. I'm Laney Loud and you will not live to see the next sunrise when I'm through with you.

Suddenly Laney was enveloped in a powerful flash of light and a massive vortex of flowers exploded out of her and enveloped her and when the vortex faded, Laney emerged forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Laney looked like she was 21 years old and she had longer hair that went down to her lower back and she had a her scarf around her waist. She had a flower with a green diamond in front of it emblazoned in the middle of her forehead and she had earrings in the shapes of crystal flowers. She had a longer plaid skirt with red flowers on it and she had green leggings and a green shirt with roses all over it and she had a sleeveless trench coat with flowers all over the rainbow on it. Her angel wings were made of pure flower petals. She had a bigger version of her scythe in her hands. She was now a SUPER ANGEL 500,000,000 FLOWER ANGEL FAIRY!

Me: WHOA! Laney you look amazing!

Nico: Whoa! She transformed!

Eli: Wow!

Lincoln: Laney how do you feel?

Laney: (Divine Echoing Flower Voice) **Incredible guys. My power is more than enough to take this dirtbag out.**

Laney then slashed Evil Marluxia and cut his chest open and revealed his black heart!

Laney then kicked Evil Marluxia in the face and smashed him down and then slashed his face. Laney then kicked him in his mouth and knocked out some teeth. Donald, Lincoln, Elena, Shocker and Marluxia slashed and blasted him all over the place and kicked him all over and smashed him down.

Nico: Lets get to the tower!

We went to the Tower and we arrived there.

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion came out with beams of light and darkness and the symbols of all the Power Rangers Teams from over the course of 46+ Years swirled around and then we popped out of each symbol.

Nico: Now lets get Gothel. GOTHEL! COME OUT AND FACE US YOU FUCKING COWARD!

She came out and saw us.

Nico: Gothel in the flesh.

Gothel: Team Loud Phoenix Storm. Nice to see you again.

Lola: And it will be for the last time you fucking old hag!

Gothel then gasped in shock!

Gothel: What did YOU JUST CALL ME!

She then erupted into a massive explosion of fire AND SHE WAS INFURIATED!

Gothel tried to stab Flynn in the chest but he moved to the side and his shoulder got stabbed instead, making him fall to the ground.

Dumbelltron: Are you okay, Flynn?!

Flynn: (smiles weakly) I'll be fine. My shoulder hurts bad though.

Gothel: I was hoping to do this the old fashioned way. But you forced my hand! Grim Guardianess, come forth!

Said Heartless came forth.

Nico and Eli blasted it into oblivion!

Nico: Your time has come Gothel!

Elyon fired a blast of time energy and it hit Gothel and aged her fast! She was as she was at the start!

Eli: You will pay for your crimes Gothel. You lied to someone I love as a sister and you will pay for that! BIG TIME!

Me: We've had it with you Gothel! You are dead!

Professor XXXL, Mumbo Jumbo, Knightbrace, Toiletnator, Dodgeball Wizard, Six Gum Gang, Mr. Fizz, Pyros, Stratos, Lythos and Hydros.

Nico: Professor XXXL, Mumbo Jumbo, Knightbrace, Toiletnator, Dodgeball Wizard, Six Gum Gang, Mr. Fizz, Pyros, Stratos, Lythos and Hydros.

Me: Good theme for this one. Kids Next Door Villains and the 4 Titans of the Elemental Forces of Nature.

Professor XXXL: Did we miss anything?

Nico: Just the reunion between Rapunzel and her parents.

Mumbo: And between Rapunzel and Eli, right?

William: You got it.

Knightbrace: Good thing Flynn isn't hurt too bad.

Toiletnator: By the way, we heard you guys met the She-Monster.

Dodgeball Wizard: I expected her to look like Man Thing and Swamp Thing.

Me: She looks like a normal human but her power is intense.

Nico: Yeah she is incredible and her power is amazing.

?: (Chinese Accent) No kidding.

A figure came out and it was FU MANCHU!

---

**Fu Manchu**, also called " **Dr. Fu Manchu** ", is an infamous villain who originated in the novels of British author Sax Rohmer but has become somewhat of a stock character in fiction due to his popularity - although in recent times Dr. Fu Manchu has been criticized by some as an example of the "Yellow Peril" stereotype. The Marvel Comics version serves as the main antagonist of the Shang Chi series where he is the arch-enemy and father of Shang Chi.

In fairness to Dr. Fu Manchu, he shares traits that are common in all arch-villains such as cruelty, extreme intelligence and a hunger for power - he has been used in *Marvel* comics for a while but no longer appears in the comics due to the fact *Marvel* no longer own the rights to use him: however, Marvel gave Dr. Fu Manchu a son, who is a hero, whether this is canon outside the Marvel universe is unknown or not (though it seems likely it's the only canon for Marvel's version of the character). Marvel has replaced the character of Fu Manchu with Zheng Zu, though it's the same face and the history of Fu Manchu is his history, it apparently was simply a name he took.

Dr. Fu Manchu is an example of a mastermind and remains an iconic villain despite his considerable age as a character - have been appearing in varied formats for over 90 years. He has become an archetype of the evil criminal genius while lending the name to the Fu Manchu mustache. In films, he was played by the late Warner Orland, Boris Karloff, Christopher Lee, and Peter Sellers. He even appeared (unnamed) in *The League of Extraordinary Gentlemen* as a rival of Professor Moriarty.

Fu Manchu is a very ruthless man, but he has a sense of honor and his word is very important to him. Though partially out of his own desire for world domination, Fu Manchu has helped take down fascist dictators and communist regimes at times, making him a dark antihero. Fu Manchu never lets his underlings fail him twice, the only exception being his daughter, Fah Lo Suee, due to his fatherly love for her.

A very loosely adapted version of the character appears as the main antagonist of the Turkish Superman movie Demir Yumruk: Devler geliyor, in which he is portrayed as a wheelchair-bound transvestite crime lord seeking to use a Uranium deposit to rule the world.

Marvel Version

Fu Manchu (true name, Zheng Zu) was born in the mid 19th century. He learned various scientific disciplines, the martial arts, and the esoteric arts at a monastery in China. Once he mastered all he could, he joined an ancient Chinese secret society, the Celestial Order of the Si-Fan.

By the early 20th century, he was the leader of the Si-Fan and has remained so ever since. Fu Manchu has attempted to take over either the United States or the world itself on several occasions, sometimes from behind the scenes and other times openly. In one of his earlier attempts in 1933, representatives of the League of Nations' were being mind-controlled by Fu Manchu but he was stopped by Denis Nayland Smith. The first known attempt by Fu Manchu in conquering the United States via the dispersal of a mind-control chemical into the atmosphere was defeated by his son, the hero Shang-Chi.

Afterward, he executed a plan to brainwash the population of the United States using television waves, but the operation was taken down by Shang-Chi and Spider-Man. Fu Manchu then attempted to start World War 3 by manipulating the United States and China into a war against each other, fortunately, he was foiled by Spider-Man, Iron Fist, and the Sons of the Tiger.

His most audacious plan was yet to come. Fu Manchu was going to knock the moon out of its orbit, which would result in cataclysmic effects on the Earth. Afterward, he would be able to use the opportunity to conquer the chaotic world. Shang-Chi working with the British intelligence agency (MI6) assaulted his subterranean mountain fortress city in the Arctic and then his space station, preventing the end of the world as they knew it. In the explosion on the space station, Fu Manchu appeared to die.

Fu Manchu returned and brought various secret societies together under his umbrella, which were the Hashishin (Middle East), the Templars (Europe), the Leopard Cult (South America), the Thugees (India), the Light-Seekers, the Followers of the Left-Hand Path (Satanic), the Three-Cornered Sight, and the Twenty-Third Sect. They joined his own Celestial Order of the Si-Fan in the Order of the Golden Dawn.

Using the Order of the Golden Dawn, Fu Manchu sowed confusion and fear around the world in an attempt to bring about chaos and eventually World War 3 by creating "UFO" incidents, mind-controlling the representatives of the UN, and attempting to detonate a nuke in the Big Apple. Shang-Chi was able to stop him before detonating the bomb. Years afterward, an old and ailing Fu Manchu apparently died.

For nearly two decades, he was believed dead. When he reemerged he appeared younger. Once again he threatened wold with a lightning ray weapon (Hellfire) that had the ability to destroy cities. Shang-Chi and the MI6 assaulted his Hellfire Base, destroying the weapon. Years later, Black Panther the Wakandan sovereign and Avenger team member, was on a tour of the United States in search of a wife. Fu Manchu offered his daughter to create an alliance between the two but was rejected and his forces clashed with the Black Panther and Luke Cage. The superheroes prevailed, and Fu Manchu withdrew with his daughter and forces.

---

Me: Whoa Fu Manchu!

Fu Manchu: The famous J.D. Knudson and Team Loud Phoenix Storm. An honor.

Me: Another awesome book character that I remember. So awesome.

Lilith: Awesome. I'll face him.

?: Awesome setup.

A figure came out and it was VULPES from episode 13 of Samurai!

---

Vulpes is one of Nighloks. Vulpes served Octoroo. In the thirteenth episode, Octoroo sent Vulpes to spie on Jayden and find out of the symbol of power to seal Master Xandred with his mirror and "enchanted eye". Vulpes had to find out if Jayden possessed spells to seal Nighloks. Vulpes possessed a lot of mirror spells. Vulpes summoned activation of Power Rangers detector on promenade. Vulpes didn't appear there. He only left there a piece of dark magic, which stuckedcto Jayden. Jayden started to feel the presence of monster and Vulpes could watch Red Ranger throught his magic mirror. However Jayden tricked villain. Jayden arrived at the shore of Saint Lake and summoned mist. Vulpes's magic didn't work under the water and his mirror was silent. Vulpes returned to Octoroo, and they noticed it. Then Vulpes arrived at human world and went to shore of the lake. Then Rangers arrived and broke Vulpes's mirror, but he still was highly powerful and defeated heroes by reflecting their attacks at them. However then Antonio arrived and morphed into Golden Ranger. Vulpes summoned Moogers, but Antonio defeated them. Then Antonio battled Vulpes. Vulpes summoned bats, but Jayden morphed and helped Antonio, by destroying bats and knocking Vulpes. Then Antonio battled and destroyed Vulpes with his Barracuda Bite Attack. Vulpes returned as Mega Monster and became invisible and easily attacked Battlewing Megazord, but Antonio summoned Octozord, which used its ink cloud and made Vulpes visible. Battlewing Megazord then destroyed Vulpes.

Jayden: Vulpes!

Vulpes: Been a while rangers.

Vulpes: That's right and good memory on you.

Me: Never missed an episode.

Vulpes: (laughs) I'm glad you do. But does your inner self like it as well?

Naruto: Lets find out.

He checked and Natsumi said she does too.

Naruto: She does.

Vulpes: If you beat me you can have it.

Naruto: Nice.

Me: Lets get it on.

Twilight Sparkle: J.D. hasn't seen her for 13 years.

Star Swirl: Yeah it was a long time for him and her.

Spyro: Yeah it sure has been a while for him.

Lightning Lisa: But what really shocked us was that a jealous friend of hers could be so stupid as to splash sulfuric acid onto her face.

Popeye: Yeah what a low down doity palooka! (Tweets pipe)

Olive Oyl: She sure was jealous. J.D. said that Elise had been the most beautiful girl in all his class.

Fluttershy: Yeah that was awful. But thank goodness that J.D. healed her and helped her out.

Mage Meadowbrook: What those kids did to her was awful.

Roxy: Fitting for those monsters.

Layla: They brought it all on themselves.

Tony: Where are we?

Stragg: I have no idea. Eden, are you sure you did the Spell correctly?

Eden: It's time for us to head back to the Moonlands. We can always try going back to Earth tomorrow.

The 6 of them then saw Tentacool, who saw the whole thing.

Ugger: Look! It's a Tentacool!

Tony: Hey there. Can you keep this a secret until the time is right?

Tentacool: You bet! It'll be awesome to help you all in the future.

Tony: Thanks. (To the viewers) See you all on September 1st!

They teleported away.

Gothel was down.

Goof: Well, that's it for this bitch.

Wilbur: You said it, Goof!

Mr. Fizz: (to Rapunzel) Are you happy to be reunited with your true family?

Rapunzel: I sure am!

Lythos: Good to know.

Stratos: (looks at Mother Gothel) Now, there's one final loose end to tie up.

Hydros: I'll freeze her so Rapunzel can deal the finishing blow.

Rapunzel: No. I don't want her dead. Not yet.

Dixie: Dammit, girl! Make up your mind!

Me: We want to bring her to Corona so she can face judgement by the King and Queen themselves. This is a family matter for them.

Nico: Good point. Lets do it.

We took Gothel back to Corona.

She was thawed out and tied to a pole.

King: The Witch Gothel has been found guilty of the crimes of kidnapping, high treason and attempted murder. The sentence: DEATH!

Everyone cheered wildly.

Me: May God have mercy on your worthless soul. Rapunzel since she affected you the most, you get the shot to kill her.

Rapunzel: Thanks J.D.

Rapunzel went up to her.

Rapunzel: You will never torment anyone again "Mother". Do you have any last words?

Gothel: I raised you to be a good daughter and this is how you repay me?

Rapunzel: You did raise me. And I thank you for that. But you taught me the wrong things. The world is a cruel place. But the only people that are cruel in the world are people like you. And that's why it has to end like this for you.

Cassandra: That's right "Mom".

Gothel gasped when she saw her.

Cassandra: Surprised to see me?

Gothel: I thought you were dead Cassandra.

Cassandra: I was shown the truth. You are no mother to anyone.

Rapunzel: Now you die.

Rapunzel then slashed Gothel and she exploded into flames and was incinerated in an instant!

Me: YEAH!

Her evil spirit then appeared.

Lola: May I do this one this time?

Rapunzel: Sure Lola.

Lola went up to her.

Lola: You will never be worthy of joining Heaven or Hell. (Holds hand out to her) HAKAI!

She super hakaied her and destroyed her forever!

Me: Good riddance!

Nico: Yeah.

Rapunzel: Thank you so much guys for everything.

Eli: It was our pleasure sis.

Nunnally: Anything for family.

Nico: But we're not out of the woods yet. We have a huge war coming up in 8 days. We'll need all the help we can get if we're going to destroy Xehanort.

Rapunzel: And I will gladly help you all.

Flynn Rider: Same here.

Me: Awesome.

Rapunzel: (To the viewers) Gothel is history and is now a forgotten memory. Now Corona can be in peace and harmony. But we have 8 days left till the big war.

Nico: Yep.

We went back home and had dinner and went to bed.

TO BE CONTINUED…

# WAR OF THE HEART PART 7

TOY STORY 1995

---

Me and Luciana were flying over the city of San Francisco in California and it was just as beautiful as ever.

Luciana: I have a feeling we'll be rescuing a lot of people today.

Luciana concentrated and groaned as lightning coursed through her body.

Me: I have that same feeling too.

Then Luciana turned into ELECTIVIRE!

We saw people running for their lives and then we saw THE GINORMOUS OCTOPUS from the movie It Came From Beneath the Sea from 1955!

---

The **Giant Octopus** is a daikaiju-sized cephalopod from the Pacific Ocean which attacked San Francisco in 1955. Curiously for an octopus, it possesses only six arms, rather than the usual eight.

Biology

This is a huge, six-armed, free-swimming, jet-propelled mollusk, and is capable of achieving great speed on the open oceans. Its natural habitat is the Mindanao Deep in the Philippine Sea, but it was driven away by nuclear bomb testings in the area, which also resulted in its body becoming dangerously radioactive. After sinking a ship, the giant octopus apparently develops a taste for human flesh, as it swims towards the North American coast, grabs a car with one of its tentacles and apparently feeds on the people inside. According to Dr. Lesley Joyce, a member of this species was also observed off the coast of Denmark and Holland in the 13th century.

---

Me: WHOA! It's the Giant Octopus from the 1955 Movie, It Came From Beneath The Sea!

Luciana Electivire: WHOA! It's huge!

Me: Looks like we're gonna have an octopus buffet for lunch! Lets get it!

We went at the giant octopus and fired blasts of fire and lightning at it and burned it all over.

Then we saw blasts of darkness and rainbow energy beams hit the Giant Octopus.

We saw the next girl and it was a Hel from Norse Myth and with her was 8 Vivillon but with 8 different patterns on their wings.

Me: Whoa that girl is a Hel from Norse Myth and there's 8 Vivillon with her.

Luciana Electivire: Yeah. She would make a great member of the Goths of Darkness.

Me: Lets turn this massive octopus into sushi!

We fired energy and lightning blasts and killed the Giant Octopus into the catch of the day!

Halifa: That was great! Thanks guys.

Vivillon: Yeah that was great.

Vivillon 2: Wow you're the famous J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: That's right and this is Luciana. She is also an Electivire.

Halifa: It's an honor to meet you. I'm Halifa and these the Vivillon Gene-Slammer siblings Nadine, Nina, Kira, Kay, Kelly, Naomi, Valerie and Violet.

Me: Pleasure to meet you all. I can revert you all back to human and you can transform and use the powers of the Pokemon you turn into at will.

Vivillon 3: We would like that.

Vivillon 4: That would be awesome.

Me: It will hurt bad. But here we go.

I put on my Blind Man Glasses.

Me: Here we go.

I snapped my fingers and the 8 girls reverted back and so did Luciana.

Luciana was human again. But naked. Same with the 8 girls and they had colored hair that matched the patterns of the wings of the Vivillon they turned into.

Luciana: (covers herself) Well, today marks the first time where lots of people are n***!

Halifa: Because some of them are kids because of those scientists of Team Rocket.

Me: You aren't kidding about that.

Nadine: Yeah that is nuts.

I gave Luciana new clothes and the 8 kids towels.

Kira: Thanks J.D.

Me: You're welcome.

Halifa: But we have enough octopus for a huge seafood buffet.

Me: Lets get this huge pile of meat back to the World Tree Estate.

Halifa: Awesome.

I took the giant octopus back to the World Tree Estate and we all went back home.

* * *

Back at the World Tree Estate, everyone was getting ready for lunch.

We came in as the roof opened and the giant octopus was dropped into the kitchen for lunch.

Nico: WHOA! LOOK AT THE SIZE OF THAT OCTOPUS!

Eli: WHOA! That octopus is massive.

Me: It's the giant octopus from the movie It Came From Beneath The Sea. We're having a huge all you can eat octopus buffet for lunch.

Nico: Awesome! I'm starving. And the girl you have with you is a Hel from Norse Myth.

Me: Yep and we have 8 girls that are all Vivillon Gene-Slammers.

Eli: Whoa! They are Octuplets.

Laney: Cool!

Miia: Halifa!

Halifa: Miia!

They hugged.

Halifa: It's awesome to have you in the team.

Miia: It's not just me.

We got to having an awesome and huge seafood buffet lunch. When it was done we were eating octopus steaks, octopus spaghetti, octopus soup and more.

---

Later Nico was getting ready to visit the world of the Aligned Transformers.

May: Hey, Nico.

Nico: May! Maria! What are you two doing here?

Maria: (smiles) You don't have to hide it, Nico. We know where you're going. The two of us are close to you, remember?

May: Just as long as you don't flirt with any girls there!

Nico: Don't worry I won't.

Me: Heading out to visit the world of Transformers R.I.D. Nico?

Nico: Yep. I'll be back.

Me: I'm gonna be helping Applejack and her family harvest the Summer Crop.

Nico: Have fun.

Me: I always do.

I put on my Cowboy Hat and flew to Sweet Apple Acres.

Nico went through a portal and went through it.

---

Nico arrived in the world of the Aligned Transformers.

Nico: What's up, party bots? Nico's in the house!

R.I.D. Bumblebee: Glad you could make it Nico.

Strongarm: Awesome having you here Nico.

Nico: Yeah it sure is.

Aligned Optimus: Nico, I would like you to meet the rest of the Autobots on the team. Arcee, Bulkhead, Ratchet, Windblade, Jazz, Smokescreen, Wheeljack, Knock Out, and Ultra Magnus.

Aligned Bumblebee: And the rest of our human friends. Jack, Miko, Raf, June Darby, and Agent Fowler.

Nico: It's a pleasure to meet you all.

Jack: We heard so much about you Nico.

Raf: And it's an honor to have the awesome second in command of Team Loud Phoenix Storm with us.

Agent Fowler: It's a true honor to meet you.

Nico: Awesome to meet you all too.

Aligned Bumblebee: Did you ever find out who was giving your friend nightmares?

Nico: Yep. It was the Phantom Stranger.

Russel: I thought he was a good guy.

Nico: He is. He was giving my friends nightmares so they could get new Keyblades.

Aligned Bumblebee: That's interesting.

Nico: Yeah it sure is.

Knock Out: So, you lead the Decepticons in your universe? You must have a pretty good life with your team.

Nico: Damn straight! (sighs) But there are times when they don't treat me like I'm a friend and teammate.

Aligned Ratchet: I'm sure it's not that bad.

Nico: Well, there was a time where Girl Jordan got defiant of my orders because of another version of Carnage. She wanted ice cream but I told her that she can have it after we defeated the villain of the day. But she disobeyed me so I spanked her.

Raf: That's not too bad. That's like how a parent disciplines a child for misbehaving.

Nico: Well, even still, J.D. didn't like that. So he punched me and then threatened to cut off my tail if he did that again.

Miko: Really now? Well, maybe I should give him a piece of my mind for scolding you just for being a good leader that day!

Nico: No no it's not necessary. J.D. is just looking out for me. I'm just stating my honest opinion.

Miko: Oh. And what do you mean you have a tail?

Nico: I'm a Saiyan from the planet Vegeta. Long story about that.

Raf: I see. But J.D. is just looking out for you like you said. He loves you like a brother.

Nico: I know and he is a true friend.

Jack Darby: You know what? I should have a little talk with J.D. on being a good friend and good leader to you!

Aligned Ultra Magnus: Nico, I suggest you set an example to your teammates to show your authority.

Nico: So, in other words, I should show them who's boss?

Aligned Wheeljack: Exactly! If you do that, even J.D. will listen to you on even numbered days.

Nico: You're right! I need to put my foot down and show them who's boss by Grabbing the bull by the horns.

Raf: YEAH!

Aligned Bulkhead: Look, Nico. Anytime you feel that you feel like an outcast in Team Loud Phoenix Storm, you're always welcome to stay with us full time.

Nico: Thanks Bulkhead. I appreciate that.

Later Nico came back.

Loud sisters were in the living room, trying to figure out what movie they were gonna watch this evening.]

Lori: [showing the dvd] Guys, we should literally watch Lawfully Blonde!

Leni: Oh, I love that movie!

Lynn: No way! We should watch something with action! [showing her dvd] Like a Wacky Chan movie.

Lola: [holding her dvd] I say we watch Cutie and the Beast!

Luan: [showing her dvd] Comedy is pure gold!

Luna: [showing her dvd] Dudes, musical movies are the best!

Lincoln came out of his room in a really rotten mood and he was madder than a swarm of angry wasps.

[The sisters all started fighting over what to watch. Lincoln came downstairs, his head is unseen top of the screen. He walks in and stands in front of the TV.

The sisters stops fighting and noticed Lincoln, and he had a bitter look on his face.]

Pharaoh Atem: Lincoln? Is something wrong?

Lincoln gave him a REALLY NASTY DEATH GLARE! If looks could kill, Lincoln would send Pharaoh Atem back to the afterlife.

Lincoln came down.

He looked at his sisters with incredible fury!

Then Lincoln pushed all his sisters away from the living room as they complained.

Lori: "Hey! What's the matter with you?! Stop pushing us!"

Lincoln: (Angrily) You guys are being too loud and I want you outta here!

Lola: You can't tell us to leave! We live here too!

Lincoln: (YELLING AT THE TOP OF HIS LUNGS!) "SO MOVE!

Lola was surprised at Lincoln's outburst, and so were the other sisters.

Lola: Uh… okay.

Lincoln: You know what, I'll leave instead.

Lincoln walked out the elevator and left, leaving his sisters confused.

Luan: Well, that was awkward.

Nico: I wonder what has Lincoln so upset.

Eli: Yeah I wonder what's up.

Lana: Yeah, what's Lincoln's deal?

[The sisters watches and everyone went down and Lincoln grumpily walks down the street.]

Lars: It appears a dark cloud is hanging over Lincoln's head, guys. Our brother is a mere shell of the awkward, reliable white haired geek we know and love.

Prohyas: There's got to be a good explanation, right?

Poliwag: Maybe he's pissed off about Xehanort.

Nico: Maybe. We all have been pretty on edge since we found out about Xehanort's plans.

Laney: Lets go see what has him upset.

Leni: We should go cheer him up.

Lynn: Ah, the guy's a big baby.

POW!

Nico punched her in the arm.

Lynn: OW! Nico what was that for?!

Nico: To remind you to shut up when you say something mean! From now on I'm going to keep you all in line even with brute force! Got a problem with that!?

Lynn: (GULPS) No sir.

Nico: Good.

Lori: Yeah, he's probably just got gas.

CRUNCH!

Nico stepped on Lori's toe.

Luan: [muttering] I know someone else who has gas.

Lori: What was that?

Luan: Nothing.

Luna: Dudes, let's just go find Lincoln.

Nico: Right.

[Everyone went out after Lincoln. The scene shows Lincoln sits alone on a stump in the park. Everyone then arrives there.]

Leni: Lincoln, is there anything we can do to make you feel better?

Lynn: Hey guys, is that a white haired beaver on a log?

Lincoln then came over and he grabbed Lynn and pulverized her into pulp and then turned her into a human pretzel!

Nico: WHOA! I've haven't Lincoln this mad since well, ever!

Lynn: I will kill Stinkoln for this!

Lynn got socked in the eye by Eli.

[Lincoln picks up the stump and turns away.]

Luan: Poor Lincoln, it's like the sweetness inside him is gone.

Eli: Yeah no kidding.

Lynn: That's because I took out his sweet tooth, Luan.

BONK!

Moe Howard bonked her on the head.

Moe Howard: Shut up you big baboon.

Lincoln: SHUT UP! [He turns back around, now blushing red in the face.]

Lynn: YOU shut up!

Luna: Dude, quit it! Our bro's having a bad day!

Lynn: Lincoln's a wuss. [Lynn goes to stand next to Lincoln.] Hey lame-o, I'm gonna give you to the count of three to get over yourself! [She tugged on his shirt and held up her fist.] One! Smile, you miserable-Two! Snap out of it, ya-

Lincoln: [grabbing Lynn by her face] You torment me! [He throws Lynn against a tree]

CRASH!

[She hit it and the tree breaks in half and crashes onto her.]

Lynn: Ow… I'm hurt now.

Lana: [amazed] Whoa, brutal.

Nico: Ouch.

[Leni brings out a stool and sits by Lincoln. She is going to try compassion.]

Leni: Hey, Linky? [Lincoln doesn't respond.] Do you know what I like when I'm feeling crabby? [She hugs Lincoln] A big hug to squeeze those cares away!

Lincoln: [shoving Leni away] Touch me again and I will kill you and rip your head off! [Leni looked upset]

Lori: Wow, that's literally harsh.

Nico: LINCOLN YOU DO THAT AND I WILL RIP YOUR THROAT OPEN!

Leni: Lincoln, if you care to share your feelings with me, I'll be right here for you, my dear brother. [Leni notices that Lincoln is scraping the bark off the stump with his bare fingers. Lincoln turns and looks at Leni with a deathly glare. He had a look on his face that said "Touch me and I will Super Hakai You From Existence you Dumb Bitch!" Leni walks off, bit scared.] Well, let's leave Lincoln to gather his thoughts, guys.

Lisa: A little self-introspection may do him a world of good.

Lori: So what are you gonna do now, Leni? Knit him a sweater?

Leni: Oh, that's a great idea, Lori.

Nico: If Lincoln doesn't cheer up, I'm gonna pulverize him into pulp!

[With the sisters gone, a grumpy Lincoln was left alone at the park. The sisters were back at home, looking for stuff to cheer up their brother. Lana, Lola, Lars, and Luan gathered belongings from Lincoln's room.]

Eddy: You know guys I can't help but wonder where I've seen this before.

Edd: Yeah it's very familiar.

Lana: Okay, I think we've got enough things.

Lola: Even his dirty Ace Savvy underwear.

Nico: Okay maybe we don't need that.

Lola: Yeah you're right.

[They walked out with Lana and Luan carrying the box. The rest of the sister were in the hallway.]

Luna: I've got my guitar.

Leni: Me and Lori made a sweater for Lincoln.

Nico: That's thoughtful.

[Lynn was eating a meatball sub.]

Lars: Lynn, this is no time for meatball subs.

Lynn: I was hungry. And I'll save a meatball for Lincoln or whatever.

Nico: Lynn how can you be hungry after having a huge octopus buffet for lunch?

Lynn: I love to carbo-load.

Lisa: Well, in case none of this stuff works, I concocted the potion that might calm Lincoln's nerves. [showing her potion.]

Lori: Sounds promising.

Nico: Well it's worth a shot.

Luan: Guys, check this out! [Luan held up one of Lincoln's comics.] Lincoln has a comic called "Picking Up Chicks".

Girl Jordan: I didn't know Lincoln loves girls in hot bikinis like that.

Nico: (Laughs) Well he's a growing kid.

Lynn: I think Lincoln's going through his period.

BONK!

Nico bonked Lynn on the head.

Nico: Lynn you dolt. It doesn't work for men.

Loud Sisters: Oooooooh! [The girls gathered around Luan as she looked inside the book. Instead, they saw a page filled with actual baby chicks. The girls excitement went away]

Ed: Looks like I'm not the only one that likes that kind of magazine.

Lisa: I didn't even know Lincoln was into those kind of comics.

Eddy: That is interesting.

[Everyone returns to the park. They stopped. Another random bully is bullying Lincoln by bouncing a baseball behind his head. Lincoln looks irritated.]

Lana: Hey, stop picking on our brother!

Bully: But he's so easy to pick on.

Nico: Leave him alone you douchebag or I'm gonna slash your fucking throat!

Lynn: Yeah!

[Lincoln grabs Lynn and shapes her into a bat.]

Bully: Potent. [He laughs. Lincoln takes a swing at the bully and sends the jerk flying. Lynn is tossed away.]

Nico: Whoa.

Lynn: Is he happy yet?

Luna: Not even a smirk.

Nico: At least that jerk had it coming.

[Lola and Lana went up to Lincoln]

Lola: Hey Linky, I got you an Ace Savvy comic.

Lana: And you can read it in your Ace Savvy underwear. [They handed the stuff over Lincoln. Lincoln hesitated, but then he put the underwear over Lola's face.

Lola freaked out and ran away. Lana laughs.] Now that's what I call overwear!

[Lana continues laughing. But then Lincoln opens the book and slams it shut on Lana's head. The book falls loose, revealing her head as a page from a comic book. Lana is saying, "Ow." Lola and Land walked back to their sisters and Lola tags Luan. Lincoln has a pie on his lap. On top of it is a lit candle. He and Luan are wearing party hats.]

Luan: Go on, Linky! Blow out the candle, and make a big happy wish!

[Lincoln stuffs the pie into Luan's mouth. Luan came back to her sisters and tags Luna in. A montage of the other sisters tried to cheer up their brother. Luna sang a song on her acoustic guitar, which made Lincoln slam the guitar at Luna's face. Leni and Lori presented their sweater to him, but he found it uncomfortable so he threw it in the mud. Lynn offered Lincoln a meatball, but he didn't accept it. She shrugged and ate it. Lars brings a ghost hunters vacuum from the tv show A.R.R.G.H and shows it to Lincoln, but bats fly out of it, Lincoln glares at Lars. Lars smiles sheepishly as he had just remembered that his bats were napping in there. Now Luan and Lynn are putting on a puppet show for Lincoln, with the other sisters watching too. Lynn was holding a robot toy and Luan had a monster toy.]

Luan: La la la! Hey, Mr. Robot, our moody friend sure could use a good chuckle. Say, why was the robot mad? People kept pushing his buttons! [Laughs] Get it?

Lynn: I hate puppet shows. [She dropped the toy robot.]

Luan: You're not even trying! You pick that up!

[Lincoln pulls a cord on the toy monster's back. A blast of fire shoots out of the toy's mouth, burning the puppet show and the top of Luan and Lynn's hairs. The sisters were shocked.]

Nico: WHOA!

Lynn: [amazed] Whoa! Nice toy.

[Luan drops the toy monster.]

Eli: Who in their right mind would use real fire in a toy like that!?

Nunnally: I was just about to ask to exact same thing.

Luan: Uh, Lisa, how about you use that potion now?

Lisa: Now would be the appropriate time. [holding a eye dropper with the potion in it and went up to Lincoln] Hold still, male sibling. This is for your own good. [But Lincoln snatches Lisa's eye dropper and throws it far away. Lisa is amazed.] I got to admit, that is some impressive throw.

Lola: Great, now what do we do?

[Leni searches through the box and found something.]

Leni: Guys, I found Lincoln's Bun Bun costume. It looks almost like the right size for Lynn. Are you thinking what I'm thinking?

[The sisters looked at Lynn and smiled in a hopeful manner. Lynn immediately knew what they wanted.]

Lynn: No! No way! Forget it! I ain't doing it!

Leni: But Lynn, look at him! [pointing at the grumpy Lincoln.]

Lisa: If Lincoln doesn't cheer up soon, he could become a perpetual mope.

Edd: Now I remember! This happened to Ed too!

Eddy: Right I remember! Ed was as mad as Lincoln is now.

Ed: I remember that!

Lori: Do you realize how miserable our lives would be?

Lynn: Well all right.

Nico: Do it.

[Lynn hesitated. She reluctantly decided to put on the Bun Bun suit but was still frowning.]

Lynn: [hopping] Hop hop hop. Look at me, I'm a bunny. Hop hop hop. You love bunnies, bunnies make you happy. Hop hop hop. How about a nice juicy carrot?

[Lincoln comes over to Lynn, stepped on her foot, tie her up with the bunny ears, and shoves Lynn away.]

Leni: You forgot to shake your cottontail, Lynn.

Lynn: [snaps] THAT'S IT! [She tore off the costume and runs over to Lincoln.] I've had it up to here with your bad mood! Crack a smile! Bust a gut! Be happy!

[She slaps Lincoln on the back of his head.] Get over it!

Nico: Oh no.

Lincoln: [snapped, growling] RAAAH!

[the sisters looked scared, knowing what's going to happen.]

Luan: [scared] Uh, Lynn, you shouldn't have done that…

Lincoln: [His face turn red and his eyes turn yellow with red swirls and he rips two pieces of his hair and angrily screams loudly at the world.] ***BIG TROUBLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLLEEEEEEEEEEEEEEEE***

[He yelled so loud that he made Leni faint and caused Lori's clothes to rip off, leaving her bra and underwear and Lana's hat got blown away by his scream. The other sisters looked frightened. Lincoln grabs his stump and went on a rampage, proceeding to smash things in the playground with it. He grabs into various pieces of playground equipment and tossing them in the air. The sisters panicked and hid in a tree. Lynn dragged Leni with her.]

Lori: He's literally out of control!

Lisa: Completely consumed with violence and pure rage!

[Broken pieces of playground land around them. The sisters runs for their lives panicking, Lori grabs Lola and Lana and runs along with them, Lola's tiara falls off and lands on the seesaw. A tree lands on one end of the seesaw and the tiara shoots up into the air.]

Lincoln: [holding a lamp post] I WANT TO BE ALONE!

[The tiara hits Lincoln on the back of his head. Lincoln looks at the tiara with a deadly stare.]

Eli fired Force Lightning at him.

Lincoln: I TOLD YOU TO LEAVE ME ALONE!

The next thing Lincoln knew, Nico pinned him down and started punching him mercilessly. Not even his new bad mood could get him out.

Lockdown: I've never seen Nico discipline anyone like this.

Poromon: Did anyone piss Nico off?

Manaphy: Not that I know of.

Horsea: Either way, Lincoln's getting a severe beating!

POW! BLAM! BIFF! KROW! SMASH!

[Lola tugs off Lincoln's shoe. A little bug tumbles out. Lincoln, suddenly no longer angry, wiggles his toes and noticed that the pain in his foot was gone. He smiled.]

Lincoln: [happy] Hey, my foot's all better now. [he tosses Lola's tiara away] Lincoln is happy once more!

Lola: My tiara! [She catches and puts on her tiara.] Oh, my precious, I'll never lose you again.

[Lana walks over to the shoe and bug and picks up the bug.]

Lana: Hey, it's my pet bug.

Lori: [astounded] A bug? Lincoln's bad mood was all because he had a bug in his shoe?

Nico: What kind of bug is that?

Lisa: Not just any bug. That's a parasitic *Dermacentor variabilis*, also known as the wood tick. It must have got into his shoe somehow.

Nico: A Wood Tick? How in the world did Lincoln get a Wood Tick in his shoe?

Luna: No wonder our bro is so grouchy, that little bug must have been biting his foot the whole time.

Lincoln: [comes over to his sisters] Well, I didn't know.

Nico: He was out of his mind with pain from the biting it was causing to him. Ouch.

Varie: Lets get Lincoln and the Loud Kids back to the estate to heal.

Nico: Good idea. And from now on when I'm in charge you will do what I say OR ELSE!

Lynn: Or else what?

KAPOW!

Lynn got punched in the face by Nico hard and got a nasty black eye.

Nico: Would anyone else like to be disobey me whenever it's my turn to lead?

Lugnut: Of course not, my liege!

Squidward: We're good!

William: Whatever you say goes when it's your turn!

May: I'm always with you, honey!

Maria: I'm definitely not disobeying you now!

Huffer: (to the rest of the Loud Kids) You heard Nico. You guys better start following Nico's orders on even numbered days or you're next!

Nico: Well said Huffer. Well said.

They got back to the estate and Varie, Nurse Santiago and Robo Lori were healing everyone up. I came back.

Me: Whew! That was a good harvest.

I was dripping sweat like no tomorrow.

Nico: Hey J.D. How was the harvest?

Me: Did really well. The Summer Crop is all fully harvested.

Nico: Great.

Me: How was the Aligned Universe, Nico?

Nico: It was good. But Bumblebee and the others are gonna have a little… talk with you soon.

Me: (Gulp) I don't like the sound of that.

I saw the Loud kids beaten up really bad!

Me: HOLY CRUD! What happened to you all?!

Varie: Really ugly story.

They told me all about what happened with Lincoln and how he had a Wood Tick in his shoe that was hurting him.

Me: Lincoln had a wood tick in his shoe and he was enraged because he was out of his mind with pain from it biting him? Ouch!

Lincoln that must've really hurt.

Lincoln: Yeah it did.

Eli: No kidding. Ouch.

Maria: (to me) You have to admit, J.D. Nico's been having fun with the Aligned Autobots the last few days. You and the Loud Kids have been too angry about Xehanort to even do that.

Me: We have been on edge about that yeah. But I can tell that there has been a really huge change in Nico like he grew a huge backbone.

Maria: Yeah.

Nico: That's because I did grow a backbone. I decided to take my job as enforcer and 2nd in command VERY SERIOUSLY.

Me: Wow! Way to show some grit.

Nico: Thanks.

Lucy Loud came down and she looked awful.

Me: Lucy are you all right?

Natilee: She had a really bad nightmare.

Halifa: Geez.

Riku: Lucy, please tell me your nightmare wasn't that scary!

Natilee: Well to her it was.

Natilee showed us a sketch of it and we saw that she was in a world full of REALLY cute and cuddly creatures and more and it was too cute and adorable for her to handle.

Riku: That's not a nightmare. That's more like a paradise.

Lily: Yeah no kidding.

Muscle Man: Boy that's a bad nightmare worse than the one I had that got me sleepfighting.

Nico: Really?

Muscle Man: Yeah it was nuts. It was when my cousin was over with me.

---

Ana: Goodbye sweetie. (Picks up the suitcase) Mommy loves you.

Starla: We'll be gone until tomorrow night. Are you sure you can handle this, Mitch?

Muscle Man: Come on, babe. I can take care of a little baby. Go have fun with your sister at your curling tournament.

Starla: Okay.

(The two starts kissing each other)

Starla: Miss you, muscle muffin. (She start to walk away)

Muscle Man: Miss you, too, pork chop, bring home the goal! (He grabs the TV remote from the baby while she was chewing it) Alright, time to switch on the real babysitter.

(He turns on the TV to see the strange purple creatures called Huggstables )

Huggstable #1: Wait, mister bank robber, don't you wanna play?

Robber: You Huggstables stay away from me!

Huggstable #1: I know, let's give him a hug!

(The four Huggstables cheer)

Muscle Man: Pfft, next.

(He press the button and change the channel with three words destroy)

TV Announcer: DESTROY! DESTROY! DESTROY! (The car flew and exploded in the TV) The world's gnarling hit crash pit!

Muscle Man: Alright!

(Tina suddenly starts to cry which distracts Muscle Man)

Muscle Man: Are you sick, hungry, you make a mess in your diaper?

(Tina continues to cry as Muscle Man changes back to the Huggstables chasing the Robber)

Robber: No, get back!

All: (They hug the Robber) Hugs.

(Tina starts to clap her hands happily as Muscle Man sighs. In the TV the robber grunting try to get out but too late they turn him into glitter)

Huggstables #2: Ooooh, now he's beautiful glitter! (Giggles) Let's sing the glitter song!

All Huggstables: Glitter Smitters, glitter glitter shining.

Muscle Man: (Sighs) Creepy.

Huggstable #3: (points at a troll) Oh no, more trouble.

All: Huggstables hug!

(They run up to the terrified troll and hug him turn him into a glitter too as they started to laugh and so as the baby)

Muscle Man: Why won't they stop hugging people?!

(Muscle Man looks at Tina started to laugh happily then turns around a little paranoid)

Huggstable #4: Hug time!

(They hug on the man)

Man: Help me…

(They all laugh as Muscle Man is paranoid with his eyes winking)

Huggstable #1: Wanna hug?

(Muscle Man's eyes went in horror to hear the word as the flashback ends)

Muscle Man: I tried to turn it off, but every time I did the baby would start crying again. They played all eight seasons; 257 episodes back to back. When Starla and her sister found me the next day, I was crying in a ball on the floor.

Me: That was crazy!

Eddy: No kidding. Also J.D., Lincoln getting mad the way he did was very similar to what happened with Ed when he had a pebble in his shoe.

Edd: Yeah it was crazy.

Concrete Man: J.D., despite Nico showing his authority earlier, it's your turn today.

Me: I know and Nico growing a backbone is good. Also we're going to the world of Toy Story.

Nico: COOL! It will be great to see Woody, Buzz and the Gang.

Lola: It sure will be.

Varie: Yeah. Lincoln, I'm afraid you can't come with us today because you got to stay here and wait till the medicine for your wood tick bites get rid of the Lyme Disease in you.

Lincoln: I understand.

Me: But sorry you went through all that buddy.

Eli: Yeah that was nuts.

Toiletnator, Professor XXXL, Mumbo Jumbo, Knightbrace, Dodgeball Wizard, Six Gum Gang, Mr. Fizz, Pyros, Stratos, Lythos and Hydros then appeared.

Toiletnator: Can me, Professor XXXL, Mumbo Jumbo, Knightbrace, Dodgeball Wizard, Six Gum Gang, Mr. Fizz, Stratos, Lythos and Hydros go with you guys?

Mumbo: WHOA MAN! What happened to you and your sisters Lincoln?

Lincoln: I had a wood tick on me that was biting my toe and I thrashed my sisters badly. Also Nico kicked the living crap out of me for thrashing the park.

Dodgeball Wizard: You had a wood tick on your toe and it was biting you? Ouch that must've hurt.

Stratos: No kidding.

Pyros: Geez.

Me: Yeah he was out of his mind with pain from the bites and it caused him to go on a rampage and be in a bad mood.

Nico: Yeah it was bad and I beat up Lincoln because of it.

Runt: Why?

Nico: I decided to grow a backbone.

Leni: But you already have one.

Lisa Loud: Leni that was an expression. It means he's now going to start taking his job as Second in Command and Enforcer of the team very seriously even to the point of beating us into submission.

Leni: Oh.

Me: Yeah. Also I haven't seen the Loud's get beaten up this bad since the time Lily went through the Terrible Twos.

Nico: Really? Lily beat them all up like this before? Before she got her powers?

Me: Yep and she was a terror back.

Lily: I don't even remember going through all that.

Me: It's good you won't. But to answer your question, yes you all can come with us. We're going to the world of Toy Story next.

Mr. Fizz: Wow!

Stratos: That's a great show.

Me: Yep it sure is. Lets get ready everyone.

We got ready and Lincoln was staying back.

---

In the Simulator, we got ready and it activated and we were in the world of Toy Story and we were in Andy's bedroom.

Wallflower: So this is the Toy Story world?

Sora: Yep. Welcome to the Toy Box.

Me: It's great to be here again.

Nico: It sure is.

Eli: I love the world of Toy Story.

Nunnally: Me too.

Éclair: This is my first time here and this is gonna be really awesome.

Me: Yep.

We then saw Woody, Buzz and everyone.

Me: There they are.

Mumbo: Hey there, Friendly Toys. Nice house you've got here!

Woody: Hey guys!

Me: Woody, Buzz, Rex, everyone. Good to see you all again.

Jessie: It's awesome seeing you all here!

Hamm: We missed you all here.

Sora: I know it feels like a while.

Rex: It sure does.

Mr. Potato Head: We missed you all.

Me: We missed you all too. It's great to see you all.

Rex: Are those the Animated Autobots?

Napalm Man: Yep. Unlike some of the other Autobots, they retain their original look.

Me: Yep and as you see we have grown our forces quite a lot since we were here the last time.

Woody: Boy no kidding! You all have grown so much in numbers.

Twilight Sparkle: We sure have grown a lot huh?

Rainbow Dash: And it's awesome!

Seth (Di Gata): Yeah and it's great to be part of the team.

Lola: Yep.

Nico: Yep.

Me: It's awesome seeing you all again.

Mrs. Potato Head: Same here.

Woody: If you're wondering where Andy is, he and his family are on vacation.

Maria: He and his family are never around when we visit.

Mr. Fizz: I just hope they're somewhere that Xehanort isn't.

Me: Yeah.

Woody: Xehanort is back? I thought he was gone forever.

Me: He just came back and now he's out to finish what he started. We need all the help we can get if we're going to finish him for good.

Nico: Yeah and I have a feeling I know how he came back.

Eli: How?

Nico: All the Dark Orbs that we missed all over the universe came back and merged together and reformed Xehanort.

Me: That is a really good theory. (Sees something) What's that?

I went over to a Nightstand and saw a picture of Andy and Hannah and they were REALLY perfect for each other and it was so adorable.

Me: Aww. Andy and Hannah are perfect for each other.

Nico: They sure are. High School Sweethearts.

Laney: It's so adorable.

Me: We better investigate the spots that the Members of the Organization would go to.

Horsea: Why don't we go over to Galaxy Toys? It's the first place any of the Organization will go.

Me: I have a feeling you're right Horsea. And I also have a feeling I know who will show up next.

Eli: I sense it too.

Laney: Yeah.

Me: Lets head out everyone.

Woody: By the way where's Lincoln?

Me: Ugly story behind it. Lets head out.

We were off to Galaxy Toys.

## GALAXY TOYS

We arrived at Galaxy Toys.

Rex: We're here!

Me: Wow! What a toy store.

Nico: It's huge!

Sora: Hey, why doesn't that toy move?

Sora points at an inanimate toy, a Gigas robot, on the toy store display.

Woody: I guess it hasn't figured it out.

Sora: Figured what out?

I then smelled a familiar scent. It smelled like Strawberries.

Me: I smell Strawberries.

Nico: I know that scent. Could it be?

Young Xehanort: I can make it move for you.

Young Xehanort emerges from a dark corridor high above the store floor. Along with two familiar enemies: STINKY PETE AND LOTSO

BEAR!

Stinky Pete

**Stinky Pete the Prospector** is one of the two main antagonists (alongside Al McWhiggin) of Pixar's third full-length animated feature film *Toy Story 2.*

He is a prospector doll who was on the *Woody's Roundup* TV show, alongside Sheriff Woody, Jessie and Bullseye, and never experienced a child's love, which is what made him bad in the first place. He is also responsible for almost destroying Woody's friendship with Andy Davis and Buzz Lightyear.

He was voiced by Kelsey Grammer, who also played Harold Attinger in *Transformers: Age of Extinction*, Sideshow Bob in *The Simpsons*, Rothbart in *Barbie of Swan Lake*, Dr. Ivan Krank in *Teacher's Pet: The Movie*, and Hunter in *Storks* . In the video game adaptations, he was voiced by Stephen Stanton, who later played Grand Moff Tarkin in *Star Wars Rebels* .

Stinky Pete spent a lifetime on a dime-store shelf, watching every other toy be sold to their new owners. Because of the fact that he was never sold to a kid, he grew to be very bitter, selfish and angry in nature. Stinky Pete was soon sold to Al McWhiggin, but he never took him out of his box, which made him even more insane and angry. Since Al was grown up, he decided to sell Stinky Pete to a toy museum in Tokyo, Japan. Stinky Pete found this to be good news, thinking that if kids did not want him, they could not have him. However, Al learned that the museum wanted the whole Woody's Roundup gang and went to collect them all, so Stinky Pete would have to wait. Al eventually found Jessie the cowgirl and Bullseye the horse and Stinky Pete became their friend while they waited for Al to find Woody.

Stinky Pete is first seen when Woody, finally arrives at Al's apartment. He first appears as a good friend to Woody, becoming happy and pleased that he has returned. He welcomes Woody, tells him who he really is, and even shows him the television show called

*Woody's Roundup*, which lasted a few seasons and eventually being cancelled as he tells Woody that children began playing with space toys after the show abruptly ended, due to the arrival of Sputnik with Woody replying of how he knows how that feels (referencing his jealously towards Buzz from the first film).

When Stinky Pete reveals that Al plans to sell him, Woody, Jessie and Bullseye to the Konshi Toy Museum in Tokyo, Japan, Woody reveals that he is still owned by a 7-year-old boy named Andy Davis and that Al actually stole him from a yard sale while Woody was trying to save a broken toy penguin named Wheezy from getting sold. Despite learning this, Stinky Pete secretly thinks of a way to stop Woody from going back to Andy. When Al unintentionally rips off Woody's right arm completely (similar to Buzz losing his left arm from the first film), Woody starts to panic, but Stinky Pete calms him down by saying that Al will get his arm fixed as soon as possible. However, Woody cannot wait and attempts to retrieve his arm while Al is sleeping in his couch. Stinky Pete secretly leaves his box by using his pick and turning on the TV, causing Al to wake up. He also frames Jessie by putting the TV remote near her before getting back in his box. Once Woody is back in his case, he then accuses Jessie of messing up his escape, causing her to attack him (similar to how Woody and Buzz fought at the Gas Station from the first film) until Stinky Pete tells them to stop. Stinky Pete then tells Woody he should just wait until morning as Al has called in a cleaner to fix Woody's arm.

The next day, after Woody's arm is repaired (similar to Buzz having his left arm reattached by the Mutant Toys from the first film), Stinky Pete convinces Woody to make amends with Jessie before he leaves. After Woody listens to Jessie's story about when she was abandoned by her owner Emily, Stinky Pete tells him that Andy would do the same to him one day and Woody agrees to stay.

However, Woody's friends Buzz Lightyear, Rex, Hamm, Slinky Dog, and Mr. Potato Head soon arrive at the penthouse (along with another Buzz Lightyear action figure) to rescue Woody (as Al stole Woody) and convince Woody to go back with them with Buzz using Woody's words from the first film at Woody. At first, Woody refuses but after hearing himself sing "You've Got a Friend In Me" on the TV, Woody decides he will go home and runs to the vent (similar to Buzz choosing to escape Sid's house with Woody after finally learning the truth of being a toy from the first film). When a panicking and devastated Stinky Pete asks Woody where he's going, he tells him that he's right that he can't stop Andy from growing up, but he wouldn't miss it for the world, shocking Stinky Pete. He then persuades Jessie, Bullseye, and Stinky Pete to come with him. Unfortunately, this is where Stinky Pete reveals his true colors. He had somehow managed to escape out of his box, and he seals the vents shut, preventing Woody's escape. Woody, Jessie, and Bullseye then learn that Stinky Pete ruined Woody's escape last night and framed Jessie for turning on the TV. Jessie is outraged by Stinky Pete's betrayal. However, Stinky Pete declares he was never sold to a child and that is why he will go to Japan by any means possible. When Woody calls out to Buzz, Stinky Pete tells Woody that he is too late and calls Buzz's surname Lightweight, causing Woody to yell at him, saying that Buzz's surname is Lightyear, and Stinky Pete tells Woody he always hated those space toys before going back into his box. While the toys try to rescue Woody, Stinky Pete keeps shoving him back into Al's luggage and foiling the toys' rescue plans.

Sooner or later, the toys arrive at the airport to save Woody. They seem to find Al's luggage, but it turns out to be a different one with cameras inside. Buzz goes to find the other luggage, which he does. However, when he opens it to get Woody, Stinky Pete pops out and punches Buzz off the ramp. This makes Woody finally snap that he fights Stinky Pete for harming Buzz, only for Stinky Pete to kick Woody off of him and reopen his old rip in his right arm. He gives Woody a choice: he can go to Japan either together or in pieces, assuring that Al will have him fixed again like before. He orders Woody to get back in the box, but Woody angrily refuses. This left the infuriated Prospector to feel as if he had no choice but to rip Woody apart.

Before he can, Buzz (who survived the fall) and the other toys suddenly show up again and save Woody by flashing the cameras in Stinky Pete's eyes, temporarily blinding him. This gives Buzz a chance to capture Stinky Pete by the collar of his shirt. Stinky Pete rants that the toys are idiots for wanting to go with Andy, saying that children destroy toys and they'll soon be taken away to rot in a landfill.

Deciding that Stinky Pete should learn the true meaning of "playtime," Woody orders his friends to dump Stinky Pete into a Barbie backpack that belongs to a girl named Amy as punishment for his betrayal, much to Stinky Pete's shock and horror. When Amy sees Stinky Pete (calling him a "big, ugly man-doll") in her backpack, she happily decides to take him home with her, declaring that he needs a makeover. Stinky Pete encounters a Barbie doll in the backpack, who assures him that he'll like Amy because she's an artist. She then turns her face, revealing the side of her face painted with tattoos, which frightens Stinky Pete.

As Stinky Pete cries while being taken to his new owner's home, Woody happily bids farewell to Stinky Pete by saying, "Happy trails, Prospector!", knowing that Stinky Pete will finally get the love of a child that he was denied so many years ago.

Lotso

He is a large, evil, pink anthropomorphic strawberry-scented teddy bear who used to rule Sunnyside Daycare like a prison with the help of his former minions - Ken, Big Baby, Stretch, Sparks, Chunk, Twitch, the Bookworm and the Monkey. Ultimately, Lotso's reign of terror ended when Andy's toys arrived, all while serving as the latter group's most hated enemy and Woody's arch-nemesis.

He was voiced by the late Ned Beatty, who also played Otis in the 1978 *Superman* film and its sequel, Charles Meachum in *Shooter* and Tortoise John in *Rango* .

Lotso first started out as a Christmas present for a young girl named Daisy and instantly became her favorite toy. Lotso enjoyed every moment he and his owner spent together.

One day, Daisy took Lotso and two of her other toys, a baby doll named Big Baby and a clown named Chuckles, out for a little drive with her parents and stopped in a field for some playtime. After lunch, she fell asleep and her parents took her back into the car, accidentally leaving Lotso, Big Baby, and Chuckles behind. The three toys waited for a long time, but Daisy never came back for them. Eventually, they decided to go back to Daisy on their own. They walked all the way back and finally made it back to Daisy's house. Big Baby lifted Chuckles and Lotso to the window where they saw Daisy in bed, only to discover that she had bought another Lotso toy. Seeing this, Lotso felt heartbroken and crestfallen, and the pain led him into obsession with harming other toys he blames for this tragedy. He told Chuckles and Big Baby that Daisy had replaced them and forced them to leave. However, Chuckles saw through the lie and told Lotso that Daisy only replaced him, but Lotso furiously shuts him up and insisted that Daisy replaced all of them before he harshly drags Big Baby away from the house. Taking advantage of the childlike toy's sweet nature, Lotso continues to lie to him for an unknown period of time while also making him his pawn/main enforcer.

Lotso is first introduced riding over to Woody, Buzz Lightyear, Jessie, Bullseye, Rex, Hamm, Slinky Dog, Mr. and Mrs. Potato Head, Barbie and The Aliens in his dump truck. He greets them in a fake friendly manner and shows them around Sunnyside with Big Baby and Ken. He assigns Andy's toys in the Caterpillar Room, knowing that the toys will be treated abusively by the toddlers.

However, Woody, thinking that his friends were being selfish by staying escapes to go back to Andy before the bell rings . He makes it outside where Chuckles' new owner Bonnie finds him and takes him. This would later drive Lotso to upgrade the security of the daycare to ensure that any other toy wouldn't escape like he did.

Woody meets a Chatter Telephone toy who tells him in order to escape Sunnyside, he must defeat the Monkey who controls the security cameras and then travel across the playground to the garbage chute. He then finds his friends, who are thrilled to see him alive and well and give him back his hat, they make a plan to escape Sunnyside and get Buzz back on their side.

During the escape at night, after Woody and Slinky defeat the monkey, Mr. Potato Head checks if Lotso is sleeping, and surely enough, he is. Potato Head sees Woody, Barbie and Slinky with Buzz's manual and signals to them that Lotso is sound asleep. The toys then arrive at the garbage chute and slide down it only to find the evil Lotso and his gang waiting for them at the dumpster and blocking their path, with Stretch appearing behind them. It is also revealed that they tortured the Chatter Telephone toy until he told them where they were. Lotso tells them that Andy doesn't want them anymore however Woody tells him that's a lie. Lotso then tells Woody that he's a piece of plastic who was only made to be thrown away.

At that moment, Lotso hears and sees a garbage truck approaching and asks Andy's toys to come back into Sunnyside, but Jessie refuses and criticizes Lotso for running Sunnyside like a prison, calling him a liar and a bully and Barbie agrees with her. Lotso signals Stretch to push the toys into the dumpster when Ken arrives and begs Lotso to spare Barbie. Lotso teases Ken for loving Barbie but Ken disagrees with him. Enraged by Ken's redemption, Lotso throws him across the dumpster to Andy's toys so he can join her. Ken then explains that what Lotso has done to Sunnyside is terrible and that he was lying to them the entire time. Lotso then asks his cohorts if anyone agrees with Ken.

When nobody answers, Lotso tells Andy's toys that no kid has ever loved a toy when Woody suddenly reminds Lotso of his old life with Daisy. However, Lotso tries to ignore him. Woody then pulls out Big Baby's old pendant (received from Chuckles during his stay at Bonnie's house earlier) and tells Lotso how she has loved him and tosses the pendant to Big Baby, who picks it up, looks at it, and sniffles, "Mama." Outraged at how Big Baby is still emotionally attached to Daisy, Lotso yells at Big Baby, saying she never loved him, then snatches the pendant out of his hands and smashes it to pieces with his cane, making Big Baby cry. Lotso then orders a now reluctant Stretch to push all the toys into the dumpster, pokes Big Baby hard in the chest with his cane, calls all his henchmen dummies, and says all toys are just trash waiting to be thrown away. Suddenly, Big Baby lifts Lotso up and carries him over to the dumpster. He throws the wicked bear into the dumpster and slams the lid on him, much to everybody's surprise.

Woody and the gang quickly run across the closed dumpster, when one of the Aliens gets stuck by the dumpster's lid. Woody rushes back to free the alien by slightly opening the lid. But Lotso catches sight of Woody through the opening, grabs the cowboy's ankle and pulls him into the dumpster. Woody's friends rush to save him just as the garbage truck arrives and pour the garbage and the toys into the truck.

The truck takes Lotso and Andy's toys to the Tri-County Landfill. Once they arrive, the aliens go chasing a giant crane while Lotso and the rest of Andy's toys are pushed onto a conveyor belt. The toys learn that the ceiling above them is a magnet collecting broken metal objects when Slinky goes up towards it thanks to his metal spring body. When Slinky warns them the convey belt heading to a shredder, the toys each grab onto a broken metal object and hold on to it while it shoots up to the ceiling, seeing the broken metal objects will go right over the shredder. The toys suddenly see Lotso trapped under a golf bag that is going to the shredder.

Woody, who does not have the courage to let Lotso die (despite all the trouble Lotso had put Andy's toys through), quickly drops down to save Lotso. Buzz, seeing the danger Woody has put himself in (and also feeling that Lotso deserved better despite what he did to him), drops down to help him free Lotso. Woody and Buzz pull out one of the golf clubs in the bag and use to pry the bag up enough so Lotso can crawl out. Woody then grabs Lotso's paw and the club pulls both of them and Buzz up to the ceiling, seconds before the shredders chew up the golf bag. They then go over the shredder and lead beside Jessie and the others on another conveyor belt.

After Rex points out a light at the end of the conveyor belt, Woody realizes that the conveyor belt is leading them to an incinerator. The toys try to run away from the incinerator, but the conveyor belt pushes them closer and closer to it. Lotso then notices a ladder leading to a red button that could stop the conveyor belt and rushes over to it. He grabs the lower lung and calls to Woody, informing him about the button. Woody and Buzz see what Lotso is trying to do and rush over and give him a boost. Afterward, Lotso climbs up towards the ladder. When he reaches the top, Woody and Buzz then beg him to push the button, but Lotso, revealing that he tricked them into thinking he reformed, decides not to. He then gives the helpless toys a menacing grin, shouts a final insult directed at Woody ("Where's your kid now, sheriff!?"), and runs off, leaving Andy's toys to die in the incinerator.

However, the toys are saved by the aliens with the giant crane at the last moment. After the toys emerge out of the furnace, Hamm and Slinky express their desire to get back at Lotso for leaving them to be killed, but Woody convinces them to forget it, believing the bear is not worth it. It's at this point where any pity they felt towards Lotso disappeared.

Meanwhile, Lotso tries to find his way out of the dump, when he sees a garbage truck pulling up toward him, forcing him to go limp. As the truck stops next to him, a garbage man steps out and discovers him on the ground, claiming how he has once owned a Lots-o'-Huggin'-Bear toy when he was a kid. The man then straps Lotso onto his truck.

The scene then cuts to Lotso tied to the garbage man's truck's front grill by his wrists and ankles with three other toys he had collected earlier, a frog, a cat and a white furry creature. Lotso panics as he wakes up to find himself in that predicament, then the frog warns Lotso, he should keep his mouth shut to prevent mud and insects from getting in, and Lotso does so right away, ending with the other toys laughing beside him. It is unclear what becomes of Lotso after the film, but he most likely remains strapped to the truck like the other garbage toys, and he may spend the rest of his life being covered by dust, dirt, mud and insects, and/or thrown away into the incinerator for having become too dirty. Even if he did escape, he would likely remain an outcast; a fate he more than deserves because of his crimes.

After Lotso is thrown out of Sunnyside, Andy's toys return to Andy but later have themselves given to Bonnie while Ken and Barbie become Sunnyside's new rulers and make it a paradise for toys.

Sinestro: Great. The Young version of Xehanort.

Carol: And he has Stinky Pete and Lotso Hugs Bear too!

Me: I always wondered what you were like all those years ago

Xehanort.

Young Xehanort: I'm so honored you remember me.

Me: Doesn't take a rocket scientist to figure you out, you omnicidal monster! It'll make killing you all the more easier for us.

Woody: Stinky Pete and Lotso are with him too!

Stinky Pete: Glad you still remember us, Woody.

Lotso: Hope you remember our friends as well.

Me: You never had any friends Lotso because you smell like rotten strawberries.

Lotso: I was refering to them.

Young Xehanort summons several Heartless, who take control of the inanimate Gigas robots.

Woody: Oh no! He can move!

Me: Because the Heartless are controlling them!

Hamm: Way cool!

Nico: Not cool but those mech suits are amazing!

Sora: Look out!

The Gigas robot attempts to attack Hamm. Sora, Donald, and Goofy block the attack.

Young Xehanort: One heart's shadows fill the emptiness of another. See how they bring him to life? Like Heartless and Nobodies, they fit together.

Me: You are such a bullshiter Xehanort and your lies have no power over us.

Eli: Your lies will be your undoing!

Riku: Enough. Why are you doing this?!

Young Xehanort: There's a darkness we are missing and must reclaim. The way hearts connect in this world can provide us with a clue.

Lotso: We've taken the liberty of having our Heartless friends take control of this store.

Stinky Pete: Bad timing for Lincoln to be out, huh?

Young Xehanort: Let's go, you two. We'll see how Team Loud Phoenix Storm handles this.

Young Xehanort disappears through a dark corridor. Lotso followed him.

Stinky Pete: (to the Heartless) Take out the Titans first. They're the bigger out of all of them! (leaves as well)

Buzz: Woody! What is going on? Is this toy a friend… or foe?

Woody: I think we've got our answer.

The Gigas robot begins shooting at Sora, Woody, and the others, who hide behind the toy displays.

Donald: Sora! You're up!

Goofy: Yeah! If the Heartless know how to do it, there's no reason you can't.

Sora: Do what?

Donald and Goofy point to one of the non-controlled Gigas robots.

Sora: Brilliant! I'm on it!

Me: Go for it Sora!

Eli: RISE! SHINING GUNDAM! (Snaps Fingers)

Eli got into his Gundam and he was ready!

Scrapper: Constructicons, merge into Devastator!

Motormaster: Stunticons, merge into Menasor!

Me: Lets get them!

We blasted and smashed and pulverized the Gigas Mechs all over.

Eli: (Echoing) SHINING FINGER!

He grabbed a Gigas Mech and blew it apart!

We blew the heartless and mechs apart and destroyed them, and got an immensely strong power boost.

Me: That takes care of them.

Lana: Guys, you're gonna think I'm crazy. But I think I can get Stinky Pete to change his ways.

Knightbrace: Say what now?!

Mr. Potato Head: (laughs) Okay, Lana. I think Xehanort has been stressing you guys out too much. Right, Rex? (sees Rex missing) Rex? Where'd you go?

Sergeant: Sheriff, sir! Rex has just been dino-napped!

Woody: What's that?!

Sergeant: My men saw him get hauled up to the second floor, sir! And Hamm and the Aliens are MIA.

Me: Then lets get finding them.

Lana: I'm serious guys. Look.

She pulled out a drawing of her and Stinky Pete prospecting and looking for gold in the Platte River.

Me: Wow that's really good Lana. And if you think that Stinky Pete can change then we will let you have a shot at helping him. Also after seeing the movie I can't help but feel sorry for him. Poor guy.

Nico: Yeah.

Me: Lets go find Rex.

We walked around and went to find him.

Woody: (sees a tail) Rex!

Woody runs to one side of the store.

Me: He vanished.

Woody: Where'd he go?

Alice Gehabach: You sure you saw him?

Woody: Yes, he just-

Sora: Shh. Do you guys hear something?

Me: I hear something.

Goofy: Hmm… What's that?

Goofy points to a figure poking barely over a display of toys.

Buzz: Something feels wrong.

Me: I sense it. It's not good.

The figure charges through the display, revealing itself to be a Supreme Smasher.

Sora: Another toy's being controlled!

Me: Lets get him!

Buzz hesitates, then aims his laser at the toy.

Sora: Buzz, you sure?

Buzz: If it wanted to play nice, then it should've stayed away from my friends.

Me: Yeah!

Hydranoid: I can take this one out easily.

Jessie: (sarcastically) Well, this is just great, Lana! I'm REALLY convinced that Stinky Pete can change now!

Lana: He can Jessie. Trust me on this!

I fired an energy blast and destroyed the Supreme Smasher!

Me: Take that!

Rex smashed the rest of the heartless with his tail.

Woody: Nice moves, Rex.

Me: Yeah you have great moves in that game.

Runt: That was great!

Rex: Great? Really? Would you say I was impressive?

Me: Yeah you sure were.

Buzz: Very impressive, Rex. We couldn't look away.

Rex: Hurray! Oh, that makes me so happy! Were you watching too? Did you see what I did?

Me: We sure did.

Donald: Yeah, good for you.

Lunk: Aw, don't listen to Donald, Rex. I think you did nice!

Me: I agree.

Goofy: Yep! Nice moves, partner!

Me: Yep.

Woody: (to the Six Gum Gang) I don't know why I'm just noticing you guys now. But next time you 5 are in the usual battles, I'd like to take part in the fight against you guys.

Wilbur: That can be arranged.

Me: It sure will.

Dixie: Look, Rex. We don't mean to rush ya. But do you know where the others were taken?

Rex: What do you mean? Did something bad happen?

Buzz: (sighs) Back to square one.

Woody: Oh, great. Sarge! Have you got a status report?

Sergeant: Sir! One of my men just located Hamm forward of our position, in Babies and Toddlers. The corporal was debriefing him, but something must have gone wrong. All radio contact has been lost.

Me: Uh oh.

Buzz: Anything more specific we can go on?

Sergeant: Right before I lost contact, I heard music with some sort of sonic interference.

Buzz: Music?

Me: What kind of music?

Goofy: You think it could be the Heartless?

Donald: What if it's another big monster?

Me: We'll be ready if it is.

Sora: Let's find out.

Me: Right!

Woody: I agree.

Rex: Actually… I think I'll head back and wait by the entrance. I'm sure those vents are gonna be much too narrow for my big dinosaur tail.

Sora: Really? I'm sure you'd fit.

Me: Yeah you were able to fit through a vent in the 2nd Toy Story Movie.

Woody: I agree.

Buzz: Rex is right. Besides, we need a lookout at the entrance. It's an important mission. Can you do it?

Rex: Yes, sir!

Buzz: Great! (to Lana) Look, Lana. If you really think Stinky Pete can change, then I'll trust you on that. But Lotso already had his chance.

Woody: And because we trusted him, we almost got burned alive.

Me: I remember that. But lets do it!

We went through the vents and we found the corporal.

Sergeant: Corporal! You alright, son?

Corporal: Yes, sir.

Buzz: That's the soldier Sarge lost contact with.

Me: Oh man he looks like something burned him.

Horri Bull: Did you find Hamm?

Corporal: Yes. But… while I was radioing in, a giant hand grabbed me, and it stuffed me in there. They must have taken Hamm to another location. We have to hurry!

Me: Oh man!

Sergeant: Wait, Corporal. You're not fit for action.

Corporal: But Sarge…

Sergeant: Your tour is over, son. And it's all right. Our trusted allies will take over. I will move the corporal to a safer location. Good luck, gentlemen.

Me: Good work soldiers. Lets go.

We continued on and went into a doll shop and we saw a doll on a stand.

Venom: Great! The Ugly Doll's back!

Dodgeball Wizard: Maybe we should call it the Angelic Amber. Because that's its' true name.

Me: That's a cute name. Also that doll looks so much like the doll from the movie Annabelle.

Brittney: That doll was freaky and was really a demon in that movie. But Angelic Amber is a cute name for her.

Venom: Alright. But Ugly Doll sounded a lot cooler

Woody: Hamm, take cover.

Hamm: Uh, copy that. One stay in the dread-and-breakfast was enough for me! (gets to safety)

Buzz: Not another possessed toy…

Sora: Guys, look alive!

Maria: (to Angelic Amber) Please tell me you can talk!

Angelic Amber: I've come for your hearts.

Me: That answer your question?

Brittney: I got this one.

Brittney fired a beam of darkness and got the Heartless out of the doll and then she went and beamed the doll to her room. Also she fired a wave of darkness and blew the heartless from the doll apart.

Nico: That's that.

Me: We're not done yet guys.

Buzz: Wait… What if we end up just like her? Forgetting ourselves and… attacking each other?

Sora: No way, Buzz. That won't happen.

Donald: No way!

Goofy: You guys are too strong.

Me: Yeah you are an awesome friend.

Buzz: You can't be sure! What if I get taken over, and attack you? (to Nico) You don't even have a contingency plan for me yet!

Eartha: He's got you there.

Nico: Well, Buzz. If you want, I can make a contingency plan for you.

Me: We'll have to think about something for that.

Eli: We can always take out his batteries.

Me: That works.

Nico: What's that over there.

We saw the Little Green Aliens.

Me: What are the little green aliens doing.

The aliens are approached by a flying saucer.

Me: There's the aliens.

Little Green Men: They have come for us.

Alien B: The mystic portal awaits.

Sora, Donald, Goofy, Buzz, and Woody race to the aliens.

Buzz: Oh no!

Sora: Wait!

Woody: Stop!

The aliens are picked up by the flying saucer's claw.

Me: Whoa man!

Aliens: Farewell!

Buzz: It's getting away!

Sora: Don't go!

Armada Starscream: Seekers, let's transform and fly after that flying saucer!

Thundercracker: Roger bro!

Starscream, Thundercracker, Dirge, Ramjet, Skywarp, and Thrust transformed into their jet modes.

Stratos: I'll help you guys with this!

Me: Go for it!

They went after the aliens.

Eli: Wow! Brittney why did you beam the Angelic Amber doll to your room?

Brittney: Because the doll reminds me so much about the doll from the movie Dolly Dearest.

Lynn Sr. screamed in fright and jumped into Rita's arms.

Nico: Uh oh. Was that another movie that scared the living crap out of him when he was younger?

Rita: Yeah it sure was.

Brittney: Oops.

The Seekers blasted the Flying Saucer and destroyed it and rescued the aliens.

Grounder: Okay. I think that's everyone.

Me: I think so too.

Grounder: Why are we missing someone?

CLANG!

Scratch hit him on the head.

Scratch: He's just concerned you dumbbot.

Buzz: All right, everyone. Now that we're back together, it's time to return to Andy's room.

Me: Right.

Rex: Now? But can't I at least check the strategy guides? I want to know how to beat Bahamut!

Buzz: Next time. Right now, we need to go home.

Me: We do need to rest after all that.

Sora, Donald, Goofy, Buzz, Woody, and Rex turn and begin to leave the store. A cloaked figure descends behind them.

Young Xehanort: Oh, but you needn't rush off.

Sora: Xehanort!

Sora turns around and rushes towards Young Xehanort.

Young Xehanort: I have more to observe. I can't let you leave yet.

I fired an energy blast and it hit him in his leg and blasted it off and

Young Xehanort screamed in pain.

Me: Consider that your only warning shot.

Sora: It's us that you really want. Leave the others out of this.

Me: That's right!

Young Xehanort: You would say that, champion of light. Very well, let's skip to the final stage.

A marionette Heartless takes control of Buzz. Noticing Buzz's movements, Rex turns to him.

Rex: Buzz? What's the matter?

Buzz aims his laser at Woody and prepares to shoot at him. Woody notices and turns to him.

Woody: C'mon Buzz. Quit fooling around.

Lythos: "Look out, Woody!

Buzz fires his laser at Woody. Lythos gets in the way and due to his tough body, the laser barely hurts him and didn't make him flinch..

Woody: I can't believe it! Buzz has been taken over?

Buzz fires again at Woody and Lythos.

Sora: What did you do to him?!

Sora runs and attacks Young Xehanort, but he teleports away.

Young Xehanort: I thought I made it clear. I am testing the strength of their bonds. In this world, toys have hearts. And those hearts come from a powerful bond. So what happens when those bonds are stretched to their limit? When they are worlds apart, can cloth and plastic hold on to their hearts? At first, I thought of creating a copy of this world to fill them with distrust and doubt.

Lotso: But then, me and Stinky Pete convinced him to leave this world as it is.

Stinky Pete: The fact that you fools are seperated from your owners is good enough for us! (confused) Just who are your owners now anyway?

I fired a blast of energy and blew Young Xehanort's arm off too and his keyblade was dropped.

Then we saw his keyblade float to Clyde and Clyde took it.

Clyde: His keyblade chose me!

Me: I guess it chose a better master.

Nico: Yeah!

Young Xehanort: You will pay for this!

Young Xehanort disappears. Donald and Rex try to hold Buzz back as he continues to fire at Woody and Lythos.

Donald: Sora!

Rex: Do somethiiing!

Sora: On my way!

Nico and me, Squidward, William, Lugnut, Maria, May, and Sora begin to run towards Donald and Rex, but are lifted by Young Xehanort.

Young Xehanort: Not this time! I know the eight of you are hiding some kind of secret from your friends. So, this will give you some privacy!

I broke out of his control and kicked him in the face. I punched Young Xehanort in the face and kicked him in the stomach and slashed him in the face.

Young Xehanort blasts 7 of us into a nearby television screen. The next thing they knew, they were surrounded by Gigas mechs.

Sora: Where are we?

Young Xehanort: (from the other side of the screen) Haven't you heard? In this world, Sora comes from a video game. So now, you can watch my experiment from inside that screen. That is… if you manage to find a moment's rest.

Sora notices the Gigas coming towards him.

Sora: There's got to be a way out. Buzz, Woody, hang on!

Demona: Don't worry about us, guys! We'll hold these 3 off!

Demona charges at Lotso, Riku charged at Stinky Pete, and Young Xehanort engages in combat with Lucy.

Lucy: You will pay for your crimes.

Clyde: That's right!

He had energy and clocks swirling around him.

Clyde: You make me sick Xehanort! No one hurts my friends and gets away with it!

Suddenly a flash of light exploded out of Clyde and a vortex of clocks exploded out and swirled around him. Then his energy was increasing exponentially. When the vortex faded, Clyde emerged forever changed.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Clyde had big muscles as big as Arnold Schwarzenegger's muscles and his hair was longer and in dreadlocks and he had a clock with wings emblazoned in the middle of his forehead and he had clock earrings and he had a white shirt that had clocks on it and he had black camouflage pants on and he had black combat boots as well as a sleeveless trench coat with clocks on it and he had green angel wings and he had his keyblade ready to strike and his aura was dark green. He was now a SUPER ANGEL 10,000,000,000 CLOCK TIME MASTER!

Me: WHOA! Clyde you look amazing!

Syd Chang and Chloe were gawking at him with incredible love. They had blood dripping from their noses for his awesome hunkiness.

Eli: WHOA! Wow! Way to go Clyde! You transformed!

Me: How do you feel?

Clyde: (Divine Echoing Time Voice) **Ready to smash this monster into dust.**

Me: Get him Clyde!

Clyde: **With pleasure!**

Clyde punched him and blasted him all over and Lucy and her group smashed and blasted and pulverized him all over the place and Clyde then found Young Xehanort's Dark Orb and smashed it and destroyed it and smashed him all over and blasted him all over with time blasts.

Woody: You guys okay?

Sora: Yeah, I'm just fine. And you? Wait… Where's Buzz?

Cybertron Scourge: He disappeared into a dark corridor.

Sora: Oh…

Me: But Clyde trounced Young Xehanort. He ascended and thrashed him bad and so did Lucy.

Clyde: You bet I did and I got this from him too.

He showed Young Xehanort's Keyblade.

Sora: Awesome! You got his Keyblade.

Nico: He sure did. Now we got to get Buzz back from that Dark Corridor.

Woody: Sora, how do we get him back?

Sora: I don't know. My power won't open those.

Sergeant: Sir, did I hear you say "dark corridor"?

Woody: That's right, Sarge. Any ideas?

Sergeant: Well, it might be a long shot, but we've sighted a shadowy portal in the Kid Korral. We can infiltrate from a window inside Babies and Toddlers. I'll head there and get it open.

Woody: Sarge, you're a lifesaver!

Me: Then that's where we need to go. Also without his Keyblade, Xehanort will be powerless.

Clyde: That's good because I also smashed the dark orb that he had too.

Me: Nice work Clyde. Now he won't be able to regenerate his blown off limbs. Lets go save Buzz.

Hydros: (to the other toys) Do any of you want to stay here? If so, Shaggy and Scooby will watch you guys.

Hamm: No we'll go.

Rex: Yeah! Buzz is our friend!

Me: Lets go then!

We went to the Kid Korral and we went into a vent and saw a dark corridor and went through it and we saw Buzz.

Buzz looked up and then a massive fiery explosion went off in front of him and the spirits of all the Kids Next Door villains followed by the 4 elemental forces of nature appeared in front of him and we appeared.

Woody: Buzz!

Me: Thank goodness.

Lotso and Stinky Pete appeared between Buzz and Sora and the

others.

Me: About time you two showed up for the final battle here.

Anastasia (Cinderella): No Young Xehanort?

Lotso: Xehanort decided to go back to his base.

Me: With no arm and a leg.

Woody: What do you want with my friend, Lotso?

Lotso: Look… Such tremendous darkness. All because he was ripped away from whoever his owner is.

Stinky Pete: When are you going to learn, Woody? Children destroy toys! You'll all be ruined, forgotten! Spending eternity rotting in some landfill! And after you're all dead, me and Lotso are going after Andy and Bonnie.

Me: Not gonna happen you two!

Woody: Are you saying that we'll all end up like Buzz? If you guys kill Andy and Bonnie?

Maria: That's not true! Whether they're alive or not, Andy and Bonnie are a part of their hearts, just as Carmen and my mom are a part of mine. I also kept them inside my heart even when I served Ebon in the Meta Breed.

Lotso: Cut the shit, Rockell. You all think of us toys as just trash, waitin' to be thrown away! That's all a toy is.

Maria was going to say something before Woody stepped forward.

Woody: Your tricks aren't going to work on me anymore, Lotso. Give Buzz back, then leave us alone!

Stinky Pete: Or else what, Woody? In case you've forgotton, you're a toy just like us!

Woody: Yeah, I am a toy, and a friend. No one's ever loved you two for a long time. Because you both forget everything about hearts and love. But our new friends aren't like you two. Especially not Maria. She knows more about hearts and love than you two ever do.

Maria: He's right. There are hearts all around us, trying to connect. Your loneliness only made our connections stronger. Especially the bond between Woody and Buzz. That's the heart's true nature. To never, EVER let go.

Me: And to protect those we love!

Woody: Yeah! You can't keep us from our owners. We're going home no matter what. And taking Buzz!

Eli: Whether you like it or not!

Sora: Lotso, you're so caught up in finding the shadows, you forgot about the light that cast them.

The darkness dissipates and casts a light that frees Buzz from the darkness surrounding him.

Lotso: No!

Sora, Donald, and Goofy charge towards Lotso, who uses his cane to hold them back.

Sora: Woody, now!

Woody jumps above them and uses his pull-string to swing up to Buzz, bringing him to the ground.

Woody: (pull-string recording) Giddy-up partner! We gotta get this wagon train a-movin'!

Buzz awakens.

Buzz: Woody… Wait, how did I get here?

Woody: Oh, I don't know. Maybe somebody switched you into "dark and stormy" mode.

Buzz: But I don't have a-

Buzz understands Woody's meaning. Woody helps him get up.

Buzz: Thank you, Woody.

Woody: Good to have ya back, Buzz.

Donald: Hey, hurry up!

Goofy: We can't hold him much longer!

Sora: Don't give up, guys!

Lotso strikes Sora, Donald, and Goofy, sending them flying back.

Eli: Uses the Force to stop them from flying back.

Lotso: So your stupid friendship really is powerful. We'll have to remember that.

Buzz: Remember this. Our hearts will always be connected to Andy and Bonnie's whether they're our owners or not!

Woody: And that's something you will never understand. Because you're both hollower then any toy.

Me: Yeah!

Lotso: But now Xehanort knows a heart can be placed in the vessel of his choosing. Now, all that's left is to-.

Lana: Don't we get a last request before you kill us?

Stinky Pete: Sounds reasonable. But why are you only directing your hostile talk towards Lotso?

Me: Because he is a monster.

Lana went up to Stinky Pete and showed him a great picture.

Lana: I love you Stinky Pete. I love playing with you. I will always love you no matter what will happen. There's still good in you. You are a great toy and you are a great friend. To many people you are not worthy. But to me you always will be.

Stinky Pete was so touched by Lana that he then broke down crying and hugged Lana.

Lana: It's all right Stinky Pete. It's all right.

Lotso: Stinky Pete you fool!

Me: You're the fool! Because even though you smell like strawberries your heart is as black as they come.

Eli: Yeah! Stinky Pete now has something that you will never get: redemption!

Stinky Pete: That's right!

Lotso: Join the Sheriff and his pals if you want, Stinky Pete. But you'll all be dead anyway!

Stinky Pete: You fool. Without me, you can't control the Heartless!

Lotso: (chuckles) Oh, that's where you're wrong. Xehanort knew that your heart had some light in it. So he gave full control of the Heartless to me instead! King of Toys, arise!

Professor XXXL: (to Stinky Pete) Can you still fight?

Stinky Pete: Yes I can.

Then the KING OF TOYS APPEARED!

Nico: WHOA!

Me: I love this Heartless. Because of how it looks like an amazing UFO. Lotso, you've survived for far too long and now it ends for you!

Then Koragg, Selene, Anti-Wanda, Saïx, Black Adam, Jack O Lantern, Kyd Wykkyd, Dayu, Pete and Enchantress appeared.

Me: Koragg, Selene, Anti-Wanda, Saïx, Black Adam, Jack O Lantern, Kyd Wykkyd, Dayu, Pete and Enchantress.

Koragg: I see you got Stinky Pete on your side.

William: I know. It was very unexpected.

Me: Lana got through to him because she loves him.

Selene: Hey, we're not complaining.

Anti Wanda: We didn't expect that either.

Saix: (to me) By the way, we heard that giant octopus got killed by you.

Me: You heard right. It was the giant octopus from the 1955 movie It Came From Beneath the Sea.

Black Adam: Did you make food out of him?

Me: You bet we did and it was an octopus seafood buffet lunch. We're still full from lunch.

Eli: Yeah we're REALLY full.

Nico: It was REALLY good. We still have leftovers.

Koragg: Good. Hey where's Lincoln?

Me: He's at home recouperating because he had a wood tick that was biting his foot and he was out of his mind with pain that caused him to beat some of his family up.

Saix: Ouch.

Then 3 vikings came out and it was THE VIKING GHOSTS!

Shaggy: ZOINKS! It's the Viking Ghosts!

Qin: Not these guys again.

Twilight Sparkle: What were they known for?

Qin: They were really Mr. Hansen, a museum curator and two geologists and they were getting natural uranium to sell for money all for themselves.

Nico: Yep. And they ended up in prison for 45 years.

Me: Good riddance.

?: I'll say.

A figure came out and it was SCARABA back for round 2.

Me: Scaraba. Back for round 2.

Scaraba: Yep.

Me: Awesome.

Scaraba: It's kind of weird to see you Rangers as action figures.

Troy Burrows: I know. But we like it.

Me: It sure is cool though. Lets get it on.

Vince: Me too honey. Me too.

Rarity: I am too darling. Lana has a gift just like all of us do.

Sweetie Belle: That's Lana for you. She may like everything gross but she has a good heart for animals and for toys.

Panda King: They are all pretty.

Dimitri: And beautiful yo.

Rajan: (Indian Accent) I think so too.

Contessa: Me too my friends.

Jean Bison: They are as beautiful as rainbows.

Arpeggio: (British Accent) Indeed.

Dayu: Yeah. Lets do it!

Emma: LEGENDARY RANGER MODE! SCIENCE PLATOON DYNAMAN!

She turned into the Dynaman Ranger.

They went at her and blasted her all over with gears, lightning, energy and elements and smashed her down.

Emma: Everyone that's a Super Mega Win!

Pinkie Pie: BEST USUAL BATTLE EVER!

Battle 9: Penny, Sunset Shimmer, Pepperdance, Cayenne, Firecracker Burst, Pip-Squeak, Gusty the Great, Fire Skylanders, Fire Lori, Pyros the Lava Titan, Dan, Runo, Marucho, Julie, Shun, Alice, Cyclonus and Scourge VS Pete

---

Pete was next.

Pete: (to Penny) Can't believe Nico put the hurt on Lincoln! (sighs) If only my own fists could do that much damage.

Penny: I know but Nico had a reason to. Lincoln was going nuts.

Sunset Shimmer: Yeah Lincoln had a wood tick in his shoe that was biting his toe and it was making him go mad with rage.

Pepperdance: It was biting his toe and he was out of his mind with pain.

Cayenne: Poor kid. But Lincoln will be all right.

Pete: What does a Wood Tick Bite feel like?

Sunset Shimmer: Feels like someone stabbing you in your skin with a spinal tap needle thats been made red hot with a blowtorch.

Pete: OUCH!

Firecracker Burst: Yeah. Also Eddy and Double D told us that this happened with Ed as well except it was because Ed had a little pebble in his shoe.

Pip-Squeak: (British Accent) Yeah it was crazy that happened to both Ed and Lincoln.

Gusty: Yeah. Poor guys.

Pete: Talk about déjà-vu.

Sunburn: Who would have thought they would go nuts just because they had something in their shoes.

Fire Lori: Literally crazy when you think about it.

Pyros: No kidding. That was bad.

Dan: It sure was.

Runo: Lincoln will be all right though.

Marucho: Yeah he won't let a little thing like a wood tick get him down.

Julie: Lincoln has been through much worse.

Shun: He sure has.

Alice: Yep.

Pete: No kidding. And I feel bad for the little guy. Lets do it!

Pete went at them and they fired waves of fire and energy and elements and smashed him down.

Penny: YEAH!

Sunset Shimmer: Take that!

Battle 10: Sakura Avalon, Twilight Sparkle, Luster Dawn, Princess Cadance, Flurry Heart, Star Swirl the Bearded, Magic Skylanders, Ice Luan, Marina Knudson, 8 Vivillon Siblings, Noriko, RD Lisa Loud and Anastasia (Cinderella) VS Enchantress (Marvel)

---

Enchantress of Marvel was next.

Amora the Enchantress: (to Sakura) You mean to say that Lincoln was in a bad mood… ALL BECAUSE OF A BUG IN HIS FOOT?!

Sakura A.: It was actually a wood tick. It was biting his foot and it really was hurting him bad.

Twilight Sparkle: He was out of his mind with pain and it was causing him to be mean.

Luster Dawn: Yeah he sure was. Poor guy.

Princess Cadance: Yeah it was crazy. I hope Lincoln will be all right.

Flurry Heart: Yeah he will be.

Star Swirl: What happened during that time was brutal.

Spyro: Yeah it was. But the reason Lincoln is not with us is because of our fears that he may have Lyme Disease because of it. Wood Ticks have that disease.

Amora the Enchantress: Oh man. That's bad. I know that disease. He must have to take some medicine for it.

Ice Luan: Yeah he sure does. Lincoln got Bit and Buggy. (Laughs) Get it? But seriously that really hurt.

Marina K.: You are not kidding on that.

Nadine K.: Yeah no kidding there.

Noriko: That was awful.

Amora the Enchantress: No kidding. I hope Lincoln will be all right. Lets do it!

Sakura and the group fired waves of magic and ice and energy and lightning and smashed Amora down.

Sakura A.: That was amazing!

Twilight Sparkle: Yeah it was!

---

Battle 11: Megaforce Rangers, Dirt Lana, Sora, Riku, Kairi, Terra, Aqua, Ventus, Nico, Lola, Laney, Lucy, Lana, Lisa and Lily VS Scaraba

---

Scaraba was next.

Nico: This is gonna be good.

Scaraba: (Groans) This safe is heavy.

Nico: Let me open it for you.

Nico teleported and opened the safe and in it was a bunch of Keyblades and a bunch of amulets.

Nico: Wow look at these Keyblades and Amulets.

Scaraba: Yep. They are called Eternal Light, Eternal Dawn, Radiant Embrace, Gaia's Fury, Eternal Stormfall and the Winds of Hope. And the Amulets are called the Amulets of Magic, Air, Water, Tech, Earth, Fire, Undead, Light and Dark.

Eternal Light - the 6'0" massive, double-edged crimson red blade has the key symbol etched onto the blade, white angel wings for the guard, a large white gem for the hilt, a long black handle, a large crimson red sphere pommel and attached to it are three gold crowns, and the token is the heart symbol, the symbol of Kingdom Hearts.

Eternal Dawn - the 6'0" massive, double-edged dark red blade has the Sun and moon etched on the blade, an angel wing on the right and a bat wing on the left for the guard, a blue cat's eye for the hilt, a long black handle, a large dark red sphere pommel and attached to it are three suns and moons, and the keychain token for the Eternal Dawn Keyblade for Riku is a heart with a white angel wing and a black angel wing.

Radiant Embrace - the 6'0" massive, double-edged light red blade has her Wayfinder etched on it, white angel wings for the guard, a violet gem for the hilt, a long black handle, a large light red sphere pommel, and attached to it are three flowers and the keychain token is the crown pendant, since she's married to Sora.

Gaia's Fury - the 6'0" massive, double-edged brown blade has the Mark of the Master etched on it, blue Angel wings for the guard, an orange gem for the hilt, a long black handle, a large brown sphere pommel and attached to it are three crystal fragments and the token is his orange Wayfinder.

Eternal Stormfall - the 6'0" massive, double-edged aqua blue blade has her Mark of The Master etched on the blade, aqua blue angel wings for the guard, a sapphire blue gem for the hilt, a long black handle, a large aqua blue sphere pommel, and attached to it are there rain drops, and the token is her blue Wayfinder.

Winds of Hope - the 6'0" massive, double-edged light green blade has a Mark of the Master etched on Ventus' new Winds of Hope Keyblade, green angel wings for the guard, a light green gem for the hilt, a long black handle, a light green large sphere pommel and attached to it are three wind gusts, and the token is his light green Wayfinder.

These new Keyblades wielded by those six Keyblade Wielders, and they'll get a massive power and energy increase, along with angel wings.

Since Fluttershy and the Life Skylanders got the Amulets of Life in the last fight, I've got just the items for the nine remaining princesses and the nine remaining elemental Skylanders. They're called the Amulets of Magic, Air, Water, Tech, Earth, Fire, Undead, Light, and Dark. They're gold amulets with the symbols of the Magic, Air, Earth, Water, Tech, Fire, Undead, Light, and, Dark Skylanders in gem form, and only the nine remaining princesses and nine remaining elemental Skylanders can wear these, and once they put them on, they'll gain a massive power and energy increase.

Plus, there's also one other thing: once all ten princesses and elemental Skylanders have on their amulets, Crash Bandicoot's Amulet of Life will start to change and the nine other elements in gem form will be added to his, and since he's the wielder of The Sword of The Skylanders, his Amulet of Life will transform into The Amulet of Elements.

Nico: Wow! I know just the perfect people for these.

Nico gave the keyblades to the Keybladers and the amulets to Twilight and team minus Fluttershy as well as the dragons of the Skylanders.

Sora: WHOA! These are awesome!

The Keybladers got amazing angel wings!

Nico: SO AWESOME!

Lucy Loud: Yeah.

Nico: Lets get him!

Megaforce Rangers: IT'S MORPHIN TIME! GO GO MEGAFORCE!

The Megaforce Rangers transformed!

Gia: **"Claw of the Tiger! Megaforce Yellow!"**

Noah: **"Bite of the Shark! Megaforce Blue!"**

All: **"Earth's Defenders, Never Surrender! Power Rangers… Megaforce!"**

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action and to kick some butt!

Nico: Lets get it on!

Troy Burrows: Lets bring them together!

They formed the Megaforce Blaster!

Rangers: MEGAFORCE BLASTER!

Nico: Lets get him! FIRE!

They fired waves of energy and elements and the blasts all hit him and Scaraba exploded in a massive fiery explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: YEAH! Scaraba you have failed this universe again!

Sora: Yeah he has!

Troy Burrows: Rangers that's a Mega Win.

---

## Battle 12: Halifa the Hei and Crystal Laney VS The Viking Ghosts

---

The Viking Ghosts were next.

Halifa: I may be the familiar of the underworld but you vikings are 1,000 years overdue with death.

Viking Leader: Then you will pay!

They went at her and she punched and kicked them all over and blasted them all over with darkness.

Chaor, Ooloo, Lystone, Quadore, Intress, Crawsectu, Ixxik, Staluk, Riggan, and Clodor blasted and pulverized them all over the place.

Young Xehanort appeared.

Despite missing an arm and a leg, Young Xehanort was still able to move thanks to the Darkness. He was about to ambush us while we were distracted when suddenly, a robot resembling a boy appeared before him. That robot was the iconic hero of Japan from the 1950's and from the 2009 movie: ASTRO BOY!

Astro Boy: This is where Dad told me the strange energy reading was. (sees Young Xehanort's current state) Whoa! What happened to you?

Young Xehanort: That's none of your concern. Leave now while you still can.

Astro Boy: Not gonna happen, pal! I know you're still able to cause trouble even though you lack an arm and leg.

Astro Boy punched him in the face and blasted him all over.

Huffer, Prohyas, Pharaoh Atem and Lockdown used the Earth Cyber Planet Keys and they enhanced Huffer's Strength, Prohyas' Magisword powers, Pharaoh Atem's powers and Lockdown's missiles 100-fold.

Huffer and Prohyas: SMASHING BOULDER PULVERIZER!

They fired waves of energy and the blasts all hit Lotso and obliterated him and it hit the King of Toys and obliterated it too!

Both were killed in an instant!

POW!

Astro Boy punched Young Xehanort in the face and sent him crashing into a building.

Young Xehanort: First, toys who have hearts. And now, a machine who has a heart as well. Creatures that aren't human continue to impress me. I should inform my older self of this.

Young Xehanort retreated into a Dark Corridor.

Astro Boy: For a guy lacking some limbs, he sure can put up a fight.

Astro Boy then saw Poromon, who saw the whole thing.

Astro Boy: Hey there. Poromon, right? Can you keep this a secret from J.D. and the others until the time is right?

Poromon: You bet! And it's an awesome honor to meet the famous Astro Boy.

Astro Boy: Same here. Thank you. (To the viewers) See you all on September 2nd.

He flew off.

We were back in the world of Toy Story.

Me: That takes care of Lotso and the King of Toys.

Lotso's evil spirit then appeared.

Me: You aren't fit for the great toy box in the sky Lotso. (Holds hand out) HAKAI!

He was banished to the Warp.

Buzz: It really was great fighting alongside you guys again.

Jack O Lantern: No problem, Buzz.

Kyd: Though if you want to help us against Xehanort, we'll have to lure whoever owns you away long enough for you to get to us unnoticed.

William: Leave that to me. I can call them and get them to come somewhere far enough.

Dayu: I'll look forward to that.

Pete: (to Stinky Pete) You know you've got a lot to make up for, right?

Stinky Pete: Trust me. I know. (to Woody) Seriously, Woody. Who's your owner right now?

Amora the Enchantress: That's what I want to know. Is it Andy or Bonnie?

Woody: It's Andy.

He showed Andy's name on his boot.

Buzz did the same.

Me: And Hannah too. Because Andy and Hannah are now boyfriend and girlfriend.

Woody: Yep and also we have great news. We're gonna try to get

Andy's mom to move both Andy and Bonnie and their families into the World Tree Estate.

Me: Hey that's great Woody! They would love it!

Laney: Yeah that's awesome!

Me: We can see if we can do that after the war with Xehanort.

Woody: Good idea.

Me: Lets head home and see how Lincoln is doing.

Nico: Good idea.

Woody: (To the viewers) Play with your toys and they will love you forever.

Me: You got that right.

We went back home. Lincoln was doing much better. Also he was gonna be better by tomorrow. We then had dinner and went to bed.

TO BE CONTINUED…

# WAR OF THE HEART PART 8

MONSTERS INC. 2001

---

Over in a small town over in Nevada, me and Lena were flying over the town and it was a beautiful place.

Lena: J.D., be honest. Do you and Nico think you're doing a good job leading so far?

Lena concentrated and groaned as she felt something protruding against the back of her shirt.

Me: I think we are Lena. Also Nico really did good as enforcer yesterday.

Lena turned into her Shark Gene-Slammer form! BLITZY!

Me: YEAH!

We then heard a shrill sound and looking over on a hill we saw a MASSIVE 100 FOOT TALL TARANTULA!

Me: JUMPING GERONIMO! THAT IS A BIG TARANTULA!

Blitzy: No kidding! WHOA!

Me: If Leni were still afraid of spiders and she saw a spider that huge, she would have a heart attack. Wait a second. This is the town of the 1955 movie Tarantula!

Blitzy: That was a strange movie.

Me: Yeah it sure was.

Blitzy: How did that spider grow so huge?

Me: Atomic Growth Formula gone wrong. Luckily I know just what to

do.

I pulled out a shrink ray.

Me: This shrink ray will be perfect for getting that spider back to its normal size.

Then we saw a girl and with her was a Pheromosa!

Me: Whoa that girl is a Jack O Lantern, the Spirit of Halloween from Irish Folklore.

Blitzy: Whoa!

Me: And that is a Pheromosa. She must be a Pheromosa Gene-Slammer.

Blitzy: Lets go help them.

We flew and went in front of them.

Me: We got this.

I fired a shrink ray blast and it hit the Tarantula and then shrunk it back to its normal size and I pulled out an aquarium tank full of jungle stuff and put the tarantula in it.

Me: There you go little fella.

Ran: Smart thinking not squishing it.

Me: Figured it would be a perfect little friend for my friend Lincoln's classes pet spider.

Ran: Clever. Wow you're J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: Yep.

Ran: My name is Ran and I'm a Jack-O-Lantern.

Me: Pleasure to meet you Ran.

Pheromosa: Same to you J.D. I'm Leana McDougall and yes I'm a Pheromosa Gene-Slammer. I was made this way on purpose to stop Team Rocket.

Me: Pleasure to meet you too. Team Rocket is all dead. Except for Jessie, James and Meowth. They got canned before we killed all of Team Rocket.

Pheromosa: Whoa!

Me: How would you like to have the power to change into your Pheromosa form at will and use its powers?

Pheromosa: I would like that.

Me: Okay. (Puts on blind man glasses) It will hurt though.

Pheromosa: I know. I'm ready.

Me: Here we go. (Snaps fingers.

Leana reverted back and so did Lena. Leana was naked.

Lena was human again. But topless.

Lena: (covers her boobs) I wonder what would've happened if Paradigm had gene slammed me along with the Bolton Siblings at the start.

Ran: No idea. But that's awful all that happened.

I gave Lena and Leana new clothes.

Lena: Thanks J.D.

Leana: Yeah thank you.

Me: You're welcome.

They put the clothes on.

Ran: That was clever using that shrink ray like that.

Me: Yep and Lincoln's class will have another pet Tarantula for them

Leana: That's thoughtful.

Me: Lets head back to the World Tree Estate.

We did so.

---

Back at the World Tree Estate, everyone was having breakfast and we came in.

Nico: Hey guys. Wow she's a Jack-O-Lantern.

Me: Yep.

Ran: It's awesome being here.

Miia: Ran!

Ran: Miia!

They hugged.

Miia: It's awesome having you with us.

Ran: Same here.

Me: And just in time for us to get ready for school.

We then got ready for school.

---

We were flying to school.

Me: You guys go on, I'll meet you there. I'm gonna head to the Elementary School and drop off Little Francis's friend here.

Nico: Okay.

I flew to the Elementary School and I went into Mrs. Johnson's classroom.

Mrs. Johnson: Oh hello J.D.

Me: Hello Mrs. Johnson. Sorry to come in like this but I have a little friend for Francis here.

Mrs. Johnson: Oh wow.

I put the cage by Francis' cage.

Me: His name is Terry.

Mrs. Johnson: He's perfect.

Me: Yep. Anyway I'm off to the high school.

Mrs. Johnson: See you later.

Me: Yep.

I flew off to the High School.

Later at the High School we were getting ready and we also got our report cards.

Jonny: "Right on!" [racing around the hall] "B's and C's for me! B's and C's for me!" [He wedges his head in his locker, where Plank currently is.] "All that extra tutoring you gave me really paid off, buddy!"

Me: Good for you Jonny.

Nico: At least you're trying hard. What did you get J.D.?

Me: Check it out.

I showed him my report card and it was all Straight A's.

Nico: WHOA! You are a smart guy J.D.

Eli: Here's mine.

Eli got an A in Art and an A+ in history, P.E., Cooking and English.

Nico: Wow! You are doing good Eli.

Nazz: "Hey, Jonny." [She waves her card.] "Check that out." [Jonny looks it over.]

Jonny: "An A in cheerleading? You sure must have brains!"

Me: Way to go Nazz.

Nazz: Thanks J.D.

Kevin: "Choice! I upped my fine arts mark to a C-minus. Dad's gonna be stoked!"

Leni: Way to go Kevin.

Rolf: "Cursed present-day phooey! Rolf will need a new tuchus after Papa sees this."

Kevin: "Dude, a D in typing? Rough."

Rolf: [showing Kevin a typewriter in his locker] "Almighty chin-faced Kevin! Of what use is this infernal button box to the son of a shepherd? Rolf asks you!"

Carmen: You'll get it Captain Rolf. If at first you don't succeed try try again.

Rolf: Thanks Fiery Carmen Girl.

Kevin: "Um…" [He goes to the other kids.] "Yo, Nazz, how'd you do?"

[While the kids chat, Bevvy seethes.]

Bevvy: "How come they get their report cards while some back-stabbing jerk is hand-delivering ours to our parents?"

[A tearful Bev wipes her nose on her sleeve.]

Bev: "Life can be so cruel!" [She slams her face into her locker. Edd comes up to them.]

Bevvy: "I mean, what kind of low-down miserable two-timing double-crossing slimeball would do something like that?"

Edd: [behind them] "Well, look at the bright side, ladies. This could be a great opportunity for the two of you to sit with your parents and find a corrective curriculum to overcome your academic shortcomings." [He makes to leave as Bevvy searches Jonny's bookbag.] "Yes indeedy."

[Edd steps on an apple and slips. His bag flies open, and papers spill out all over the place.]

Linka: Whoa you all right Double D?

Edd: Yeah I'm all right.

Linka helped him up.

Lincoln: (glares at the Bevs) Tell your boss Xehanort that he should send his forces at us later. We're busy with our normal lives right now.

Lynn: Are you nuts, Lincoln?! These girls aren't working for Xehanort!

Lori: (to the Bevs) I'm literally sorry about Lincoln.

Me: Yeah we've been on edge because of a war coming up on August 2nd.

Lola: (sarcastically) These days, he and the rest of our siblings are walking balls of sunshine.

Lincoln: Like you three are ones to talk. If I remember correctly, you beat up Theresa Fowler to a pulp in Norrisville!

Louie PoisonSea: (glares at Lincoln) Hey! I don't care what J.D. says. If you don't calm down, I'll make you!

Bev: Yeah! What did we ever do to earn your anger, you jerk?

Eli: Sorry but it's passed Lincoln's bedtime.

Eli pinched Lincoln with the Vulcan Nerve Pinch and knocked him out.

Bev: "For me? You shouldn't have, Double D."

Linka: Back off bitch! He's mine!

Bev: [She claws at the papers.] "Pick paper up, pick paper up, pick paper…"

Edd: [as Bev repeats himself] "No Bev-please-let me do that."

Bev: "Double D!" [She holds up two sheets of paper.] "Your report cards look the same as mine and Bevvy's!"

Bevvy heard her.

Bevvy: "Lemme see those!"

SMACK!

[Bevvy grabs Bev by her legs and she smashes her onto the floor and takes the papers and looks at them angrily. She then backs Edd into a locker.]

Bevvy: "So you're the backstabbing jerk!"

Edd: [trying to bluff] "Who, me? Why, never! Um, uh, perhaps I should hang on to those for safekeeping?"

Bevvy: "In your dreams sockboy!" [She throws Edd into a locker.]

Bev: "May I might? I bet I'm doing real good, guys! Oh, oh! Listen to this!" [Bev pretends to be a teacher as she reads from her card.] "Bev has difficulty with her ability to concentrate for even the smallest period!" [She wiggles her finger. Soon enough, she becomes entranced.] "Tick tock. Tick tock. Tick tock."

Bevvy: "The teacher's got you pegged, Bev!"

Edd: [in the locker] "Deplorable grades do not a joke make, Bevvy."

Eddy: Man the Bev girls act so much like us that it's really scary.

Luan: You're not kidding Eddy. Bevvy is in every way like you.

Eddy: No kidding.

Me: And Bev is as big an idiot as you Ed.

Ed: Yeah.

I looked at Bevvy and Bev's report cards and it shows that they had all F's on it and it said that they are the worst students ever. The comments wrote by the teachers were long.

Me: Geez you have all F's? Your parents are going to kill you!

Nico: No kidding.

Luan: Is that what happened to you and Ed long ago Eddy?

Eddy: You bet it did Luan. When we lived in Peach Creek, me and Ed hated school. We hated it more than anything.

Ed: Yeah it was terrible.

Eddy: But after moving here and meeting you we got better.

Luan: Oh Eddy.

Bevvy: "Who's got de-horrible grades, smart guy? Not us, not anymore!"

[Bevvy runs over to her locker.]

Bevvy: "Time to get to work, Bev."

[Bevvy lifts a picture in the back of her locker. She pulls a guitar case out from the back of it.]

Bevvy: "A little hand-me-down from my sister." [She opens the case.] "The good ol' report card-changing kit!"

[Inside the case are a litany of tools designed to change report cards from unacceptable to excellent.]

Bevvy: "Here. Get cracking." [She hands Bev some liquid paper.]

Bev: "Already cracked, Bevvy!"

Bevvy: "The usual A's and B's, and throw in a C-minus just in case. I don't want my folks to get suspicious."

[Bev changes Bevvy's grade in Remedial Math to a C.]

Bevvy: "Looky! A C, I see! And as smart you be, Bevvy Peejee!"

[A large shadow falls across the cards. Bev and Bevvy follow it up the wall. It is an adult.]

Bevvy: [whispering] "We're busted, Bev." [Edd sneaks in and takes the cards.]

Bev: [whispering] "Not good, Bevvy."

Bevvy: [turning around] "Uh, Principal! Sir!" [Her eyes bug. The shadow was thrown by a flashlight and a placard.]

Bev: [tearfully] "I surrender!"

Me: That's really clever. Smart thinking Double D.

[Edd, running down the hall, tucks the cards into his pack. Bevvy steps in front of him.]

Bevvy: [angry] "Hey! What's the big idea!"

Edd: [backing up, afraid] "I've been entrusted with a very important task, Bevvy, and neither rain nor sleet nor snow nor you nor Bev shall stop me from completing this duty. I'm sure your parents will be very understanding and-"

Bev: [beseeching] "I'm going to have to live with my aunt! She has a mustache, Double D!"

Bevvy: [demanding] "Gimme those report cards!"

Bev: [unhappy] "Her cat makes me sneeze and she never butters my toast!"

Bevvy: [frustrated] "The cards! Now!"

Bev: [wailing] "She smells like cabbage and she makes me use toothpicks!"

Bevvy: [roaring] "GIMME EM!"

[Edd breaks free and runs down the hall.]

Eddy: Those girls are in every way like what we were back in Peach Creek 100%!

[The bell rings.]

Edd: "Math class! Yes! Sanctuary!" [He runs down the hall to the class.]

Me: Time to get to class.

Bevvy: "Math class! Yes, we got him!"

We went in.

*[Edd grabs the doorknob, turns it, and walks in calmly. Bev and Bevvy bonk into each other compose themselves and follow Edd in. Bevvy sets an apple on the teacher's desk. Bevvy sits on Edd's left, and Bev sits on Edd's right. Bevvy smiles at a scared Edd menacingly, while Bev gazes with puppy-dog eyes.]*

Me: Those two are gonna be in so much trouble.

Nico: Yep.

Eddy: (to Double D) Don't worry, Sockhead. This time, we'll help you deilver those report cards.

Haiku: (to the Trinty of Violence) Let me just say how proud I am of you three for keeping calm the last few days.

Lola: Thanks Haiku.

Lucy Loud: We've been proud of you too.

Me: We sure are. But it's amazing those Bev girls are in every way like the Ed's.

Mrs. Henderson: That is very resembling isn't it J.D.?

Me: It sure is Mrs. Henderson.

Mrs. Henderson: Can you give the answer to this equation?

Me: Certainly.

I walked up to the chalkboard.

Me: (Imitating Dirty Harry) Go ahead. Make my day.

I answered it with an amazing quantum physics equation that was 100% correct.

Mrs. Henderson: He's correct!

Everyone cheered.

Nico: Nice job J.D.!

Me: Thank you.

*[This seating arrangement continues throughout the day, through wood shop… ]*

In the wood shop, I was building an amazing bunch of birdhouses that looked like awesome buildings from history and Nico was building amazing bedroom furniture.

---

*[… history class… ]*

We were learning all about what happened during the events of great wars in Sweden.

---

*[… and the final class of the day, cooking.]*

I was making an awesome meal. I made Goat Cheese Shiitake Soufflé Brulee Croissant Mousse with Minced Scallions and more.

*[Bev and Bevvy scoot closer to the genius Ed to box him in. The clock ticks closer and closer to the final bell, but Edd raises his hand at the last minute.]*

**Edd:** "Pardon me, sir, may I be excused to the restroom? Thank you."

*[Edd takes off, escaping his lecherous friends.]*

**Bevvy:** *[angry]* "Sucker punch!"

Me: (In my head) Smart thinking Double D.

---

*[Edd races down the hall, heading for the door.]*

**Edd:** "Now if I could just get to the outside before the final bell!"

*[The bell rings and the kids trample Edd in a rush to get out.]*

**Jonny:** "Race you home, buddy!"

**Jay:** "Meatloaf Monday, boys"

**Terri:** "Last one home files dad's bunyons!"

**Fred:** "No bunyons for me, I'm on a diet."

We helped Double D up.

*[The doors slam shut and Bev and Bevvy approach from each side, ready to capture Edd.]*

**Bevvy:** "Weasel-boy's still inside, Bev. Once he comes out, let him have it! Then I'll grab the report cards."

*[Edd cowers just inside the door, fearful.]*

**Rolf:** "ED-BOY!" *[Edd, startled, leaps to the ceiling.]* "Rolf asks a favor from you." *[He picks up a typewriter.]* "Have mercy, and hold Rolf's rucksack so that Rolf can carry this cursed menace home for further torment!"

---

*[The door creaks open. Bevvy leaps into the air, brandishing her weapon, but stops, seeing who it is.]*

**Bevvy:** "Rolf?" *[Bev scoops Rolf up in a butterfly net.]*

**Bev:** "Got him, Bevvy! Good for me!"

**Bevvy:** "You ugly dummy! Does Rolf look like Double D?"

*[Bev looks at Rolf and ponders a minute]*

**Bev:** "Maybe with a hat?"

*[A frustrated Bevvy jams her traffic cone over Bev's head and peers inside the school. She turns around and calls Rolf.]*

**Bevvy:** "Hey, Rolf! You seen Double D?"

**Rolf:** *[nervous]* "Double D Ed-boy? Um, I am an innocent son of a shepherd. Heh I know nothing. Goodbye."

*[The seams on his rucksack begin to tear. They break loose, and its contents spill out on the football field. The last to come out is the typewriter. Edd falls out of it like a sheet of paper.]*

**Bevvy:** "It's the rat! Get him, Bev!"

**Rolf:** "Run, Ed-boy! Run like the wind!"

Me: Come on guys!

---

*[Kevin is in the parking lot, polishing his bike. He finishes and turns*

*to Nazz.]*

**Kevin:** "Sweet. Cruise, or lose?"

**Nazz:** "Hey, cruise or lose! That rhymes!" *[Edd comes by and steals the bike.]*

**Edd:** "Please forgive me, but this is an emergency!"

I gave Kevin a spare bike.

Me: Here Kevin. You can use my spare bike. I never rode it.

Kevin: Thanks J.D.

*[Bev runs him over with a hand truck that Bevvy is riding on.]*

**CRASH!**

**Bev:** "Beep beep!"

*[Edd bikes through the construction site and into the lane. Suddenly, a garland lands around his neck.]*

Jimmy's female counterpart Janey was throwing them. She looked like Jimmy but with longer hair and had a headbrace on.

**Janey:** "Throw me something, mister! Okay, here you go!" *[He throws garlands at a peanut gallery of toys.]* "Welcome to Sammy and Janey's After-School Carnival! Tea and cake for everybody!"

**Edd:** *[caught in the slow-moving parade]* "Pardon me! Excuse me! Slow-moving vehicle to the right, please!"

**Janey:** "Rabblerousers, Sammy!"

Sammy is Bev's evil baby sister.

**Sammy:** "What?" *[She turns and heads for Edd.]*

**Bevvy:** "Gimme those report cards!"

*[Bevvy and Bev pass Edd, who has turned around. Bevvy points to*

*Bev to turn around.]*

**Bevvy:** "Thattaway, Bev!"

**Bev:** "Which-a-way, Bevvy?"

**Bevvy:** *[seeing Bev's sister]* "Sammy, Ed!"

Sammy: I'M GOING TO KILL YOU BEV!

**Bev:** "Sammy not good for Bev, Bevvy!"

*[Bevvy turns the truck around, and Bev destroys several fenceboards in the process.]*

**Bevvy:** "Go, Slumpy, go!"

*[Edd is riding back past the school.]*

*[Bev and Bevvy run over Kevin again. Bevvy catches Edd. In a stroke of luck, or unfortunate coincidence, Kevin's bicycle lands on Sammy, causing a wreck.]*

**Bev:** "Beep beep!"

**Bevvy:** *[as they enter the woods]* "End of the road, mister do-gooder! Hand over those report cards!"

*[Edd rifles through his bag and pulls out an umbrella. He hooks it around a branch, and this forces the two Bev's to let go of him. Edd flies away, but he sprouts his wings and uses them to hover and float down far away.]*

The tree smashes the two Bev's into the ground.

They got up and saw it.

**Bevvy:** *[awed]* "He's an angel too? How'd he do that?"

**Bev:** *[tearful]* "He's too smart for us, Bevvy!" *[She blows her nose on Bevvy.]* "We will never catch him!"

**Bevvy:** "Don't count your biscuits before they hatch, Slumpy!

Sockboy may be smart, but he's weak! And he'll never deliver those report cards alive!" *[She laughs evilly.]*

**Bev:** *[hugging Bevvy]* "I'M ALIVE, BEVVY, I'M ALIVE!"

*[Edd flies down to a nearby construction site and takes off. He comes to the edge of a giant hole and stops and sees Bevvy and Bev at the bottom of the hole with Bev still digging.]*

**Bevvy:** *[at the bottom of the hole with Bev]* "Dudley Do-The-Right-Thing doesn't have a chance, Bev. It's brawn over brains, I tell ya." *[She spots Edd.]* "Ah ha! You're trapped! There's no escaping now, smart guy! Hand over those report cards!"

Me: Nice try you buttfaced bitches but he's too smart to fall for something as stupid and simple as this.

*[Edd, perplexed by the stupidity of this plan, simply detours around the edge of the hole, escaping easily.]*

**Bevvy:** "He's getting away!" *[She looks at Bev, still digging and repeatedly saying "dig a hole", and angrily kicks her.]* "You shoulda dug deeper!"

*[Bev lands on Bevvy.]*

CRASH!

Later the Bev's caught up to him and grabbed the bag.

Soundwave: Girls, return those report cards at once.

Lynn: Don't make us get the ACTUAL principal involved in this.

Lori: If you three keep doing this, you'll literally be in worse trouble with your parents.

Lola: If you want your grades to improve, we can tutor you.

Bevvy: Never! These are our report cards!

Edd swiped them when they weren't looking.

Me: Double D come on!

We ran fast and I threw a smoke bomb and cut them off and Yakumo put a genjutsu up and it showed the Tankmont Brothers in their way.

**Bevvy:** "Get back here! You wiry little-"

*[Jay sticks his leg out and trips Bev and Bevvy.]*

**Bevvy:** *[dusting herself off]* "Hey! What's with you?"

**Jay:** "Looks like dessert showed up just in time, boys."

**Terry:** "Shortcake, my fave!"

**Fred:** "And a tall milkshake."

*[Bev and Bevvy protest as we escape with Edd.]*

Edd was wheezing from exhaustion.

Linka: Hop on Double D!

He hopped onto Linka's back.

**Edd:** "Tired, so tired… I can't go on. So close…"

Linka: We're almost there Double D.

Edd: Oh why thank you Linka.

He saw that she was right.

Edd: Oh bless you guys. Bless you.

*[Edd makes his way to a pink house.]*

**Edd:** "I commend your efforts, ladies!" *[He holds up his bag.]* "But as always, the sanctum of education champions the day!"

Me: Woohoo!

*[Edd is about to ring the doorbell when the door flies open and Bevvy throws Bev out. Edd is trapped on Bev's belly.]*

**Bevvy:** *[gloating]* "Who's the smart guy now, huh?"

*[Bevvy grabs the bag and hunts through it. Edd smiles a knowing smile.]*

**Bevvy:** "What the-where'd the report cards go?"

*[A bugle plays poorly in the center of the cul-de-sac. The Urban Rangers have gathered there.]*

**Jimmy:** "Congratulations, Ranger Carmen, on your task well completed. It is an honor to present to you the Report Card Delivery badge!"

**Carmen:** *[satisfied]* "Thank you Jimmy and I'm honored." *[Ed claps.]*

Rolf: Congratulations Fiery Carmen Girl.

Carmen: Thank you Captain Rolf.

**Bevvy:** *[stunned]* "Our report cards?"

Nico: That was clever. Edd gave the Report Cards to the Urban Rangers when they weren't looking.

**Edd:** "Honestly, I just feel sick about all this. But when the principal asked me to take on this responsibility, I had no other recourse than to accept! And risk you being upset for your own good."

*[Bevvy advances angrily on Edd. Suddenly, a giant arm reaches out and clamps down on Bevvy's wrists.]*

Me: Hello Mrs. McGraw.

Monica McGraw: Oh Hello J.D. Good job helping Edd bring the Report Cards here.

Me: Thank you.

**Bevvy:** *[scared]* "Mom? Wait! Um, the grades are in Greek this year!

I did good! I swear!"

Monica McGraw: We'll see about that. Maybe 5 months of hard labor around the house will show you some reeducation.

*[Bevvy's mother drags him away.]*

Mrs. Lilly: So she ran away from school huh? Hmhmhm. Maybe spending 5 months with her aunt will shape her up.

*[Another giant arm, this one dainty and female, reaches out. The fingers clamp on Bev's ear and drag her away.]*

**Bev:** "Uh oh." *[bawling]* "No auntie for Bev! Mommy! No auntie for Bev!"

**Edd:** "Oh dear oh dear oh dear. I guess some lessons just have to be learned the hard way."

Me: Yeah they sure do.

Double D: Everyone, I would like to thank you for helping me today.

Me: Anytime Double D.

Blaster: No problem, Double D. What are friends for?

Lynn: You know, we didn't see your counterpart in the Bevs.

Me: Yeah that's a shame.

Edd: That's because Bevv is out sick.

Me: That stinks. But we'll meet her someday.

Carmen: Sorry you went through so much trouble Double D.

Edd: It's all right Carmen but thank you for helping me out and congratulations on earning your new badge.

Carmen: Thanks Double D.

Me: Bevvy is gonna be infuriated with you for the next few weeks.

Nico: She'll have to get over it.

Me: Also Bev's sister is like you Sarah.

Sarah: You aren't kidding J.D. She's a worser tattletale than me. What a jerk!

Nico: You aren't kidding.

Me: Lets head back to the estate and get ready for dinner.

We walked back.

Me: But those Tankmont brothers are like the Kanker Sisters.

Marie K.L.: They are very much like me and my so-called sisters completely.

Me: Yeah and I have a strong feeling that they will do exactly like what you and your wretched sisters did to here and Atlanta.

Nico: Oh boy. And when that time comes, we'll be ready for them.

Laney: Yeah we sure will.

---

Later we were getting ready for our next mission and Lana came down and she was crying.

Killer Frost: Lana, do I even want to know what your nightmare was about?

Lana: (Crying)

Natilee: Believe it or not, Lana had the same kind of dream Lucy did.

Natilee showed us Lana's nightmare on her sketchpad.

Me: That's not a nightmare. That's more like a cutie paradise.

Natilee: Not to Lana. But thanks to her love of animals she overcame her fears in that one.

Lana: (Sniffles) Yeah.

Nico: Cool.

Kickback: By the way, Nico. It's your turn to lead today.

Nico: Right. And I think it's time for me to make my position on the team clear. (to Lincoln, Laney, Lisa, Lily, Luna, and Luan) You guys and me got a problem with that?

Luna: Yeah. You won't leave us alone.

Nico: Look, the 6 of you are either on the team or you're not. Because this whole moping thing isn't gonna fly with me.

Lisa: I don't think you can really blame us considering what will happen on August 2.

Nico: I know damn well what's gonna happen on that day. You guys wanna sit and throw tantrums about it? Fine. But if you're gonna be here, be here.

Laney: J.D. wouldn't talk to us like this.

Nico: No. And he also wouldn't kick you off the team. But don't think for a second that I won't.

Lily: I don't see you yelling at Lola, Lana, Lucy, Lynn, Leni, or Lori.

Nico: That's because unlike the 6 of you, they've actually kept calm about Xehanort.

Luan: Good for them.

Nico: But if you wanna sit here and cry about Xehanort, do it yourselves. Because the 6 of you are either with the team. Or you're gone.

Me: That's right! Do you have a problem with that you maggots!?

Loud Kids: NO SIR!

Nico: Good.

Me: You sound like a drill sergeant now buddy.

Nico: Yep. Decided to do a military leadership when I'm in charge.

Selene, Koragg, Anti-Wanda, Saïx, Black Adam, Jack O Lantern, Kyd Wykkyd, Dayu, Pete and Amora then appeared.

Selene: I don't know if Lincoln, Laney, Lisa, Lily, Luna, and Luan are still anti-social. But can me, Koragg, Anti-Wanda, Saïx, Black Adam, Jack O Lantern, Kyd Wykkyd, Dayu, Pete and Amora come with you all anyway?

Nico: Yes you can. And it's my turn to lead today.

Eli: Yep and Nico is not gonna tolerate any whining from the Loud Kids.

Nico: No I'm not.

Lily: Nico is gonna do a good job.

Nico: Thanks for the compliment Lily. But while I'm leading you will call me Commander Nico. Is that clear?

Lily: (Salutes) Crystal sir!

Nico: Love that military spirit. All right now here is our mission pansies. We are going to the world of Monsters Inc. and we're going into the first movie and we're going to help Sulley and Mike. Without a doubt we'll run into a member of Organization XIII on the way there. So be ready for that.

Me: Yes sir!

Nico: I love that spirit Colonel. You are my Colonel J.D. and Eli you are my Lieutenant.

Eli: Yes sir!

Nico: Vince you are my Corporal.

Vince: Yes sir.

Nico: Lets head out.

We went to the Simulator.

---

In the Simulator we got ready and it activated and we were in the world of Monstropolis and we were right in front of the Monsters Inc. building.

Nico: Here we are guys. Welcome to Monstropolis.

Me: Wow so this is Monstropolis. I've always wondered what it was like to be here as a whole besides in Monsters University.

Laney: Me too. This is amazing.

We saw the Monster's Inc. Building.

Nico: Monsters Incorporated.

Veon: (reads the sign) "We scare because we care". Well, the monsters here can still scare bad guys.

Nico: That's what they were like before they went to laughter. But scaring bad guys is not a bad idea. Also they didn't realize just how powerful laughter can be.

Me: Laughter is 10 times more powerful than scream and the reason they went through so much energy was because scream burns out too fast and the canisters that hold the scream were too small. Which is why they burned out too quick.

Nico: That is a good observation there Colonel Knudson.

Me: Colonel Knudson. I like that.

We went in and there were lots of monsters all over.

Anti-Wanda: Howdy there, Sulley!

Sulley: Hey guys! Great to see you all again.

Mike: Yeah you're all looking great.

Nico: Busy as ever saving the universe. We have a lot to tell you.

Sulley: Well we go onto the Scare Floor in a few minutes but you can tell us all about it.

Nico: Sure. And also I'm leading the team today. New system and during my leading days call me Commander Nico.

Sulley: Yes sir.

Nico: It's great to see you guys again and I'm leading a military theme for whenever I lead.

Mike: That's cool.

Nico: It sure is.

We went into the Locker Room and it was cool. We told Sulley and Mike everything that happened to us and more since the last time we saw them.

Mike: So, let me get this straight. This whole leading system started because J.D.'s scared of becoming like that Sentinel Prime j***?

Marah: I know it's hard to believe. But it's only natural for any person to be scared.

Nico: Yeah but this new leading system is working well for us.

Me: I agree with you on that commander.

Nico: Thanks Colonel.

Sulley: I see. That's a great idea for you both and I see you are like a military leader.

Nico: Yes it is. Figured it would be perfect for keeping everyone in line.

Vegeta: The Saiyan Army would be proud of you Bokrua.

Nico: Thank you Vegeta. Lieutenant Eli.

Eli: Yes sir?

Nico: I sense we're being watched.

Eli: And I sense it too sir.

Eli fired a blast of Force Lightning and it hit a locker and RANDALL was decamouflaged.

**Randall "Randy" Boggs** is the central antagonist of Pixar's fourth full-length animated feature film *Monsters Inc.* and a major antagonist in its prequel film *Monsters University* .

He is the arch-rival of Sulley. He also has Henry J. Waternoose as his boss and Fungus as his minion. He is also Mike's former friend turned arch-enemy.

He was voiced by Steve Buscemi, who also played Mr. Pink in *Reservoir Dogs*, Carl Showalter in *Fargo*, Garland Greene in *Con Air*, Nucky Thompson in *Boardwalk Empire*, Mr. Wesley in *Home on the Range*, Dwight Diddlehopper in *The Simpsons* and Francis E. Francis in *The Boss Baby* .

Additionally, he was voiced by Mads Mikkelsen in the Danish dubbed version of the film, who also played Le Chiffre in *Casino Royale*, Hannibal in NBC's *Hannibal*, Captain Rochefort in *The Three Musketeers*, Chick Hicks in the Danish version of *Cars*, Kaecilius in *Doctor Strange*, Gellert Grindelwald in *Fantastic Beasts*, and David Prentiss in *Chaos Walking* .

In the prequel film, a teenage Randall starts off as a shy, sweet, and lonely nerd who was Mike's only friend and roommate before he met Sulley.

They first meet when Mike is told that his roommate is also aiming to be a top scarer. Randall greets Mike quite happily while shaking his hand. A little accident then happens, making Randall quickly turn invisible, surprising Mike. Randall tells him he is afraid of doing that in class, but Mike reassures him and tells him to lose his glasses when he turns invisible since they give it away that he is there, which gives him his trademark squinting.

That night, Randall bakes some cupcakes which spell out, "BE MY PAL" in an attempt to make some more friends and goes outside to do so. Mike then meets Sulley, who is running from students of a rival school with their stolen pig mascot Archie. Then an intense chase occurs when Archie begins running away. Sulley and Mike frantically chase after it and Mike smashes into Randall (who is showing his cupcakes to some other kids), knocking his cupcakes into the sky. Four of them land on Randall's face, spelling out, "LAME".

Later, Randall is helping Mike try out some new scaring tactics. Then in class, Mike and Randall both sit together studying, when Sulley walks by and knocks over Mike's piled books in an uncaring way. This infuriates Mike, who asks for an apology, but Randall, afraid of getting into a fight, tells Mike to just move somewhere else. After a little incident with Sulley and Mike, Dean Hardscrabble arrives and breaks it up and Randall slowly walks back and turns invisible, not wanting to be involved in anything.

He later abandons Mike by joining Roar Omega Roar with his new best friends Johnny J. Worthington and Chet Alexander at the Scare Games, as opposed to joining Oozma Kappa. To make matters worse, he eventually participates in humiliating Oozma Kappa in front of the entire university, causing the friendship previously established between him and Mike to break.

During the Scare Games, Sulley and Randall race each other into a little girl's room and as Randall turns invisible and is about to scare the girl dummy, Sulley ruins it by roaring loudly at the dummy, thus messing up Randall's camouflage pattern and causing him to fall onto a carpet with hearts on it, which makes him match its color. Despite getting back up and roaring at the dummy, Sulley ends up winning. Now covered in hearts, Randall returns to his team, only to bump into Johnny, who is appalled by Randall's appearance and Chet sarcastically yells, "Way to go, BOGGS!", and Randall is kicked out of Roar Omega Roar. He glances at Oozma Kappa, changes back to his normal color, and bitterly exclaims that it will be the last time he will lose to Sullivan.

Ever since this incident, Randall developed his grudge against Sulley *and* Mike and slowly becomes their new enemy.

## Kidnapping Boo

Randall first appears using his invisibility to scare Mike in the locker room. When Mike screams and jumps back in fear, Randall laughs at him and says it works on little kids *and* little monsters. However, Mike apparently lies by saying that he wasn't scared and he just has allergies (followed by a fake cough), to which Randall disbelievingly nods his head and replies, "Uh-huh. Sure." When Sulley tells him to save his tactics for the scarefloor later on, Randall immediately shows off and brags that he's been working hard and gloats that he will beat Sulley at work and become Top Scarer. However, when Mike tells Randall that he and Sulley will win over him instead, Randall shushes Mike and sarcastically asks if he could hear the "winds of change" and leaves. Offended and angry with Randall, Mike mimics him, calls Randall a creep, and tells Sulley he is going to let him teach Randall a lesson one of these days.

Later, Randall and Fungus try to outmatch Sulley and Mike when they scare children in their bedroom. Randall succeeds, but Sulley gets his title back immediately by scaring a slumber party. When Sulley goes back to the scare floor after hours to grab some paperwork, Randall has activated a door and briefly leaves it to grab a small prison to contain the child he intended to kidnap. However, Sulley stumbles upon the door and the little girl in it and runs off with the latter when Randall deactivates the door. When the CDA find out that a human girl has escaped, Randall tries to find her but is unsuccessful since she is with Sulley and Mike. The two decide to the disguise the girl as a monster and return her home and they name her Boo.

Afterwards, as Sulley and Mike start to search for Boo (who had quietly run off), they accidentally bump into Randall, who reveals himself and asks what they're doing, to which a worker slides by and tells him they are rehearsing a play; this prompts Mike to sing loudly, "She's out of our haaaaaaair!" and an irritated Randall orders him to stop. As he talks to Sulley about Boo escaping and how it spread on the news, she quickly escapes into an aisle. Mike manages to stall Randall by telling him Waxford is involved in the whole thing. As Randall goes to confront Waxford and Sulley runs into the aisles to look for Boo himself, Mike is then confronted by Celia who, after being seriously injured by the CDA, is mad at Mike for the restaurant event the other night and feels betrayed as she tells Mike that she thought he cared about her. As the two argue, Randall and Waxford overhear and turn to look and Mike, trying to cheer Celia up, suddenly grabs her and kisses her, prompting her to angrily slap him. Randall then looks at the newspaper and discovers Mike on the front page. Coming to realize that Sulley and Mike might know something about Boo, he chases Mike in his direction.

Mike runs into one of the aisles and manages to hide from Celia behind the corner of a wall. However, the Mr. Waternoose portrait on the wall behind Mike suddenly morphs into Randall, who quickly pins a startled Mike against the wall and interrogates him about the missing kid. Mike tells Randall that he won't let him pin it on him and if he hadn't cheated last night, the kid never would've gotten out. Offended that Mike told him he was cheating, Randall soon calms down and figures out a way to make things better. After asking Mike what happens when the bell rings in 5 minutes, Mike guesses he gets a time-out, only for Randall to angrily tell him that everyone goes to lunch. After calming himself down, Randall asks him what the scare floor will be after that, Mike - after a short pause - guesses it will be painted and this makes Randall lose his temper and angrily tell Mike that the scare floor will be empty as he shakes him and calls him an idiot. After seeing a clock, the frustrated Randall decides to make a deal with Mike: He'll have Boo's door at his station while everyone else is at lunch, so Mike should return her then or risk getting caught. As it turns out, the deal was really a trap to capture Boo, but Mike is captured instead by Randall when he enters Boo's room and starts to jump on her bed to prove to Sulley that everything is fine when he refuses to put Boo in her room after hearing Randall put the door there.

In his lair, he and Fungus push their cart in and Randall tells him to help him out with the box with what he thinks is Boo inside. As they lift it up, Randall says the kid needs to "take off a few pounds" and empties it out on his small seat, but Mike ends up falling out, much to Randall's surprise and anger. He demands Mike to tell him where Boo is and calls him a "little one-eyed cretin", but Mike first corrects him and that it is pronounced "creet-in," then tells him to threaten him properly, and finally says he is nuts to think that kidnapping him will help Randall win and become Top Scarer. In response, Randall laughs sinisterly and asks Mike if he still thinks it is about the scare record (which apparently, is irrelevant to Randall), to which Mike admits he did until Randall chuckled sinisterly. Before he can get out of the seat, Randall holds him back and ties his wrists up and begins to use him as his lab rat. He begins to explain his plot to Mike, telling him that he is about to revolutionize the scaring industry and that even Sulley will soon be working for him. He once again demands Mike to tell him where Boo is, but when Mike refuses, Randall tries his new machine called the Scream Extractor on Mike to insure that he doesn't tell anyone about his plan. However, before it can get to his mouth, Randall is thwarted by Sulley when he unplugs the Scream Extractor. Annoyed, Randall asks Fungus what he did wrong, but Fungus says that he does not know. An exasperated Randall loses his temper and yells at Fungus to go check the machine and he does so. Sighing with annoyance, Randall looks down and notices the wires are unplugged. So he goes into the backroom to find the main wire to plug the machine back in. Meanwhile, Sulley comes and grabs Fungus, rescues Mike, and traps Fungus in the Scream Extractor. When Randall comes back after plugging the machine back in, he is shocked to see Fungus in the seat instead of Mike. He commandingly asks the shrieking Fungus where Mike is. However, since Fungus cannot talk with the machine in his mouth extracting his screams, a frustrated Randall presses a button to stop the Scream Extractor. Then Randall once again asks Fungus where Mike is. Dazed and blacking out, a wheezing Fungus points to the left and Randall growls frustratingly as he follows in Sulley and Mike's direction. As soon as Randall leaves, Fungus finally faints and falls out of the seat.

When Sulley and Mike go to find Mr. Waternoose for help and tell him everything and that Randall is going to kill them, he is about to help them and return Boo to her door; however, when Waternoose deliberately brings in the wrong door, Sulley and Mike are devastated to learn that he is actually Randall's partner in crime in the plan and that the Scream Extractor's purpose is to extract screams from abducted children. Waternoose pushes Sulley and Mike into the door and banishes them to the Himalayas, thus turning on them. After Waternoose shuts the door before Sulley can run back in, Randall continues with his plan, now that he and Fungus finally have found Boo.

Later on, as Randall puts Boo in his seat to extract her screams, Mr. Waternoose shows up and starts to argue with Randall, mad at him for forcing him to get rid of his top scarer so Randall could follow through with his plan. Ignoring him, Randall tells Waternoose that scarers won't be needed at all since he has a machine and then adds that Sulley got what he deserved anyway. Hurt and shocked by this insensitive response, an upset Waternoose tells Randall that Sulley was the twice the scarer he will ever be, making Randall give Waternoose a look and growl lowly in anger. Afterward, Waternoose is forced to accept the plan and stands back as he watches the Scream Extractor slide towards Boo's mouth to extract her screams. But before it can, Sulley suddenly comes to Boo's rescue, destroys the machine, and throws it at Randall and Waternoose. While Randall manages to avoid the machine by clinging to the wall, Mr. Waternoose is pinned by it. After freeing her, Sulley makes an attempt to escape with Boo and an enraged Waternoose orders Randall around, telling him to get Sulley. An already-prepared Randall does so and growls angrily at Sulley, turns invisible, and stops him from escaping. Then Randall proceeds to try and finish Sulley off, on Waternoose's command.

Soon, Mike arrives and tries to say he was sorry to Sulley for their earlier fight in the Himalayas, but he gets frustrated when he thinks Sulley ignored him as he is being attacked by Randall, who has turned invisible. Sulley exclaims he is being attacked, but Mike, not understanding, tells Sulley that he's not attacking him and to hear him out since he is being honest. Whilst Sulley is struggling with the invisible Randall, Mike tells his friend that they are a team and their friendship is more important than anything. A frightened Boo approaches Mike, who tells her that Sulley is too sensitive. Boo starts to cry and get worried as she watches Randall prepare to kill Sulley. Mike tells Sulley that if he starts crying, he will cry and will never get through the situation, and apologizes he wasn't there for him, but assures him that he is now. Getting fed up, Mike tells a dying and weak Sulley since he is baring his soul to him, he could at least pay attention and throws a snowball at Sulley. However, he misses and it hits Randall in the face, making him visible enough for Sulley to knock him out by punching him in the face, finally getting out of his grip. Mike notices Randall and suddenly realizes he was trying to kill Sulley this whole time. As Sulley escapes with Boo and Mike, Mr. Waternoose tells Randall - who finally woke up, but is still a bit dazed - to get up and that they can't let anyone witness the plan, to which Randall sinisterly replies that there won't be (implying that if the plan worked, Randall would then try to kill Mr. Waternoose as well). Then when Celia again tries to confront Mike, he tells her Randall and Waternoose's plan, leading her to create a distraction by announcing that Randall broke the scare record, causing Randall to be surrounded by a mob.

## Defeat

When Sulley and Mike get to the scare floor and Sulley activates a door to get to Boo's door, Randall chases them into the factory door system and hops onto one of the doors to head after them. Sooner or later, he is able to recapture Boo, then escapes into a door hundreds of feet in the air. Sulley chases Randall whilst grabbing onto doors and when he hits some, Randall is alerted and notices Sulley coming after him, so he runs into a door with Boo and closes it shut. Sulley hurls himself in to save Boo and becomes happy to see her when she greets him, only to be hit by Randall's feet and nearly falling out the door, but he manages to hold onto the edge. As he dangles for dear life, Randall starts teasing the terrified Sulley, calls him a stupid, pathetic waste and bangs his foot on the door, almost making Sulley fall. Scared, Boo starts to cry and look away in fear as Randall tells Sulley he has been #1 for too long and now, his time is up as he smashes Sulley's fingers with his feet and starts to push him off to kill him, sinisterly telling him he'll take good care of Boo, meaning that he'll abuse her for his own cruel plan. However, Boo manages to gather up her courage and overcome her fear of Randall as she suddenly jumps on him and starts pulling on his antennas to save Sulley, making him scream repeatedly in pain and turn different colors. Sulley has a chance to climb back up and Boo grabs a nearby baseball bat and begins to beat Randall with it, making him turn different colors again. Sulley then takes it from there and he grabs Randall by the neck and holds him in a snake wrestling move while Boo roars at him, thus proving that she's not scared of him anymore. Sulley then tells Randall he's now out of a job, making Randall gulp in fear.

Later, Sulley throws Randall into a door leading into the human world, sending him to a trailer home in the south, where a hillbilly mother beats him with a shovel while being cheered on by her son who warned her about the "gator" getting in. Sulley and Mike then destroy the door to make sure Randall never comes back. Before leaving, Boo (proud that she beat Randall) blows a raspberry at the remnants of the door.

Nico: Look what we have here.

Randy: I can't believe you are me.

Randall: Wait!? YOU'RE ME!?

Randy: I would have been you yes.

Nico: Caught you trying to sneak up on Mike didn't we?

Black Adam: (to Randall) Since we're feeling generous today, we're going to play a little game.

Randall: What's that?

Black Adam: I don't have a name for it yet. But you have until the count of 10 to leave us before we turn you into a wallet!

Nico: Better listen to him.

(GUNS CLICK)

We had our guns ready to fire and we had lasers all over him.

Nico smirked.

Randall ran fast.

Nico: Good.

Mike: That was awesome!

Nico: Thanks Mike. Anyway lets get to work.

(Mike walks onto the Scare Floor, already bustling with activity)

Celia: (o.s., over paging system) All scare floors are now active. Assistants, please report to your stations.

Nico: All right soldiers listen up. Colonel J.D. as much as I don't like it, you go to Randall's station.

Me: Yes sir.

Nico: Lieutenant Eli, you go to Ricky's station.

Eli: Yes sir.

Nico: Sergeant Lincoln, you go to Bob's station.

Lincoln: Yes sir.

Nico assigned us to the stations and Nico was in Sulley's station. Sora was in George Sanderson's station, etc, etc.

(Mike fits an empty can onto his door station. Mike swipes a card-key from a child's folder, and slides it through a slot on the station. A child's closet door rides out into the Scare Floor on an overhead track. Several assistants follow suit. Doors ride out of the vault and land in stations. A Jumbo-tron screen displaying the MI logo switches over to a map. The eastern portion of the United States is illuminated as Jerry Slugsworth steps up.)

Jerry: Okay, people, Eastern Seaboard coming online. We got scarers coming out!

Nico: Company, ATTEN-TION!

We stood in attention like in the military. The assistants run to their stations and stand at attention. The scarers stride onto the Scare

Floor in slow motion. These are the best of the best; the top Scarers, ready for action. Smitty and Needleman, two geeky teenage janitors stand in awe on the sidelines.

Needleman: Oh, they're so awesome!

(The Scarers stop opposite of their doors. Their assistants approach them and make last minute preparations. Sulley cracks his knuckles and shakes to keep it loose. Pete "Claws" Ward flips out his retractable claws like switchables. Bob "Dentures" Peterson is handed a set of false teeth. He slides the chompers into place and snarls. Randall practices camouflaging by blending into various background patterns: wood, brick, wallpaper. His nerdy assistant Fungus alternates the patterns. Augustus "Spike" Jones puts a tentacle in his mouth and blows. Spikes pop out of his skin. Ricky Plesuski opens his mouth to reveal a giant set of spiked teeth. His assistant brushes them. Ted Pauley grabs a handful of eyeballs from his assistant and squishes them into his face. One of the eyeballs falls off Ted's face, and his assistant puts it back on. The Jumbo-tron now shows everyone's scare totals. Sulley is at the top, with Randall in second place.)

Nico: Boy Sulley and Randall both have a good record so far.

Mike: They sure do.

Sulley: (with hand outstretched) Hey, may the best monster win.

Randall: (turning away) I plan to.

Me: I'm watching you bub.

Nico: Good luck Sulley.

Sulley: Thank you sir.

(Jerry begins the countdown.)

Jerry: We are on in seven, six,

(Mike hits a button on his keypad. The red light above his door lights up. Other assistants do the same.)

Jerry: five, four, three, two…

(Jerry silently indicates "one" with his hand. A sign light above the Scare Floor changes from "STANDBY" to "SCARE", replacing the red monster to a green monster. The scaring begins. A horn sounds, and each scarer rushes up to their door. Sulley disappears through the door.)

Mike: You're the boss, you're the boss, you're the big hairy boss.

Nico: Go get em!

(Randall and the other monsters follow suit. Screams are heard from Sulley's inside door. Sulley exits and checks his new scare totals on the jumbo-tron.)

Sulley: Oh, I'm feeling good today, Mikey! (Sulley's tally goes up when we hear four beeps.) Yeah! (Sulley laughs as he shares a fist bump with Mike.)

Nico: Nice job!

Mike: Whoa! Attaboy. Attaboy. Another door comin' right up.

(A scream comes from another door. Randall emerges to watch his tally go up, but only slightly. Randall's assistant Fungus scratches his head.)

Me: He's good but not good enough.

Fungus: Hmm, you're still behind, Randall. You know, maybe I should re-align the scream intake valve…?

Randall: Just get me another door!

Fungus: Aah! A door! Yes! Door! (runs off)

(The monsters work fast and furious. Children's screams are heard everywhere, filling the cans. Lana and Lola are helping in getting the cans filled and put on the carts. Mr. Waternoose walks up besides Jerry.)

Mr. Waternoose: (expecting the worse) Well, Jerry, what's the damage so far?

Jerry: We may actually make our quota today, sir.

Mr. Waternoose: Hmm. First time in a month.

(A scream can gurgles as it registers empty. Rock music pounds as the door opens and Claws scrambles out of the room, sobbing pathetically.)

Claws' assistant: What happened?

Claws: The kid almost touched me! She got this close to me!

Laney: You'll be all right Claws.

Claws' assistant: She wasn't scared of you? (looks through paperwork) She was only six!

Claws: I could've been dead! I could've DIED!

(Claws' assistant slaps him across the face.)

Claws' assistant: Keep it together, man. (whistles for help) Hey, we got a dead door over here!

(Needleman and Smitty come running, wheeling a portable door shredder.)

Needleman: We're coming! Look out!

Smitty: Out of the way! Excuse us.

Needleman: Coming through.

(Needleman tapes a yellow "X" across the door.)

Jerry: (to Mr. Waternoose) We've lost fifty-eight doors this week, sir.

Mr. Waternoose: Oh, kids these days. They just don't get scared like they used to.

(Needleman and Smitty load the defunct door into the shredder.)

Needleman: Let 'er rip!

(The door shreds with a buzz, spewing out sawdust and leaving only two door knobs. A octopus-like monster named Josh Rivera runs toward a door with his tentacles flying.)

Josh Rivera: Bugabugabuga!

(Randall emerges from another door. He's working hard.)

Fungus: (nervous) Uh, sir?

Randall: What?!

Fungus: L-look!

(Fungus points to the tally board. Randall's name replaces Sulley's as number one.)

Celia: (o.s., over P.A. system) Attention. We have a new scare leader, Randall Boggs.

(Charlie, Waxford and Frank gather around Randall, congratulating him.)

Charlie, Waxford and Frank: Nice job! You took the lead! You did it! Look at those numbers!

(Multiple screams draw the attention of the admirers. In seconds, Mike deftly fills can after can with scream. Sulley emerges from the door and cracks his knuckles.)

Sulley: Slumber party. Ha-ha-ha!

Mike: Whoo!

Nico: WAY TO GO SULLEY!

(The tally board updates; Sulley's back in first place.)

Celia: (o.s., over P.A. system) Never mind.

(Charlie, Waxford and Frank push past Randall as they rush to Sulley.)

Randall: (being jolted) Hey, watch it!

Charlie, Waxford and Frank: That was awesome! How did you do that? You're going to the hall of fame for sure!

(Sulley gives his fans a high five as Mr. Waternoose approaches.)

Mr. Waternoose: Well, James, that was an impressive display.

Sulley: Oh, just doing my job, Mr. Waternoose. Of course, I did learn from the best.

Nico: He sure did Mr. Waternoose.

They laughed.

(Mr. Waternoose and Sulley both chuckle. Randall watches angrily. Fungus stands next to him.)

Randall: If I don't see a new door in my station in five seconds, I will personally put you THROUGH THE SHREDDER!

Fungus: Aaaaah! (runs off)

Me: Watch yourself buster!

**Charlie:** Hey, Wazowski, nice job. Those numbers are pretty sweet.

**Mike:** ( *false modesty* ) Are they? You know, I hadn't even noticed. And, uh, how's Georgie doing?

**Charlie:** He's doing great! I love working with that big guy.

Lily: George is awesome.

( *Charlie's door opens, and a goofy-looking furry monster named George Sanderson emerges.* )

**George:** Keep the doors comin', Charlie. I'm on a roll today.

Lily: Good job dude!

**Charlie:** ( *to Mike* ) George and I are like brothers. ( *he spots a child's sock on George's back.* ) ( *gasps* ) ***23-19! WE HAVE A 23-19!***

UH-OH! YOU KNOW WHAT THAT MEANS!

( *Jerry hits a human child emergency button. A siren blares. The Jumbo-tron reads "WARNING: CONTAMINATION ALERT", replacing the yellow circle with a black child inside.* )

**Computer voice:** ( *over P.A.* ) Red alert! Red alert! Red alert! Red alert! Red alert!

Me: INCOMING!

( *George looks around, confused. On the Jumbo-tron behind him is a security cam view of George's back, showing the sock.* )

**Computer voice:** ( *over P.A.* ) George Sanderson, please remain motionless. Prepare for decontamination.

( *George realizing he caused the alarms, and he tries frantically to remove the sock.* )

**George:** Get it off! Get it off!

**Jerry:** Duck and cover, people!

Nico: HIT THE DECK EVERYONE!

( *Yellow-suited figures known as the CDA rappel through the windows from the ceiling overhead.* )

**Mr. Waternoose:** Oh, not the CDA.

( *Outside of Monsters, Inc., helicopters hover over the factory as large black trucks squeal into the parking lot. On the sides of the trucks is printed: CDA - CHILD DETECTION AGENCY. More CDA agents burst out of the truck and run toward the factory. Roz closes her desk window as CDA agents run by.* )

**CDA agent #1:** Move, move, move! Coming through, please. Stand aside.

**CDA agent #2:** Please clear the contaminated area.

( *The Scare Floor is now filled with CDA agents. One points a child detector at Needleman and Smitty.* )

**Needleman and Smitty:** Aaaaah!

**CDA agent #3:** This is a 23-19 in progress.

**CDA agent #4:** Keep the area clear.

**CDA agent #5:** Coming through. Watch yourself.

( *CDA agents run up to George and tackle him to the ground. Using tongs, they gently remove the sock from his back.* )

**CDA agent:** Stand back. Careful.

( *They place the sock on the floor. A metal dome is bolted over the sock. A CDA agent presses a button. Mr. Waternoose and the workers cover their eyes. Mike gasps as a blinding flash emerges from under the metal device. Agents unbolt the dome and vacuum up the charred remains of the sock.* )

**CDA agent #1:** All clear. Situation is niner-niner-zero. Ready for decon.

**George:** ( *to CDA agents* ) Hey, thanks, guys, that was a close one.

**CDA agent #2:** ( *to other agents* ) Okay.

( *A circular shower curtain flies up around George. A yellow hand reaches in with a huge electric razor. George's fur flies up over the curtain.* )

**George:** Ahhhhh!

( *A small shower head pops up, spraying disinfectant.* )

**George:** Eiieeee!

( *The curtain flies open. George is entirely shaved, wearing an Elizabethan dog collar. A band-aid covers the area "contaminated" by the sock. An agent rips the band-aid off.* )

**George:** Ahhhhh!

Nico: YIKES! That's got to hurt.

( *A sign on the wall reading "DAYS SINCE LAST ACCIDENT" flips from 47 to 0.* )

**Jerry:** Okay, people, take a break! We gotta shut down for a half-hour and reset the system.

( *Mr. Waternoose and Sulley watch as CDA agents file off the scare floor.* )

**Mr. Waternoose:** An entire scare floor out of commission. What else could go wrong?

We followed him.

( *Mr. Waternoose and Sulley approach the coffee machine. Mr. Waternoose pours himself a cup of the thick gooey liquid.* )

**Mr. Waternoose:** Oh, what a day.

**Sulley:** We're just going through a rough time, sir. Everyone knows you gonna get us through it.

**Mr. Waternoose:** Tell that to the board of directors. ( *He drinks the liquid.* ) James, this company has been in my family for three generations. I would do *anything* to keep it from going under.

**Sulley:** So would I, sir.

Nico: We all would Mr. Waternoose.

( *Mr. Waternoose is suddenly struck with an idea.* )

**Mr. Waternoose:** Say, I could use your help with something.

**Sulley:** Anything, sir.

**Mr. Waternoose:** You see, we hired some new scare recruits, and frankly they're… They're… Uh…

**Sulley:** Inexperienced?

**Mr. Waternoose:** They stink.

**Sulley:** Uh-huh.

**Mr. Waternoose:** I thought maybe you might come by tomorrow and give them a demonstration, show them what it takes to be a top scarer. Huh?

**Sulley:** ( *grinning* ) I'll start out with the old Waternoose Jump-and-Growl.

( *Sulley demonstrates the "old Waternoose jump and growl". Mr. Waternoose is so startled that he drops his coffee cup.* )

**Mr. Waternoose:** Aaah! ( *amused* ) Ha-ha! Oh, yes. Now, that's my boy.

( *Mr. Waternoose pats Sulley on the shoulder. They laugh.* )

We laughed with him.

Later we got the Scare Floor back online.

Jack O Lantern: I'll go into the doors and do some scaring myself.

Maria: Why are you volunteering?

Jack O Lantern: You guys can't afford to be seen scaring children after the 20 Days of Darkness. But me? People won't be surprised to see me doing it. I am still a villain, after all.

Nico: Go for it soldier. Make us proud.

Jack O Lantern: Yes sir!

Jack O Lantern had a bunch of doors and his name on the board and he was moving fast and already he raking in a total of 17,239 scare points and 20 cans of energy.

Me: Wow! Way to go Jack!

Nico: Not bad for your first time.

Jack O Lantern: Thank you sir.

Mr. Waternoose: Well done Jack.

Jack O Lantern: Thank you Mr. Waternoose.

Me: Commander Nico, I think I have an idea for this sir.

Nico: What is it Colonel?

Me: We can have the members of the Masters of Evil like Nergal, Count Spankulot, Dr. Viktor and all the members of Halloween and Horror as well as the monsters of horror and all that do some work here as well as our friends in Halloween Town do some here too.

Nico: Not a bad idea Colonel. I'll look into that.

Ran: Mind if I give it a shot?

Nico: Go for it Ran.

She did a bunch of scares and she did great. She raked in 23,293 scare points and did 38 cans of energy on her first try.

Me: Way to go Ran!

Mr. Waternoose: Wow! That was great!

Ran: I am known as the Spirit of Halloween after all.

Later the Scare Floor was done for the night.

Cheetah: You okay, Nico?

Nico: I'm fine. But I'm really not looking forward to the possible beating I'm gonna give Mr. Waternoose.

Me: I'm not looking forward to it either Commander.

Eli: Me neither. But we'll think of something. I hate that version of Randall here though. Something about him doesn't feel right.

Nico: I know. His jealousy took him to new heights.

Me: Yeah it sure did and because of that he will pay the price.

Randy: Yeah I don't like that version of myself. I can't believe that this is what I would turn into.

Laney: Thank goodness we won't let that happen.

Later Sulley went into the Bathroom to wash up. But then he got an unexpected shock. He saw a little girl behind him.

**Mary:** Lookit.

( *Sulley screams, falling over backward. Mary looks up at Sulley and smiles. Sulley tries to get away, but Mary grabs his tail. Panicked, Sulley picks her up with a pair of tongs and places her back in her room, closes the door and spins around… Only to discover that she's standing before him again. Sulley yells. Mary squeals with delight. He picks her up and carries her deep inside the room. Sulley deposits Mary on top of her bed. She giggles. Sulley runs out, but gets caught in a hanging mobile.* )

**Sulley:** Oh!

( *He falls, trips over a laundry basket, slips on a rug, and is ejected out of Mary's room. Sulley slides out of the room, covered in toys and junk from Mary's room. Suddenly, from the utility hallway, he hears a noise. Sulley scrambles to his feet and takes off. As he runs, a line of toy duckies caught on his tail quack along after him. Randall enters, wheeling a cart of scream cans towards the door. Sulley rushes to the toilets, stuffs Mary's junk into the bowl, and flushes it down.* )

**Sulley:** Ahhhh…

( *A second later it all comes back up, overflowing the toilet.* )

**Sulley:** Aaah!

( *Sulley runs to the locker room. He spots an open locker and stuffs the sopping kid stuff in. He closes the locker.* )

**Sulley:** Whew.

( *Relieved, Sulley turns and walks away. On his back, clinging to his fur, is Mary. Sulley rounds the locker bank and disappears from view. For a moment, all is quiet. One second later:* )

**Sulley:** Aaaaaaaaaaah!

( *Sulley runs back past the lockers, panic-stricken. Mary chases him.* )

**Mary:** Kitty!

We busted it with our guns locked and loaded!

Nico: What's going on in here!?

We saw little Mary.

Nico: Oh how did you get in here little one?

Tomahawk Man: Don't worry, Sulley. She's only a litle girl. And she's harmless.

Nico: Yeah she's all right.

Nico picked her up.

Nico: It's all right little one. Sulley is a friend. He won't hurt you.

Sulley: Hey it's Boo.

Nico: Her name is Mary. That's her real name but Boo is cute for her.

Sulley: Yeah thank goodness I remember that.

Nico: Thank goodness too. Also Sulley we know what the cause of the energy crisis is.

Sulley: What do you think it might be?

Nico: Scream is not powerful enough. Watch this. Mary you want to see a funny face?

She nodded and Nico made some funny faces and she laughed a lot and the power was high and more powerful and then the lights in the bathroom popped.

Sulley: WHOA! So laughter is more powerful than scream.

Nico: Yep. And the tanks that are using the scream burn through it much too quickly.

Me: It's true.

Light Lily lit the bathroom up.

Sulley: Wow that is brilliant.

Me: We'll have to get some news light bulbs later.

Kyd: Okay. I'll teleport you guys to Sulley and Mike's apartment. Then, I'll go the restaurant Mike's at and get him to you guys.

Nico: Okay. Thanks Kyd. I hope there's enough room for all of us.

Kyd teleported us to the apartment and then Kyd went to the restaurant and got Mike there too.

Nico: Wow! Kyd's teleportation powers are amazing.

Deadpool: Spoiler alert, Sulley. Boo actually stands up to Randall later. (laughs) But there's this one Deviantart RP in notes where Espio cuts Randall's head off and then keeps the head!

BONK!

Nico bashed him on the head and knocked him out.

Nico: (Sarcastically) Way to give the plot away Wade.

Me: Commander Nico, something is not right about Randall. I sense an incredible dark energy inside him and he has been harboring an incredibly evil hatred inside him and most of that hatred has been directed at Sulley and Mike.

Nico: I have that same feeling too Colonel. We need to be ready for anything they throw at us.

Saïx: I think Xehanort sent one of his goons here to make an alliance with Randall and Waternoose. But I don't think Waternoose was told the whole story.

Nico: I have that same feeling too. Luckily I have a plan for that.

Me: I have a feeling I know what it is commander.

Nico: Yep.

Bowser: What?! How did they know about Boo escaping? Kyd got us to Mike and Sulley's place without causing a panic!

Nico: News has a habit of getting out when you least expect it.

Eli: Commander we got to hide Mary until the time is right.

Nico: Hmm. Let me think here.

Nico got to thinking about what to do.

Sulley then looked around for her.

Mike: Sull, that's a cube of garbage. (he spots the eye stalk.) Uh-oh.

Sulley: (sobbing) I can still hear her little voice.

Koragg: (solemnly) A moment of silence. To honor our fallen.

Nico: Agreed.

We had a silent prayer for her.

Maria: Guys! Boo's still alive!

Nico: I sense her!

Eli: I feel it!

Quicksilver: I'll get her.

Eli: She's over at the restaurant.

Quicksilver ran fast and went and got her and came back.

Mike then got a crazy idea on showing her to Randall.

Sulley: Mike, what are you thinking? We can't trust Randall. He's after Boo.

May: And don't you find it odd that Randall's after this one girl?

Me: I find it odd completely.

Nico: I agree. Randall has always been the jealous type because of Sulley always being better than him.

Randy: I can't believe I was like that.

Nico: Come on guys. We have to find out what's going on. Also here's my plan.

Nico told us his plan. It was to reveal a stuffed toy that has a genjutsu on it to look like Boo and then without a doubt, Randall will spread lies and get Sulley and Mike Banished to a far away place and then while we're in our supposed exile, one of Organization XIII's members will no doubt show up and Nico will use a tape recorder to gather some evidence and we'll use that evidance to show Randall's lies and more as well as the member of Organization XIII not living up to their part of the bargain. When we deal with Randall, we'll reveal to Mr. Waternoose that he was double-crossed and more as well as resolve the energy crisis.

Me: That's brilliant Commander.

Eli: It sure is.

Lisa Loud: A most very well thought out plan.

Nico: Thanks guys. Time to get to work.

Leni: Like here's a totes adorbs stuffed toy we can use to trick them.

Ed: Cool.

Nico: That's perfect Leni.

Yakumo: Now to work my magic.

She did so and made it look like a real girl.

Lori had Boo hidden in a carrier on her back. We got to work and showed Waternoose and Randall the fake Boo. But then he called a door.

A huge metal door lowers into the station with a bang.

Mike: Uh, sir, that's not her door.

Mr. Waternoose: I know, I know.

Randall uncamoflages in front of the door, and opens it. Snow swirls through from the other side.

Mr. Waternoose: It's yours.

Nico: No, sir. There's no need to push us in. We'll go in quietly.

Mr. Waternoose was shocked to hear this as one by one, all of us enter the door. Randall couldn't care less even as his good self entered too.

Livewire: (to Mr. Waternoose) We'll be back, sir. And before this all ends, I hope you make the right decision. (enters the door as well)

Espio: (glares at Randall) Before this is over, I swear I'm gonna kill you. (enters the door too)

We all went through it.

We were in the cold of the Himalayan Mountains.

Nico: That was a close one.

Lori and Boo gave the thumbs up.

Mike: Guys, I don't mean to question your decisions. But, WHY DID WE JUST GO THROUGH BANISHMENT?!

Amora the Enchantress: (laughs) Because I can easily use my magic to get us back. Besides, there's someone you two need to meet.

Nico: That's right and this is all part of my plan and he should be here right about now.

We saw a Yeti appear.

Abominable Snowman: Welcome to the Himalayas!

Nico: I had a feeling that's where we were.

Miti: Pleasure to meet a fellow Yeti.

Abominable Snowman: Same to you all. I'll go get some fish for you all.

He left.

Nico: The next member of Organization XIII should be coming right now.

A Dark Corridor appeared and out came EVIL VANITAS!

Nico: Vanitas. Right on cue.

Pete: This is the part where you blab out your plans for this world, right?

Evil Vanitas: You know me and my gang all too well. This whole world… is powered by scream. They converted the screams of human children into energy. And this very company was what made it all happen. It's as rich a source of negative emotion as we'll ever find.

Nico: Yeah you would like that huh?

Mike: That negative emotion is what helps keep Monstropolis standing!

Evil Vanitas: That might help your world. But it's not very beneficial for the humans.

May: He's got you there.

Nico: Because you want them to suffer like everything else will when you destroy the entire universe.

Evil Vanitas: This facility was everything I could hope for. And I was lucky enough to find pawns whose hearts were darkened by thoughts of jealousy and desperation.

Mike: You mean Randall and Waternoose!

Nico: I knew it!

Sulley: (to Mike) All Randall cares about is winning. Waternoose wants to save the company by any means necessary. And this guy is taking advantage of those weaknesses.

Evil Vanitas: Unlike my other counterpart, my heart is made of just one thing. And the Unversed collected enough screams and sadness from those children to reconstruct it.

Mike: And they're trashing the company in the process!

Evil Vanitas: Odd that you wanted to hear all of that.

Nico: What can we say? We're good listeners. (takes out recorder) And you gave us enough evidence to show to Waternoose!

Eli: Should have kept that ugly mouth of your shut!

Me: And now we can kick your big ugly dark ass into oblivion!

Evil Vanitas: (laughs) You really think he'll listen to any of you?

Spiderman: You can be surprised by how persuasive we can be, Vanny.

Evil Vanitas: Don't call me that!

Poison Ivy: I like our Vanitas better. At least he likes Spiderman's nickname for him!

Me: That's right (Tauntingly) VANNY!

We laughed at him.

Nico then fired energy beams and blasted his arms and then his keyblade went flying and then it landed in Margo's hands!

Margo: YEAH! Now it's my turn.

Margo went up to him.

Margo: You make me sick Vanitas.

Margo had fire and lightning swirl around her and lightning was crackling all over her with incredible intensity.

Margo: You exploited the screams of innocent people all for your own gratification. You will pay for that in full!

Then a massive flash of light exploded out of Margo and a massive vortex of fire and lightning exploded out and formed into a powerful phoenix from a volcano. When the vortex faded, Margo emerged forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

She looked like she was 21 years old and had longer blond hair with red highlights in her hair and then she had a volcano with a phoenix coming out of it and she had earrings in the shapes of volcanoes and she had red eyes with glowing orange sclera and she had a volcano on her shirt with the symbols of volcanoes around in a circle and also she had red fire camouflage pants and combat boots. She had a sleeveless trench coat with fire and lava on it and it had the kanji for "Margo Roberts, Champion of Lalahon, Emissary of the Volcanoes of the Philippines and master of the forces of lava, fire and lightning." in orange and black.

マルゴロバーツ、ララホンのチャンピオン、フィリピンの火山の使者、溶岩、火、稲妻の力の達人。

She had angel wings that were glowing orange and had heat that was incredible and she had a neon orange aura with lightning, fire and lava swirling around her. She had become a SUPER ANGEL 10,000,000,000 VOLCANIC ISLAND FIRESTORM!

Nico: OH WOW!

Me: WHOA! Margo transformed!

Lynn: Wow! Margo you look amazing! How do you feel?

Margo: (Divine Echoing Volcanic Voice) **I feel amazing Lynn. Now this power is more than enough for me to take down this evil version of Vanitas.**

Nico: Whoa!

Margo: **Now it's this monsters turn to feel the fury of a volcano.**

Margo walked up to him and huge clouds of steam came out of her feet with every step as she walked and she had fire coming out of her feet too. Lightning struck around her all over the place and she was marching towards Evil Vanitas like she was an angel of death ready to kill him. Vanitas fired blasts of dark fire and Margo's aura was deflecting them away like they were nothing.

Margo wasn't in the least bit affected by the blasts.

Margo: **Now it's my turn.**

Margo teleported and slashed him and grabbed his arms and smashed him into the ground with incredible strength and sent him skidding on the ground and then jumped and spun around and elbowed Evil Vanitas and smashed him head first into the ground and then she grabbed his legs and spun him around with incredible speed and threw him into the ground and sent him skidding and then she teleported and grabbed him and threw him and then Margo teleported and kicked him into the air and sent him flying and then she teleported and slashed Evil Vanitas all over the place and really cut him up really good and then punched him into the ground with devastating force!

Me: WHOA! Way to go Margo!

Nico: YEAH!

Margo came back to us.

Nico: That was awesome!

Me: Right. But we need to stop Randall.

Mike: Won't he just get out of that banishment like we did, Keyblade or no Keyblade?

Jindrax: Which is why we gotta get a move on!

Nico: Right! Lets head back to Monstropolis.

Amora used her magic and opened a portal back and we were going through.

Vanitas: I'll get my keyblade back!

Abominable Snowman: Welcome to the Himalayas!

Evil Vanitas: I am in no mood! (punches Abominable Snowman, knocking him down)

Abominable Snowman: (Evil Vanitas leaves through Dark Corridor) Was it because I said that line already?

He was gone. Evil Vanitas was in a REALLY ROTTEN MOOD!

* * *

Back in Monsters Inc. a portal opened and we were back.

Nico: Lets go!

We ran fast and then the Lump of Horror Unversed appeared!

Magma Man: It's a Lump of Horror Unversed!

Sulley: Looks like it's made up of the Scream Energy from several canisters.

Mike: Really? I think it's made up of tar.

Nico: Not for long.

Nico fired an energy blast and obliterated it and then we got a massive energy increase.

Nico: That was a piece of cake.

We went to the Scare Floor.

Randall was not aware of us and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A black fire explosion blasted through the door of the entrance to the Scare Floor and then the symbols of dark magic and energy flew around the air and landed and out came us.

Me: Catch us if you can you reptilian freak!

We got onto the door rail and slid on it.

Nico: We got to find Mary's door. But before we do that we got to take care of Randall. And I know how. Lets head to the room of doors.

We jumped onto a rail and went into a tunnel and then we saw that we were in the big room and there were millions of doors all over the walls!

Me: WHOA! So this is where all of Monsters Incorporated's doors come from.

Eli: Look at all of them!

Sora: There are so many of them!

Lana: How many do you think there are?

Me: Millions. Maybe billions. With 7.9 billion people all over the world, there are lots of them.

Lana: Guys, Randall's behind us!

We saw that Randall was behind us!

Randall: I WILL KILL YOU ALL!

Dayu: We need to go through the doors to confuse Randall!

Nico: Right. J.D. turn on your infrared vision and find him.

Me: Yes sir!

I turned on my infrared vision and like in the movie Predator, I was searching for him with a Triangle Target. I was searching for him.

Then I saw a figure coming and it was Randall and he was invisible.

Me: Peek-a-boo!

POW!

I punched him and he revealed himself and he was red with yellow spots and Eli fired Force Lightning blasts and electrocuted him all over.

We landed on a deck in the middle of the big room and we were ready to face him.

Nico: You will pay for everything you've done Randall.

Condiment King, 2016 Morbucks, Wolf, Artie Ziff, Wolf, Motor Ed, Toad, Salami Swami, Weather Wizard, Crimson Dynamo and Key then appeared.

Nico: Condiment King, 2016 Morbucks, Wolf, Artie Ziff, Wolf, Motor Ed, Toad, Salami Swami, Weather Wizard, Crimson Dynamo and

Key.

Toad: Thank goodness we found you all.

Condiment King: You guys will not believe how many doors we went through to find you!

William: (Sweatdrops) Sorry about that.

2016 Morbucks: It's fine. But we really did go trough a lot of doors.

Me: I counted 6,823,234,439 doors.

Wolf: WHOA! That's a lot of doors.

Artie Ziff: Hope you guys don't mind that we did some scaring of our own before coming here.

Wolf: (to me) By the way, we heard that you fought a giant Tarantula.

Me: Yep. It was the huge Tarantula from from the 1955 movie Tarantula.

Motor Ed: Surprised you didn't squish that bug. Seriously.

Me: Well I figured it would be a perfect friend for Lincoln's classes pet spider. Also instead of squishing it, I used Lisa's shrink ray to turn it back to its normal size.

Motor Ed: Smart thinking. Seriously.

Lisa Loud: A very good move on his part.

?: You got that right!

A baboon then appeared and it was BABOON KABOOM!

Jared: Baboon Kaboom!

Qin: Another one of Mojo Jojo's minions no doubt.

Jared: Yep.

?: No kidding.

A figure came out and it was SIRJINKOR from episode 10 of Super Megaforce!

---

He was sent by Damaras to put a stone in a big rock that Vrak had been working on but never finished. When he did this, he became more powerful than ever. He then shot a meteor onto the earth. He was maximized by Prince Vekar, but he was defeated by the Samurai Fire Smasher and the rock was destroyed by Orion.

---

Orion: Sirjinkor!

Sirjinkor: Been a while rangers.

Me: I remember you! You were sent by Damaras to put on a stone that Vrak was working on but never completely it. You shot a meteor to the Earth.

Sirjinkor: That's right J.D. Good memory on you.

Me: Never missed an episode.

Sirjinkor: That asteroid might be gone. But I can still fight you Rangers without it!

Troy Burrows: Bring it on.

Lola: Yeah!

Nico: I know just who to give these too.

Nico gave the swords to Cody, Tim and Minerva and they got amazing clothes and Minerva had a beautiful new wardrobe on her. HUBBA HUBBA!

Lincoln looked at Minerva and then his eyes popped out of his face and they looked at Minerva and he was amazed by her beauty and then he had his heart beating out of his chest with love.

Lincoln: HELLOOOOO, NURSE!

Evil Vanitas got back to Monstropolis and was about to re-enter the factory and chase after us when suddenly, 4 kids who look like they do sports somehow showed up in front of him.

Otto Rocket: Whoa! What is this place?

Reggie Rocket: Dammit, Otto! I told you not to mess with that black sphere!

Squid: Look at all the monsters around us!

Twister: (notices Evil Vanitas) Um, guys. We're not alone here.

Evil Vanitas: Look, kids. I'm not really having a good day. So, you 4 better scram before I hurt you bad!

Otto: I don't care whether you're having a good day or a bad day! We're not letting you cause trouble here!

Reggie: Yeah! (looks down) After all, this is what Stacy would've done.

Otto: Lets shred this guy!

They went at Evil Vanitas and did all kinds of skateboarding moves and punched him all over the place.

Staluk, Riggan, and Clodor blasted and smashed Randall all over the place.

Soundwave, Louie, Blaster and Haiku used the Planet X, Equestria and Earth Cyber Planet Keys and they charged up Soundwave's chest cannon, enhanced Louie PoisonSea's powers, Blaster's

Soundwave and Louie PoisonSea: POISON ENERGY STORM!

They fired elemental blasts and they formed into the Great Monsters of Godzilla from 1954 and ongoing.

Lincoln, Lily, Jessica, Hilda, Toph, Nanami, Yuna, Frosta, Perfuma, Entrapta, Akko, Shantae, Julie, R. Mika, Menat, Mai, Gluko, Batch, Emerald, De, Ruby, Weiss, Blake, Yang, Sam, Clover, Alex, Colette, Princia and Lucy: KAIJU FINAL SMASH: ATOMIC BREATH BLAST!

They fired a massive atomic breath blast at Randall which exploded on contact!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Anti Wanda, Mike, Sulley, Eli, Ets, Lucy Loud, Ickis, Oblina, Krumm, Espio and me: MONSTERS INC. ULTRA BLAST!

We fired a massive blast of energy and it formed into the Monsters Inc. Logo and it slammed into Randall and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Randall was down and defeated but not out.

Evil Vanitas was backed into a corner.

Evil Vanitas: You know what? I've had enough battles for one day!

Evil Vanitas left through a Dark Corridor.

Squid: That takes care of that punk.

Twister: Now, how do we get home?

Reggie: Maybe we can use that sphere to get back.

They then noticed Poliwag, who saw the whole thing.

Otto: Poliwag, right? Think you can keep this a secret until you meet us again.

Poliwag: You bet!

Stacy then came.

Stacy Bolton: Wow! Hey guys!

Reggie: Stacy!

They hugged and Stacy fistbumped with them.

Stacy Bolton: I didn't expect you all to be here to help us out.

Twister: Yeah we got here by accident.

Stacy Bolton: It's radical you're all here.

Otto: Yeah. But we'll gladly have you help us all in the future. Can you keep us coming here a secret?

Stacy Bolton: I sure can. But it was great seeing you all again.

Reggie: Same here Stacy. We'll see you soon.

Stacy Bolton: Awesome. See ya dudes.

They left and went back home.

Boo roared at Randall.

Randall: (to Boo) You've got guts, kid! (gets up) Too bad I gotta rip em right outta you!

Espio decided to make his move by throwing a kunai at Randall, hoping to kill him. He wasn't disappointed as the kunai ended up slicing Randall's head off.

Espio: Just send his spirit into the Book of Vile Darkness and make his body into a wallet. I'm keeping his head.

Vector: Aw, let him keep the head, guys.

Charmy: Yeah! Espio's earned it!

Nicole: His spirit is already in the Book of Vile Darkness and he won't like it in there.

Nico: Good riddance. Great job everyone!

We went to the Scare Floor and put the Door in.

The door lands in the station. The power shuts off.

CDA Agent: This is the CDA. Come out slowly with the child in plain sight.

(Mike emerges from behind the door, carrying Boo's monster costume.)

Mike: Okay, okay. You got us. Here we are. Here's the kid. I'm cooperating.

Maria: (to Mr. Waternoose) But before you do that, we have something to show you.

Maria played the tape recorded conversation with us and Evil Vanitas and they were shocked! Randall was behind it all!

May: Sir, I know you love this company like it's your own child. So, please. Trust us so you can save it.

Nico: We found an incredible energy source more powerful than Scream. Watch.

Luan went into a kids room and told them a funny joke and the kid laughed hard and the tank was full in an instant.

Mr. Waternoose: Wow! That was amazing!

Nico: And they do say that laughter is the best medicine.

Eli: But the tanks for the energy are too small. If they were bigger then we can bring an end to the energy crisis. And you wouldn't have to empty so many tanks in one sitting just to keep the power going.

Celia: That's not a bad idea.

Mr. Waternoose: I'm truly sorry for the trouble I've caused you all.

Toad: It's not your fault.

Salami Swami: You just wanted to save your company.

Weather Wizard: And in the end, we did help you save it.

Me: Yep.

Crimson Dynamo: (to Nico) You did a good job with leading the team military style, Nico.

Key: But just don't let it go to your head, okay?

Nico: (laughs) Don't worry, guys. Underneath that tough military performance, I'm still the same old Nico.

Key: That's good.

Nico: You all did a great job today. I'm proud of you all my soldiers.

Me: Thank you commander sir!

Eli: Thank you sir.

Nico stood in front of us and saluted us and we saluted him back.

Nico: Lets get ready to head home. But first we have one last thing to do.

We went to the prison of Monstertropolis in our world and went to Waternoose's cell and then he saw us open it.

Nico: Good news, Mr. Waternoose. You're getting out today!

Mr. Waternoose: All right!

Laney: That's awesome!

Nico: Call it an early release. But everyone in Monsters Inc. might not be ready to trust you again but we'll help you out.

Mr. Waternoose: I understand.

Sulley: (To the viewers) This was a great adventure. We now have seen the last of Randall but there are still many more adventures out there.

Nico: There sure are.

We went back home and we were glad we saved Monstropolis. Monstropolis is now part of Gotham Royal York and Monsters and humans can now live together in peace. We then had dinner and went to bed.

TO BE CONTINUED…

---

Part 8 done.

See you all tomorrow.

# WAR OF THE HEART PART 9

FROZEN 2013

---

Over the forests of the Santa Monica Mountains in California, me and Omaima were flying over the area.

Omaima: J.D., you and Nico need to remember not to snap from all the pressure. The last thing we need is for you two to eat chum.

Omaima concentrated and groaned as her nose started to get long.

Me: Don't worry we're not gonna eat chum. That was just a joke.

She turned into her Sailfish form! SPEEDSLASH!

Me: YEAH! (Sees something) Whoa look there.

We went to a valley and we saw an incredible spectacle. We saw huge towering black crystals that were growing REALLY fast in seconds.

Me: WHOA! Look how fast those crystals are growing.

Speedslash: But crystals never grow that fast. They usually take thousands of years in a lot of heat and pressure from geothermal conditions.

Me: I know. Wait a second. I know these crystals! They are the Black Crystal monsters from the 1957 movie The Monolith Monsters!

Speedslash: WHOA! I remember that movie! That was intense!

Me: Yeah! These crystals are not from here. They are from another planet.

We saw the crystals falling over and then growing again.

Me: Wow! Just like in the movie.

Speedslash: We should take some of these rocks back to the estate for an analysis.

Me: Good idea.

I took out a pair of tongs and put some of the rocks in a jar and then we fired blasts of water and dissolved the Monolith Monsters. Then we saw a girl and a Celesteela appear. The girl was really a Yamata No Orochi, the 8-Headed Serpent of Japanese Myth.

Me: Whoa she's a Yamata no Orochi, the 8-headed snake from Japanese myth.

Speedslash: Wow that's cool and she has a Celesteela with her.

Me: Yep. Lets go help them out.

We fired blasts of salt water and destroyed the Monolith Monsters into nothing.

Kaguchi: That was amazing! Thank you.

Me: You're welcome.

Kagachi: Oh wow! You're the famous J.D. Knudson, leader of Team Loud Phoenix Storm.

Celesteela: It's such an honor to meet you.

Kagachi: I'm Kagachi and I'm a Yamata no Orochi.

Celesteela: My name is Celine Szczepanski and I was born in Poland but raised here in America. I turned myself into this on purpose so that I can destroy Team Rocket Scientists.

Me: Pleasure to meet you both. And Team Rocket is all dead. Me and my team killed them all except for Jessie, James and Meowth. They were fired before we killed all of Team Rocket.

Celesteela: Wow! That's good you did.

Me: Yep. I can give you the power to change at will and you can harness the powers of your Pokemon form.

Celesteela: I would like that.

Me: Awesome. But it's gonna hurt.

Celesteela: I'm ready.

Me: Okay. (Puts on Blind Man Glasses) Here we go. (Snaps fingers.)

Celine reverted back and she was naked. Omaima was human again. But topless.

Omaima: (covers her boobs) My clothing bill must be rising by now!

Me: All our clothing bills are rising.

I gave her and Celine new clothes.

Celine: Thanks J.D. Wow.

Kagachi: Those crystals growing that fast were amazing.

Omaima and Celine put on their clothes.

Celine: They sure were something.

Me: They were from the 1957 movie The Monolith Monsters. That was a really weird movie from my dad's past.

Celine: Wow!

Me: Yeah crazy.

Omaima: You aren't kidding.

Me: Lets get back to the World Tree Estate.

We went back to the World Tree Estate.

Back at the World Tree Estate, everyone was watching TV and playing card games and we came back.

Me: We're home.

Nico: Welcome home.

Kagachi: Wow! So this is the World Tree Estate.

Me: Yep. It's home.

Nico: Wow she's a Yamata no Orochi.

Me: Yep.

Miia: Kagachi!

Kagachi: Miia!

They hugged.

Miia: It's awesome having you with us.

Kagachi: Same here Miia.

Nico: We'll I'm heading out for a walk.

Me: Okay. Have fun.

But then before Nico was about to leave, we got an unexpected visit from James' poisonous and crazy fiancé, JESSEBELLE!

Me: Jessebelle!

May: What do you want now, Jessebelle?

Jessebelle: What else? I want James to marry me!

Me: Look, Jessebelle. I'm really at my wit's end right now! So, please back off while you still can.

Lugnut: Preferably before J.D. does something he might regret!

Me: Wait why did I say that? I'm not at my wits end.

Twilight Sparkle: Who is Jessebelle?

Me: Oh right you weren't told about her. She is really James' fiance in an arranged marriage made by his family. You see James came from a REALLY rich family and his parents arranged for him to be married to her. But James adamantly didn't want to be married to her and ran away. She wanted James to be living life in the high society when he already has enough of that already. When we first met Jessebelle we were shocked to see that she looks so much like Jessie.

Sunset Shimmer: The resemblance is almost completely uncanny.

Me: Yeah we thought that Jessie had a twin sister or something. But we warned her that if she wanted James she would have to take us all on.

Nico: Yep it's true.

Ekaterina: (Russian Accent) You are not getting to James without a fight.

Jessebelle: Then you will get one!

Ekaterina fired a wave of solar fire and it hit Jessebelle and sent her flying down to the surface of the planet and she was far out of sight.

TING.

Nico: Okay I'm off.

Me: Okay.

Nico left to his room and went through a portal to the Aligned Transformers Universe.

Nico then arrived.

Nico: Here I am.

Aligned Arcee: Welcome back Nico.

Nico: Glad to see you all.

Aligned Arcee: So, how are things back on your Earth?

Nico: Aside from J.D. continuing to be stressed out from Xehanort, pretty good.

Aligned Smokescreen: Just let the big baby have his tantrum. Sooner or later, he's gonna realize that real heroes don't act like that.

Nico: I know it's tough but that's why he has me.

Aligned Arcee: Good.

Nico saw that the Bee Team was unloading Stasis Pods.

Nico: Are those stasis pods?

Strongarm: Yep. In them are all the Decepticons we've captured over the years. Don't worry. They're not getting out.

Aligned Grimlock: Unless a Dark Orb used by one of our active enemies frees them all.

Nico: Well, I'd like to interview some of these Decepticons.

Aligned Bumblebee: You sure you want to do that?

Nico: I may be the leader of the Decepticons in my world but I want to see if some of them are worthy to join our Frenemies in the Masters of Evil.

Aligned Bumblebee: All right.

Nico opened 3 of them and he was interviewing RID Octopunch, Terrashock and Quillfire.

RID Octopunch: Whoa what a rush.

He saw the Autobots.

RID Octopunch: Haven't you Autobots humiliated us enough? (notices Nico) Who's this? Another human one of your human pets?

Nico: No I'm not here to fight you.

Nico pulled out his Decepticon Leader Medal.

Nico: Nicolas Chan, New Leader of the Decepticons at your service.

RID Octopunch: Whoa what happened with Megatron?

Nico: In my universe he's dead. But that's not why I'm here. I'm here to interview you and two other Decepticons to see if you are perfect for joining the Masters of Evil.

Terrashock: Interesting.

Nico got to talking with them and more.

Terrashock: You sure Vypra would be a better boss than Contrail?

Nico: She sure will and Vypra is a much better boss than Megatron ever will be. Even though I heard about the Megatron that the Bee Team faced.

Terrashock: Yeah he is cool. But Starscream is an absolute nightmare.

Nico: I heard he's worse than any other Starscream we know.

Terrashock: You heard right. He is a true terror.

Nico: Yeah no kidding. But it will be cool having the three of you in our Frenemies. Same with your friends minus some Decepticons.

Quillfire: It sure will.

Strongarm: This is gonna be interesting to see.

Quillfire: If J.D. acts like a tyrant, you should not be afraid to stand up to him and set him straight!

Nico: Oh, I always remember that. I thought you didn't like authority.

Quillfire: Well, I think I can make J.D. and Vypra exceptions. (to Aligned Bumblebee) I'm still not sure who I feel about you though!

Aligned Bumblebee: Just don't try anything, Quillfire. (smirks) You haven't even seen what some of my teammates can do yet.

Aligned Grimlock: And I'm always ready to go another round with you! (pounds fists together)

Nico: Awesome! But thanks for the advice guys.

RID Optimus Prime: We are honored to help out with you Nico. You can always come to us for help.

Nico: Thanks Optimus.

Nico later left through a portal.

---

Later the phone was ringing and it was Zarya. Nico came back.

Maria: Aren't you gonna answer that call from Zarya? It sounds urgent.

Me: Later. I'm still thinking about stuff.

?: Like what? How to put together a "J.D.'s suck a disappointment Dance"? You selling tickets to that or can anyone who thinks you're a jerk attend?

Everyone saw Dick Dastardly there.

Me: Dick Dastardly!? I didn't expect you to be here

Squidward: What do you want, Dastardly?

Dick Dastardly: Relax. I just want to have a nice chat with J.D.

Me: Usually when you're with us you are challenging us in a race. Is there a race on today?

Dick Dastardly: Not this time. I'm just here to talk.

Me: Certainly. What do you want to talk about? We have been under a lot of pressure lately.

Dick Dastardly: Yeah yeah! You're stressed about Xehanort. Poor J.D. Even Muttley feels sorry for you. But not me. If you're not answering one of your harem members, that proves I'm a better person than you right now in comparison. (shakes his head) Can't even realize that your own friends are only trying to help.

With that, Dick Dastardly leaves.

William: Dastardly might be a cheater and a jerk. But he's right this time, J.D. Lately, you have a habit of pushing us away.

Me: Sorry guys. But this pressure has been really getting to me. I'm sorry guys. (Crying) It's just that… (Crying hard.)

Varie and the girls came to comfort me.

Varie: Honey I know it's tough but we are all still here to support you in case you need something.

Applejack: Yeah buck up sugarcube. You have done so much for everyone and you have won so many battles.

Rainbow Dash: Yeah you are an awesome hero J.D.

Eli: And the best brother ever!

Squidward: I think there might be more dark orbs in you.

Me: (Realizes something) The spell might be wearing off.

Danny Phantom: Let me check.

He went intangible and went into me and pulled out a bunch of dark orb fragments and then he came out of me and I had a massive headache.

Me: (Groans) What a headache.

Danny: It's from these.

I looked and saw several Dark Orb shards.

Nico: Whoa! They must've found a way around the Spell that Brittney used.

Nico threw the Dark Orb Shards into the Warp.

I had an ice block on my head.

Me: How was it?

Nico: Just interviewed three candidates for the Masters of Evil. Did something happen?

Poliwag: Dick Dastardly showed up.

Poromon: But don't worry. He surprisingly had a heart to heart with J.D.

Me: Yeah and there wasn't a race today. But that's cool he came. I also found out that there were still dark orb fragments in me.

Nico: That can't be right. The spell should have blocked them from getting in.

Me: The Dark Orbs are starting to find a way to get around the barriers.

Nico: That's bad.

Lana: Yeah.

Nicole: I have a new recruit for us.

We saw that she had Pyra of the Xenoblade Chronicles with her!

Me: Whoa Pyra of Xenoblade Chronicles.

Pyra: That's right and it's an honor to meet you all J.D.

Me: Same here. Welcome to the team. I heard you were just added to the Super Smash Brothers Roster recently.

Pyra: I sure was.

Maria: Wonder why Poliwag and Poromon were in a hurry to get back to the Estate?

We then saw some cans on the floor.

May: (groans) Oh, crap. Are they drinking beer again?!

Dinobot saw one of the cans.

Dinobot: (optics widen) No. They weren't drinking beer!

Me: (Picks up a can) These are cans of Red Bull Energy Drinks!

Nico: Oh man!

We saw Poliwag running around fast and he was running faster than a bullet fired from a gun!

Me: WHOA! Look at him run!

ZOOOM ZOOOM ZOOOM ZOOM ZOOM ZOOM ZOOM!

Donatello: Poliwag! Calm down! Why did you drink so much Red Bull?!

Poliwag: (Talking fast) (Laughing crazily) TomakemeanawesomefightingforcetobefearedinBadguysanditsureisgreat!

Nico: Catch that?

Maria: He wants to be an awesome fighter with it.

Me: Wow!

Brian: This reminds me of the time when Peter had Red Bull.

Stewie: Oh my God don't remind me of that.

Sideways: Poliwag, give us that Red Bull before you hurt somebody!

Nico: Yeah Poliwag.

Poliwag was jumping all over the place.

Lincoln: Wow look at him go! I don't think we can catch him!

Eli: Oh no?

Eli used the Force and held Poliwag in place.

Eddy: Let's keep Poliwag like this for the next mission.

Skids: Eddy, that… is actually a good idea!

Skips: I agree with him. That could be a very useful idea for the next mission.

Eddy: Thanks guys.

Me: Anyway it's my turn to lead today.

Poliwag starts jumping on Azula's head.

Azula: I know it's J.D.'s turn to lead today. But can someone please put Poliwag on a leash?!

Nico: I have an idea.

Edd: Way ahead of you guys.

Ed, Edd N Eddy built a makeshift cage for Poliwag like the one they used for Jonny when he was being a pest.

Edd: This will be an appropriate containment vessel for Poliwag.

Lea: (to Lola) Don't tell me you had a nightmare!

Lola was crying.

Natilee: Yeah she did and it was awful.

Natilee showed us her dream in her sketchpad and it showed Lindsey Sweetwater winning all of Lola's Pageants and Lola was homeless and living in a box and she was now hideously ugly! Her face was so badly ugly that we won't show you a description of what it looked like.

Me: Oh GEEZ!

Lea then threw up all over Nico!

Nico: HEY! AH SICK! Thanks a lot Lea!

Lea: Sorry.

Nico went to get some new clothes and came back with new clothes on.

2016 Morbucks, Condiment King, Wolf, Artie Ziff, Wolf, Motor Ed, Toad, Salami Swami, Weather Wizard, Crimson Dynamo and Key then appeared.

2016 Morbucks: Can me, Condiment King, Wolf, Artie Ziff, Wolf, Motor Ed, Toad, Salami Swami, Weather Wizard, Crimson Dynamo and Key go with you guys?

Me: Yes you all can and it's my turn to lead. We're going to the world of Frozen from 2013.

Wolf: Oh wow! That's gonna be something.

Motor Ed: You guys haven't seen Anna and Elsa in a long time. Seriously.

Me: I know. It feels like forever. Last time was when Elsa caught a nasty cold and it was for when Anna's birthday was on.

Nico: Yeah Poor Elsa. But Anna's birthday was awesome.

Jack Frost: I'm worried about Elsa. I hope she's all right.

Me: Well lets get ready and we better bring our coats just in case.

Eli: I can't wait to see Anne and Elsa again. I love them both like sisters too.

Nunnally: Yep. It will be great to see them.

Me: Lets get ready.

We went to the Simulator.

---

In the simulator we got ready and we had our fur parkas tied around our waists just in case. The Simulator activated and we were in Arendelle.

Volt Luster: Look how beautiful Arendelle is. Too bad it's gonna be encased in cold weather soon.

Brontes: Maybe that won't happen if we take Hans out quickly. Before Elsa loses it.

Me: I know. But unfortunately we can't act until the time is right. Lets head to the castle.

Eli: I can't wait to see Anna and Elsa.

We went up to the castle and went in and it was beautiful.

Me: Wow. Arendelle Castle is just as beautiful as ever.

Eli: The first time I was here was when I was 4 and I found out that I have fire powers.

Eli formed a ball of fire in his hands and we were amazed.

Me: WHOA! Eli that is so cool!

Nico: Yeah!

Lana: We didn't know you could do that Eli.

Laney: Yeah that's cool!

Me: I hope Anna wakes up on time. You know how big of a heavy sleeper she is.

[Anna is asleep in her room, snoring when there's a knock on her door]

Kai: Princess Anna?

Anna: Huh?

Kai: Princess Anna?

[Anna sits up, her eyes are still closed and her hair is all messed up]

Anna: Yeah? [she pulls a piece of hair from her mouth]

Kai: Sorry to wake you, ma'am but…

Anna: No, no, no. You didn't. [she yawns with her eyes still closed] I've been up for hours. [as she sits she falls back asleep and starts to snore, as her head drops she startles herself awake] Who is it?

Kai: It's still me, ma'am. The gates will open soon. Time to get ready.

[Anna stretches still with her eyes closed]

Anna: Of course! Ready for what?

Kai: Your sister's coronation, ma'am.

Anna: My sister's corneration… [she opens her eyes and notices her coronation dress at the other end of the room and she suddenly bolts awake with excitement] It's coronation day! [she quickly gets out of bed] [Anna bursts out of her room, wearing her coronation dress, she passes by a servant and takes her hand in excitement] It's coronation day!

Anna was really excited about it too.

We went into Arendelle castle and we saw Elsa and she was really nervous.

Poliwag: HeyElsa!Youexcitedtobecomequeen?Ibetyouare!

Elsa: (confused) I'm sorry. What?

Artie Ziff: Don't mind Poliwag. He's a little hyper today.

Elsa: J.D.? Everyone! Wow! It's great to see you all again!

Me and Elsa hugged.

Me: Same to you Elsa. We heard it's your big coronation day and congratulations.

Elsa: Thank you.

Me: Sorry we haven't seen each other in so long.

Elsa: I know you all are very busy. We've been catching up on all your adventures and they are some of the most amazing we've ever seen.

Me: Lots of things have changed over the last 3 and a half years. Last time we saw you was when we celebrated Anna's birthday and you were sick with a nasty cold.

Elsa: I know that was a nasty one. Wow you guys have a lot of new friends.

Twilight Sparkle: It's an honor to meet you Elsa.

Sunset Shimmer: We heard so much about you.

Elsa: I'm honored to meet the famous protectors of Equestria. (Sees Eli) Gasp. Eli? Is that you?

Eli: Been a while Elsa.

They hugged for the first time in a while.

Elsa: It's awesome seeing you here.

Eli: It sure is.

Elsa saw Eli's scar and gasped.

Elsa: What happened to you?

Me: Oh his scar? Eli got shot while defending Maria Robotnik here.

Maria Robotnik: Eli is a true hero and he is a really brave boy.

J.D. 3: It's true Elsa. He is a brave and magnificent hero.

Elsa: Wow. Lots of things must've happened to you all while you all were busy.

Me: Yeah they sure did.

I told her everything that happened to us since we last visited and it was intense. I also told her about the upcoming war with Xehanort in the next few days and that we could use her help in destroying him once and for all.

Elsa: I'm sorry, guys. I can't help you against Xehanort. I'd just be a liability.

Cybertron Menasor: (Irish Accent) It's okay, lass. We're not forcing you to fight.

Me: Elsa you are not a liability. You have a been a very big help to us and Eli loves you and Anna like sisters.

Elsa: You think so?

Me: We know so. And you are a great friend and a truly great asset to the team. Even Jack Frost here thinks so.

Jack Frost: That's right Elsa.

Anna then came in.

Anna: Elsa are you… (Gasp) Guys!

Me: Anna!

Anna and me hugged.

Anna: It's awesome having you all here with us!

Me: Same here Anna. How have you been the last time we were here?

Anna: Been really good.

Me: Awesome.

Eli: Hello Anna.

Anna: (Gasp) Little Eli!

They hugged too.

Anna: Man you've gotten so big the last time you were here.

Eli: I know. Time sure flew huh.

Anna: It sure has. (See's Eli's Scar) (Gasp) Eli what happened?

Me: Eli got shot while defending Maria Robotnik here. He's a true hero for taking a bullet for her.

Anna: Oh wow! (Hugs him again) Eli is not just my brother. He's a true hero.

Me: Yes he is.

We had a good time catching up and then we later saw HANS WESTERGAARD OF THE SOUTHERN ISLES!

---

**Hans Westergaard**, better known as **Prince Hans**, is the secondary antagonist of Disney's *Frozen* franchise.

He serves as the main antagonist of Disney's *Frozen* and its novel adaptation *A Frozen Heart*, a cameo character in the short film *Frozen Fever* and its sequel *Frozen II*, also the unseen overarching antagonist of the midquel short film *Once Upon a Snowman* . He is Princess Anna's ex-fiancé-turned-arch-nemesis, who plots to usurp the throne of Arendelle in order to obtain power for himself.

He was voiced by Santino Fontana. In the musical, he was portrayed by John Riddle.

Background

Hans is a prince from the Kingdom of the Southern Isles, a trade partner of Arendelle. Not much is known about the prince's past; however, he has mentioned that he is the youngest of thirteen brothers and was often neglected. Three of them even pretended he didn't exist for two years.

His past is further explored in the tie-in novel, *A Frozen Heart*, where it's revealed that the abuse he described was way worse than what he told Anna, as he was severely understating it. Throughout his childhood, eleven of his brothers (mostly Prince Caleb, Prince Rudi & Prince Runo) endlessly bullied and harassed him for his ineptitude in exceeding the goals their father set for his sons, even humiliating him during social and political gatherings or playing cruel pranks that landed him in major trouble. Also, one of the scenes in the book showed him self-harming himself by passing his hand on an old table and getting hurt by the splinters, but finding the pain to be much better than the constant emotional turmoil his family puts him through.

His father King Westergaard was a ruthless and abusive man who thought only the fittest survive and despised weakness, a trait he saw in his youngest son. As a result, Hans was neglected by his father in ways ranging from verbal tirades to deliberately encouraging his older sons to bully Hans so he'll be toughened up. His mother, the Queen, was much more loving towards her son and would act as his only true motivation towards concealing his discomfort during family gatherings. He also felt comfortable with Lars, the only one of his 12 brothers whom he got along with. Nevertheless, Hans grew to despise the majority of his brothers, though he still sought his father's approval and love.

As he grew older, his upbringing took a toll on his psyche, causing him to develop a pessimistic and cynical outlook on love and focus on his own betterment. Knowing he would never rule the throne of the Southern Isles, Hans concocted a scheme to marry into monarchy elsewhere, eventually setting his sights on the Kingdom of Arendelle. Hans' plans changed after realizing how reserved the *to-be queen* was towards socialization, prompting the prince to instead target her lonely, less mature younger sister Anna, planning to murder Queen Elsa after their marriage, which would result in him becoming king, despite Lars' warning.

## *Frozen* Meeting with Royalty

Once the Southern Isles is given word of Queen Elsa's coronation, Hans is the royal representative that attends in honor of his kingdom. Along with the other invited royalty, Hans arrives on the day of the event, though he fully intended to wed Elsa to marry directly into the throne, lustful only for power and obedience, knowing he would never rule his native kingdom. However, it was soon clear to him that Elsa was far too reserved for anyone to become close to for reasons he didn't know at the time (out of the desire to keep them safe from her then-unstable magic), thus leading to the next victim of the prince's scheme.

Hans is first seen arriving in Arendelle on his horse Sitron, accidentally running into Princess Anna. Using grace and charm, Hans immediately woos the lovesick princess making her his back-up plan, with Anna almost immediately falling for him due to his wondrous looks and undeniable charisma. Their little flirtation is cut to a close, however, when the bells for the queen's coronation are rung. As Anna runs off, Hans realizes he's found the perfect tool for his plot to domination.

Moments later, Hans attends Queen Elsa's crowning, waving to Anna as he watches alongside the other visiting royals and dignitaries. Later on that night, a ball is held in honor of the new queen, and Hans appears at the celebration party, soon finding and inviting Anna for a romantic waltz after "coincidentally" bumping into her once again.

## Wooing Princess Anna/Elsa's Curse

The romantic dance eventually leads to an entire date, with the entire night of the young couple being spent bonding. During their time together, Hans learns of Anna's longing of having someone special in her life, with her sister apparently developing a dislike of her, to which Hans openly relates to because of his brothers' abuse, only furthering Anna's connection with him. And with this, Hans promises to never shut Anna out, unlike Elsa, much to the princess' absolute joy.

By the end of their tour throughout the kingdom, Hans works up the courage to propose, with Anna agreeing in a heartbeat being too naive to understand how true love works. The two head back to the royal throne room, where the party is being held, to ask for Queen Elsa's blessing, to which Elsa coldly refuses, stating that Anna shouldn't be marrying someone she just met, ending the party and ordering Hans to leave out of frustration. Heartbroken, Anna confronts her sister, possibly demanding her blessing, but this causes the queen's powers over ice and snow (the reason she goes so far out of her way to isolate herself from the outside world) to be revealed, much to Hans' shock, along with everyone else's.

The Duke of Weselton, one of the neighboring royals, immediately declares Elsa a monster, and orders his men to capture her. Elsa flees, accidentally causing an eternal winter over Arendelle while doing so, having Anna and Hans chase after her until she is out of reach. Hans asks Anna if she had known of Elsa's mysterious abilities, to which the princess denies. In order to save the land, Anna volunteers to go after Elsa, but Hans wasn't too fond of the idea, knowing if something terrible should befall Anna, his quest for domination would be abolished, as they still weren't married just yet. However, Anna insists that Hans stays behind to rule during her absence, to which the prince eventually agrees to.

## Hans in Command

It wasn't long before Arendelle became an icy wasteland; with citizens becoming weak due to the frigid temperatures, causing mild chaos throughout the land that would surely worsen. Hans took advantage of the situation to endear himself to the people. While this seemed to be a charitable act, the goods were not for Hans to distribute. When the Duke of Weselton pointed this out, Hans didn't bring up the plight of the people but asserted his authority by threatening the Duke with a charge of treason - which has no basis as Hans, being only the acting king.

Scolding Hans, the Duke then openly expresses his suspicion over Anna and Elsa, believing they're conspiring together to doom them all. Hans immediately snaps and threatens to punish the Duke for treason if he doesn't silence himself, ordering the diminutive Duke to refrain from questioning the princess. Throughout this crisis, Hans actually proves to be a confident leader: distributing aid and allocating resources in the face of a disaster he didn't foresee; whether it's to capitalize on popularity or simply because he is actually an effective royal is unclear as there is no evidence that proves he cares about anyone from Arendelle.

Just then, Anna's horse returns without the royal rider, making Hans believe Anna is in danger. He needs one of the royal ladies alive for his plan to continue. With the royal guards and the Duke's men in tow, Hans leads a rescue mission for Anna and a hunt for Elsa. Unbeknownst to the kingdom, this gives Hans the perfect chance to alternately kill Elsa for a seemingly heroic reason, or to return her and Anna to the kingdom and cement himself with both women and the public as part of his greater plans.

## Attack on Elsa's Palace

The army arrives at Elsa's ice palace before long, and are immediately attacked by Elsa's giant snowman Marshmallow. Hans and his army battle the beast, though he proves to be nearly invincible and completely implacable. Fortunately for the prince, he is able to get a clear path at the snow beast, and slices Marshmallow's left leg clean off, causing the creature to stumble into a chasm to his apparent death. With him out of the way, Hans and the others rush inside to find Anna, but she is nowhere in sight.

Instead, they find Elsa seconds away from killing the Duke's two guards who had previously snuck past Marshmallow on orders of the corrupt Weselton representative. Hans is able to stop her from killing them as they intended for her, freeing the two thugs. However, one of the thugs attempts to strike her with their crossbow, but Hans interferes and, with apparent purpose, causes the arrow to shoot upward to Elsa's massive chandelier, hoping the impact would kill her while making it seem like an accident. The chandelier comes crashing down, but it only manages to knock Elsa unconscious.

Captured, Elsa is imprisoned in Arendelle's dungeon. With the winter curse spiraling out of all control, Hans knows he must find a way to save his potential kingdom, and decides to pay Elsa a visit, asking her to put an end to the winter. However, Elsa confesses that she doesn't know how, and asks to be released in hopes that leaving will draw the storms away with her. Hans claims he will do what he can, and returns to the Duke of Weselton and the other dignitaries in the library, who were frantically looking for a solution to freedom from the icy curse, though to no avail just yet.

Hans decides he must go back out to find Anna, still needing her marriage in order to legitimize his hold on the throne, but one of the dignitaries explains that he needs to stay put, as he is all Arendelle has left. With this in mind, Hans learns it will be unnecessary to return into the blizzard, as the kingdom is practically his as long as Anna never returns. Just then, Anna suddenly returns and desperately begs Hans for a kiss. The two were given privacy as Anna explained that during her journey, Elsa froze her heart, and only an act of true love can save her from freezing to death, to which Hans presumes she's referring to "a true love's kiss".

However, Hans smirks, reveals his true colors, and rejects Anna, immediately pulling away from their failed kiss and closing the shades of the room, as well as putting out the fire in an attempt to quicken her death. Confused, Anna tries to understand what's going on. Hans reveals he didn't actually love Anna, but was only using her to become the king of Arendelle. He reveals his matured plot to marry Anna, kill Elsa and become king of Arendelle through ascension, verbally abusing her in the process by pointing out how easy she was to deceive compared to her sister. He knew that due to being thirteenth in line, he had no chance of obtaining the throne of his own kingdom, so he sought to rule somewhere else; proving he is no better than his father.

Anna tries to stop him, but she is far too weak and can merely plead for mercy as her condition deteriorates. After informing her of his next move, which is to kill Elsa, thus restoring summer and gaining the unflinching loyalty of Arendelle, the evil prince leaves Anna to die, locking the door and trapping her within to prevent others from finding her.

## Death to Queen Elsa

Hans then returns to the Duke and the other dignitaries, pretending to be terribly distraught. He tells them that Anna was killed by Elsa's curse and that their marriage vows were said just before she died in his arms, thus making him king of Arendelle. The lie is fully believed by the assembled ambassadors and royals, and, as his first order as the new ruler of Arendelle, Hans charges Elsa with treason and sentences her to immediate death.

Hans and the royal guards then make their way to the dungeon to carry out her execution, but by the time they arrive, they find that Elsa has managed to escape into the fjord through the accelerating chaos caused by her powers, much to Hans' frustration, and just as a deadly blizzard begins consuming the entire kingdom, driven inadvertently by his own meddling and stressing of the queen.

Furious, Hans decides to take matters into his own hands, and goes into the frozen fjord to confront Elsa himself, sword in hand. Once he stumbles upon her in the blizzard, he tells Elsa that escaping all the damage she's caused is futile, but Elsa merely pleads for mercy, asking the prince to take care of her sister in her absence, to which Hans responds by informing Elsa of Anna's fictitious death as a result of the former's strike to her heart and, despite his "efforts" to save her, blaming Elsa for the tragedy. Devastated, Elsa falls onto her knees, with her sorrow freezing the very air around them, and providing Hans the opportunity to end her.

## Defeat and Detainment

Before he is able to murder Elsa, however, Anna arrives and blocks Hans' blow, completely freezing to death just before Hans' weapon strikes her, and shatters the blade with frigid temperatures. The forceful blast caused by Anna's freezing death brutally knocks the evil prince off his feet, causing him to fall upon the ice and rendering him unconscious.

When he awakens several moments later, he finds Arendelle thawed and peace restored. As Hans struggles to his feet, Kristoff moves to attack him, but Anna decides to confront the fallen prince herself, staying the big man's hand. Anna approaches the traitorous prince, and the sight of Anna alive and well confuses Hans, prompting him to ask how she had survived the frozen heart curse. Anna then berates Hans by telling him that he's the only one present with the frozen heart, and turns her back at him much to Hans' disbelief. Out of fury and revenge for almost killing her and her sister, the princess immediately wheels around a few seconds later, punches him in the face, and causes him to fall off the ship they were aboard which pleases the witnesses whom either figured out about Hans's betrayal on their own or put two and two together.

Humiliated and defeated, Hans is then apprehended without resistance, imprisoned on a French ship headed back to the Southern Isles and banished from Arendelle forever. According to the French dignitary, he is set to face an unspecified punishment by his brothers. However, we do know that part of his sentence involves during unpleasant chores.

### *Frozen Fever*

Hans makes a brief appearance in this short. Part of his punishment is revealed to be working at the Royal Stables of the Southern Isles, shovelling manure. When Elsa sneezes into the Giant Horn as she blows it to celebrate Anna's birthday, a giant snowball is launched from Arendelle all the way to the Southern Isles, which hits him right into a cart of manure, burying him. The nearby horses laugh at his predicament.

### *Frozen II*

In the three years following his attempted takeover of Arendelle, Hans is nowhere to be seen, which implies that he may still be serving his punishment. However, Hans is mentioned and alluded throughout the story. While playing charades on family, when Anna had to pretend being a villain, Kristoff believes that she's imitating Hans. Anna also mentions her adventure to save Elsa from Hans when she promises Elsa to follow her to discover the mystery behind the elemental spirits. Olaf also acts like Hans while telling about the events of the first film to the Northuldrans and the Arendellians trapped in the forest.

Near the film's climax, Hans makes a non-physical appearance when Elsa arrives on Ahtohallan and sees snowy manifestations of the past. While walking alongside the manifestations, Elsa sees one of Hans presenting himself to Anna during his arrival to Arendelle. Still bitter towards Hans due to his previous actions, Elsa uses her powers to crumble the manifestation out of disgust.

---

Key: There's Hans right now. Maybe I can give him a poisoned drink when no one's looking.

Me: We'll keep that option open for later. Right now lets watch.

Eli: Just look at that guy. What a pathetic excuse of a man he is.

Laney: Yeah I've always hated him.

Lola: Same with me.

Raya: I've hated him too.

Popeye: Why that doity palooka.

Me: Calm down everyone. The Coronation's about to get underway.

We saw the Coronation underway and Anna was later asking a bunch of questions to Elsa and then Elsa got angry.

**Elsa** : *I said, **ENOUGH!*** [as Elsa turns suddenly ice shoots from her hand which spikes across the floor shocking the guests as they back away]

Me: WHOA!

Nico: That is cool!

We then saw the DUKE OF WESELTON!

---

The **Duke of Weselton**, sometimes mockingly referred to as the **Duke of Weasel Town**, is the secondary antagonist of Disney's 53rd full-length animated feature film *Frozen* and a cameo character in Disney's 58th full-length animated feature film *Frozen II* .

He is the conniving, egotistical and manipulative Duke of one of Arendelle's neighboring kingdoms, Weselton, and seeks to exploit Arendelle's goods for his own benefit. He has two guards at his disposal named Erik and Francis, willing to assist him in whatever he needs. However, the Duke ends up being played by a far greater threat, Prince Hans.

He was voiced by Alan Tudyk, who also played Lenny in *Ice Age*, Turbo/King Candy in Disney's *Wreck-It Ralph*, Duke Weaselton in Disney's *Zootopia*, Ludo in Disney's *Star vs. the Forces of Evil*, Van Wayne, Alistair Krei in Disney's *Big Hero 6* and *Big Hero 6: The Series*, The Joker in *Harley Quinn*, and Iago in the 2019 live action *Aladdin* film. In *Once Upon a Time*, the younger version of the Duke was portrayed by Jonathan Runyon. In the musical, he was portrayed by Robert Creighton.

### *Frozen*

The Duke of Weselton is first seen with his bodyguards Erik and Francis entering Arendelle and nearing the castle gates. The greedy royal proves to be extremely excited, deeming Arendelle his most mysterious trade partner, and that he greatly looks forward to unlocking its secrets and exploiting its riches. However, he accidentally says this out loud to his guards. Along with the other dignitaries, the Duke attends Elsa's crowning coronation as well as the ball thrown in honor of her first night as queen.

Anna and Elsa's majordomo Kai introduces the snooty duke, which is when the short royal offers Elsa her first dance as queen, claiming he should have the honor being their closest partner in trade. Elsa rejects the offer politely, but volunteers Anna, to which the Duke agrees to nonetheless. Though he believes otherwise, he's a terrible dancer, constantly stepping on Anna's toes and making a complete fool out of himself. The entire event was merely a chance to become closer to the two princesses, hoping a close relationship would further enhance his trading business with Arendelle. In the middle of his routine, he questions the princess as to why the castle gates were closed for so many years, to which she nervously claims ignorance on the situation.

Not too long after the comedic scene, Anna and Elsa get into an argument, and the drama causes Elsa's secret power over ice and snow to be revealed. The fearful Duke calls her out, claiming it to be dark magic/sorcery, and orders his men to capture her the moment she flees, though he and his goons were nearly killed by an accidental blast caused by the queen, resulting in the Duke calling her out as a monster. Anna, the visiting Prince Hans, and the Duke follow after the queen, who escapes into the mountains, accidentally casting a powerful curse over Arendelle, putting it into an eternal winter.

It begins to snow eerily throughout the land, causing the citizens to worry, though the Duke immediately becomes irrational, panicking, albeit humorously. He then suspects Anna to have powers as well, but the princess denies and explains that Elsa means no harm. The stubborn Duke finds it hard to believe, as she nearly killed him with her magic during the chase. However, to free the land from the curse, Anna volunteers to go after the queen. The Duke immediately agrees, but her fiancé Prince Hans was not too fond of the idea. Nevertheless, Anna departs and leaves Hans in charge.

Later on, back in Arendelle, things have become worse with the snow having become ice, freezing the entire kingdom, and the living conditions become unbearable for the citizens as, due to the curse overcoming the land in the middle of summer, no one is prepared for the harsh winter weather that's arrived. Hans and the royal guards are busy giving away free cloaks and other necessities for the kingdom's inhabitants who are struggling to survive, much to the Duke's dismay.

The Duke scolds Hans on his actions, not wanting the prince giving away any of Arendelle's tradable goods instead of taking action against Elsa, believing Anna's merely conspiring with her to doom the land. However, the Duke is soon forced to silence himself when Hans snaps at him, threatening the Duke with his power to have him arrested for treason. Disgusted by Hans' claims, the Duke's silenced until Anna's horse returns alone. Hans feels the princess is in danger, and asks volunteers to journey to Queen Elsa's palace with him to find her. The Duke volunteers his bodyguards, and secretly orders them to eliminate Elsa should they find her so they could put an end to the winter.

With Hans in charge, the bodyguards journey to Elsa's ice palace where they ignore Hans' orders to bring no harm to the queen and barge into the icy walls, immediately taking action. However, soon enough, Elsa gains the upper hands and uses her abilities to battle the duo, nearly killing them until Hans intervenes. Even so, the Snow Queen is captured and imprisoned, though the order given to the Duke's thugs either remained confidential or ignored, as the Duke was not seen given any punishment or word on the matter, though the thugs were not seen again for quite some time, likely suspended as punishment for disobeying Hans' commands.

Meanwhile, in the castle parlor, Hans decides he'll go back out in an attempt to find Anna, but one of the dignitaries suggests he stays behind, as he's all Arendelle has should Anna fail to return. Just then, however, she does, and desperately asks Hans to kiss her, prompting the Duke and the others to leave the room, giving them some privacy, completely unaware that the prince is actually villainous and power-hungry, planning to betray Anna to steal the throne. Moments later, Hans returns looking distraught just as the Duke declares action be taken once again. He tells them Anna was killed by Elsa, and that they said their marriage vows just before she died in his arms, thus making him king of Arendelle. The claims were lies, but the Duke and other dignitaries are oblivious to the fact, and Hans sentences Queen Elsa to death.

Moments later, Elsa accidentally causes a powerful blizzard to break through as she escapes from her prison cell, and the Duke of Weselton joins the other dignitaries, who rush onto the castle balcony to see what the ruckus was. From there, they are able to witness Anna sacrificing herself to save Elsa from the treacherous Hans and mourn for her death once she freezes solid doing so. Fortunately, she thaws soon enough, as well as the entire kingdom after love is revealed to be the breaker of Elsa's curse.

The Duke and the dignitaries all rejoice once peace is restored. The Duke, however, is denied speaking with Elsa about businesses, due to his earlier attempt to have her killed. The Duke tries to claim that he was innocent and a victim of fear, but to no avail, as he and his thugs are sent back to Weselton after being told that they are now cut off from trading with Arendelle by orders of Queen Elsa. While being pulled aboard his ship, he is heard insisting that his home is not named "Weaseltown" after being mispronounced once again, though purposely by Kai to annoy him. It's unknown what happened to the Duke and his thugs after returning to Weselton, but it's possible that they may have been punished by the King of Weselton for their actions on Arendelle or even stripped from their positions.

*Frozen II*

The Duke makes a cameo appearance in the sequel. While traversing the caverns of a mystic river called the Ahtohallan, Elsa encounters snowy manifestations of various figures from her past, including Hans and the Duke. One vision recreates the Duke's first meeting with Anna and Elsa, in which his toupee falls off. Another vision depicts the Duke dancing "like a chicken with the face of a monkey", much to Elsa's amusement. Elsa eventually soon learns that she got her powers from the mystical spirits following a curse inflicted on the Enchanted Forest (due to her mother Iduna saving her father Agnarr during a war between the Northuldrans and Arendellians instigated by Elsa's deceased grandfather King Runeard). With this information, Elsa was able to get Anna and their friends to lift the curse and bring true peace to both Arendelle and Northuldra.

**Duke** : (Austrian Accent) Sorcery. I knew there was something dubious going on here.

Poliwag: Youshutthefuckup,DukeofWeaseltown!Elsasnotawitch!

Duke: And apparently, she's cast a spell on this Pokemon so I can't understand it!

Luminous: (about to shoot a light ray at him) Say another world, Duke of Weaseltown. I dare you!

Me: I got this Luminous.

I grabbed the Duke of Weselton and lifted him up.

Me: You listen to me you pompous old pile of rotten weasel skins, Elsa is our friend! She was born with powerful ice powers and she doesn't know how to use them right because she went through a lot! You will never get your hands on any of the treasures of Arendelle as long as we're present! You got that you asshole!?

Duke: (Gulp) You are possessed.

Venom: **Let us handle this.**

Venom grabbed him.

Venom: **You come in here again… In fact, you go anywhere in this castle, preying on innocent people as well as the treasures of Arendelle, and we will find you and we will eat both of your arms and then both of your legs. And then we will eat your face right off your head. Do you understand?**

Duke: No no please.

Venom: **Yes. So, you will be this armless, legless, faceless thing, won't you, going down the street like a turd in the wind? Do you feel me?**

Duke: What are you?

Venom revealed Eddie's face.

Venom and Eddie: **WE are Venom.**

**Anna** : Elsa?

[Elsa opens the door and rushes out] [as Elsa bursts out of the castle door there's a crowd waiting outside]

Me: ELSA WAIT!

**Woman in Crowd** : There she is! [the crowd cheers, Elsa starts running through them when she is stopped by a man in the crowd]

**Man in Crowd** : It is her! [he bows] Queen Elsa. [Elsa pushes past him and tries to run through the crowd again] Our beautiful queen. [she's stopped by a woman holding a baby]

**Woman Holding Baby** : You Majesty? Are you alright? [Elsa backs away but knocks into the nearby fountain and as she grabs the edge the fountain and water in it freeze, the crowd gasps in shock]

**Duke** : There she is! Stop her!

I fired energy beams at the Duke and they hit him all over and exploded!

KRABBBBBBOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOMMMMMM!

**Elsa** : Please, just stay away from me. Stay away! [suddenly ice shoot out of her hand freezing the ground and castle steps which makes the Duke and his guards fall]

**Duke** : Monster. Monster! [Elsa looks at her hand, as she turns the woman with the baby steps back in fear as does everyone else in the crowd, Elsa runs off]

Eli fired waves of Force Lightning at the Duke and his guards and electrocuted them all over and burned them.

**Anna** : Elsa! [Anna rushes after her] Elsa! [as Elsa reaches the lake's edge the ground beneath her feet freezes] Wait, please! [as Anna rushes after her Elsa takes a step onto the lake water and the water freezes under her foot, she starts running across the water as the water freezes under her feet] Elsa, stop!

Me: ELSA COME BACK!

[Anna goes to step onto the frozen lake water but slips, Hans who's been following Anna rushes to her side]

**Hans** : Anna!

**Anna** : No. [they watch as Elsa runs across the lake as it freezes towards the forest]

**Hans** : The fjord. [the ice spreads freezing the entire fjord is frozen, back in the castle courtyard the crowd start to notice snow falling]

**Woman in Crowd #1** : Snow?

**Woman in Crowd #2** : Snow?

**Woman in Crowd #1** : Yes, snow!

**Hans** : Are you alright?

**Anna** : No.

**Hans** : Did you know?

**Anna** : No.

**Duke** : [grabbing one of his guards] Look! It's snowing! It's snowing! The Queen has cursed this land! She must be stopped! You have to go after her.

POW!

I punched the Duke and sent him crashing into the wall.

Me: You talk too much duke Fuckelburg.

Nico: Funny!

**Anna** : It was an accident. She was scared. She didn't mean it. She didn't mean any of this. Tonight was my fault. I pushed her, so I'm the one that needs to go after her.

Me: It's not your fault Anna.

**Anna:** Bring me, my horse! Please?

They did so.

**Anna** : Elsa's not dangerous. I'll bring her back and I'll make this right.

Me: She's our friend too. We'll go with you Anna. She needs us more than ever.

Wolf: I'll get on my Wolfen and go after Elsa. You guys catch up before Hans does!

Poliwag: OkeydokeylokiWolf!

Pinkie Pie: HEY! That's my line!

Me: Be careful Wolf. Good thing we came here with our coats tied around our waists.

We put on our coats.

Anna: I'll go with you all.

Me: Okay Anna. Lets bundle up guys. It's gonna get chilly. Lets roll!

We were off to find Elsa.

Weather Wizard: You know I can just change the weather back to normal, right?

Me: We know that. But this is no ordinary snowstorm. This storm was made by Elsa's powers.

Nico: Her ice powers are so awesome.

Eli: They sure are. But so are my fire powers.

Eli formed a ball of fire and threw it onto the frozen lake and melted a huge hole into the ice and thawed it out.

Nico: WHOA! That was awesome!

Lana: Maybe you can use those fire powers on the Duke.

Lola: If I ever see him again, I'm going to cut open his head and eat his brain!

Me: EW!

Lucy Loud: Wicked.

Fu: Lola you don't want to do that!

We saw a beautiful castle and it was made of pure ice.

Me: Wow! Look at that castle.

Nico: Yeah.

Lola: It's beautiful.

We then went through a portal and we were in a Labyrinth.

Me: Wow it's a maze of ice.

Supernova Zap: I don't know who made this labyrinth. But it sure is an a-MAZE-ing cold obstacle! (Rimshot)

Luan: (Laughs) That was a good one Supernova!

Eddy: (Laughs) That was a good one!

Nico: (Laughs) That was funny!

Popeye: (Laughs)

Me: That was a good one.

Eli: Yeah it sure was.

Me: Lets press on.

We did so and killed lots of heartless and Nobodies and got immense power boost.

Along the way we met Kristoff and his Caribou, Sven.

Eli: Hey Kristoff!

Kristoff: Wow Eli! It's great to see you and Team Loud Phoenix Storm it's great to see you all again.

Me: Same to you Kristoff and Sven it's awesome to see you.

Indigo Zap: It's nice to meet you, Kristoff.

Kristoff: Same here. (notices Poliwag) Um… can I ask what's up with your pet?

Poliwag:

Maria: I think Poliwag said something about shooting Barney the Dinosaur with a shotgun.

Me: That is silly.

Nico: Yeah!

Anna: Crazy huh?

Then a snowman appeared and it was Olaf.

Olaf: Hi! I'm Olaf. And I love warm hugs!

Toad: Well, I would like to give you a warm hug, Olaf.

Poliwag: SowouldI!CanIhughimNico?Pleasepleasepleaseplease!

Nico: You sure can.

Poliwag hugged him all over.

Me: Olaf you are always so funny.

Eli: It's awesome to see you again Olaf.

Olaf: Wow! You too Eli.

Éclair: Awesome meeting you Olaf.

We explained what happened to them and about the battle with Xehanort and all that.

Kristoff: Oh man! We'll gladly help you all out.

We went up the mountains and we got to Elsa's castle.

Me: This is it.

We went up to the door and knocked on it and answering it was Marshmallow.

Me: Whoa Marshmallow.

Skullcruncher: (to Marshmallow) Look, buddy. We're here to see Elsa. You can let us pass or I can eat you in my alligator mode!

Nico: Skullcruncher stand down.

Me: Marshmallow it's okay. We're friends of Elsa.

Marshmallow: J.D. Knudson. Good see you again.

Me: Same to you Marshmallow. May we come in?

We were let in.

Me: Elsa? Are you in here?

Elsa came down.

Elsa: Guys?

Me: Elsa we were worried about you.

Elsa: You guys shouldn't be here!

Poliwag: WhatareyoutalkingaboutElsa?We'refriendsaren'twe?

Elsa: (starts crying) I CAN'T UNDERSTAND WHAT YOU'RE SAYING!

Salami Swami: Elsa, just calm down. Why don't you have some salami to calm your nerves?

Elsa: I'm not hungry.

Me: Elsa we are your friends. We were worried about you over what happened during the coronation. Also we just came to help you. We have been there for you ever since we first met remember. Who was it that gave Anna the best birthday party ever when you were sick with the flu? You and us.

Nico: Who was it that sent that huge snowball crashing into Hans when he was working in the manure fields? You and that was awesome and really funny!

Me: And who was it that stood up for you when things were about to get out of hand with extreme cold? Us and you. You are even like a sister to Eli and that shows that he cares about you just as much as we do. And Eli loves you and Anna just as much as he loves Ariel.

Ariel: That's right Elsa. You are a great friend to us.

Moana: You've always been a great princess and a true friend to all of us.

Lola: And you have amazing ice powers.

Me: Just like we have amazing powers. But Elsa your powers can do great things for the world.

Elsa: But there were so many demands from everyone.

Me: Because there is a very important rule that comes with royalty and it's a very important rule that we must follow every day. And that rule is With Great Power Comes Great Responsibility.

Eli: That's right Elsa. And also Love is the only thing that can thaw out a frozen heart.

Me: If you rely on hatred and evil, your heart will be as black and as cold as Xehanort's will be and he is out there right now and is going to destroy the entire universe if we don't stop him. Elsa, think about those who care about you. They love you just as much as Anna loves you. And also you have Jack Frost.

Jack Frost: That's right Elsa. Like Kristoff, I love you as much as he loves Anna. Never forget that. I may also be the personification of Winter, but even I have a heart and love you more than anything.

Elsa cried and looked deep into Jack's eyes and it showed that he loved her more than anything.

Elsa: Oh Jack.

She and Jack then kissed.

Lana and Lola: Aww.

Me: So cute.

Eli: What a cute couple.

Nico: Yeah.

Jack and Elsa then hugged.

Applejack: And you also have us as your friends Elsa.

Rainbow Dash: That's right. You are awesome with or without your amazing powers. You have amazing gifts in many things.

Rarity: I most agree. You made a most amazing birthday for Anna and planned it all out for her despite being sick.

Pinkie Pie: And it was amazing from what J.D. told us.

Me: And those little snow brothers you made accidentally for Olaf were awesome and adorable.

Starlight Glimmer: I once thought like you myself Elsa. I was misguided because of my friend leaving me when he got his cutie mark. Until Twilight and everyone helped me realize that Friendship can do many great things for everyone no matter where you are and how dark your heart is. Friendship and love are a great force and everyone can make a difference with love, hope, and friendship.

Me: That's right Elsa. Anna loves you just like we all love you. You are a great friend and we also helped you out.

Cross Crow: (to me) (Russian Accent) Okay. So long as Elsa doesn't accidentally curse Anna, we should be okay

Me: She won't Cross Crow.

Elsa: I'm all right everyone. J.D.?

She then surprised me by hugging me again.

Elsa: Thank you so much for helping me realize what a fool I was being.

Me: You're welcome Elsa. Just remember that friendship comes in many shapes and forms and friends will always be there for you in the worst of times.

Twilight Sparkle: That's right Elsa. You will never be alone as long as you have those that are closest to you like your dearest friends.

Moondancer: Twilight is right. I didn't care about friendship a while back. But now I do. I have a lot of good friends now.

Nico: Same with me. I was haunted by my terrible past and J.D. and everyone are ALL my true friends because they saved me from my past.

Eli: The point is Elsa, we will always be there for you. Just like you were there for Anna and everyone.

Anna: That's right Elsa. Never forget that I will always love you.

Elsa: Oh guys!

She hugged both me and Anna and cried happily.

We smiled.

Elsa: I have to get back to Arendelle.

Me: We'll take you there. Also Hans and the Duke are not who you think they are.

I revealed everything about them to her and she was shocked.

Me: Justice will be brought to them. I promise you.

Condiment King: J.D., I hope you use the Penance Stare on that stupid Duke before I get to him. Because when I'm done, his eyes will be filled with hot sauce!

Me: (Laughs) Just as long as you save some of that hot sauce for me Buddy.

We laughed.

Elsa: (Laughs) That was funny. We got to get back to Arendelle.

Me: And we will Elsa. I promise you. Also I sense trouble coming and it's name starts with the letter O and has the Roman Numerals for 13.

Nico: Yep.

Eli: And here she comes now.

Through a dark corridor came EVIL LARXENE AND SHE WAS INCREDIBLY PISSED!

Me: Larxene, bout time you showed up you bitch.

Evil Larxene: Thanks for ruining my plans, jerks!

Me: And I show no remorse for it you bitch.

May: Oh, we're the jerks? We're not the ones who tried to corrupt Elsa's heart!

Eli: That's right you blond antennae freak! You did this!

Evil Larxene: Okay. I'll admit Elsa is a person of interest to us. Xehanort says she's one of the seven pure lights we need-the New Seven Hearts. I had to make sure though. Fortunately, I was in the best position to tell. Can't pick that 'special glimmer'… unless you're standing in the shadows. I thought maybe Elsa doesn't have it. I mean, just look how icy her palace is-made of magic she forced herself to keep hidden until now. What if it was dark magic? It depended on how she saw t. If she believed her magic is darkness, that's what it would've become. Accepting her power, whatever it is, was the only way to set her heart free. (scowls) Too bad she chose light.

Sora: (laughs) Sucks to be you! No way we're letting Elsa fall into darkness!

Me: Especially when she has her friends and loved ones to care for her!

Evil Larxene: And then there's the fact that you all decided to be stupid heroes!

Me: We're not the ones who are stupid you bitch. YOU are the one that's stupid!

Poliwag: Youregonnagetitnowbitch!NoonesmanipulatingElsasheart!

Evil Larxene: (confused) Say what?

Poliwag blew a raspberry at her.

Francis: Okay. Me, Lea, Kairi, and Lola better start fighting this version of Larxene before Poliwag hogs all the action!

Kimiko: (takes out Mind Reader Conch) First, I'll use the Mind Reader Conch to peek into her brain and find out who the other New Seven Lights are.

Me: Go for it Kimiko.

She used the Mind Reader Conch and found out that Ariel, Mulan and Kida were the remaining Seven Hearts!

Kimiko: Ariel, Mulan and Kida are the remaining Seven Hearts!

We gasped!

Me: WHOA! You won't get them as long as we have anything to say about it.

Lincoln then walked up to Evil Larxene.

Lincoln: This ends now.

Suddenly, Lincoln's neon blue aura was flaring up extremely, and it looked like a powerful raging neon blue flame, and super lightning was crackling around his body, and his eyes changed to neon deep sapphire blue, and with every step he takes, lightning and energy erupted, and the skies had turned completely dark with powerful lightning storms erupting in the skies over Arendelle.

Lincoln: You really make me sick, Larxene, messing with Sora's memories wasn't bad enough, but trying to turn Elsa against Anna and the people of Arendelle for Xehanort's purpose has really crossed the line big time, and now, you're going to pay for it with your life!

Then, Lincoln was surrounded by a massive powerful vortex of neon blue energy, crackles of lightning and bolts of lightning crashing down from the skies, thunderbirds flying around the vortex, and an orange phoenix was also inside the vortex. Lincoln was gaining incredible power, and he was getting stronger and stronger and stronger still. Then, as the vortex fades, along with the lightning storms in Arendelle, Lincoln emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lincoln looks like he's 21 years old and was taller at 7'0" in height, Lincoln now has abnormally large and powerful muscles with weighted orange bands on his large biceps and thighs and eight-pack abs, the white bangs with lightning bolt highlights had gotten a little longer, and his white hair has also gotten longer. He has on his Bracelets of The Champions of The Universe, he now has on blue pants with gold lightning bolts on the thighs, large white leather combat boots with golden lightning bolts surrounded by circles of smaller gold lightning bolts with silver armor on the toe area, and he has on his silver Thunder Kanji earrings and silver Thunder Kanji necklace on his bare chest. He has on an orange version of He-Man 2002's loincloth held up by his Belt of Elemental Bravery, but there's also silver lightning bolts, and it also holds up long orange trench coat flaps with hanging silver lightning bolts, and his blue angel wings had gotten larger for his new body, and were surging with powerful super lightning, powerful to destroy many power plants. His eyes have turned deep neon sapphire blue, he has a tattoo on his wider muscular back, and it's in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Applejack, Fluttershy, Pinkie Pie, Rainbow Dash, Rarity, Starlight Glimmer, and Trixie Lulamoon will then appear on his back, and the symbols of the other girls, arranged to look like a Celtic Cross, and on top is the Earth surrounded by a ring of mermaids, the Planet Earth symbolizes

Earth Chan, and the ring of mermaids symbolize his wife, Lilly The Mermaid and Ariel's sisters, a symbol of the love he has for the girls in his harem, and as time goes on and more girls join his harem, their marks will also be added, and right on top of the Earth is the kanji, "Lincoln Loud, Champion of Lightning, Master of Lightning Storms and The Weather, Golden-Hearted Loving Brother of 16 Siblings, and Golden-Hearted Lover, Father, and Future Husband."

リンカーンラウド、ライトニングのチャンピオン、ライトニングストームと天気のマスター、十六人の兄弟のゴールデンハートの愛する兄弟、そしてゴールデンハートの恋人、父、そして未来の夫。

The thunderbird emblazoned on his forehead turned blue, and orbiting around his legs are eight large orbs, and he has on larger black fingerless gloves with the symbol of The Loud House, and he has his cutie mark, The Lightning Bolt with the Thunderbird and comics, moved to his right massive pec. He also has his Eater of Sins revolver holstered on his right hip and his orange Crystal Saber holstered on his left hip, and in his hands are his Sword of Taranis and his new lightning Keyblade. Lincoln has transformed into SUPER ANGEL 100,000,000,000 SUPERCELL LIGHTNING THUNDERBIRD FURIOUS HYPERSTORM.

We gasped in amazement and shock!

Me: WHOA! Lincoln you look absolutely incredible!

Nico: WOW! Lincoln transformed!

Eli: Way to go buddy!

Laney: WOW! Bro you look awesome!

Lincoln's harem all gawked at him and were entranced by his awesome hunky form and they went all TEX AVERY love crazy for him!

Me: How do you feel buddy?

Lincoln: (Divine Echoing Electrical Voice) **I feel amazing guys. This power is more than enough for me to finish this bitch for good.**

Me: It's personal now for you bro. Show no mercy on her!

Lincoln: **With pleasure!**

Kairi: The heat is on Larxene!

Lola: Lets dance!

Lola had her new Fire Keyblade ready to strike and they went at her and Lincoln fired Thunderbird blasts and powerful lightning blasts of incredible power and he punched and kicked Evil Larxene all over the place with incredible fury! He blasted the skin, muscles and nerves and arteries of her arms and legs off to the point where her bones were completely exposed!

Then Poliwag was pulverizing Evil Larxene all over with incredible speed and fury like how Spike would beat up Tom with incredible fury in the cartoons.

Lincoln: **I still think I should blast an arm off.**

Yondu: You really wanna get in the way of a Red Bull enhanced Poliwag?

Lincoln: Okay, good point.

Poliwag was beating Evil Larxene up REALLY BAD and she was mangled up REALLY GOOD!

But then we heard rumbling!

Me: UH OH!

Motor Ed: Dudes, forget Evil Larxene! An avalanche is about to happen! Good thing my car has snowtires! Seriously!

Me: Lets slide down the mountain everyone. Good thing I brought our snowboards. Lets roll! Elsa hold on!

We slid down the mountain.

Elsa: YEAH! WOO!

Me: COWABUNGA!

We were shredding down the mountain with incredible speed and we managed to successfully outrun the avalanche.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMM

A massive fiery explosion went off as we got to the edge of Arendelle and a phoenix cry was heard and out came images of the Genderbent Louds, Power Rangers, and Blonde fighters and we appeared.

Me: YEAH! That was a close one.

Nico: Yeah.

We heard clapping and we saw HANS and he was right by the entrance to Arendelle.

Hans: Very impressive.

Teresa: We should've killed you back at the Coronation!

Hans: (laughs) Oh, I don't think that would've changed the fact that Arendelle is frozen all over!

Eli: Wrong again Hans!

Elsa lifted all the snow and the storm completely disappeared and all the snow vanished!

Hans: IMPOSSIBLE!

Me: A heart filled with that much darkness can never understand two things that we have that you will NEVER have.

Hans: And what is that?

Me: LOVE AND FRIENDSHIP!

Twilight Sparkle: That's right! You are a monster Hans and you will pay for your crimes.

Me: You only wanted to be with Anna so you could kill Elsa and usurp the throne from her. Well news flash for you buster, as long as we're here we will never let that happen.

Hans: We'll see about that. ARISE AND KILL THEM ALL SKÖLL!

Out of a storm cloud came the SKÖLL HEARTLESS!

Crimson Dynamo: Just great! A Skoll Heartless!

Goku: Be careful, everyone! I can sense a power equal to that of a Spirit Bomb!

Me: You mean that giant energy ball it has!?

It fired that energy blast at us!

Nico: I got this!

Nico flew at it and kicked the energy ball hard and then it went into space where it exploded with incredible power!

***EXTREMELY MASSIVE KRABOOM!***

When the smoke cleared the blast was diverted and Arendelle was safe.

Goku: KAAAAAAA MEEEEEEEE HAAAAAAAAA MEEEEEEEEEE HAAAAAAAAAAAAAAAAAA!

He fired a massive Red Kamehameha Blast and obliterated the Skoll Heartless in an instant!

Me: TAKE THAT!

Hans: NO! THIS IS NOT HAPPENING!

Me: It is Hans! You are gonna pay for every one of your crimes in full.

Then Larxene, Jet, Kangor, Angel, Dr. Destiny, Stinky Butt, Tar Pit, El Oso, Whiger, Leonard, Vexen, Captain Cold, Demyx, Hydros, New Wave, Firefly, P'andor, Pyro, Pyros and Scorcher appeared.

Me: Larxene, Jet, Kangor, Angel, Dr. Destiny, Stinky Butt, Tar Pit, El Oso, Whiger, Leonard, Vexen, Captain Cold, Demyx, Hydros, New Wave, Firefly, P'andor, Pyro, Pyros and Scorcher. Wow! 20 of you guys this time?

Larxene: No just me, Jet, Kangor, Angel, Dr. Destiny, Stinky Butt, Tar Pit, El Oso, Whiger and Leonard. The rest are along for an extra set of battles for the theme of Fire and Ice.

Me: I get it. Extra battles themed on one of the oldest battles thats been around ever since the beginning of time: Fire VS Ice.

Jet: Yep.

Elsa: Finally, a Larxene I can get along with!

Larxene: (smirks) I'll take that as a compliment.

Jet: I take it Evil Larxene made her move already.

William: She tried to. But she thwarted her.

Kangor: (to me) (Jamaican Accent) By the way, mon, we heard you saw some alien crystals that don't make up Diamondhead and Chromastone.

Me: You heard right Kangor and they were from the 1957 movie The Monolith Monsters. One of my favorite movies from my dads past. It was really unusual.

Angel: Did you destroy them?

Maria: Before we answer that question, why are there 20 of you this time?

Dr. Destiny: (sheepishly) Yeah, funny story about that.

Larxene: We have extra battles themed for Fire VS Ice like J.D. said. Also I see you have Pyra with you.

Pyra: Yep and it's awesome to meet you all.

Larxene: We have just the archenemy for you.

A figure came out and it was AXEL!

Roxas: Axel!

Axel: Hey guys.

Pyra: You're gonna be my archenemy? AWESOME!

Me: So cool! And great matchup too.

?: It will be the last one you do.

2 figures came out and they were Sailor Lethe & Sailor Mnemosyne!

---

As the Guardian of Truth and twin of Sailor Mnemosyne, Sailor Lethe and her sister joined Shadow Galactica after her planet was destroyed. When Sailor Moon arrived to confront Galaxia, she was confronted by an unbearable heat and a desert, and then came upon a river, where a mysterious boatmen offered her a ride. However, she soon awakes at the bottom of the river, her memories gone, and Lethe attacks her.

Unlike most of the Sailor Guardians under the control of Sailor Galaxia, Sailor Lethe and Sailor Mnemosyne were true Sailor Guardians, and they felt they had no choice but to follow her. Before Galaxia's arrival, the planets of Lethe and Mnemosyne were always at war with one another, and the chaos resulting from the struggles was uncontrollable. Sailor Lethe and Sailor Mnemosyne joined Galaxia hoping that she could bring about a better future for the universe, and end all war once and for all.

Of the two Desert River Sailor Guardians, Lethe was the more aggressive one. Not only did she attack Sailor Moon while she was unable to fight back, but she also killed Luna, Artemis, and Diana in order to make her point about how futile Sailor Moon's life was. Lethe's vengeance was thwarted by her sister, Sailor Mnemosyne, who inadvertently allowed Sailor Moon to remember who she is and resurface with Sailor Chibi Chibi. Despite her betrayal, Lethe could not bring herself to attack her sister, as they both shared the same beliefs and convictions; instead, she reassured Mnemosyne that Sailor Galaxia would make everything all right for them.

Lethe held a strong belief that Sailor Moon and the Silver Crystal were the cause of all of their troubles, and said as much to Sailor Moon and Princess Kakyuu when they confronted each other. Lethe's belief in Galaxia was then shattered when Sailor Moon offered to Lethe and Mnemosyne the simplest solution to their problems: to kill her. Sailor Moon's offer of self-sacrifice changed both Lethe and Mnemosyne's minds about Sailor Moon's true nature, and they realized that Sailor Moon came to Shadow Galactica to end war, not to cause it.

Just as Lethe and Mnemosyne allowed Sailor Moon's party to pass through, Sailor Chi and Sailor Phi appeared and killed them, taking the Sailor Crystals of the Sailor Starlights as well as Lethe's and Mnemosyne's. It is a possibility that when all the Sailor Guardians' Star Seeds were freed from the Galaxy Cauldron and thus resurrecting the Senshi, Lethe too was revived.

The Guardian of Memory and the twin of Sailor Lethe. She joined Shadow Galactica with her sister following her planet's destruction.

Unlike most of the Sailor Senshi under the control of Sailor Galaxia, Sailor Lethe and Sailor Mnemosyne were true Sailor Senshi and felt they had no choice but to follow her. Before Galaxia's arrival, the planets of Lethe and Mnemosyne were always at war with one another, and the chaos resulting from the struggles was uncontrollable. Sailor Lethe and Sailor Mnemosyne joined Galaxia with the hope that she could bring about a better future for the universe, and end all war once and for all.

Mnemosyne was the passive one. She seemed to abhor violence, especially against other Sailor Senshi, and this was what caused her to stop Lethe from attacking Sailor Moon. When Mnemosyne asked Lethe to leave Sailor Moon's fate up to Galaxia herself, Sailor Moon managed to remember who she was and resurfaced with Sailor Chibi Chibi.

Though Mnemosyne seemed to share Lethe's strong belief that

Sailor Moon and the Silver Crystal were the cause of all of their troubles, this belief was shattered when Sailor Moon offered to Lethe and Mnemosyne the simplest solution to their problems: to kill her. Sailor Moon's offer of self-sacrifice changed both Lethe and Mnemosyne's minds about Sailor Moon's true nature, and they realized that Sailor Moon came to Shadow Galactica to end the war, not to cause it.

It is a possibility that when all the Sailor Senshi's Star Seeds were freed from the Galaxy Cauldron and thus resurrecting the Sailor Senshi, Mnemosyne was also revived.

---

Me: Sailor Lethes and Sailor Mnemosyne.

Sailor Lethes: That's right.

Sailor Mnemosyne: Yes and we're going to kill you all.

Me: We'll see about that.

?: They sure are eager huh.

A figure came out and it was BURNERTRON!

Me: Burnertron! Good to see you again.

Nico: Thanks for lighting my birthday candles, Burnertron.

Burnertron: No problem. If any of you are still cold, you can get near me to get warm.

Me: Nah the temperature is already back to normal here. Which means we can get these off.

We took off our jackets and tied them around our waists again.

Me: Now you guys have your usual battles. (Unsheaths sword) I've got a score to settle with Hans the Nefarious here.

Nico: Go get him J.D.

Me: With pleasure.

We powered up.

---

Battle 1: Volcana, Rainbow Dash, Scootaloo, Magma Gloom, Flash Magnus, Air Skylanders, Air Lincoln, Bambi, Faline, Thumper, Flower, Zuko and Azula VS Larxene

---

Larxene was first.

Larxene: (to Volcana) Guess that Red Bull gave Poliwag the strength to beat up even my evil self. (laughs) It must've been embarrassing for her to lose to a Pokemon that's smaller then her!

Volcana: Yeah it sure was!

Rainbow Dash: But it was really awesome seeing that evil version of you get thrashed like that.

Scootaloo: And it was so awesome seeing Poliwag go at her like that.

Magma Gloom: Evil Larxene is goonna be so humiliated after everything that happened to her.

Whirlwind: Yeah she sure will.

Flash Magnus: But that was so funny seeing that happen to her. She is never gonna be living that down.

Air Lincoln: Yeah no kidding! That was amazing and hilarious. She has never been so humiliated.

Larxene: (Laughs) That sure is hillarious! And the theme for this group is Bambi from 1940.

Bambi: That's right. We're doing Disney movies for the themes.

Faline: It's a great idea that J.D. came up with.

Thumper: It sure is!

Flower: Yeah it is!

Larxene: Awesome. Lets do it!

They fired waves of lightning, fire, wind and nature and lava and smashed her down.

Volcana: Fire wins.

Rainbow Dash: That was AWESOME!

---

Battle 2: Green Lantern, Fluttershy, Tree Hugger, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Plant Lola, Sprite of Spring, Melinda the Centaurette, Fairies of Spring, Fall & Winter, Chan Lee and Volt Luster VS Jet (Avatar)

---

Jet was next.

Jet: (to Green Lantern) On the bright side, now we know Red Bull can replace cocaine as a way to go berserk on scumbags.

Hal Jordan: Yeah Red Bull is much better. But it's LOADED with caffeine. 111 milligrams.

Fluttershy: That's a lot. Thank goodness I will never drink that stuff. I'm more into tea myself.

Tree Hugger: I am too and I drink tea and herbal teas too.

Tornado Bolt: I'm not supposed to have that stuff. If I did I would be bouncing off the walls like a bullet fired from a gun.

Mage Meadowbrook: Yeah that is REALLY potent stuff.

Stealth Elf: It sure is. And Peter Griffin drank that stuff and was doing all kinds of crazy things with it.

Jet: What stuff did he do?

Plant Lola: He went to New York and even spun the Big Wheel on the Price is Right so fast that it ripped free from its moorings. And he tried to make his own Red Bull by

putting Kerosene in it!

Jet: He made his own Red Bull with Kerosene!? That's insane!

Plant Lola: Brian thought so too. But Peter was always a brainless toad.

Jet: You got that right. And the theme for this group is Fantasia from 1940 and 2000.

Sprite of Spring: That's right. Pretty amazing.

Melinda the Centaurette: We think so too.

Jet: I agree. Lets do it!

Green Lantern fired waves of green energy and the group fired waves of leaves and energy and flowers and smashed him down.

Green Lantern: Take that!

Fluttershy: That was fun.

---

Battle 3: Randy Cunningham, Pinkie Pie, Maud Pie, Marble Pie, Featherweight, Somnambula, Tech Skylanders, Steel Lynn, Mulan, Mushu, Cybertron Menasor and Sideways VS Kangor

---

Kangor was next.

Kangor: (to Randy) Celine would get along great with Omega

Supreme, mon. After all, both of them can fly in space.

Randy Cunningham: Yeah I think so too man.

Pinkie Pie: Rarity also would get along great with Celine too. She loves her dress.

Maud Pie: (Monotonously) I agree with you on that too.

Marble Pie: Same here. I think her new dress is amazing.

Featherweight: It sure is. I like it as well.

Somnambula: (Egyptian Accent) It sure is beautiful.

Sprocket: Her dress must've come with her transformation.

Steel Lynn: It's really amazing.

Kangor: You got that right mon. And the theme for this group must be Mulan from 1998.

Mulan: Yep and it's really cool. But what really shocked me was that I'm one of the Seven Hearts of Xehanort's backup plan.

Mushu: Yeah girl that is crazy!

Kangor: It sure is mon. Lets do it!

Randy and the group fired waves of gears, metal, rocks and energy and fire and smashed him down.

Randy: AW YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

Battle 4: Skyla, Princess Celestia, Light Skylanders, Light Lily, Rapunzel, Flynn Rider, Cassandra, Luminous and Nightshade VS Angel

Angel was next.

Angel: (to Skyla) Did J.D. really meet a Celesteela Gene Slammer this time?

Skyla: He sure did and she is really beautiful. Her name is Celene Szczepanski and she is from Poland but was raised in America.

Princess Celestia: She has amazing and beautiful hair.

Spotlight: She sure does and it shines beautiful.

Light Lily nodded.

Angel: Awesome and the theme for this group must be Tangled from 2010.

Rapunzel: Yep pretty amazing.

Flynn Rider: I think it's amazing.

Cassandra: It sure is.

Angel: Cool! Lets do it!

They flew into the air and blasted her with light, wind and energy and smashed her down.

Skyla: YEAH! I love a good flight.

Princess Celestia: That was so fun!

* * *

Battle 5: Anakin, Twilight Sparkle, Luster Dawn, Princess Cadance, Flurry Heart, Star Swirl the Bearded, Magic Skylanders, Crystal Laney, Bianca, Bernard, Cody, Penny, Supernova Zap, and Pharaoh Atem VS Dr. Destiny

* * *

Dr. Destiny was next.

Dr. Destiny: (to Anakin) Looks like the nightmares are back to being scary.

Anakin: Yeah and at first we all thought it was your doing because of your powers in the dream world.

Dr. Destiny: This would be something of my doing since I do have the power to manipulate dreams yes. But causing nightmares of that kind of magnitude is something I would never do to anyone. I have honor.

Twilight Sparkle: Thank goodness you don't have that level of power. The Phantom Stranger is amazing at what he does and he was forced to give the Loud Kids nightmares against his will because of Dream World Lex Luthor.

Luster Dawn: Yeah what a monster! He was threatening his life.

Princess Cadance: What a REALLY unpleasant guy. Thank goodness we never have to deal with him again.

Flurry Heart: Yeah all he cared about was wanting to kill the Justice League.

Star Swirl: What a really unpleasant fellow.

Spyro: Yeah a lot of people didn't like him.

Dr. Destiny: You aren't kidding and he was always doing stuff behind peoples backs as well as causing a lot of problems.

Crystal Laney: You are not kidding about that.

Dr. Destiny: Yeah. The theme for this group is The Rescuers from 1977 and 1990.

Cody: (Australian Accent) That's right mate.

Penny: It's amazing isn't it.

Bernard: We think it's really cool.

Bianca: It sure is

Dr. Destiny: I think so too. Lets do it!

He ignited his lightsaber and Anakin did so too. They clashed and powerful sparks flew everywhere and then they hit him with blasts of Force Lightning, magic, stars and fire and smashed him down.

Anakin: The Jedi are good.

Twilight Sparkle: That was amazing!

---

Battle 6: Loki Loud, Starlight Glimmer, Cozy Glow, Trixie, Clover the Clever, Undead Skylanders, Ice Luan, Tiana, Odette, Derek, Gloriosa Daisy and Indigo Zap VS Stinky Butt the Foul

---

Stinky Butt was next.

Stinky Butt: (to Loki) What was Lola's nightmare about anyway?

Loki: It was about Lindsey winning all of Lola's pageants and Lola ending up becoming a homeless and ugly girl.

Starlight Glimmer: Yeah it was crazy and awful.

Cozy Glow: Poor girl went through a horrible experience.

Trixie: Yeah that is bad.

Clover: It sure was. Poor girl.

Hex: No kidding. Awful experience.

Ice Luan: Poor Lola.

Stinky Butt: Yeah that was terrible. And the theme for this group must be Princess and The Frog fro 2012 and Swan Princess from 1994.

Tiana: That's right.

Odette: Pretty cool huh.

Derek: I think it is.

Stinky Butt: You said it. Lets do it!

He fired a blast of fart gas.

FFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRTTTTTTTTTT

Loki did the same.

FFFFFFFFFFAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRTTTTTTTTTT

The fart gas blasts collided and exploded and they fired waves of wind, stars, magic, bones, energy and leaves and smashed him down.

Loki: Literally good.

Starlight Glimmer: That was fun!

---

Battle 7: Onua, Applejack, Apple Bloom, Frozen Fright, Rockhoof, Earth Skylanders, Stone Luna, Belle, Beast, Skullcruncher and Weirdwolf VS Tar Pit

---

Tar Pit was next.

Tar Pit: (to Onua) After we're done here, Elsa can make it snow so we can have some fun.

Onua: I always love having fun in the snow as much as digging in the ground.

Applejack: The snow is just as fun because of snowball fights.

Apple Bloom: Yeah that is always fun!

Frozen Fright: Yeah it is! I love having fun in the snow!

Rockhoof: (Scottish Accent) Aye. Good fun and times too we laddie.

Flashwing: You said it.

Stone Luna: It's always fun.

Tar Pit: It sure is. And the theme for this one is Beauty and The Beast from 1991.

Belle: Yep. Good theme.

Beast: I think so.

Tar Pit: You said it. Lets do it!

They fired waves of earth, apples and energy and smashed him down.

Onua: Earth wins!

Applejack: YEEHAW! That was great!

---

Battle 8: Sunset Shimmer, Pepperdance, Cayenne, Firecracker Burst, Pip-Squeak, Gusty the Great, Fire Skylanders, Fire Lori, Aladdin, Jasmine, Threatpack and Cross Crow VS El Oso

---

El Oso was next.

Me: Now lets get ready.

---

Hans was brought before the Arendelle high court.

Elsa: Hans Westergaard of the Southern Isles, you have been found guilty of the crimes of high treason, attempted murder and terrorism! What do you have to say for yourself?

Hans: You got nothing against me!

Me: The proof is in the pudding Hans. You are nothing but a traitor and a greedy assassin!

Elsa: You are hereby sentenced to death! Take him away for execution!

They took him away.

Me: One loose end to tie up. Duke of Weaseltown, you got some explaining to do. We know all about what you were trying to do to Arendelle.

Duke: What do you mean?

Me: Didn't you come here to steal it's treasure and kill Queen Elsa?

Duke: All right you got me! I wanted to kill Elsa and take all its riches and treasures all for myself! I wanted Elsa dead and the power of the treasures and secrets of Arendelle all for myself!

Everyone gasped. What he didn't know was that Luan was broadcasting the confession to where he came from and to everyone in Arendelle.

BUSTED!

Duke: You all ruined everything for me!

Me: Actually you just ruined yourself.

Luan pulled out the Microphone.

Luan: Your crimes have been heard.

I grabbed him and used the Penance Stare on him and scared him bad.

Elsa: Take him away and prep him for execution!

They did so.

---

We got the executions underway. Hans was condemned to be burned at the stake and the Duke was sentenced to die by beheading.

Elsa: Before we execute them we have a tradition here. We brand them.

She took a red hot branding iron in the shape of the star of Satan with the word TRAITOR over it in the middle and she gave it to me.

Me: Red Hot Branding iron first. Nice. We haven't done this in a long time. Lets do it.

The executioners held Hans' head and I put the brand smack dab in the middle of his forehead and he screamed in excruciating pain as the brand was put on him.

Me: Suits him perfectly. It will be his mark of eternal damnation.

I did the same thing with the Duke.

Me: Now before we have the sentence carried out, does Hans' family have anything they want to say?

King of The Southern Isles: Yes we do. If we may J.D.?

Me: Go ahead your majesty.

King of The Southern Isles: Thank you. Hans Westergaard, 13th son of the House of Westergaard of the Southern Isles, I as 2nd born son of the 34th King of the house of Westergaard and as Grand Ruler of the Southern Isles here condemn you and as your father hereby renounce you from the family and forever severs all your ties to the family of the Southern Isles. Your lust for power has become so horrific that you would do anything to get it. You are not only a spawn of the devil himself but are also a high priest of him and that makes you a traitor to God. Cover up his face with the Mask of Satan! Nail it down so that the fire and flames may reduce his body to ashes and may his dust be carried by the wind, obliterating his existence forever.

12th Son: You have brought nothing but shame to us.

11th Son: You make me sick.

10th Son: I can't believe you are related to us!

I pulled out the Mask of Satan.

Me: You know I've always wanted to try this. Elsa this Mask has been a huge terrifying moment for my father. It was from the 1960 movie Black Sunday with Barbara Steele and this mask can only be used on the most evil of people.

Elsa: That sure is a scary mask.

Me: Yep. That movie scared the living shit out of him back then. Also your majesty how did you know about this mask?

King of the Southern Isles: Some of our ancestors imigrated to France from Moldovia over 200 years ago.

Me: Wow. That's cool.

The mask looked like the face of the devil and on the inside was a bunch of nails.

Me: This is gonna be good.

I went over to him and covered his face and Varie took a hammer and smashed it on him and he screamed in one final scream of agony as blood poured through the face of the mask and he was dead.

I fired a massive blast of fire and incinerated Hans in an instant and banished his evil soul into the Warp for all eternity.

Eli then slashed off the Duke's head and he too was banished to the Warp.

Me: Good riddance.

Eli: Yeah.

Elsa: Thank you all so much for helping me out. You all are true friends to me and Anna and everyone in Arendelle.

Me: You're welcome Elsa. And you and Anna will always be family to all of us.

Jack Frost: That's right Elsa.

We hugged her.

Elsa: (To the viewers) This was an amazing adventure. And it was great to finally be rid of the evil Hans and the Duke of Weasel Town.

Me: Yes it was.

We went back home and Part 9 of the adventure was done. We had a great dinner and went to sleep.

TO BE CONTINUED…

# WAR OF THE HEART PART 10

Pirates of The Caribbean

---

Me and Elise were flying over a strange prehistoric land and it was amazing and intense.

Me: Wow look at this land.

Elise: Amazing. It's like we're in a prehistoric land.

Me: It sure does.

Elise: Why do I get the feeling that we're about to face another apocalyptic event?

Elise concentrated and groaned as her skin turned silver.

Me: I have that same feeling myself.

She turned into her Marlin form: SWIFTTOOTH!

Me: YEAH!

Then we saw cave people running for the seas as terrible storms were pounding the area and tsunamis were coming towards a tribe of people.

Me: WHOA! Wait a second. This is the world of the 1970 movie When Dinosaurs Ruled The Earth!

Swifttooth: Whoa that movie was brutal and intense.

Me: It sure was. The Moon is being made right now. Lets get to helping these people! Fast!

We got to work and flew fast and got to saving people by getting them to higher ground and we saved them from the water and tamed a bunch of dinosaurs and killed giant fiddler crabs. We knew what we were having for lunch. It was a perilous task for a world from a 51-year-old movie. We saved the tribes and then we saw a girl and she was a Siren and with her was a Staraptor.

Me: Whoa! That girl is a Siren from Greek Myth.

Swifttooth: Cool! And she has a Staraptor with her.

When the chaos faded we were on a high hill and we saw that the Earth had another moon! We were shocked!

Me: WHOA! Earth has another moon! So awesome!

Swifttooth: That was intense.

Sein: But thanks for helping us. Wow you're J.D. Knudson, Leader of Team Loud Phoenix Storm.

Me: Yep. That's me.

Sein: My name is Sein and yes I'm a Siren.

Staraptor: It's an honor to meet you. I'm Lorelei McArthur.

Me: Pleasure to meet you too.

Elise: Same here.

Me: Let me guess, Team Rocket Scientists?

Staraptor: Yep and I turned myself into this on purpose to stop them.

Me: Team Rocket is dead except for Jessie, James and Meowth. They were canned before we killed all of Team Rocket.

Staraptor: Good riddance.

Me: I can give you the power to change into this at will and you can also harness the powers of your Pokemon that you turned into.

Staraptor: I Would like that.

Me: Awesome.

I put on my blind man glasses.

Me: It's gonna hurt.

Staraptor: I'm ready.

I snapped my fingers and Lorelei reverted back to human and so did Elise.

Lorelei was naked.

Elise was human again. But topless.

Elise: (covers her boobs) Trust me, Sein. Our Earth is much more better then this one.

Sein: I have a feeling it will be.

Lorelei: I know it will.

I gave her and Elise new clothes and they put them on.

Sein: But wow that was really intense. Lets get out of here before something else happens.

Me: Right.

We went back home.

---

Back at the World Tree Estate, everyone was watching TV and reading books and we came in.

Sein: Whoa! So this is where you all live.

Me: Yep.

Lorelei: Wow this is amazing.

Miia: Sein!

Sein: Miia!

They hugged.

Miia: It's awesome having you with us.

Sein: Same here. J.D. is a brave guy.

Nico: Wow she's a Siren from Greek Myth.

Me: Yep.

Dick Dastardly then came in.

Me: Oh hey Dastardly.

Dick Dastardly: Hello J.D.

Me: (to Dick Dastardly) Dastardly. You gave me a pretty hard time the other day.

Dick Dastardly: Just "the other day"? I must be slipping.

Me: Look, I want to say… thanks. For the reality check.

To my surprise, Dastardly smiled.

Dick Dastardly: Don't mention it. (sees the rest of us approaching) And I mean not to anyone! (leaves)

Me: Our lips are sealed.

Nico: Yep.

He left.

---

At the Neptune Prison for Traitors and Scumbags, we were there to visit one of our most hated enemies, RICKY BEAMER! Sakuya and Nathan Chen were with us in wheelchairs.

Twilight Sparkle: Why exactly do you guys hate this Ricky Beamer jerk anyway?

Junk Man: Oh, I don't know. Maybe because he ACCUSED NICO OF LETTING QIN'S PARENTS DIE?!

Me: It's a really ugly story Twilight. Also Ricky Beamer is the hero turned villain from the Goosebumps Book, Calling All Creeps.

Qin: I hate this scumbag more than life itself. Because he accused Nico of letting my parents die!

Sakuya Chen: WHAT!? I can't believe he is that evil!

Nathan Chen: YEAH WHAT A MONSTER!

Qin: You said it. What he did to Nico was absolutely ruthless and we should have killed him when we had the chance.

Sunset Shimmer: What happened?

Qin: It was a nightmare. Here's what happened.

## FLASHBACK CHAPTER 841

Ricky: I'm the bad guy here? At least I'm not a murderer!

Nico: Excuse me?

Maria: He shouldn't have said that.

Me: No he shouldn't have.

Ricky: All the people you killed just to make sure people are safe. And you still plan to kill even more. You don't even care if your friends got hurt in the process. Hell, if you had just checked up on Qin Chen occasionally, you could've prevented the Russian Mob from killing her parents and they would still be alive.

Nico: SHUT THE HELL UP!

Me: Shut the fuck up!

Ricky clamped his mouth shut.

Nico: Everything you just said to me is an absolute and utter load of bull crap. I love and care deeply for my friends and would NEVER intentionally allow anything bad to happen to them! And while I have dropped bodies, I've only done it when they deserved it, something you would never understand. And how dare you blame me for Qin's parents' death! The ONLY one to blame for that is the Russian Mob and J.D. killed them in return!

Me: That's right! And I show no remorse for killing them. They don't care who suffers to get what they want! That's why they got what they deserved. Just like your friends the Creeps did.

Nico: (grabs Ricky by the collar) How dare you also make it seem like I'm some kind of monster, how dare you make me seem as though I'm the true villain of my own story, and HOW, DARE, YOU act all self-righteous, holier than thou, and pretty much claim that everything I touch dies! I have crossed some lines to keep people safe and I know that I'm not perfect. But not every death that's happened is my fault and I'm not going to take responsibility for something that I'm blameless of.

Iris: It's been nice knowing you, Ricky.

Nico: (glares at Ricky) In fact, you're the one who sold your own town out by turning almost everyone in it into Creeps! Plus, that also helped the Legion of Doom and all the other bad guys out there establish this town as a base of operations! Even though they've probably decided that this town is lost to them now that we're here. And now, you have the temerity of more or less accusing me of being a monster. WELL, GUESS WHAT!? While I may have dropped a lot of bodies, at least I've never betrayed my friends all because I was picked on all my life, and that's something you should think about the next time you open your big fucking mouth!

Me: You're gonna wish that we killed you when we're done with you Ricky.

I punched him in the face and knocked out some of his teeth and Nico kicked him in the stomach and Iris punched him in the stomach and face and kicked him in the crotch. Girl Jordan fired a massive blast of water and got him all wet.

FLASHBACK ENDS

Sakuya and Nathan were shocked, horrified and mad beyond all forms of recognition at Ricky.

Sakuya Chen: I can't believe he is that dangerous!

Nathan Chen: What a monster! He has no right to say all that.

Lana: Yeah what a jerk!

Me: I should have killed him back then.

Nico: Our code won't allow it. He deserves to die in here.

We got to his cell and opened it and went in and we saw RICKY BEAMER!

Ricky Beamer: (to Nico) Well, well, well. If it isn't the so called hero. You know, I still stand by what I said before. If it weren't for you, your friend Qin wouldn't have gotten Gene Slammed and her parents wouldn't have died!

Aylene: Now you're accusing Nico of letting Qin get gene slammed now! How low can you get?!

Me: Obviously low to the point where you just don't give a flying goddamn fuck about anyone but yourself!

Ricky Beamer: YOU'RE RIGHT! I DON'T CARE! I HATE EVERYTHING AND EVERYONE! I WISH I COULD JUST KILL YOU ALL RIGHT NOW! IN FACT! KILL ME NOW!

Me: As you wish.

I held out my hand to him and formed an energy ball and then the outcome wasn't what he was expecting.

POP POP POP POP!

Instead of energy out of my hands came a bunch of streams and showers of confetti.

Me: Gotcha!

Rainbow Dash: (LAUGHS) That was AWESOME!

Me: Sucker!

Nico: (LAUGHS) That was funny!

Twilight Sparkle: How could you do this, Ricky? You could've stuck with the one friend that you had but instead, you chose to become a Creep!

Sunset Shimmer: And a true monster!

Ricky Beamer: Where was friendship when I was picked on 24/7?! Power is the only thing that matters in the world!

G1 Bonecrusher: Funny. The Megatron we used to follow thought the same thing. And look where that got him.

Me: And look what happened to those fuckpot monsters, The Evil Sasuke's. They are now on a distant planet where they will die.

Sasuke: Ricky I once thought like you. Power and revenge were the only things that mattered to me in my life and all it lead me on was a path to my own destruction. You don't care about anyone but your own powerlust.

POW!

Maria punched Ricky in the face and gave him a nasty black eye and it hurt real bad.

Maria: That was from New Wave.

G1 Inferno: You know what? We could just let our criminal buddies kill you right now.

Ricky Beamer: So why don't you?

Electro: Because it goes against our code to kill kids. And a kid is something you're gonna be stuck as for the rest of your life.

Me: That's right! (Snaps Fingers) And I just put a curse on you that I would call a fate worse than death.

Ricky Beamer: (Younger Voice) What do you mean?

I held up a mirror and he saw that he was back to being 6 years old again! And his prison jumpsuit was hanging down.

Ricky Beamer: (SCREAMS) What did you do to me!?

Me: You are now cursed with a deadly curse: Eternal Life as a Kindergarten Student. (To the Viewers) I know it's a stupid curse but it was the best I could come up with. (To Ricky) You are now cursed with immortality and eternal youth like this until the day after doomsday. Also you are gonna be picked on and bullied forever.

Jimbo, Dolph, Kearney, Nelson and Taylor came.

Me: Have fun with your new toy guys. We'll be back in about an hour.

Nelson: This is gonna be really fun!

Jimbo: YEAH! (Cracks Knuckles) Start praying Beamer.

They laughed malevolently and then they beat the living shit out of him.

POW BIFF SMASH BLAM KRACK BIFF BOOF SMASH ALL KINDS OF FIGHTING SOUNDS!

---

French Narrator: (French Accent) ONE HOUR LATER…

---

We came back and saw that the bullies all beat up and mangled

Ricky in a nasty and brutal manner and he was REALLY DESTROYED!

Me: Yeah! You will remember this moment forever.

Dolph: That felt really good.

We later went back home.

---

Later we were watching TV and we saw Natilee and Laney coming down and Laney was crying.

Venom: (to Laney) Looks like you had a nightmare after all.

Eddie Brock: Venom, please don't be so blunt right now.

Venom: Sorry.

Laney was crying hard. Lincoln went over and comforted her.

Natilee: Here's what it was about and it was worse than what some of us have seen.

Natilee showed the sketch of it and it showed ALL of the Loud Siblings saying horrible and nasty things about her and calling her all kinds of terrible names and all that.

Eddie Brock: Oh man!

Lynn Sr.: Oh Laney that was awful.

Nico: Yeah it sure was. Poor girl.

Me: Laney that nightmare was not real.

Natilee: Believe it or not Laney, your brother had a similar nightmare to the one you had.

Laney: (Sniffles) Oh right I remember that.

Lynn Sr.: Oh sweetie. We would never say such horrible things to

you.

Lori: Yeah Laney you are literally one of the smartest girls we know and we would never do that to you.

Lynn: Yeah Lanes. You are talented in all that and more.

Laney: (Sniffles) Thanks guys.

Divebomb: (to Nico) Boss, you know it's your turn today, right? You can't let Ricky get to you.

Nico: Don't worry I'm not gonna let that monster hurt me anymore.

Salem: Not with me protecting him too.

Me: And me too.

Nico: Good. All right everyone! (Pulls out Bugle and plays Reville) FALL IN MAGGOTS!

We got up and stood ready.

Nico: ATTEN-TION!

We stood in attention.

Nico: Okay now as you know soldiers it's my turn to lead today. So remember my rule: Everyone fights, No one Quits. You don't do your job you will be sent back here for the rest of the mission. Do you get me!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks.

Me: NICO'S ROUGHNECKS!

Everyone: (SPARTAN GRUNT!)

Nico: At ease everyone! We're gonna be going to the world of Pirates of The Caribbean today for this part of the adventure. I've always liked going to the world of Pirates of The Caribbean. It's gonna be a swashbuckling adventure with Captain Jack Sparrow and we're also going to be taking down one of our old foes that we faced.

El Oso, Larxene, Jet, Kangor, Angel, Dr. Destiny, Stinky Butt, Tar Pit, Whiger, and Leonard then appeared.

El Oso: (Spanish Accent) Hey, amigos. Can me, Larxene, Jet, Kangor, Angel, Dr. Destiny, Stinky Butt, Tar Pit, Whiger, and Leonard go with you guys?

Nico: Si soldiers. It's my turn today and you will only call me Commander Nico when I'm in charge. Do you get me?

Masters of Evil: WE GET YOU SIR!

Nico: Welcome to the Roughnecks.

Me: NICO'S ROUGHNECKS!

Everyone: (Spartan Grunt!)

Angel: Love the military theme for you Commander Nico.

Nico: Thanks for the compliment Angel. All right! We leave in half an hour. We're gonna use the TLPS Phoenix Maelstrom for this mission. Lets get ready! DISMISSED!

Me: Lets kick the tires and light the fires Commander.

Nico: Yeah!

We went to the garage and got the TLPS Phoenix Maelstrom ready and we were gonna be on an awesome swashbuckling high seas adventure.

Laney: Applejack, I have plenty of Seasickness medicine for you and everyone just in case.

Applejack: Oh thanks sugarcube.

We were ready and a portal opened and we were off. We went to the world of Pirates of the Caribbean.

---

In the world of The Caribbean Sea in the 18th Century a portal opened and we arrived. We were on the beautiful sparkling blue waters of the Caribbean Sea.

Nico: Here we are guys. Welcome to the world of the Caribbean in the 18th Century.

Laney: (Inhales) Ahh. Smell that beautiful ocean air.

Lola: It's beautiful.

Éclair: It sure is magnificent.

Sora: Yo ho, yo ho, a pirate's life for me.

Scavenger: (laughs) You sure take pride in being a pirate, don't you, Sora?

Sora: I sure do.

Kairi: And I look awesome in these pirate clothes.

Nico: You all sure do. And it will be great seeing Captain Jack Sparrow, Will Turner, Elizabeth Swann and everyone again.

Me: It sure will commander.

Eli: I can't wait to kick Davy Jones' octopus-faced butt!

Nico: Love that spirit Lieutenant. We all can't wait to have some butt-kicking fun.

Laney was up in the crows nest and watching for any ships.

Laney saw a ship and it was The Black Pearl and the Flying Dutchman!

Laney: Commander, Black Pearl and The Flying Dutchman off the Starboard Bow!

Nico: Stand ready!

On the beach we saw Captain Jack Sparrow and he was being chased by a bunch of Heartless.

Lola fired waves of fire and destroyed the heartless.

Sora: Ahoy there!

Jack: Hail, Sora and company.

Sora: Jack! Long time no see.

Jack: It's Captain Jack Sparrow.

Nico: Ahoy Captain. Been a while.

Tar Pit: We'll continue this reunion later. Right now, we've got to catch that ship! (Heartless appear) And the Heartless appear right on cue.

Nico: Attack soldiers!

We went at the heartless and blasted and destroyed the Heartless all over and we all got stronger and Sein blasted them with song and water energy and blasted them apart.

Eli blasted them with Force Lightning and killed the Heartless.

Nico: Take that! Climb aboard Captain.

We fired our plasma energy cannons and blew the ships apart.

Nico activated a lift feature on our ship and it lifted up both The Leviathan and the Black Pearl on both the starboard and port sides and placed them to both sides.

Jack and his crew came on board.

Nico: Glad to see you again Jack.

Jack Sparrow: Same here mate.

Eli: Looks like you've been doing well since the last time we saw each other.

Jack Sparrow: Sure have. The last time was when you went through those awful dealings with that tyrant of Nico.

Me: The Digimon Emperor.

Nico: Yeah and he's gone for good now.

Gibbs: Glad to have you back sir.

Jack: Mr. Gibbs. I expect you to be accountable for your actions?

Gibbs: Sir?

Jack: There's been a perpetual and virulent lack of discipline aboard my vessel. Why is that?

Gibbs: Sir, you're… you're in Davy Jones Locker.

Jack: What? Um… of course. I knew that. I know where I am. I'm in Davy Jones Locker. Assuredly.

Barbossa: Jack Sparrow.

Nico: Ahoy Captain Barbossa.

Eddy: Barbossa. You're looking well considering I shot you through the chest.

Barbossa: (to Eddy) You were right about one thing. I do become a better person.

Will: Sora, everyone. We meet again.

Donald: Will, Elizabeth! Great to see you two again!

Nico: Good to see you again Will.

Elizabeth: Lovely to see you all again as well.

Kairi Yano: I see you've decide to go for a more piratey look, Elizabeth.

Elizabeth: I've… seen my share of adventures. We never thought we'd find you here, though.

Maria: Yeah, in Davy Jones locker of all places.

Nico: In the Devil's Galley.

We laughed at that one.

Keiichiro: How did Jack end up here?

Tia Dalma: (approaches us) Perhaps I can explain.

Right: Who's she?

Jack: That would be Tia Dalma. She adds a certain sense of macabre to any delirium.

Lucy Loud: Wicked.

Kameo: Is it just me, or is Jack not in his right mind?

Will: He thinks we're hallucinations.

Jack: Yep. Well, some of you, anyway.

Nico: I assure you we're the real thing Jack.

Marcus Damon: Is he… normally like this?

Goofy: Maybe a little.

Elizabeth: Jack, this is real, we've come to rescue you.

Jack: Fine job you're doing of it.

Will: We need you, Jack. Cutler Beckett has the heart of Davy Jones, he controls the Flying Dutchman.

Tia Dalma: And he must be stopped. The Brethren Court is called.

Data Squad Agumon: Brethren Court?

Me: It's all the pirates out here that have come together to talk out what to do about certain situations.

Animated Optimus: Looks like things just got serious.

Goofy: It sounds to me like Beckett is trying to conquer the ocean.

Nico: That's what he intends to do and like before we're going to kill him.

Axel Manning: Not gonna happen. The ocean belongs to everyone!

Sora: Yeah, no conquerors!

Nico: YEAH!

Barbossa: The world needs you back something fierce, Jack.

Will: And you need a crew.

Nico: All of us will help you just like we did before Captain. Commander Nicolas Chan and all of Team Loud Phoenix Storm at your service!

Me: That's right.

Elizabeth: What happened to J.D. leading the team?

Nico: Long story Elizabeth. We have a new leader system now.

Jack: Why should I sail with any of you? Four of you tried to annihilate me. The only people that I can rely on now is Sora and his pals.

Dreadwind: Look, Jack. I know things between you guys are a bit rough. But you can't deny that they have useful skills.

Me: That's right Jack. You helped us take down many enemies with us before. We're your friends just like you are a friend to all of us.

Nico: That's right. Colonel J.D. is right right on that.

Elsa: And you are amazing at being a pirate.

Anna: And you never give up.

Lola: That's right!

Me: We have to go after Davy Jones.

Tia Dalma: If Jones learn that Witty Jack escaped his fate, him wanna punish Jack even worse. And Jack's friends too.

May: Do you know of a way that might help Jack Sparrow?

Air Man: Well, I for one am not afraid of a tentacle faced pirate!

Me: Me neither!

Tia Dalma: Not scared? That be rare. Most men, they run for land at the mention of the Kraken. Jack be scared, him want to be free of him debt.

Nico: Tia Dalma, we faced Davy Jones before and we killed him too. We also killed Blackbeard and Armando Salazar.

Varie: And lets not forget that I have the one piece that can bring about his ultimate downfall.

She showed the Trident of Poseidon!

Tia Dalma: The Trident of Poseidon!

Nico: Right I forgot that you have the power of the seas in your hands Varie and you can destroy all the curses out there.

Varie: Yep.

Laney: This is gonna be awesome.

Nico: It sure is. Helmsman bring us around 2100.

Jared: Aye aye commander.

He turned it and we were off to search. And then we saw that the

HEARTLESS WERE PILOTING PIRATE SHIPS!

Will Turner: Those Heartless can use ships now?!

Me: Their ships are really amazing!

Barbossa: Before you say anything, I haven't aligned myself with those fiends again!

Jack Sparrow: Well, we can't exactly fight them while they're attacking from the sea and the air at the same time, can we?

Angel: You guys take care of the ships. I'll take to the air to fight the Raging Vulture!

Nico: Go get him Angel!

Angel flew off to face it.

Nico: FIRE CANNONS!

We fired our cannons and energy cannons at the Heartless ships and blew them apart!

Jack Sparrow: Enjoy the locker mates!

Eli: We'll get awesome treasure from those ships we destroy.

Nico: And here comes a big ship!

We saw a Heartless Dreadnaught Ship!

Nico: YEAH!

Eli: Lets get it!

We fired energy blasts and lasers and stranded the ship.

Nico: Prepare to board!

We jumped onto the dreadnaught and raided it and killed the heartless on it and we got all the treasure too!

Kairi Yano: Here's an advance notice you heartless fiends: We're taking your treasure!

Nico: And kicking your big ugly asses!

Eli: Yeah!

We did a successful raid and loot.

Nico: That was great guys!

Jack Sparrow: Well done mates.

Angel blasted the Raging Vulture and obliterated it into nothing.

Angel: That takes care of that ugly bird.

She flew back to us.

But then another ship came and we saw a familiar face and it was EVIL LUXORD!

Evil Luxord: Parley!

Me: Evil Luxord!

Sora: I knew you'd be in Xehanort's forces as well.

Evil Luxord: Of course I am. Just goes to show to never count all your cards before they've all been dealt. (to Larxene) Larxene. Though you're not the one I know, it really is good to see you again.

Larxene: Same to you, Luxord.

Me: And it's good you're here too.

Touma: Jack, toss him overboard.

Evil Luxord: Come now. Are all of you so unsophisticated that you'd decline a gentlemanly conversation?

Jack: Sorry but it's the code. One who calls Parley must not be harmed until all negotiations are done.

Me: It's part of a pirate custom they do. It's a bet.

Evil Luxord: Ah yes. And how could I love games and contests without honoring the rules? Because only by winning fairly that the victory can be savored even more.

Nico: Looks like you retain that code of honor that all the versions of you have. Guess there are some things Xehanort can't change. But…. I know you're here for something. And it's not just for a conversation. What do you want from us, Luxord?

Evil Luxord: Hmm. I am looking… for a box. A certain chest that Davy Jones wants.

Me: Let me guess: The Heart of Davy Jones?

Evil Luxord: Exactly.

Jack: What of it? I know of the chest, but what do you require from it? Said object you are looking for is something you don't want to trifle with, mate.

Evil Luxord: Really? A wager then. What say we have a little race to that charming port town you all hold so dear. Whoever reaches it first is the victor.

Sakuya: I don't think we have time for this.

Haru Tokashiki: Relax, Sakuya. A little race won't hurt anyone.

Me: We're always up for a good race.

Nico: Indeed we are.

We got the race underway and we went fast and we won!

Kameo: Looks like we won.

Evil Luxord: Indeed you all have. As a man of my word… what is it you desire? I do owe you your prize.

Jack: Aye… too easy. I want the chest that's aboard the Flying

Dutchman.

Thomas Norstein: (to Evil Luxord) Did you want him to tell you about that chest?

Evil Luxord: Yes. But I'd rather not have it fall into Xehanort or Davy Jones' hands. Frankly, I grow weary of this road my so called leader is travelling on.

Me: You and I are totally in agreement on that. Xehanort is going to destroy the entire universe and we have to stop him.

Animated Bumblebee: Then why don't you just quit while you have the chance?

Evil Luxord: Because Xehanort wouldn't like that. But rest assured. When his defeat grows near, you have my permission to arrest me.

King: That's rather generous of you.

Me: We already have 2 versions of you. One is in the Redemption Squad and the 2nd is with Lily in a DISK but you would make a great addition to our frenemies in the Masters of Evil.

Nico: I was just about to suggest that. Good call Colonel.

Me: Thanks.

Evil Luxord: Nico. You should keep this for today. (gives Nico a card)

Nico: What's this?

Evil Luxord: Davy Jones has a terrible secret concerning Eli. Give this card to him and it will give him a powerful transformation and protect him from the Dutchman's curse.

Nico: I have a feeling this secret is not gonna be good. But thank you.

Rhino: Thanks. But me, Laney, Venom, and Xion still have to fight you. You need to have some battle damage so Xehanort doesn't become suspicious.

Evil Luxord: Fair enough. And after that, I'll explore this world a bit in case there are more heroes that might come in.

Magnet Man: Just like the Zyuogher and Kyurangers.

Me: Luxord, out of all the members of Organization XIII that we know, you are one of the most honorable that we have seen. Just be careful out there.

Evil Luxord: I will J.D. Thank you.

We shook hands.

Laney: Lets get it on!

Laney, Venom, Rhino, Bane, Luxord and Xion clashed powerfully and blasted and smashed him and pulverized him all over the place with powerful fury and Laney demonstrated her new Keyblade that looked like a mixture of a green diamond and leaves and fruit and vegetables and smashed him all over the place and more. They smashed him down.

When the battle was done we left.

Nico: Private meeting in the dining room of the ship.

We went to the dining room.

Whiger: Now that Venom, Xion, Laney, and Rhino had their fun, we need to discuss about what kind of terrible secret there is concerning Eli.

Maria: Well, I'd rather not hear it from Davy Jones considering it could be a lie.

May: J.D., do you know what secret that is?

Me: Hmm. I'm not really sure. Caveman me do you know what that secret might me?

J.D. 3: I sure do. But I'm afraid you are not gonna like it. Me, Eli and the Crusaders of the Thunderbird found out that Davy Jones is the one that killed Ariel's mother, Athena.

WE GASPED IN ABSOLUTE SHOCK AND HORROR!

Me: ARE YOU SERIOUS!?

Lana: Davy Jones murdered Ariel's mom!?

Laney: THAT RUTHLESS MONSTER!

J.D. 3: Yeah he told us about it when we were taking on Davy Jones in our universe and Eli snapped and achieved his Super Human 3 form.

Nico: Oh man! That's horrible!

Luckily Eli wasn't with us when we were having that meeting. He was looking at the beautiful beauty of the ocean and the islands.

Me: Man poor Eli. When Ariel was told about this I bet she was devastated.

J.D. 3: Yeah. She was.

Bai Tza: We need to tell Eli about this.

J.D. 3: No Bai Tza. Eli has to learn about it for himself. Last time he heard about this he was determined to make Davy Jones pay for all his crimes. He got Super Human 3 powers as a result. But I sense an even greater power growing in him.

Me: I sense it too. And when Davy Jones tells him this he will wish he was never born.

Nico: Oh boy. I feel bad for Eli. And Athena was brought back by J.D. for Melody's birthday. Awesome birthday present. But Colonel, I hope you know what you're about to do.

Me: Don't worry commander, we'll make sure Davy Jone's pays with his life. Big time.

Varie: But before we face him it's best that I destroy the curse of the Flying Dutchmen. Davy Jones will be vulnerable by then.

Me: Good thinking.

Nico: I agree.

Kangor: I don't mean to question your decision, mon. But I think Eli should hear it from his friends rather then a scumbag like Jones. Like you said, most villains like Jones and Xehanort have a tendency to lie.

Me: I respect your opinion Kangor.

J.D. 3: I do too. But remember that Eli is also a Jedi like Anakin and all the Jedi and he has all the capabilities of them. He can also know a lie when he sees one and he can see right through them too just like J.D. this universes version of myself can.

Nico: Well Caveman J.D. does have a point on that. Lets let Eli see for himself. He is ready for this as we have seen. And we saw all the things he can do.

Me: Agreed Commander.

Finn (JCA): Well, the minute the cat's out of the bag, Nico should still use that card on Eli. Can't let it go to waste.

Nico: Noted. Lets prepare for battle guys. It's time to end Davy Jones. His reign of terror will be silenced forever. Prepare for battle everyone. It's time to end this once and for all.

We got to sailing for where the Flying Dutchman Ship is heading to.

Leonard: (to his pigs) See what you guys can do to upgrade the ship.

Foreman Pig: Yes sir.

The pigs all got to work.

Sein: I'll use my song to call for many mermaids and many ships to help us out.

Me: Okay Sein.

Nico: This is gonna be big guys.

Lizzy Diego: (to Donna) Mommy, I'm scared. What if Davy Jones kills you too?

Donna: (hugs her) I promise that won't happen, Lizzy.

Scream: I won't either Lizzy.

Lizzy Diego: Okay.

Nico: We're approaching the Maelstrom everyone.

Storm Clouds were building and lightning was striking all over the place.

Me: This is it. Get ready everyone. We end this now.

Stinky Butt saw something bubbling in the water.

Stinky Butt: What was that bubbling in the water I just saw?

We saw the bubbles and then out of the water was a green glow.

Laney: FLYING DUTCHMAN OFF THE PORT BOW!

In a green glow onto the surface came THE FLYING DUTCHMAN and we saw DAVY JONES AND HIS CREW!

---

Davy Jones is the captain of the Flying Dutchman (based on the feared ghost ship of the same name featured in nautical lore), and roams the seas in search of souls to serve upon his vessel for a century. He was previously the lover of Calypso, a "heathen goddess" from which a bad relationship turned him antagonistic. Jones is the legend behind the fictitious Dead Man's Chest, a major aspect of the second film.

Davy Jones doesn't appear in the first film The Curse of The Black Pearl, but he is mentioned by Will Turner when he says "Or I will pull this trigger and go down to Davy Jones' Locker!" and we can assume from this line that the feared pirate was currently killing and enslaving numerous pirates even at this time. Knowing that Captain Jack Sparrow knew of Davy Jones from his childhood, this is most probable.

Davy Jones first appears in the second film Dead Man's Chest, where he attempts to collect on his bargain with Jack Sparrow. Sparrow argues that he was only captain for two years before one of his crew members Hector Barbossa committed mutiny, but Jones rejects this explanation. Sparrow then attempts to escape the deal by providing Will Turner as a substitute for himself (the true plan of Sparrow was tricking Davy Jones for killing him and later free Will). Jack strikes a new "deal" with Jones; Jack will be spared enslavement on the Dutchman if he brings Jones one hundred souls to replace his own within the next three days. Jones accepts, removes the black spot from Jack's hand, and retains Will, keeping him as a "good faith payment" but will free him if Sparrow gives to him one hundred souls.

While on the Dutchman, Will challenges Jones at a game of Liar's Dice. They wager Will's soul for an eternity of service against the key to the Dead Man's Chest. Bootstrap Bill joins the game and purposefully loses to save Will. During the game, Will learns where Jones keeps the key. The next morning, Jones realizes the key is gone and summons the Kraken to destroy the ship carrying Turner, who actually survives. The Dutchman then sails to Isla Cruces to stop Sparrow from getting the Chest.

Arriving, Jones sends his crew to retrieve the Chest; they return to him with it. The Dutchman then chases after the Black Pearl, but is outrun. Jones summons the Kraken, which drags Jack Sparrow and the Pearl to Davy Jones's Locker. He afterwards opens the Chest only to find his heart missing; Despite the fact that Sparrow was supposedly dead, Jones felt a summons from his heart and set sail for the source of the summons, Port Royal. Upon arriving, he found the very man who had inadvertently spawned Sparrow's debt with Jones, Lord Cutler Beckett of the East India Trading Company.

Beckett had Jones' heart, presented to him by a former member of Jack Sparrow's crew, James Norrington. Jones took off his hat in respect for his new master.

In the third film, At World's End, Jones became Beckett's servant, since he possessed the heart and could destroy it and kill Jones if he didn't obey his orders. Eventually he and his crew fought alongside the East India Trading Company against Will, Elizabeth, Barbossa, Gibbs, and other pirates in Jack's crew as the Black Pearl and Flying Dutchman faced off at a maelstrom created by Calypso. During which, Jones dueled Jack, who eventually unlocked the Dead Man's Chest and threatened to stab Jones's heart with his broken sword (earlier snapped in two by Jones with his claw). He stabbed Will in the heart with his sword, twisting the blade. After seeing this, Bootstrap, previously driven insane from his imprisonment in the wall of the ship, returned to his senses and tackled Jones for what he had done to his son. However Davy quickly overpowered Bootstrap. Before Jones could stab Bootstrap, Jack helped a dying Will stab the heart and Jones fell to his death into the maelstrom. As he fell, he whispered his final word: "Calypso". After years of sailing the sea spreading terror, Davy Jones was finally defeated and rejoined with Calypso. Bootstrap was able to bring Will back to life so Cutler would later be destroyed along with Jones.

In the post-credits scene of the fifth film Dead Man Tell No Tales, Will and Elizabeth are sleeping in their bed together when suddenly there are footsteps outside their bedroom door. The person making the footsteps slowly creaks the door open and walks into the room. His silhouette reveals that it is Jones, still in his cursed form, back from the dead. Will awakens to see Jones raise his claw, ready for an attack. Suddenly Will wakes up then assumes that he was simply dreaming, and goes back to sleep. However the camera then pans to the floor, revealing a puddle of water and barnacles, revealing that Jones has returned from the grave and will appear in the 6th film of the franchise. It is unknown how this happened, but it probably happened when Jack destroyed the Trident of Poseidon in the film in order to defeat an undead ghost captain named Armando Salazar. It's possible that even if Davy Jones is still trapped in his cursed form, he is now able to walk on land and might be more dangerous now than ever.

Nico: Davy Jones!

Jack Sparrows: This is gonna be big mates.

Davy Jones was on the surface.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted the water behind him and a phoenix cry was heard and out came the spirits of the DC Heroes and Villains, The Bionicle heroes, and the Wind girls and they converged and we came out of the explosion!

Davy Jones: My old enemies Team Loud Phoenix Storm!

Nico: This ends now Jones! You're gonna pay for everything you've done!

Davy Jones: We'll see about that.

Varie: First is this! I remove the curse of the Flying Dutchman and crew!

She fired a beam of energy and it hit the Flying Dutchman and destroyed the curse and the crew was all free! But Davy Jones was not!

Davy Jones: I don't need a crew! Not when I have my little pet.

Frenzy: It doesn't take a genius to know what you're talking about.

Nico: The Kraken!

The Kraken appeared with a roar and then Varie opened a portal that lead to the Sun and sent the Kraken to a fiery doom!

Davy Jones: NO!

Nico: You're running out of tricks Davy Jones! Prepare to be boarded!

We hooked his ship to ours with a tractor beam and we went on board and faced him.

Eli: You will face me now!

Will Turner: You kidnapped my father!

Elizabeth: And we will make you pay!

Davy Jones: Ah… love. A dreadful bond. Yet one so easily severed.

Maria: Wrong! Some of us may not know love well, we do know this. You can't sever the bond between Will and Elizabeth.

Davy Jones: What do whelps like you know about the heart?

Inque: More than you ever will, that's for sure.

Jack: Trust them. They've seen more of the world than any of us.

Dr. Destiny: And we know your secret, Jones!

Davy Jones: I don't know what you're talking about.

Dr. Destiny: Really? In that case, I'll just use my dream powers to reveal to everyone the most despicable thing you did!

Davy Jones: You must mean what happened to Athena.

Me: That's right!

Davy Jones: Yeah that's my secret. Athena was killed yes. And I did it. I KILLED ATHENA!

Eli gasped in absolute shock!

Eli: YOU KILLED ARIEL'S MOM!? YOU KILLED ATHENA!?

Davy Jones: And I would do it again too!

Eli: YOU MONSTER!

Eli then went Super Angel 1,000,000!

Eli: (Divine Echoing Elemental Voice) **YOU MURDERER! I WILL NEVER FORGIVE YOU FOR THIS!** (In his head) **Athena you always loved music and always loved your husband and daughters more than anything. And it was because of this monster that you were gone! I will not let him get away with this!**

Something snapped inside his head.

Eli: (In his head) **AND I WILL NEVER FORGIVE HIM FOR THIS!** (OUT LOUD) **AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAHH**

Jet: Nico, use that card on Eli now!

Nico: No need to tell me twice!

Nico put the card on Eli and it activated.

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

But it was too late. Nico was about to calm Eli down with the card that Luxord gave him but a massive explosion of energy blew Nico back! Eli was screaming like a madman as his energy levels were skyrocketing through the roof and a massive earthquake was shaking the land and the water around us and lightning was striking all over!

Me: HOLY MACKEREL!

Nico: WHAT POWER!

Vegeta: IT'S UNREAL!

Trunks: This is it.

Eli's power was rising fast at an incredible level!

Piccolo: Eli is releasing all his power!

Eli's power was rising fast at an exponential level and then Eli released a massive and powerful scream and a massive vortex of water and elements exploded high into the sky! When the vortex faded, Eli emerged and he was forever changed!

(IMPERATRIX MUNDI PLAYS FROM 1:45 TO 2:14)

Eli looked like he was at 21 years old and he was taller at about 6' 4" and he had a larger muscular physique and he had longer blond hair in a cronmage and he had a heart in the middle of his forehead with him and Ariel, Nunnally and Aerith loving each other over the heart and his eyes were blue with the power of the ocean in the sclera and he had a shirt that exposed his scar and it had water waves on it and he had blue camouflage pants and blue combat boots. He had a blue sleeveless trench coat with Atlantica on it and it had the kanji for "Eli Winston Bullock, Avenger of Atlantica, Power of the Ferines, Master of the Ways of the Jedi and the Force and fury of the Crusaders of The Thunderbird" on it in water and lightning.

エリ・ウィンストン・ブロック、アトランティカの復讐者、海兵隊の力、ジェダイの道のマスター、サンダーバードの十字軍の力と怒り

His aura was now a neon electric blue and he had lightning, water and aurora swirling around it. He had his sword and Keyblade ready in both hands and he had angel wings glowing with rainbow light and energy and they glowed with the 6 colors of Ariel's sisters! He was now A SUPER ANGEL 100,000,000,000 ATLANTICA MAELSTROM OF JUSTICE!

Me: WHOA! Eli you look incredible!

J.D. 3: WOW! This Transformation is incredible!

Nico: WHOA! The little guy turned into a man.

Aerith: WHOA!

Nunnally: Wow! Eli how do you feel?

Eli: (Divine Echoing Elemental Voice) **Incredible Nunnally. I'm now going to make sure this monster pays for all of his crimes in**

**full completely.**

Me: Show no mercy on him Eli.

Nico: Go get him Lieutenant.

Eli: **With pleasure.**

He looked at Davy Jones with incredible fury and hatred!

Eli: **I WILL NEVER FORGIVE YOU FOR EVERYTHING YOU'VE DONE!**

Julio Santana: You're screwed now!

Davy Jones: Is that so?

Davy Jones tried to stab Julio with his sword but it was grabbed by Haos Tentaclear.

Haos Tentaclear: Pick on someone your own size!

Eli punched Davy Jones in the stomach with incredibly devastating force and it knocked the wind out of him and then Eli punched him in the face with incredible force and sent him crashing into the deck of his ship! Davy Jones belched up a massive amount of blue blood and he was bleeding out of his mouth bad! Eli then kicked him in the back of the head and sent him flying and he teleported and punched him in the face with devastating force! The power of the punches was so strong and so devastatingly powerful that it sent massive shockwaves all over the place. Lightning was streaming out of each of the punches with each punch on impact and it was unbelievable! Eli then punched Davy Jones in the face with devastating force and sent him crashing into the deck of his ship and he was knocked out for a bit.

Me: WHOA!

Nico: Wow! What power!

Nunnally: Unbelievable!

Radioactive Man, Steam Smythe, DC Enchantress, Whirlwind (Marvel), Dr. Light, Hydro Man, Leap Frog, Evil Green Ranger, Avalanche and Abra Kadabra then appeared.

DC Enchantress: Looks like we arrived just in time. Wow! Eli you look amazing!

Dr. Light: You transformed.

Eli: **And I'm going to make sure that justice is dealt to this monster.**

Nico: How did you guys find us all the way out here?

Evil Green Ranger: We saw the huge streams of lightning and felt the power of those punches from very far away.

Me: Wow.

Hydro Man: We heard about what happened to Athena. That was terrible!

Radioactive Man: Eli, you have my condolences for what happened to Athena.

Eli: **It's okay. It's not your fault.**

Nico: It's Davy Jones fault. And Eli is going to make sure that he dies.

Steam Smythe: (to Nico) I guess you'll just have to use that card to calm Eli down after Jones is dead.

Nico: I'm fine with that.

DC Enchantress: I like the upgrades the ship got.

William: It's all thank to Leonard.

Whirlwind: (to Nico) I heard you visited another apocalyptic world.

Dr. Light: Please tell me there are survivors!

Me: It was actually the world of the 1970 movie When Dinosaurs Ruled The Earth.

Whirlwind: Oh that prehistoric caveman movie. I used to watch that all the time with my father. That was a great movie.

Me: Yep and it was something.

?: It would have been a good place to visit.

A figure came out and it was Hypmonica!

Sailor Moon: Hypmonica!

Hypmonica: Been a while Sailors.

Shanan: I didn't expect the Negamoon to have a Hypnotournian in their ranks.

Qin: What is a Hypnotournian?

Shanan: They are a race of deadly hypnosis using warriors from the planet Hypnotor and they are one of the most feared warriors in all of the Cigar Galaxy. Their planet was destroyed in a massive war with its neighboring worlds in its solar system and the inhabitants of those planets all ambushed them in a massive combined strike to destroy them.

Qin: WHOA! That's brutal!

Nico: It sure is.

Hypmonica: I'm impressed that you know so much about my kind Shanan. Very impressive on you.

Shanan: When you have the knowledge of all the things in the universe it's amazing what you can know.

Sein: I'll face her. My song VS her hypnosis.

Bluto and Bassoon Burns then appeared too.

Bluto: This is gonna be good.

Bassoon Burns: Bring it on.

?: This is gonna be fun.

A figure came out and it was NIGHTMARE! Back for round 2.

Me: Nightmare! Back for round 2 I see.

Nightmare: Yep.

Maria: We want to thank you for helping Leni with her fear of spiders.

Nightmare: No problem. Now, I'm here to help Misty with her fear of bugs.

Misty: Oh, c'mon! All girls hate bugs!

Lisa Loud: That's not entirely true.

Lana: Yeah I'm not afraid of Bugs. I love bugs.

Ash: Besides, Misty. You need to learn to accept Bug Type Pokemon. Especially since a lot of us have them.

Me: That's right Misty. Tracey has a Venonat and a Scyther and he's not complaining. In fact many Pokemon Trainers that you guys met on your journeys sometimes use Bug Type Pokemon.

Brock: That's right Misty. Remember that cool town we went to where the police force uses Spinarak? That was amazing.

Me: We'll have to check that out sometime.

Nico: I agree. That looks cool. But Misty you should tell us why you hate Bug Pokemon so much?

Misty: Well for me it's a very stereotypical thing. I've been afraid of bugs because girls don't like bugs.

Me: Not all girls are afraid of bugs. Lana, Lisa, Lincoln, me, lots of people like them.

Nightmare: Let me see if I can fix that for you.

Misty: Okay.

Nightmare went into Misty's head and he saw that Misty's sisters showed her a Beedrill and it scared the living shit out of her and scared her to death which sparked her dislike towards all Bug Pokemon! The Beedrill stabbed Misty in her butt with its stinger arms and poisoned her and they rushed her to the hospital to cure her. Ever since since then, she was terrified of Bug Pokemon ever since. Except for Pokemon like Butterfree, Ledyba and Pokemon like them. She has what's called Entomophobia except for Bug Pokemon.

Nightmare: So that's it! Your sisters showed you a Beedrill and it scared the crap out of you and it poisoned you.

Misty: That's right.

Nightmare: Oh man. That's terrible. Sorry that happened to you.

Misty: I'll be all right.

Nightmare: Not all Bug Pokemon are scary Misty. There are some that are pretty and scary but not all Bug Pokemon are like that. And you have to face the fact that Bug Pokemon are everywhere and people use them all the time for their battles and all that.

Misty: I guess you're right. I shouldn't be afraid of bug Pokemon ever!

Nightmare: That's good!

Misty conquered her fear.

Lana: Did it work?

Me: Lets find out.

I called out my Scolipede and Misty saw it and she went over and hugged it.

Misty: It's so amazing!

Me: Well I'll be! IT WORKED!

Nico: AWESOME! Way to go Nightmare!

Ash: Yeah that was great!

Pikachu: Pikachu!

Nico: Yeah!

Nightmare told us what caused Misty's bug fear and we were shocked.

Me: OH MAN!

Ash: Misty we had no idea.

Brock: Man that scarred you for life. No wonder you were so scared of bug Pokemon.

Misty: At least I'm over it now.

Nico: That's good. Lets get the battles started.

---

Battle 1: Pyrrha Nikos, Sunset Shimmer, Pepperdance, Cayenne, Firecracker Burst, Pip-Squeak, Gusty the Great, Fire Skylanders, Fire Lori, Ed, Edd N Eddy Team, Divebomb and Rampage VS Radioactive Man

---

Radioactive Man was first.

Radioactive Man: (to Pyrrha) Ricky Beamer has some nerve accusing Nico of letting Qin get gene slammed and letting her parents get killed.

Pyrrha: Yeah he is a total scumbag! He has no right to talk to him like that! What a fucking scumbag!

Sunset Shimmer: What a monster! He has no right to live after everything he did to Nico! He turned into the very thing he hated.

Pepperdance: It's called Cruel Irony. What a monster!

Cayenne: Yeah and he's a total freak! He deserves to be beaten up to within an inch of his life for all eternity.

Firecracker Burst: Yeah what he said to Nico makes him one of the lowest of the low!

Pip-Squeak: (British Accent) We'll have to show him the worst nightmare he has ever had.

Gusty: He has no love for anyone but himself!

Sunburn: Yeah he went from a friend to most hated enemy.

Radioactive Man: What a jerk and a most insignificant lowlife. And the theme for this group must be Kids of Peach Creek.

Ed: Yep it sure is.

Edd: A most amazing theme if I do say so myself.

Eddy: I agree myself. Really awesome guys.

Sarah: It sure is.

Radioactive Man: Same here. Lets do it.

They fired waves of fire and energy and smashed him down.

Pyrrha: Take that!

Sunset Shimmer: Yeah!

---

Battle 2: Sakura Haruno, Pinkie Pie, Maud Pie, Marble Pie, Featherweight, Somnambula, Tech Skylanders, Steel Lynn, Powerpuff Girls, Scavenger and Bonecrusher VS Steam Smythe

---

Steam Smythe was next.

Steam Smythe: (to Sakura) Tell me you guys got some good hits on Ricky!

Sakura H.: We sure did and Twilight and friends REALLY layed down the law on him and so did Maria for New Wave.

Pinkie Pie: What he did makes him the worst ever part pooper ever.

Maud Pie: (Monotonously) I hope he likes going down to the fires of hell.

Marble Pie: Yeah what a inconsiderate freak of nature.

Featherweight: Yeah he needed to be put in his place.

Somnambula: (Egyptian Accent) Like Private HIVE would say: He should have been court martialed and executed.

Steam Smythe: (Laughs) You got that right.

Sprocket: Yeah that was a good one.

Steel Lynn: But yeah he needed to be sent to prison.

Steam Smythe: Yeah. And the theme is the Powerpuff Girls.

Blossom: Yep it sure is.

Bubbles: I think it's cool.

Buttercup: Yeah it sure is.

Steam Smythe: Indeed. Lets get it on!

They punched and smashed him all over with powerful punches, earth blasts, gears and lightning and smashed him down.

Sakura H.: Victory!

Pinkie Pie: BEST USUAL BATTLE EVER!

## Battle 3: Ilana, Twilight Sparkle, Luster Dawn, Princess Cadance, Flurry Heart, Star Swirl the Bearded, Magic Skylanders, Crystal Laney, Donald Duck and family, Darkwing and Dreadwind VS June Moone A.K.A. Enchantress (DC)

Enchantress of DC was next.

DC Enchantress: (to Ilana) What was Laney's nightmare?

Ilana: Her siblings all turned against her and called her terrible names. Some of them are really explicit.

Twilight Sparkle: Yeah that was awful. Poor girl went through a lot.

Luster Dawn: Yeah it was terrible.

Princess Cadance: It sure was. Laney is better now.

Flurry Heart: She's better now that she knows that her nightmare was not real.

Star Swirl: Yeah these nightmares are awful for the Loud Kids.

Spyro: But after we kill Xehanort it will all be over.

DC Enchantress: Lets hope so and the theme for this group is Donald Duck and family.

Donald Duck: That's right.

Scrooge McDuck: (Scottish Accent) Aye lad. This is gonna be cool.

DC Enchantress: It sure will be. Lets do it!

They fired waves of magic and smashed her down.

Ilana: ALL RIGHT!

Twilight Sparkle: That was amazing!

---

## Battle 4: Tom Major, Rainbow Dash, Scootaloo, Magma Gloom, Flash Magnus, Air Skylanders, Air Lincoln, Goofy and Family, Air Man and Dust Man VS Whirlwind

---

Whirlwind of Marvel was next.

Whirlwind (Marvel): (to Tom) You'd feel the same way as Laney if all your Chaotic and Perim friends insulted you and said thay hated you.

Tom Major: Yeah I sure would. This also happened with Sailor Mercury with a Negamoon monster named Mistrust.

Rainbow Dash: Yeah she messed around with her mind and nearly turned her against her friends.

Scootaloo: That is terrible! We will have to face her and take her down one day.

Magma Gloom: Yeah just like what happened with Anakin and Emperor Palpatine. Also I picked up a huge sense of déjà-vu when I looked into Ricky Beamer's eyes.

Whirlwind (Marvel): What do you mean?

Magma Gloom: Like what happened when Emperor Palpatine turned Anakin to the Dark Side of the Force. Ricky hated bullies and in the end he turned into one. Cruel Irony.

Whirlwind (Marvel): That is a good point and observation.

Flash Magnus: Yeah what that monster said to Nico shows that he has a heart as black as night.

Whirlwind (Skylanders): He is a heartless and soulless fiend!

Air Lincoln: Yeah no kidding! He deserves to stay in prison forever.

Whirlwind (Marvel): Yeah and the theme for this group must be Goofy and Friends.

Goofy: Yep it sure is. Ahyuck! (Laughs)

Max Goof: It sure is cool.

P.J.: You said it.

Whirlwind (Marvel): Yeah it is!

They fired waves of wind, lightning and energy and smashed him down.

Tom Major: YEAH!

Rainbow Dash: That was AWESOME!

## Battle 5: Kairi, Princess Celestia, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Light Skylanders, Light Lily, Dexter, Dee Dee, Magnet Man and Gravity Man VS Dr. Light (Teen Titans)

Dr. Light was next.

Dr. Light: (to Kairi) Bet now you know why Sora takes pride in being a pirate.

Kairi: You bet I sure do. It's a great adventure for him.

Princess Celestia: I loved a lot of pirate stories when I was a filly. They were so awesome.

Minuette: Pirate stories are awesome. I love the treasure hunts and all that.

Twinkleshine: It's all about action and adventure and swashbuckling.

Lemon Hearts: I love pirate adventures too. It's amazing.

Moondancer: All kinds of adventures are awesome especially pirates.

Lyra Heartstrings: They sure are amazing.

Spotlight: They sure are.

Light Lily nodded.

Dr. Light: I have always loved a good pirate adventure myself and the theme is Dexter and family.

Dexter: That is correct.

Dee Dee: It's amazing.

Dr. Light: It sure is. Lets do it!

They fired waves of light blasts and smashed him down.

Kairi: Light Wins!

Princess Celestia: All right!

---

Battle 6: Luna Loud, Rarity, Sweetie Belle, Thunder Terror, Mistmane, Sable Spirit, Water Skylanders, Liquid Leni, Mickey, Minnie, Maria Rockell and Bai Tza VS Hydro Man

---

Hydro Man was next.

Hydro Man: (to Luna) The Kraken might be down but maybe I can use the water to get big and beat the crap out of Jones. Asshole deserves it for killing Athena by possibly impaling her.

Luna Loud: Actually he ran her over with his ship dude.

Hydro Man: Oh I stand corrected. That's a horrible way to die.

Rarity: And now we know why King Triton hated humans so much.

It's because Davy Jones killed Athena.

Sweetie Belle: That's horrible! Ariel loved Athena from what we can see. And so did Eli in spirit.

Thunder Terror: Eli needs to tear that monster apart for his crimes against Atlantica.

Mistmane: That's right and justice will be brought to that insidious monster for what he did.

Sable Spirit: I can't believe that Davy Jones is that ruthless and evil.

Gill Grunt: Yeah what a monster.

Liquid Leni: He totes deserves to die.

Hydro Man: Yeah what a monster! And the theme must be Mickey and Minnie.

Mickey: That's right Morris.

Minnie: It sure is cool.

Hydro Man: It sure is. Lets do it!

They fired waves of water, jewels, lightning and energy and smashed him down.

Luna: ROCKIN DUDES!

Rarity: Rapture darling that was grand!

---

Battle 7: Lightning Dust, Fluttershy, Tree Hugger, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Plant Lola, Courage, Francesca, Muriel, Eustace, Buffo and his Worshipers, and Finn (Jackie Chan) VS Leap Frog

---

Leap Frog was next.

Leap Frog: (to Lightning Dust) You and Lorelei would be good friends. After all, you're both good fliers.

Lightning Dust: We sure are and she is also a great singer too.

Fluttershy: I think so too. She has a beautiful voice like many people we know.

Tree Hugger: It's far out dudes.

Tornado Bolt: And it's amazing that she can fly as fast as Lightning Dust and Rainbow Dash.

Mage Meadowbrook: I think it's really amazing.

Stealth Elf: It sure is.

Plant Lola: Yep it sure is.

Leap Frog: It sure is cool. And it's awesome to have fellow frogs with this group.

Buffo: Buffo agree after everything Lana did for Buffo and worshipers.

Leap Frog: I agree. And the theme for this group must be Courage and family.

Courage: That's right and it's amazing.

Francesca: It sure is.

Muriel: I think it's a grand idea.

Eustace: Blah blah blah.

Leap Frog: Sheesh some manners. Lets do it!

They fired waves of lightning, leaves and flowers and energy and smashed him down.

The Elemental Saviors of The Universe - it's a collection of swords with the six attribute symbols of Pyrus, Aquos, Ventus, Haos, Subterra, and Darkus etched onto the 6'0" massive, double-edged blades, long black handles, and the angel wings for the crossguards, large gems for the hilt, and large sphere pommels with surrounding gems will match the colors of the six attributes of Pyrus, Aquos, Ventus, Haos, Subterra, and Darkus, and only the Bakugan Battle Brawlers can wield these, and once they're in their hands, they'll gain a massive power and energy increase, and they'll get sleeveless trenchcoats with colors and elements matching their attributed Bakugan, along with the symbol on the back of the sleeveless trenchcoat, but for Julie Makimoto, since she's part of Lincoln's harem, she'll also have an image of her and Lincoln on the back, as well.

The Destroyers of Shadaloo - they're a collection of swords with the anti-Shadaloo symbol etched on the 6'0" massive, double-edged blades, long black handles, the large angel wings crossguards, large gems for the hilts, and large sphere pommels with surrounding gems will match the colors of their outfits, and only R. Tribe. But, for Aang and Korra, since they're Avatars, the other three symbols will be etched on their blades, and only Toph, Aang, and the rest of the elemental Benders can wield these blades, and once in their hands, they'll get a massive power and energy increase, along with sleeveless trenchcoats matching the colors of The Earth Kingdom, Water Tribe, Fire Nation, and Air Nomads, along with the elements of Air, Water, Earth, and Fire, and the symbols of the Four Elemental Nations on the back of the sleeveless trenchcoats, but for Aang and Korra, since they're Avatars, the other three symbols will also be on the back of their sleeveless trenchcoats. But, for Toph, since she's part of Lincoln's harem, in addition to the symbol of The Earth Kingdom on the back of her sleeveless trenchcoat, she'll also have an image of her with Lincoln on the back, as well.

The Guardian Genie of Scuttle Town - it's a sword with the symbol of Shantae etched on the 6'0" massive, double-edged purple blade, a long black handle, the angel wings crossguard, large gem for the hilt, and large sphere pommel with surrounding gems will match the colors of Shantae's outfit, and only she can wield this blade, and once in her hands, she'll get a massive power and energy increase, and get a red Shantae-themed sleeveless trenchcoat, and on the back of the sleeveless trenchcoat is an image of her with Lincoln.

See you all tomorrow.

# WAR OF THE HEART PART 11

BIG HERO 6

---

Over in New York City, Me and Heidi, Nico, Vypra, Lily the Mermaid, Sideswipe, Luna, Lincoln and Sunset Shimmer were flying over the city. We were there to recruit the awesome and fun Droopy and his son Dripple and Ms. VaVoom.

Heidi: (German Accent) I have a feeling that we're gonna meet another cartoon character.

Heidi concentrated and groaned as her nose started to grow and it turned into a sword.

Me: I have that feeling too.

Heidi turned into her blue Marlin Gene-Slammer form, SLASHFISH!

Me: YEAH!

We then heard a jetpack and flying by us was McWolf!

Me: McWolf? You're not kidnapping a girl this time?

McWolf: Nope. This is a cartoon I did a long time ago with Droopy. I was the Chubby Man.

Me: Oh I remember that one! That was funny!

Sideswipe: So, who are we meeting today?

Me: We're heading into town to meet Droopy, Dripple, and Ms. VaVoom. They already know McWolf is now in The Masters of Evil.

Nico: Alright.

McWolf: It'll be good to see them again, especially since I'm now a member of The Masters of Evil.

Vypra: And I hope McWolf can keep himself from going crazy when he sees Ms. VaVoom.

Nico: I'm afraid that won't be easy, Vypra. Whenever McWolf sees a pretty girl, he will go completely nuts, just like what'd happened yesterday in Arendelle when Lincoln transformed into his new Super Angel 100,000,000,000 Supercell Lightning Thunderbird Furious Hyperstorm. When the girls in his harem saw it, they did all sorts of Tex Avery wild takes of love, just like you do, McWolf, and when Lincoln changed back to normal, his new body and appearance are now permanent.

We tell Vypra and McWolf about what happened yesterday to Lincoln in Arendelle when facing Evil Larxene, and after he turns back to normal, we find out that Lincoln's new body and appearance is permanent. After telling them about it, and seeing Lincoln's new body, they were stunned.

Vypra: Whoa!

McWolf: Yeah, no kidding.

Lily The Mermaid: Our future husband's now become quite a hunky man, when he transformed to fight Evil Larxene, and to find out he's permanently like this, let's just say we're not letting him out of our sights.

Sunset Shimmer: You said it, especially since Linky now has our cutie marks tattooed on his now wider, muscular back.

Then, we arrive inside a detective agency building, but this was the detective agency of Droopy and his son, Dripple. Inside, Droopy was reading the newspaper, Dripple was organizing case files, and Ms. VaVoom was sitting on the desk. Suddenly, Droopy heard a knock on the door.

Droopy: Come in.

The door opens, and all of us come inside, along with Vypra and McWolf.

Droopy: Well, I'll be. Team Loud Phoenix Storm, Vypra, and McWolf.

Me: That's right, and it's an honor to meet you, Droopy. I love all your cartoons and they are so funny and awesome.

Nico: We've been wanting to meet you, ever since we found out McWolf has joined The Masters of Evil.

Ms. VaVoom: I remember we heard about it from Vypra.

Dripple: And we'd heard that he was kidnapping girls, so that way, you, Lincoln, and Clyde can rescue them, and expand your harems.

Me: Yep, he and Vypra had castles built in the world of Spyro and the world of Magic The Gathering, and as it turns out Vypra got McWolf into Magic The Gathering.

Luna Loud: He's got the same collection of Magic The Gathering cards as me, dude.

McWolf: However, I've been taking a break, since I've been surprised and tickled so many times.

Lincoln: Yeah, there's so much that a man can take.

McWolf: But, once I've fully recovered, I'll start with kidnapping girls for Lincoln to rescue and expand his harem.

Lincoln: And I can't wait to see where you'll be holding them at.

Nico: And you'll also have a team helping you out, just like J.D.

Me: Anyways, we're here to recruit you three to join the team.

Droopy: We'd be honored. After all, since Vypra has McWolf in The Masters of Evil, it seems fair that you have me, Dripple, and Ms. VaVoom in the team.

Nico: Alright, and we're also going to be heading into war soon against Xehanort.

Nico tells them everything about Xehanort and the True

Organization XIII, and their plan to destroy the entire universe, and as soon as he was done telling them about them and the war coming up, Droopy, Dripple, and Ms. VaVoom did Tex Avery wild takes.

Droopy: Heavens to Bogey. What they are gonna do is absolutely terrible. We'll be glad to help you out, and finally get rid of Xehanort and the True Organization XIII forever.

Dripple: You said it, Papa.

Ms. VaVoom: We know you'll do it, but for a little added measure.

Ms. VaVoom walks up to me, Lincoln, and McWolf, and gives us a kiss on the lips. Then, the three of us turn neon red from the kiss, and we turn into rockets and explode into fireworks, landing safely on the ground with happy grins and blushes on our faces, with everyone having a good laugh.

Droopy: That was a good reaction. But we did find another girl here for J.D. She and a Meganium Gene-Slammer are facing the Chubby Man.

Me: Lets get over there.

We flew off to a train that was going down a train and we found the Chubby Man who was really a fat version of McWolf and he was facing a Cerberus and a Meganium.

Me: Whoa! That girl is a Cerberus, the Three-Headed Dog that guards the gates of the Underworld from Greek Myth.

Nico: She doesn't look like one.

Me: Yeah.

We went and flew over to the Chubby Man and tied him up.

Ruberu: Wow! Team Loud Phoenix Storm! Thank you for helping us.

Meganium: Awesome to meet you. I'm Megan Kirlian and I am also a Meganium too.

Ruberu: And I'm Ruberu and yes I'm a Cerberus.

Me: Pleasure to meet you both. Megan how would you like to have the power to change at will and harness the powers of your Pokemon form?

Meganium: I would like that.

Me: Awesome. Boys cover your eyes.

They did so.

Me: (Puts on Blind Man Glasses) Here we go.

I snapped my fingers and Megan reverted back and she was naked and Heidi reverted back.

Heidi was human again. But topless.

Heidi: (covers her boobs) It'll be fun having you with us, Droopy.

Nico: It sure will.

I gave Heidi and Megan new clothes.

Megan Kirlian: Thanks J.D.

They put the clothes on and we uncovered our eyes.

Ruberu: But it's gonna be so awesome being part of the team with all of you.

Vypra: It will be great having you with our frenemies too.

Droopy: It sure will be fun.

Me: Lets get the Chubby Man to the police chief.

In the Chief's office Ms. VaVoom showed the photo of the Chubby Man. It was a picture of him Stealing Candy From a Baby, which is like the idiom. The photo caught him Red-Handed. One of the oldest known crimes in the book. We went back to the World Tree Estate and the Chubby Man was sent to prison forever in the Uranus

Prison.

Later we went back to the World Tree Estate and Miia was happy to be reunited with Ruberu.

After coming back from helping Droopy, Dripple, and Ms. VaVoom put The Chubby Man behind bars, we went to Sunset Canyon. This was mainly Lincoln's idea, because he was going to show his Pop-Pop his new appearance, and what happened to him when we went to Arendelle.

Lincoln: Hey, Varie.

Varie: Lincoln, what brings you guys here?

Lincoln: We're here to see Pop-Pop, it's been a long while since we've come to visit him.

Varie: Ah, yes. Follow me.

The team followed Varie to Albert's room, who was busy resting. Suddenly, he heard a knock at the door.

Pop-Pop: Come in.

The door to his room opened, and Varie came inside.

Varie: Albert, your family's here to visit you.

Varie stood to the side, and everyone came inside. When Pop-Pop saw Lincoln, he was stunned. He saw that his look-a-like was now 21 years old, and was 7'0" tall in height with abnormally large and powerful muscles and eight-pack abs, neon deep sapphire blue eyes, and with his new clothes on: his Bracelets of The Champions of The Universe on his wrists, his Belt of Elemental Bravery around his waist holding up his long orange trenchcoat coattails with hanging silver lightning bolts behind him, an orange version of He-Man 2002's loincloth with hanging silver lightning bolts, blue pants with gold lightning bolts, large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and silver armor on the toe area, silver Thunder Kanji earrings and his silver Thunder Kanji necklace on his bare chest, larger blue angel wings surging with powerful super lightning, a Celtic Cross tattoo on his wider muscular back in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon and in a circle are the other girls who're in Lincoln's harem, the Earth surrounded by a ring of mermaids, the Earth representing Earth Chan and the ring of mermaids representing Lily The Mermaid and Ariel's sisters, and right on top of the Earth was the kanji, "Lincoln Landon Loud, Champion of Lightning, Master of Lightning Storms and The Weather, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, and Husband" and eight large orbiting orbs around his legs, and he had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip.

Pop-Pop: Lincoln, is that you?! Wow, you look a lot taller and even more muscular than me when I was in the navy.

Lincoln: Yeah, it's me, Pop-Pop. Here, let me show you what happened to me.

Lincoln makes a viewing window with his powers, and showed Pop-Pop the fight against Evil Larxene in Arendelle, and he saw Lincoln transformed into Super Angel 100,000,000,000 Supercell Lightning Thunderbird Furious Hyperstorm, and how he mangled Evil Larxene in Arendelle. When the viewing window disappeared, Pop-Pop was in awe of what happened to his grandson.

Pop-Pop: After seeing what happened, I'm so proud of you, Lincoln. You've come a long way and you became a man in your own way.

Lincoln: Thanks, Pop-Pop. But, I've had help from everyone. It was thanks to everyone in the team, I've now become a man in my own way, and I've also got a surprise to show you.

Lincoln also brought in Thunder Sparkle, Phoenix Shimmer, Storm Rainbow, Thunderbird Apple, Lightning Fritter, Emerald Shine, Topaz Flare, Little Cheese, Mirage Daffodil, Butterfly Rose, Starburst Aurora, and Sunburst's son, Fireheart Flame.

Pop-Pop: Ah, and who are these cute little kids?

Lincoln: Pop-Pop, these eight kids I brought in are my kids and your grandkids. I'd like you to meet my daughters, Thunder Sparkle, Phoenix Shimmer, Storm Rainbow, Thunderbird Apple, Emerald Shine, Little Cheese, Mirage Daffodil, Butterfly Rose, Starburst Aurora, and my two sons, Lightning Fritter and Topaz Flare.

Sunburst: And this is my daughter, Fireheart Flame.

Pop-Pop was stunned that his grandson has introduced him to his future daughters and his two sons, and they're his great grandkids.

Pop-Pop: My great grandkids? This is quite a surprise, how did this happen?

Lincoln explained the events that occurred in Chapter 1350, and Pop-Pop was stunned to hear every last detail from his grandson.

Lori: We were literally stunned ourselves, but now these kids are now members of the team, and we're now their aunts. It's so cute that we've met Lincoln's kids.

Thunder Sparkle: We were surprised ourselves, Aunt Lori, and it's an honor to meet you, Great Pop-Pop.

Lincoln's kids and Sunburst's daughter, Fireheart Flame, went up to Pop-Pop, and they hugged him, and told him they were proud to meet him, and it brought a smile to his face.

Pop-Pop: Lincoln, this was quite the surprises you had in store for me, first, seeing you like this, and getting introduced to my great grandkids, this is something I've been waiting to see for a long time. I'm so proud of you, you're not only a great and loving brother and son to your entire family, but now, you're a great and loving father to these twelve kids.

Then, it was the rest of the team's turn to say their words to Lincoln.

Me: He's right, Lincoln, you've come a long way since the day we first met when I moved to Royal Woods, and when you and Linka got your powers. And we mean it when we say this, you're a brave

man.

Nico: You're courageous.

Rainbow Dash: You're loyal.

Applejack: You're honest.

Rarity: You're generous.

Eli and Starlight Glimmer: You're strong.

Lori and Fluttershy: You're kind.

Leni: You're fashionable.

Luna: You're rocking.

Luan and Pinkie Pie: You're funny.

Lynn: You're tough.

Laney: You're artistic.

Lucy: You're deep.

Twilight Sparkle, Lola, and Lana: You're friendly.

Lisa: You're smart.

Sunset Shimmer: You're forgiving of others.

Trixie Lulamoon: And you're humble and courteous of others.

Lily, Lee, Lyra, Liberty, Lena, and Linka: And all those characteristics are what make you our brother, Lincoln Landon Loud.

Lily The Mermaid, Ronnie Anne, Paige, Mollie, Girl Jordan, Gluko, Batch, Aquata, Andrina, Arista, Attina, Adella, Alana, Twilight Sparkle, Sunset Shimmer, Rarity, Applejack, Fluttershy, Pinkie Pie, Rainbow Dash, Starlight Glimmer, Trixie Lulamoon,, R. Mika, Menat, Ibuki, Mai Shiranui, Jessica Shannon, Sam, Clover, Alex, Ruby

Rose, Weiss Schnee, Blake Belladonna, Yang, Emerald Sustrai, Dew Gayl, Shantae, Julie Makimoto, Akko, Frosta, Perfuma, Entrapta, Yuna, Nanami, Minerva Mink and Hilda: They're also what make you an awesome and loving boyfriend and future husband.

Thunder Sparkle, Phoenix Shimmer, Storm Rainbow, Thunderbird Apple, Emerald Shine, Little Cheese, Mirage Daffodil, Butterfly Rose, Starburst Aurora, Lightning Fritter and Topaz Flare: And an awesome father, Dad.

Lincoln smiles at what everyone said about him, as he had tears in his neon deep sapphire blue eyes and a smile on his face.

Lincoln: (voice breaking) Thank you, guys, and I love you all.

Lincoln went up to everyone and he'd hugged them with his abnormally large and powerful muscular arms, and they returned the embrace.

Nico was getting ready to go to the World of the Aligned Transformers.

May: Have fun at the Aligned universe, honey!

Nico: Thanks hon. I'll tell everyone you said hello.

May: Thank you.

Me: Have fun and tell the Aligned Autobots we said Hi.

Nico: Yep.

He went through a portal and was off to the world of the Aligned Transformers.

Nico arrived and he saw the Autobots.

Nico: Hey guys!

Aligned Bumblebee: Great to have you here as always Nico.

Nico: Same here.

Windblade: So, is J.D. still stressed about Xehanort?

Nico: Actually, he's getting better about it.

Aligned Bulkhead: That's good. But let me know if he's pushing you away again and I'll make sure my fist meets his face!

Unfortunately, Aligned Bulkhead, while saying, accidentally destroyed one of Ratchet's tools.

Aligned Bulkhead: (realizes what he did) Uh oh.

Aligned Ratchet: (pissed) BULKHEAD! I NEEDED THAT!

Aligned Bulkhead: SORRY!

Nico: That must happen a lot doesn't it?

Aligned Bumblebee: You have no idea.

Nico: Oops.

They laughed.

Nico saw Aligned Arcee looking at a picture.

Nico: Who's that in the picture you're looking at, Arcee? It looks like Cliffjumper.

Aligned Arcee: He IS Cliffjumper. From this world. Or he was.

Nico: This world's Starscream killed him, didn't he?

Aligned Arcee: Yeah he sure did. This worlds version of Starscream has absolutely no honor than the one you know.

Nico: If he is still out there me and my team will destroy him for you guys.

Aligned Arcee: Thanks Nico.

Aligned Arcee: Before Cliffjumper, I was partners with a bot named Tailgate.

Nico: I see. Who killed Tailgate?

Aligned Arcee: (scowls) Airachnid. She was my personal archnemesis during the war.

Knock Out: Airachnid also killed my partner Breakdown. And no, we don't know where she is. Last time I saw her, this world's Soundwave sent her to the Moon with a Space Bridge

Nico: Oh man. She must be as bad as Starscream.

Knock Out: Maybe not that bad but she is as bad as they come.

Nico: Looks like me and my team will send her to Cybertron prison for you guys.

Knock Out: Yeah. But I heard that your friend J.D. can bring back the dead.

Nico: He sure can and J.D. has healed so many lives with those powers of his. Maybe when we come here to help you all we can resurrect those you all have lost.

Aligned Arcee: We all would sure like that.

Nico: Look, there's a chance Airachnid might end up in Mr. Mind's group. But there's still a chance we can kill this world's Starscream. And I promise that on that same day, all the bots that have died will be brought back.

RID Optimus Prime: I know you will come through for us Nico. We had so much happen to us during the wars on Cybertron and here on Earth.

Nico: So we have seen. Those wars were really intense. But in our universe the War on Cybertron is over. And I can tell that this universes version of the war is over too.

RID Bumblebee: Yes it is.

Nico: Great. But I promise that we can bring them back.

RID Optimus Prime: Thanks Nico.

Later Nico went back home.

---

Back home, Nico came through the portal.

Me: How was it?

Nico: Good. And we have a list of Cybertronians to bring back when the times comes

Me: Lets see.

Nico handed me a list of names.

Me: Hmm. Cliffjumper, Tailgate and Breakdown. Whoa I bet they were killed by that worlds version of Starscream.

Nico: Just Cliffjumper. Tailgate and Breakdown were both killed by a Decepticon named Airachnid.

Me: I've heard about her from Bumblebee. She is nothing but trouble. And I bet she is gonna join Mr. Mind's team when we go to the world of the Aligned Transformers.

Nico: That's what I'm thinking too.

Nico told us about what happened and I was shocked.

Maria: (to me) I hope you can grovel great when we meet the Aligned Autobots.

Me: (GULP) That's what I'm afraid of.

FFFFFFAAAAAAAAAAAAAAARRRRRRRTTTTT!

Me: (Blushes) Oops. Pardon me. I had some more of Chief Wiggum's chili for dinner.

Maria: You got to stop eating that stuff.

Me: Sorry. It's just so good and it's really addictive. Chief Wiggum makes great chili.

In the Early Morning Hours at 1:13 AM in Lily's Room, she was asleep and she was having a really bad dream.

In her dream she saw the entire planet Earth explode and all of the team went into a huge black hole! Then in a flash of light she woke up and screamed! She screamed in a bloodcurdling scream!

Lily: AAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH!

She woke up at 3:21 AM and had cold sweat dripping down her face and she was panting hard.

Natilee came in.

Natilee: Lily! Are you all right!?

Natilee sat on her bed.

Natilee: You must've had a terrible nightmare.

Lily hugged her.

Lily: It was horrible! I saw the whole planet explode and it sent us into a black hole! IT WAS AWFUL!

She hugged her and was crying.

Natilee: Oh Lily it was just a bad dream. It's all over. It's not real. How about you go sleep with mom and dad for the rest of the night?

Lily: (Sniffles) Okay.

Natilee: Lets go.

Natilee and Lily went to my room and took the elevator to it and then the Elevator opened and they came out.

Me and Varie woke up.

Natilee: Sorry to wake you mom and dad.

Me: (Groggily) What's wrong Natilee?

Natilee: Lily had a terrible nightmare and if it's all right with you, can she sleep with you guys for the rest of the night?

Me: What was her nightmare about?

Natilee: It's this.

She showed her dream on her sketchpad and we gasped.

Me: Whoa that's bad. Hop in Lily.

Lily came in and slept in between us.

Natilee: Lily you'll be all right. Dad and mom will keep you safe.

Lily: Thanks Natilee.

Natilee: You're welcome. Night.

Natilee went back to the living room and Lily and me and Varie fell back to sleep.

Later in the morning in the Living Room we were having coffee and tea. Yakumo was looking up the history of Quahog.

Yakumo: Stewie, I have a question.

Stewie: What is it?

Yakumo: I know the majority of the Quahog residents died when it was destroyed. But why does it say that some people died during the times when it was still standing?

Stewie: That is a very interesting question Yakumo. Lois and the Fat Man once attended a mystery dinner together by James Woods.

Me: You mean like an Agatha Christie Murder Mystery Dinner?

Laney: Ooh those were awesome! I love those kinds of mysteries.

Numbuh 2: So do I. Being a good detective myself.

Varie: Those are my favorite mysteries too.

Twilight Sparkle: Same here. Those are cool.

Stewie: Indeed they are.

Pigpen: So, James Woods invited everyone so he can kill them?

Stewie: Yep but in the end it was really Diane Simmons that killed them.

Me: Diane Simmons? You mean Tom Tucker's former co-anchor?

Lois Griffin: Yep and she hated everyone. James Woods ruined her life and Tom Tucker ruined her career. So she wanted revenge on all of Quahog.

Me: That crazy bitch! But it looks like she got the last laugh and we destroyed all of Quahog.

Lois Griffin: Yeah she sure did.

Laney: Man she was sure hellbent on revenge huh?

Lola: What a monster! Who was it she killed in that house?

Stewie: Lets see. She killed Muriel Goldman, Derek Wilcox, Stephanie and Priscilla.

Brian: Derek Wilcox!? He was Jillian's ex-husband!

Nico: Whoa that's bad!

Stewie: Yeah that was bad. Stephanie was also Quagmire's annoying girlfriend.

Me: Obviously she didn't know what a fucking pervert he was.

Cleveland: Yeah she was totally oblivious.

Nico: Yeah. What a clod.

Me: And the guy had sex with Cleveland's wife! What a freak! But still James Woods had it coming.

Cutthroat: So, Diane only wanted to kill James Woods?

William: Can't say I blame her.

Me: Yeah what an unfaithful cretin! He tried to ruin Peter Griffin's life and Peter ruined his by making a mockery of everything that happened on 9/11.

Eli: I never liked Peter Griffin.

Me: Me neither. He was practically dumber than Homer Simpson and Stan Smith combined. Uh no offense.

Homer Simpson: None taken.

Stan Smith: Yeah he should have been locked up long before the War in Springfield broke out.

Me: I agree with you there.

Brian: Dammit! Why couldn't Diane have killed Consuela instead of Muriel? No one likes Consuela!

Tracks: Well, it says on Consuela's file that she was killed anyway when Quahog blew up.

Me: So the explosion took her with it. Good riddance. She gives all Mexican people everywhere a really bad name.

Meg: Yeah I hated her because she was totally selfish.

Me: I can tell. Anyway it's time for us to get ready for our next mission.

Valon: (to me) (Australian Accent) By the way, mate? It's your turn today.

Me: I know Valon and you all are gonna love what the next part of the adventure is. Hiro, we're going back to San Fransokyo.

Hiro: AWESOME! We're going back home!

Nico: Sweet! We're going to the world of Big Hero 6 from 2014.

Me: Yep. And that was a great adventure.

Whirlwind, Radioactive Man, Steam Smythe, Enchantress, Dr. Light, Hydro Man, Leap Frog, Evil Green Ranger, Abra Kadabra and Avalanche appeared.

Whirlwind: Can me, Radioactive Man, Steam Smythe, Enchantress, Dr. Light, Hydro Man, Leap Frog, Evil Green Ranger, Abra Kadabra and Avalanche go with you guys?

Me: You all sure can. We're going to the world of Big Hero 6 for this next adventure.

Lola: It's gonna be so cool.

Rubberband Man: Looks like Lily had a nightmare this time.

Me: Yeah she sure did. She came with Natilee to my room and I let her sleep with me and Varie.

Natilee: Here's what she dreamt about.

She showed a sketch picture and it showed the Earth exploding and sending us all into a black hole.

Rubberband Man: WHOA MAN! That was a terrible nightmare.

Inque: No kidding. Are you all right Lily?

Lily: Yeah I'll be all right. J.D. and Varie are like awesome parents for me like mom and dad are.

Me: Thanks Lily.

Lynn Sr.: Oh that's kind of you to think sweetie.

Me: Lets get to work everyone.

We went to the Simulator.

---

In the simulator we got ready and we went in and it activated and we were in San Fransokyo.

Me: Here we are guys. San Fransokyo.

Drill Man: (to Hiro) Good to be home, huh?

Hiro: It sure is. We missed this place.

Me: I can't wait to see how Abigail is doing since we were here the last time.

Sena: It sure is amazing that this city looks like a fusion of Japan and San Francisco.

Me: I know.

Blade Man: Now that Yokai is in the Masters of Evil, I have a feeling more villains than just him will show up.

Popeye: But we'll be ready for him and turn them into scrap metal! (Laughs)

Maria: Since we already know this world, me, William, Elena, Venom, and Riku are going to take a look around.

Evil Green Ranger: Okay. But call us the minute you see something suspicious.

Maria: Affirmation.

Elena: Lets head out.

We went to Hiro's garage and it was amazing.

Wasabi: We might want to consider getting things off our bucket list in case we end up getting killed in the final battle.

Fred: My bucket list includes me getting a girlfriend.

Headstrong: (pats Fred on the back) You're not gonna die in the war single, dude.

Me: Don't worry. No one will die.

Nico: We'll make sure of it.

Hiro: There will still be a large amount of Dark Orbs and Heartless running around even after Xehanort's defeat. So that's why I've been working on some devices for Sora and some of us.

Steam Smythe: Really? Let's see them!

He pulled out a bunch of goggles.

Me: Wow those look spiffy.

Nico: Cool!

Mushi: What do these do? And what are they called?

Hiro: They are the Heartless & Xehanort Energy Seeker Radar Goggles or the H.X.E.S.R. Visors.

Me: Wow those are cool!

I tried one on and it showed a map of the city and there was a radar on the right side.

Me: Wow. These are spiffy.

The radar showed red dots that showed the Heartless and grey dots for the Nobodies, Purple dots for the Dream Eaters and even blue dots for the Unversed.

Me: Looks like we got a lot of them.

Hiro: And they can even flush out invisible Heartless and Nobodies.

I looked and behind Hiro were two figures.

I fired energy beams and they hit two figures behind him and out came two soldier Heartless and they died.

Me: Like those two that were behind you?

Hiro: Exactly! Nice shooting. But next time warn me when you're gonna do that.

Me: Sorry.

The Redemption Squad Members all came back and they panted hard with fear!

Avalanche: What's wrong? You guys look like you saw a ghost.

Wiilliam: That might've been the case!

Maria: Each of us had a run in with the people who died at that mystery dinner!

We gasped in shock!

Horsea: Luckily, we fought them off before escaping.

Me: But that can't be right! They died 11 years ago!

Laney: Unless.

We gasped.

Me: ORGANIZATION XIII!

Sora: It's Dark Riku! He must be the one behind this.

Maria: I faced Diane Simmons and I told her what happened while she was dead.

Nico: How did she take the news about Quahog being wiped out?

Maria: She was really glad actually. I showed her the file on what happened when we destroyed it.

Eli: I never liked Quahog. It deserved to be destroyed.

Maria: Here's what happened when I met Diane Simmons.

---

Maria was walking around and she was enjoying the sights.

Maria just bumped into someone.

Maria: Sorry about that.

?: It's fine. Now, tell me. Do you know where I can find Lois Griffin?

Maria realized that she was talking to Diane Simmons and that she was pointing a gun at her.

Maria: Diane Simmons!? But you're dead!

Diane: Just came back to life! How long has it been?

Maria: 11 years. And also Quahog has been completely destroyed.

Diane: Quahog was destroyed!? How?

Maria: We blew it up with 5 M.O.A.B. bombs. Here read this.

She showed Diane the file of what happened to Quahog and how and it was all in the proof that it happened.

Diane Simmons: They're all dead!?

Maria: Not all of them. That testicle-chinned freak and idiot Peter Griffin is now trapped forever on the planet Vormir, Quagmire is in a prison for Perverts, it's a long story. Also James Woods is dead.

Diane Simmons: Good riddance. I never liked Quahog.

Maria: No one ever will again. It's now nothing but a crater and wiped off the map. It was full of evil and everything. Quahog has been called one of the worst places ever in the country next to Springfield, Oregon.

Diane Simmons: Good.

Maria: Yeah. I got to go now!

Maria flew fast and ran!

FLASHBACK ENDS

---

Me: WHOA!

Laney: That's crazy!

Me: Lets get to work and blow some heartless and Nobodies apart!

We went out to search all over the city. But then we found a CATASTROCHORUS!

Winter Soldier: Looks like Dark Riku's gonna have to wait. A Catastrochorus is causing havoc and I don't think it cares if innocents are caught in the crossfire.

Me: He's right and these new visors can even identify which Heartless is causing trouble. So awesome. Lets go get it!

Nico: Lets do it!

Radioactive Man: So, who wants to throw Rexy a bone?

Popeye: I'll take care of this bad dinosaur.

Popeye opened a can of spinach and ate it.

GULP! BOING! DING!

He flexed his muscles and in his biceps was a Thermonuclear explosion and he punched the Catastrochorus with devastating force and obliterated it in an instant!

Me: Way to go Popeye!

Mixmaster: Maybe we should search for Dark Riku at night. For now, let's continue training with the AR devices.

Me: I was just about to suggest that. Good idea Mixmaster. Okay take 5 everyone. Lets get back to training in our AR Devices and learn how to use our new visors.

Laney: Right.

We got to training in how to use them.

Later that night it was time to get ready.

Leap Frog: Now that it's night time, I'll go hop on the rooftops and see if I find anything.

Me: Okay. Kalolo, go with Leap Frog and we'll take to the skies.

Kalolo: Roger that.

She followed Leap Frog.

We got to searching for Dark Riku. But then we saw a bunch of strange chip things.

Magma: Hey, Hiro. I didn't know you summoned your Nanochips.

Hiro: I didn't.

Sora: Oh no it's the Darkubes!

Me: Not good! Lets go!

I fired waves of energy and blew the Darkubes apart.

Me: Good.

Hiro then saw a chip on the ground.

Hiro: Baymax…

Hiro runs over and kneels to pick up the chip

Dark Riku: Oh, this isn't for you.

Dark Riku snatches it up first.

Dark Riku: At least not until we're done.

Hiro attempts to get it back, but Dark Riku jumps to the top of a device on the roof

Riku: Who the Hell are you?

Dark Riku: Isn't it obvious? I'm you.

Sora: I know Riku wouldn't do this. Not without a good reason.

Dark Riku: A reason? When did that ever matter? We've been trying to one-up each other since we were kids.

Sora: What…?

Me: All because you're a shitmouthing whiny little baby!

He came at me and I kicked him in the face and I caught the chip!

Donald and Goofy rush in front of Sora

Donald: Don't listen to him, Sora!

Goofy: The coat means he's with Organization XIII! And THAT means he's not really Riku.

Me: And he's a big fat fucking liar!

Dark Riku: Smarter than you look.

Goofy: We defeated Ansem and Xehanort-every last one of 'em. But still they all came back anyway, right? So, maybe this Riku "came back" too, from the time when Ansem possessed him.

Donald: Yeah, from the past!

DC Enchantress: And from the time where Riku was a big jerk! (to Riku) No offense.

Riku: None taken.

Sora: What? How?

Dark Riku: Unlike a certain wizard you know, I had to play by the rules to travel through time. Which meant leaving my body behind.

Sora remembers Young Xehanort's explanation of time travel

Sora: I know about this…

He looks up at Riku

Sora: But… YOU HAVE a body.

Me: And you're from the past!

Riku smirks

Dark Riku: Xehanort's heart left his body in order to voyage back through time. He needed to tell his younger self of the great plans he had in store. There in the past, his heart stayed, and waited out the years until you and I came along. Xehanort's heart possessed me and became Ansem, the first adversary you faced. The rest of him, the piece he left behind, took the name Xemnas and created the first Organization. It was all a part of a larger plan to bring Xehanort into contact with the right hearts-enough of them to form the real Organization XIII. They could come from anywhere, any WHEN… just as long as he had the right vessels at hand to place their hearts in.

Sora: Vessels?

Donald & Goofy: Replicas!

Me: Fake clones!

Dark Riku: That's right. The Replica Program was a success. We are as real as people.

Me: Bullshit! You are just a fake!

Sora dispels his Keyblade

Sora: Then pack up and leave! What are you still doing here?

Dark Riku: To see if we can recreate a heart from data.

Me: Well that's not gonna happen.

Sora: What?

Dark Riku: (chuckling darkly) Sorry, did we steal your idea? That walking balloon over there has a "heart."

He looks at the chip in his hand but what he didn't know what that it was only an illusion made by me when I kicked him.

Dark Riku: At least that's the nonsense I'm supposed to believe.

Sora: There are hearts all around us. You only have to see them for them to become real.

Me: That's right!

Hiro: Where'd you get that? That's my chip. I made it.

Dark Riku: Oh, well, I'm sorry about that. But I promise I'll put it right back where I found it.

Hiro: What do you mean?

Dark Riku turns away from them.

Dark Riku: I think I'll be getting back to work now.

Stewie: Just answer me one last question! Why the Hell did you bring back Diane and the people she murdered?!

Dark Riku: To prove a point. (to Hiro) Remember when you freaked out after learning Callaghan killed your brother?

Hiro: I do. But I got over that.

Dark Riku: Well, the same can't be said about my 5 helpers. Proving that vengeance will be enough to drive a person to darkness. (to Diane, Stephanie, Priscilla, Derek, and Muriel, Deal with them, will you?

Diane: It would be our pleasure.

Dark Riku went through a Dark Corridor.

Me: (Growls) Don't you walk away from-

Priscilla shot the ground in front of me.

Priscilla: You're not going anywhere, Knudson!

Venom: We call dibs on beating up Stephanie. We have a score to settle with her!

Wasabi: You're not gonna eat her.

Venom: Of course not. We know she's innocent. Plus, she's too fattening.

Eli: Dark Riku isn't going anywhere.

Eli pulled him through the Dark Corridor and I punched him in the face.

Dark Riku: How!?

Me: None of your business.

I unsheathed my sword.

Me: Oh and that chip you have is a fake. I have the real one. What you have is an illusion.

The illusion vanished and Dark Riku WAS EXTREMELY PISSED!

Dark Riku: YOU MAKE ME SICK KNUDSON! I HATE YOU MORE THAN LIFE ITSELF!

My aura flared up with incredible force and fury.

Me: Thanks for the power boost you fool.

Dark Riku: WHO THE HELL DO YOU THINK YOU ARE!?

Me: Your worst fucking nightmare!

Dark Riku: I WILL MAKE SURE YOU NEVER SAVE ANOTHER LIFE AGAIN! (CHARGES AT ME) YOU'RE FINISHED!

We clashed violently.

CLANG!

We clashed powerfully.

CLANG CLANG CLANG CLANG CLANG CLANG CLANG CLANG CLANG!

Sparks were flying all over the place and then I kicked him in the face and then slashed him in his eyes and permanently blinded him! He was screaming in pain as he was now a visually challenged clone. And then I grabbed his Dark Orb and threw it into the Warp. Dark Riku had blood dripping from his eye sockets and then he went through a dark corridor.

Riku: Dammit! That fake got away despite our best efforts!

Me: He had it coming for what he was doing to Baymax.

Cindersaur: We got more important things to worry about. Like Diane and her victims!

Elena: (to Muriel) Don't do this, Muriel. What would Mort say if he saw you doing this?

Muriel: Who cares? He's probably moved on from me! (Fires gun at Elena)

Elena fired waves of lightning and destroyed the bullets coming at her and electrocuted Muriel all over.

Abra Kadabra: Let me do something about their guns before we calm them down!

Me: Go for it.

He used his magic and turned them into flowers.

Me: Nice. Also Dark Riku is not gonna be going far. I took his Keyblade and gave it to Dracula.

Nico: Smart thinking.

Me: And I slashed out Dark Riku's eyes and even destroyed his dark orb.

Nico: Awesome.

Me: Yep. And he will have a lot of trouble when we deal with him in the Keyblade Graveyard.

Maria: J.D., anytime you want to calm Diane and the other 4 down, feel free to do so!

Me: And I got just the technique to do it. TEMPLE OF NIRVANNA!

I used the Temple of Nirvanna Genjutsu and feathers came down and the 5 fell asleep.

Laney: That was clever. Now lets tie them up.

Nico and Laney tied them up with chains.

Nico: Huh? What's this?

Nico looked at the backs of Stephanie, Derek, Muriel and Priscilla's necks and he found chips imbedded in the backs of their necks!

Nico: These are mind control chips.

Nico removed the chips and the 4 of them were back to normal but with a massive headache.

Nico: Got them. Looks like Diane Simmons is going to prison.

Eli: Yep.

Itachi: (to Diane's victims) I hope you all realize that because we were occupied with fighting you, there's still a copy of Riku roaming around.

May: J.D. crippled him, remember?

Poromon: (remembering Astro Boy fighting Young Xehanort) But he's still dangerous!

Nico: The 4 of them minus Diane had mind control chips on them. That's how they were trying to kill us.

Eli: It's true.

Me: Chief Wiggum is on his way to arrest Diane.

Eli: Good. She's looking at the chair for her crimes.

Nico: Yep.

Baymax: You are all suffering from acute exhaustion. I recommend rest.

Hydro Man: (to Diane's victims) That goes for you guys too.

Nico: It's an effect caused by the Mind Control Chip.

Chief Wiggum, Lou and Eddie appeared.

Wiggum: Looks like we got here just in time.

Lou: Whoa Chief that's Diane Simmons! She died 11 years ago!

Eddie: Looks like she's going to prison for murder and attempted murder.

Wiggum: Yep. Cuff her boys.

They did so.

Me: She's all yours chief. And your chili is always good.

Wiggum: Glad you like it J.D.

Nico: He can't get enough of it.

FFFFFFFAAAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRRRTTTTTT

Me: Oops! Sorry.

We laughed.

We then sensed a dark energy spike and then we followed it and found the device of Dark Riku!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and the symbols of the 10 elements swirled around the explosion and smashed Dark Riku all over the place and the symbols converged and then we landed in front of him.

Me: Not so fast you eyeless freak!

Dark Riku: Almost there.

Sora: What?!

Riku kicks a few of the blocks, which move slightly, glowing a faint red

Dark Riku: This pile of junk collected the data we needed… The terror of being attacked without warning… The despair of having no place to run… The longing for vengeance…

Sora: A heart's more than that!

Wasabi: It's working together.

Donald & Goofy: Smiling at something funny.

Hiro: Trusting friends.

Skullgrin: And always being with your friends and family.

Sora: In every heart, there's hope.

Me: Absolutely!

Big Hero 6: Yeah!

Dark Riku: You're right.

Sora: Huh…?

Dark Riku: That's why I made sure our creation fought YOU. Now the data contains a complete heart.

Sora: A heart made from conflict? That can't be real.

Me: Like something with Anakin and the Dark Side of the Force!

Dark Riku: (interrupting) What was it you said? I only have to see it for it to become real? So, let's see it.

Out of a vortex of energy and darkness came DARK BAYMAX!

Me: Dark Baymax!

Lola: Oh man!

Inque: Before we fight Dark Baymax, let me, Rubberband Man, Lily, Ebon, Luxord, and Riku fight this impostor. (to Riku) I just realized that without his eyes, your copy looks like you when you had that blindfold on.

Somnambula: (Egyptian Accent) And like what happened when I rescued the prince of my home town.

Pinkie Pie: I remember that!

Riku: That is interesting.

Me: Go get him guys! I already had my fun.

Lily: With pleasure!

They went at Dark Riku and slashed and cut and blasted him all over with water and energy and darkness and smashed him all over the place and REALLY cut him good. We went to the streets to fight him down there and then Dark Riku punched and kicked at them and they blocked his strikes and punched and kicked and blasted him all over.

Fred: Even without his Keyblade, he's tough!

Dark Riku: I don't need my Keyblade to fight you all. Just the power of darkness!

Suddenly, we heard a roar.

Dr. Light: Did you guys just hear that?

Jared: Wait a second. I know that roar anywhere!

We looked behind us and we saw a HUGE GORILLA!

Jared: WHOA! King Kong!

Nico: AWESOME!

Jason Henkins and his friends and grandmother then appeared.

Jason Henkins: Looks like we got here in time.

Lua: We sure did.

Jared: Hey Jason! Been a while!

Jason Henkins: Jared my man! It sure has.

They fist bumped.

Nicole: Dr. Lorna Jenkins! It sure has been a while.

Dr. Lorna Jenkins: It sure has Nicole. How have you been.

Eli: Is she another colleague?

Nicole: Yep.

Me: How did you guys get here all the way from Skull Island?

Jason Henkins: We got here by accident.

Me: Oops.

Jason Henkins: We'll take care of Dark Riku. You focus on Dark Baymax!

Dark Riku: I'm not afraid of stupid ape.

Jason: You should be. Merger sequence engage!

He merged with King Kong and his eyes glowed neon blue!

Jared: Go get him guys! And we owe you one Jason!

Jason Henkins: You're welcome Jared.

We were about to face Dark Baymax. But then Robo Roxy, Robo Blaze, Mojo Jojo, Touch & Go, Rojo, Titanium Man, Brass Knuckles, Titanium Toenail, Iron Lung and Cluemaster appeared.

Me: Robo Roxy, Robo Blaze, Mojo Jojo, Touch & Go, Rojo, Titanium Man, Brass Knuckles, Titanium Toenail, Iron Lung and Cluemaster.

Brass Knuckles: Looks like we got here for the fun.

Robo Roxy: Looks like you guys have been busy.

Robo Blaze: Is that the first Baymax or a copy of him?

Nico: Don't worry. It's only a fake created by the Heartless.

Mojo: Good. Then you don't have to hold back.

Mr. Go: At least it's not the real one.

Mr. Touch: (to Droopy) You must be the Droopy we've heard about.

Rojo: Nice to finally meet ya!

Droopy: It's a pleasure to meet you too.

Mr. Go: I loved watching all your cartoons.

Me: Droopy is one of the iconic cartoons. Also his son Dripple is with us. Droopy is also a great detective.

Varie: Droopy and Dripple are perfect for me and my branch team that I've got in the works. It's called TLPS Detective Team.

Rojo: Wow! That's a great team.

Varie: It's still in the development stages. It's a Work In Progress.

Rojo: Oh.

We heard a horrifying howl and a figure came out and it was THE HOUND OF THE BARKERVILLES!

Shaggy: ZOINKS! It's the Hound of the Barkervilles!

Qin: Not this overgrown werewolf again.

Twilight Sparkle: What was he known for?

Qin: He was really Bentley the Caretaker of Barkerville Hall and he was stealing sheep to take over Barkerville Hall and frame Scooby for the crime by using a really cool ultrasonic ring.

Sunset Shimmer: That's interesting.

Qin: And he got 15 years in a Scotland prison.

Me: Yep. And he died in prison of natural causes.

Nico: Good riddance.

?: Indeed.

A figure came out and it was SABER SHADOW from episode 2 of ToQger!

---

Right Suzuki: Saber Shadow!

Saber Shadow: Good to see you rangers again.

Me: I remember you! You were sent by Baron Nero to make a Shadow Station where everyone must fight at a certain time every day.

Saber Shadow: A most interesting memory you have J.D. and you are indeed correct.

Me: Never missed an episode.

Saber Shadow: Unlike the impostor Riku that is being fought by those new heroes, I use my swordsmanship skills for honor!

Jared: You, Koragg and I have so much in common Saber Shadow. I fight for honor too.

Leanbow: Same with me. I'm proud of you Jared.

Me: That's my son.

Jake Holling: Let's take this Baymax impostor with a bang!

Megaforce Rangers: Legendary Ranger Mode: Science Platoon Dynaman!

The Megaforce Rangers turned into the Dynaman rangers.

Me: YEAH! Time for this Baymax Imposter to be permanently deactivated!

We powered up and went at him!

Baymax: Hop on Sora.

Sora did so.

We flew after the Dark Baymax.

Me: FIRE!

We fired energy and light and elemental blasts at the Dark Baymax.

We blasted him all over the place with incredible fury and really pulverized him all over.

Intress, Blazvatan and Chaor smashed and blasted Dark Baymax all over.

Pigpen: SMELL MY FEET!

He put his feet in Dark Baymax's face and his body odor smelled so horrible that it caused his head to explode!

Tracks, Pigpen, Cutthroat and Yakumo used the Earth, Animatron and Equestria Cyber Planet Keys and they enhanced Black Beam Gun, Pigpen's stench and powers, Cutthroat's Double-Barreled Magnetizer and Yakumo's powers 100-fold.

We summoned the Justice League to lay the smackdown on Dark Baymax.

Lincoln and his harem: SUPERHERO FINAL SMASH: THE AVENGERS!

They summoned The Avengers to smash Dark Baymax all over.

Me, Lincoln and our harems: ULTIMATE SUPERHERO FINAL SMASH: SUPERHERO STRIKE!

We fired elemental energies which formed both the heroes of The Avengers and the Justice League to smash Dark Baymax with no mercy.

Big Hero 6, Jared, Riku, Eli, Avalanche and Terra: KINGDOM HEARTS HERO SMASH!

They fired waves of energy and the blasts all hit Dark Baymax and he exploded into bits and destroyed him into nothing!

Nico: TAKE THAT!

KRASMASH!

Dark Riku was pulverized into the ground by King Kong!

He was beaten to a pulp.

Dark Riku: (Weakly) Don't think this is over!

Dark Riku retreats through a Dark Corridor.

Lua: Such a coward. Retreating just because he was beaten.

Lorna: I think it's time we head back home.

Eric: Can we eat at one of the restaurants here? I'm getting hungry.

Jason: (laughs) Grandma can always cook something up, dude.

Kong grunted in agreement.

They went to a local restaurant.

Iron Lung: Only 1 more world to complete and we'll be all set to take Xehanort down.

Titanium Toenail: I'm just glad the people of San Fransokyo are safe.

Cluemaster: (to Hiro) Now that you got the combat chip from Dark Riku, what will you do with it?

Hiro: Well, I am thinking about destroying it.

Brass Knuckles: You sure about that?

Titanium Man: Yeah. That chip is like Baymax's heart.

Hiro: It's to make sure that no one gets its hands on it. Care to do the honors J.D.?

Me: I sure can.

I took the chip and crushed it with my bare hands and reduced it to nothing.

Nico: That's the end of Dark Baymax.

Lola: Yep. Good riddance.

Nico: Yep.

Me: We have 1 more world and then we gather all our forces for the grand finale.

Nico: Yep.

Hiro: (To the viewers) This was one amazing adventure. We have 1 more adventure ahead of us and it's gonna be cool.

Me: It sure is. Lets go home.

We went back home to the World Tree Estate and had dinner and went to sleep.

TO BE CONTINUED…

Part 11 done.

The next girl is gonna be in the world of Ena the Melusine and she is gonna be in the 1966 movie Queen of Blood and we're going to take down that evil Bloodsucking Alien Queen too. Me, Brittney and Katie Duval the Dragonfish Gene-Slammer will face her and Ena will have a Dragonair Gene-Slammer with her too. Also for part 12 we're gonna go to the majestic and amazing world of Scala ad Caelum which is latin for Stairway to Heaven. You are in for an amazing and incredible world when we go see it and it's gonna be loaded with history and more that dates back to long before Sora's journey as well as the journeys of Ventus, Aqua and Terra. We're gonna find out more about it and learn all about Daybreak Town too. And we're gonna see all the history of the world and more. We're also going there to take down Anti-Aqua and face Evil Xion and help her listen to reason that Evil Xion can join the Masters of Evil in the future.

See you all tomorrow.

# WAR OF THE HEART PART 12

Scala ad Caelum

---

Me, Katie Duval and Brittney were on an amazing spaceship and it was full of high tech equipment and it was amazing.

Me: Wow look at this ship. But it's very familiar to me somehow.

Brittney: Same here.

Katie Duval: I have a feeling we're about to meet an evil alien.

Katie concentrated and groaned as a worm like glowing lure emerged from her forehead.

Me: I have that same feeling too but this world looks very familiar.

She turned into Lightslash!

Me: YEAH!

Brittney: I've got a really bad feeling about this. I sense something evil here.

Me: I feel it too.

Then we heard a scream and we went into a room and we saw a woman sucking a man's blood out from his neck!

Me: Vampire!

She looked at us and I recognized her.

Me: Wait a minute! Now I know where I've seen this world before! This is the world of the 1966 movie Queen of Blood!

Brittney: That's one of my favorite movies! This vampire alien is not getting anymore blood!

The alien looked at me with her hypnotic trance and I looked at her with my glowing red eyes.

Me: You wouldn't want to taste my blood. It's poisonous and will kill you in an instant.

Brittney: And another thing, I am a true vampire.

Brittney had her fangs revealed and then she punched the alien in her face and kicked her in the stomach.

Then we saw a snake girl appear and it was a Melusine!

Me: Whoa she's a Melusine!

Lightslash: Wow!

And with her was a Dragonair.

Me: And she has a Dragonair with her. Lets help her out.

We fired blasts of fire and energy and blew the Alien Vampire Queen into dust.

Me: (Blows smoke) That's that.

Ena: Yeah it does. Wow you're J.D. Knudson, leader of Team Loud Phoenix Storm!

Me: That's right.

Ena: I'm Ena and yes I'm a Melusine.

Dragonair: I'm Bonnie Terrez and yes I'm a Dragonair. I was made this way by the Team Rocket Scientists so that Team Rocket can try to take over the world.

Me: Pleasure to mett you both.

Brittney: I'm Brittney Knudson and J.D. is my dad.

Lightslash: I'm Katie Duval and I'm a Dragonfish Gene-Slammer.

Ena: It's a pleasure.

Me: Bonnie how would you like to change into a Dragonair at will and use the powers of said Pokemon?

Dragonair: That would be awesome!

Me: Dragonair has a mystical power that can control the weather.

Dragonair: That is cool!

Me: It sure is. Ready? It's gonna hurt?

I put on my blind man glasses.

Dragonair: I'm ready.

Me: Here we go. (Snaps fingers)

Bonnie reverted back to human and she had blue hair with white highlights in it and she had a blue necklace in the shape of Dragonair's neck orb and she was naked. Katie reverted back too.

Katie Duval was human again. But topless.

Katie Duval: (covers her boobs) Thank God that vampire is dead!

Ena: Yeah no kidding. What she was doing ever since those astronauts found her was murder.

Bonnie T.: (Covers herself) No kidding. Can I have some clothes please?

Brittney gave her some clothes.

Brittney: I only wear clothes that are black. I am a goth girl after all.

Bonnie T.: That's all right. I'm a goth too.

Brittney: Always good to meet a fellow goth.

I gave Katie a new shirt.

Katie Duval: Thanks J.D.

Me: You're welcome.

Brittney: Bonnie, I'm also the leader of the Goths of Darkness and we are known as the Masters of The Night.

Bonnie: Awesome! And I love vampires and all things horror.

Brittney: You're gonna be a perfect member for the Goths of Darkness.

Ena: She sure is.

Me: Lets head home.

We went back home and Miia was reunited with Ena. After that rescue, Lincoln, me, Nico, Lola Loud, The Mane 9, Bugs Bunny, Lola Bunny, Wile E Coyote, Roadrunner, Foghorn Leghorn, Porky Pig, Daffy Duck, Pepe Le Pew, Sylvester, Tweety, Taz, Elmer Fudd, Ace Bunny, Lexi Bunny, Danger Duck, Rev Runner, Tech E Coyote, Slam Tasmanian, Zadavia, Yakko, Wakko, and Dot were heading down to Acme Acres to meet Buster Bunny, Babs Bunny, Plucky Duck, Fifi La Fume, Fowlmouth, Shirley the Loon, Dizzy Devil, Hampton Pig, Sweetie, Lil Beeper, Calamity Coyote, Gogo Dodo, and Furrball. With us was Vypra, and Gnatu had a surprise in her safe for Buster Bunny and his pals, once she gets to Acme Acres. We found out Lincoln had a talk with The Looney Tunes and The Loonatics, and he had an awesome idea to recruit Buster Bunny and his friends into the team.

Me: It'll be great to head to Acme Acres to see how it's doing now that Montana Max and Elmyra Duff are in prison for good, and Lincoln, that was a great idea you had to recruit Buster Bunny and his friends. We'll be needing to recruit a lot of help with the final battle coming tomorrow.

Lincoln: You said it, J.D., and it'll also be awesome having Ace and the others meet their ancestors' students.

Ace Bunny: You said it, Lincoln. Bugs told me about Buster, and that he taught him everything that he knows

Tech E Coyote: Plus, we'll be recruiting more people to join Team Loud Phoenix Storm and The Masters of Evil tomorrow, and as added bonus, me, Wile, and Calamity will help you and your group when you face Evil Larxene in The Keyblade Graveyard.

Nico: That's right, and Xehanort's going to pay for what he's done.

Vypra: And I'm glad that I'm not even going to recruit Montana Max. After what Leonard Snart told me of what that spoiled brat did in getting Buster Bunny expelled, that proves what kind of a lowlife stinker he really is.

Bugs Bunny and Ace Bunny: You said it, Vypra. What a stinker!

Nico: I'd heard of what you did in getting Montana Max arrested after he was expelled, along with Elmyra Duff. From what I saw in Tiny Toon Adventures, she's committed a lot of animal abuse, and thanks to Buster showing Elmyra's mind, which shows she has no brain, and will never learn the difference between right and wrong.

Me: Yep, and her animal abuse had gotten her named by Buster and his friends as "The Terror of Animals."

Yakko: And Dr. Scratchnsniff also brought Elmyra in, when we were in his room for our appointment, and when we saw her, we screamed our heads off, and tried everything to lose her.

Lincoln: Yeah, I remember that all too well.

Me: So do I, big guy.

The team arrives in Acme Acres in Missouri, and right in front of the entrance to Acme Looniversity, the place where Bugs Bunny and his friends teach the next generation of toons, The Tiny Toons.

Me: Ah, Acme Looniversity, the institute of higher toon degree. Just like I remembered it when I first watched Tiny Toon Adventures long ago.

Bugs Bunny: It's good to be back, doc. Now, where's Buster and the others? They should be here by now.

Suddenly, they see something coming, and right out of the rabbit hole came out Buster Bunny and Babs Bunny, and right on cue, Hampton Pig, Furrball, Plucky Duck, Sweetie, Fifi La Fume, Shirley the Loon, Dizzy Devil, Hampton Pig, Sweetie, Lil Beeper, and Calamity Coyote.

Buster Bunny: You called, Bugs?

Babs Bunny: (dramatically) Ask and we shall appear.

Then, the Tiny Toons did tons of Looney Tunes style wild takes when they saw the team here.

Buster Bunny: Oh man, Team Loud Phoenix Storm and your descendants, The Loonatics?! They're here!

Shirley the Loon: Like, I knew my aura went off when I sensed something powerful heading here.

Me: (laughs) That's right, Buster, and we've been wanting to meet you for a long time, after all, we met Fifi La Fume and Pepe Le Pew.

Fifi La Fume: (French Accent) And it's good to see you all again, J.D.

Me: You too, Fifi.

Buster Bunny: And it's an awesome honor to meet you too, J.D., and we can't thank you guys enough for what you did in getting Monty and Elmyra arrested five years ago.

Plucky Duck: You said it, Buster. Those two had it coming for a long time.

Me: Plus, we also arrested Rocky and Muggsy, when they mugged Leni's friends, Jackie and Mandee.

Babs Bunny: Yeah, we heard about that one, those gangsters are nothing but thugs who care for one thing: money.

Buster Bunny: And it's so awesome to meet the descendants of our mentors and the heroes of Acmetropolis.

Ace Bunny: You too, Buster.

Lincoln: And you guys also have a lot in common, Ace. For example, Tech, Wile, and Calamity are awesome geniuses with a talent for building gadgets, you, Buster, and Bugs outsmart villains who have brains of tapioca pudding, Babs, Lola Bunny, and Lexi are awesome athletes, Taz, Slam, and Dizzy are big-hearted guys with iron stomachs and strong jaws, Danger Duck, Daffy, and Plucky drive villains off the walls, and Roadrunner, Rev Runner, and Lil Beeper are speed demons of the road and the desert.

Me: That was an interesting comparison, buddy.

Zadavia: But, you're right, Lincoln, I've seen the link between the Looney Tunes, the Tiny Toons, and the Loonatics.

Nico: Yeah, plus, this was Lincoln's idea to come here to meet and recruit you guys. You see, tomorrow, we're going to war against Xehanort.

The toons gasped in horror at the mere mention of Xehanort.

Buster Bunny: Xehanort, that delusional Keyblader who wants to destroy the universe, and remake it in his image?!

Ace Bunny: The very one, Buster.

Tech E Coyote: Sora told us everything about Xehanort, and Terra, Aqua, and Ventus knew him long ago long before the events of Sora's journey to save the universe, and we're not going to let that bastard live for what he's done.

Wile E Coyote: You said it, Tech.

The team, except for J.D., Lincoln, The Looney Tunes, and Tiny Toons gasped in shock, after hearing Wile E Coyote speak for the first time.

Vypra: Wile E Coyote, did you just…?

Wile E Coyote: Yes, Vypra, you see, I can talk, but it only happens whenever I'm chasing after Bugs Bunny.

Lincoln: I remembered that all too well in Operation: Rabbit.

Then, Gnatu had arrived in Acme Acres.

Me: Gnatu, you're here.

Gnatu: Yep, and it's an honor to meet the next generation of Looney Tunes.

Buster Bunny: You too, Gnatu.

Gnatu: (holding a heavy safe) Ugh, this safe sure is heavy.

Nico: I'd better open that up.

Nico cracks open the safe, and inside were a bunch of swords.

Nico: Whoa, look at these swords.

Gnatu: Yeah, they're for Buster Bunny and his friends, they're known as The Swords of The Next Generation of Looney Tunes.

The Swords of The Next Generation of Looney Tunes are like The Swords of The Legendary Looney Tunes in appearance, but the silhouettes etched on the 6'0" massive, double-edged golden blades are the silhouettes of Buster Bunny, Babs Bunny, Calamity Coyote, Plucky Duck, Hampton Pig, Fifi La Fume, Dizzy Devil, Lil' Beeper, Fowlmouth, Shirley the Loon, Gogo Dodo, Furrball, and Sweetie, and they'll have the same items that their mentors are associated with etched on the blades too, except for Shirley The Loon, her item is a crystal ball, because she has amazing psychic powers and abilities and Gogo Dodo, his item associated with him is usually a mallet, and if you remember from the opening of Tiny Toon Adventures, Gogo hit himself on the head with a mallet and split himself into smaller dodos. The Looney Tunes rings and golden angel wings for the swords' crossguards will remain the same, along with the long black handles, and the golden large sphere pommels, but the surrounding gems around the pommels will match the colors of their fur, and only they can wield these weapons, and once they're in their hands, they'll gain a massive power and energy increase, along with their toon powers and abilities, as well, and get sleeveless trenchcoats matching their outfits, and angel wings matching their fur.

Nico: Awesome.

Nico teleported back to the Tiny Toons and he gave them their new swords. They gained a massive power and energy increase, and they got Tiny Toons-themed sleeveless trenchcoats and angel wings matching their fur and feathers, their shirts now have gold phoenixes on them, black pants, and large black combat boots.

Buster Bunny: Wow, this is awesome!

The team heads on home to the World Tree Estate.

Furrball: Wow, so this is The World Tree Estate.

Lincoln: Yep, this is the headquarters of Team Loud Phoenix Storm, and our home.

The team heads inside, and when Lori saw them, she alerted everyone.

Lana: Wow, The Tiny Toons are here?!

Qin: Our eyes aren't playing tricks, Lana, it's definitely them.

Buster Bunny: That's right, everyone, and we're now new members of the team, and we'll help you all in the war against Xehanort, and this was thanks to Lincoln's idea for discussing it with our mentors and The Loonatics.

The team cheered at the news, and they saw they got new weapons from Gnatu.

Plucky Duck: Hey, I also heard that you guys have also been going after the old enemies of The Z-Fighters.

Nico: You got that right, so far, we've dealt with The Ginyu Force, and J.D. not only rescued Android 17, he also Super Hakaied Dr.

Gero, and in the world of Spyro, he also destroyed the soldiers of The Red Ribbon Army.

The Tiny Toons did wild takes when Nico told them about that.

Buster Bunny: I never liked that mad lunatic, Gero, and I'm glad J.D. Super Hakaied him, and that means Goku is no longer in his crosshairs for revenge, and he also got rid of the soldiers of The Red Ribbon Army.

Babs Bunny: And you guys got rid of Frieza's hired mercenaries, never did like those creeps.

Vegeta: No one ever did.

King Kai came into the conversation, and the toons got their chance to meet him.

King Kai: And that's just the start, Babs. We told J.D. that someone had opened a portal to Hell, and let out the old enemies of The Z-Fighters.

The toons were horrified at the news.

Buster Bunny: What?! So, some ignoramus has opened up a portal, and let those maniacs out?! When I get my hands on the sicko, he's going to get it.

Hampton Pig: But, you don't know who it was that opened that portal, and let them out, do you, King Kai?

King Kai: Not yet, but we've launched an investigation into this matter.

Buster Bunny: We'll probably be bound to run into some of them, including the only two Saiyans who still serve underneath Frieza.

The Saiyans and the Z-Fighters knew exactly the two Saiyans that Buster Bunny was speaking about.

King Vegeta: You spoke of Raditz and Nappa, and you're right, Buster. If we see them, then, we'll be sure to stop them.

Lincoln also told Buster Bunny and his friends that after the war with The Doomsday 23, J.D. brought back all of the Saiyans that Frieza killed, but Goku's father, Bardock, wasn't among them, and that was indeed something that brought a smile to their faces. They knew the Saiyans were led down a dark path, because of being lied to by Frieza.

Buster Bunny: Yes, you're right, your majesty, and if we see them, we're going to fight them, and Goku, if we find your father, Bardock, we'll be sure to set up a reunion between you and Gine. If the Aparoids brought him back, I'll personally destroy the Aparoids and save your father.

Nico: I like that spirit, Buster.

Me: Awesome.

---

We then got to ready for some training.

Nico: J.D. I'm gonna go training with some friends.

Me: Okay Nico. I have a feeling you are gonna go to the Aligned Transformers world to train right?

Nico: Look, J.D. You and the others can train in that time chamber if you want. Me? I'm gonna train a different way. (telepathically) If you get what I'm saying.

Me: (Telepathically to Nico) I get ya but okay. Just be careful. Also it is your turn to lead just so you know.

Nico: Actually it's your turn again. It's August 1st.

Me: Oh right. Jeez I didn't expect it to work like that. Silly me.

Nico went through a portal to the Aligned Transformers World.

Me: (Out Loud) All right lets head to the Hyperbolic Time Chamber to train.

Varie: Got it.

We went to the Hyperbolic Time Chamber.

Nico arrived in the world of the RID Transformers.

Nico: Hey guys!

Aligned Jazz: Hey, Nico. Didn't expect you to visit already.

Nico: Well, I came here because I'd like you guys to train me.

Aligned Wheeljack: Any reason why?

Nico: The war against Xehanort is tomorrow.

Fixit: Oh my!

Nico: And I'm going to lead that day.

Raf: I can see why you want us to train you.

Nico: Yep.

RID Optimus Prime: We'll gladly help you out.

RID Ultra Magnus: Lets get to work.

Nico: Lets do it!

Aligned Ultra Magnus: I'll warn you right now, Nico. The training you're going to go through will be very intense.

Aligned Optimus: It won't be easy. Your body will be pushed to its' limits.

Aligned Bumblebee: You sure you're up for it?

Nico: My answer: BRING! IT! ON!

Aligned: That's the spirit!

Aligned Ultra Magnus: Lets do it!

Nico got to work in his training with the Aligned Transformers and they were running him into the ground with incredible training regimens and more.

Aligned Bumblebee: Fixit. Show Nico the obstacle course.

Fixit: You got it.

He showed the obstacle course and it was one crazy and dangerous course!

Nico: Whoa! What a course!

Aligned Bumblebee: What do you think?

Nico: Just as dangerous as the obstacle course that we use back home.

Aligned Ultra Magnus: All right lets do it!

Nico got to work on the Obstacle Course and he was dominating it and more.

Jack Darby: Nothing like lemonade in the summer.

Russel: You said it.

Raf: Too bad Bee and the others can't enjoy lemonade.

Miko: Quick question: How long has Nico been training now?

Aligned Bumblebee: He has been going at it for 12 hours. He sure has a lot of energy for someone so powerful.

Jack Darby: No kidding. Wow! He is taking everything you guys throw at him with great ease.

Miko: Wow!

Nico was done after 16 hours of brutal training.

Aligned Bumblebee: Alright. Looks like you're ready.

Nico: I sure am. That was amazing!

RID Optimus Prime: I have never seen anyone work or train as hard as you Nico. You are definitely ready.

Later we were in the Hyperbolic Time Chamber training hard. We were training for 16 hours non-stop and it was intensely powerful. Maria and everyone else were waiting for us and Nico to get back.

Maria: You think Nico's doing okay there?

William: Come on, babe. This is Nico we're talking about. I'm sure he's fine.

May: Well, he better come back soon or else, the cat's gonna be out of the bag.

Nico: Someone call?

Nico came back and his clothes were REALLY shredded and torn up. But his muscles were amazing and more stronger.

May: WHOA! You look amazing.

The door to the Hyperbolic Time Chamber opened and me and the Loud Kids all came out and we were amazingly stronger and more powerful than ever. But our clothes were all torn up and our muscles were bigger than ever too. Our hair was longer too.

Me: Man that was intense.

Lori: Yeah but man I literally look amazing.

Lily: Me too.

Nico: Wow! You guys look awesome!

Me: Thanks Nico. How was your training?

Nico: Great! It was brutal. (Stomach Growls) Man I need to get something into my stomach.

Me: After over half a day of training you don't have to tell me twice.

First lets shower and then we'll get some grub.

Nico: Good idea.

We walked to the showers.

Lugnut: (makes sure no one is listening) How was training, my liege?

Nico: Pretty good. I aced that obstacle course perfectly!

Squidward: I'm just glad you got back before the others found out you were gone.

Nico: I do have a habit of doing that.

Me: But great job Nico.

Nico: Thanks man.

We went into the showers and came out and then we went to Lynn's Table and we had Ulti-Meatum Burgers and Nergal's pizza. And Nico was having Chicken Wings too.

Later on the way back home we then saw what looked like Yamato of the Zyuohger Rangers.

Keiichiro: Yamato, good to see you again.

Kairi Yano: (sees the newcomer's color) Um, Kei-Chan? I don't think that's Yamato.

Right: How do you know?

Kagura: He's right. The costume of this one is colored orange.

William: (Aims blaster at newcomer) Whoever you are, demorph now or we will kill you!

He did so and we saw that it was a man with bird tail feathers and he had silver hair and he turned and I recognized him.

Me: Wait a second. You're Bud the Orange Zyuohger Ranger!

Bud: That's right and it is an honor to meet you Team Loud Phoenix Storm.

Me: Same to you. We met the Zyuohger Rangers when they helped us earlier and they also had Misao the Zyuoh World Ranger with them.

Bud: I heard. Also thank you all for helping my friends earlier J.D.

Me: You're welcome.

Back at the World Tree Estate, we were talking with Bud and he was really amazing.

Lucy: How are things in Zyuland?

Bud: Very good, actually. Genis met his end in 2017. Since then, Zyuland has been very peaceful.

Me: That's good that Genis will never terrorize the planet again. But if he does come back he's getting a one way trip to the Warp.

Nico: Yeah and the Saiyans beat Genis years ago. That was a big adventure.

Vegeta: It's true. The Saiyans beat Genis a long time ago while we were still under the rule of Frieza and we destroyed his entire planet.

Nico: Well that's a good thing that the Saiyans did. Genis posed a horrible threat to the planet and to Zyuland.

Bud: Yeah. But after Genis was defeated, Zyuland merged with Tokyo.

We gasped in shock.

Me: WHOA! I got to see this.

I pulled up the camera of Tokyo on the computer and what we saw was amazing and shocking! Zyuland and Tokyo, Japan were now one!

Me: WHOA!

Nico: Oh wow! Just like what happened on TV.

Laney: That is incredible!

Eli: Wow! This is amazing!

Me: When we see the Zyuohger Rangers again, this is gonna be amazing to see.

Eli: It sure will be.

Ets: I can't wait to see meet the Zyuohger Rangers again.

Nunnally: Me too. They were cool.

Dirtbag: So, what brings you to the Estate?

Bud: Yamato sent me to join you all and represent the Zyuoghers until you meet him and the others. An ambassador if you will. And in light of what will happen tomorrow, my timing couldn't be perfect.

Me: That's a good idea to send you as an ambassador and on August 29th we're going to see your friends again.

Bud: It sure is. And J.D. I heard from Yamato that you are also a Zyuohger Ranger.

Me: That's right but I got my Zyuoh powers from an alternate source. I got my powers from the Dream World.

Nicole: Really awesome story behind that. In the Dream World anything can happen.

Lana: It sure can.

Grapple: Is there any personal reason why you want to join us?

Bud: (sighs) Well, as you know, each Ranger and Sentai team usually have 6 members each. And Misao is the 6th Zyuogher. I guess you can say that I feel left out.

Me: Don't say that Bud. You helped Yamato become the ZyuohEagle Ranger and you also saved his life and that makes you a true hero. Sure you did wrong but it was all for a very good reason.

Nico: Yeah that's right. You had your reasons for doing what you did. And shows that you have the heart of a hero.

Laney: And you have a good soul.

Lana: Yeah.

Me: When we met the Zyuohger Rangers the 1st time they were awesome and they were very brave and giving to many people that we saw on TV. You have the very same qualities as they do. (Pulls out Zyuohger Morpher) Just like me and all my friends.

Twilight Sparkle: That's right. You have a tremendous responsibility to the Zyuohger Rangers now just like we have a huge responsibility to everything.

Sunset Shimmer: With Great Power Comes Great Responsibility.

Me: And there will always be challenges as a hero to the world. Just like there are many challenges as a Power Ranger. For over 46 years there have been many enemies that they have faced. And they made many friends as well. Just like you have made with Yamato and his team.

Bud: Wow.

Nico: Yeah and also thanks to the Zyuohger Rangers they brought two worlds together and they can have the Zyuland inhabitants and humans coexist with one another.

Dan Kuso: Just like we brought 4 worlds together.

Me: And we brought many worlds together.

Bud: Wow. That's incredible.

Me: It sure is. Not to brag but we have done so many things all over the universe.

Natilee and Lisa then came down and Lisa was crying.

Stewie: (to Lisa) Oh God. You had a nightmare, didn't you?

Lisa: (Sniffles) I sure did and normally I don't show emotions like this but… (Bursts into tears)

Laney hugged her.

Me: What was her nightmare about?

Natilee: It was the scariest one of them all.

She showed us what she dreamt on her sketch pad and we saw that it was the entire universe being destroyed and the only thing left was nothing but a pitch black void of darkness and then terrifying glowing evil red eyes appeared and they were the only thing that was seen there as if evil finally won.

We gasped in shock!

Me: WHOA MAN!

Nico: That is scary.

Me: I think this one might have been a vision into the future. It's what will happen if Xehanort wins.

Laney: That's horrible!

Nico: No kidding.

Pounce: Believe it or not, J.D., it actually is your turn to lead again.

Me: I know. Yesterday was July 31st and now it's August 1st so I get to lead twice in a row. Same thing is gonna happen twice at the end of this month.

Nico: Crazy huh?

Me: Yeah. I'll have to get used to it.

Eli: But you can do it.

Bud: What did you mean by that?

Me: It's a new leadership system we made. Long story. But today's mission is gonna be an interesting one. We're gonna go to a world we never have seen before after we have our usual battles.

Nico: Why are we having them now?

Me: I sense that we're going to meet a powerful enemy at this world and it's gonna be a brutal battle. So I want to get our usual battles out of the way before we go.

Nico: Ah. Good point.

Me: Maria call them in.

Maria: Right!

Rojo, Robo Roxy, Robo Blaze, Mojo Jojo, Touch & Go, Titanium Man, Brass Knuckles, Titanium Toenail, Iron Lung and Cluemaster then appeared.

Rojo: The others are on their way. But after the battles, can me, Robo Roxy, Robo Blaze, Mojo Jojo, Touch & Go, Titanium Man, Brass Knuckles, Titanium Toenail, Iron Lung and Cluemaster go with you guys?

Me: You all sure can. And it's my turn to lead again.

Titanium Man: (Russian Accent) Thought it was Nico's turn.

Me: No it's my turn again. I lead on the odd days and Nico has the even days.

Titanium Man: Oh right it's August 1st sorry.

Me: No worries.

Robo Roxy: Is that another one of the Zyuohger Rangers?

Me: Yep.

Bud: My name is Bud and I'm the Orange Bird Zyuohger.

Me: Yamato sent him as an ambassador till we meet them officially on August 29th.

Brass Knuckles: Interesting.

Iron Lung: Cool.

Robo Blaze: Are the Kyurangers gonna send an ambassador too?

Me: I don't think so but that would be so cool if they did.

Laney: It sure would.

Then Black Spider, Mole Man, Biowulf, Pinky & The Brain, King Shark, Turtle, Unicorn, Skalamander, Doctor Octopus and Ssserpent appeared.

Me: Black Spider, Mole Man, Biowulf, Pinky & The Brain, King Shark, Turtle, Unicorn, Skalamander, Doctor Octopus and Ssserpent. Glad you all could make it.

Black Spider: I hope you're fine with doing the usual battles before the mission.

William: Of course we are.

Me: I am fine with it too.

Mole Man: Good. The last thing we need is for you guys to have them while you're battling this powerful enemy.

Unicorn: I still wonder what world you'll be going to.

Me: It's a really big mystery.

King Shark: (to me) By the way, we heard you killed a vampire alien.

Me: Not just any vampire alien. It was the vampire alien queen from the 1966 movie Queen of Blood.

Brittney: It was a really freaky movie. One of my favorites.

Skalamander: Were you careful not to get bitten?

Me: She wouldn't have liked my blood anyway. It's poisonous.

Biowulf: That's a relief.

Me: Yeah.

We then saw a drill machine and coming on it was another one of Mojo's minions: KILLA DRILLA!

Jared: Killa Drilla!

Killa Drilla: Been a while hasn't it.

Nico: Wow! Mojo how many minions did you make back then?

Mojo Jojo: Too many for me to even count.

Eli: No kidding.

Norm then appeared.

Kiki the Marsupilami Girl: Norm! Man you got into the M.O.E. too?

Norm: I sure did.

Ena: I'll face Killa Drilla.

Kiki: And it looks like me and Marsupilami have Norm.

Marsupilami: Hooba! This is gonna be sweet!

?: It sure is.

Cat O'Clock then appeared.

Me: Cat O'Clock. Back for round 2 I see.

Cat O'Clock: Yep.

Me: Sweet.

Cat O Clock: Believe it or not, I actually found my archenemy, who's a cat like me.

Cheetah: You mean me right?

Cat O Clock: Yep and it's gonna be awesome!

Nico: Sweet!

Me: WHOA! Look at this world!

Nico: Are we on another planet?

Eli: It looks that way. But this is amazing.

We went to an archway and we entered the beautiful city.

Me: Wow.

I saw on a sign a name in latin.

Me: "Scala ad Caelum." That's latin for Stairway to Heaven!

Nico: That must be the name of this place.

Sora: No this place is a place that looks like it.

Eli: It's beautiful.

Me: I know. Looks like no one has been here for years.

Eli: I don't sense anyone here at all.

Laney: Weird.

Ena: I wonder where they all went.

Lana: Good question.

Me: There has to be an explanation. There must be a library somewhere that can help us out.

Laney: I think there's one there.

Laney pointed to a building.

Robo Blaze: Tronics, keep an eye out for anything suspicious.

They agreed.

We went into the library and there were tons and tons of books.

Me: Wow look at all these books.

Twilight Sparkle was squealing like a kid in a candy store.

Nico: Wow she sure is excited.

Me: Twilight loves to read. Lets see what we can find.

We got to searching for any kind of book that can help us out.

Me: Hmm.

Splash Woman: It's quiet. Too quiet.

Peyton: It's a library what did you expect?

I then found a book that was really thick and I pulled it out and the title was interesting.

Me: Hmm. This looks interesting. "The Coming of The Times of Darkness: The Chronicles of the Keyblade Wars."

I gathered everyone and showed them the big book I found.

Nico: Wow that book looks promising.

Me: Lets see what it holds.

I opened it and we read it. It showed that Scala ad Caelum was once a town called Daybreak Town and the worlds were all one. It was back 1,000 years ago.

---

**Daybreak Town** is a world that appears in *Kingdom Hearts χ* and *Kingdom Hearts Unchained χ* and serves as the hub for the player. The town is similar in appearance to Radiant Garden and Traverse Town.

At the central point of Daybreak Town lies the **Fountain Square**, a large plaza and fountain that appears to be a hangout spot for Keyblade wielders. The **Central Marketplace** is located directly to the west from the Fountain Square. Adjacent to this, situated directly behind the fountain, is the **Moogle's Shop**, which consists of two main levels and an attic level that can be used to access the **Upper Fountain Square** .

By continuing west into the Central Market Place, one may either enter the **Central Market Warehouse** . From here, a western path leads to the northern **Bridge to the Outskirts** . Following leads to the **Boardwalk**, allowing access to **Waterfront Park** . The upper level of Waterfront Park is built around the Lighthouse and overlooks the horizon, while the lower level of Waterfront Park, opens into a larger area at the base of the **Lighthouse**, allowing entry the Lighthouse in order to descend towards the **Docks** . Here, Keyblade wielders may take a boat from the western shore leading south-east to the **Beach** . The Beach of this tiny island stretches far to the east, overlooked by a sister Lighthouse to the one found at the Docks, bearing the Lux sigil at its top. From the opposite shore, another bot can be taken, bringing wielders toward a **Shipwreck**, wherein a large Corridor of Darkness lay in wait.

To the south-west of the Fountain Plaza, one can reach the **1st District**, and to the north-east, **2nd District** - wherein the only known entrance to the Clock Tower can be found, via the **Waterway** There are five corridors of the Waterway which lead directly into the base of the Clock Tower, an area strictly prohibited for entry by any who are not Union leaders. From here, by ascending the **Levels** of the Clock Tower via the gears, one would find themselves at the **Elevator**, which can be used to access the higher levels of the Clock Tower, such as the **Foretellers' Chambers**, wherein the foretellers and new Union leaders hold council around a large table. Indivuals can use the Elevator bring them to the top of the Clock Tower, where access to the **Control Room** can only be granted by unlocking it with a Keyblade. Alternatively, in the basement of the Clock Tower lies a room where research was conducted in order to allow individuals to cross worldlines via a machine called the **Lifeboat**, though it was never completed.

By following the trail through the 2nd District, one may eventually reach the **7th District**, wherein lies the **Storage Area** . By following the trail to the east, one can arrive at the **Tower Outskirts**, an area due north of the Fountain Plaza and seated directly in front of the Clock Tower.

Additional areas in Daybreak Town include **Player's Room**, which is located in the southwest - as indicated by the distance from the Clock Tower - and Strelitzia's room, which is located in another residential area; however, the exact location is undeterminable. Far southeast of the Clock Tower, the residential area of Daybreak Town ends, where a hillside covered in dandelions overlooks the town. Finally, there is a haunted house located in an unspecified area of Daybreak Town, bearing a large armillary sphere at its center, hourglass pillars holding up a second level, wherein Corridors of Darkness can be found behind each of its doors.

Story *Before Kingdom Hearts χ*

During the "age of fairy tales", the Master of Masters creates the Book of Prophecies by means of his "Gazing Eye", which allows him to view any events in the future it will witness. The Master takes six apprentices, gifting each of them Keyblades forged from the depths of their hearts, who are then renamed Aced, Ava, Gula, Invi, Ira, and Luxu after they ascend to the rank of Keyblade Master. Aced, Ava, Gula, Invi, and Ira are chosen to be foretellers and receive copies of the Book of Prophecies, which depicts an event known as the Keyblade War, in which light would expire and the world would reach its end.

Sometime before his disappearance, the Master would meet with Luxu constantly in the Control Room where they would talk about the past as well as the future. Leaving it in the hands of the Dandelions and yet, Luxu was depressed about the Keyblade wielders not being able to do against the impending darkness, the Master informed him that there is a way to defeat darkness, but it would require extensive planning and many lifetimes to accomplish.

Shortly thereafter, the Master bestows Luxu with the No Name Keyblade that contains his Gazing Eye and instructs him to pass the No Name from master to apprentice so that the Gazing Eye can relay future events back to him. The Master then orders Luxu to simply watch things unfold between the other apprentices and keep the contents of a black box a secret from the others. Sometime later, the Master provides Ira with his role to succeed him as the leader in the event of his disappearance. Ira remains adamant that they must do something to try to avert the Keyblade War, though the Master claims it to be inevitable, and resolves to gather as many Keyblade wielders as possible to maintain the balance of power.

After Luxu leaves to fulfill his role, the Master assigns the rest of the foretellers with their own individual roles: Invi is tasked to observe her fellow foretellers and act as a mediator; Aced is to become Ira's right-hand man when Ira takes over as leader; Gula is assigned to discern who the traitor mentioned in the Lost Page of the Master's copy of the Book of Prophecies is and stop them; and Ava is instructed to avoid the imminent battles in favor of gathering exceptional Keyblade wielders, regardless of their Unions, to be part of a separate faction called the Dandelions, who would venture to another world in order to ensure light's survival. The Master provides Ava with a list of five Keyblade wielders she must gather to succeed the foretellers as Union leaders following the Keyblade War, with only one of them meant to receive a copy of the Book of Prophecies.

The foretellers are soon introduced to the Master's latest creation, the Chirithy. Though the Spirit Chirithy are meant to aid Keyblade wielders in their endeavors, the Master warns them that if a wielder falls to darkness, so will their Chirithy, causing them to transform into a Nightmare.

Without warning, the Master disappears from the world, and although Ava and Gula actively seek him out, they are unable to locate him. Upholding the Master's teachings, the foretellers begin recruiting Keyblade wielders to each of their Unions, utilizing the powers of their copies of the Book of Prophecies in the form of Medals to aid their wielders in collecting Lux.

*Kingdom Hearts χ*

Having watched Player defeat countless Heartless throughout Daybreak Town, Player's respective foreteller commends them on their abilities but encourages them to team up with their comrades to take down stronger foes. The foreteller informs them that there are others who collect Lux for their own nefarious purposes and entreats Player to help discern who walks the path of darkness.

After traversing the worlds on various quests, Player returns to Daybreak Town and finds that a Gummi Ship had crashed in Waterfront Park. After the Moogle steals some Gummi Blocks for itself, Player meets Donald Duck and Goofy, who recognize the Keyblade and ask for their help in recovering the Gummi Blocks. While fighting the Heartless for Gummi Blocks in the Market, Player is overcome by a group of Wizards. Mickey Mouse, guided by the Star Shard, intervenes and saves Player, who informs him of Donald and Goofy's situation. Mickey introduces Player to Chip and Dale, who he sends ahead with Player to help Donald and Goofy reconstruct the Gummi Ship. While alone, Mickey questions what it was that guided him to Daybreak Town, unaware that Invi is watching him from afar. With Chip and Dale's help, the Gummi Ship is restored, and Mickey, Donald, and Goofy leave Daybreak Town.

Player comes across the Moogle again, who asks that Player take the Light Drawing Bangle to extract Lux from Raid Bosses for him. After they does so, Moogle meets with an unseen figure in an alley. The Moogle questions why the figure did not give Player the Bangle themselves, who claims it to be too soon for that and they would need the guilt-ridden Moogle's help in the future.

Sometime later, Player reunites with Donald and Goofy, as they have crashed their Gummi Ship again in Daybreak Town. Donald and Goofy encounter the Moogle, who has constructed his own Keyblade out of wood, which proves to be ineffective against the Heartless. When Player steps in, their Keyblade changes to become the Moogle O' Glory, and Donald and Goofy realize that Player is the "Key". The Moogle plots to steal Player's Keyblade, but when he attempts to do so, he is disappointed to find that the Keyblade simply returns to Player. As Donald and Goofy prepare to leave with Player after Chip and Dale fix the Gummi Ship, they realize that the Player is not inside with them and take off without the "Key".

When Player next returns to Daybreak Town, Nightmare Chirithy, posing as Chirithy, gifts Player with the Power Bangle, which allows them the ability to unknowingly utilize the darkness to empower the Keyblade.

One day, Chirithy tells Player about the Master of Masters, the impending Keyblade War, and how the foretellers decided to draw upon powers from the future to prevent the final entry from coming true. In revealing that the foretellers all share the same goal but follow different paths, Chirithy implores that Player not lose sight of their own.

Ira calls a meeting of the foretellers after capturing Nightmare Chirithy and declares that there is a traitor among them. He reasons that the Nightmare has to belong to one of them, as it was responsible for the Power Bangles, which is something it could not have obtained without help. Unable to come up with a viable solution to identifying the culprit, Aced calls Ira's leadership into question for accusing one of them of being a traitor and storms off. Once alone, Ira tells Invi of the Lost Page and requests that Invi keep an eye on the others.

As Neoshadows appear in Daybreak Town, Player teams up with other members from their Union in order to take on the new breed of Heartless. During this time, Chirithy meets with another Chirithy, who mentions that its wielder appears to be rather indifferent, much to its concern. Given the strife between the foretellers due to the emergence of the Nightmare Chirithy, Chirithy attempts to encourage its comrade, stating that they have to trust their wielders to flourish. Later, when Player returns to the Moogle's Shop to reunite with their friends, Chirithy informs Player that their friends were destroyed by Neoshadows. Taking its leave, Chirithy reunites with its comrade, who admits that its wielder had fallen to darkness as it fades from existence.

Following the disappearance of the other Chirithy, the foreteller leading Player's Union appears to speak with Chirithy. The foreteller reveals that even though the Keyblade wielders are gathering Lux at an amazing rate, the darkness is spreading even faster. With this, Chirithy asks if that means that there really is a traitor among them, to which the foreteller states that they are not willing to believe that yet.

One night, Player is shown a dream by Chirithy, in which the foretellers meeting with the Master in the Foretellers' Chambers. However, Nightmare Chirithy quickly puts a stop to the dream. After Player goes back to sleep, Chirithy confronts Nightmare Chirithy for its interference, the latter questioning the former for showing Player the dream. Chirithy admits that its intention is the opposite of its Nightmare counterpart's, prompting the latter to declare the two of them to be enemies before it disappears, and a worried Chirithy vows to protect Player.

The following day, Player is sent to deal with an Invisible in Waterfront Park and befriends another Keyblade wielder named Ephemer. While two wielders decide to investigate the Foretellers' Chambers from Player's dream, Chirithy asks its Nightmare counterpart if Ephemer is its wielder. Chirithy notices that Nightmare Chirithy's fur has darkened, to which Nightmare Chirithy mocks its adversary and asks what it intends to do as Player is getting closer to the truth.

Aced meets with Ava and Gula to discuss their lack of faith in Ira's leadership. Gula agrees to form an alliance with Aced, though their alliance would not influence their respective Unions. Ava remains loyal to the Master's teachings, as forming alliances is forbidden. Invi arrives and discovers Aced's intent, condemning him for his actions, though Aced counters with his suspicion of an alliance between her and Ira based on Invi's actions. Invi reports back to Ira about the alliance and volunteers to convince Gula to dissolve it, before distancing herself from Ira to quell Aced's suspicion.

Together, Player and Ephemer find an entrance to the waterways in the 2nd District, leading them to discover an entrance to the Clock Tower. The two agree to continue their investigation the following day to dissuade suspicion. Afterward, Ephemer finds Ava mulling over recent events at the Fountain Plaza and attempts to comfort her. Ava expresses her doubts about the Master's teachings regarding the competition between the Unions and approves of Ephemer's desire to solve the mysteries of the world, as she believes that people should question things and think for themselves. When Ephemer reveals that he had befriended a Keyblade wielder from a different Union, Ava is pleased that wielders from other Unions could work together. Meanwhile, as Player tells Chirithy about Ephemer, Chirithy entertains the notion of making friends, but remarks on not having friends of its own. Player assures Chirithy that the two of them are friends, a sentiment that surprises Chirithy.

Later that night, Ephemer attempts to enter the Clock Tower alone but is discovered by Ava. She discloses to him that she intends on choosing five people from the Dandelions, including Ephemer, to act as Union Leaders in the foretellers' stead after the Keyblade War. Although Ephemer is reluctant to ascend to the position, he agrees to do cooperate with Ava. Then, she provides Ephemer with a book of rules that would help guide the new Union leaders and explains that they must erase the memories of the Keyblade War from the minds of the Dandelions. As the truth about the Keyblade War must be kept a secret among the new Union leaders, Ava tells Ephemer that they must work with the Chirithy to protect the secret. Ava then sends Ephemer to another realm in preparation and instructs him to meet the other Union leaders in the Keyblade Graveyard after the war.

When Ephemer fails to meet Player at the Fountain Square the following day, a saddened Chirithy comforts them. Strelitzia, who had taken note of Player's waiting throughout the day, sees this after returning from her missions for the day. From this moment on, Strelitzia feels drawn to Player, though she is too shy to approach them.

After Player having a dream about Ephemer in the Clock Tower, they decides to search for clues on Ephemer's whereabouts at the Clock Tower, in spite of Chirithy's protests. The Player sneaks into the Clock Tower but is caught by Ava. Recognizing them from what Ephemer had told her, Ava decides to test the strength of Player's heart and notes the sadness within Player's heart could lead them down the path to darkness. Ava then sends Player and Chirithy back home and forbids them from returning to the restricted area.

Back home, Player rests while Chirithy watches over them. Ava appears asking if Chirithy had been the one to show Player the dream about Ephemer. When Chirithy denies this, Ava suspects that Ephemer is trying to reach out to them from another realm. Ava suggests that the connection between both Player and Ephemer could mean that they are getting closer to that realm, but whether or not he continues down that path is up to his heart. Ava warns Chirithy that it must protect Player from the nightmares before she departs.

Having received a special mission for Player from the foretellers, Chirithy meets with Player in the Fountain Square and gives them the Bracelet of Light that will protect Player from the darkness. Chirithy mentions that Player will need it to protect them from the Corridors of Darkness on their next mission. After clearing the Heartless from within the Corridors of Darkness in Daybreak Town, Agrabah, and the Dwarf Woodlands, Chirithy advises Player to be prepared for their next mission.

After Player successfully completes the Dark Corridor Trials, Chirithy reports back to Player's foreteller, who is pleased to hear of their progress, but Chirithy questions the wisdom of assigning such a dangerous mission. Player's foreteller laments that they have no choice but to hasten Player's training, as they must strengthen their resistance to darkness as quickly as possible and obtain as many warriors as they can get on the side of light.

Gula dissolves his alliance with Aced, citing the fact that they are no closer to knowing the identity of the traitor than before and unintentionally revealing Invi's role in his decision. Furious, Aced attacks Invi for her interference. Invi tries to defend that she is protecting the balance of power as the Master ordered them to, but Aced remains adamant that they need to defy the Master's teachings to protect the world and create alliances against the looming darkness. Invi deems Aced to be the traitor just as Ava and Gula arrive at the scene and join Invi in her fight against Aced, from which he barely emerges alive.

Once their mission is completed, Player and Chirithy return to Daybreak Town, where they meet another wielder named Skuld, who asks why the collection of Lux has to be treated like a competition between the Unions. Skuld reveals that Ephemer had reached out to her through her dreams and requested that she seek out Player, suggesting that they investigate the Foretellers' Chambers for further answers. Having witnessed the battle between Aced and Invi, Skuld takes as a sign that Ephemer is right about the Keyblade War. In spite of Chirithy's protests, the Player agrees to go with her.

Before making it into the Clock Tower, Player and co. are confronted by Darklings that are after their Lux. When the wielders defeat them, the Heartless make a hasty retreat, but before Player and Skuld can pursue, their path is blocked by Nightmare Chirithy. Nightmare Chirithy tells Player and Skuld that they should embrace the darkness, just as their colleagues had before becoming the Darklings since that the power the Darklings had fought with was entirely their own. Chirithy objects that those are not the teachings the Chirithys are meant to provide, but the Nightmare Chirithy scoffs at its counterpart and hints that its wielder is nearby before it disappears. Player and co. then proceed to the Foretellers' Chambers.

Inside the Foretellers' Chambers, Player and Skuld unable to find any clues about Ephemer's whereabouts. As they are about to leave, they are caught by Player's foreteller, who informs them that Ephemer had been caught and disposed of several days before. The foreteller tells them that Ephemer had been using them, as he hailed from a Union whose purpose contradicted their own, and asks what they intend to do next. Although Chirithy assures the foreteller that they will not retaliate, Player decides to avenge Ephemer and battle the foreteller, with the latter ultimately emerging victorious. As Player is cast to the ground, the facade of the Foretellers' Chambers fades away and the group finds themselves in the waterways.

Ava heals Player, thanking them and Skuld for showing her the strength of their hearts and apologizing for her deception. Ava proceeds to tell them the truth of the Keyblade War, Ephemer's involvement, and her plan to recruit Keyblade wielders with a strong resistance to darkness to become Dandelions. She invites them to join, and while Skuld immediately agrees, the Player is hesitant. Ava respects their decision but asks that Player and Skuld keep everything she has told them a secret.

In the aftermath, Gula confronts Aced, finding him collapsed in one of the houses of Daybreak Town. Gula tells him about the incomplete nature of their copies of the Book of Prophecies, the contents of the Lost Page, and that the Master tasked him to find and stop the traitor, much to Aced's disbelief and rage. Unable to forgive Gula for silently standing by while the foretellers fought each other, Aced cuts him down with his Keyblade. However, before he can finish Gula off, Ava arrives and begs Aced to stop, who consents and leaves Ava to tend to Gula on her own.

As Aced hobbles through the streets of Daybreak Town, he comes across Ira. Believing that he had come to finish him off, Aced collapses to the ground and requests him make his end swift. However, Ira explains that he will not eliminate Aced, as he wants to fulfill the role he was given by the Master. As it is forbidden to change the events of the future, Ira wants to continue working with Aced to ensure that light lives on, stressing that they cannot afford to lose any of the foretellers. Aced is touched to hear that Ira still considers him to be a comrade and informs him that Gula has the Lost Page and that he has been using it to discern the identity of the traitor. While Ira claimed this to be his role, Aced remains unsure, as he is incapable of forgiving Gula's actions. Advising Aced to keep Gula's role a secret, Ira sets out to find the latter and retrieve the Lost Page.

Knowing that Ira is searching for him, Ava takes Gula into hiding, though Invi quickly discovers them and reports their location to Ira, leading him to confront Ava a few days later. Frightened by the possible consequences, she protects Gula from Ira, who calmly retreats after she asserts her resolve. Returning to Gula's side, she is informed about the ambiguous contents of the Lost Page, which predicts an inevitable betrayal and "the one who bears the sigil", whom he had assumed was Aced. He commends the distraught Ava for her scrupulous behavior, blaming himself for basing his actions on the Lost Page. Determined to find out what the Lost Page truly means, Gula intends to summon Kingdom Hearts to force the Master's return and pleads with Ava to help him with his plan. Although she declines, as summoning Kingdom Hearts is forbidden, Gula respects her decision and goes off on his own.

Ava later chides Invi for worsening the conflict between the foretellers by divulging Gula's whereabouts to Ira, and defends her own actions in assembling the Dandelions by explaining that she is merely following the Master's instructions. Invi apologizes for misinterpreting Ava's actions, and Ava discloses Gula's plan to summon Kingdom Hearts by collecting Lux. They realize that Aced and Ira are also gathering Lux out of fear that Gula is vying for power, and decide to do the same in order to maintain the balance and delay the war, despite worrying that it could hasten the war.

Ava gathers the Dandelions at the Fountain Square and directs them to continue with their continue their preparations to avoid the war by going to the world outside, and entrusts them with the hopes for the future. In a last-ditch effort to avert the Keyblade War, Ava seeks out Luxu to find the Master's whereabouts and have him prevent the war.

As time passes, Player and Chirithy find more Keyblade wielders squabbling with one another over the ownership of light. Despite Chirithy's suggestion that they do not get involved, Player intervenes when they see them draw their Keyblades. Chirithy scolds the wielders for raising their weapons against a comrade and attempts to reason with the them to no avail. Overhearing an argument between Player, Skuld, and several Keyblade wielders from different Unions, Aced lectures the wielders of the importance of trusting their Unions and that a Union's strength is determined by victory rather than Lux. Skuld objects Aced's claims, who notes that she is part of Ava's Dandelions and points out that what Ava is doing with the Dandelions a display of power as well. The player steps forward to challenge Aced, the latter easily defeating the former and disqualifying them as a Keyblade wielder.

When Ira arrives on the scene, he rebukes Aced for raising his Keyblade against another wielder. Despite Aced's attempts to defend himself, he tells Aced that his blood lust that drew him to their location. Aced argues that the Keyblade War is unavoidable, blaming the other foretellers for intensifying the situation. Aced reveals that he intends on unifying all of the Unions and appointing himself as leader once he banished Ira and the other foretellers, but Ira dismisses his foolish plot and warns Aced that his arrogance will lead to his downfall. But Aced states that he will be waiting at the place of the final battle before taking his leave. Once the crowd disperses, Ira affirms that the Keyblade War is unavoidable to Player, Skuld, and Chirithy and tasks Skuld and Player to prepare themselves as he departs, only for Player to fall unconscious.

Elsewhere, Strelitzia is approached by Ava, who selects Strelitzia to become one of five Dandelions to succeed the foretellers as one of the new Union leaders and provides her a collection of laws by which the Union Leaders would be required to follow. That night, Strelitzia begins to have doubts about becoming a Union leader and feels uneasy about abandoning those who are not Dandelions. Realizing that Player is not one of the Dandelions, Strelitzia resolves to find them and convince Player to join the Dandelions to save them from taking part in the Keyblade War.

Chirithy and Skuld manage to bring Player back home to rest. With them asleep, the two discuss the growing tension between the

Unions and conclude the Keyblade War appears to be unavoidable. When they awaken, Skuld voices her concern over the loss of morale amongst the Dandelions since Ava's sudden disappearance. Chirithy recommends they should speak with Gula in regards to Ava's whereabouts. Player and co. find Gula in an abandoned house, and he deduces that they were looking for Ava to avert the upcoming Keyblade War. He also informs them that they cannot change anything and only the Master can stop it, and the missing Luxu might be the one only to know of his whereabouts. When Gula remarks on the similarities between Skuld and Ava, she realizes that Ava is searching for Luxu to find the Master.

On the outskirts of Daybreak Town, Ava locates Luxu and interrogates him. Luxu explains that he is meant to continue on into the future written in the Book of Prophecies and surmises Ava's intentions for seeking him out, but deems her efforts as useless. Furthermore, Luxu states that the Lost Page is a prophecy that the foretellers are not aware of and that it is his mission to inherit its secrets. Ava begins to wonder if everything that has transpired has been of the Master's will and suspects Luxu of being the traitor. Luxu tells her the truth about the traitor, much to her disbelief. Luxu claims that the Keyblade War is unavoidable and ponders if the Master would rather know how his disciples will guide the keys than the fate of the world. Ava, refusing to believe that the Master would choose them over the world, accuses Luxu of taking his advantage of the Master's will. Ava attacks Luxu with her Keyblade, and the clashing of their Keyblades sends a ripple effect throughout Daybreak Town, which tolls the bell that signifies the start of the war.

Meanwhile, Gula recites a passage of the Lost Page to Player and co., explaining that the traitor described on it would be the one to bring an end to the world. He admits that, although they suspected someone, they were unable to stop them. Chirithy questions if Gula should be divulging the Lost Page to them, and while Gula affirms that he should not, he sees it meaningless to hide its contents now that the Keyblade War is near. Hearing the bells of the Clock Tower toll, Gula announces that the war has begun and advises Player and co. to leave, as each Union will likely rally their forces soon enough.

Strelitzia and her Chirithy learn that Player was last seen by an abandoned house and go to investigate, though Player is nowhere to be found. Suddenly, someone comes out from the shadows, attacks both Strelitzia and her Chirithy and stole her book of rules. In her last moments, Strelitzia recalls how she wanted to speak with Player, carrying her Chirithy in her arms as she fades and her heart is released.

After Skuld leaves to be with the Dandelions, the Player asks Chirithy if it will disappear if they do as well, which Chirithy confirms. When Player asks for Chirithy's opinion on the Keyblade War, Chirithy confesses that it does not want Player to fight, though it clarifies it says this as a friend rather than as Player's guide. Ultimately, the Player decides not to take part in the Keyblade War, choosing to join the Dandelions instead. Nightmare Chirithy appears and scorns Player as a coward for abandoning their friends by not participating in the war. Angered by this, Player demands to know who the Nightmare Chirithy is, who reveals that Player has been using the power of darkness via the Power Bangle. Although Chirithy refuses to believe this, Nightmare Chirithy tells its counterpart that this is all according to Master's will.

Chirithy insists that the Power Bangle takes the sins and turns them into light rather than darkness. Nightmare Chirithy contradicts its counterpart's claim by revealing that he also belongs to Player, but differs from Chirithy in that it can act on its own will. Nightmare Chirithy declares that, if Player refuses to take part in the Keyblade War, it will show Player its dream himself and summons the Darklings to battle with Player. Chirithy questions Nightmare Chirithy's motive, the latter proclaiming that Nightmares exist to show people bad dreams, allowing them to sever connections and live freely, a concept that Chirithy is unable to understand.

After Player defeats the Darklings, Nightmare Chirithy absorbs the Darklings and battles Player. The player emerges victorious against Nightmare Chirithy, who reverts to its regular form and begins to fade away. Nightmare Chirithy remarks on how their connection has now been severed but warns them that they will meet in another dream, before fading from existence.

*Kingdom Hearts Union χ*

After the Keyblade War, the Dandelions enter the new world, where they immediately lose all their memories of the old world. Ephemer, Skuld, Ventus, Brain, and Lauriam work together to ensure that the painful memories of the past become buried by new memories, instituting a Union χ to allow more opportunities for new adventures.

As the Dandelions relive the majority of their experiences from the old world, Chirithy reports to Ephemer and Skuld about Player's persisting nightmares of the Keyblade War. While Skuld encourages Chirithy to protect Player from the truth, Ephemer mentions that he senses a different Darkness that he plans to investigate with her. Once Chirithy leaves, she questions Ephemer as to why he told Chirithy about the Darkness, as they likely made Chirithy worry, but Ephemer argues that it affects everyone, and that the more that the new world differs from its predecessor, the more uneasy he feels.

As the new world diverges from the old with the exclusion of the Keyblade War, Player arrives at the Moogle's Shop, which has been flooded by Ferocious Fins. The player joins a party of Keyblade wielders in pursuing the Heartless through the waterways beneath Daybreak Town and search for a way to stop the water flow. When Player encounters the Ferocious Fins again, their new friends opt to stall the Heartless while he searches for the right valve to drain the area. With Player's task completed, they return to their party and work together to destroy the Heartless. Player returns to the Moogle's Shop, but when the Moogle welcomes them to his new shop, Player is unnerved because of their inconsistent memories. But their newfound friends manage to convince them that everything is fine.

The Union leaders decide to celebrate their successes by creating new Spirits for the Dandelions. As a result, Player and Chirithy encounter another Chirithy sent by the Union leaders, who use Chirithy's fur to craft the new Spirit, whose purpose is to further aid Player in battle and help defend them against Nightmares.

After a while Ephemer calls everyone to the tower again with the exception of Lauriam, but from Brain; he receives his support no matter what and proceeds to talk about the Pride Shift. While Brain likes the idea of having a friendly contest, Ven and Skuld opposed it, with Emphemer as the tie breaker, he decides to go along with the

Pride Shift but at a compromise he agrees to let keyblade wielders fight against data copies of each other and everyone agrees. Brain believes that this idea was too clever of him to come with upon his own, he tells the others that the idea came from Lauriam who in turned said that he was looking for someone who was suppose to be a Dandelion and they all wonder who believing their comrade will tell them when he's ready. Seeing that there was nothing in the data; Lauriam suspected that Elrena may know where his sister went since they were union members on occasion but didn't know anything. So the duo asked her Chirithy and from it learned that it was friends with Strelitzia's Chirithy and that she was looking for a certain "someone", to join the Dandelions to save them from the Keyblade War, Elrena's Chirithy also adds that what it saw happened before the bells rang and around the same area they were in. It was there that it saw one of the new Union Leaders leave was Skuld and Lauriam leaves to talk to her, arriving at the clock tower he informs the others that he was looking for his sister Strelitzia but was saddened that she didn't know her at first they believed she may have perished in the war but through Brain's deductive reasoning they realized that's not what happened.

Knowing that Strelitzia was trying to save Player from the war, Ephemer took Lauriam to meet them but was sadden to know that they didn't know her either but advised them to keep her their heart. While Player and Ephemer spend the day together Lauriam returned to Elrena who informed him that she saw what looked liked ghost of his sister; shocked he entered the warehouse calling her but there's no response then, considers that Brain knows way more than what's going on. Back at the clock tower, Brain continues to read the Book of Prophecy intensively which doesn't go unnoticed by Ventus and Brain reveals his goal, and that at the present, they are still following a destructive destiny, one which he intends to overwrite. Mentioning that, even if they succeed, nothing would change, he resolves to become a virus to overwrite that destiny, then leaves for the control room. Meanwhile Ventus and Skuld begin to wonder what Brain was talking about then they suggest asking Ephemer what he thinks but before they could they notice apparitions of Master Ava and the Master of Masters, Ven leaves to check on Brain who is in the Control Room. At the same time Ephemer and Player, begin to notice strange bugs and glitches happening everywhere and head for the clock tower upon making it inside they come across Ventus who was being attacked by Darklings and after dispelling them they all enter the Control Room to talk to Brain.

Despite Brain doing his best to stop the glitches he is met upon by Ephemer, Ventus, and Player; he explains the state of the worlds before and after the Keyblade War. That at first they were real and whole but now have become disconnected. Concluding that the worlds were recreated as data and upon noticing the glitches he suggests that they are within the data version of Daybreak Town. And the glitches are a result of a new world that connected to their world, but doesn't exist in their world or time yet causing them to appear. Though it was impossible for Brain to completely sever the connection, he managed to stabilize it, though they would have to investigate in order to fully understand what's going on so Brain opens the gate leaving Ephemer and Player to explore the new world.

With Ephemer's return, Brain discusses with all the Union leaders they explained the situation and add that they'd pursued Darklings into the new world, and soon after enemies from their world began appearing in this new world, suggesting that the Darklings were responsible. With all of the evidence presented, Brain concludes that they're in the data Daybreak Town, causing Ephemer to ask whether or not there even was a real Daybreak Town, while Ventus wonders if it had been destroyed. Brain assesses that there is no way of knowing as they have been completely cut off from their original world, with no possible way of returning; suggesting this is someone else's plan.

However that wasn't their only problem, while figuring out happened to Strelitzia the new Union leaders discover that there is an imposter in their ranks. So to solve this case, Brain summons his Chirithy to have him collect Ventus and Skuld, meeting Ephemer on the hill overlooking Daybreak Town he unveils that Strelitzia was meant to be one of the new Union leaders and receive the book. And yet aware that it was Ava's doing to change who received the Book of Prophecies, he expressed doubt that it wasn't her intention to change the Union leaders. When the others arrive, he asks them where Ava had told them, they were to become Union leaders hearing that Ven's encounter with her was done near the clock tower as well as entering dim light house and leaving together, rather than on the hill. Suspicious Brain comes clean about how Ventus was never supposed to be one of the new Union leaders, much to his shock as he wasn't aware of this fact, thus proving his innocence. Brain suspects that Darkness posed as Master Ava, killed Strelitzia and gave Ventus her book. Then, Ventus grabs his head in pain where he vaguely sees Strelitzia dying but was comforted by Brain as they plan to tell Lauriam about his sister's intended role back at the clock tower.

The strain of Ven trying to remember puts him in so much stress that he was put in his room to rest, meanwhile Brain was consulting the Book of Prophecies and when asked by Ephemer and Skuld about his innocence. Even though, he didn't know the whole truth, Brain concluded from Ven's description that he was there when Strelitzia disappeared but was unsure who planned it with Ephemer believing it was Darkness. Through their sleeping comrade's dream what Brain and Ephemer had suspected turned out to be true as the Darkness entity although manipulated Ven into taking Strelitzia's place by stealing her rulebook, it was the Darkness entity itself that struck her down with the boy waking up in tears about what happened.

While that was going on unknown to them under Darkness' guidance, Maleficent was led to the data version of Daybreak Town, inside the clock tower into a secret room called the lifeboat, and told her to use one of the pods escape from the data world into the real world. Her escapades were discovered by Lauriam, he tried to stop her but it ends with the witch escaping in one of the pods to the real world, the lifeboat room being destroyed and with Lauriam knocked out until he walks out of the destroyed room.

With Ephemer, Skuld and Brain, discussing things further they were all left with more questions than answers. Especially with trying to figure out what the Darkness' intentions were by replacing Strelitzia with Ventus. However, Ephemer suggested that it maybe studying them so it could come for them as well. Their discussion was interrupted by a furious Lauriam who demanded them to tell him about what happened to his sister. But before they could explain, Ventus comes in terribly admitting that he killed Strelitzia much to the others' protest. With that Lauriam turns his anger and Keyblade on Ven demanding answers but he collapses on the ground as Darkness emerges stunning everyone.

Showing itself to the Union leaders, Brain described it as something from a kid's drawing, while talking with the entity about its intentions, Darkness explains that it is not trying to achieve anything. And yet, with that in mind Lauriam asks why it killed his sister, Darkness explains that it had been an unconscious desire of Ventus's to obtain power, and that they had simply done what was necessary in order to give him that. Enraged, that there was no real reason as to why Strelitzia had to die Lauriam attacks Darkness, but was defeated easily by it in his weakened state. Discussing even more, Brain and the others were shocked to discover that the entity had relations to the Master of Masters and why it had chosen Ventus because he was the one to carry the Darkness as the "fated child" written in the Book of Prophecies. With all the answers, he needed to know Brain summons his Keyblade and battles Darkness alongside Ephemer and Skuld.

The fight continues on until Ephemer is left standing but Brain is still convinced that Darkness isn't still here for nothing and finds out that it was here to transfer a signal of infection. Clarifying the entity said it was just doing it's role based on the book of prophecies, and used Ventus to separate itself from the hive mind of Darkness giving said individual a will of it's own not caring what sacrifice was needed. When Player and the Union Leaders rise up to fight again Darkness remained confident they would lose and as Lauriam spoke of getting out the entity scoffed at them, asking how they would accomplish it. Hearing of them planning to use the lifeboat as Maleficient had the entity ridiculed them for their cluelessness explaining the true purpose of the lifeboat and now with Maleficient's departure, the lockdown and destruction of the data world had begun. Despite them briefly defeating the entity, but with no form it could not be destroyed. Afterwards Ventus awakens using the light within him to dispell the dark creatures. Aware that it used him to give itself a form, he knew could do the same turning the entity into something they can destroy leaving Ven to fight alone.

Once more the Union Leaders were left with more questions than answers and Ventus is left unconscious again, Lauriam apologizes to him for his actions. Then, Elrena arrives with interesting news about her Chirithy seeing one of the former masters with someone else that looked like Streltzia in a white coat, the group was perplexed because all the former masters were gone and of Streltzia's demise. Soon Brain remembered this town was just a copy of the original one not of those who lived in it, aware of Lauriam searching the data before he knew that if data appropriations of Master Ava and Strelitzia appeared then, there were of them as well. More so if Strelitzia's data was with there's then someone must have accessed it suspecting it was Luxu or the Master of Masters, out of time they all head to the Ark room and find five pods left. Noticing that Darkness was right Daybreak Town was being destroyed, but with many trapped the Union Leaders split up, with Brain, Ventus, Elrena and Luariam heading to the real world while Ephemer, Skuld and the Player remind to defend the remaining Dandelions until they could all get out. Before leaving Brain passes down his Master's Defender Keyblade and the Book of Prophecies, assuring it will help when he needs it.

*Kingdom Hearts III*

Sometime after the age of fairytales, Ephemer founded the city of Scala ad Caelum over the remains of Daybreak Town, now described as a "nexus from which all other worlds spring".

The final battle against Master Xehanort takes place in Xehanort's memories of Scala ad Caelum,[ *citation needed* ] following his transformation into a portal as a last-ditch effort by Sora, Donald, and Goofy to trap him. During the battle, Xehanort - now in his armor - twists and contorts the landscape by will. Eventually, the battle takes them underwater beneath the main mountain town, where the four clash around the ruins of Daybreak Town's clock tower, now dilapidated and suspended upside-down, along with the various scattered remains of the town's nearby buildings.

*Kingdom Hearts III Re Mind*

After traversing the hearts of five guardians in his efforts to restore Kairi's heart, Sora passes through Xehanort's portal as a heart, arriving at Scala ad Caelum ahead of his past self. Upon arriving at the Breezy Quarter, he locates a large mechanical device with three levers and four shifting murals - hitting the levers manipulates the murals to turn clockwise. The first mural is a plaque written in an unknown language; the second mural is of Daybreak Town as it once was; the third mural depicts the town experiencing some sort of calamity with only the word "Break" written beneath it; the final mural is of Scala ad Caelum.

It was after the union that the χ-blade was created and the 1st Keyblade War Broke Out. It was a terrible war that tore the world apart. The χ-blade's power was so all powerful and so all-mighty that it was destroyed into 20 pieces - 7 of light and 13 of Darkness.

Me: Wow that's amazing.

Robo Roxy: I don't think that took place in our world.

Me: No it didn't and thank goodness it didn't.

Nico: Does it say anything on the members of Organization XIII?

Me: Yes it does. Both True and Fake. And it even talls all about Xehanort and how he became the way he did.

I showed everyone the history of them.

Xehanort

**Xehanort**, also known as **Master Xehanort**, is a major character in the *Kingdom Hearts* series, and is the central antagonist of the Dark Seeker Saga. Xehanort is the main playable character of *Kingdom Hearts Dark Road*, which takes place during his youth and explores his journey to becoming the Seeker of Darkness.

A Keyblade Master who once taught Ventus, he believes that darkness and light should exist in perfect balance, and for this reason, he seeks to conquer Kingdom Hearts and recreate the worlds according to his wishes. Through his many different incarnations, including Terra-Xehanort, his Heartless Ansem, Seeker of Darkness, his Nobody Xemnas, and the time-travelling Young Xehanort, Xehanort is ultimately responsible for the series of events that repeatedly threaten the worlds with destruction, including the mass release of Heartless into the Realm of Light, the creation of the Nobodies and Organization XIII, and the formation of the real Organization XIII. He has also brought tragedy to many that have crossed his path, including Sora, Riku, Kairi, Terra, Ventus, and Aqua.

## Before *Kingdom Hearts Dark Road*

Long before Xehanort existed he was referred to in a prophecy by Luxu, who knew that one day a chosen one who will reenact the Keyblade War will appear in the cycle of bequeathing that the No Name Keyblade would go through.

Xehanort was born in Scala ad Caelum. After his birth, the heart of a Keyblade wielder from the Age of Fairytales who fought in the Keyblade War merged with his newborn heart. As an infant, Xehanort was given away to a cloaked figure and brought to Destiny Islands, where he grew up and lived a seemingly ordinary childhood. However, Xehanort sought to leave the islands, viewing them as small and uneventful, in order to see the greater world beyond, largely due to recurring dreams that gave him glimpses of worlds and individuals he had never seen or met before.

## *Kingdom Hearts Dark Road*

One day, as a young teenager, Xehanort was paid a visit by his future self's Heartless, Ansem, offering Xehanort passage out of Destiny Islands to seek the answers to the dreams he kept having. Xehanort accepted and left through a dark corridor. Though his name was forgotten over time, Xehanort's exploit of managing to leave Destiny Islands would be remembered for years.

While traveling through the dark corridor, Xehanort experienced his first encounter with darkness; extreme, negative emotions that began to overwhelm and attach to his heart. Despite the horrifying and overpowering nature of the darkness, Xehanort was greatly fascinated by it and took some level of comfort in his heart's capacity to continue to feel emotion. As recounted in his reports years later, Xehanort believed even at this point that darkness could be channeled and even controlled by a strong enough heart. The dark corridor eventually dropped Xehanort at Scala ad Caelum, where he was taken in by Keyblade Master Odin, becoming his seventh apprentice. During the course of his training, Xehanort eventually came to see his fellow pupil Eraqus as a brother. The two often spent their time playing chess between training. The Master taught Xehanort and his fellow classmates the ways of the Keyblade, and that their role as Keyblade wielders was to protect the worlds of light from darkness. However, this answer was unsatisfactory to Xehanort, and he often visited other worlds without permission to learn more. Initially, Xehanort wore Keyblade Armor during his travels, to protect himself from the darkness between worlds.

One day Master Odin informed everyone that the upperclassmen of Keyblade wielders had gone missing, including the sister of a fellow classmate, Baldr, and that his apprentices were to split into two groups to search the worlds. Xehanort traveled with Eraqus and another apprentice, heading to Agrabah first. Xehanort quickly realized that the world was still being reborn from the destruction of the Keyblade War, as no humans were in the world. Their search continued to Wonderland, where they avoided the insanity of the Queen of Hearts, but left Xehanort pondering if slaying those controlled by darkness is also necessary to protect the world.

Four years later, Xehanort visited the graves of his four fallen comrades. Eraqus tells him their demise wasn't his fault. However, Xehanort reveals his plan to go out into the worlds to learn more before their Mark of Mastery exam; Eraqus tells him to be back before the exam. This trip took Xehanort to Wonderland, where time had barely passed since his first visit. Still seeing the Queen of Hearts being influenced by darkness, Xehanort willingly approached her.

Between *Kingdom Hearts Dark Road* and *Kingdom Hearts Birth by Sleep*

Ansem later visits Xehanort again and grants him the power to traverse time and tasks him with gathering twelve other incarnations of himself from across time to form the Real Organization XIII for his future self's final plans to obtain the power of Kingdom Hearts. After carrying out his duties in the future as "Young Xehanort," the youth eventually returns to his proper place in time and, while the rules of time travel prevent him from keeping his memories of his travels, the experiences he gained were engraved in his heart and would act as subconscious guidance for himself in the years to come.[6]

Eventually, the time drew near when both Xehanort and Eraqus would finally take their Mark of Mastery exams. To prepare for the exam, Xehanort was tasked to tour the various worlds to broaden his horizons. By this point in time, Xehanort had come to see the power of darkness as a necessity to wield if he were to be seen as an equal to Eraqus, a blueblood descended from the first keyblade wielders that comprised the Dandelions, and sought the means to wield both light and darkness in perfect balance. In the course of this pilgrimage, Xehanort met The Master of Masters, who gave him a black coat to use as an alternative method to ward off darkness and better observe the nature of the worlds. After seeing the darkness hidden within the worlds, Xehanort became disillusioned with the "false light" of the world that concealed the dark and decided to do what he could to change it, unaware that he was being driven by a subconscious memory of the future. Despite wishing to use the black coat, Xehanort was told by the Master that if he possessed true strength, the darkness would pose no threat to him; the Master then departed after revealing his true name. True to the Master's belief, Xehanort abandoned both his original Keyblade Armor and the black coat after feeling the darkness's power in the lanes between. Through his lack of fear of the darkness, Xehanort gained great power.

Eventually, both Eraqus and Xehanort became Keyblade Masters, and Eraqus was chosen as the Master's successor; Xehanort was chosen to inherit the No Name Keyblade. The newly titled Master Xehanort was free to take on apprentices of his own to train, and he traveled the worlds freely.

As he journeyed, Xehanort obtained vast knowledge concerning Keyblade lore, the Heartless, and the mysteries of the Keyblade War and Kingdom Hearts. Over the years, Xehanort's beliefs that darkness and light were meant to be in balance were further reinforced, believing that the "tyranny" of light had destroyed much of the darkness and shifted that balance. He, therefore, resolved to obtain the power of Kingdom Hearts so that he may create a World in balance. To that end, he sought to recreate the legendary χ-blade and begin a new Keyblade War. By this time, however, Xehanort had grown very old, and he devised a plan to use his Keyblade to extract his own heart and transfer it to a younger body to prolong his life until his ambitions were fulfilled. At one point, Xehanort discussed his ideas about the Keyblade War with Eraqus, who attempted to dissuade him from risking a new apocalypse for the sake of gaining knowledge. When Eraqus tried to stop him by force, Xehanort used his power of darkness to easily fend him off, scarring his face in the process.

Eventually, Xehanort encountered Ventus, who he took on as a pupil. Finding Ventus unsuitable as a vessel, he decided to use the boy in his plan to create the χ-blade. After failing to stimulate Ven's darkness during a training exercise in the Badlands, Xehanort forcibly extracted the darkness from his heart, creating Vanitas. Ven's heart was badly damaged in the process, and Xehanort brought him to the Destiny Islands to die in peace, but Ven showed signs of recovery after his heart connected with that of the newly born Sora. In order to strengthen Ven's light and keep him separated from Vanitas, Xehanort brought him to Eraqus at the Land of Departure and requested that he take care of Ventus and train him as a Keyblade wielder. His hopes were that Eraqus's dedication to the light would nurture Ventus and make him equal in strength to Vanitas so that they could one day fight each other, forging the χ-blade. Despite how they had parted ways, Eraqus readily accepts Xehanort's request, taking Ventus as an apprentice, to be trained along with Terra and Aqua. While there, Xehanort noticed Terra's desire for power, and he decided to make Terra his new vessel.

*Kingdom Hearts Birth by Sleep*

A few years later, Master Eraqus invites Master Xehanort to the Land of Departure to witness Terra and Aqua becoming Keyblade Masters. Xehanort accepts, but he hints that Terra has the potential for darkness and suggests Eraqus administer a Mark of Mastery exam to the two apprentices. During the exam, Xehanort subtly uses darkness to affect the Orbs of Light and nudge Terra's darkness during his spar with Aqua. At the end of the exam, Eraqus names Aqua as Master, telling Terra that he failed to keep his darkness in check. Meanwhile, Xehanort leaves the building, passing by Vanitas, who tells him that Terra is the key to luring Ventus away from home. Outside, Xehanort tells Terra that he should not fear his darkness, and that he should learn to channel it instead. He then leaves via a Corridor of Darkness, making himself unavailable when Eraqus tries to contact him about the Unversed threat. Master Eraqus tasks Aqua and Terra with countering the Unversed and locating Master Xehanort, and Vanitas manipulates Ventus into following Terra.

During his travels, Master Xehanort meets the evil fairy Maleficent, and he informs her of the existence of other worlds, the Princesses of Heart, and Kingdom Hearts. He also tells her that the Keyblade is necessary to take others' hearts, and warns her of the three Keyblade wielders that would follow him to her world.

Some time later, Master Xehanort summons Terra to the Keyblade Graveyard, where he tells him of Vanitas and his connection to the Unversed. He explains that he created Vanitas after Ventus succumbed to darkness in a training accident, and he asks Terra to stop Vanitas for him, suggesting that he may be drawn to Radiant Garden, the city of light.

After arriving at Radiant Garden, Terra spots Master Xehanort walking into the Castle Town, but he is distracted from following him by a giant Unversed. Xehanort strikes an alliance with Braig, and they stage Xehanort's kidnapping in order to manipulate Terra into using darkness. Braig faces Terra in battle, and Terra accidentally channels his darkness, scarring Braig's face and forcing him to flee. Xehanort consoles the distraught Terra, offering to take him under his wing, so they may pursue a balance between light and darkness together. He tells "Master Terra" to continue his journey and his search for Vanitas.

After Terra leaves Radiant Garden, Braig attempts to gun Master Xehanort down, furious at being set up as "collateral damage", but Xehanort easily forces him to back down. When Braig remarks that a scarred face is better than a lost heart, Xehanort reveals that Terra is incapable of stealing a heart, implying that he himself was the one who stole Aurora's heart.

Later, Master Xehanort has Vanitas abduct Mickey Mouse to lure Ventus to the Keyblade Graveyard, where he reveals to Ventus the truth about his past and his plans to create the χ-blade. He adds that Master Eraqus has kept Ventus from venturing away from the Land of Departure in order to prevent the creation of the χ-blade, and that he never trusted Ventus enough to tell him the truth. Xehanort summons a dark vortex that sends Ven to the Land of Departure, expecting him to confront Eraqus. He then calls Terra to him, telling him that Ven went to confront Eraqus on his own, and that he fears for Ven's safety. He sends Terra after Ventus, and Terra arrives in time to protect Ven, throws him through a portal to safety, and defeats Eraqus in battle. Although Terra and Eraqus both regret their actions, Xehanort appears and delivers the final blow against Eraqus, who dissolves into light in Terra's arms. Revealing his true intentions to Terra, for him to succumb to darkness, Xehanort tells Terra to return to the Keyblade Graveyard, where he will see Ventus and Aqua meet their ends. He then summons his Keyblade and uses it to unleash darkness on the Land of Departure, completely destroying the world and leaving nothing but the castle's remains, before departing.

Terra, Ven and Aqua arrive at the Keyblade Graveyard, where Master Xehanort and Vanitas confront the three Keyblade wielders. Xehanort uses his immense magic to alter the landscape, summoning giant cliffs and creating a whirling stream of abandoned Keyblades that pursues the three friends. Terra is knocked onto the cliff where Xehanort stands, Ventus tries to attack him from behind, but Xehanort instantly moves behind Ven and grabs him by the helmet of his Keyblade Armor. Terra is knocked off the cliff by the flying Keyblades while Xehanort flash-freezes Ventus and drops him off the cliff. Xehanort then creates an orb of magic which he launches into the clouds overhead, summoning Kingdom Hearts in the sky.

Terra returns to the top of the cliff and faces off against Xehanort and Vanitas, but Xehanort soon sends Vanitas to fight Ventus, leaving Xehanort and Terra to fight one-on-one. Xehanort goads Terra into tapping into his darkness, and Terra successfully defeats the elderly Master. While the battle between Ventus and Vanitas climaxes in the χ-blade's forging, Xehanort uses his Keyblade to extract his own heart and implant it into Terra, declaring his vow to survive to see the results of the Keyblade War. Terra-Xehanort is converted from Terra's body, with his old body fading away in a shower of light with a triumphant smile.

*Blank Points*

Master Xehanort and Terra continue to dispute over internal dominance within Terra-Xehanort. Despite Xehanort's insistence that he will soon subsume Terra's heart into his own, Terra remains confident that he will win over and eventually expel Xehanort. Xehanort realizes that Terra is harboring the heart of Eraqus, which may allow him to resist his darkness for longer than he expected. However, Xehanort serenely points out that he has many other plans in the works should he lose control over Terra's body.

Between *Kingdom Hearts Birth by Sleep* and *Kingdom Hearts II*

Anticipating that Ventus and Vanitas's union may fail to successfully create the χ-blade, Master Xehanort had arranged a number of back up plans: Braig took the role of advisor and comrade for Terra-Xehanort, who had lost his memories except for his name following his fight with Aqua in Radiant Garden. With Braig's guidance, who led Radiant Garden's ruler, Ansem the Wise into discovering Terra-Xehanort and taking him in as an apprentice researcher, he and the amnesiac Terra-Xehanort began conducting experiments into the nature of the heart and the darkness within, in the attempt to remove one's sense of self. The two recruited other apprentices to assist in their research, which eventually led to the mass release of Heartless into the Realm of Light, which Terra-Xehanort marked with an emblem. Having banished Ansem the Wise to the Realm of Darkness and taking Ansem's name for himself, Terra-Xehanort and the other apprentices continue their experiments until they lose their hearts to darkness. Terra-Xehanort, recovering the use of his Keyblade, takes Braig's heart himself, before giving his own heart, creating his Heartless Ansem, Seeker of Darkness, and his Nobody Xemnas.

Ansem and Xemnas each carry out a part of Xehanort's plan: Ansem manipulates Maleficent into gathering the seven Princesses of Heart, while Xemnas and Xigbar found Organization XIII with the intent to turn its thirteen members into vessels for Xehanort's heart. But anticipating that the Organization members would prove unsuitable as vessels, Ansem travels back in time due to lacking as body and approaches Xehanort in his youth, granting him the ability to move forward in time and tasks him with gathering many incarnations of himself from throughout time.

In the meantime, Ansem and Xemnas each attempt to obtain the power of Kingdom Hearts. Ansem manipulates the Heartless into consuming the hearts of many worlds which created Kingdom Hearts in the End of the World's depths from the lost hearts, while Xemnas had Roxas and Xion collect hearts from Emblem Heartless and later manipulated Sora into doing the same which created Kingdom Hearts above The World That Never Was' sky from people's hearts. However, their plans are both thwarted by Sora and his friends, and both incarnations of Xehanort are destroyed.

### *Kingdom Hearts coded*

When Mickey returns to the Mysterious Tower, Yen Sid explains that the destruction of Ansem and Xemnas will inevitably lead to Xehanort's resurrection. Musing that Xehanort will have left himself many paths to take and cryptically suggesting that there may be more than one version of Xehanort to contend with, Yen Sid instructs Mickey to summon Sora and Riku to the tower to take the Mark of Mastery exam.

At the same time, Terra revives separately from Master Xehanort. Xehanort had Terra's heart moved to the Dark Figure and then Terra-Xehanort's heart from the past infused into Terra's empty body. Following this, Young Xehanort arrived in Radiant Garden to return Braig and another former member of the Organization to Nobody state.

### ***Kingdom Hearts 3D: Dream Drop Distance***

As part of Master Xehanort's plan to fill the thirteenth seat in his new Organization, his incarnations intefere with the Mark of Mastery

Exam to capture either Sora or Riku. Once Sora is put to sleep under a Nightmare's guard, Master Xehanort calls the Organization together. While he is materializing, Young Xehanort keeps Riku at bay. However, Mickey freezes the Organization with Stopza. Unfortunately, Master Xehanort possesses the body of his younger incarnation, allowing him to move and to summon a Keyblade, holding off Riku until Mickey's magic wore off.

Master Xehanort arrives, admitting using only two hearts to create the χ-blade was too hasty. He reveals the χ-blade was divided at the conclusion of the Keyblade War into thirteen darknesses and seven lights. To gather the amount of hearts he needed, he tricked Maleficent into gathering the seven pure lights and created the Organization to hold pieces of his heart to serve as the thirteen darknesses. Due to Sora and Riku's interference and the unforeseen independence or weakness of a number of Organization members, the two-part plan had failed. However, having given Young Xehanort the ability to travel through time, Xehanort has brought about the creation of a new Organization XIII made up of himself, his other incarnations, and vessels that harbor pieces of his heart, which he intends to pit against the "Seven Lights".

Xehanort moves in to place a fragment of his heart inside Sora, but the arrival of Lea, Donald, and Goofy stalls the Organization long enough that they are forced to retreat, each member returning to his own time. As Master Xehanort fades, he tells his opponents that both the seven of light and the thirteen of darkness will have their numbers filled when the time comes.

Although Yen Sid and Mickey agree that they will be playing into Xehanort's hands, they resolve to gather seven Keyblade-wielding Guardians of Light, rather than endanger the Princesses of Heart.

### *Kingdom Hearts III*

After Ansem, Xemnas, Dark Riku, and Vanitas vanished back into their respective pasts, Master Xehanort retreated to the Keyblade Graveyard with Saïx and Xigbar; Terra-Xehanort left on stand by, Luxord went looking for the Black Box, and Marluxia and Larxene went looking for the New Seven Hearts.

After reminiscing about his meeting with the Master of Masters, Xehanort discusses with Xigbar and Saïx how they would fill the second half of their new Organization. Saïx explains that they would turn Vexen and Demyx back into Nobodies to serve as reserve members, refine the replicas for housing the time traveling hearts, and recreate the lost replica No i to take Sora's place, as it is connected to the Sora's memories. Kingdom Hearts III Re Mind

Once all the seven guardians have been found they travel to the Keyblade Graveyard where Xehanort waits. He appears alongside Ansem, Xemnas, Vanitas, and his younger self, giving a similar speech to the one he gave Eraqus many years ago. The group summons a massive horde of Heartless, Nobodies, and Unversed to stall the guardians before departing.

Once the guardians make it back to the Keyblade Graveyard, Xehanort and the rest of the real Organization XIII confront them at the crossroads where he once confronted Terra, Aqua and Ventus. He states that the secrets of the Keyblade War will finally be unlocked, then summons No Name and creates a sprawling labyrinth known as The Skein of Severance as the battleground for the final clash, signifying the beginning of the war. Xehanort himself remains on a larger pillar behind the labyrinth to observe the coming battles.

After defeating nine of the thirteen darknesses, Sora, Riku, and King Mickey arrive at the Tower of Endings at the end of the labyrinth, where they are confronted by Young Xehanort, Ansem, and Xemnas. Xehanort informs them that the nine clashes beforehand have produced nine keys, taking the form of the No Name and that the remaining four will be forged with the final four battles, waving off the heroes' hopeful protestations. Young Xehanort, Ansem, and Xemnas then attack the group.

After a difficult battle, in which Master Xehanort frequently interferes via a storm of Keyblades, his three past selves are defeated, yielding three keys. He declares that only one more key is needed, uses No Name to summon Kingdom Hearts, and beckons Sora to battle him. While Sora initially refuses, Xehanort reveals Kairi and destroys her body to motivate Sora. Sora, Riku, and Mickey all attempt to attack Xehanort, but are easily repelled.

As the thirteenth key appears, Xehanort rises into the air and points No Name at Kingdom Hearts. The thirteen keys forged by the clashes combine, transforming No Name into the completed χ-blade. With the χ-blade finally in hand, Xehanort bids Kingdom Hearts to open and show him a new world. A ray of darkness emanates from the χ-blade and strikes Kingdom Hearts, consuming it with darkness.

Sora doubts that they can defeat Xehanort now that he controls Kingdom Hearts, but is reassured by the arrival of the rest of the guardians of light. Riku states that as Xehanort can travel through time, he acts as a portal, which can be used to trap him. Sora volunteers to stop Xehanort, aided by Donald and Goofy, while everyone else keeps Kingdom Hearts under control. Sora surprises Xehanort by opening the portal within him, transporting the four of them to a memory of Scala ad Caelum.

Unbeknownst to the guardians, Xehanort takes seven fragments of Kairi's surviving heart and scatters five of them across Scala ad Caelum, having hidden the remaining two within the hearts of Riku and Mickey, all as a final resort to ensure Kingdom Hearts can be opened through the power of the Princesses of Heart. During this time, Xehanort encounters a future version of Sora, who has used the power of waking to travel from the past and restore Kairi's heart. Noticing that Sora is beginning to fade from existence as a consequence of his power, Xehanort taunts that Sora has nearly run out of time as his present counterpart arrives with Donald and Goofy. Kingdom Hearts III Re Mind

After Sora defeats the Replica Xehanorts, Xehanort appears again and explains that Scala ad Caelum used to be the seat of power for all Keyblade wielders, and that he and his other selves can reunite here. Xehanort proceeds to absorb the replicas, granting him a set of Keyblade Armor. Summoning No Name, he proceeds to reshape the world to trap Sora, Donald, and Goofy, and engages them in battle. After a grueling battle both within the town and under its waters, Xehanort's armor is destroyed, but he escapes through a Corridor to the peak of the town. Sora, Donald, and Goofy pursue him to the tower, where he summons the χ-blade, summons Kingdom Hearts once again, and challenges the three to a final battle. Eventually, Xehanort uses the power of both Kingdom Hearts and the χ-blade to nearly slay Sora, but he is called back by Donald and Goofy. Together, they use the Keyblade and the power of friendship to break through Xehanort's attack and deal a blow that pierces Xehanort through the chest, mortally wounding him.

Sora urges Xehanort to admit defeat, but Xehanort states that it's too late. Xehanort reveals that Kingdom Hearts will trigger a purge, destroying all Worlds and returning them to their original state, giving them a new beginning where he may shepherd all those who would pollute the world with the darkness that sprouts endlessly within their hearts. Sora rebukes him, stating that a true leader would know that destiny cannot be controlled, reminding Xehanort of Eraqus.

The rest of the guardians of light arrive, having followed their hearts to find Sora. Terra approaches Master Xehanort and reminds him that there's more to light than meets the eye, causing Xehanort to remember that Eraqus's heart has been with Terra all along. Eraqus emerges from within Terra and tells Xehanort to hand the χ-blade over. Xehanort initially refuses to admit defeat, but Eraqus declares checkmate.

Finally accepting that he has lost, Xehanort hands the χ-blade to Sora. After silently observing the reunion between Terra, Aqua, Ventus, and Eraqus, he finally succumbs to his injuries, but is supported by Eraqus before he collapses. Eraqus asks his old friend if he is ready, and Xehanort assents. The two briefly take on the appearances of their past selves, share one last laugh, then finally depart for the afterlife together.

### *Kingdom Hearts Melody of Memory*

When Kairi finds herself in a memory of the Final World, she encounters a vision of Master Xehanort. As the two fight, Xehanort admits Kairi has grown as a Keyblade wielder but gloats that she will be unable to find clues to Sora's whereabouts in her current state. He overpowers her and nearly delivers the final blow, but Sora takes control of her body and defeats him, restoring the final fragment of her heart to her body. Before disappearing, Xehanort gives her a clue to Sora's whereabouts by recounting the words he, as Terra-

Xehanort, had told her before sending her away from Radiant Garden.

## Xemnas - The Superior of In-Between

**Xemnas**, also known as the **Superior of the In-Between**, is the Nobody of Terra-Xehanort and a major antagonist of the *Kingdom Hearts* franchise. He first appeared as a secret boss in *Kingdom Hearts Final Mix* before making his official debut as the main antagonist of *Kingdom Hearts II* . Since then, he reappeared as the overarching antagonist in *Kingdom Hearts 358/2 Days* and *Chain of Memories*, one of the main antagonists in *Kingdom Hearts: Dream Drop Distance* as well as one of the secondary antagonists in *Kingdom Hearts III.*

He is Rank I in the original Organization XIII and the commander of the strongest breed of Nobodies, the Sorcerers. He also wields twin Ethereal Blades and the power of nothingness.

He is voiced by Paul St. Peter (who also voiced Kurama from *Naruto* ) in the English version, and Norio Wakamoto in the Japanese version.

Ansem the Wise started to research the Heartless with an apprentice named Xehanort, who is actually the body of Terra converted into an amnesiac vessel by Master Xehanort. When Ansem decided to stop his research, spurred by the memories of his previous incarnation, Xehanort continued the research with the aid of Braig, Master Xehanort's accomplice, to find a way to manipulate the mind through the heart. While working on this project, using his No Name Keyblade on Braig and the other apprentices they duped into helping them, Xehanort intentionally separated his heart and body: Creating the Heartless that calls himself "Ansem" and the Nobody Xemnas.

## Plan

Xemnas, as one of the rare and strong Nobodies that could think and function like a human, made a plan set up by his previous incarnation. With the aid of Xigbar, the Nobody of Master Xehanort's accomplice Braig, Xemnas gathered the special case Nobodies of the residents of Radiant Garden to join him and Xigbar as the first eight members of Organization XIII: Xaldin, Vexen, Lexaeus, Zexion, Saïx and Axel. From there, his forces recruited Demyx, Luxord, Marluxia, and Larxene while he personally recruits Roxas as their final member. A few days after finding Roxas, Xemnas battled Sora at Hollow Bastion and used some of the memories he took to have a replica of him created. That replica, Xion, was made an unofficial member of the Organization as both she and Roxas were used to gather hearts to provide Xemnas with his personal Kingdom Hearts.

However, with only Xigbar knowing the truth, Xemnas's goal is to collect 11 "empty vessels" to hold a piece of Master Xehanort's heart, which would be achieved by connecting them to Kingdom Hearts. But the plan fell apart when all the members deployed to Castle Oblivion were defeated with Marluxia and Larxene conspiring against him in their attempt to take over the Organization along with the defection of Xion, Roxas and Axel half a year later. Regardless, Xemnas continued with the plan as he encouraged Sora to kill as many Heartless as possible before Ansem's interference severely crippled Xemnas's plans. In the end, Xemnas fused with his Kingdom Hearts and battled Sora and company in a fierce battle, but Xemnas ultimately perished.

### *Dream Drop Distance*

Due to Young Xehanort's time-traveling, Xemnas comes back as a member of the True Organization XIII. He taunts Sora with knowledge of his heart and the idea of Nobodies having hearts, ultimately revealing the true goals of the Organization. After fighting and being defeated by Sora, Xemnas leaves Young Xehanort to take Sora in. Back in the real world, Xemnas watches as Master Xehanort revives, but is forced to leave when Lea arrives.

### *Kingdom Hearts III*

Xemnas returns in *Kingdom Hearts III* as one of the higher ranking members of the Real Organization XIII. He first appears in Twilight Town with Ansem, toying with Sora about his efforts to bring back Roxas, coercing him to give in to the darkness. Both Xemnas and Ansem are later warned by Xigbar not to get too carried away in toying with Sora as he had defeated them several times in the past.

Xemnas also debriefs Demyx, Luxord, Marluxia, and Larxene, all members from the previous Organization, as he reveals to them why he chose them to return; their connection to the Keyblade legacy. Xemnas appears with the Real Organization XIII during the Second Keyblade War, first with Saix and Xion. But when Xion defects a second time, Xemnas prepares to strike her and Axel down for their treachery (especially Axel given his role in the previous Organization for eliminating traitors) until Roxas arrives in the nick of time. Unbeknownst to him, Saix was later revealed to have worked behind the scenes against him for his plot for atonement (alongside Vexen and Demyx). Angered, Xemnas kidnaps Kairi and brings her to Master Xehanort. Sora, Riku, and Mickey confront Xemnas, Ansem, and Young Xehanort after defeating the other members. Once Xemnas is defeated, he has his first real feeling in years; loneliness. He states he took the previous Organization for granted and that having a heart is nothing but pain. When Sora says that's part of being human, Xemnas concedes that it must take incredible strength before fading away for good.

*Kingdom Hearts Final Mix*

Xemnas, known as the **Unknown** in this game, appears as a secret boss in Hollow Bastion. He manifests after Sora arrives in the End of the World in the same room Maleficent was defeated in.

At the start of this battle, Xemnas initially attacks with three attacks: twin spirit bombs, an Ethereal Blade combo, and a damaging shield. However, as his health dwindles, he begins to fire his Ethereal Blades at the party, teleporting along the way, and eventually charging himself with energy and firing rays of nothingness. His most infamous attack involves cursing Sora and draining his health. The only way Sora could break free is to choose **Release** in a rapid roulette.

*Kingdom Hearts II* First battle

Before fighting Xemnas as the final boss, he tests Sora in a one-on-one fight. At the start of the fight, he curses Sora with an aura that drains his health. Sora should go to the top of the Memory's Skyscraper and use the Reaction Command "Facedown" to break free.

When colliding with Xemnas as he falls from the building as Sora is moving up, three Reaction Commands will appear over time, the first of which, "Clash", will cause Sora to pass Xemnas harmlessly. The second one, "Breakthrough", will cause Sora to attack Xemnas with a single attack, while the last one, which appears at the last second, will cause Sora to attack Xemnas several times and slam him into the skyscraper. Xemnas fights by teleporting around Sora, using Guard to repel Sora back and make himself temporarily invincible and swings his Ethereal Blades in perfect unison to constantly attack Sora.

After the test Xemnas calls upon the power of the hearts to help him get stronger and he leaves. Afterward, Kingdom Hearts opens the door to Xemnas, marking a point of no return.

## Final battle phase 1

After Sora opens the door and enters he has to go through a series of challenges before getting to Xemnas. After the trials are over, Sora and party find Xemnas at the top of a robotic dragon sitting on a throne in full body armor. He uses a sword that attacks whoever touches it at least five times then sends them flying. He also uses the Guard ability to keep the party from attacking. After he is defeated, Sora and party find themselves back at the tower that they were at originally, and think they have won. A portal is created to help everyone get back to safety when Xemnas keeps Sora and Riku from getting through.

## Final battle phase 2

When Sora and Riku find themselves trapped on a little Nobody ship, Xemnas sends his dragon and Nobodies to attack them. After bringing the dragon down, Xemnas takes them to another place in space. While the fight is the same as the previous one he launches Sora to the farthest place in the stage and sends lasers after him. Also, while Sora is fighting Xemnas, Xemnas has the ability to use all of the other Organization member's powers at the same time.

## Final battle phase 3

Xemnas takes his gloves off in this last fight against Sora and Riku.

He has the ability to teleport, to melt into the ground, and to fly. He constantly attacks Sora with lasers and lighting and sets off a huge series of Reaction Commands that Sora needs to complete to receive little to no damage.

Throughout the fight, Xemnas will make a copy of himself to confuse Sora and will have the second act as a decoy. Late in the fight, Xemnas will capture Sora in an inescapable ray and Riku has to free Sora while fighting off the second Xemnas. On his last health bar, Xemnas will unleash his ultimate attack.

The battlefield will turn dark and Sora and Riku become surrounded by lasers on all sides. Sora and Riku have to deflect the lasers for a few seconds and one mistake in blocking the lasers will result in certain death. After Sora and Riku successfully defend against all the lasers, Xemnas starts to attack Riku, who is saved by Sora. Then, Sora and Riku together attack Xemnas with the unlocking beam of the Keyblade that goes through him. After the strike, Xemnas is paralyzed leaving Riku and Sora with an easy finishing move. Xemnas curses the Keyblade and passes with his hand stretched out toward Sora and Riku and breaks into nothing.

### *Kingdom Hearts 3D: Dream Drop Distance*

Xemnas is Sora's final boss, but not the game's final boss. Here, he reprises his old attacks, like roundhouse kicks, Ethereal Blade combos, barriers, and Ethereal Blade projectiles. However, he now has the ability to trap Sora in a cage of barriers, and can hurl skyscrapers at him.

### *Kingdom Hearts III*

Xemnas, Young Xehanort, and Ansem confront Sora, Riku, and Mickey as the game's antepenultimate bosses, with faraway assistance from Master Xehanort.

## Xigbar - The Freeshooter

**Xigbar**, the **Freeshooter**, is the second member of Organization XIII and the secondary antagonist of the *Kingdom Hearts* series, acting as one of the secondary antagonists of *Kingdom Hearts II* , *Kingdom*

*Hearts 358/2 Days* and *Kingdom Hearts 3D: Dream Drop Distance*, and a major antagonist in *Kingdom Hearts III* .

Though his history with Sora was short, Xigbar had a much longer history with Master Xehanort and Keyblades in general as he saw Sora to be nothing compared to three Keyblade users he encountered through his original self **Braig** ages ago. *Kingdom Hearts III* reveals that he is the current vessel of Luxu, one of the Master of Masters' apprentices (alongside the Foretellers) from *Kingdom Hearts χ* . He reclaims his Keyblade after Xehanort's defeat and summons his fellow Foretellers.

He is voiced by James Patrick Stuart in English, and Hōchū Ōtsuka in Japanese.

Xigbar was once Luxu, an apprentice to the Master of Masters. One day, before the Master disappeared, he bequeathed Luxu a Keyblade engraved with his Gazing Eye and instructed him to pass the Keyblade on from apprentice to apprentice. However, Luxu was also ordered to keep watch over the Keyblade until a fated "Dark Master" appears to reenact the Keyblade War, passing his heart from body to body. Eventually, Luxu discovered this Dark Master, Master Xehanort, and decided to ally with Xehanort in order to see the Keyblade War through and reunite with the Foretellers.

As Braig, Luxu works as an apprentice of Ansem the Wise in Radiant Garden, and poses as a braggart seeking the Keyblade's power to join Xehanort's side. Braig is offered the ability to use a Keyblade in return for his help in convincing Terra to use the powers of darkness. However, using a staged kidnapping to their advantage, Braig ends up being scarred in the resulting fight with his left eye permanently damaged. After Terra left, a furious Braig attempts to shoot Xehanort from behind for his injuries. But Braig is put in his place as Xehanort tells him they need to make Terra succumb to the darkness while performing his end of their pact. After fighting Aqua in the Keyblade Graveyard to give Xehanort time for his plan to come together, receiving a venomous flare from Ventus he never forgot, Braig fled back to Radiant Garden where he brought Ansem the Wise to Xehanort, now within the vessel that was originally Terra's body.

However, Braig later approaches the new Xehanort, now an apprentice under Ansem, and is dismayed to find that he does not recognize him, and Braig's attempts to help Xehanort remember prove only to annoy him. Braig nevertheless says in a friendly manner that he's got Xehanort's back, having been entrusted with Master Xehanort's back-up plan to use Ansem's research to devise a means of mind control. But in the process, they end up introducing Heartless to the Realm of Light. Sometime soon after, finding Xehanort with his previous incarnation's Keyblade, Braig asked if he is truly Master Xehanort before his heart was removed from his body. However, having a strong will, Braig's Nobody Xigbar came into being and became Xemnas's number II in the newly formed Organization XIII.

### *Kingdom Hearts 358/2 Days*

Xigbar appears for the first time chronologically in *Kingdom Hearts 358/2 Days* . Present when Xion joins the Organization, he is shocked when his seemingly good friend, Demyx, reveals the annihilations that took place at Castle Oblivion. Later joining Roxas on a recon mission to Agrabah, they overhear Aladdin and Jasmine discussing the rebuilding of their city after many sandstorms strike. The Freeshooter later challenges Roxas at Olympus Coliseum when he first enters the Games, claiming to "care about his future" after the defeat of a Guard Armor at Roxas' hand. Xigbar later discussed the defaulting Xion with Xemnas and Saix in Where Nothing Gathers, later challenging "Poppet" himself in Wonderland. Xigbar then sees Xion as Ventus, and Xion is able to quickly strike Xigbar down with the power she was unknowingly sapping from Roxas.

### *Kingdom Hearts II* Appearance at Hollow Bastion

Not long after arriving in Hollow Bastion and reuniting with Aerith, Leon and Yuffie, Sora engaged a number of Dusk Nobodies in battle around the city. After being led away from the main town, Sora, Goofy and Donald heard voices mocking them, but could find no source for them. After Sora demands that they show themselves, the remaining Organization members (having lost five members due to deaths and two others due to desertion) materialize, laughing. Though they are hooded, they are recognizable as the Organization from the description given to Sora and his companions by Yen Sid.

The Organization eventually departs, but Xigbar, still cloaked and hooded, stays behind to taunt Sora further, making them feel anxious about the power of the Organization. He also openly compares the similarities between a look Sora gives him and one given to him by Ventus; Sora dismisses this as random banter meant to confuse him. Xigbar then leaves, staying out of Sora's way for a very long time.

## The Land of Dragons

Sora encounters Xigbar again in at the gates to the Emperor's throne room in The Land of Dragons. Having encountered another hooded man and suspected him to be his missing friend Riku, Sora inquires if he is the same person. Xigbar removes his hood, revealing otherwise and remarking that he had never heard of anyone named Riku. Xigbar summons his Snipers to distract Sora while he escapes. The diversion works, although the Nobodies were defeated, and Xigbar is able to continue his mission of summoning a enormous Heartless to harvest hearts for the Organization's plans. He manages to set the Storm Rider on the city, but it is soon destroyed by Sora, Mulan, Donald and Goofy.

## The World That Never Was

Xigbar's final appearance in the game is in The World That Never Was, inside Organization XIII's stronghold. After Riku and Naminé helped Kairi to escape from the Organization, they head for the Hall of Empty Melodies, a large, open-air room leading further up into the castle. Sora and his party arrive there, but are stopped by Saïx, who calls out swarms of Shadows and a few Armored Knight Heartless to attack the intruders. Maleficent and Pete also arrive, expressing interest in taking the Organization's castle for themselves. Eventually, Maleficent and Pete leave to formulate a plan for taking the castle, and Saïx heads up to rejoin Xemnas. Sora and Kairi remain separated as Riku and Kairi remain above Sora on a balcony, fighting off the Heartless gathered there. Many Heartless attack Sora as well, but they are all dispatched in a sudden rain of arrows from a hidden Xigbar. He walks into view, and asks if Sora has been a good boy mockingly, echoing the words from his first encounter with Sora. He states how Sora put the Organization in a "pickle", and he supposes that was the reason the Keyblade chose him. He also makes a very cryptic remark on how he wasn't "half the hero the others were". Sora simply takes it as an attempt to throw him off. Xigbar then engages Sora in battle, referring to him as "Roxas" and expressing anger at him for betraying the Organization. Ultimately, he is defeated and begins to fade into the darkness. Before he disappears, Sora asks him why he called him "Roxas", to which Xigbar merely responds, "Wouldn't you like to know?"

### *Kingdom Hearts II Final Mix*

*Kingdom Hearts II Final Mix* contains several additional cutscenes of Organization XIII's activity. One shows a conversation at an unknown time between Xigbar and Zexion, with Xigbar having recently returned from finding new members for the Organization (including Marluxia, whom he mentions as a new recruit) while Zexion and Vexen were discussing Xemnas' visit to the Chamber of Repose. Xigbar expressed his knowledge about the events of Keyblade warriors that appeared before they found Xehanort. He also talked about his eavesdropping on Xemnas during his visits to the Chamber of Repose, and how he seemed to be conversing with someone that wasn't really there.

### *Kingdom Hearts 3D: Dream Drop Distance*

Summoned by Young Xehanort, due to being "half-Xehanort", Xigbar is made a member of the True Organization XIII and aided in baiting Sora into their trap.

### *Kingdom Hearts III*

Xigbar returns in *Kingdom Hearts III* as a major villain.

Xigbar first appears in Olympus mocking Sora and his company, toying with his mind as usual before uncharacteristically encouraging Sora not to change who he is and seek to restore the hearts connected to his. In that same world, he observes Maleficent and Pete digging up Pandora's Box, mistaking it for the Black Box from the age of fairy tales. Once Maleficent realizes it's not the right box, both leave. Xigbar, seemingly disappointed it was not the Black Box, begins to recite the old saying "May your heart be your guiding key", though the scene cuts after the first few words.

However in the remind DLC the scene continues with Luxord appearing to confront him using a riddle, Xigbar tells Luxord to do his tasks but Luxord simply reminds Xigbar that he is always carrying out his orders from his higher ups but also states he cant help himself but observe his opponents strategies. he further asks him why the Black box is suddenly important to the Organization and if it was either Xemnas and Xehanort who gave out the order. Luxord quickly rules out Xehanort stating he only cares about the clash between the seven lights and thirteen darknesses and as such having little interest in the black box. Leaving Xemnas and the one who informed Luxord of his task Xigbar him self. Xigbar denies informing him of task stating it was Xemnas that gave him his task. However Luxord states his inquires suggested otherwise causing Xigbar to get nervous figuring out that Luxord asked Xemnas of the box. Luxord begins to question of his intentions with the box, Xigbar lies to him stating he does not know what is inside the box but states he heard the it contains important secrets of past Keyblade wielders when Luxord asks him where did he hear about this Xigbar continues to lies to him stating he does not know. Beginning to be suspicious of Xigbar, Luxord throws a card to him which Xigbar catches. Luxord begins to interrogate him further stating that he is in a rush to secure it before others such as Maleficent and Pete find it to keep his secret connection to the black box from those around him he finally asks him who his real identity was. When Xigbar refuses to answer aside from glaring at him, Luxord lets his guard down stating it doesnt matter to him altogether, he states he will continue to pretend to feign ignorance before he teleports away. After this, Xigbar asks aloud who Luxord's true identity was.

Xigbar appears again with Xemnas and Ansem overlooking Twilight Town, warning them not to underestimate Sora as he has done some damage to their plans in the past and could easily do it again.

During a meeting with some of the Organization members, Larxene reveals Xigbar is the driving force behind the Organization's search for the Black Box, though none of the others seem to know what's inside of it as according to her Xigbar refuses to tell anyone about the black box.

Once the fated battle at the Keyblade Graveyard finally arrives, Xigbar appears with Dark Riku on two different occasions first he walks by Dark Riku's side after the former taunts his counterpart, telling Riku that he was making sure he want on the path toward a second failure amd informs the guardians if they have what it takes against they Organization they will have to prove it Xehanort one final time, he then turns to Dark Riku telling him to "take it away" before disappearing, he later joins Dark Riku and Ansem against Riku and Sora at the Trail of Valediction. After fighting Sora and Riku, Xigbar, seemingly defeated, reveals to them his motivation for working with Master Xehanort was the promise of wielding his own Keyblade. Sora and Riku rebuke the idea of Xigbar being worthy of a Keyblade, and Xigbar, laughing at the irony, teleports to the top of the labyrinth and seemingly falls to his death.

After Xehanort's defeat, a still-alive Xigbar retrieves Xehanort's Keyblade and summons four of the Foretellers. Revealing himself to be their erstwhile companion Luxu, Xigbar explains what happened in the later years. Watching from afar was Maleficent and Pete whom seemingly gave up their search of the black box.

Xaldin - The Whirlwind Lancer

**Xaldin**, also known as the **Whirlwind Lancer**, is the third member of Organization XIII and a major antagonist in the *Kingdom Hearts* series. He is a silver-tongued Nobody who controls the wind. He wields six lances named **Lindworm** and uses his powers over wind to manipulate all six at once, for both offensive and defensive purpose.

Xaldin's lances can transform into a dragon-shaped contraption to attack opponents with whirlwinds. He controls the lance-wielding Dragoon Nobodies.

He is the main antagonist of the Beast's Castle arcs in *Kingdom Hearts II* and a minor ally and playable character in *358/2 Days* .

He was voiced by David Dayan Fisher in the English dubbed version who also portrayed Shaw in *National Treasure*, and Yōsuke Akimoto in the Japanese version.

Xaldin was once **Dilan**, a castle guard working under Ansem the

Wise, benign lord of the Radiant Garden kingdom, who met Ventus and later took Aqua's armor and Keyblade into the castle. Becoming a Nobody to be free of feelings, Xaldin understood the setbacks of lacking a heart, but kept a clear disdain towards people who follow their hearts, especially towards the Beast.

Xaldin was present with the rest of the Organization when Xemnas inducts Xion into the Organization and when Xemnas and the others overlook Kingdom Hearts. Much later, he was present with the remaining members when some of the Organization members were defeated (being Vexen, Larxene, Lexaeus, Marluxia and Zexion) along with Xion's disappearance, Xaldin asks Xemnas where she has headed to but Xemnas responds by referring to Xion as in "It" than "she" due to her being a replica. Xaldin asks Xemnas to explain about the replica program to the rest of the members. When Xemnas orders Axel to retrieve Xion and bring her back alive, Xaldin protests this stating he would rather just eliminate her for deserting the Organization, however Saïx informs him that she isn't a deserter but that she was a flawed replica who gained an identity of her own, before he leaves he states that bringing her back alive would be "sheer madness".

Xaldin was also present when Xemnas gave Axel the order to eliminate Roxas after he defected from the Organization, Axel protests about this but Xaldin reminds him that he was ruthless to those who turn on the Organization. When Axel tries to explain otherwise, he send the order home by sending one of his lances into the backrest of Axel's chair, inches from his head. However, Axel still refuses to do so, so Xemnas threatens to eliminate him as well if he does not comply. Xaldin also appears with, Xemnas, Xigbar, Saïx, Luxord and Demyx to confront and taunt Sora, Donald and Goofy. He laughs with the rest of the Organization at Xemnas' mockery of Sora before disappearing. After this confrontation, Xaldin appears with his fellow members in the meeting room, expressing doubt that Sora is capable of wielding a Keyblade stating that he's "nothing but a boy", but Xigbar points out that unlike them Sora is pure of heart. He then breaks up an argument between Xigbar and Demyx by mocking the latter's display of emotion and asking the last time anyone of them felt anything much to Luxord's disappointment.

Xaldin secretly begins his attempt to manipulate the Beast's rage to create a powerful Nobody and Heartless. He first convinces the drained Beast that Belle is plotting against him and telling him to trust one and to feed his anger as his anger will only keep him strong. When the Beast tells him he has enough strength he mocks him by tell him no one could ever love a Beast causing him to snap at him before disappearing. Sora and his company arrive in the room but he only attacks them but Sora is able to knock him back to his senses. After Sora and the Beast defeat the Heartless in the castle he appears once more causing the Beast to charge at him but disappears once again, When he asks what he wants Sora explains his plan to turn him into a heartless. Xaldin appears with the remainder of the Organization after Demyx's defeat where Saïx reveals to them that Sora knows the truth of their plan. When Luxord explains that things are in motion, Xaldin adds that nothing is set in stone and that the dice are not in his favor he will "share Demyx's fate". Xigbar then asks Xemnas if defeating Sora will impact the Organization's plans, Xemnas explains that if Sora dies so easily he will no longer be useful to them to which Xaldin states that's what he wanted to hear, as it's not in his nature to hold back.

When Sora and company return to the Beast's castle, the Beast and Belle prepare to have their private dance but are interrupted by Xaldin who summons more heartless for the group to defeat causing the Beast's anger to rise before leaving he tells the Beast to het his anger grow. After this, Sora and Beast confront Xaldin now with the rose in his possession and taunting the former, when Sora asks what he really wants he explains when Kingdom Hearts is complete the nobodies can exist fully and completely and explains why he needs Beast as a nobody. He then kidnaps Belle, forcing the Beast to choose whether Belle or the rose is more important to him. The plan fails when Belle gets away with the rose and Xaldin falls against Sora and the Beast, fading into nothingness.

However, in *Dream Drop Distance*, it's revealed that he was revived as Dilan along with Even, Aeleus, Ienzo and Lea. He reappears in *Kingdom Hearts III* in an non speaking role where he has returned to his post as a castle guard. He and Aeleus first search for Even but do not find him, unaware he had returned into his nobody Vexen as a member of Real Organization XIII. He was shocked to see Ansem the Wise return along with the others expressing regret for betraying him until Aeleus comforts him. He is last seen escorting Namine in the end once she was restored to greet Riku. Xaldin however makes a cameo in a flashback at the time the original Organization's formation when Dark Riku explains the story behind Master Xehanort forming the Real Organization to Sora.

Vexen - The Chilly Academic

**Vexen**, the *Chilly Academic* (いてつく学究, *Itetsuku Gakkyū* ?, lit. *Freezing Scholar* ), is a major antagonist-turned-anti-hero in the *Kingdom Hearts* video game franchise.

Vexen is the fourth member of Organization XIII and wields a shield and ice powers. Originally planning on using Riku's power of darkness to eliminate the traitorous Marluxia, he later attempts to confront Sora with a replica of Riku before engaging Sora himself. Despite being recompleted he willingly opted to become a nobody again as a reserve member of Real Organization XIII after being approached by Saïx to continue his research the two would ultimately work together to atone for their past misdeeds

*Kingdom Hearts Birth by Sleep*

Vexen was originally Even, one of Ansem the Wise's apprentices along with Braig, Dilan, Ienzo, and Aeleus.

When Ventus arrives at Hollow Bastion, he is accosted by Dilan and Aeleus, but the Trinity Armor's arrival forces Ven to leave. As Dilan and Aeleus attempt to follow the young Keyblade wielder, Even arrives and muses on what would become of the castle. Aeleus realizes that Even is right, but as they return to the castle, Even notes that Ven's heart is devoid of darkness.

Sometime later, Even, who is looking for Ienzo, encounters Ven, who had rescued Ienzo from a swarm of Unversed. Grateful of Ienzo's rescue, Even explains Ienzo's story to Ven and directs the Keyblade wielder to the Outer Gardens to find Terra.

Between *Birth by Sleep* and *Kingdom Hearts: 358/2 Days*

Sometime after Aqua's defeat of Terra-Xehanort, Xehanort is inducted into Ansem's ranks and becomes Ansem's favorite pupil. However, Xehanort wanted to delve deeper into the mysteries of the heart and darkness and convinced Even and the others to aid him. Their research eventually caused them to banish Ansem to the Realm of Darkness. At some point, Even's heart was consumed by darkness, giving birth to Vexen.

Years later, after Marluxia's induction, Vexen confronted Zexion and demanded to know where Xemnas was. Zexion simply informed Vexen that Xemnas was at the Chamber of Repose, causing Vexen to storm away while pondering why Xemnas was always hiding.

### *Kingdom Hearts 358/2 Days*

Vexen plays a relatively minor role in *Kingdom Hearts 358/2 Days*, but it should be noted that this role plays a major contribution to the game's central plot. Advisor and leader of the Castle Oblivion-based Replica Program that created Xion, he was present when the Sora replica joined Organization XIII. Vexen then was assigned on Day 12 to teach Roxas the art of reconnaissance in Twilight Town, and was later getting sent away to Castle Oblivion, where he used his Replica Program to create the Riku Replica in order to challenge Sora.

The Chilly Academic was later exterminated by Axel at the Castle, for the purpose of raising Saïx through the ranks. All Vexen had left behind after his demise was knowledge, Axel later discovering a document he had composed about Naminé in the Castle That Never Was's library. This Nobody's only other mention in *Kingdom Hearts 358/2 Days* was when Xemnas revealed the truth about Xion before the surviving members of Organization XIII in Where Nothing Gathers.

### *Kingdom Hearts Chain of Memories*

In *Kingdom Hearts Chain of Memories*, Vexen appeared as an antagonist in both Sora's and Riku's storylines. He assists Lexaeus and Zexion in their efforts to stop Marluxia (whom Vexen loathed) and Larxene (whom he's not too fond of either) from overthrowing the Organization (Axel, the other Organization member residing in the castle, is deemed too unpredictable to be anything other than a liability). To do this, Vexen and his cohorts intend to use Riku's darkness to counteract Sora's light.

Vexen engages Riku in a cautious battle and uses the data he obtained from the fight to create a copy of Riku. The replica is completely aware of his status as a fake, but unlike Riku, is not afraid to use the darkness. However, even with darkness on his side, the replica fails to defeat Riku.

Even with the failure, Vexen has other plans for the replica, and goes to Marluxia and Larxene. He offers the replica to test Sora, though first he would have to have his memories changed around. They then have Naminé manipulate the replica's memories until he thinks he is the real Riku. He also believes that he made a promise to Naminé like Sora had, and because of this conflict, the replica confronts Sora multiple times, saying that Naminé no longer needs Sora.

However, the replica soon spirals out of control, and Marluxia deems Vexen's experiment a failure. Vexen is insulted, saying that a neophyte like Marluxia has no right to speak to an elder like Vexen. However, Marluxia makes the threat of reporting Vexen's failure to "the Superior", and Vexen's fear of the Superior's power overrides his previous elitist attitude. Now with Vexen under his grip, Marluxia orders Vexen to eliminate Sora, much to his surprise.

Vexen then confronts Sora, saying that Sora is in debt to him for reuniting him with Riku. Sora is angered, and the two battle. However, as they fight, Vexen delves deep into Sora's heart, and creates a world card forged from the memories on the other side of his heart. Vexen tells Sora that if he wants to truly defeat him, then he must enter that world.

Meanwhile, Marluxia, Larxene, and Axel note that Vexen is jeopardizing their plans, for if Sora discovers the other side of his heart, then he will no longer be of any use to them. They then decide to have Axel eliminate Vexen before permanent damage can be done.

Sora discovers that the new world is Twilight Town, which is strange because Sora has only visited places in his memories, and he has no memories of Twilight Town. Even so, Sora feels a sense of familiarity from this place. He explores the town until he arrives at the gates of a mansion. Vexen makes his appearance there, asking Sora if the familiarity of this place or his memories of Naminé is true. Sora doesn't understand what he means, and Vexen sees that he is but a slave of his memories, just like "his Riku". Sora is again angered, and battles Vexen one more time.

Vexen loses again, and seeing that Sora is too dangerous, plans to tell him of Marluxia's plot and, by extension, Roxas's existence. Before he can fully explain, however, he is struck by Axel, who embeds a Chakram into Vexen's body. Vexen begs to be spared, but Axel tells him he can be "nothing instead of just being a Nobody" and snaps his fingers, detonating the Chakram and incinerating Vexen, making him the first member of Organization XIII to die.

Ultimately he and later Larxene, Lexaeus, Marluxia and Zexion all turned out to be pawns that fell victim to Axel's plot of raising Saïx through the ranks of the Organization.

### *Kingdom Hearts II Final Mix*

Vexen's spirit returns as an Absent Silhouette in Agrabah after Sora examines the Peddler's revived shop. If Sora investigates the Silhouette, Vexen challenges the Keyblade wielder to a rematch, but is eventually slain. Sora can also challenge a data replica of Vexen in the Garden of Assemblage.

### *Kingdom Hearts 3D: Dream Drop Distance*

Even is resurrected following the destruction of his Heartless and Vexen. Though conscious again, Even is unstable, so Aeleus has him rest.

### *Kingdom Hearts III*

Following his revival, Even wanders around Radiant Garden, regretful of his actions as Vexen. When Saïx arrives and recruits him to finish his work on the Replica Program, Even seizes the chance to atone for his actions and becomes Vexen once more. Under

Master Xehanort's orders, Vexen refines his past replicas to be vessels to the past versions of Xehanort, as well as other time-traveling vessels. However, he is quickly benched and deemed a reserve member. Following Xehanort's failure to turn Sora into the thirteenth vessel, Vexen also creates another replica for Xion and for those wh truly need them. In the Caribbean, Vexen assists Luxord in researching how Davy Jones retains his existence despite lacking a heart. Upon seeing the Dead Man's Chest and finding out that Jones's heart is the physical organ, Vexen takes his leave,

However, Vexen later saves Ansem the Wise from Xehanort's Heartless with the help of Hayner, Pence and Olette and reveals his desire to atone. Later, he recruits Demyx (who has also been benched) to help him in plans by offering him a chance to atone himself for his past misdeeds by delivering a replica body and escort Ansem the Wise to Ienzo in Hollow Bastion, giving them a vessel to place Roxas's heart in.

Following Master Xehanort's defeat, Even regains his humanity and assists Ansem the Wise and Ienzo in restoring Naminé, with Sora and Kairi providing Naminé's heart.

## Lexaeus - The Silent Hero and Taciturn Stalwart

**Lexaeus**, the **Silent Hero**, is a minor antagonist in *Kingdom Hearts: Chain of Memories* . He is a Nobody that serves as the fifth member of Organization XIII and wields an Axe Sword and the power of Earth.

### *Birth by Sleep*

Lexaeus was once Aeleus, one of the guards of the castle in Radiant Garden. He and Dilan confront Ventus when the latter is pursuing King Mickey. However, when the Trinity Armor Unversed arrives, Aeleus and Dilan attempt to help Ventus, but Even reminds them of their duty and reveals that Ansem the Wise needs them. Later, Aeleus throws Lea and Isa out of Hollow Bastion.

Sometime later, Aeleus was attacked by Terra-Xehanort, who turned him into a Heartless and Nobody. This Nobody, named Lexaeus, joined the Organization.

## Chain of Memories

Lexaeus is one of the members assigned to Castle Oblivion, along with Vexen, Larxene, Marluxia, and Zexion. He is working with Vexen and Zexion in their own personal scheme opposing Marluxia and Larxene's plan of overtaking the Organization with Sora as their puppet.

When Riku arrives in Castle Oblivion, Lexaeus confronts him at the end of the fourth basement. After an arduous battle, Lexaeus attempts to finish Riku off, by sacrificing himself in a suicidal attack with the power of darkness which sends Riku to the Realm of Darkness. In the *Re:Chain of Memories* remake, Xehanort's Heartless instead promptly possesses Riku and finishes off Lexaeus. As he dies, Lexaeus apologizes to Zexion.

## *Kingdom Hearts II Final Mix*

Lexaeus's spirit later reemerges as an Absent Silhouette and forms at the Sandlot in Twilight Town after Sora, Donald, and Goofy battled a swarm of Nobodies there. If Sora investigates the Silhouette, Lexaeus engages the trio, but is eventually slain.

## *Dream Drop Distance*

Lexaeus is revived as Aeleus along with Dilan, Even, Ienzo and Lea as revealed in *Dream Drop Distance* . After Lea searches all over Hollow Bastion for Braig and Isa, Aeleus informs Lea that Dilan and Even are still unstable.

## Zexion - The Cloaked Schemer

**Zexion**, also known as the " **Cloaked Schemer** ", is the Nobody of **Ienzo** and Rank VI in Organization XIII. He serves as the secondary antagonist in *Kingdom Hearts Chain of Memories: Reverse/Rebirth*, wishing to use Riku as a puppet in Castle Oblivion. He wields the element of Illusion, and uses his element to create illusions and objects to fight for him. Unlike the other Organization members, Zexion's weapon was originally unknown, and his talents were used only outside of normal combat.

In *Kingdom Hearts Re:Chain of Memories*, Zexion's weapon was revealed to be a book called a Lexicon. Zexion appeared in *Chain of Memories* as a participant in the struggle within the Organization between the newer and veteran members. Zexion appeared in the game *Kingdom Hearts 358/2 Days*, as one of the playable characters in multiplayer mode.

He is voiced by Vincent Corazza in the English dubbed version, and Akira Ishida in the Japanese version. When disguised as Sora, he is voiced by Haley Joel Osment in the English dubbed version, and Miyu Irino in the Japanese version.

### *Kingdom Hearts Birth by Sleep*

Zexion was once Ienzo, a quiet boy and one of six apprentices to the ruler and scientist of Radiant Garden, alongside Xehanort, Braig, Dilan, Even, and Aeleus. Worried the Darkness in people's hearts would eventually consume his world, Ansem began performing tests on Xehanort's heart.

Eventually, at Ienzo's persuasion, he created a laboratory in his castle's basement for such experimentation. However, Ienzo and the other apprentices had their own intentions for the laboratory, and began conducting inhumane experiments on the human heart and the darkness within it. Such experimentation led to the creation of Heartless. Ansem quickly discovered their secret experiments, and immediately ordered them to stop. One day, after being advised to review their research data by King Mickey, Ansem found that the effects of their experiments had become irreversible.

Eventually, Ienzo and the other five apprentices dabbled too deep into darkness through their continued experiments. Ienzo, along with the others, was consumed by the darkness, producing a Heartless. However, the apprentices all had strong wills, and so Ienzo also became his Nobody, Zexion. The six Nobodies formed Organization XIII, and banished Ansem the Wise to the Realm of Darkness.

### *Kingdom Hearts: 358/2 Days*

In *358/2 Days*, Zexion is present when Xion joins Organization XIII. Zexion later teaches Roxas how to fill the mission gauge in Twilight

Town, before being sent away to Castle Oblivion. True to his personality, he was patient with the Keyblade wielder, carefully and calmly explaining the filling of the gauge in great detail. Zexion also makes a cameo appearance later in the storyline.

During Xion's nightmare on Destiny Islands, Roxas stands on the beach of the island, missing his friend. He later sees the hooded Sora copy and approaches her. She removes her hood and turns out to be none other than Zexion, who proceeds to taunt a younger version of Riku as he did in *Kingdom Hearts: Chain of Memories* . The scene then begins to fade, Xion (In the form of the shocked Roxas) undergoing a series of transformations until she finally takes Sora's form for the first time.

## *Kingdom Hearts: Chain Of Memories* Discovering Riku

After Sora had been lured into Castle Oblivion, Zexion discovers two other scents deep in the dungeons of the castle. One of them belongs to a Maleficent formed from someone's memory, having been given life by Castle Oblivion's unique properties. Originally, he mistakes the other scent to be that of "The Superior". Eventually, however, Zexion and his cohorts determine that the scent belongs to Riku, who had appeared in the Castle by force of will after Sora's arrival. Vexen hypothesizes that the darkness in Riku's heart ("Ansem") caused Zexion to mistake him for "The Superior", calling the effect "fascinating". Specifically, Riku's heart is plagued by the presence of Ansem.

## Opposition to Marluxia

Zexion, as well as Lexaeus and Vexen, come to see that Marluxia, keeper of Castle Oblivion, intends to take control of Organization XIII, with the help of Larxene, by using Sora as their puppet. Though they see that they can use Riku to counter Sora, they decide to oppose Marluxia's plot by having Vexen investigate Marluxia under the guise of offering to help using the Riku Replica he creates with combat data from the real Riku. However, Vexen is eventually killed on Marluxia's orders by Axel, whom Zexion and Lexaeus had been unsure about trusting. Axel later tells them he had performed the deed only to gain Marluxia's trust, and continues to cooperate with Zexion in tracking Sora and Riku.

Seeing that Vexen's efforts to derail Marluxia's plan had failed, Zexion sends Lexaeus to sway Riku into joining them, but Riku refuses to allow darkness to control him and defeats Lexaeus in combat. With the last of his strength, Lexaeus manages to knock Riku unconscious, rendering him helpless. However, before he can finish the job, Xehanort's Heartless takes control of Riku's body and finishes Lexaeus with the power of darkness.

Riku is then enveloped in his own personal darkness, where "Ansem" tries to corrupt him - however, he is saved by King Mickey and continues ascending Castle Oblivion.

### Confronting Riku

After Lexaeus dies in his failed attempt to subvert Riku's resistance to darkness, Zexion discusses the Organization's fate with Axel and learns that Larxene has been killed as well, bringing the number of Organization members eliminated to three. Axel tells him that he himself was defeated by Sora as well, and that Marluxia is almost certainly the next to go.

Zexion decides that with the possibility of Marluxia dying soon, Riku is no longer needed, and heads off to intercept him. Zexion appears before Riku while he is between floors of the castle, shortly after the death of Marluxia. As the force of Marluxia's death shakes the castle, Riku halts with surprise and comments how a very strong scent in the air has died. Zexion materializes in front of him and tells him that Sora has just defeated Marluxia. Riku is surprised to learn that Sora is also in the castle, but Zexion tells him he would never be able to face him after having such darkness in his heart.

He gives Riku a World Card to Destiny Islands, and Riku winds up facing a Darkside Heartless. After he defeats it, Zexion reappears, and continues to play on his guilt, telling him Sora will always oppose him as a host of the dark. Sora then appears himself, brandishing his Keyblade and accusing Riku of being corrupt. He envelops Riku in light, rendering him unable to do anything. Instead of drowning Riku into helplessness, however, the predicament causes Naminé to come to his aid, in the guise of Kairi, telling him that he should stop rejecting the darkness within his heart, and instead tells him to draw on that power to free himself of the oppressing light and strike out at Sora. He wounds Sora, whose disguise falters to reveal Zexion, who had been using his powers of illusion to deceive Riku.

Zexion is astounded by Riku's ability to control the darkness, and is also enraged at his perseverance. He decides to engage Riku in combat himself, albeit wounded, but still puts up a rather difficult fight. However, Riku eventually overcomes and defeats Zexion (in the original *Chain of Memories* Zexion runs away instead of fighting Riku).

After escaping from Riku, Zexion appears in a room, where Axel and a companion are waiting. In a panic, Zexion thinks Axel's companion is Riku himself, but then realizes it's only the Riku Replica. Axel and the replica then approach Zexion, and Axel directs the replica's attention to his lack of wholeness. He tells him that if he can find strength that the real Riku doesn't have, he can become a whole person of his own, rather than a mere puppet or whole copy of Riku. The Replica then kills Zexion.

Ultimately, Zexion along Vexen, Lexeaus, Vexen, Marluxia and Larxene were all pawns that fell victim to Axel's plot of raising Saïx through the ranks of the Organization.

*Kingdom Hearts Chain of Memories* manga

In the manga adaption of *Kingdom Hearts Chain of Memories*, Zexion does not escape from Riku after being defeated in battle on the virtual Destiny Islands. Instead, Zexion appears to Riku and taunts him about being weaker than Sora because he rejects the darkness. He transforms into Sora and rebukes him for embracing it, tricking Riku into thinking it is actually Sora accusing him instead of Zexion.

Later on, after changing back into himself, he further influences him by saying Sora would never want to see him again because he ran away from the light, but the Organization would welcome him with open arms. He consumes Riku in light, making him unable to do anything and attempts to show the pain of the light, but Riku, enraged, instead turns on Zexion and kills him with a slash of his Soul Eater. Zexion never fights with the Riku Replica.

In the manga, Zexion visits the floor where Lexaeus was killed, and he never makes an alliance with Axel.

*Kingdom Hearts II Final Mix*

Zexion's spirit later reemerges as an Absent Silhouette, lurking in the Underworld of Olympus Coliseum.

While tracking down Hades, Sora and company encounter and observe Zexion's Silhouette. They wonder what the Silhouette is, but choose to ignore it. Later, after acquiring the Olympus Stone, Demyx reveals to Sora and company the nature of the Silhouettes, using Zexion's as an example.

If Sora chooses to battle the Silhouette, Zexion proves himself a dangerous foe, using his Lexicon to imprison Sora and company and attack them inside, but he is ultimately slain.

*Kingdom Hearts 3D: Dream Drop Distance*

Following Zexion's death, Ienzo is revived alongside the rest of Ansem's apprentices.

When Lea returns to the castle from searching for Braig and Isa, Ienzo explains to Lea that if a person's Heartless and Nobody were killed and said person's homeworld was destroyed, they would end up in Traverse Town. However, Lea rejects Ienzo's ideas.

*Kingdom Hearts III*

Although Zexion doesn't appear in this game, Ienzo is nonetheless referred to as his Nobody by Demyx when the latter delivers Ansem the Wise back to Radiant Garden, much to Ienzo's shock. Ienzo is also referred to as Zexion by Xemnas at the Keyblade Graveyard where he was among those responsible for reviving Roxas by placing his heart into another vessel. Zexion however does make a cameo in a flashback when Dark Riku explains the purpose of Organization XIII to Sora.

Saïx - The Lunar Diviner

**Saïx**, the **Luna Diviner**, is one of the secondary antagonists in the

*Kingdom Hearts* series. He serves as one of the secondary antagonists in *Kingdom Hearts 358/2 Days* and *Kingdom Hearts II*, a minor antagonist in *Kingdom Hearts 3D: Dream Drop Distance*, and a major antagonist turned anti-hero in *Kingdom Hearts III* . He is the seventh member of the original Organization XIII and a member of the new Organization. He wields a claymore and the power of the Moon, using the latter to enter a berserk rage. He commands the Berserker Nobodies.

Saïx's original self, Isa, was the best friend of Lea, the original self of Axel, being the foil to his friend's zany antics. Prior to their attempt to infiltrate Hollow Bastion, Isa and Lea find Ventus. Watching Lea cheer the boy up, Isa joins his friend in sneaking in before they are thrown out of the castle by Dilan.

Years later, Isa's heart was removed from his body by Terra-Xehanort, creating Saïx.

*Kingdom Hearts 352/2 Days*

Saïx plays a relatively important role in Organization XIII, assigning missions to all the other Organization members. Saïx is the one who gave Xemnas's orders to Axel to eliminate traitors to their Organization in Castle Oblivion. It is generally accepted by the remaining members that at this point the two planned to not only eliminate traitors, but also anyone who stood in the way of their plans, such as Vexen and Zexion. Saïx is also revealed to be the one who picked which members would be going to Castle Oblivion, namely the members suspected of being traitors, as well as anyone else who was "getting in the way". Those who fell victim to this plot were Marluxia (who attempted to take control of the Organization for himself by manipulating Sora through Namine) Larxene (who co-conspired with Marluxia), Zexion, Vexen and Lexaeus (the latter three who countered Marluxia's plot by using the Riku Replica).

After Axel's return from Castle Oblivion and his growing friendship with Roxas and Xion, a rift between Saïx and Axel begins to form. He eventually confronts Axel of this, as their friendship is more concrete because their original selves were best friends. Eventually, Saïx dismisses his previous plans with Axel as "just an idle fantasy", as they both have changed too much for them to be friends anymore.

Working on Organization XIII's plans for Sora with Xemnas, he later challenges Roxas to a battle of will when the Keyblade wielder attempts to leave Organization XIII. Saïx loses the battle, and Roxas escapes. Up until Xion's destruction and absorption at the hands of Roxas, Saïx views the Sora copy as nothing but a mere, hooded puppet. He even insists that the others would say "it" when referring to Xion, rather than "she". At one point when Axel and Roxas return with an unconscious Xion he insults her by calling her "it" this prompts Roxas to call him out about it and Axel to angrily tell him to keep his mouth shut as they walk off leaving Saïx to ponder how Axel has changed.

After Xion's end, Xemnas orders Saïx to retrieve Roxas, who is on his way to the Castle that Never Was to defeat Organization XIII and free Kingdom Hearts, because he believes it will resurrect Xion. While not confronting Roxas himself, it is possible that Saïx was the one who sent the Neoshadows after Roxas, who destroys the Heartless easily.

*Kingdom Hearts II* Twilight Town

Saïx first appears in the Sandlot after Sora and company rescue Seifer from lesser Nobodies. Saïx appears before the trio, applauding their battle skills. He informs them of a traitor, Axel, and believes that he might be in Twilight Town somewhere. Sora insults the Organization, remarking on how they're "not a very organized Organization." Saïx is unfazed, and tells Sora to watch his back, for Axel will stop at nothing to turn him into a Heartless. Sora declares he is not worried, prompting Saïx to remark that the Organization would want nothing to happen to Sora. He also cryptically remarks that the Organization knows how to "injure a heart". He then opens a portal of darkness behind him, and Sora thinks of jumping in after him, though Saïx overhears this and advises not to do so, lest he ends up like Riku.

Sora inquires as to what he means, but Saïx immediately leaves to report to Xemnas that he succeeded in placing Sora in a state of confusion and frustration to keep him going toward their goal. Saïx also states that Axel may prove a thorn in their side, which leads to

Xemnas giving him orders to deal with the renegade.

## The Heartless Invasion

Saïx next appears in Hollow Bastion during the Heartless invasion, interrupting Axel and Sora's conversation, and forcing the traitor Nobody to flee. Saïx ensures that Axel will be rightly punished, but Sora is not mollified, his only goal being to enter the realm of darkness to rescue Kairi. His face unreadable, Saïx asks Sora to prove just how much he cares about Kairi. In response, Sora actually gets onto his knees and begs at the Nobody's feet. Seeing Sora's devotion to the Princess of Heart, Saïx sees this as a further opportunity to enrage and confuse Sora so that he might further the Organization's goal. He refuses Sora's wish, eliciting a hot fury. Bending Sora's anger to suit his own needs, Saïx convinces Sora to destroy more Heartless so that the hearts held within them are released by the Keyblade. Then they may flock to Xemnas' synthetic Kingdom Hearts, which will be all the closer to completion because of it.

At that moment, Maleficent appears, declaring with much aplomb that Kingdom Hearts will belong to her. She summons more Heartless to attack Saïx, despite Sora's protests, but Saïx calmly summons several Nobodies to destroy the attacking Heartless. Maleficent then places herself between Sora and the Nobodies, telling him to devise a way to vanquish the Organization. Swarmed by Nobodies, she is overwhelmed and disappears, allowing Saïx to resume convincing Sora to release more hearts. But before he can finish his ploy, Sora, Donald, and Goofy are rescued by a portal of darkness that swallows them up (which was Maleficent's doing).

## The World That Never Was

Saïx is seen again talking to Kairi in her cell in the Castle That Never Was within the world of Nobodies. He tells her, much to her horror, that she is the "fire that feeds Sora's anger." Kairi realizes that Sora is getting lured into a trap all because of her. However, Naminé, her Nobody, unexpectedly appears in her cell and rescues her through a portal of darkness. The two halves then begin fleeing the Castle to try and make good on their escape. Saïx soon appears and attempts to stop Kairi and Naminé, but Riku (still cloaked and in the form of

Xehanort's Heartless) attacks him from behind. Saïx does a backflip in the air and lands a few feet away. Riku slams him up against the wall, intending to finish him once and for all. However, Saïx opens up a portal behind him and sinks away into the wall with a smirk.

Saïx again appears in the Castle That Never Was to Sora, who had managed to work his way through the Organization's floating fortress with the help of Donald, Goofy, Riku, and Kairi. He looks lovingly upon his Kingdom Hearts, his source of power. He tells Sora that Kairi no longer needs him and makes a cryptic remark about a "friend from the darkness." Sora is not deterred by Saïx's manipulative comments, but Saïx is not concerned. He tells Sora that the Organization's Kingdom Hearts is nearly done, pointing to the heart-shaped moon in the sky. He then enigmatically asks Sora if he can hear the euphoria of the countless hearts he has harvested. He summons more Heartless for Sora to destroy, but his attention is quickly turned to Maleficent, who has also infiltrated the castle along with Pete. He takes this in stride, wondering in an amused voice if the intrusions will ever end, and soon after vanishes to check on Kingdom Hearts.

Saïx appears to Xemnas, who is watching Kingdom Hearts come closer to completion. He asks the Superior if he can end this "charade", and Xemnas grants him permission. Sora's part in their plan is done with and he can now safely be killed. Saïx smiles savagely and remarks that he's waited so long to hear that.

Saïx awaits Sora, Donald, Goofy, Riku, and Kairi in a room with a direct view of Kingdom Hearts: Addled Impasse. He calls Sora by the name of "Roxas", saying only he could have made it this far, though Donald vehemently states that he is Sora. Saïx seems not to care, simply stating: "Different name, same fate." Then, summoning his claymore, he creates a potent shockwave with sheer strength alone. This power manages to push away Kairi and Riku back towards the entrance of the room. He then quickly erects a force field, separating them from the battle, yet doing no harm. Them taken care of, he confronts Sora, Donald, and Goofy for the final time. He finally lets his outer decorum slip away. Under the influence of the moon, he becomes savage and unrestrained, truly a model for his Berserker Nobodies.

However, despite Saïx's great strength, speed, power, and skill, he is overcome. Defeated and mortally wounded, he limps away from Sora to the ledge overlooking the moon. With the last of his strength, he asks: "Why… Kingdom Hearts… Where is my heart?". All his power gone, he now fades back into darkness.

*Kingdom Hearts Re:coded*

Isa is revived in Radiant Garden, along with Lea and the rest of Ansem's apprentices save Xehanort. Young Xehanort arrives and, with Braig's assistance, takes Isa to join the new Organization.

*Kingdom Hearts 3D: Dream Drop Distance*

Saïx, revealed to have been infused with a fragment of Xehanort's heart, is made a member of the new Organization. When Lea attempts to save Sora from being turned into the thirteenth member, Saïx is sent to stall Lea, much to Lea's horror.

*Kingdom Hearts III*

Following the Organization's failure to turn Sora into a vessel, Master Xehanort, Xigbar, and Saïx meet at the Keyblade Graveyard to find a way to complete the Organization. Saïx, having discovered Vexen's notes on the forgotten Xion, suggests using her to replace Sora, and decides to fetch Vexen to refine the replicas. Visiting Radiant Garden, Saïx approaches Even, who is wandering the square, with an offer to rejoin the Organization. At the Keyblade Graveyard, Vexen lies that he chose to return to the Organization to continue research on his Replica Program, with Saïx saying Ansem did not appreciate his abilities while Xehanort did. Saïx would the begin to work with Vexen to atone for his past misdeeds against Roxas and Axel. Meanwhile, as Saïx is one of the chosen and thus having to lay low, Vexen helps set their plot into motion by recruiting Demyx (who was also a reserve member) into acting on his behalf by delivering a vessel along with Ansem the Wise to Ienzo as Vexen acts on Saix's behalf.

Saïx later appears at the Clock Tower in Twilight Town with Lea, but with no intention of fighting him. The two talk as if they were still friends, their conversation revealing their true motives for joining the original Organization XIII; as Somebodies, they had befriended a girl only referred to as Subject X, who was held inside the castle of Radiant Garden. When she disappeared, the two became apprentices of Ansem the Wise before he too disappeared and Isa became a Nobody alongside Lea. Their entire reason for climbing the ranks of Organization XIII was to get information on Subject X and learn what happened to her, knowing full well that Xemnas, as Xehanort's Nobody, has knowledge of her predicament, but they had no luck in finding her. Saïx's anger at Axel's newfound friendship with Roxas and Xion was out of betrayal, feeling Axel had decided to forget about Subject X. Lea rebuffs, trying to persuade Saïx to leave the new Organization, but Saïx retorts by saying Roxas is gone forever too. Saïx and Lea part ways fully expecting to battle one another at the fated place.

Later, Saïx and Xion confront Kairi and Lea at the Keyblade Graveyard, with Saïx subtly trying to jog Xion's memories by saying Axel and Roxas's names. Xion is overwhelmed by emotions, but shakes them off and attacks Lea and Kairi in a frenzied rage before Sora's arrival. Saïx overpowers Lea, who once again tries to persuade his old friend to stop, until Xemnas arrives and berates Lea for his treason. Saïx simply watches as Xemnas mercilessly attacks both Lea and orders Xion to finish him off, but Sora intervenes and fully restores Xion's memories. In response to Xion's redemption, Xemnas prepares to kill before Roxas arrives to save them. Xemnas kidnaps Kairi, leaving Saïx to deal with their enemies. Sora, Roxas, and Xion fight and defeat Saïx. When Lea approaches Saïx, the latter asks why he looks sad. Lea responds by commenting on what the Organization has reduced Saïx to. Saïx once again reminds Lea of his betrayal, not to the Organization, but to him, as he befriended Roxas and Xion while abandoning their goals after everything Saïx had done to try and find her. Lea assures him he never forgot, which Saïx knew deep down, allowing his jealousy to get the better of him. He fades away in Lea's arms, being called by his real name before being reborn as his original self.

Through a Secret Report, it was revealed he was actually a key part of the Guardians of Lights' victory; having met Even, both expressed a desire to atone for their past actions. Since Saïx was already in the real Organization XIII, he had the ability to bring Even in as a

Nobody once again, the latter willing to sacrifice his new life to get access to his Replica Program, which would allow Roxas, Xion, and Naminé to become human and therefore coexist with their original selves. Interestingly, by doing this he (and Vexen) indirectly assisted in Lea in achieving his goal of finding a way to bring his friends back.

Sometime after in the game's epilogue Isa is reborn as his original self and reunites with Lea, Roxas and Xion on top of Twilight Tower hands out sea-salt ice cream and are joined by Hayner, Pence and Olette and together they join the others at Destiny Islands for a celebration, Isa and the others bear witness to Sora and Kairi reuniting one last time before the former disappears for misusing the power of waking.

## Axel - The Flurry of Dancing Flames

**Axel** is a major character in the *Kingdom Hearts* series, as well as an anti-hero/anti-villain in the franchise. He is a pyrokinetic Nobody who originally served as the eighth member of Organization XIII. He is initially introduced as somewhat of a laid-back character, though he develops significantly over the course of *Kingdom Hearts 358/2 Days* and *Kingdom Hearts II* .

He was voiced by the late Keiji Fujiwara in Japanese and Quinton Flynn in English.

Prior to his attempt to infiltrate Radiant Garden with his best friend Isa, Lea finds Ventus and cheers him up. After stating to a confused Isa his ideals, Lea attempts to sneak into Ansem the Wise's castle before they thrown out by Dilan. Years later, Lea's heart was removed from his body by Terra-Xehanort, creating Axel. Isa also received this fate, creating Saïx. Xehanort then recruited Axel, along with Saïx to be No. 7 and No. 8 in the new Organization XIII.

### Befriending Roxas

Chronologically, Axel is not seen again until the beginning of *Kingdom Hearts 358/2 Days* . Axel, along with Xemnas, introduces Sora's Nobody, Roxas, into the Organization as No. 13. Roxas later forms a friendship with Axel, and they repeatedly meet up on top of the Twilight Town Clocktower to share their favorite sea-salt ice cream after finishing the day's work. Axel is also partnered with Roxas on numerous missions. He jokes that the Organization has made Axel Roxas's "babysitter".

In Castle Oblivion

A few times in the game, Axel is sent to Castle Oblivion, looking for the Chamber of Waking, as well as both Replicas created by Vexen, and eliminating traitors to the Organization. While in Castle Oblivion, he meets Sora, who is not entirely sure if Axel is an enemy or a friend. Having plotted with Saix to eliminate other Organization member to rise through the ranks, he joins Marluxia and Larxene in conspiring to overthrow Xemnas by using Sora as their puppet, in order to gain their trust he kills Vexen on Marluxia's orders, upon gaining their trust he allowed Namine to escape, shortly after Larxene's defeat, Marluxia discovers that Axel acted as double agent in their plan, citing his role in elimination traitors in the organization Axel prepares to eliminate Marluxia but the latter summons Namine as a shield to prevent Axel from killing him, Unfazed Axel tells Marluxia that it wont do him any good, just then Marluxia manipulates Sora as he arrives, stating Axel was after to get Namine Axel persuades Sora not to fight him. but Sora states he will fight Marluxia after he is finished with him, he then fights Sora only to be defeated but Axel simply disappears instead of dying. He and Sora indirectly work together to defeat the other members of the Organization in the castle: Marluxia, Larxene, Vexen, Zexion and Lexaeus. Axel uses the Replica of Riku to achieve this, until the Replica is destroyed by the real Riku.

Some time after, Axel returned, and the first thing he did was find Roxas so they could have ice cream at their usual spot. Axel later befriends a perfect replica, modeled with Sora's memories of Kairi, named Xion, after Roxas introduces him to her. However, as both Roxas and Xion realize themselves and their roles, they become more distant from Axel.

After Xion deserts the Organization, Axel is ordered to hunt her down, though he doesn't want to harm Xion. However, he becomes irritated when he realizes both Xion and Roxas are cutting him off, and attacks Xion. He is unable to kill her, and only manages to knock her unconscious, and brings her back to the Castle. However, he then collapses from his injuries. Roxas Leaves the Organization

At the ending stages of the game, both Roxas and Axel lose contact with Xion. Roxas, confused and angry, leaves the Organization as well, greatly saddening Axel. Later, Xion appears in Twilight Town and battles Roxas with new power gained from Sora. After Roxas eventually kills Xion, Axel gradually forgets she ever existed. Axel is last seen in *358/2 Days* when he receives a WINNER sea-salt ice cream stick from Roxas.

### Meeting Roxas Again

After losing a battle with Riku, Roxas is placed into a computer-simulated version of Twilight Town, created by DiZ, who also temporarily wipes Roxas' memories. Axel is tasked with returning Roxas to the Organization, so he travels into the virtual Twilight Town, and duels with Roxas and reveals key information about his past to jog his memory. Axel loses the duel, and is thrown out of the simulation by DiZ, who convinces Roxas that Axel was a dream.

Then, Axel enters the virtual world again, this time under orders to kill Roxas. He again attempts to restore his memory, but fails. He summons lesser Nobodies to weaken Roxas, then goes in for the kill. He is stopped by DiZ, who helps Roxas escape Axel. At this point, Axel realizes he has no choice but to obliterate Roxas. He attempts to attack Roxas a third time, this time accompanied by higher-ranking Nobodies. However, Roxas defeats these Nobodies, and attacks Axel with dual Keyblades, named Oathkeeper and Oblivion. Axel is surprised by their power, and loses the battle. Axel falls back, and chooses not to carry out his mission.

### Baiting Sora

After Sora awakens from his year-long sleep and rejoins with Roxas, Axel kidnaps Kairi from Destiny Islands, to try and draw Sora out so Roxas could be resurrected. However, Kairi proves more troublesome than Axel expected, and escapes to Twilight Town, where she hides from Axel with Hayner, Pence and Olette. However, Axel finds her and hands her over to Saïx. Xemnas suspects Axel's motives, and thinks Axel will soon defect from the Organization.

## Defection

In Hollow Bastion, Axel meets Sora again, revealing small bits of information about the Organization. Sora realizes that Axel is the one who kidnapped Kairi. However, when Axel confirms this, Saïx appears, prompting Axel to escape through a dark portal. It is that this point that the Organization confirms that Axel has defected.

When Sora attempts to travel to the Organization's headquarters, he is trapped by an army of Nobodies in Betwixt and Between. However, Axel arrives, and aids Sora in battling the Nobodies. Just when they are about to be overwhelmed, Axel uses an attack that uses up all his energy and his life force, utterly draining him. He does this to allow Sora to continue, as Sora is Roxas's whole form. After saying a last few words, he opens a portal to the World that Never Was, and finally dies.

## Reincarnation

Axel is reincarnated in his original form of Lea in the beginning of *Kingdom Hearts 3D: Dream Drop Distance*, and he looks exactly like his Nobody self, the only difference being Lea lacks the purple marks underneath his eyes. When he was reincarnated, Lea noticed that Dilan, Xaldin's Somebody, Even, Vexen's Somebody, Ienzo, Zexion's Somebody, and Aeleus, Lexaeus' Somebody, were also reincarnated. However, Braig, Xigbar's Somebody, and Isa were nowhere to be found. Lea searched the entire castle for Braig and Isa, but neither of them could be found. Ienzo suggested that if the two are not in the castle, then they could be at a place known as Traverse Town.

Sometime afterwards, Lea went to the Mysterious Tower to become a Keyblade Master. He used a Corridor of Darkness to get there. But about halfway there, Lea spotted Maleficent and Pete holding Queen Minnie hostage. Lea rescued Minnie by throwing one of his chakrams at the two. After Maleficent and Pete retreated, Lea exited the Corridor, wanting to help Sora and his friends, as well as wanting to see Yen Sid so he could be a Keyblade Master. While Sora and Riku were in the Dream Worlds, Lea was training with Yen Sid and the three Good Fairies.

Later on, Sora was captured by the True Organization XIII after being trapped in a deep sleep by Young Xehanort. Riku and Mickey tried to rescue him, but were restrained by Ansem, Seeker of Darkness and Xemnas. Luckily, Lea, along with Donald and Goofy, showed up to rescue his friends. During the rescue, one of the Organization members, wielding a familiar claymore, attacked Lea. His attacker's hood fell off, revealing that Saïx/Isa had sided with the Organization, much to Lea's dismay. Xehanort and his cohorts took their leave, allowing Lea and the others to escape.

When all of them returned to the Mysterious Tower, Riku decided that he should be the one to travel into Sora's heart to awaken him. Lea replied that he would help Riku should he fall into the darkness. After Riku was successful, Lea and the others were celebrating Riku for saving Sora. Shortly after Riku was appointed Keyblade Master, Lea claims that he'll catch up to Riku soon while revealing to them his intent to use a Keyblade. Trying to manifest it once more, Lea gets astonished when his Keyblade appears, which shocked everyone else as well.

It was later mentioned by Yen Sid that Lea is training to wield a Keyblade under Merlin and later in the ending of *Kingdom Hearts: Birth by Sleep 0.2 -A Fragmentary Passage-*, it is revealed that Kairi will be joining him in the training as well for the coming war.

In *Kingdom Heats III*, Lea continues his training with Kairi in the secret forest. a place in which time does not run giving Kairi and Lea as long as they need to continue training, he appears next to her while she is writing a letter to Sora whom she states that it its more her than it is for Sora. Lea then gives her a sea-salt Ice cream much Kairi's surprise, Lea states he has done this out of celebration for him and Kairi now that they have become Keyblade wielders, Kairi then notices Lea staring at her and asks him if he had forgotten something to which he admits, changing the subject Kairi expresses excitement for their duel into the ring telling Lea not to hold back but at that exact moment Lea remembers Xion, Overwhelmed by this he begins to get upset leading Kairi to comfort him, but he brushes it off as something, he begins to leave with Kairi telling him to stop apologizing for him kidnaping her previously while he was still in the Organization, he states he will under one condition, Kairi has to call

Lea, Axel from now on to which she accepts.

Later on top of Twilight Tower, Lea is sitting alone with sea-salt ice cream which is one for Roxas and one for Xion upset about, Saïx appears but talks to him as if they were still friends with no intention of fighting him he takes a sea-salf ice cream from Lea much to his annoyance Saïx asks him why he bought three something which Lea refuses to respond and instead asks what Saïx is doing here to which the former states his signature catchphrase "got it memorized?" they have a conversation about joining the organization while they were somebodies the two of them befriended a girl known as Subject X who was held inside the castle of Radiant Garden following her disappearance they become apprentices for Ansem the Wise after he too vanished they became nobodies and members of Organization XIII. Saïx states the real reason from climbing up the ranks and following Xemnas was their only means of finding her however unfortunately for them they had no luck in finding her, Lea then attempts to persuade Saïx in leaving the Organization, Saïx states that Roxas is just like Subject X, whom is gone forever and that he needs to accept that but an enraged Lea states he will be bringing everyone back especially Roxas he even states he will be dragging Saïx home. Saïx then changes the subject to which Lea's upside-down tear markings are missing, which have stopped him from crying. Lea states he doesnt need them anymore. Lea and Saïx then part ways expected to fight each other at the Keyblade Graveyard for the fated final battle.

Lea joins the the other Guardians of Light to fight against Master Xehanort and his thirteen darknesses fighting thousands of Heartless and Nobodies along the way, eventually they encounter Terra-Xehanort. Terra-Xehanort then attempts to attack Kairi but Lea throws himself in between them protecting her ending up unconscious he and the others minus Sora are taken from a swarm of heartless and hearts are separated from their bodies. though Sora eventually manages to get his heart back and go back in time before their encounter with Terra Xehanort.

Lea and Kairi later fight against Saix and a hooded Xion, Sora soon comes to their aid and Saix uses his Beserk mode and overpowers Lea who steps in the way to prevent him from killing Sora and Kairi.

Saix was about to kill his former friend but Xemnas appears still angry at Axel for betraying the organization prepares to kill him but Xion stops him claiming he needs him alive but Xemnas states he need his heart to forge the key and that he doesn't need his soul but having noticed the two were friends he gives the task of killing him to her, Lea then wonders who the hooded member is she prepares to strike hiim down but Sora intervenes calling Xion's name in Roxas' voice causing her to be overwhelmed with past memories. Enraged, Xemnas kicks Xion and Sora causing the former to reveal her face and Lea is overwhelmed by his memories of Xion, Xemnas prepares to kill Xion but Lea tries to stop him by grabbing his leg only or the Nobody to stomp on his foot.

Suddenly, a heart escapes from Sora and with a vessel provided by Vexen, Roxas returns telling Xemnas to lay his hands off his friends much to Lea's joy after explaining his return to Xemnas, the latter kidnaps Kairi and leaves forcing the three former Organization XIII members and Sora to fight Saix but Xion tells Lea to rest due to his injuries. after Roxas Xion and Sora defeat Saix, Lea runs over to him expressing his disgust on what the Organization reduced him to. Saix explains to Lea he joined in search of their missing friend he expresses his anger at Lea that he went on to make friends with Roxas and Xion leaving Isa and their friend in the dust he explains he lost all sense of purpose, Lea tries to reassure him he didn't forget about him, Saix admitted deep down he wasn't the type of person and that he was only jealous of him, having made amends with his former friend they call each other by their real names before the latter is recompleted as his former self. After this he tells Sora to go find Kairi as he Roxas and Xion have an emotional reunion.

Later he along with Roxas, Xion, Terra, Aqua, Ventus, Donald and Goofy regroup with Sora Riku and Mickey but were too late as Xehanort had killed Kairi and opened Kingdom Hearts moments earlier, As Sora prepares for his final battle with Xehanort, Lea and the other use their keyblades on Xehanort trapping him in Scala ad Caelum. after Xehanort's defeat at the hands of Sora, Donald and Goofy, he passes on with Master Eraqus in to Kingdom Hearts, Lea joins the others into closing it and are transported back into the Keyblade Graveyard.

In the games epilogue, Lea, Roxas and Xion are on top of Twilight Tower finally reunited they are joined by a restored Isa who hands out sea-salt ice cream to the trio. the foursome are joined by Hayner, Pence and Ollette sitting altogether and staring into the sunset, the seven of them are picked up by Riku and are taken to Destiny Islands for a celebration with the other guardians of light. Sora manages to bring back Kairi and Lea and the others bear witness to Sora and Kairi spending one last moment together before Sora fades away from misusing the power of waking.

## Demyx - The Melodious Nocturne

**Demyx**, the *Melodious Nocturne* (in Japanese: 夜想のしらべ, *Yasō no Shirabe*, lit. *Nocturnal Poem* ), is the ninth member of Organization XIII and an antagonist in the *Kingdom Hearts* video game series.

He is a lazy and irresponsible member of the Organization who wields a sitar in battle, using it to manipulate water and command it in his favor. He is also the commander of the Dancer Nobodies. He later returns as a reserve member of real Organization XIII.

He is voiced by Kenichi Suzumura in Japanese and by Ryan O'Donohue in English.

### Past

According to Xemnas, Demyx's original self was a Keyblade wielder during the Age of Fairy Tales. At some point, this Keyblade wielder succumbed to darkness, spawning a Heartless. However, his will was strong enough to spawn a Nobody as well, who joined the Organization as Demyx. In his own room at an unknown time, Demyx was fixing his hair in front of the mirror, which something he did when he was a human made him do. Finishing setting his hair, Demyx picked up his sitar and strummed it. He played and played, but was interrupted by Xaldin, who told him to keep it down because he wanted to sleep.

Annoyed, Xaldin questioned why Demyx clings to his human memories, but he did not reply. Xaldin told him that Nobodies need to sleep because a terrible force is moving their world and they need rest to store up power. Demyx did not reply once again as Xaldin left the room, displeased.

*Kingdom Hearts 358/2 Days*

Demyx is present when Xion joined the Organization. Demyx sometimes accompanies Roxas on several missions, including battling a Flare Note in Olympus Coliseum and tackling a Dual Blade in Halloween Town. When Roxas approaches Demyx, he willingly admits that he "isn't cut out for combat" and would rather perform recon.

*Kingdom Hearts II*

Demyx appears in Hollow Bastion (formerly known as Radiant Garden) with all of the other Organization members, but he does not contact Sora. Demyx's nervous laugh is audible when the Organization laughs at Sora.

Demyx is sent after Sora on suggestion by Xigbar to find him and to keep Sora on the Organization's desires. He also contacts Hades, but no deal was made and Demyx promptly flees, while passing by Sora and his friends. Later on, Demyx steals the Olympus Stone, and soon encounters Sora within the Underworld once more. Although Sora doesn't understand the meaning of Demyx's objectives, nor why Demyx calls him Roxas, Demyx is unable to fulfill them and took the next ordered step, which is to attack Sora. He summons multiple water clones to attack Sora, but Sora manages to defeat them all.

Just afterwards, Demyx appears to Sora and explains the nature of the Absent Silhouettes.

Demyx confronts Sora later in Hollow Bastion during the Battle of 1000 Heartless, again greeting Sora in a rather friendly manner. However, Sora and his companions' response is hostile, even claiming that Demyx is unable to fight. Demyx tried to show some bravery by saying, " *You shouldn't judge anyone by appearance.* ", but when Sora and friends took out their weapons, Demyx began to cower, claiming that Organization XIII sent the wrong guy. Sora and his friends then claimed that the Nobodies do not have hearts.

Demyx's normal carefree attitude vanishes, and he silences them with a much darker tone and attacks the "traitor" again with all his strength. In the end, however, Demyx is defeated again and fatally wounded. After lamenting his loss, he fades into darkness.

### *Kingdom Hearts III*

Demyx returns in *Kingdom Hearts III* . Though he is originally brought back to join the real Organization XIII, he is quickly "benched" and replaced with one of Vexen's replicas. something that Larxene makes fun of him for. However, due to Demyx's past as a Keyblade wielder from the Age of Fairy Tales, the Organization is still keeping him as a reserve member.

Later, Vexen tracks Demyx down in Radiant Garden and attempts to convince him to help him defeat the Organization as both of them were benched. While Demyx counters by claiming he and Vexen never knew each other and was reluctant to backstab the Organization despite his laziness. Vexen explains that this is exactly why Demyx is perfect for the role as well as offering him a chance of redemption. He is convinced to help him when Vexen reveals to him Saïx was involved with their plan and that he would be doing more reconnaissance as opposed to being benched. Vexen then has Demyx deliver a replica and Ansem the Wise to Ienzo, who uses the replica to resurrect Roxas.

In the Keyblade Graveyard, Demyx came to take the replica that was inhabited by Dark Riku. Riku at first was ready to fight him but Demyx shows Riku his gummiphone to proves his affiliations with Ienzo Overconfident, Riku told him that it was not just any vessel and that it had to be delivered to Radiant Garden safely as it contains important memories. As a result, Namine became whole. What happens to Demyx afterwards remains unknown but it's very likely he was recompleted as his original self as part of his redemption.

## Luxord - The Gambler of Fate

**Luxord**, the *Gambler of Fate* (in Japanese: 運命を賭す者, *Unmei o Tosumono* ?), is the tenth member of Organization XIII and a supporting antagonist in *Kingdom Hearts II* and *Kingdom Hearts III* .

A skilled gambler, he possesses the ability to manipulate time, which he uses to force his opponents to play timed games, with unfortunate consequences if they cannot learn the rules and lose. He commands the Gambler Nobodies, who force their opponents to participate in games similar to the one Luxord uses in fights.

He harasses Sora and his friends in Port Royal, playing a game with them involving the cursed Aztec treasure there. He later battles Sora alone in the World That Never Was, and is the third-to-last member of Organization XIII to fall.

He is voiced by Robin Atkin Downes in the English version, and by Joji Nakata in the Japanese version.

## Early life

Luxord's original self was a Keyblade wielder from the Age of Fairy Tales. At some point, he succumbed to darkness, but his will was so strong his body became a Nobody and was recruited into the Organization.

## *Kingdom Hearts: 358/2 Days*

Luxord plays a minor role in *Kingdom Hearts 358/2 Days* . He is present when Xion joined the Organization, and would often team up with Roxas in missions in Wonderland. This association with this world is more than likely thanks to the Queen of Hearts's card army. Luxord joins Roxas on other missions and stays in the Grey Area as well. Luxord took all of his missions as a game, and would tend to comment on them as such to Roxas. He was shocked when Xemnas called the meeting to announce the truth about Xion being a Replica, and simply said, "If only the whispers from the top of the ladder carried to the bottom rung," before vanishing from Where Nothing Gathers.

## *Kingdom Hearts II* Hollow Bastion

Luxord appears with all of the other Organization members in the confrontation with Sora and stands behind and to the left of Saïx. He makes no contact with Sora. In fact, he isn't even seen again until Port Royal the second time through.

## Port Royal

Upon making second rounds to the worlds in search of the Organization's stronghold, Sora once again allies with Jack Sparrow in Port Royal, where he learns that Will Turner has gone missing while investigating the theft of cursed pirate gold by a man in a black hood. They seek out Will on the *Black Pearl* and find him on the *Interceptor* .

Luxord appears on the *Black Pearl* after they have recovered Will, with the cursed gold beside him, greeting Jack Sparrow. He reveals that he is at Port Royal to assess the value of the cursed gold to the Organization and calls up Grim Reaper, a Heartless. After the Heartless is thrown overboard, Luxord invokes the right of parley before Jack can get off a shot with his pistol. He agrees to hand over the chest, but takes four medallions from it when he does so, sending them off to his Gambler Nobodies, who escape with them. This has the effect of returning the curse on Jack and tying his curse to Grim Reaper, who becomes cursed, as well.

The Grim Reaper then knocks Sora, Donald, Goofy, and Jack onto the Interceptor, and has the cannons of the Black Pearl destroy the ship. Sora and the others survive, and track down the medallions, and defeated the Grim Reaper back at Port Royal, lifting the curse on Jack. Even with Luxord's experiments having failed, he manages to bring the heart that the Grim Reaper was holding to Kingdom Hearts, and promptly flees.

## Where Nothing Gathers

During several additional scenes in *Kingdom Hearts II Final Mix*, Luxord is featured with a prominent speaking role. Immediately after taunting Sora, the Organization returns to their meeting chamber. In response to talk about making plans, Luxord says that he'll " *Pass out some cards.* ", meaning he intends to dabble around here and there, stirring things up to see what he can do. This inadvertently instigates a small argument between Xigbar and Demyx, and after Xaldin breaks it up, Luxord disappointedly remarks " *There goes my entertainment.* "

He is again seen just before Sora enters The World That Never

Was, discussing Axel with the remaining members. He notes that Axel may have gained something by putting his existence on the line to help Sora. When Xigbar reacts that, as Nobodies, they have no existence to put on the line, Luxord replies: "Then, perhaps he bet his NON-existence. Either way, he came out a winner.". He then adds with a smile: "Oh, Axel. A grifter till the end.".

### The World that Never Was

Luxord appears once more in the Organization's fortress in The World that Never Was. When Sora, Kairi, Riku, Donald and Goofy enter the area where Luxord waits, Sora walks ahead of the rest. Materializing between Sora and his friends, Luxord uses his cards to remove Sora's allies from the area, and challenges Sora to a game involving time. Luxord fights against Sora, using a variety of tricks and games of luck with his playing cards, but in the end, Sora is able to wear Luxord's time down and defeat him. As Sora readies a finishing blow, Luxord raises his cards to shield himself, but Sora slices through the cards and finishes Luxord off. Before fading into darkness, Luxord exclaims, "How could you… Roxas?".

### *Kingdom Hearts III*

Luxord returns in *Kingdom Hearts III* as a member of the real Organization XIII and noticeably sports golden eyes like the other members.

He was first seen with Xigbar in Thebes, riddling him why finding the Black Box was suddenly important. He grew doubtful that it was Xemnas (the former whom Luxord inquired about it) or Xehanort (the latter whom Luxord states only cares about the clashes between the seven lights and thirteen darknesses) who gave the order since Xigbar brought it up in the first place. He also suspects Xigbar of having been in a hurry to get box before anyone can get to it having noticed Maleficent and Pete are also in search for it, Leaving the scene with no choice but to feign ignorance, he begun to wonder who Xigbar really was. After he leaves Xigbar questions who Luxord himself really was.

Later during a meeting with some the organization's members, Luxord appears with Larxene, Marluxia and Demyx questioning

Xemnas if they were brought back to "rot away on the bottom rung" much Larxene's frustration who isn't happy to see him asks Luxord if this "Organization Rehash", Luxord responds with stating he has an important role to play and that he wasn't benched indirectly mocking Demyx for being benched much to Demyx's frustration for Luxord's eavesdropping. Larxene then questions him about Xigbar's role in searching the of the box, but Luxord having confronted Xigbar about the black box earlier simply tells her to ask Xigbar himself. Luxord then shifts his attention Xemnas asking him the real reason for bring them all back stating he didn't being them back for "old times sake", Xemnas states that he along with Marluxia, Larxene and Demyx are going the reveal their greatest secret the ancient keyblade legacy that slumbers within them much to the foursome's suprise.

After being briefed by Vexen, Luxord goes about continuing to find the Black Box in The Caribbean upon learning of a being that can exist without having a heart inside. He challenges the heroes to a race and somehow manages to trick Captain Jack Sparrow (unaware that the real one is elsewhere) into revealing the box as the Dead Man's Chest that contains the heart of Davy Jones. Luxord then goes to find the box on the Flying Dutchman and uses an entire fleet of Heartless to keep the heroes at bay.

He then later arrives in the Maelstrom battle and summons the Kraken for the heroes to handle as he pursues the Flying Dutchman. He then confronts Captain Jack Sparrow in an attempt to take the box and use the right of parley. But Jack outsmarts him by interrupting him and using his bad breath to send Luxord into the ocean just as Vexen confirms that this isn't the box they are after.

At the Keyblade Graveyard, Luxord participates in the clash between darkness and light and joins Marluxia and Larxene in fighting King Mickey. He manages to trap Mickey in a card and has Sora find his real self in a game of sorts before eventually being defeated by him.

Upon defeat, Luxord hands Sora a "wild card" that could turn the tables. Sora asks if he would play again when they are both normal human beings to which Luxord accepts before fading away but not before leaving King Mickey's card for the king to be freed from.

## Powers, skills & weapons

Luxord uses his attribute, time, and weapon cards, in unorthodoxly formidable ways that make him not one of the most powerful members of the Organization but the trickiest to defeat. In *Kingdom Hearts II*, he uses his power of time manipulation to force Sora to play timed games where both of them have time bars but Luxord doesn't have a health bar of his own, giving him an advantage as Sora has to watch both his time bar and HP while Luxord has no such needs. He is able to restore his time bar by winning a game with Sora when at the last of it while greatly reducing Sora's time. He uses his very flexible card weapons, called **Fair Game**, that vary in size, as his main means of attack, able to turn himself into a giant card and hide among similar cards as well as seamlessly shift between them for quick evasion, turn his enemies into cards or trap them inside one, throw flurries of razor-sharp cards at an enemy or surround himself with them and then spin around, create defensive barriers, and at times by will can warp reality. The Reaction Command "Flip" causes the cards to vanish, but some of them have a booby trap (represented by a symbol on the one side of the card) that "Flip" triggers. He can also use them as sleight of hand cover, or to disorient his enemies.

In *Kingdom Hearts III*, Luxord displays a fair amount of skill in captaining a ship and the power to summon Heartless ships at will, using these abilities to challenge the Leviathan. When fighting at the Keyblade Graveyard, upon being empowered by Xemnas, Luxord traps Mickey inside a card and surrounds Sora in the center of many cards and could teleport Marluxia and Larxene if attacked.

## Marluxia - The Graceful Assassin

**Marluxia** is a member of the original Organization XIII and a major antagonist of the *Kingdom Hearts* video game franchise. He is the Nobody of **Lauriam**, an Union leader of the Dandelions who was first introduced in *Kingdom Hearts χ* . He wields a scythe and the power of flowers, which represent death as opposed to how they represent Cure magic in the games for all the other characters. Marluxia, along with Larxene, another Organization XIII member, schemes to overthrow Xemnas, with the help of Sora, so they can become the leaders. He appears as the main antagonist of *Chain of*

*Memories* and a supporting antagonist in *Kingdom Hearts III* .

In the original Japanese version, he was voiced by Shūichi Ikeda. In the English dub, he was voiced by Keith Ferguson, who also voices Flintheart Glomgold in the *DuckTales* reboot series.

Lauriam, Marluxia's original self, was a Keyblade wielder seemingly chosen by Master Ava to lead the Dandelions during the First Keyblade War. He was one of the five leaders, alongside Ventus, Brain, Ephemer, and Skuld. He appeared shortly after an unknown person murdered his sister Strelitzia, a Keyblade Wielder also chosen by Master Ava to lead the Dandelions, stole her book, and took her place amongst the leaders. Looking for answers behind Strelitzia's death, Lauriam seeks the aid of fellow Keyblade wielder Elrena (Larxene's original self).

Before *Kingdom Hearts 358/2 Days*

At an unknown point in time, Lauriam succumbed to darkness, turning his heart into a Heartless. However, his will was so strong it left behind a Nobody, who was recruited into the Organization by Xigbar and Xaldin.

*358/2 Days*

Marluxia appears as a playable character in *Kingdom Hearts 358/2 Days*, and teaches Roxas a few things about fighting. He was also present when Xemnas introduced Xion into the Organization.

*Chain of Memories*

Marluxia makes his first official appearance as the main antagonist of Sora's story mode.

After the events of the first game, Sora, Donald, and Goofy are wandering a long road. In the middle of the night, a hooded Marluxia appears and leads them to Castle Oblivion. Once inside, he takes all of their memories, and puts them into cards, weakening the party. He then teaches them how to use the cards, and then leaves after giving them a card that allows then to revisit a world from their memories.

As the game goes on, it is discovered that Marluxia has gotten fellow members of the Organization Axel and Larxene to help him conspire against the leader of the Organization, Xemnas. To do this, he wishes to use Naminé to twist Sora's memories, turning him into a slave of the Organization, so that the power of the Keyblade could be theirs. At the same time Zexion, Vexen and Lexaeus find out about this plot and counter his and Larxene's plans by having Vexen offer them help by using the Riku Replica against Sora. However, Vexen is killed by Axel after his defeat against Sora to prevent him of revealing their plans, Larxene is eventually killed by Sora, Goofy and Donald when the former confronts them about ruining their plans, and Axel betrays him, with the latter attempting to kill him on the account that his role is to eliminate traitors in the Organization, leaving him the last person in the conspiracy.

Sora makes it up to the floor with Naminé, and after a short talk Marluxia reveals himself, and demands that Naminé use her powers to crush Sora's heart, but Naminé refuses, and Marluxia fights Sora. Sora is able to overpower him, but he then reappears and reveals that the Marluxia he fought was an illusion and flees into the highest room in the Castle, awaiting Sora with a reaper machine to help him fight. After that he fights Sora with an angel-like Nobody, which is the ultimate proof of his powers. In the end, Marluxia still falls at Sora's hands and is destroyed, fading away.

Ultimately, Marluxia along with Larxene, Vexen, Zexion and Lexaeus all fall victim to Axel's plot of raising Saïx through the ranks of the organization. It was later revealed that Saïx had knowledge of him and Larxene's plan of overthrowing Xemnas which is why they were sent there alongside other "useless" members for Axel to eliminate them all.

*Kingdom Hearts II Final Mix*

Marluxia's spirit remains as a special kind of Nobody, called an Absent Silhouette, and manifests itself inside the Beast's Castle in the Beast's room after Sora convinces the Beast to take back Belle and the rose from Xaldin. If Sora chooses to investigate the Silhouette, Marluxia reappears and engages Sora in a hectic rematch, but is defeated. A data replica of Marluxia also appears in the Cavern of Remembrance.

Kingdom Hearts 3D: Dream Drop Distance

Despite being recompleted into Lauriam, he was approached by Young Xehanort to become a member of the real Organization XIII and transformed back into his Nobody.

A hooded Marluxia appears with his fellow Organization members in Where Nothing Gather to witness Master Xehanort's return and for the him to induct Sora into the Organization as their final member, however he along with the rest was forced to retreat when Lea, Donald and Goofy stall their allotted time.

*Kingdom Hearts III*

Marluxia returns in *Kingdom Hearts III* as part of the real Organization, despite his attempts of overthrowing the original. His eyes are now golden, therefore implying that he has become a vessel of Xehanort. He first appears in Corona, offering to help Gothel find Rapunzel (Taking the role of the Stabbington Brothers from the film). Later, he appears to Sora and reintroduces himself, and comments on their past encounter, even though Sora has no memory of it. He then claims that the Organization seeks to compliment the light, and that Rapunzel is the light of Corona. Later, he kidnaps Flynn, then ties him to a boat with Rapunzel's crown in matter that made it look like he was abadoning her. He then confronts the Princess and claims that Flynn has robbed her. Rapunzel doesn't believe him and runs, only to encounter Gothel who dispatches Marluxia's nobodies. Rapunzel, now starting to believe Marluxia's lies, returns to Gothel, in tears. Marluxia then confronts Sora and reveals that Gothel keeps Rapunzel prisoner, and that this serves Xehanort's goals by "preserving" her, because she is one of the seven new Princesses of Heart. Sora tries attacking Marluxia, but he knocks Sora out. Later, after Gothal disentigrates, Marluxia transforms her remains into a heartless.

Marluxia later met with his old partner-in-crime Larxene where she suggested another coup of the Organization. This time, however, Marluxia rejected the idea, reiterating that despite their previous betrayal of the Organization, Master Xehanort brought them back to be his vessels and nothing more. He also was aware that Saïx had brought Vexen on board to continue their plan on using replica's for the Organization, stating that the replicas (as in the case with Dark Riku) were human enough to join their ranks, Marluxia remained unaware of Saix and Vexen's true intentions on using the replica program. He and Larxene were both present with Demyx and Luxord when their old superior Xemnas revealed to them why they were all chosen as vessels for the real Organization XIII: their past connection to the Keyblade legacy. When the Second Keyblade War begins with the real Organization XIII and the Guardians of Light, Marluxia, Larxene, and Luxord gang up on King Mickey before Sora intervenes. After Marluxia is defeated, he seems to regain his forgotten memories of his past life before becoming a Nobody, laughing at the irony of how he just now remembers what is important to him. Having remembered his true purpose, Marluxia thanks Sora before fading away and presumably being recompleted as Lauriam again.

Larxene - The Savage Nymph

**Larxene**, the **Savage Nymph** (in Japanese: 非情の妖姫, *Hijō no Yōki*, lit. *Callous Vixen* ), is a recurring antagonist in the *Kingdom Hearts* series, the Nobody of **Elrena**, a member of the Dandelions. She is the twelfth member of Organization XIII as well as being the only official female member of the team (with Xion being an unofficial member), and also has a very sadistic nature. She wields a set of knives named Foudre and the power of thunder, which she uses for quick and lethal attacks.

She is voiced by Yuko Miyamura in Japanese and by Shanelle Workman in English.

Elrena was a Keyblade Wielder during the age of fairy tales. As her original self she was a member of the Dandelions. She first appears when Lauriam (Marluxia's original self) seeks her to ask about his missing sister Strelitzia, since she and Elrena were often going in missions together. She is very willing to help Lauriam to the point that even her Chirithy states that is not her usual behaviour since she normally doesn't care about other people.

Through unknown means, she and several other Keyblade wielders were spared from the desolation of the Keyblade War and ended up in the current timeline before losing their hearts to darkness.

Elrena's empty vessel became the Nobody named Larxene who was recruited into Organization XIII.

## Kingdom Hearts: 358/2 Days

Larxene appears as a playable character in Kingdom Hearts 358/2 Days' mission mode and a minor character in story mode. She is ranked number 12 within the organization. she gathers with the other organization members when Xion is inducted into the organization and soon was tasked on training Roxas, Sora's Nobody on how to wield magic and loathed every moment of doing so. Eventually she joins Marluxia in his plot to overthrow Xemnas as they are assigned to Castle Oblivion to manipulate and control Sora.

## Kingdom Hearts: Chain of Memories

Larxene is the secondary antagonist of Sora's storyline during the events of *Kingdom Hearts: Chain of Memories*, appearing frequently to taunt Sora and taking delight in the rage and agony she spurs in him.

Nevertheless, Larxene's cruelty was ultimately proven to be her own undoing; after she discovers Axel's unexpected betrayal and sees her plans with Marluxia have fallen apart, her friendly manner vanishes and she attacks Sora in a rage. Ultimately, she pushes Sora, Donald and Goofy too far and suffers their combined wrath after hurting Naminé and trying to kill them. She ends up being defeated and, surprisingly in death, she sounds out a cry of what appears as sadness as she is fading.

Ultimately, she along with Marluxia, Zexion, Vexen and Lexaeus were ultimately pawns in Axel's plot of raising Saïx through the ranks of the Organization, Saix himself was revealed to have knowledge of her and Marluxia's plot of over throwing Xemnas and thus were sent to Castle Oblivion along with the other "useless" members alongside Axel so he can eliminate them all.

## Kingdom Hearts II

Although she does not have a role in *Kingdom Hearts II*, she appears as an optional boss in *Kingdom Hearts II: Final Mix*, where the location of her Absent Silhouette is located at Port Royal, as well as in the Data Battles with the other Organization members.

## Kingdom Hearts 3D: Dream Drop Distance

Although she was recompleted back into Elrena, she becomes a member of Real Organization XIII after encountering Young Xehanort.

A hooded Larxene was present with her fellow Organization members at Where Nothing Gathers to witness Master Xehanort's return and to watch him attempt to turn Sora into their final member, however she along with everyone else was forced to retreat after Lea, Donald and Goofy sabotage their efforts in inducting Sora into the Organization.

## Kingdom Hearts III

Larxene returns in *Kingdom Hearts III*, as a member of the real Organization XIII. Her sadistic nature is more toned down (presumably from being defeated by Sora) and she appears to be more patient, calculative, and cautious. She also appears to have little interest in Xehanort's plans.

She encounters Sora again in Arendelle where she explains that said world has a Princess of Heart and she believes it to be Elsa, while also keeping the trio at bay from interacting with the Snow Queen. However, Anna's actions cause her to think Anna could be the Princess she is looking for. Ultimately, she learns that both Anna and Elsa are Princesses of Heart, and leaves to report this information to Xehanort but not before smugly lying to Sora that the Organization has their thirteen darknesses.

Larxene is present with Marluxia at the Keyblade Graveyard when she proposed another coup. This time, however, Marluxia rejects the offer saying it would be pointless, since they were only brought in to be vessels for Master Xehanort. Demyx and Luxord soon arrive as well, much to Larxene's chagrin that they too are part of the True Organization XIII. the former mocking her for their failed attempt of overthrowing the first Organization, causing her to make fun of him when he revealed he was benched by the replicas and the latter explaining he had an important role to play Their superior Xemnas appears to meet with them about why those four were chosen for both the original and current Organization.

Larxene incorrectly answers that their hearts are "uber powerful" as Xemnas reveals the real reason; the four of them have a connection to the Keyblade legacy from the age of fairy tales, with Larxene being the most visibly shocked of them all.

Later in the final battle, Larxene, Luxord and Marluxia are fighting Mickey until Sora gives the King backup, and Larxene is defeated again. While she is angered by her second defeat, she does not respond to death in fear. Larxene accepts her fate, and dies with dignity, choosing death over being a vessel for Xehanort. She genuinely smiles at Sora when telling him her reasons for "going along for the ride" are secret before fading away, implying that she only joined the old and the real Organization to be with Marluxia. She later was presumably reborn as her former complete self.

## Vanitas

**Vanitas**, also known as **The Masked Boy**, is a major antagonists of the *Kingdom Hearts* series. appearing as the secondary antagonist of *Kingdom Hearts Birth By Sleep* and a supporting antagonist in *Kingdom Hearts III* .

Vanitas is a Keyblade wielder, Master Xehanort's apprentice, Ventus' dark embodiment, and is the cause of infestations of the Unversed in various worlds. He is also a member of the real Organization XIII.

He is voiced by Miyu Irino in Japanese and Haley Joel Osment in English, both of whom also voice Sora. As Ventus-Vanitas, his voice is blended with those of Kouki Uchiyama in Japanese and Jesse McCartney in English, both of whom also voice Ventus and Roxas.

### *Birth By Sleep* novels

In the novels, Vanitas' life between his creation and the events of *Kingdom Hearts Birth by Sleep* is expanded upon. At first, Vanitas was a faceless being much like a Heartless but with red eyes, that felt sad for his separation from Ventus. However, that sadness soon turned to hate and contempt for what he considered his weakness. In a way, Vanitas hated himself for being so weak.

Vanitas was well aware of his existence, and soon started questioning why he was born, and every time he felt something, an Unversed would come to be. This caused him to be irritated by the fact that such a monster was born from him, so he destroyed the Unversed with his Keyblade without any hesitation; but every time he destroyed an Unversed, he himself would feel strong physical pain running through his body, and after the Unversed was destroyed, the pain and negative feeling would return to Vanitas' mind, which added more to the irritation he was feeling and in turn another Unversed of "irritation" would be born from him.

When a newborn's heart came in contact with Ventus' fractured heart, he also directly contacted Vanitas' heart. After feeling a sharp pain in his chest, Vanitas' body fell to the ground of the wasteland near the Keyblade Graveyard and almost lost consciousness, feeling being engulfed by absolute darkness. That was when Vanitas heard Sora's voice and then he saw light.

The light eventually surrounded his whole body. He then heard a voice saying "Let's open the door".

Vanitas then opened his eyes and found out that now he had a normal boy's face. He also realized that someone, probably also a newborn heart like himself, had saved Ventus' heart from completely fading away.

Because Vanitas told Master Xehanort that if he kept both him and Ventus, he could not guarantee that he could keep Ventus alive, since he found it was hard to suppress his impulse to hurt Ventus; thus, Xehanort had to take Ventus to the Land of Departure, asking Eraqus to take care of the boy. But after Ventus left, Vanitas started to miss him, and he kept wondering why they got separated from each other. This caused him to feel miserable and immense pain.

At the same time, he also felt very lost and anxious about his future; without Ventus, what would become of him? What was he supposed to do? What was the meaning of his existence? Why did he feel so suffocated in his chest? The more he thought about these questions, the more anxious, irritated, and lonely he felt. And the more he felt that, the more Unversed were created. Looking at the Unversed was like looking at his own weakness that he did not want to admit, so he started to kill them in a cycle of suffering that he could not escape.

At the same time, Master Xehanort could only coldly watch Vanitas harming himself from far away. Vanitas desperately wanted to escape from this vicious cycle of pain and suffering. But as young as he was at that time, he simply did not know other ways than killing the Unversed, until the point the pain was too much to endure, when he finally collapsed onto the ground of the Keyblade Graveyard, and cried. Tears started running down his face silently as he lay on the ground, alone. Master Xehanort came to him, telling him the only way for him to achieve salvation was to become the χ-blade.

Becoming the χ-blade was the only way for him to truly unite with Ventus again, and the χ-blade would bring salvation not only to him, but also to the whole world. Vanitas desperately wanted to free himself from this unbearable fate, thus to become the χ-blade had now become his goal, his whole life purpose, and his only light of hope to lead him out of this darkness.

*Kingdom Hearts Birth by Sleep*

Vanitas was created out of the darkness in Ventus' heart when Ventus was defeated by a horde of Neoshadows Xehanort had him fight as part of his training in order to save his heart from fading away, and Vanitas became Xehanort's apprentice. Xehanort decided to use Ventus to create the χ-blade and also as a vessel. He found that Ventus could not be a vessel but could still make the χ-blade.

After Ven's training, Vanitas arrives and taunts him about being weak before leaving and telling him that if he does not chase Terra, he will never see him again. Vanitas later met Ven at the Badlands and attempted to kill him, thinking he was too weak, but Mickey saved him and Vanitas left.

Vanitas later encountered Aqua at the Radiant Garden and they fought, but Vanitas left, revealing that it was just a test. Vanitas met

Aqua again in Neverland and fought her because he no longer needed her. After the battle she faints and he leaves; it is unknown why he did not finish her off.

Vanitas later confronts Ventus and forces him to go to the Keyblade Graveyard after revealing their past.

Vanitas then fights against Aqua and Ventus at the Keyblade Graveyard and then he faces Terra with Xehanort's help, though he lives midway through the fight so he can forge the χ-blade. Vanitas knocks Aqua out and is about to finish her but Ventus recovers and fights Vanitas.

In the end, while confronting Ven, Vanitas unmasks himself, revealing his face to resemble Sora's, albeit with black hair and golden eyes. He reveals the Unversed came from him, and then would return to him once they're defeated.

During the final confrontation, Vanitas forces Ventus to fuse with him to become Ventus-Vanitas. Ventus fights Vanitas inside his mind while Aqua and Mickey face off against Vanitas controlling Ventus. After a long fight, Aqua and Mickey defeat Ventus-Vanitas and Ventus defeats Vanitas in their mental battle.

During Aqua's search for Terra, she senses a strong presence in the Keyblade Graveyard. Arriving there, she is confronted by Vanitas' Lingering Spirit, who attacks her. She knows he has all of his old powers plus the Unversed's powers and the χ-blade. After a long battle, Aqua defeats him and continues her search for Terra.

### *Kingdom Hearts 3D: Dream Drop Distance*

When Young Xehanort appears before Sora within the cathedral at La Cité des Cloches, Ventus' heart reacts within Sora and allows him to see an image of Vanitas. In unison, the youth and Vanitas claim that Sora has made his heart into a prison, then vanish.

The real Vanitas joins the rest of the True Organization XIII during Master Xehanort's resurrection and attempts to make Sora the thirteenth vessel. However, Lea, Donald, and Goofy's intervention forces the Organization, including Vanitas, to retreat to their own times.

*Kingdom Hearts III*

In Monstropolis, Vanitas is revealed to have freed Randall Boggs so he would aid him in gathering negative emotions from children. After Randall is banished for good, Vanitas tries to seize Ventus from within Sora. Goofy recalls that Ven was never able to defeat Vanitas, because they both struck each other down. In the nick of time, Sulley grabbed Vanitas and threw him into four doors with the last one being put in the shredder.

Later, Vanitas invaded the Land of Departure to take Ven while his heart was sleeping. Aqua formed a barrier to fight him one-on-one, though he had the upper hand. With Sora's plea, Ven's heart returned and pierced the barrier to save Aqua. Vanitas retreated after saying that three Guardians was more than he cared to face.

At the Keyblade Graveyard, Vanitas joined Master Xehanort, Young Xehanort, Ansem, and Xemnas in confronting the Guardians of Light before summoning an army of Heartless, Nobodies, and Unversed to assault them. Later, he joined Terra-Xehanort in fighting Ven and Aqua at the Skein of Severance. During the battle, he revealed that he isn't Ventus's darker half, but really another entity hidden deep inside of Ven before being ripped from him by Xehanort. Once Sora joined the fight, Vanitas was defeated. He revealed his face to Sora and explained their similarities because Sora's heart had replaced Vanitas as the missing piece of Ven's. Sora and Ven implored Vanitas to join them as their "brother," but Vanitas, content with being their darkness, returned to his time while his replica body was destroyed.

## Terra Xehanort

**Terra-Xehanort** is a major antagonist in the *Kingdom Hearts* video game series. He is the vessel of Terra possessed by Master Xehanort, and the complete being of "Ansem" and Xemnas.

He is voiced by Richard Epcar in the English dubs of the games and by Akio Otsuka in the original Japanese versions.

As part of his plan to see the second Keyblade War's aftermath due to his late age, Master Xehanort sought a means to cheat death by transferring his body into a young vessel, a prelude to his scheme to divide his being among thirteen beings to create his Thirteen Seekers of Darkness. Terra proved to be an ideal host, with Xehanort manipulating the events to have the young man open his heart to darkness for the transfer to be complete.

However, despite taking Terra's body as his own, Xehanort suffered resistance, both external and internal, and a botched attempt to force Terra's heart out caused the confused vessel to lose his memory while in Radiant Garden. He was found by Ansem the Wise soon after, Terra-Xehanort only remembering the name "Xehanort", which he has been called ever since as he became Ansem's foremost apprentice.

## Ansem's Apprentice

Although he was confused about his past, with his previous incarnation's accomplice Braig as his sole confidant, Xehanort learned greatly and became quite cunning. Xehanort was described by Ansem as having abilities so remarkable that they could be considered supernatural. Eventually, Ansem began to worry about the darkness that lingers within the hearts of others and sought a way to stop it before it consumed his people.

Ansem constructed a laboratory under his castle where he, Xehanort, Braig, and Ansem's other assistants (Dilan, Even, Aeleus, and Ienzo) would conduct experiments on darkness. Xehanort, who Ansem now fully trusted as an apprentice and friend, offered to use himself in the experiments. Ansem also hoped to unlock Xehanort's memories in addition to uncovering a way to repress the darkness within hearts. Xehanort had other plans in mind though and decided to conduct his own experiments to go deeper into the research.

## The Heartless

Xehanort and the other five apprentices began to carry out their own experiments. They abducted countless people and locked them in the depths of the laboratory where Xehanort then conducted horrible experiments on the subjects. After using many test subjects, one set of experiments led to the collapse of their hearts. The subjects then went into unrecoverable conditions and were locked up in the dungeon of the castle. Eventually, Xehanort checked on the subjects and saw that they transformed into creatures of darkness, which he named "the Heartless" as they lacked hearts. At this point, Xehanort had taken Ansem the Wise's name as his own and wrote his own report under this stolen name.

Xehanort then presented the Heartless with living and non-living samples; the Heartless only responded to the living. Xehanort witnessed the Heartless consume the living creatures and then multiply into more Heartless. Xehanort deduced that the Heartless seek the hearts of other things, which explains why they only react to living samples, in order to create more of their kind. Xehanort and his associates soon began to slowly accept the darkness, allowing them to have limited control over the Heartless.

They, in turn, began to look less and less humane, a factor that Ansem himself realized. When Ansem learned that his apprentices continued with the research, he called them together and ordered for them to cease their efforts immediately, all the while questioning what was happening to his loyal apprentices. Xehanort, however, saw his master as a fool who had no understanding of research and kept the research operating.

After observing the behavior of the Heartless and their responses to living things, Xehanort took one of the Heartless aside and observed its behavior. The Heartless began to move throughout the castle until a door appeared which Xehanort was somehow able to open. Behind the door was a humongous mass of energy to which the Heartless reacted immensely. The opening of this door led to the collapse of the world's boundaries, which was seen in the form of a meteor shower. Xehanort eventually deduced that the door actually led to the heart of that world and that the opening of this door led to the collapse of the walls between worlds.

This allowed inter-dimensional travel as all the walls between worlds were now broken and eventually a visitor named King Mickey showed up. He had constructed a Gummi Ship, a spacecraft capable of breaking through world boundaries, out of materials from the meteors and used it to visit many different places in search of answers to recent events. Xehanort and Mickey met and had huge discussions in which Xehanort learned of the Keyblade, a mysterious weapon that Mickey himself possessed.

There were also legends that told of seven princesses with pure hearts and how they have a connection to this Keyblade. The Keyblade can also be wielded by many, as long as their hearts qualify, and it seems there is a legend of one Keyblade bearer who went on a journey of destiny to seal off the doors to other worlds. Since this was not in Xehanort's interest, he sought a way to find this weapon. Mickey eventually met and befriended Ansem the Wise and the two of them exchanged theories and ideas in his office about what the Heartless were after.

Ansem decided to resist the urge to test their theories while expressing deep remorse for his actions. However, Ansem had no idea that Xehanort had gone further than he himself even dared. Xehanort entered the office during their discussion, asking Ansem's permission to test an experiment. Ansem forbade Xehanort to conduct it and told him to forget everything he learned from the research.

Even though Ansem had no further urge to research the darkness, the experiments led by Xehanort continued including the creation of a machine that created artificial Heartless, all of which were marked with an emblem created by Xehanort in order to differentiate them from the pure-bred Heartless. King Mickey suspected something odd about Xehanort and told Ansem to check his lab, collect all his data, and see if everything was under control. Ansem did so and learned that Xehanort had taken his name as his own and wrote a detailed report. From the report, Ansem learned of the horrible torture inflicted on people by the inhumane experiments that Xehanort had done. Ansem ordered his apprentices to seal off the laboratory and cease their scheme for knowledge.

## The Path to Destruction and Knowledge

Ansem's apprentices did as he instructed them but Xehanort eventually banished Ansem to the Realm of Nothingness and ravaged the world with Heartless. The Heartless under the command of Xehanort began spreading to other worlds and destroyed numerous ones in their mad search for hearts. One side effect of the destruction of so many worlds was the creation of Traverse Town, made up of the remains of the ruined worlds and populated by the few survivors of those said worlds. Xehanort then ordered for the seal on the laboratory to be broken and that a room that he called the "Chamber of Repose" be constructed.

Once done, Xehanort often went in and spoke as if there was someone else in the room. It is later revealed that the room housed the armor of a fallen Keyblade wielder although it is not known what the purpose of this was. Xehanort then abducted and sent Kairi, a resident of Radiant Garden, to the oceans of other worlds. The reason for this was because Xehanort thought Kairi had a connection to the Keyblade bearer, as she seemed to possess power comparable to that of a Princess of Heart, which is rumored to possess a connection to the Keyblade. He hoped to use her to find the Keyblade master and prevent him from sealing off the doors to other worlds. Before sending her off, he warned her that if she ended up on "the other side" of reality, they both have failed in their experiment.

Xehanort made the final pages of his report, which outlined his intentions as well as those of the Heartless. The Heartless seek to consume the hearts of all living things. However, they not only seek human hearts but the hearts of the worlds themselves. Their ultimate goal is to collect enough hearts to form the biggest heart of all, the heart in which all that exists are evolved from: Kingdom Hearts. Xehanort decided to use the Heartless' instincts to make his own plans. He would find Kingdom Hearts in order to gain ultimate power, control, and knowledge. Xehanort also learned that the creation of a Heartless can also lead to the creation of another creature called a Nobody, beings that are left over bodies of those whose hearts have been stolen away. They transform into an inhuman state and do not truly exist as they lack a heart to make them truly live.

Xehanort eventually opened himself to the darkness to regain the ability to wield the powers of darkness and his previous incarnation's Keyblade, using it on Braig and the apprentices. He then followed their example and divided his being into a Heartless and a Nobody.

Due to the willing separation, both halves remained human as they went their separate ways to enact one of their previous incarnation's plans.

## A Heartless and Nobody

Xehanort's Nobody took the concept of his original name being an anagram with an X in it and applied it to the name he stole, Ansem. Thus he was called Xemnas, who created The Organization later called Organization XIII, with the other apprentices at its core. Like Xemnas, all the other members rearranged their names and put an X in them in order create a new identity for themselves. They sought to become complete beings again and be whole. Meanwhile, Xehanort's Heartless, still calling himself "Ansem", remained a spirit seeking to plunge all that is in darkness. Both portions of Xehanort sought Kingdom Hearts in order to wield the power it possesses and unleash it into the universe.

Ansem's plans were to control other beings and use them to collect the Princesses of Heart and use them to open up the portal to Kingdom Hearts. To this end, he commanded the Heartless to manipulate the darkness within the Disney villains to serve their needs. Maleficent, being manipulated by the Heartless, led this group of villains to control the darkness by using the Heartless and collecting the princesses to open the path to Kingdom Hearts through an artificial Keyhole. This group used Hollow Bastion as a base of operations and used Ansem's reports to help them control the Heartless and the darkness. None of them knew, however, that they were being used by a far greater evil that was residing in the shadows, waiting for the opportune moment to claim Kingdom Hearts for himself.

At the same time, Ansem would use the Heartless to destroy entire worlds and collect the worlds' hearts to form the dimension of Kingdom Hearts itself. He also searched for a host to take control of so that he may regain a physical presence. His choice for a host would later turn out to be Riku.

Exploiting Riku's jealous friendship with Sora, Ansem nearly shattered their friendship and took possession of Riku's body, sending his heart to the dark realm. Unfortunately for him, the goal he sought for throughout his whole life, Kingdom Hearts, ended up destroying him with its light, giving Riku back his body. Kingdom Hearts was soon sealed away by Sora and King Mickey, which destroyed billions of Heartless and the End of the World as well as restoring all the worlds taken by Xehanort and the Heartless. (Ansem would still live on in Riku).

Meanwhile, Xemnas, the Nobody of Xehanort, sought to find Kingdom Hearts by collecting human hearts. His goal was to use Kingdom Hearts to make himself a kingdom, where he would be the ruler forever. Leading Organization XIII (Xigbar, Xaldin, Vexen, Lexaeus, Zexion, Saïx, Axel, Demyx, Luxord, Marluxia, Larxene, Roxas, and Xion), Xemnas controlled all Nobodies and constructed a fortress that would serve as a base of operations: The Castle that Never Was. Organization XIII recruited other powerful Nobodies in their plans to find Kingdom Hearts and use its power to become complete beings again. Xemnas eventually found a fortress known as Castle Oblivion and converted it into a base of experiments where the nature of memory would be experimented on. He was also searching frantically for a room called the "Chamber of Waking" and believed it to be somewhere within this fortress.

In the meantime, Organization XIII brought chaos and destruction to many worlds in order to create more Heartless and Nobodies to control. Research was also put into the Keyblade and the Organization eventually learned that it held the literal key to forming and obtaining Kingdom Hearts. And Xemnas, unlike his Heartless counterpart, achieved his goal. But after all of the other Organization members were slain by Sora, Kingdom Hearts was scattered by Ansem the Wise himself in an explosion that seemingly killed the former ruler of Radiant Garden (but actually just sent him to the Realm of Darkness).

Xemnas, with no other option, absorbed the remnants of Kingdom Hearts and became ultimately powerful. However, in a climactic battle with Sora and Riku, Xemnas was destroyed by the light of the Keyblade and faded, taking Kingdom Hearts with him. This also ended the reign of Organization XIII and the Nobodies and, as Sora stated after the battle, seemingly restored the Realm of Light to peace and safety.

### *Kingdom Hearts 3D: Dream Drop Distance*

Following Ansem and Xemnas's destruction, Terra's body was recompleted, but his heart remained trapped in the Dark Figure. Young Xehanort retrieved a past version of Terra-Xehanort and put his heart inside Terra's empty body, inducting him into the Real Organization XIII.

Terra-Xehanort joined his fellow Organization members as Master Xehanort returned and gloated about making Terra one of his vessels. However, the Organization's time ran out, and all the members, including Terra-Xehanort, returned to their times.

### *Kingdom Hearts III*

Terra-Xehanort was first seen in the Keyblade Graveyard. After pretending to be Terra for a few seconds to catch Ventus off-guard, he insisted that it was the day that the Guardians of Light would lose and the *x* -blade would still be forged. Terra-Xehanort proceeded to incapacitate the Guardians, forcing Donald to cast Zettaflare to defeat him, only to succumb from its life-threatening toll with his heart intact (as implied by Riku).

After Sora escaped from The Final World and recovered the Guardians' lost hearts from the Lich, time rewound to the same first moment with Terra-Xehanort. However, Naminé intervened by summoning the Lingering Will to fight Terra-Xehanort. During their duel, Terra-Xehanort managed to restrain the Lingering Will, but a future version of Sora stepped in. The Lingering Will sacrificed itself to save Sora, forcing Terra-Xehanort to duel Sora. Sensing that Sora has abused the power of waking, Terra-Xehanort dragged future Sora into darkness.

Later, Terra-Xehanort and Vanitas teamed up to battle Sora, Ventus, and Aqua. Upon his defeat, Terra-Xehanort bound the three guardians of light in dark chains. With him about to drop Ven and Aqua from a great height, Ven remembered keeping the promise to Terra he once made in Radiant Garden. The Dark Figure, controlled by Terra's mind, saved them in time, broke the chain with one hand, and ungagged his mouth while covering Terra-Xehanort's face. As a result, Terra-Xehanort and the Dark Figure ceased to exist and

Terra was himself again.

### *Kingdom Hearts: Melody of Memory*

Although Terra-Xehanort himself does not appear in *Melody of Memory* due to Terra having been released from Xehanort's control, an apparition of him created from Kairi's memories of him appears in Kairi's memory of The Final World when her memory of the elderly Xehanort turns into him right before he fades away after Sora defeats him, and he gives Kairi a cryptic hint on where Sora disappeared to after misusing the power of waking, leaving her puzzled. He is also seen in Kairi's flashback to her childhood in Radiant Garden when he sent her to the ocean between worlds to search for the Keyblade wielder, and it is shown he explained to her that if she were to end up in a world that's neither light or dark, she should give up her search, as it would mean that they have failed.

## Ansem - The Seeker of Darkness

**Ansem, Seeker of Darkness** (also known as **Xehanort's Heartless** ) is a major antagonist from the *Kingdom Hearts* franchise, appearing as the main antagonist in the first game and Riku's story in *Kingdom Hearts: Chain of Memories*, one of the secondary antagonists of *Kingdom Hearts 3D: Dream Drop Distance* and *Kingdom Hearts III* . He is one of the incarnations of Master Xehanort.

He was voiced in Japanese by Akio Ōtsuka and in English by Billy Zane (who also played Cal Hockley in *Titanic* ) in *Kingdom Hearts* and Richard Epcar from *Kingdom Hearts II* onwards.

### *Kingdom Hearts*

Ansem first appears to Sora prior to the Destiny Islands' destruction. Though he does not properly introduce himself at the time, Ansem makes a cryptic message to Sora regarding the fate of the Islands. During the Islands' destruction, Ansem appears to Riku and opens a Corridor of Darkness, sending the boy to Hollow Bastion.

Later, once Maleficent has almost completed gathering the princesses, Ansem possessed Riku's body. He acquires a Keyblade forged from the hearts of the princesses sans Kairi's and uses it to corrupt Maleficent, turning her into a dragon, but she is slain by Sora and company.

Sora then travels to the Final Keyhole, where Ansem awaits. Ansem explains that Kairi's heart is really within Sora and reveals his true identity before attempting to use his Keyblade to draw out Kairi's heart. Sora duels with Ansem, emerging triumphant, and prepares to seal the incomplete Keyhole. As Kairi is still comatose, Sora is forced to use Ansem's Keyblade to save her at the cost of the Keyhole's completion and his own transformation into a Heartless, and subsequently, the births of the Nobodies Roxas and Namine.

Ansem, having expelled Riku's heart and remodeled the boy's body, reappears and declares that Kairi's part is done. He tries to kill her, Donald, and Goofy, but Riku's heart stalls Ansem to buy the heroes time to escape. Ansem retreats to the End of the World, with a restored Sora in pursuit.

In a final battle, Ansem declares darkness is the source of all power, believing that Sora is still ignorant of the truth. Sora, though, retorts that Kingdom Hearts is light and destroys Ansem's physical form with the Door to Darkness.

*Kingdom Hearts Chain of Memories*, *Kingdom Hearts 358/2 Days*, and *Kingdom Hearts II*

Despite his physical form's death, a fragment of Ansem remains in Riku's body and tries to tempt Riku into falling back into the darkness when the youth emerges in Castle Oblivion's basement. However, seeing that Riku has accepted darkness and not him, Ansem becomes frustrated with Riku and is defeated in battle. However, Ansem points how that he'll take Riku's body when the time comes. Eventually, while fighting Roxas six months later to help the resting Sora, Riku is forced to tap into Ansem's powers and adopts his form in the process.

While Riku helps him from the shadows, Sora learns "Ansem"'s true identity as the Heartless of the real Ansem's apprentice, Xehanort. It was only while aiding Sora in the Castle that Never Was that Riku was purged of "Ansem"'s influence and returned to normal.

### *Kingdom Hearts 3D: Dream Drop Distance*

Due to Young Xehanort's travels through time, "Ansem" is among the versions of Xehanort summoned and made a member of the True Organization XIII. "Ansem" taunts Riku throughout his journey through the Sleeping Worlds until Riku defeats him and escapes into the real world to thwart the real Organization XIII, Likewise he was forced to retreat with the rest of the Real Organization when Lea, Donald and Goofy stall them to prevent Sora from becoming their thirteenth member.

### *Kingdom Hearts III*

Ansem first appears in Twilight Town alongside Xemnas, with the two taunting Sora and encouraging him to free Roxas before summoning several Heartless and Nobodies as a distraction. After this, they watch Sora in the town, where Xigbar berates them for directly guiding Sora.

Later, Ansem visits the Dark World to confront Ansem the Wise about Subject X, a girl Terra-Xehanort had admired as an apprentice. Though Aqua tries to stop him, Xehanort's Heartless corrupts her with darkness before leaving with DiZ turning her into a cold and ruthless Anti-Aqua. Ansem takes DiZ to the Old Mansion and taunts him with the knowledge of the children used in the experiments, but Olette rescues DiZ with the help of Hayner, Pence the former two who distract him from noticing Olette taking Diz away, and Vexen who commands a group of Dusks to attack Ansem. With Hayner going as far as to attack the dark being, here he also finds out the Vexen has defected from the Organization when he figures out that Vexen was the one who sent the dusks to come after him.

Ansem joins the real Organization XIII at the Keyblade Graveyard for the final clash between light and darkness. He fights Sora, Riku, and Mickey alongside Young Xehanort and Xemnas with help from Master Xehanort, but is ultimately slain in battle. He reflects on his journey that he and Riku had together, Riku admits to Ansem that he is going to miss him and Ansem congratulates Riku for becoming a powerful Keyblade master, admitting to him he never stood a chance against him.

He also admits to Sora and Riku that part of him wanted to defy his fate but once he discovered that many members defected from the Organization he found the cared no longer. Sora attempts to comfort Ansem despite his actions against him and Riku but Ansem tells the trio that it is time for them to move on and that was more for them to seek as such he encourages them to go forth and seek it before fading away.

When I was finished everyone was shocked!

Elena: Oh man. That is bad and my real name is Elrena. Hard to imagine I would become that dangerous and ruthless.

Nico: Xehanort is a monster.

Laney: May I see that for a sec J.D.?

Me: Sure Laney.

Laney looked through the book and she saw a picture of Luxu and one of Xigbar and she then connected the dots very quickly.

Laney: So that's it! I didn't know about this but Xigbar is really Luxu.

We gasped in shock.

Me: So that's why Nico and Xigbar have been so secretive.

Skalor: Nico, is this true?

Nico: Yes it is true. And I was sworn to not tell anyone till the time was right.

Me: Luxu is one of the Master Keybladers and is a very formidable force of good. Now I see why Xigbar wanted you to be silent about it till the time came.

Nico: That's right.

Eli: That explains why I sensed Nico's brainwave patterns being different.

Nico: You guys all catch on fast.

Me: Don't worry, we won't tell Xigbar that we know about him being Luxu until the time comes.

Nico: Good.

Lana: What does it say about Kingdom Hearts?

Me: Lets see.

I looked up what it was and it was really phenomenal.

The **χ-blade** (χブレード *Kīburēdo* ?) is a legendary weapon utilized to unlock and control Kingdom Hearts, coexisting alongside of it as the only means of opening it. It is the inspiration for all human-wrought Keyblades, all of which are imperfectly created after its image.

In legend, it was believed that many fought for possession of the χ-blade in the ancient Keyblade War, though it was ultimately destroyed and shattered into twenty pieces: seven of light, and thirteen of darkness. The legend of the χ-blade soon became the primary interest of Master Xehanort, who sought to incite another Keyblade War in order to reforge the χ-blade and assume control of Kingdom Hearts to balance the light and darkness of the world in equilibrium.

Early History

The counterpart of the mighty Kingdom Hearts, the χ-blade exists as its protector and equal counterpart. From studying the χ-blade, the Master of Masters discovered the means of materializing Keyblades, weapons imperfectly modeled after the χ-blade, from the hearts of those worthy enough to wield one.

Due to the Keyblade War, the χ-blade was shattered into twenty pieces: seven of light, and thirteen of darkness, and as a result

Kingdom Hearts itself was swallowed into darkness. With the conclusion of the war, people came to believe that the Keyblade wielders participating in the war fought for control of the χ-blade and Kingdom Hearts, while in actuality the conflict was caused by the Foretellers' mistrust of each other, and seeing the destruction brought upon, those who would become masters of their own told the tales to their students but discouraged them from attempting to start another war.

## Pre- *Kingdom Hearts: Birth by Sleep*

Researching the Keyblade War, a Keyblade Master named Master Xehanort learned of the χ-blade and intended to recreate it to begin a new Keyblade War and use Kingdom Hearts to recreate the worlds with pure light and lead them, seeing how both light and darkness were used amorally. Within his reports, Xehanort theorized that the χ-blade could be created when a heart of pure light intersects with an equal yet opposing heart of pure darkness. Although Xehanort anticipated he could potentially fail in creating the χ-blade, which he had a backup plan for, at the same time he decided to take the easily available option at the moment to fulfill his goals. As a result by pure chance, Xehanort used Ventus as a tool to create the χ-blade as he made his heart into one of pure light and used the extracted darkness to create Vanitas.

## *Kingdom Hearts Birth by Sleep*

Through manipulation, Xehanort ensured that Ventus would arrive to the Keyblade Graveyard, where the χ-blade was shattered and would be made. At first once Vanitas fused backed into Ventus, the resulting union wielded an artificial χ-blade and fought Aqua and Mickey Mouse before it was revealed that the weapon was unstable. Despite Vanitas attempting to complete the fusion inside their Dive to the Heart, Ventus defeats him at the cost of his heart while the artificial χ-blade explodes.

## *Kingdom Hearts 3D: Dream Drop Distance*

Upon Master Xehanort's return, the villain admits he made a hasty mistake, yet hasn't given up on his plans to form the χ-blade and incite another Keyblade War. Revealing to have masterminded a series of events orchestrated by Ansem, Seeker of Darkness and Xemnas, Xehanort plotted to respectively obtain Seven Guardians of Light, formed from either seven Keyblade wielders or the Princesses of Heart, and thirteen darknesses in the form of the real Organization XIII, vessels that hold Xehanort's heart and are extensions of the Keyblade Master himself. While thwarted, Xehanort arranged for his younger self to travel through time and gather his other selves. However, the union of light or darkness is not fulfilled in time, and Xehanort and his new Organization are forced to escape.

*Kingdom Hearts III*

In the final battle between the thirteen darknesses and the seven lights, the χ-blade is forged. Master Xehanort soon uses it to summon Kingdom Hearts and corrupts it with his darkness for the purpose of purging the world and starting it again.

After being transported to Scala ad Caelum and losing the first battle, Master Xehanort summons the χ-blade during the final battle against Sora, Donald and Goofy atop the world. Despite his use of both the χ-blade and the power of Kingdom Hearts, Xehanort is ultimately defeated by Sora. With the arrival of the other guardians of light shortly afterwards, the heart of Master Eraqus emerges from Terra's heart and is able to convince Xehanort to surrender the χ-blade to Sora and accept defeat. After Eraqus and Xehanort pass on, Sora and his friends channel their light into the χ-blade, shutting Kingdom Hearts again and returning them to the Keyblade Graveyard. It is unknown what became of the χ-blade afterwards.

---

It was really the source of ultimate power and wisdom and it's true form is located in the Keyblade Graveyard. Its power and knowledge is immeasurable and of omnipotent level.

Lincoln: Whoa.

Nico: That's incredible.

Laney: Yeah.

Me: That's amazing. Wow.

Nico: What does it say about Scala ad Caelum?

Me: Lets see.

I found its history and it was amazing.

---

**Scala ad Caelum** (Lat: "Stairway to Heaven") is a world that appears in *Kingdom Hearts Union χ*, *Kingdom Hearts III* and *Kingdom Hearts Dark Road* . For gameplay purposes, it is recognized as part of the Keyblade Graveyard; however, in *Kingdom Hearts III Re Mind*, it is recognized as its own world.

Scala ad Caelum is built upon the ruin of Daybreak Town.

Between *Kingdom Hearts Union X* and *Kingdom Hearts Dark Road*

Ephemer founded the town of Scala ad Caelum after the destruction of Daybreak Town, and eventually a statue commemorating him is built in a fountain plaza in the town. At some point after this, Brain ends up in Scala ad Caelum were he meets Sigurd, who tells him of Ephemer's role in the town's founding and that his appearance there was ordained and that he would answer Brain's questions at headquarters and proceeds to bring him there.

Later in time, Xehanort is born in this town and given away to a cloaked person, who takes him to Destiny Islands.

*Kingdom Hearts Dark Road*

A young Xehanort finds his way back to Scala ad Caelum thanks to the actions of his own time-traveling Heartless and lands unconscious in that world. There he studies the Keyblade and its lore under Odin, along with his classmates Eraqus, Vor, Bragi, Urd, Hermod, and Baldr. As lower-classmen, they are aware that other worlds exist, but are forbidden from visiting them. When the upper-classmen disappear during their Mark of Mastery exam, Master Odin orders the remaining students to leave Scala ad Caelum and venture forth to other worlds in search of the missing students.

Between *Kingdom Hearts Dark Road* and *Kingdom Hearts III*

On one day, while playing chess, Xehanort asks Eraqus about the ancient Keyblade War, which Eraqus claims is their master's favorite story. However, when Xehanort mentions the "Lost Masters" who actually started the war, Eraqus feigns ignorance, and Xehanort remains unconvinced. Xehanort muses on how on the land where the Keyblade War was fought, darkness will prevail and light expire, looking up at No Name, while Eraqus counters him by claiming that the light might surprise Xehanort and prevail, and Xehanort expresses interest in this possibility.

After their last game, Eraqus and Xehanort begin a new game of enacting a battle between seven dark pieces and one white piece.

*Kingdom Hearts III*

After forming the χ-blade at the Keyblade Graveyard and ascending to Kingdom Hearts, Riku says to Sora that because Master Xehanort exists outside of time and space, he can be used as a portal to trap himself in. Volunteering to defeat Xehanort, Sora, alongside Donald Duck and Goofy, decides to enter the portal, which is opened by the rest of the guardians of light using their Keyblades on Xehanort. This transports the four to Scala ad Caelum.

Sora, Donald, and Goofy start at the front of the empty town and walk into it. They notice Xehanort appearing seemly in multiple places at once, walking around. They try to pursue him, only to be confronted by twelve Replica Xehanorts, each carrying a weapon from a member of the real Organization XIII. After defeating them, Master Xehanort reappears, describing Scala ad Caelum to Sora as a former seat of power for all Keyblade wielders, and announcing he will become one with his other-selves. Xehanort and the Remnants all combine together, and Xehanort clads himself in a new Keyblade Armor. Xehanort fights Sora and his allies while bending space to his will, causing them to fight in an enclosed room, the walls folded upland, underwater, and then at the original location, although heavily damaged and flooded by the fighting. However, Sora manages to break the armor, but Xehanort then teleports to the tower in the middle of the island they are on.

Sora, Donald, and Goofy follow him to the top of the tower, where he wields the χ-blade in one final battle. Sora fights Xehanort but is defeated by Xehanort using the power of Kingdom Hearts. He is then revived by Donald and Goofy, who together defeat Xehanort.

In the aftermath of the final battle, Xehanort is insistent on his goals until Eraqus projects his spirit through Terra and beckons him to surrender. Finally admitting defeat, Xehanort congratulates Sora on his victory and hands him the χ-blade before passing away.

*Kingdom Hearts III Re Mind*

After traversing the hearts of five guardians in his efforts to restore Kairi's heart, Sora passes through Xehanort's portal as a heart, arriving at Scala ad Caelum ahead of his past self. He manages to recover one fragment of her heart from an unusual Shadow in the Stairway from the Sky, and four more from various locations in the Breezy Quarter, culminating in a battle with a Darkside in the plaza.

After collecting the fifth fragment, he returns to the Stairway to the Sky, where Master Xehanort reveals that Kairi's heart was divided into seven fragments in total. Before Sora can pursue the remaining two, however, his past self arrives, and Sora is forced to relive the battle with the Replica Xehanorts. After defeating them, Sora follows the connection between his heart and Riku's to return to the Keyblade Graveyard.

---

We were amazed. Scala ad Caelum was really the city for all the great keyblade masters of the universe.

Me: Wow. That's amazing. This whole place is the City of the Great Keyblade Masters.

Nico: Incredible. This place dates back many eons to long before the 1st Keyblade War broke out.

Me: No kidding.

Titanium Toenail: This has been very interesting so far.

Nico: It sure has. And this book right here gives us all the information we need.

Lola: Aqua you were trapped for a long time in the Realm of Darkness right?

Aqua: I sure was.

Me: 10 years I think right?

Aqua: That's right.

Eli: What was that like for you?

Aqua: It's something I don't like talking about but for you, I'll tell you all.

Aqua told us all about her time in the Realm of Darkness and it was one scary place and it nearly corrupted her.

---

**Aqua** is one of the main protagonists of *Kingdom Hearts Birth by Sleep* . She is also the protagonist of *Kingdom Hearts 0.2 Birth by Sleep -A fragmentary passage-*, Aqua was a Keyblade wielder years before Sora was. Like Terra and Ventus, it is her dream to become a Keyblade Master, a dream she is the only one of the three to accomplish.

Aqua, alongside Terra, was one of Eraqus's pupils. Like Terra, Aqua also had a dream of becoming a Keyblade Master.

One day, a suspicious man named Master Xehanort arrived and gave Eraqus a new apprentice to work with, a boy named Ventus. Terra called out to Aqua and told her that a new apprentice had just arrived. Aqua and Terra tried to converse with Ven and asked him about why he wanted to train to become a Keyblade Master. The questions troubled Ven to the point that he couldn't take the pressure. He fainted and shocked Aqua and Terra.

Eraqus told Aqua and Terra that the reason Ven fainted was that he had lost his memories. Aqua decided to look after Ven, in case he woke up. Many days passed and, despite Ven being unable to awaken, Aqua did not abandon him. One day, Aqua saw Ven open his eyes and regain consciousness. Overjoyed, she quickly informed a worried Terra and Master Eraqus.

Since that day, Aqua developed a very close relationship with Ventus, acting much like his older sister and becoming very protective of him. Over the years, Aqua, Terra, and Ven forged a strong bond with each other.

*Kingdom Hearts Birth by Sleep*

One night, Ven, Terra, and Aqua watch a meteor shower together. After commenting that Ven and Terra would make the weirdest brothers, Aqua gives them each a good luck charm called a Wayfinder she made herself, saving one for herself.

The next day, she takes the Mark of Mastery exam along with Terra, and becomes a Keyblade Master, although Terra fails due to his inability to control his darkness. After Terra and Ventus left, Aqua was the last apprentice to be sent by Eraqus to bring Ventus back to the Land of Departure. Before she left, Eraqus wanted to ask Aqua to keep an eye on Terra, to make sure he is alright and stays safe from the darkness in his heart. If Terra's heart would become too close to the darkness, Eraqus needed Aqua to bring Terra back immediately.

Aqua meets Terra in the Castle of Dreams, where she learns that Master Xehanort is looking for hearts of pure light, but she is comforted to hear that Terra had learned there that believing in a dream has the power to hold back the darkness. However, her faith in Terra is shaken when she arrives in Enchanted Dominion to learn that, according to Maleficent, Terra willingly helped steal Aurora's heart for her. Aqua later catches sight of Terra in the Lanes Between and pursues him to Radiant Garden, but loses track of him there.

Aqua meets Mickey Mouse and the young Princess of Heart, Kairi, who touched Aqua's Keyblade in fright, unintentionally performing a Bequeathing. Aqua and Mickey protect her from a group of Unversed, and in return, Kairi gives Aqua flowers, which becomes the Keyblade Destiny's Embrace. Aqua also places a protective charm on Kairi's necklace to help her in the future, believing that their meeting may not have been a coincidence. This charm would later transport Kairi to Destiny Islands where she would be with someone who would always protect her, while Ansem believed it was because Kairi, as a Princess, was naturally drawn to the Keybearer.

Aqua later meets up with Terra and Ventus, but the reunion is short-lived as they team up to battle a massive Unversed. They manage to defeat it, but things take a turn for the worse. Terra and Aqua begin to argue about Master Eraqus's orders, revealing to Terra that she was sent to watch him. Hurt by this, Terra leaves, and Ventus calls Aqua awful, claiming that she has let her new status as a Keyblade master go to her head. He then leaves to find Terra, as Aqua stays to contemplate.

After meeting Merlin at his house, Aqua goes to the town square and encounters the enigmatic Vanitas, who taunts her by inquiring about Ventus and if he has gotten stronger. When Aqua asks what he means, Vanitas attacks, and the pair fight a vicious battle. Aqua emerges victorious, but Vanitas simply leaves via Corridor of Darkness, making an ambiguous comment about her being his backup plan. Aqua then resolves to stop Vanitas to protect Ventus and Terra. Ventus then appears, asking to go with Aqua. At first, she is harsh with him and he appears discouraged. She softens and tells him she doesn't want to put him 'in harm's way', and departs not long after.

Aqua's faith in Terra is restored upon her visits to Olympus Coliseum and Deep Space. In Olympus Coliseum, Aqua learns that Hades attempted to trick Terra into being his warrior of darkness, but Terra instead saved Zack when Hades decided to use the warrior instead. In Deep Space, Aqua learns from Dr. Jumba that Terra considered his Wayfinder a precious reminder of their friendship, and had even inspired Experiment 626 to start making friends.

While in Neverland, Aqua encounters Peter Pan and the Lost Boys, joining them on their treasure hunt. They later find their treasure chest, filled with wooden swords and Ventus's wooden Keyblade. Peter Pan tells Aqua that Ventus left the toy there as he no longer needed it. Aqua then senses someone nearby and goes off to investigate. She then encounters Vanitas again, this time with Ventus's cherished Wooden Keyblade. The dark enigma cruelly mocks Aqua's actions and snaps the toy weapon in two. Greatly enraged by this, Aqua battles and defeats him again, but is left exhausted by the fight and passes out. While unconscious, she reminisces about the first starry night she spent with Terra and Ventus. She soon recovers and leaves Neverland.

At one point Aqua and Terra come to Destiny Islands and meet two young boys by the name of Sora and Riku. Aqua sees the strong bond between the two friends and advises Sora to help Riku if he ever falls into darkness; though she initially intends to grant Sora the power to use the Keyblade, she decides against it upon discovering that Terra had already done it for Riku, not wishing to put the two innocent children through the ordeals she and Terra have faced.

Aqua later encounters an unconscious Mickey drifting in space and takes him to the Mysterious Tower, where she hears of Eraqus's death from Yen Sid and heads to the Keyblade Graveyard to meet up with Terra and Ven.

A short conversation with Ventus takes place there, one where he states that if he does become the χ-blade, he wants the two of them to "put an end to me". Aqua appears horrified, but Master Xehanort makes an appearance and tells about the history of the Keyblade War. Afterward, they attack, and a great battle takes place. Xehanort holds Ven over the edge of a cliff where Aqua can see, he freezes the boy and drops him; however, she manages to catch him. After fighting Braig and then Ventus under Vanitas's influence, the X-blade is destroyed and she is flung into the Lanes Between, unconscious. Mickey finds her and Ventus drifting there and brings them both to Yen Sid's Tower, where it is revealed to her that Ventus has lost his heart. She takes Ven back to the Land of Departure and places his sleeping body in a throne. She takes Eraqus's Keyblade and transforms the world into Castle Oblivion to keep Ventus safe. Afterward, she says her goodbyes to Ven, fondly stroking his hair, and leaves. She then tracks down the possessed Terra to Radiant Garden.

Failing to bring Terra back to his senses, Aqua fights and defeats

Xehanort; subsequently, Xehanort stabs himself in the chest with his own Keyblade in an attempt to lock Terra out as a horrified Aqua looks on. As Terra-Xehanort falls through a portal into the Realm of Darkness, Aqua dives in after him but quickly realizes that she will be unable to save them both. Instead, Aqua sacrifices her armor and Keyblade to save the dark being that had once been her dear friend, sending him back into the Realm of Light while she remains behind. Now stuck in the Realm of Darkness, Aqua is attacked by several giant Heartless and decides to just allow them to destroy her, but is saved by Terra and Ventus's Keyblades. She is then reminded of the people she is connected to. With renewed trust in her friends, Aqua looks at her Wayfinder.

Aqua's Wayfinder begins to mysteriously glow. As she travels in the realm, she sees a large circle of the light from above her, only for a powerful column of darkness to shoot out of it in front of her. Her Wayfinder stops glowing. Seemingly unshaken by this, she presses forward and encounters several Shadows, Neoshadows, and Darkballs. After traveling deeper into the Realm of Darkness, Aqua senses something stalking her, and comes face to face with a large Heartless that attacks her. To prevent it from attacking her, she uses a Fire spell, only for it to leap over her. Getting a closer look at it, Aqua determines it is not an Unversed and takes a battle stance to fight it. After destroying the Heartless, Aqua continues walking, eventually coming to a clearing and looking up. Surprised, she recognizes the Castle of Dreams surrounded by clouds of darkness.

Between *Kingdom Hearts Birth by Sleep* and *Kingdom Hearts*

Realizing that the Castle of Dreams has been swallowed by the darkness, Aqua roams the Realm of Darkness to uncover the source behind the strange occurrences. Furthermore, she also notices that time does not pass in the Realm of Darkness, and therefore does not know what is happening in the Realm of Light. In the remains of the Castle of Dreams, Aqua encounters an illusion of Terra. Realizing that the denizens of the world have not fallen to darkness, she resolves to press on. Arriving in the remains of Dwarf Woodlands, she encounters an illusion of Ventus and battles the phantom Aqua inside the Magic Mirror. After breaking out of the Mirror, she pursues visions of Terra and Ventus in the remains of

Enchanted Dominion, battling hordes of Darksides in the process. To her surprise, Terra speaks with her, explaining that he has become part of the darkness. Xehanort uses Terra's connections to Aqua to force her to reveal Ventus's location, but Terra battles Xehanort, forcing Xehanort to summon the Dark Figure's hands to drag Aqua further into the Realm of Darkness.

Aqua prepares to become one with the darkness, but she is rescued by King Mickey. After Mickey explains his mission to save the Realm of Light from the Heartless, the two locate the Kingdom Key D behind the door in the secret place in the remains of Destiny Islands. Aqua and Mickey realize they are on the opposite side of the Door to Darkness. Aqua and Mickey prepare to help Sora and Riku seal the Door to Darkness. When a Demon Tide attacks Riku, Aqua sacrifices herself by staying on the darkness side of the door to save him. The Demon Tide thrusts her back to the island shore, separating her from Riku and Mickey because the door in the secret place has been sealed and has disappeared from Mickey's side. While fighting the Demon Tide, Aqua vows to guide other lost souls lost in the Realm of Darkness. After its defeat, Aqua rests on the shore, watching the sky. Once Sora saves the worlds, Aqua remains in the Realm of Darkness and not Destiny Islands, as she is not originally from the island, though Master's Defender is returned alongside Destiny Islands.

### *Kingdom Hearts II*

Aqua's armor and Keyblade reside in the Chamber of Repose, a room constructed by Ansem's apprentices under Radiant Garden for an unknown purpose. Xemnas visits the armor often, calling it "friend" and talking to it for long periods of time. This has piqued the curiosity and suspicion of Xigbar, who often eavesdrops on his conversations, and once shared this story with Zexion, stating that one time he heard "another voice" respond to Xemnas. In The World That Never Was, Sora encounters Xigbar, who mentions "other Keyblade bearers", referring to Terra, Aqua, and Ventus. Kingdom Hearts II Final Mix

### *Kingdom Hearts coded*

Aqua is alluded to by Data-Naminé as one of those connected to

Sora's heart and needs his help, appearing as one of Data-Naminé's mental images. Later on, after Mickey informs Yen Sid that they have located Ventus's heart, Yen Sid concludes that Terra is the only one left to find, as the two had already located Aqua.

*Kingdom Hearts 3D: Dream Drop Distance*

Mickey mentions Aqua when he suggests that he help Sora and Riku inside the Sleeping Worlds by following his heart's path, as Aqua told him long ago.

When Sora arrives at The World That Never Was, he is caught by the Organization and placed within a nightmare in which he chases after memories of Riku and Kairi. When he catches up to them at the Contorted City, the phantoms suddenly take the form of Terra and Aqua, while Sora himself takes on Ventus's appearance. Sora is confused, but the phantoms grasp his hand before turning back into Riku and Kairi and walking off again. As Riku attempts to wake Sora on his own side of the dream, Sora recalls when Aqua came to Destiny Islands and nearly wakes up.

However, Ansem appears within Sora's dream at the last second and thrusts him back into the nightmare. Xigbar and Xemnas reappear within the nightmare to taunt him and lead him into despair by explaining the inevitability of their plan and playing on his insecurities, but a defiant Sora proclaims that while he may not have been chosen by the Keyblade, he will always be proud to be there for his friends, including Aqua and all the others.

*Kingdom Hearts 0.2 Birth by Sleep -A fragmentary passage-*

After Riku brings Kairi to the Mysterious Tower, Mickey tells the story of how he found Aqua and teamed up with her to find the Kingdom Key D and seal the Door to Darkness. A frustrated Riku demands to know why Mickey didn't tell him sooner, but Mickey clarifies that he had to respect her choice, his claims bolstered by Yen Sid's insistence that had Riku found out sooner, he and Sora would have staged a fruitless rescue mission. Yen Sid then assigns Riku and Mickey the mission to rescue Aqua.

*Blank Points*

Aqua wanders into the End of Sea, where she meets Ansem the Wise, who was cast into the Realm when his machine exploded. Ansem the Wise reveals to Aqua that the Realm of Light nearly fell to Darkness more than once over the course of the last decade, though it was saved by an exceptionally Keyblade wielder named Sora. Knowing that Sora will rescue her and her friends, Aqua sheds a single tear, while uttering Sora's name with renewed hope.

*Kingdom Hearts III*

Shortly after meeting Ansem the Wise, Ansem, Seeker of Darkness arrives on the shores of the End of Sea and demands information from Ansem the Wise regarding a girl who had undergone experimentation alongside Xehanort to unlock her forgotten memories. Aqua attempts to defend Ansem the Wise, but she is easily dispatched by Ansem's guardian without her Keyblade. Concerned for Aqua's safety, Ansem the Wise relents and leaves with Ansem, but not before the latter darkens Aqua's heart and casts her out into the sea, leading to her transformation into "Anti-Aqua".

Later, Riku and Mickey re-enter the Realm of Darkness to find Aqua, but after following her trail to the End of Sea, they find that Aqua is missing and are instead attacked by the Demon Tower. Anti-Aqua, who had been controlling the Demon Tower, reveals herself after Mickey is disarmed, picking up his Keyblade. Mickey recognizes her, but she says that he was too late and tells Mickey and Riku of the endless despair and loneliness she had endured within the Realm of Darkness. Believing herself to have been foolish for ever believing that someone would come to save her, Aqua has the Demon Tower attack Riku, but Sora intervenes, having found the Master's Defender in Destiny Islands and used it to create a path to Aqua. Sora then proceeds to fight Aqua himself, cleansing her of the Darkness and helping her to finally return to the Realm of Light.

Rather than taking time to recover, Aqua has Sora, Donald, and Goofy accompany her to Castle Oblivion, wanting to return to Ventus's side. Using Master's Defender, she unlocks Castle Oblivion's Keyhole, returning it to the former glory of the Land of Departure. The group finds the sleeping Ventus in the main chamber, though Aqua is quick to realize his heart had never returned to him in her absence. Vanitas, who had been following the group, interjects with the intent of a reunion with Ventus. Aqua is quick to attack Vanitas, but when Sora offers to help her take Vanitas down, Aqua isolates herself with a barrier in order to prove herself to Sora. When Aqua gains the upper hand, Vanitas instead targets Ventus and attempts to break the barrier between them. Aqua instead takes the brunt of Vanitas' attack, allowing Vanitas the opportunity to take Aqua's heart. This stirs Ventus's heart within Sora, and with Sora's help, his heart returns to his body. Launching himself at Vanitas, Ventus saves Aqua, and Vanitas retreats into darkness.

Reunited, the five heroes head back to the Mysterious Tower, where Mickey apologizes for being unable to find Terra, but Aqua is certain that she and Ventus will be able to get him back. Riku also thanks Aqua for saving him when he was in the Realm of Darkness the first time, expressing regret for being too inexperienced to help her back then. Aqua is impressed that Riku and Mickey were both made Keyblade Masters, but also notes that Sora has not changed since they last met, leading the latter to scratch his head in confusion. When Yen Sid acknowledges Lea and Kairi as Keyblade wielders, Aqua immediately recognizes Kairi as the same girl that she cast a spell on when she visited Radiant Garden.

With their clash against the Seekers of Darkness imminent, Aqua and Ventus take time to star-gaze outside. Ventus uses this moment to admit to Aqua that while he was sleeping, he would have dreams of her, Terra, Sora, and the others. He also expressed memories of weird animal creatures. Aqua says that she's been places too, but she can't wait until things are back to normal. The two hold both of their Wayfinders to the sky, promising to share their stories with Terra after they save him.

The following day, Aqua joins the rest of the heroes as they go to the Keyblade Graveyard. Ventus sees Terra in the middle of the wasteland, but Aqua immediately realizes that it is not Terra. Her suspicions are confirmed when Terra's hair goes from brown to white, revealing himself to be Terra-Xehanort. Mickey concludes Terra-Xehanort is the thirteenth member of the Real Organization. Terra-Xehanort tells them that they will lose this fight, that all their hearts will be torn apart one by one. Nonetheless, Terra-Xehanort assures them the χ-Blade will be forged. Terra-Xehanort attacks both Lea and Ventus, removing them from combat, and while Donald destroys Terra-Xehanort with Zettaflare, the Demon Tide (which Aqua hallucinates is made of Anti-Aquas) proceeds to take advantage of their weakness and eliminate Aqua, Ventus, Mickey, Donald, Goofy, Lea, and Kairi. While Sora is distraught over the loss of his friends and yields to the Demon Tower, Riku defends his friend long enough to re-inspire hope in Sora's Heart before both are consumed by the Darkness as well.

Thanks to Kairi, Sora is able to maintain his existence in The Final World. When he is restored, he is returned to the moment in which he and Riku were consumed by Darkness, at which point Sora reaches out to Riku's Heart and is guided to him as a Lich attempts to draw Riku's Heart into the deepest depths of Darkness. Sora manages to release Riku's heart, alongside Aqua's and the others, battling the Lich time and time again in order to restore his fallen friends.

When Kairi guides Sora back to the Keyblade Graveyard, the group re-initiates their encounter with Terra-Xehanort, only when Terra-Xehanort attempts to attack Ventus, the Lingering Will intervenes, having been guided to the Guardians of Light by Naminé. Seeing the Lingering Will struggle in the battle, Ven moves in to help, but Aqua stops him, saying they need to handle the army of Heartless, Nobodies, and Unversed coming from behind them. Then, when it seems darkest, Sora is aided by the light of the past in taking down the Demon Tide. Yen Sid then takes this opportunity to cast back the Heartless in order to allow the Guardians of Light to proceed, with Donald and Goofy staying behind in order to help.

The Guardians of Light are subsequently separated by Xehanort when he raises a labyrinth around them. Fighting his way to his friends, Sora finds Aqua and Ventus fighting against Terra-Xehanort and Vanitas. With Sora's help, Aqua and Ventus are able to take Vanitas down. The three then attempt to reach out to Terra once more, but Xehanort uses his control over Terra's body to bind Aqua, Sora, and Ventus in chains. Intent on destroying them once and for all, Terra-Xehanort lifts Aqua and Ventus high into the sky and lets them fall.

Breaking through Xehanort's control, Terra reveals himself to be the guardian used as a weapon by Terra-Xehanort and Ansem, swooping in to save Aqua and Ventus just in time. Afterward, the guardian restrains Terra-Xehanort before it rips off the bandages covering its mouth and declares that it will set things right. Sora then steps in to unlock Terra-Xehanort's heart, in order to release Terra's Heart from Xehanort's control and allow the guardian to reclaim Terra's body, restoring him. Aqua, Terra, and Ventus then share in a tearful reunion, happy to be together again for the first time in over a decade.

After Master Xehanort successfully summons the χ-Blade and unlocks Kingdom Hearts, Aqua aids Sora in trapping Xehanort, who acts as a portal himself due to his existence transcending both space and time - something his younger self had unintentionally revealed to Riku during the Mark of Mastery. Aqua remains in the Keyblade Graveyard while Sora uses the portal to fight Xehanort, alongside Mickey, Riku, Roxas, Xion, Lea, Ventus, and Terra, in order to close Kingdom Hearts.

Following Xehanort's defeat, Aqua journeys through the portal to Scala ad Caelum alongside the other Guardians of Light. Terra begins to walk towards Xehanort while Aqua holds his hand to try to hold him back, believing Terra was planning to get revenge for what Xehanort did. Upon receiving a look of reassurance of Terra, Aqua let go and it was then Eraqus's Heart emerges from Terra's and demands that Xehanort hand over the χ-Blade. After some convincing, Xehanort relinquishes the χ-Blade to Sora, at which point Eraqus turns his attention to his former pupils - apologizing to them for everything he'd put them through in a tearful reunion before allowing his Heart to move on alongside Xehanort's. With everything as it should be, Sora uses the χ-Blade to bring them all back to the Realm of Light.

After some time, Aqua joins Terra, Ventus, Riku, Mickey, Donald, Goofy, Lea, Isa, Xion, Roxas, Hayner, Pence, Olette, and a newly restored Naminé in a fun day at the beach, though Kairi, who Sora had helped restore, remains separated from the group with Sora, who then disappears.

Sometime after this, Sora's friends split up their efforts to find him with Terra, Aqua, and Ventus looking for Sora in the Realm of Darkness, donning on their Keyblade armors as they depart.

When she was done we all were shocked and horrified!

Me: My god!

Nico: That is horrible.

Laney: Yeah I still get chills every time I hear about that.

Twilight Sparkle: That sure is awful.

Laney: Yeah it sure was.

June: I bet you got very hungry during that time.

Aqua: I don't even remember eating in that time I was there.

Me: It was horrible to even fathom what was going on to you in there huh?

Aqua: Yeah.

Me: But Kingdom Hearts must be sealed up forever and Xehanort needs to be stopped.

Nico: That's right. It was because of Xehanort that him and his lackeys are out there and are about to destroy everything.

Me: Yep. And I will not let him destroy everything we all hold dear to us.

Eli: I agree bro.

Sora: We're with you all the way.

Cluemaster: It's truly amazing that this book contains the origins of Kingdom Hearts and all the worlds and the χ-blade.

Me: It sure is amazing. And this book will come in handy for future keybladers so that we can make sure they don't make the same mistakes as Xehanort did. After this whole war is over we're going to recruit Dilan, Braig, Ansem the Wise, Even, Ienzo, Isa and Lauriam into the Redemption Squad.

Nico: Smart thinking.

William: They will make great members.

I put the book into my book bag.

Me: (Senses something) Uh oh! I sense a powerful energy here.

Eli: I feel it too! It's evil!

Me: Oh no! I hope it's not who I think it is!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out in front of the library and waves of gears swirled around and converged and we came out of them.

We went outside and in the courtyard of the plaza was a shadowy human figure.

Me: I had a feeling it was you Anti-Aqua!

It was ANTI-AQUA!

Anti Aqua: Oh, I'm not going to fight you all just yet. No. There's someone else who's here to fight you all first. (walks away)

Carnivac: Wait. What does she mean by that?

Maria: She must mean Number 12 of Xehanort's froces.

Out of a Dark Corridor came not Number 12 of Xehanort's forces but rather Number 14! It was EVIL XION!

Xion: (Gasp!) Is that me!?

Nico: It sure is.

Me: There's something different about this version of her.

Eli: I sense it too. It's like she is full of conflict and like she's being pulled in different directions.

Mojo: So, it looks like you want to fight, Xion impostor!

Evil Xion: Send me to the Warp.

Me: Huh? What the?

Lori: Huh? You mean you literally want to go to the Warp right away?

Lola: (feels bad for her) Evil Xion isn't even trying to fight us though.

Lynn: Something's not right here.

Evil Xion: (starts to cry) Didn't you hear me?! I said send me to the Warp!

Bowser Jr: No. Me, Stewie, Lisa, and anyone of Sora's group are gonna fight you. And then, you're gonna tell us what's gotten into you!

Me: Why do you want to be sent to the Warp right away?

Evil Xion: Because all I am is nothing but a pawn and I hate being part of the Organizations plans! I was sent as a test and look what happened to me in Twilight Town.

Roxas: I remember! They killed you.

We gasped in shock!

Me: So that's it! Organization XIII abused you in the most horrible ways!

Xion: That's the dark secret I have that I didn't tell you all.

Lori: Oh man! Xion that's literally horrible!

Me: (GROWLS)

I clenched my fists tight to the point where blood seaped through my knuckles and it dripped onto the floor and burned a hole through it.

Nico put his hand on my shoulder.

Nico: Easy J.D. Easy.

Me: (Sighs) Sorry.

Nico: I know how you feel man. What they were doing to Xion makes me mad too.

Evil Xion: Just send me to the Warp.

Me: No! You don't deserve to be treated like that.

I went up to her.

Me: Look, what happened to you was unforgivable and I promise you that Xehanort and all of his lackeys will all pay the ultimate price for their crimes. What they did infuriates me. I promise they will pay for it.

Evil Xion: But I'm nothing but a…

Evil Xion didn't expect what I was about to do to her next. I hugged her and had tears stream down my face and I gave her a warm feeling.

Me: Xion listen. I promise you that those monsters you used to work for will suffer big time because of it. I won't send you to the Warp because you still have people that care about you and you are going to get people that care for you too in our frenemies the Masters of Evil. You also have Axel and soon you will have a much better organization to work for than those monsters.

Overbite: I'm sorry. But Stewie, Lisa, Bowser Jr., and anyone of Sora's group still has to fight you so Xehanort doesn't get suspicious.

Nico: Overbite wait. Let him talk to her first.

Overbite: Oh all right.

Me: You will be in better hands in our frenemies. After everything that happened to you, you deserve a chance with them. Even your former comrades in the organization are there and they are now better people.

Vypra then appeared.

Vypra: That's right Xion and you will be right at home with them.

Evil Xion: (Sniffles) Really?

Vypra nodded.

Evil Xion: Thank you J.D. Thank you.

She hugged me back.

Me: You're welcome Xion. Now we have a Xion in the Redemption Squad and in M.O.E.

I stood up and she summoned her keyblade.

I went back to everyone.

Nico put his hand on my shoulder.

Nico: That was a great thing you did J.D.

Applejack: You did good sugarcube. We're proud of ya.

Me: Thanks guys. Okay Sora, Stewie, Lisa, B.J., Xion, you're up.

They went up to her.

Evil Xion: (To Xion) Your clothes look really nice.

Xion: Thank you. I forgot how I looked in an Organization XIII coat.

Lisa Loud: Shall we get this fight started? (Summons her chemical and gears keyblade)

Evil Xion: Yes we shall.

They got to fighting and it was powerful and awesome and they were unleashing the elemental forces of nature all over.

Titanium Man: (watching the fight) Kind of weird that my suit hasn't detected any Heartless yet.

Me: That's because they are invisible.

Eli: I sense them.

Eli fired blasts of Force Lightning and flushed them all out and there were hundreds of them.

Titanium Man: Now I see them.

Varie: Lets get them guys!

We went at all the Heartless and slashed and blasted and blew them apart and we were getting stronger and stronger with each one killed.

We were getting more and more powerful with each Heartless we killed.

Razorclaw: I think this is the moment where a new hero shows up.

TOINK TOINK.

Evil Xion felt someone tap her shoulder. She turned around to see a walking dog there.

Dudley Puppy: Hi there. (punches her in the face)

POW!

We saw Dudley Puppy and Kitty Katswell!

Laney: Dudley and Kitty!

Kitty: Laney!

They hugged.

Dudley: Laney you're doing great!

Laney: It's great you're here.

Me: They are part of T.U.F.F.

Nico: T.U.F.F.? What's that?

Me: It stands for Turbo Undercover Fighting Force. It's a huge police force and spy organization.

Nico: Wow! I've heard of them. They are really awesome and funny.

Me: They sure are.

Dudley: It's awesome to meet you all.

Kitty: We'll take over the fight. You focus on Anti Aqua.

Iron Lung: Just don't hurt her too badly, okay?

Kitty: We won't.

Nico: Awesome.

Laney: We'll see you guys soon.

We went to find Anti-Aqua

Me: I'll have some shots in on Anti-Aqua first and then we'll all face her next.

Nico: Fair enough.

Eli: This is gonna be good.

Me: Yeah. Let me see here.

I sensed for her.

Me: She's close. COME ON OUT ANTI-AQUA YOU COWARD!

Anti-Aqua came out and she had a keyblade ready and I had my sword unsheathed.

Me: You will pay for your crimes Anti-Aqua.

Blackout: Alright. Let's settle this right here. Right now!

Anti Aqua: Yes. Let's.

Blackout swung his rotor blades at Anti Aqua.

She blocked them and I teleported and kicked her in the back and smashed her down and then she got up and me and Anti-Aqua clashed violently as sparks were flying all over.

Brass Knuckles: How about you have a knuckle sandwich?! (punches Anti-Aqua)

KAPOW!

He smashed her into the wall of a building.

Me: Try a blast of fire!

I fired a massive blast of fire and burned her all over.

Troy: Since this world is where the χ-blade originated, I know just the team to use.

Megaforce Rangers: Legendary Ranger Mode: Mighty Morphin!

They turned into the Mighty Morphin Rangers.

I kicked her in the face and sent her flying and I fired a powerful blast of fire at her and it hit her and exploded.

Aqua went up to her evil twin.

Aqua: You are not welcome here.

Suddenly, Aqua's blue energy aura flared up, and it had ocean waves and water surrounding her.

Aqua: Anti-Aqua, you have tormented my life for the last time. This time, you will die here, and you will be forgotten.

Suddenly, Aqua was surrounded by a massive ocean blue energy vortex with ocean waves surrounding it and sea animals dancing around the vortex, and inside the vortex was the symbol of Kingdom Hearts and the Keyblade. When the vortex fades away, Aqua emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Aqua now looks like she's 21 years old, and she had the body of a goddess, her blue hair has gotten longer, as it reached the bottom of her neck, and it was put in a ponytail. She had a neon blue energy aura with ocean waves and magic, neon ocean blue eyes, ocean blue angel wings, ocean blue pants with ocean waves, silver armored ocean blue shoes, she has on a sleeveless blue shirt with an ocean blue phoenix and she had a beautiful necklace on, and the token was her Mark of The Master. She has on a pair of mermaid earrings with the Water kanji on the tails. She has a neon blue mermaid emblazoned on her forehead, and she has on an ocean blue sleeveless trenchcoat with ocean waves on the coattails and a Keyblade on the back, and there's a kanji on the back of the sleeveless trench coat that says, "Aqua, Keyblade Master of The Oceans, Loving Sister to Everyone, Beautiful Girlfriend of Ventus, and Brave Survivor of The Realm of Darkness."

アクア、海のキーブレードマスター、みんなに愛する姉妹、ヴェントゥスの美しいガールフレンド、そして闇の領域の勇敢な生存者。

She has on her Bracelets of The Champions of The Universe, and she has her Eternal Stormfall Keyblade in her hand, and her Eater of Sins revolver holstered on her right hip. Aqua has transformed into SUPER ANGEL 100,000,000,000 MAELSTROM MERMAID ANGEL

Me: Wow. Aqua you are now a very formidable force to be reckoned with. Show no mercy on that evil bitch of an evil twin of yours.

Aqua: **With pleasure.**

POW!

Evil Xion was knocked back.

Dudley: (to Evil Xion) Look, it's obvious your boss is a scumbag.

Kitty: Come with us to T.U.F.F. HQ. You'll be protected there.

Evil Xion: (smiles sadly) Sorry. But I can't right now.

Evil Xion left through a Dark Corridor.

Dudley: Aw man!

Kitty: Don't worry, Dudley. At least we tried.

Dudley: You're right. Let's get out of here. This place is honestly very boring.

Kitty: (sighs) Can't you appreciate some culture for once?

Dudley was chewing on his butt.

Kitty: UGH!

They left.

Doc Ock: Looks like it's the end of Anti Aqua.

Pinkie: So, what now, guys?

Aqua: Now, we prepare for the battle against Xehanort.

Biowulf: Sounds good to me.

Ssserpent: We should also complete our bucket lists in case we don't make it.

Turtle: Well, one of the things on my bucket list is to drive a motorcyle across the Grand Canyon.

We laughed at what he said.

Me: Like Evel Knievel. That was great.

Turtle: No I don't want to do that. That would be crazy.

Nico: Yeah.

Aqua powered down and she was really beautiful even more.

Aqua: (To the viewers) Now we've officially seen the last of my evil twin and made sure she never comes back ever.

Me: We sure have.

But then I was suddenly glowing.

Eli: J.D. you're glowing.

Me: Huh?

But then a pillar light enveloped me and then a keyblade appeared before me. But it wasn't just any Keyblade. It was the very weapon that Xehanort was after to destroy the entire universe! It was THE X-BLADE!

Me: (Gasp) The χ-blade!

Nico: WHOA! The very weapon Xehanort has been after!

Eli: WHOA! It chose you bro!

Naruto: Wow!

Me: WHOA! WHAT POWER!

Nico: Incredible!

When the vortex of light died down, I was now the wielder of the χ-blade.

# WAR OF THE HEART 13 - FINALE

KEYBLADE GRAVEYARD

THE FINAL BATTLE WITH XEHANORT

---

Over the skyline of New York City, me and Reggie were flying and we saw that everything looked normal.

Regine: (French Accent) How long do we have before the final battle?

Regine concentrated and groaned as her teeth sank into her gums.

Me: About 3 hours. Plenty of time to get ready for it.

She turned into THRASHTAIL!

Me: YEAH!

We then heard the cawing of a huge bird and then we saw flying in the sky, AN ENORMOUS BIRD! It was the giant bird from the 1957 movie THE GIANT CLAW!

Me: Whoa! That's The Giant Bird of the 1957 movie The Giant Claw!

Thrashtail: That movie was weird!

Me: It sure was. But that bird will soon become a dead bird! Lets go!

We then saw a Raptor Harpy and a Gyarados blasting the Bird and it was intense.

Me: Whoa that girl is a Raptor Harpy, they are a breed of Harpy and she has a Gyarados with her. She must be a gene-slammer. Lets go.

We went at the bird and fired waves of energy and elements and blew the bird apart and killed it.

Me: That's the end of that giant chicken.

Haru: You said it. Wow you're the famous J.D. Knudson, leader of Team Loud Phoenix Storm.

Me: That's right.

Haru: My name is Haru and yes I'm a Raptor Harpy.

Gyarados: And I'm Nina Fernandez and yes I'm a Gyarados. I made myself into this on purpose to stop those Team Rocket Scientists.

Me: Wow. We can give you the power to change at will and you can use your Pokemon's powers.

Gyarados: I would like that.

Me: Awesome. Lets land and then I'll work my magic.

We did so and I put on my blind man glasses and snapped my fingers and then Nina reverted back and she had blue and aqua green hair and she had purple eyes and she naked and then Reggie reverted back.

Regine was human again. But topless.

Regine: (covers her boobs) Haru, we couldn't have recruited you at a better time.

Haru: I heard. The War With Xehanort is on the coming fast.

Nina Fernandez: (Covers herself) That war must be really brutal if it's gonna be happening now.

Me: It sure is and we have to stop Xehanort or we have no future.

I gave Nina new clothes and Reggie a new shirt and we then went back home. Miia was glad that Haru was with us. Later we were getting ready and then we decided to call Andy's family and having them come here.

Master Splinter: Are you sure you all want to proceed with this?

Maria: We're not happy to be doing this prank call either, Master Splinter. But it's the only way for Andy and his family to leave the house just long enough for Woody and his friends to help us against Xehanort.

Nico: And we have to make sure that Xehanort doesn't get his hands on them. We're gonna give them a little vacation in a sense.

Me: Smart thinking buddy. Also it will be cool meeting them.

Woody: And it will be cool to have them at the estate.

Eli: It sure will. I hope you and all his toys are cool with that.

Buzz: We sure are Eli.

Aqua: Awesome.

Nico: Okay. Shade Man you're up.

Shade Man: (Transylvanian Accent) Yes sir.

He went to the phone and called Andy's mom.

Ms. Davis: Hello?

Shade Man: (on the phone) (Falsetto) (Clears Throat) Hi, Ms. Davis. I'm with the Universal Lottery Organization and I'm calling to tell you that you and your family have all won a million dollars!

Ms. Davis: (GASP) WOW! I've never won anything in my life! Where do I go to pick up the check?

Shade Man: At the giant tree over on the hill.

She saw our tree from her window.

Ms. Davis: Oh I see it. We'll be right over.

Shade Man: There's one condition. You have to stay one whole day at the house in the tree.

Ms. Davis: Done.

Shade Man: There's an elevator in the base of the huge tree.

Ms. Davis: All right be there shortly.

She hung up.

Shade Man: (Normal Voice) They are on their way.

Me: Awesome.

Smokescreen: (to Shaggy and Scooby) You two keep having Andy and his family chase you two until Xehanort's dealt with. Can we trust you two with that job?

Shaggy: Like you can count on us Smokescreen!

Scooby Doo: Yes sir!

Nico: Just to help you out, here are some Scooby Snax. My new 100 Grand Chocolate Bar Flavor.

Shaggy: Oh boy!

Scooby Doo: Lets do it!

He gave them the Scooby Snax.

Shaggy and Scooby: MMM MMM MMMMMM!

They spun and turned into rockets and went into the sky and turned into fireworks shows and they landed in Nico's arms.

Nico: You loved those huh?

Shaggy: Like yeah we did.

Nico: Good luck guys.

Me: Those are one of my favorite chocolate bars buddy.

Nico: I figured.

Woody: Decieving Andy like this is so wrong.

Wildrider: I know. But it's worth it! I know you guys have a score to settle with Young Xehanort for what he tried to pull on Buzz.

Woody: You bet we do!

Me: And Nico it's your turn to lead this time.

Nico: Right. All right then. (Pulls out Bugle and plays Reville)

Everyone came down.

Nico: COMPANY ATTEN TION!

Everyone came and stood in attention!

Nico: All right maggots listen up! Today is a very dangerous day for all of us. We are about to go into war with the very enemy whose dark orbs we have been destroying all for the last 3 and a half years. We're going into war against the evil Xehanort, the very monster who's trying to destroy the entire universe and erase our worlds forever. This mission is very important everyone. Failure is not an option. Our goal is to completely destroy Xehanort and the True Organization XIII and rid the entire universe of their existence once and for all. If this mission fails and we are unsuccessful, then we have no future. But we are going to recruit Evil Luxord and Evil Xion into the Masters of Evil for future Frenemies. We have to make sure that Xehanort and all his cronies are dead. Do you all get me!?

Everyone: WE GET YOU SIR!

Nico: Good. Okay these are your targets! Colonel, you get Xehanort.

Count Vertigo: Want to get the usual battles out of the way before the big war.

Nico: That's right soldier. This is gonna be big and we're gonna need all the help we can get.

Count Vertigo: Well, this is it. Our final moment before the war.

Bronze Kneecap: I, for one, am looking forward to destroying as many Heartless as I can.

Taskmaster: Same with me.

Me: We're gonna set up a ton of kill counters for all of us.

Vulkanus: (to me) By the way, we heard you kill a giant bird this morning.

Me: That wasn't any ordinary bird. That was the giant alien bird from the 1957 movie The Giant Claw.

Taskmaster: I reemember that movie.

Count Vertigo: Me too. That movie was a great one. Me and my father watched that on ages ago.

Mirror Master: Can that be for a victory meal?

Me: I don't think a bird like that would taste very good. It's not a giant chicken you know.

Mirror Master: Yeah you're right.

We then heard a duck quacking and then we saw Mandark's Duck, Ducky A.K.A. QUACKOR THE FOWL!

---

Quackor the Fowl (real name: Ducky), alternatively known as Quackor, is the secondary antagonist of Dexter's Laboratory. She is Mandark's pet duck and Monkey's arch-nemesis.

Her vocal sound effects were provided by Frank Welker, who also did the vocal sound effects of Monkey.

In its first appearance in "Quackor the Fowl", Mandark performs the same experiments that Dexter performs on Monkey but finds nothing unusual about it and decides to bring it to show and tell, later that night Ducky overhears Mandark's desire to destroy Dexter's laboratory so Ducky becomes Quackor and begins to destroy the lab.

The racket wakes up Monkey and he becomes his alter ego and tries to communicate with Quackor, but it leads to fighting. After a while it is revealed that they are evenly matched, and the fight lasts all night upon seeing the sunrise. Quackor turns back into Ducky and flies back into Mandark's house.

Dexter and Mandark try to show off their pets' tricks in class, but they are too tired from fighting to do anything. Quackor returns in "A Quackor Cartoon" the beginning is quite similar to the previous episode and they fight until Monkey punches Quackor so hard it lays an egg revealing Quackor to be female upon realizing that this

Monkey falls in love with her and they go on a date at the end.

---

Nico: Whoa who is that duck?

Brittney: Hey that's Mandark's pet duck, Ducky who is also Monkey's former archenemy Quackor the Fowl.

We got the usual battles out of the way. But then Breakdown's radar picked up a massive swarm of Heartless coming towards the estate!

Breakdown: Hey, guys? I'm glad the usual battles are done. But THERE ARE A SWARM OF HEARTLESS APPROACHING THE ESTATE!

Nico: WHAT!?

?: Let us handle them for you guys!

A bunch of figures came out and it was ELI SHANE and his friends of Slugterra!

---

Eli Shane (voiced by Sam Vincent): The series main hero who grew up on the surface, always dreaming of the day his father would take him down to SlugTerra to become The Shane - a slugslinging hero who protects this amazing underground world from bad guys! When Will Shane goes missing, it is up to Eli to make the drop down to SlugTerra alone on his 15th birthday, as well as learn how to become the greatest slugslinger. He was in the SlugTerra tournament and almost won but he lost the final round by an opponent who used a ghoul-type slug. He currently is the only Shane remaining in SlugTerra. Eli has great potential and is ready to take on any evil in SlugTerra. His ace Slug is an Infurnus named Burpy. Eli likes to joke around and he like to taunt or trash talk his enemies. Eli rarely thinks about money and seems to have no interest on being rich. He seems to value his friendships with his friends and Slugs more than money could ever give him. He is also highly responsible and mature as he is able to care for himself at a young age without much guidance, but he still remains a reckless and adventurous teenager at heart.

Pronto Geronimole (voiced by Lee Tockar): A proud and knowledgeable molenoid tracker. He is a master rogue, slugslinger and adventurer… or at least that's how he tells it. He also speaks in a Spanish accent. Molenoids have a built-in magnetic compass that means they can find their way almost anywhere. Unfortunately this has completely gone to his head, which is why Pronto's been kicked out of almost every cavern he's ever been to at least once! For a tracker his sense of direction is surprisingly awful. Luckily his Slugsniper rifle aim is pretty good! He is also the king of the Molenoids as seen in the episode "keys to the kingdom".

Trixie Sting (voiced by Shannon Chan-Kent): She is no slouch on the slugging field, along with that her blaster packs a mean slug punch! Though she likes to keep an eye out for unusual slugs, Trixie's always got her head in the game and can often spot an exit or a smart strategy when the team is caught up in the fight. The Shane Gang's resident slug expert, Trixie's dream is to make a documentary film all about the funny little creatures called slugs. Nobody in SlugTerra seems to realize slugs have feelings, a chirp-based language, as well as a society all their own, but she's going to prove it to everyone in her one-minute Slugisodes.

Kord Zane (voiced by Andrew Francis): A huge cave troll. He is a gear-head mechanic who fixes the team's Mecha beasts and upgrades their blasters. His favorite thing to do is play practical jokes, usually on Pronto! He's pretty easy-going, as well as it is rare to see any of the typical Cave Troll Rage in Kord. This mountain of muscle has a big heart to match his giant biceps, but watch out! Kord's got a wicked slinging arm. He is also the first one to make Mecha beasts transform to have a vehicle mode which can ride at speeds of over 100 miles per hour.

Junjie (voiced by Vincent Tong): A hero from the Eastern Realm and a master of the mysterious slugslinging art of "Slug Fu", a way of controlling fired slugs with the mind. Since Junjie is the Protector of the Eastern Caverns, this means that he also has an Infurnus named Joo-Joo. He speaks the mysterious shadow clan language.

He is originally the Dark Slinger, controlled by the Goon but was released by the Shane Gang and joined the Gang until he was sent back into the Eastern Cavern.

Lana: Eli!

Eli Shane: Little Lana!

She hugged them.

Eli Shane: It's great to finally meet you in person.

Lana: Same here.

Eli Shane: And it's an honor to meet the famous Team Loud Phoenix Storm.

Me: Same here Eli. Lana told us so much about you and all your adventures in Slugterra.

Eli Shane: We'll help you fend off those Heartless while you guys take care of Xehanort.

Kord Zane: Go take care of that monster guys.

Trixie Sting: Go make that monster suffer.

Nico: With pleasure. Thanks guys. We owe you one.

The Slugterra defenders got to work.

Nico: Lets get ready guys.

Me: We're gonna need one more recruit. It's for the Masters of Evil and Cody is gonna have his own archenemy.

Ron Stoppable: I don't know if this is such a good idea, but I'm thinking we should recruit Jackie Oakes, A.K.A. The Jackal into The Masters of Evil.

The team gasped in shock, including Kim Possible, Shego, and many of Kim Possible's old enemies in The Masters of Evil.

Kim Possible: Ron, this could be a bad idea.

Me: While true that Jackie Oakes had used the talisman of Anubis to get into the ring, and fulfill a far away dream of being a wrestler, he also harmed a lot of wrestlers and innocent people in the process during his rampage before we stopped him.

Twilight Sparkle: Who is Jackie Oakes, Kim?

Kim Possible: You won't like this guy, Twilight Sparkle.

Kim Possible went over the history of Jackie Oakes A.K.A. Jackie the Jackal

---

Jackie Oakes, also known as Jackie the Jackal, is a character from the television show Kim Possible.

Powers and abilities

With the powers of the Anubis amulet, The Jackal is nearly unstoppable. Empowering his body to do great feats strength and agility, as well as power and control of elements and mystical energies. He also has the ability to grow in size, up to at least over 10 feet in height and able to hold Ron in the palm of his hand. The only weakness is if the amulet is separate from Jackie, turning him back to human instantly.

Role in the series

Jackie Oakes was a promoter for GWA, a popular traveling wrestling show. Jackie was tired of selling fights and wanted to be in one. However, with his short stature, he was denied the action and respect he wanted. He stole some ancient Egyptian artifacts from museums in towns on tour with the wrestlers, namely a talisman and the ancient papyrus that contain the spell to activate the power of the talisman to allow him to be possessed by the spirit of Anubis, transforming him into the "The Jackal", giving him size, strength, and variety of powers that he used in the ring. But even with the power of

Anubis, Jackie Oakes was brought down with the combine efforts of Kim, Ron, Steel Toe, Pain King, and Rufus.

---

When Kim Possible was finished, she and her friends were shocked.

Rainbow Dash: Whoa, so he became a thief, just because he was denied being a wrestler?

We all nodded in response.

Sunset Shimmer: Jackie had a dream of becoming a wrestler, but he couldn't due to his stature. But, what got to me was that he used the GWA to steal the Anubis amulet and the papyrus scroll to activate the talisman, along with several Ancient Egyptian artifacts.

Cody (OC): When Lord Anubis found out that Jackie Oakes stole the Anubis amulet and the papyrus scroll for his own selfish needs, he was quite angered. Jackie was playing with supernatural forces, and make no mistake, Lord Anubis is a very powerful god of mummification and the dead.

Nico: You said it.

All of us, including Cody (OC), thought about this for a second, until we reached our decision.

Me: Okay, Ron, we'll recruit Jackie Oakes into The Masters of Evil, but Vypra is going to keep a close eye on him, so he doesn't do anything funny.

Ron Stoppable: Thanks, J.D. Now, all we need to do is get the Anubis amulet and the papyrus scroll.

Vypra then came in, and in her hand was a large golden winged scarab beetle with a large red gem on the scarab.

Vypra: That won't be necessary, Ron. Take a look what I got.

Vypra showed us the large golden winged scarab with the large gem, and Cody (OC) found out about what that was.

Cody (OC): Oh man, Vypra, do you know what you have in your hand? That's The Master Jewel of Anubis, it's an ancient treasure that was supposedly lost, but The Talisman of Anubis was found, along with the papyrus scroll to activate it.

We all gasped in shock over what Cody (OC) told us about The Master Jewel of Anubis.

Me: Is The Master Jewel of Anubis more powerful than The Talisman of Anubis?

Cody (OC): You have no idea. But, we can't let Xehanort live any longer. Plus, if we tell Jackie about it, I'm sure he'll change his tune, especially when Sunset Shimmer works her magic. Plus, it might be cool for me to face someone who has the same powers of Lord Anubis.

Just then, Anubis spoke through the image of Anubis emblazoned on Cody's forehead, as he heard about our conversation.

Anubis: I agree with you, Cody, and since you've known me for years, you know about me.

We gasped when we heard Anubis speaking through his image that was emblazoned on Cody's forehead.

Me: Lord Anubis, you scared us.

Anubis: Sorry, J.D., but I heard your conversation, and I agree with letting Jackie Oakes into The Masters of Evil, and having Vypra keep an eye on him. Besides, I'll be speaking to Jackie about this myself.

Me: Okay, Lord Anubis, I agree with you 100%. Cody, Sunset Shimmer, Vypra, Kim, Ron, you guys head to the prison where Jackie Oakes is at.

Cody (OC): Okay, J.D.

Cody (OC), Sunset Shimmer, Vypra, Kim and Ron headed out and headed for the prison where Jackie Oakes was imprisoned at.

A minute later, they arrive at the prison, and followed the guard to the cell, where former GWA promoter Jackie Oakes, was at.

Guard: Oakes, you have visitors.

Jackie Oakes looked up, and was surprised to see Kim Possible, Ron Stoppable, Cody (OC), Sunset Shimmer, and Vypra here to visit them.

Jackie Oakes: Kim, Ron, I didn't expect you both to visit me.

Ron and Kim can see that he's been doing well, when he was sent to prison after we beat him years ago.

Ron Stoppable: I see you've been doing well, Jackie.

Kim Possible: We also came here for a reason: we came to recruit you to The Masters of Evil, and we brought Vypra here for it.

Jackie Oakes: And why is that?

Kim Possible: Because, we're going to the Keyblade Graveyard for our final showdown with the evil dark Keyblader, Xehanort, and his cronies, the True Organization XIII.

When Jackie Oakes heard the name Xehanort, he was shocked.

Jackie Oakes: Xehanort, so you're finally going to take the fight to him and his cronies?!

Ron Stoppable: That's the plan, Jackie, and we're recruiting a lot of heroes and villains for the final battle with Xehanort.

Vypra: And for you, we've chosen Cody (OC) to be your archenemy.

Cody (OC) and Sunset Shimmer took a seat, and they faced Jackie Oakes, as Vypra gave him The Master Jewel of Anubis.

Cody (OC): Jackie, we knew you wanted to become a wrestler, but you were rejected. But, that led to you to steal the Talisman of Anubis and the papyrus scroll to activate it.

Jackie Oakes had his head down, they saw that Jackie was regretting that choice, and it led to so many people getting hurt.

Sunset Shimmer put her hand on Jackie's shoulder as her eyes glowed, and she saw that for the past few years after getting sent to prison, he regretted what he did, and he was blinded by his desire to get into the ring as a wrestler, that it led him down a dark path.

Sunset Shimmer: I've already seen that you've regretted what you did for the past few years after the team sent you to prison, and just like you, I was driven down a dark path, and I was corrupted by a lust for power, and I turned against my friends in the process. But, my friends saved me from the darkness that was inside me.

Sunset Shimmer's words rang in his heart, and he began crying. Cody (OC) hugged him, as a way of comforting him.

Jackie Oakes, after considering Sunset Shimmer's words, had made his choice: he was going to join The Masters of Evil, and help in the fight against Xehanort.

Jackie Oakes: Okay, I'm in, I'll help in stopping Xehanort and the True Organization XIII.

Ron Stoppable: Awesome.

Cody (OC): Perfect, now, we've got something for you, but before that, I want you to meet someone whom you know all too well.

Suddenly, the image of Anubis emblazoned on Cody's head fired a beam, and a portal opened, and out of the portal appeared Anubis, The Egyptian God of Mummification.

Jackie Oakes: Lord Anubis.

Anubis: Yes, Jackie Oakes. At first, I was angered that you stole my talisman and the papyrus scroll used to activate it for your selfish needs. But, thanks to Sunset Shimmer providing me the evidence with her powers, I've decided to forgive you for what happened. But, you'll be charged with this.

Cody (OC) showed Jackie Oakes The Master Jewel of Anubis.

Anubis: This is The Master Jewel of Anubis, it has the same powers as the talisman, but once you wear it, you'll be endowed with more powers and abilities. But, you will be responsible for keeping it safe. Like J.D. and the team said, With Great Power Comes Great Responsibility.

Jackie understood the words of Anubis, and he finally made his vow.

Jackie Oakes: Yes, Lord Anubis, you have my word.

Anubis smiled.

Anubis: Good. Now, then, let's get you out of here, and back to The Estate.

The group came back to The World Tree Estate, and once Jackie was back in his attire, Anubis put the Master Jewel of Anubis on Jackie Oakes, and he used a spell to make sure no one can steal it, and it'll only be bound to Jackie Oakes.

Suddenly, the large red jewel on the scarab glowed, and Jackie's eyes turned yellow. Then, he felt the immense power of Anubis flow into his body, as he was surrounded by a yellow energy aura, and he began transforming. First, he began to grow in height until he was now 10 feet tall, then his body was covered in brown fur, and his upper and lower body muscles grew to massive size. Then, his face and head transformed into a jackal's head and face with glowing yellow eyes. He then let out a massive roar and flexed his massive and powerful muscles: Jackie The Jackal has returned.

Jackie The Jackal: At last, I've returned.

Cody (OC): But, remember, you've made your vow to Lord Anubis.

Jackie the Jackal put his hand on Cody (OC)'s shoulder.

Jackie the Jackal: Yes, I understand, Cody, don't worry. I've made my vow to Lord Anubis, and I'm not planning on breaking it ever. Thanks to our chance meeting, maybe, I can do some good to make up for what I did wrong. Now, let's get going, I can't wait to crack Xehanort's head open, along with his cronies.

Nico: Alright, I like that spirit. Now, then, let's go. Our final battle with Xehanort awaits.

We all then went into The Simulator, and head to The Keyblade Graveyard for the final showdown with Xehanort and Organization XIII.

---

We arrived at the Keyblade Graveyard, the very spot where the battle that will decide the fate of the Entire Universe will begin.

Unicorn: This is it. The battlefield where we're gonna end it.

Me: Yep this is it. This place has suffered so much over the years.

Nico: Okay here we go. Don't come out till I give the signal.

Me: Roger that.

Nico went out to find Xehanort and Organization XIII.

Nico: So glad you guys could make it.

Evil Vanitas: Kind of stupid for you to meet us here alone.

Nico: (smirks) Who said I'm alone?

It took the bad guys 12 seconds to figure it out.

Evil Larxene: This was a trap, wasn't it?

Evil Larxene then barely avoided a claw slash from Lady Deathstrike.

Lady Deathstrike: Of course it was a trap. How else were we gonna get you all in one place?

The rest of us joined Nico. Xehanort saw that from the Masters of Evil, Black Spider, Mole Man, Biowulf, Pinky & The Brain, King Shark, Turtle, Unicorn, Skalamander, Doctor Octopus, Ssserpent, Molten Man, El Diablo, Whirlwind, Iron Lung, Jack O Lantern, Bonz, Magneto, Dr. Polaris, Scorcher, Firefly, Electro, Larxene, Multiple

Man, Billy Numerous, Moonstone, Saix, Absorbing Man, Girder, Scorpion, Copperhead, Radioactive Man, and Atomic Skull were there too.

Nico: (contacts Fury) Fury, is the area secure?

Fury: (from the Helicarrier) Roger, perimeter sealed. No one's leaving the zone without our say-so.

Nico: Copy that. Stand by.

Xehanort: "Stand by"? Are you and your friends going soft?

Nico: Well, I decided before we kill most of you that we'd give you all one last chance at amnesty.

Xehanort: You mean surrender? After your assassination attempt a few days ago? I think I'll take my chances.

Nico: (sighs) Look, there was a time when I thought killing people, good or bad, was wrong. But that was before I saw the deeds of scumbags like the Joker and Luthor. The people don't want the old ways of beating people up for the police and letting them go to jail until they break out. Our methods are the only way everyone in the universe can be safe. (holds out hand) At least give me a chance to tell you my plans for my 71st century overhaul.

Xehanort contemplated his odds.

Xehanort: (shakes Nico's hand) You have 5 minutes.

Nico: That's all I'll need.

But then, Nico saw a small machine on his hand. Before Nico knew it, he was shocked with electricity before Xehanort punched him, knocking him to the ground.

William: (uses blaster to shoot fire at Xehanort) EVERYONE, START KICKING ASS NOW!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and then the spirits of all the animals of the animal kingdom came out and flew around. Then they converged and we came out and I punched Xehanort in the face and knocked him down and fired a bunch of energy blasts at him and the blasts exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOMMMMMMMMMM!
KRABBBBBBOOOOOOOOOOMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOMMMMMMMMM!

Me: This ends right here and right now Xehanort!

Suddenly, my rainbow energy aura flared up as I began walking towards Xehanort.

Me: You will never torment Aqua or anyone else that we know ever again! I will make sure that you die right here and right now!

Then, I was surrounded by a huge massive vortex of rainbow fire and energy with stars and elemental symbols, and inside the vortex was the phoenix as it let's out a powerful screech, and I was getting stronger and stronger and stronger still. The fury of my infinitely increasing power could be felt across the entire universe, and when Xehanort and all of the Organization in the Keyblade Graveyard felt it, he was screaming in excruciating pain, along with the True Organization XIII, as the Dark Orbs inside them shattered, and that gave the team a massive power and energy increase.

Suddenly, I emerged as the vortex fades, but I was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

I looked like I was 21 years old, and I was now 6'11" in height with abnormally large and powerful muscles with eight-pack abs and weighted rainbow-colored large bands on his large biceps and thighs. I now had rainbow-colored angel wings with the stars and galaxies reflecting in them, along with rainbow fire, and I had eleven long rainbow-colored wolf tails with tips that had elements on them. I had an intensely powerful rainbow energy aura with planets, stars, galaxies, and all elemental swirling forces around it, and it was overflowing with the twelve elements of harmony, something that all dark-hearted bastards despise. My hair had rainbow colors, and it has gotten longer reaching to the middle of my back and was tied in a ponytail. I had neon orange eyes, which were overflowing with justice and rainbow aurora in the sclera of my eyes. I had a rainbow-colored phoenix emblazoned on my forehead. The gems on my Bracelets of the Champions of the Universe had changed to rainbow colors, and just like the Loud Siblings, I now had on a Belt of Elemental Bravery, but the large gem for the belt buckle is rainbow-colored and it had all of the elements arranged in a circle, and it holds up the long orange trech coat coat tails behind me. I had on a pair of phoenix earrings with the Fire kanji in its talons and my Fire kanji necklace on across my bare chest. I had on a pair of black pants with rainbow-colored flames on the legs, and large black leather combat boots. I also had eight large planets accompanied by stars orbiting in a circle around my legs. I had on a pair of large black fingerless gloves with the symbol of Team Loud Phoenix Storm on the back of my hands. In my hands were Phoenixcalibur and my Bond of Flames Keyblade and I had the χ-Blade on my back. I also had my Crystal Saber bolstered on my left hip and my Eater of Sins revolver bolstered on my right hip. I had a Rainbow kanji on my back that says, "James Dean Knudson, Brave Leader of Team Loud Phoenix Storm, Loving Father of Many Children, Golden-Hearted Lover to Many Wives and Brother to Many, Powerful Student to Many Teachers, Ambassador of Harmony and Love, Destroyer of Black-Hearted Villains, Power-Hungry Bastards, and Maniacal Tyrants, and God of Justice."

ジェームズ・ディーン・クヌッドソン、チームラウドフェニックスストームの勇敢なリーダー、多くの子供たちの愛情深い父、多くの妻への黄金の恋人と多くの兄弟への兄弟、多くの教師への強力な学生、調和と愛の大使、黒人の悪役の破壊者、力-空腹のろくでなし、マニアカルな暴君、そして正義の神。

I had transformed into a SUPER ANGEL-EBONWU-PHOENIX-HARMONY INFINITY ELEMENTAL HARMONY PHOENIX ANGEL OF UNIVERSAL JUSTICE.

I was more powerful than ever before! This was my most powerful form ever! I was more powerful than all of our most powerful enemies combined 100 billion times!

Nico: WHOA! J.D. you look absolutely amazing!

Eli: WOW! Way to go bro! You look incredible!

Varie and the girls of my harem were all stunned in absolute awe and they were amazed by my new transformation! They even had blood dripping from their noses in awe.

Nico: Wow! J.D. how do you feel?

Me: (Divine Echoing Cosmic Elemental Voice) **I feel incredible guys. This power is more than enough to destroy Xehanort times 100 googol.**

Nico: Whoa!

Varie: Wow!

Celica: Incredible!

Xehanort: Then lets see what your power can do against them.

We then saw a massive flash of darkness and then out came an EXTREMELY HUGE AND MASSIVE ARMY OF HEARTLESS, DREAM EATERS, UNVERSED AND NOBODIES! THERE WERE HUNDREDS OF TRILLIONS OF THEM!

Nico: WHOA! THIS IS A MASSIVE ARMY!

Lola: OH MY CODFISH!

Mole Man: Moloids! Tear them apart!

Mole Man sent his Moloids and ripped many Heartless and Nobodies apart.

Girl Jordan: This will hurt bad! MAELSTROM DRAGON STYLE NINJA ART: WRATH OF THE OCEAN DRAGON!

Girl Jordan fired a massive dragon of pure water and it hit a bunch of Fire Heartless and extinguished them.

Ventus: This is for trapping Aqua in the Realm of Darkness for over a decade! LEAF STORM STYLE NINJA ART: STORM OF GAIA'S WRATH!

Ventus formed a massive storm of leaves and they shredded numerous Heartless and Unversed and killed them all over.

All the Heartless, Unverse, Dream Eaters and Nobodies were destroyed and now it was time to face Xehanort and all of the True Organization XIII.

Nico: Remember your targets everyone.

Xehanort: (to me) If you're waiting for those heroes you've met during the last few days, don't bother. I've already sent my Heartless to their worlds. Making sure this battle is between everyone here!

Eli Shane and his friends got back to their world and began fighting various Heartless. The Descendants, Aligned Autobots, Zyuogher, Yin and Yang, Kyurangers, Tony and his friends, Astro Boy, the Rocket Power Crew, the Muppets, the members of HEAT, Kong and his friends, and the TUFF agents were also fighting Heartless on their worlds as well.

Me: (Smirks) **I don't think so Xehanort. The friends we met and know have already taken care of your little toys. And also I have another thing you are missing. The very one thing you don't have.**

Xehanort: What's that?

I summoned the χ-blade and Xehanort gasped in shock when he saw that I had the weapon he needed to destroy the entire universe!

Me: **That's right you fool. The χ-blade chose me as its wielder and you are now going to pay for every single one of your crimes.**

Xehanort: No matter. I still have my backup pl…

KROW!

I kicked him into a rock and he crashed into it and came out with blood dripping down his face.

Me: **No more Xehanort! No more lives will be destroyed and**

**consumed by your hatred!**

Xehanort: I will kill you for everything you've done to me.

Me: **It's the other way around Xehanort. I will kill you for everything YOU'VE done to everyone in the universe! First…**

I fired a powerful beam of light at Kingdom Hearts and undid the corruption that Xehanort caused to it and purified it!

Xehanort: NO!

First up was Evil Larxene.

Lincoln was up first as he, Lori, Air Lincoln, Nico, Tech E Coyote, Wile E Coyote, Calamity Coyote, Rainbow Dash, Storm Rainbow, Lightning Dust, Scootaloo, Tornado Bolt, Rumble, Magma Gloom, Spitfire, Vapor Trail, Sky Stinger, Angel Wings, Soarin, Night Glider, Wind Socks, Cloudkicker, Blossomforth, Thunderlane, Cloud Chaser, Daring Do, Derpy Hooves, Flash Magnus, Indigo Zap, Lemon Zest, Sour Sweet, Sunny Flare, Sugarcoat, Frosty Orange, Velvet Sky, Smolder the Dragon, Air Skylanders, Françoise, Elena, Shocker, Electro, Volcana, Larxene and all lightning wielders went after Evil Larxene.

Lincoln flared up his massive neon blue energy aura with lightning, and transforms into Super Angel 100,000,000,000 Supercell Lightning Thunderbird Furious Hyperstorm, as he unholstered his Sword of Taranis from his back and summoned his lightning Keyblade, Lori transformed into her Super Angel 500,000,000 form, and unholstered her Sword of Ga'Oh from her back and summoned her Hurricane Dragon Keyblade, Nico transformed into Super Saiyan 5 and he unholstered his Pride of The Saiyans sword from his back, and Tech E Coyote transformed into Super Angel 10,000,000,000 Green Lightningstorm Angel Coyote and he unholstered his Sword of Neilii from his back, and everyone got out their weapons.

Lincoln: (Divine Echoing Electrical Voice as his neon deep sapphire blue eyes glowed with justice) **Alright, guys, let's end this bitch once and for all.**

Lori, Air Lincoln, Nico, Tech E Coyote, Wile E Coyote, Calamity Coyote, Rainbow Dash, Storm Rainbow, Lightning Dust, Scootaloo, Tornado Bolt, Rumble, Magma Gloom, Spitfire, Vapor Trail, Sky Stinger, Angel Wings, Soarin, Night Glider, Wind Socks, Cloudkicker, Blossomforth, Thunderlane, Cloud Chaser, Daring Do, Derpy Hooves, Flash Magnus, Indigo Zap, Lemon Zest, Sour Sweet, Sunny Flare, Sugarcoat, Frosty Orange, Velvet Sky, Smolder the Dragon, Air Skylanders, Françoise, Elena, Shocker, Electro, Volcana, Larxene and all lightning wielders: YEAH, LET'S TEAR THAT BITCH APART!

They spread their wings and went after Evil Larxene with righteous intent on making Evil Larxene pay for her crimes.

Evil Larxene: I WILL KILL YOU ALL!

Evil Larxene fired powerful blasts of lightning and her knives at them, which they dodged, and Lincoln used his Sword of Taranis to deflect the knives, and send them right back at Evil Larxene, cutting her and leaving bleeding scars on her.

The team fired powerful blasts of lightning, wind, fire, energy blasts, stars, and magnetic blasts at Evil Larxene, and exploded with incredible power, once they hit her.

Tech E Coyote: (Divine Echoing Star Voice) **You're nothing but a heartless she-demon who enjoys the torment and suffering of others. This is for messing with Sora's memories! LIGHTNING STYLE NINJA ART: LIGHTNING THUNDERBIRD RASENSHURIKEN!**

Tech E Coyote created a massive green Rasenshuriken with lightning inside the core and outside, and inside the core was the thunderbird. He throws it at Evil Larxene, and it explodes with incredible power, and electrocutes her with 900 Terravolts of lightning.

Nico: OH, YEAH!

Lori: (Divine Echoing Wind Voice) **That was literally a nice shot, Tech.**

Tech E Coyote: **Thanks, Lori.**

Lincoln: **Awesome, Tech, now it's my turn, and I haven't used this in a while. VOID STYLE NINJA ART: SHADOW SPEAR STRIKE!**

Lincoln created a Shadow Spear made of Void energy, and hurls it at Evil Larxene, and as it hits her in the shoulder, it caused her left arm to disintegrate into dust, and she screams with excruciating pain.

Lori: **Nice shot, bro, and it's been a while since you used some Void Style Ninja Art techniques.**

Lincoln: **Now, let me show you guys something that I'd picked up from watching Nico and J.D. use Zhuqiaomon's Blazing Helix.**

Lincoln spreads his larger blue angel wings, and we saw lightning charging up.

Lincoln: **Take this, you heartless witch!** (Echoing) **ELECTRIC HELIX!**

Lincoln fired a lightning version of Zhuqiaomon's Blazing Helix from his wings, and the neon blue energy helix blasts hits Evil Larxene, and explodes, damaging her further.

That stunned the group, including Nico, as they saw Lincoln use his own version of Blazing Helix.

Nico: (laughs) Holy crap, that was awesome, Lincoln!

Lori: **Bro, did you just…?**

Lincoln: **Yeah, I used a lightning variant of Zhuqiaomon's Blazing Helix, and judging from the look of surprise and awe on Nico's face, I'd say he's impressed by what I did.**

Tech E Coyote and Nico then pieced together everything, and found out the truth of how Lincoln can use the abilities of the Digimon.

Tech E Coyote: **Wait, does that mean that you…?**

Lincoln: **Yeah, you see, when we got our Belts of Elemental Bravery, we accidentally acquired the same ability as J.D. and you, Nico: the power to assimilate the powers and abilities of villains we've imprisoned or killed/destroyed, and/or sealed into The Book of Vile Darkness, banished to The River of Fire, or banished to The Warp.**

Nico: Whoa.

Tech E Coyote: **And just how many villains have you guys imprisoned, killed/destroyed, and/or sealed into The Book of Vile Darkness, banished to The The River of Fire, or banished to The Warp?**

Lori: **Long before any of you guys joined the team, we've imprisoned or killed/destroyed, and/or sealed into The Book of Vile Darkness, banished to The River of Fire, or banished to The Warp, tons of villains over the course of five years.**

The many new recruits to the team were floored, and they knew of our adventures over the course of five years.

Lincoln: **Ooh, Lori, let's show them something that'll make Nico proud.**

Lori: **You got it, bro.**

Nico: Let me join in, I have a feeling I know what you and Lori are both going to do, Lincoln.

Lincoln and Lori had their Keyblades vanish from their right hands for just a moment, and Lincoln, Lori, and Nico held up their right hands at Evil Larxene. Then, the gems on their Bracelets of The Champions of The Universe and the seven Dragon Balls on Nico's Dragon Ball Bracelet glowed red, and they'd formed three massive balls of negative energy, which they condensed to the size of their bodies.

Nico, Lincoln and Lori: **Go to hell, you heartless witch! NEGATIVE KARMA BALL!**

Lincoln and Lori fired their Negative Karma Balls at Evil Larxene, and they exploded with incredible power.

***KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Wile E Coyote: Impressive shots, Lincoln, Nico, and Lori, and now, let me take a crack at her. TECH STYLE NINJA ART: SAW BLADE GEAR MAYHEM!

Wile E Coyote fired gears that have saw blades made of lightning right at Evil Larxene, and they mangled her up, and cut off her right arm, and that caused her to scream even more.

Nico: Nice one.

Lincoln: **Nice one, Wile E Coyote. Now, let's get her with a Formation Art technique.**

The team flies up into the air, and were ready for their final attack on Evil Larxene.

Lincoln, Lori, Nico, Air Lincoln, Tech E Coyote, Wile E Coyote, Calamity Coyote, Rainbow Dash, Storm Rainbow, Lightning Dust, Scootaloo, Tornado Bolt, Rumble, Magma Gloom, Spitfire, Vapor Trail, Sky Stinger, Angel Wings, Soarin, Night Glider, Wind Socks, Cloudkicker, Blossomforth, Thunderlane, Cloud Chaser, Daring Do, Derpy Hooves, Flash Magnus, Indigo Zap, Lemon Zest, Sour Sweet, Sunny Flare, Sugarcoat, Frosty Orange, Velvet Sky, Smolder the Dragon, Air Skylanders, Françoise, Elena, Shocker, Electro, Volcana, Larxene and all lightning wielders: LIGHTNING THUNDERSTORM STYLE FORMATION ART: LIGHTNING DRAGON FURY HYPERSTORM!

Lincoln and his group spun in a massive tetracontaoctagon formation, and they turned into a massive hurricane with lightning coming out, and the eye of the hurricane. Then, right from the eye of the storm, a massive barrage of dragons of pure lightning came out, and they charged at Evil Larxene, roaring like thunder that shook the Heavens, and crashed down on Evil Larxene, as they exploded in a massive explosion!

***KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Rainbow Dash, Storm Rainbow, Lightning Dust, Scootaloo, Tornado Bolt, Rumble, Magma Gloom, Spitfire, Vapor Trail, Sky Stinger, Angel Wings, Soarin, Night Glider, Wind Socks, Cloudkicker, Blossomforth, Thunderlane, Cloud Chaser, Daring Do, Derpy Hooves, Flash Magnus, Indigo Zap, Lemon Zest, Sour Sweet, Sunny Flare, Sugarcoat, Frosty Orange, Velvet Sky, Smolder the Dragon, Air Skylanders, Air Lincoln and Françoise: LOYALTY HURRICANE MAELSTROM MEGABLAST!

They all fired a massive blast of wind and lightning and it smashed into Evil Larxene and shredded her up.

Lea: (to Evil Larxene) Never did like your bitchy attitude to begin with.

Lea used his Keyblade to stab Evil Larxene in the chest. And then, he lit her entire body on fire and incinerated her from the inside, killing her.

Ruckus: Nice! Think we can use her body to roast marshmallows?

Lea: Nah. I don't think they would taste very good. Let her burn in her own lightning.

Lincoln: **Well said Lea.**

Lea: Yeah! Great job bro.

They high five and lightning and fire came out of their hands.

Lincoln, Nico, Lori, Air Lincoln, Tech E Coyote, Wile E Coyote, Calamity Coyote, Rainbow Dash, Storm Rainbow, Lightning Dust, Scootaloo, Tornado Bolt, Rumble, Magma Gloom, Spitfire, Vapor Trail, Sky Stinger, Angel Wings, Soarin, Night Glider, Wind Socks, Cloudkicker, Blossomforth, Thunderlane, Cloud Chaser, Daring Do, Derpy Hooves, Flash Magnus, Indigo Zap, Lemon Zest, Sour Sweet, Sunny Flare, Sugarcoat, Frosty Orange, Velvet Sky, Smolder the Dragon, Air Skylanders, Françoise, Elena, Shocker, Electro, Volcana, Larxene and all lightning wielders: Evil Larxene, you have failed this universe!

Nico: Oh, man, that was awesome! Nice job in leading your group against Evil Larxene, Lincoln.

Lincoln: Thanks, Nico.

Lori: **I got to say, Lincoln, you really proved yourself as a great leader in a group. When McWolf starts kidnapping girls for you to rescue and expand your harem, he better be prepared to face the new Lincoln.**

Evil Larxene's spirit came out.

Lincoln: **You aren't fit to be welcome here!** (Holds hand out to her) **HAKAI!**

She was super hakaied!

Evil Marluxia was next.

Laney: I'm going to make you wish you were never born Marluxia!

Evil Marluxia: We'll see about that.

Laney transformed into her Super Angel 500,000,000 form and she was ready to strike!

Laney: (Divine Echoing Flowery Voice) **Lets dance you pink haired girly boy!**

Laney went at him and mercilessly slashed him all over the place and kicked him in the face with incredible force. Then she was dancing!? What the!?

She danced like in Russia and she danced circles around him and she kicked him in the face and then she kicked him in the butt all over and then punched him in the face all over the place in tune to Russian and Irish music and smashed him all over. She even slashed him all over the place.

Elena: Never did like your treacherous personality.

Elena then used her Lightning to electrocute Evil Marluxia to death.

Biowulf: (sniffs the smell of the corpse) Ahh. Burnt Organization XIII member, anyone?

Elena: I'm not hungry.

Laney: **He would give us indigestion.**

Evil Marluxia's spirit appeared.

Laney: **You give all flower lovers everywhere a bad name.** (Holds hand out) **HAKAI!**

Laney Super Hakaied him.

Laney: **2 down and 11 to go.**

Birdbrain: Luan's gonna be proud, boss.

William: Thanks Birdbrain. You and your fellow Decepticons can call me boss too.

Evil Saïx's evil spirit then appeared.

Sandman: Before I kill you, you're gonna tell everyone the truth!

Erza: We actually figured out who you really are Xigbar. You're Luxu, one of the Master Keybladers of Scala ad Caelum. You had Nico sworn to secrecy about who you are.

Evil Xigbar: You're right and you got me. I had Nico not tell you all because I was on a very important mission.

Erza: What was this mission?

Evil Xigbar: Perhaps my good self can tell you all about it.

Erza: Fair enough.

Turtle: Alright, Flint. Go ahead and kill Evil Xigbar now.

Xehanort: YOU MAKE ME SICK J.D.! This universe is flooded with imbalance and evil!

Me: **It's all f rom people like you! We are the light that connects all hearts and we are also the cure to destroy all evil! Evil is the true disease and we are the cure!**

We went at him and everyone was blasting him and pulverizing him all over the place and smashed him to pulp and more.

Eli: Lets do it! EARTH STYLE NINJA ART: TYRANNOSAURUS REX!

Eli fired a wave of earth by punching the ground and it formed into the meanest dinosaur that ever lived from 68 million years ago: Tyrannosaurus Rex!

---

Tyrannosaurus is a genus of coelurosaurian theropod dinosaur. The species Tyrannosaurus rex, often called T. rex or colloquially T-Rex, is one of the most well-represented of the large theropods. Tyrannosaurus lived throughout what is now western North America, on what was then an island continent known as Laramidia. Tyrannosaurus had a much wider range than other tyrannosaurids. Fossils are found in a variety of rock formations dating to the Maastrichtian age of the upper Cretaceous period, 68 to 66 million years ago. It was the last known member of the tyrannosaurids, and among the last non-avian dinosaurs to exist before the Cretaceous-Paleogene extinction event.

Like other tyrannosaurids, Tyrannosaurus was a bipedal carnivore with a massive skull balanced by a long, heavy tail. Relative to its large and powerful hind limbs, Tyrannosaurus forelimbs were short but unusually powerful for their size and had two clawed digits. The most complete specimen measures up to 12.3 meters (40 feet) in length though T. rex could grow to lengths of over 12.3 m (40 ft), up to 3.66 m (12 ft) tall at the hips, and according to most modern estimates 8.4 metric tons (9.3 short tons) to 14 metric tons (15.4 short tons) in weight. Although other theropods rivaled or exceeded Tyrannosaurus rex in size, it is still among the largest known land predators and is estimated to have exerted the strongest bite force among all terrestrial animals. By far the largest carnivore in its environment, Tyrannosaurus rex was most likely an apex predator, preying upon hadrosaurs, armored herbivores like ceratopsians and ankylosaurs, and possibly sauropods. Some experts have suggested the dinosaur was primarily a scavenger. The question of whether Tyrannosaurus was an apex predator or a pure scavenger was among the longest debates in paleontology. Most paleontologists today accept that Tyrannosaurus was both an active predator and a scavenger.

Hunter: (German Accent) INFERNO STYLE NINJA ART: SPINOSAURUS!

Hunter fired a wave of black fire and it formed into the largest and meanest carnivorous dinosaur that ever lived from 112 million years ago in Egypt: Spinosaurus!

---

Spinosaurus (meaning "spine lizard") is a genus of spinosaurid dinosaur that lived in what now is North Africa during the upper Albian to upper Turonian stages of the Cretaceous period, about 112 to 93.5 million years ago. This genus was known first from Egyptian remains discovered in 1912 and described by German paleontologist Ernst Stromer in 1915. The original remains were destroyed in World War II, but additional material has come to light in the early 21st century. It is unclear whether one or two species are represented in the fossils reported in the scientific literature. The best known species is S. aegyptiacus from Egypt, although a potential second species, S. maroccanus, has been recovered from Morocco. The contemporary spinosaurid genus Sigilmassasaurus has also been synonymized by some authors with S. aegyptiacus, though other researchers propose it to be a distinct taxon. Another possible junior synonym is Oxalaia from the Alcântara Formation in

Brazil.

Spinosaurus was among the largest of all known carnivorous dinosaurs, nearly as large as or even larger than other theropods such as Tyrannosaurus, Giganotosaurus and Carcharodontosaurus. Estimates published in 2005, 2007, and 2008 suggested that it was between 12.6 to 18 meters (41 to 59 ft) in length and 7 to 20.9 metric tons (7.7 to 23.0 short tons) in weight. New estimates published in 2014 and 2018, based on a more complete specimen, supported the earlier research, finding that Spinosaurus could reach lengths of 15 to 16 meters (49 to 52 ft). The latest estimates suggest a weight of 6.4 to 7.5 metric tons (7.1 to 8.3 short tons). The skull of Spinosaurus was long, low and narrow, similar to that of a modern crocodilian, and bore straight conical teeth with no serrations. It would have had large, robust forelimbs bearing three-fingered hands, with an enlarged claw on the first digit. The distinctive neural spines of Spinosaurus, which were long extensions of the vertebrae (or backbones), grew to at least 1.65 meters (5.4 ft) long and were likely to have had skin connecting them, forming a sail-like structure, although some authors[who?] have suggested that the spines were covered in fat and formed a hump. Spinosaurus's hip bones were reduced, and the legs were very short in proportion to the body. Its long and narrow tail was deepened by tall, thin neural spines and elongated chevrons, forming a flexible fin or paddle-like structure.

Axel Adell: (Swedish Accent) ICE STYLE NINJA ART: WOOLLY MAMMOTH!

Axel fired a wave of ice and it formed into the famous and widely known ancestral elephants from 800,000 years ago: The Woolly Mammoth.

---

The woolly mammoth (Mammuthus primigenius) is an extinct species of mammoth that lived during the Pleistocene until its extinction in the Holocene epoch. It was one of the last in a line of mammoth species, beginning with Mammuthus subplanifrons in the early Pliocene. The woolly mammoth began to diverge from the steppe mammoth about 800,000 years ago in East Asia. Its closest extant relative is the Asian elephant. The appearance and behaviour of this species are among the best studied of any prehistoric animal because of the discovery of frozen carcasses in Siberia and Alaska, as well as skeletons, teeth, stomach contents, dung, and depiction from life in prehistoric cave paintings. Mammoth remains had long been known in Asia before they became known to Europeans in the 17th century. The origin of these remains was long a matter of debate, and often explained as being remains of legendary creatures. The mammoth was identified as an extinct species of elephant by Georges Cuvier in 1796.

The woolly mammoth was roughly the same size as modern African elephants. Males reached shoulder heights between 2.7 and 3.4 m (8.9 and 11.2 ft) and weighed up to 6 metric tons (6.6 short tons). Females reached 2.6-2.9 m (8.5-9.5 ft) in shoulder heights and weighed up to 4 metric tons (4.4 short tons). A newborn calf weighed about 90 kg (200 lb). The woolly mammoth was well adapted to the cold environment during the last ice age. It was covered in fur, with an outer covering of long guard hairs and a shorter undercoat. The colour of the coat varied from dark to light. The ears and tail were short to minimise frostbite and heat loss. It had long, curved tusks and four molars, which were replaced six times during the lifetime of an individual. Its behaviour was similar to that of modern elephants, and it used its tusks and trunk for manipulating objects, fighting, and foraging. The diet of the woolly mammoth was mainly grasses and sedges. Individuals could probably reach the age of 60. Its habitat was the mammoth steppe, which stretched across northern Eurasia and North America.

The woolly mammoth coexisted with early humans, who used its bones and tusks for making art, tools, and dwellings, and the species was also hunted for food. It disappeared from its mainland range at the end of the Pleistocene 10,000 years ago. Isolated populations survived on St. Paul Island until 5,600 years ago and on Wrangel Island until 4,000 years ago. After its extinction, humans continued using its ivory as a raw material, a tradition that continues today. With a genome project for the mammoth completed in 2015, it has been proposed the species could be revived through various means, but none of the methods proposed are yet feasible.

Dana: ICE STYLE NINJA ART: SABER-TOOTH CAT!

Dana fired a wave of ice and it formed into the ancestral cats of 42 million years ago: The Saber-Toothed Cats!

A saber-toothed cat (alternatively spelled sabre-toothed cat) is any member of various extinct groups of predatory mammals that are characterized by long, curved saber-shaped canine teeth which protruded from the mouth even when closed. The saber-toothed cats have been found almost worldwide from the Eocene epoch to the end of the Pleistocene epoch 42 million years ago (mya) - 11,000 years ago (kya). The first saber-toothed cat fossil in Canada was found in Medicine Hat, Alberta.

One of the best-known genera is Smilodon, species of which, especially S. fatalis, are popularly, but incorrectly, referred to as "saber-toothed tigers". However, usage of the word cat is in some cases a misnomer, as many species referred to as saber-toothed "cats" are not closely related to modern cats (Felidae). Instead, many are members are classified into different families of Feliformia, such as Barbourofelidae and Nimravidae; the oxyaenid "creodont" genera Machaeroides and Apataelurus; and two extinct lineages of metatherian mammals, the thylacosmilids of Sparassodonta, and deltatheroideans, which are more closely related to marsupials. In this regard, saber-toothed cats can be viewed as examples of convergent evolution. This convergence is remarkable due not only to the development of elongated canines, but also a suite of other characteristics, such as a wide gape and bulky forelimbs, which is so consistent that it has been termed the "saber-tooth suite."

Of the feliform lineages, the family Nimravidae is the oldest, entering the landscape around 42 mya and becoming extinct by 7.2 mya. Barbourofelidae entered around 16.9 mya and were extinct by 9 mya. These two would have shared some habitats.

Lana: ICE STYLE NINJA ART: WOOLLY RHINOCEROS!

Lana fired a wave of ice and it formed into the Ice Age ancestors of modern day Rhinoceroses from 3.6 Million years ago: The Woolly Rhinoceros!

---

The woolly rhinoceros (Coelodonta antiquitatis) is an extinct species of rhinoceros that was common throughout Europe and northern Asia during the Pleistocene epoch and survived until the end of the last glacial period. The woolly rhinoceros was a member of the Pleistocene megafauna.

The woolly rhinoceros was covered with thick and long hair, which allowed it to survive in the extremely cold, harsh mammoth steppe. It also had a massive hump reaching from its shoulder. It fed mainly on herbaceous plants that grew in the steppe.

Mummified carcasses preserved in permafrost and many bone remains of woolly rhinoceroses have been found. Images of woolly rhinoceroses are found among cave paintings in Europe and Asia.

Killer Frost: ICE STYLE NINJA ART: IRISH ELK!

Killer Frost fired a wave of ice and it formed into the largest deer ever known that lived 2.5 million years ago: The Irish Elk.

---

The Irish elk (Megaloceros giganteus) also called the giant deer or Irish deer, is an extinct species of deer in the genus Megaloceros and is one of the largest deer that ever lived. Its range extended across Eurasia during the Pleistocene, from Ireland to Lake Baikal in Siberia. The most recent remains of the species have been carbon dated to about 7,700 years ago in Siberia.

Although abundant skeletal remains have been found in bogs in Ireland, the animal was not exclusive to Ireland nor closely related to either of the living species currently called elk: Alces alces (the

European elk, known in North America as the moose) or Cervus canadensis (the North American elk or wapiti). For this reason, the name "giant deer" is used in some publications, instead of "Irish elk". Although one study suggested that the Irish elk was closely related to the red deer (Cervus elaphus), most other phylogenetic analyses support that their closest living relatives are fallow deer (Dama dama).

Maggie: ICE STYLE NINJA ART: SHORT-FACED BEAR!

Maggie fired a wave of ice and it formed into the Ice Age bear from 1.8 million years ago: The Short-Faced Bear.

---

The short-faced bear (Arctodus sp.) is an extinct bear genus that inhabited North America during the Pleistocene epoch from about 1.8 Mya until 11,000 years ago. It was the most common early North American bear and was most abundant in California. There are two recognized species: the lesser short-faced bear (Arctodus pristinus) and the giant short-faced bear (Arctodus simus), with the latter considered to be one of the largest known terrestrial mammalian carnivores that has ever existed. It has been hypothesized that their extinction coincides with the Younger Dryas period of global cooling commencing around 10,900 BC.

---

Khalyaka: (India Accent) EARTH STYLE NINJA ART: TARBOSAURUS BABAAR!

Khalyaka fired a wave of earth and it formed into the terrible theropod of 70 million years ago: Tarbosaurus!

---

Tarbosaurus (meaning "alarming lizard") is a genus of tyrannosaurid theropod dinosaur that flourished in Asia about 70 million years ago, at the end of the Late Cretaceous Period, considered to contain a single known species, Tarbosaurus bataar. Fossils have been recovered in Mongolia, with more fragmentary remains found further afield in parts of China.

Although many species have been named, modern paleontologists recognize only one, T. bataar, as valid. Some experts see this species as an Asian representative of the North American genus Tyrannosaurus; this would make the genus Tarbosaurus redundant. Tarbosaurus and Tyrannosaurus, if not synonymous, are considered to be at least closely related genera. Alioramus, also from Mongolia, has previously been thought by some authorities to be the closest relative of Tarbosaurus, though this has since been disproven with the discovery of Qianzhousaurus and the description of the Alioramini.

Like most known tyrannosaurids, Tarbosaurus was a large bipedal predator, weighing up to 5 metric tons (5.5 short tons) and equipped with about sixty large teeth. It had a unique locking mechanism in its lower jaw and the smallest forelimbs relative to body size of all tyrannosaurids, renowned for their disproportionately tiny, two-fingered forelimbs.

Tarbosaurus lived in a humid floodplain criss-crossed by river channels. In this environment, it was an apex predator, probably preying on other large dinosaurs like the hadrosaur Saurolophus or the sauropod Nemegtosaurus. Tarbosaurus is represented by dozens of fossil specimens, including several complete skulls and skeletons. These remains have allowed scientific studies focusing on its phylogeny, skull mechanics, and brain structure.

Lynn: EARTH STYLE NINJA ART: APATOSAURUS!

Lynn fired a wave of Earth and it formed into the famous sauropod from 158 million years ago: Apatosaurus!

---

Apatosaurus is a genus of herbivorous sauropod dinosaur that lived in North America during the Late Jurassic period. Othniel Charles Marsh described and named the first-known species, A. ajax, in

1877, and a second species, A. louisae, was discovered and named by William H. Holland in 1916. Apatosaurus lived about 152 to 151 million years ago (mya), during the late Kimmeridgian to early Tithonian age, and are now known from fossils in the Morrison Formation of modern-day Colorado, Oklahoma, New Mexico, Wyoming, and Utah in the United States. Apatosaurus had an average length of 21-22.8 m (69-75 ft), and an average mass of 16.4-22.4 t (16.1-22.0 long tons; 18.1-24.7 short tons). A few specimens indicate a maximum length of 11-30% greater than average and a mass of 32.7-72.6 t (32.2-71.5 long tons; 36.0-80.0 short tons).

The cervical vertebrae of Apatosaurus are less elongated and more heavily constructed than those of Diplodocus, a diplodocid like Apatosaurus, and the bones of the leg are much stockier despite being longer, implying that Apatosaurus was a more robust animal. The tail was held above the ground during normal locomotion. Apatosaurus had a single claw on each forelimb and three on each hindlimb. The Apatosaurus skull, long thought to be similar to Camarasaurus, is much more similar to that of Diplodocus. Apatosaurus was a generalized browser that likely held its head elevated. To lighten its vertebrae, Apatosaurus had air sacs that made the bones internally full of holes. Like that of other diplodocids, its tail may have been used as a whip to create loud noises.

The skull of Apatosaurus was confused with that of Camarasaurus and Brachiosaurus until 1909, when the holotype of A. louisae was found, and a complete skull just a few meters away from the front of the neck. Henry Fairfield Osborn disagreed with this association, and went on to mount a skeleton of Apatosaurus with a Camarasaurus skull cast. Apatosaurus skeletons were mounted with speculative skull casts until 1970, when McIntosh showed that more robust skulls assigned to Diplodocus were more likely from Apatosaurus.

Apatosaurus is a genus in the family Diplodocidae. It is one of the more basal genera, with only Amphicoelias and possibly a new, unnamed genus more primitive. While the subfamily Apatosaurinae was named in 1929, the group was not used validly until an extensive 2015 study. Only Brontosaurus is also in the subfamily, with the other genera being considered synonyms or reclassified as diplodocines. Brontosaurus has long been considered a junior synonym of Apatosaurus; its type species was reclassified as A. excelsus in 1903. A 2015 study concluded that Brontosaurus is a valid genus of sauropod distinct from Apatosaurus, but not all paleontologists agree with this division. As it existed in North America during the late Jurassic, Apatosaurus would have lived alongside dinosaurs such as Allosaurus, Camarasaurus, Diplodocus, and Stegosaurus.

Laney: FOREST STYLE NINJA ART: DIPLODOCUS!

Laney fired a wave of trees and leaves and it formed into the famous sauropod from 154 million years ago: Diplodocus!

---

Diplodocus is a genus of diplodocid sauropod dinosaurs whose fossils were first discovered in 1877 by S. W. Williston. The generic name, coined by Othniel Charles Marsh in 1878, is a neo-Latin term derived from Greek διπλός (diplos) "double" and δοκός (dokos) "beam", in reference to the double-beamed chevron bones located in the underside of the tail, which were then considered unique.

This genus of dinosaurs lived in what is now mid-western North America at the end of the Jurassic period. It is one of the more common dinosaur fossils found in the middle to upper Morrison Formation, between about 154 and 152 million years ago, during the late Kimmeridgian age. The Morrison Formation records an environment and time dominated by gigantic sauropod dinosaurs, such as Apatosaurus, Barosaurus, Brachiosaurus, Brontosaurus, and Camarasaurus. Its great size may have been a deterrent to the predators Allosaurus and Ceratosaurus: their remains have been found in the same strata, which suggests that they coexisted with Diplodocus.

Diplodocus is among the most easily identifiable dinosaurs, with its typical sauropod shape, long neck and tail, and four sturdy legs. For many years, it was the longest dinosaur known.

May: ICE STYLE NINJA ART: LEAELLYNASAURA!

May fired a wave of ice and it formed into the Australian dinosaur from 118 million years ago: Leaellynasaura!

---

Leaellynasaura is a genus of small herbivorous ornithischian dinosaurs from the Albian stage of the Early Cretaceous (dated to between 118 and 110 million years ago), first discovered in Dinosaur Cove, Australia. The only known species is Leaellynasaura amicagraphica. It was described in 1989, and named after Leaellyn Rich, the daughter of the Australian palaeontologist couple Tom Rich and Patricia Vickers-Rich who discovered it. The specific name, amicagraphica, translates to "friend writing" and honours both the Friends of the Museum of Victoria and the National Geographic Society for their support of Australian paleontology.

---

Lori: WIND STYLE NINJA ART: ALLOSAURUS!

Lori fired a wave of wind and it formed into the vicious theropod from 155 million years ago: Allosaurus!

---

Allosaurus is a genus of carnivorous theropod dinosaur that lived 155 to 145 million years ago during the late Jurassic period (Kimmeridgian to late Tithonian). The name "Allosaurus" means "different lizard" alluding to its unique concave vertebrae (at the time of its discovery). It is derived from the Greek ἄλλος (allos) ("different, other") and σαῦρος (sauros) ("lizard / generic reptile"). The first fossil remains that could definitively be ascribed to this genus were described in 1877 by paleontologist Othniel Charles Marsh. As one of the first well-known theropod dinosaurs, it has long attracted attention outside of paleontological circles.

Allosaurus was a large bipedal predator. Its skull was large and equipped with dozens of sharp, serrated teeth. It averaged 9.5

meters (31 ft) in length, though fragmentary remains suggest it could have reached over 12 m (39 ft). Relative to the large and powerful hindlimbs, its three-fingered forelimbs were small, and the body was balanced by a long and heavily muscled tail. It is classified as an allosaurid, a type of carnosaurian theropod dinosaur. The genus has a complicated taxonomy, and includes three valid species, the best known of which is A. fragilis. The bulk of Allosaurus remains have come from North America's Morrison Formation, with material also known from Portugal. It was known for over half of the 20th century as Antrodemus, but a study of the copious remains from the Cleveland-Lloyd Dinosaur Quarry brought the name "Allosaurus" back to prominence and established it as one of the best-known dinosaurs.

As the most abundant large predator in the Morrison Formation, Allosaurus was at the top of the food chain, probably preying on contemporaneous large herbivorous dinosaurs, and perhaps other predators. Potential prey included ornithopods, stegosaurids, and sauropods. Some paleontologists interpret Allosaurus as having had cooperative social behavior, and hunting in packs, while others believe individuals may have been aggressive toward each other, and that congregations of this genus are the result of lone individuals feeding on the same carcasses.

Leni: WATER STYLE NINJA ART: OMEISAURUS!

Leni fired a wave of water and it formed into one of the largest dinosaurs from 173 million years ago: Omeisaurus!

---

Omeisaurus (meaning "Omei lizard") is a genus of sauropod dinosaur from the Middle Jurassic Period (Bathonian-Callovian stage) of what is now China. Its name comes from Mount Emei, where it was discovered in the lower Shaximiao Formation of Sichuan Province.

Like other sauropods, Omeisaurus was herbivorous and large. It measured 20.2 metres (66 ft) long, and weighed 9.8 tonnes.

Luna: WATER STYLE NINJA ART: SUCHOMIMUS!

Luna fired a wave of water and it formed into the ferocious spinosaurid dinosaur from 125 million years ago: Suchomimus!

---

Suchomimus (meaning "crocodile mimic") is a genus of spinosaurid dinosaur that lived between 125 and 112 million years ago in what is now Niger, during the Aptian to early Albian stages of the Early Cretaceous period. The animal was named and described by palaeontologist Paul Sereno and colleagues in 1998, based on a partial skeleton from the Erlhaz Formation. Suchomimus's long and shallow skull, similar to that of a crocodile, earns it its generic name, while the specific name Suchomimus tenerensis alludes to the locality of its first remains, the Ténéré Desert.

Suchomimus was 9.5 to 11 metres (31 to 36 feet) long and weighed between 2.5 to 5.2 tonnes (2.8 to 5.7 short tons), although the holotype specimen may not have been fully grown. Suchomimus's narrow skull was perched on a short neck, and its forelimbs were powerfully built, bearing a giant claw on each thumb. Along the midline of the animal's back ran a low dorsal sail, built from the long neural spines of its vertebrae. Like other spinosaurids, it likely had a diet of fish and small prey animals.

Some palaeontologists consider the animal to be an African species of the European spinosaurid Baryonyx, B. tenerensis. Suchomimus might also be a junior synonym of the contemporaneous spinosaurid Cristatusaurus lapparenti, although the latter taxon is based on much more fragmentary remains. Suchomimus lived in a fluvial environment of vast floodplains alongside many other dinosaurs, in addition to pterosaurs, crocodylomorphs, fish, turtles, and bivalves.

Stella: SCORCH STYLE NINJA ART: OURANOSAURUS!

Stella fired a wave of fire and it formed into the Iguanodont from 100 million years ago: Ouranosaurus.

---

Ouranosaurus is a genus of herbivorous iguanodont dinosaur that lived during the Aptian stage of the Early Cretaceous of modern-day Niger. Ouranosaurus measured about 7 to 8.3 metres (23 to 27 ft) long. Two rather complete fossils were found in the Elrhaz Formation, Gadoufaoua deposits, Agadez, Niger, in 1965 and 1970. The animal was named in 1976 by French paleontologist Philippe Taquet; the type species being Ouranosaurus nigeriensis. The name is a combination of the Arabic word for "courage" and the country of discovery, although ourane is also the Tuareg name for the desert monitor.

Becca Chang: WATER STYLE NINJA ART: TITANOBOA!

Becca fired a wave of water that formed into the Colombian giant snake from 60 million years ago: Titanoboa!

---

Titanoboa (/tiˌtɑːnoʊˈboʊə/) is an extinct genus of very large snakes that lived in what is now La Guajira in northeastern Colombia. They could grow up to 12.8 m (42 ft) long and reach a weight of 1,135 kg (2,500 lb).

Fossils of Titanoboa have been found in the Cerrejón Formation, and date to around 58 to 60 million years ago. The giant snake lived during the Middle to Late Paleocene epoch, a 10-million-year period immediately following the Cretaceous-Paleogene extinction event.

The only known species is Titanoboa cerrejonensis, the largest snake ever discovered, which supplanted the previous record holder, Gigantophis.

Syd: WATER STYLE NINJA ART: OPHTHALMOSAURUS!

Syd fired a wave of water and it formed into the Ichthyosaur from 165 million years ago: Ophthalmosaurus!

---

Ophthalmosaurus (meaning "eye lizard" in Greek) is an ichthyosaur of the Middle Jurassic period (165-160 million years ago), named for its extremely large eyes. It had a graceful 6 m (19.5 ft) long dolphin-shaped body, and its almost toothless jaw was well adapted for catching squid. Major fossil finds of this genus have been recorded in Europe and North and South America.

Girl Jordan: WATER STYLE NINJA ART: ELASMOSAURUS!

Girl Jordan fired a wave of water and it formed into the huge long-necked plesiosaurus from 80.5 million years ago: Elasmosaurus!

---

Elasmosaurus is a genus of plesiosaur that lived in North America during the Campanian stage of the Late Cretaceous period, about 80.5 million years ago. The first specimen was discovered in 1867 near Fort Wallace, Kansas, US, and was sent to the American paleontologist Edward Drinker Cope, who named it E. platyurus in 1868. The generic name means "thin-plate reptile", and the specific name means "flat-tailed". Cope originally reconstructed the skeleton of Elasmosaurus with the skull at the end of the tail, an error which was made light of by the paleontologist Othniel Charles Marsh, and became part of their "Bone Wars" rivalry. Only one incomplete Elasmosaurus skeleton is definitely known, consisting of a fragmentary skull, the spine, and the pectoral and pelvic girdles, and a single species is recognized today; other species are now considered invalid or have been moved to other genera.

Measuring 10.3 meters (34 ft) long, Elasmosaurus would have had a streamlined body with paddle-like limbs, a short tail, a small head, and an extremely long neck. The neck alone was around 7.1 meters (23 ft) long. Along with its relative Albertonectes, it was one of the longest-necked animals to have lived, with the largest number of neck vertebrae known, 72. The skull would have been slender and triangular, with large, fang-like teeth at the front, and smaller teeth towards the back. It had six teeth in each premaxilla of the upper jaw, and may have had 14 teeth in the maxilla and 19 in the dentary of the lower jaw. Most of the neck vertebrae were compressed sideways, and bore a longitudinal crest or keel along the sides.

The family Elasmosauridae was based on the genus Elasmosaurus, the first recognized member of this group of long-necked plesiosaurs. Elasmosaurids were well adapted for aquatic life, and used their flippers for swimming. Contrary to earlier depictions, their necks were not very flexible, and could not be held high above the water surface. It is unknown what their long necks were used for, but they may have had a function in feeding. Elasmosaurids probably ate small fish and marine invertebrates, seizing them with their long teeth, and may have used gastroliths (stomach stones) to help digest their food. Elasmosaurus is known from the Pierre Shale formation, which represents marine deposits from the Western Interior Seaway.

SpongeBob: WATER STYLE NINJA ART: LIOPLEURODON!

SpongeBob fired a wave of water and it formed into the ferocious marine reptile from 166 million years ago: Liopleurodon!

---

Liopleurodon (/ˌlaɪoʊˈplʊərədɒn/; meaning 'smooth-sided teeth') is a genus of large, carnivorous marine reptile belonging to the Pliosauroidea, a clade of short-necked plesiosaurs. The two species of Liopleurodon lived from the Callovian Stage of the Middle Jurassic to the Kimmeridgian stage of the Late Jurassic Period (c. 166 to 155 mya). It was the apex predator of the Middle to Late Jurassic seas that covered Europe. The largest species, L. ferox, is estimated to have grown up to 6.4 metres (21 ft) in length.

The name "Liopleurodon" (meaning "smooth-sided tooth") derives from Ancient Greek words: λεῖος leios, "smooth"; πλευρά pleurá, "side" or "rib"; and ὀδόν odṓn, "tooth".

Salar: (Arabic Accent) FIRESTORM STYLE NINJA ART:

GALLIMIMUS!

Salar fired a massive wave of fire and it formed into a herd of the ostrich-like egg-eaters from 70 million years ago: Gallimimus!

---

Gallimimus (/ˌɡælɪˈmaɪməs/ GAL-i-MY-məs) is a genus of theropod dinosaur that lived in what is now Mongolia during the Late Cretaceous period, about seventy million years ago (mya). Several fossils in various stages of growth were discovered by Polish-Mongolian expeditions in the Gobi Desert of Mongolia during the 1960s; a large skeleton discovered in this region was made the holotype specimen of the new genus and species Gallimimus bullatus in 1972. The generic name means "chicken mimic", referring to the similarities between its neck vertebrae and those of the Galliformes. The specific name is derived from bulla, a gold capsule worn by Roman youth, in reference to a bulbous structure at the base of the skull of Gallimimus. At the time it was named, the fossils of Gallimimus represented the most complete and best preserved ornithomimid ("ostrich dinosaur") material yet discovered, and the genus remains one of the best known members of the group.

Gallimimus is the largest known ornithomimid; adults were about 6 metres (20 ft) long, 1.9 metres (6 ft 3 in) tall at the hip and weighed about 440 kilograms (970 lb). As evidenced by its relative Ornithomimus, it would have had feathers. The head was small and light with large eyes that faced to the sides. The snout was long compared to other ornithomimids, although it was broader and more rounded at the tip than in other species. Gallimimus was toothless with a keratinous (horny) beak, and had a delicate lower jaw. Many of the vertebrae had openings that indicate they were pneumatic (air-filled). The neck was proportionally long in relation to the trunk. The hands were proportionally the shortest of any ornithomimosaur and each had three digits with curved claws. The forelimbs were weak while the hindlimbs were proportionally long. The family Ornithomimidae is part of the group Ornithomimosauria. Anserimimus, also from Mongolia, is thought to have been the closest relative of Gallimimus.

As an ornithomimid, Gallimimus would have been a fleet (or cursorial) animal, using its speed to escape predators; its speed has been estimated at 42-56 km/h (29-34 mph). It may have had good vision and intelligence comparable to ratite birds. Gallimimus may have lived in groups, based on the discovery of several specimens preserved in a bone bed. Various theories have been proposed regarding the diet of Gallimimus and other ornithomimids. The highly mobile neck may have helped locate small prey on the ground, but it may also have been an opportunistic omnivore. It has also been suggested that it used small columnar structures in its beak for filter-feeding in water, though these structures may instead have been ridges used for feeding on tough plant material, indicative of a herbivorous diet. Gallimimus is the most commonly found ornithomimosaur in the Nemegt Formation, where it lived alongside its relatives Anserimimus and Deinocheirus. Gallimimus was featured in the movie Jurassic Park, in a scene that was important to the history of special effects, and in shaping the common conception of dinosaurs as bird-like animals.

Andropov: (Russian Accent) ICE STYLE NINJA ART: ELASMOTHERIUM!

Andropov fired a wave of ice and it formed into the ancestral big-horned rhinoceros of the Ice Age from 2.6 million years ago: Elasmotherium!

---

Elasmotherium is an extinct genus of large rhinoceros endemic to Eurasia during the Late Pliocene through the Pleistocene, existing from 2.6 Ma to at least as late as 39,000 years ago in the Late Pleistocene. A more recent date of 26,000 BP is considered less reliable. It was the last surviving member of Elasmotheriinae, a distinctive group of rhinoceroses that had separated from the ancestry of living rhinoceroses by at least 35 million years ago according to fossils and estimated around 47.4 million years ago based on molecular clock.

Four species are recognised, which were largely confined to the

Pontic-Caspian steppe, the Caucasus and Central Asia. The best known, E. sibiricum, known as the Siberian unicorn, was the size of a mammoth and is thought to have borne a large, thick horn on its forehead. Like all rhinoceroses, elasmotheres were herbivorous. Unlike any other rhinos and any other ungulates aside from some notoungulates, its high-crowned molars were ever-growing. Its legs were longer than those of other rhinos and were adapted for galloping, giving it a horse-like gait.

Golova: (Russian Accent) ICE STYLE NINJA ART: CAVE LION!

Golova fired a wave of ice and it formed into the Ice Age lions of 500,000 years ago: Cave Lions!

---

Panthera spelaea, also known as the "Eurasian cave lion", "European cave lion", or "steppe lion", is an extinct Panthera species that evolved in Europe probably after the third Cromerian interglacial stage, less than 600,000 years ago. Phylogenetic analysis of fossil bone samples revealed that it was highly distinct and genetically isolated from the modern lion (Panthera leo) occurring in Africa and Asia. Analysis of morphological differences and mitochondrial data support the taxonomic recognition of Panthera spelaea as a distinct species that diverged from the lion about 1.9 million years ago. Nuclear genomic evidence suggests a more recent split approximately 500,000 years ago, with no subsequent interbreeding with the ancestors of the modern lion. The oldest known bone fragments were excavated in Yakutia and radiocarbon dated at least 62,400 years old. It became extinct about 13,000 years ago.

Matthias: (German Accent) FOREST STYLE NINJA ART: LEPTICTIDIUM!

Matthias fired a wave of wood and leaves and it formed into a swarm of the ancestor of the Elephant Shrew that lived 50 million years ago: Leptictidium!

---

Leptictidium (a Latinized diminutive of the name of its close relative Leptictis, which means "graceful weasel" in Ancient Greek) is an extinct genus of small mammals that were likely bipedal. Comprising eight species, they resembled today's elephant shrews. They are especially interesting for their combination of characteristics typical of primitive eutherians with highly specialized adaptations, such as powerful hind legs and a long tail which aided in locomotion. They were omnivorous, their diet a combination of insects, lizards and small mammals. One of the first branches to split from basal eutherians, they appeared in the Lower Eocene, a time of warm temperatures and high humidity, roughly fifty million years ago. Although they were widespread throughout Europe, they became extinct around thirty-five million years ago with no descendants, probably because they were adapted to live in forest ecosystems and were unable to adapt to the open plains of the Oligocene.

Eustreptospondylus (/juːˌstrɛptoʊspɒn'daɪləs/ yoo-STREPT-o-spon-DY-ləs; meaning "true Streptospondylus") is a genus of megalosaurid theropod dinosaur, from the Oxfordian stage of the Late Jurassic period (some time between 163 and 154 million years ago) in southern England, at a time when Europe was a series of scattered islands (due to tectonic movement at the time which raised the sea-bed and flooded the lowland).

Fiona: WIND STYLE NINJA ART: ORNITHOCHEIRUS!

Fiona fired a wave of wind and it formed into the ostrich-like dinosaur from 92.5 million years ago: Ornithocheirus!

---

Ornithocheirus (from Ancient Greek "ὄρνις", meaning bird, and "χεῖρ", meaning hand) is a pterosaur genus known from fragmentary fossil remains uncovered from sediments in the UK and possibly Morocco.

Several species have been referred to the genus, most of which are now considered as dubious species, or members of different genera, and the genus is now often considered to include only the type species, Ornithocheirus simus. Species have been referred to Ornithocheirus from the mid-Cretaceous period of both Europe and South America, but O. simus is known only from the UK, though a specimen referred to O. cf. simus is also known from Morocco.

Because O. simus was originally named based on poorly preserved fossil material, the genus Ornithocheirus has suffered enduring problems of zoological nomenclature.

Fossil remains of Ornithocheirus have been recovered mainly from the Cambridge Greensand of England, dating to the beginning of the Albian stage of the early Cretaceous period, about 110 million years ago. Additional fossils from the Santana Formation of Brazil are sometimes classified as species of Ornithocheirus, but have also been placed in their own genera, most notably Tropeognathus.

Becky: PHOENIX STYLE NINJA ART: COELOPHYSIS!

Becky fired a wave of fire and it formed into one of the first ever dinosaurs from 216 million years ago: Coelophysis!

---

Coelophysis (/sɛˈlɒfɪsɪs/ seh-LOF-ih-sis traditionally; /ˌsɛloʊˈfaɪsɪs/ SEL-o-FY-sis or /ˌsiːloʊˈfaɪsɪs/ SEE-lo-FY-sis are heard more commonly in recent decades) is an extinct genus of coelophysid theropod dinosaur that lived approximately 216 to 196 million years ago during the latter part of the Triassic Period in what is now the southwestern United States and also in South Africa and Zimbabwe.

Coelophysis was a small, slenderly-built, ground-dwelling, bipedal carnivore, that could grow up to 3 m (9.8 ft) long. Coelophysis is one of the earliest known dinosaur genera. Scattered material representing similar animals has been found worldwide in some Late Triassic and Early Jurassic formations.

The type species C. bauri, originally given to the genus Coelurus by Edward Drinker Cope in 1887, was described by the latter in 1889. The names Longosaurus and Rioarribasaurus are synonymous with Coelophysis. Another dinosaur genus, Megapnosaurus, has also been considered to be a synonym. This primitive theropod is notable for being one of the most specimen-rich dinosaur genera.

Inostrancevia is an extinct genus of carnivorous therapsids, containing the largest members of the family Gorgonopsidae, predators characterized by long, saber-tooth-like canines. The various species inhabited northern Russia during the Upper Tatarian

Muttaburrasaurus was a genus of herbivorous ornithopod dinosaur, which lived in what is now northeastern Australia sometime between 105 and 103 million years ago during the early Cretaceous Period. It has been recovered in some analyses as a member of the iguanodontian family Rhabdodontidae. After Kunbarrasaurus, it is Australia's most completely known dinosaur from skeletal remains. It was named after Muttaburra, the site in Queensland, Australia, where it was found.

Paige: PHOENIX STYLE NINJA ART: CRYOLOPHOSAURUS!

Paige fired a wave of fire and it formed into the Antarctic dinosaur from 193 million years ago: Cryolophosaurus!

Cryolophosaurus (/ˌkraɪoʊˌloʊfoʊ'sɔːrəs/ or /kraɪˌɒloʊfoʊ'sɔːrəs/; "CRY-oh-loaf-oh-SAWR-us") is a genus of large theropods known from only a single species Cryolophosaurus ellioti, known from the early Jurassic period of Antarctica. It was about 6.5 metres (21.3 ft) long and 465 kilograms (1,025 lb) in weight, making it one of the largest theropods of its time. Individuals of this species may have grown even larger, because the only known specimen probably represents a sub-adult. Cryolophosaurus is known from a skull, a femur and other material, the skull and femur of which have caused its classification to vary greatly. The femur possesses many primitive characteristics that have classified Cryolophosaurus as a dilophosaurid or a neotheropod outside of Dilophosauridae and Averostra, whereas the skull has many advanced features, leading the genus to be considered a tetanuran, an abelisaurid, a ceratosaur and even an allosaurid. Since its original description, the consensus is that Cryolophosaurus is either a primitive member of the Tetanurae or a close relative of that group.

Cryolophosaurus possessed a distinctive "pompadour" crest that spanned the head from side to side. Based on evidence from related species and studies of bone texture, it is thought that this bizarre crest was used for intra-species recognition. The brain of Cryolophosaurus was also more primitive than those of other theropods.

Cryolophosaurus was first excavated from Antarctica's Early Jurassic, Sinemurian to Pliensbachian aged Hanson Formation, formerly the upper Falla Formation, by paleontologist Dr. William Hammer in 1991. It was the first carnivorous dinosaur to be discovered in Antarctica and the first non-avian dinosaur from the continent to be officially named. The sediments in which its fossils were found have been dated at ~194 to 188 million years ago, representing the Early Jurassic Period.

Lateefa: (Arabic Accent) DESERT STYLE NINJA ART: VELOCIRAPTORS!

Lateefa fired a wave of sand and it formed into the deadly carnivorous dinosaurs from 78 million years ago: Velociraptor!

---

Velociraptor (/vɪˈlɒsɪræptər/; meaning "swift seizer" in Latin) is a genus of dromaeosaurid theropod dinosaur that lived approximately 75 to 71 million years ago during the latter part of the Cretaceous Period. Two species are currently recognized, although others have been assigned in the past. The type species is V. mongoliensis; fossils of this species have been discovered in Mongolia. A second species, V. osmolskae, was named in 2008 for skull material from

Inner Mongolia, China.

Smaller than other dromaeosaurids like Deinonychus and Achillobator, Velociraptor nevertheless shared many of the same anatomical features. It was a bipedal, feathered carnivore with a long tail and an enlarged sickle-shaped claw on each hindfoot, which is thought to have been used to tackle and disembowel prey. Velociraptor can be distinguished from other dromaeosaurids by its long and low skull, with an upturned snout.

Velociraptor (commonly shortened to "raptor") is one of the dinosaur genera most familiar to the general public due to its prominent role in the Jurassic Park motion picture series. In real life, however, Velociraptor was roughly the size of a turkey, considerably smaller than the approximately 2 m (6 1⁄2 ft) tall and 80 kg (180 lb) reptiles seen in the films (which were based on members of the related genus Deinonychus). Today, Velociraptor is well known to paleontologists, with over a dozen described fossil skeletons, the most of any dromaeosaurid. One particularly famous specimen preserves a Velociraptor locked in combat with a Protoceratops.

Nataša fired a wave of earth and it formed into the state dinosaurs of Utah from 139 million years ago: Utahraptor!

Utahraptor (meaning Utah's predator) is a genus of large dromaeosaurid dinosaur that lived in North America during the Early Cretaceous period. It was a heavy-built, ground-dwelling, bipedal carnivore. It contains a single species, Utahraptor ostrommaysi, which is the largest-known member of the family Dromaeosauridae.

In 2018, it was proposed that Utahraptor be the Utah state dinosaur, an act that was approved by the Senate. Initially Utahraptor would have replaced another dinosaur, Allosaurus, as the state's official fossil, but it was decided that Utahraptor would be another symbol of the state.

Suwailim: (Egyptian Accent) DESERT STYLE NINJA ART: PROTOCERATOPS!

Suwailim fired a wave of sand and it formed into the Ceratopsian from 75 million years ago: Protoceratops.

---

Protoceratops (/ˌproʊtoʊ'sɛrətɒps/; from Greek proto-/πρωτο- "first", cerat-/κεραт- "horn" and -ops/-ωψ "face", meaning "first horned face") is a genus of sheep-sized (1.8 m long) herbivorous ceratopsian dinosaur, from the Upper Cretaceous Period (Campanian stage) of what is now Mongolia. It was a member of the Protoceratopsidae, a group of early horned dinosaurs. Unlike later ceratopsians, however, it was a much smaller creature that lacked well-developed horns and retained some basal traits not seen in later genera.

Protoceratops had a large neck frill which was likely used as a display site to impress other members of the species. Other hypotheses about its function include protection of the neck and anchoring of jaw muscles, but the fragility of the frill and the poor leverage offered by possible attachment sites here makes these ideas implausible. Described by Walter W. Granger and W.K. Gregory in 1923, Protoceratops was initially believed to be an ancestor of the North American ceratopsians. Researchers currently distinguish two species of Protoceratops (P. andrewsi and P. hellenikorhinus), based in part by their respective sizes.

In the 1920s, Roy Chapman Andrews discovered fossilized eggs in Mongolia that were interpreted as belonging to this dinosaur, but which turned out to be those of Oviraptor. However, it wouldn't be until 2011 that a genuine Protoceratops nest was discovered, with the remains of the neonates inside suggesting parental care in this dinosaur.

Woya: WIND STYLE NINJA ART: PTERANODON!

Woya fired a wave of wind and it formed into the famous pterosaur from 86 million years ago: Pteranodon!

---

Pteranodon (/tɪˈrænədɒn/; from Greek πτερὀν (pteron, "wing") and ἀνὀδων (anodon, "toothless")) is a genus of pterosaur that included some of the largest known flying reptiles, with wingspans over 7 meters (23 feet). They lived during the late Cretaceous geological period of North America in present-day Kansas, Alabama, Nebraska, Wyoming, and South Dakota. More fossil specimens of Pteranodon have been found than any other pterosaur, with about 1,200 specimens known to science, many of them well preserved with nearly complete skulls and articulated skeletons. It was an important part of the animal community in the Western Interior Seaway.

Pteranodon was a pterosaur, meaning that it is not a dinosaur. By definition, all dinosaurs belong to one of the two groups within Dinosauria, i.e. Saurischia or Ornithischia. As such, this excludes pterosaurs. Nonetheless, Pteranodon is frequently featured in dinosaur media and are strongly associated with dinosaurs by the general public. While not dinosaurs, pterosaurs such as Pteranodon form a clade closely related to dinosaurs as both fall within the clade Avemetatarsalia.

Argentavis magnificens was among the largest flying birds ever to exist, quite possibly surpassed in wingspan only by Pelagornis sandersi, which was described in 2014. Edwayl: WATER STYLE NINJA ART: BASILOSAURUS!

Edwayl fired a wave of water and it formed into the one of the first whales of the Eocene epoch from 41.3 million years ago: Basilosaurus!

---

Basilosaurus (meaning "king lizard") is a genus of large, predatory, prehistoric archaeocete whale from the late Eocene, approximately 41.3 to 33.9 million years ago (mya). First described in 1834, it was the first archaeocete and prehistoric whale known to science. The first fossils were discovered along the Gulf Coast of the United States, along with a few fossils in the eastern U.S., attributed to the type species B. cetoides. They were originally thought to be of a giant reptile, hence the suffix "-saurus", Ancient Greek for "lizard". The animal was later found to be an early marine mammal, which prompted attempts at renaming the creature, which failed as zoological nomenclature dictates using the original name given. Fossils were later found of the second species, B. isis, in 1904 in North Africa, more specifically the countries of Egypt, Jordan, Tunisia and Morocco. Basilosaurus has a possible record in Seymour Island in Antarctica.

Basilosaurus is considered to have been common in the Tethys sea. It was one of the largest, if not the largest, animals of the Paleogene. It was the top predator of its environment, preying on sharks, large fish and other marine mammals, namely the dolphin-like Dorudon, which seems to have been their predominant food source.

Basilosaurus was at one point a wastebasket taxon, before the genus slowly started getting reevaluated, with many species of different Eocene cetacean being assigned to the genus in the past, however they are invalid or have been reclassified under a new or different genus, leaving only 2 confirmed species. Basilosaurus may have been one of the first fully aquatic cetaceans (sometimes referred to as the pelagiceti). Basilosaurus, unlike modern cetaceans, had various types of teeth-such as canines and molars-in its mouth (heterodonty), and it probably was able to chew its food in contrast to modern cetaceans which swallow their food whole.

Rusty: DESERT STYLE NINJA ART: PARACERATHERIUM!

Rusty fired a wave of sand and it formed into the one of the ancestral rhinoceroses from 34 million years ago: Paraceratherium!

---

Paraceratherium is an extinct genus of hornless rhinoceros. It is one of the largest terrestrial mammals that has existed and lived from the early to late Oligocene epoch (34-23 million years ago). Its remains have been found across Eurasia between China and the Balkans. It is classified as a member of the hyracodont subfamily Indricotheriinae. Paraceratherium means "near the hornless beast", in reference to Aceratherium, the genus in which the type species A. bugtiense was originally placed.

The exact size of Paraceratherium is unknown because of the incompleteness of the fossils. The shoulder height was about 4.8 metres (15.7 feet), and the length about 7.4 metres (24.3 feet). Its weight is estimated to have been about 15 to 20 tonnes (33,000 to 44,000 lb). The long neck supported a skull that was about 1.3 metres (4.3 ft) long. It had large, tusk-like incisors and a nasal incision that suggests it had a prehensile upper lip or proboscis (trunk). The legs were long and pillar-like. The lifestyle of Paraceratherium may have been similar to that of modern large mammals such as the elephants and extant rhinoceroses. Because of its size, it would have had few predators and a slow rate of reproduction. It was a browser, eating mainly leaves, soft plants, and shrubs. It lived in habitats ranging from arid deserts with a few scattered trees to subtropical forests. The reasons for the animal's extinction are unknown, but various factors have been proposed.

The taxonomy of the genus and the species within has a long and complicated history. Other genera of Oligocene indricotheres, such as Baluchitherium, Indricotherium, and Pristinotherium, have been named, but no complete specimens exist, making comparison and classification difficult. Most modern scientists consider these genera to be junior synonyms of Paraceratherium, and it is thought to contain at least three discernible species; P. bugtiense, P. transouralicum, and P. huangheense. The most completely-known species is P. transouralicum, so most reconstructions of the genus are based on it. Differences between P. bugtiense and P. transouralicum may be due to sexual dimorphism, which would make them the same species.

Entelodon (meaning "complete teeth", from Ancient Greek ἐντελής entelēs "complete" and ὀδών odōn "tooth", referring to its "complete" eutherian dentition), is an extinct genus of entelodont artiodactyl endemic to Eurasia. Fossils of species are found in Paleogene strata ranging in age from the Houldjinian (37.2-33.9 mya) until the Rupelian epoch of the early Oligocene (33.9-28.4 mya).

Liam fired a wave of sand and leaves and it formed into the ancestors of the hyena from 42 million years ago: Hyaenodon!

Hyaenodon ("hyena-tooth") is the type genus of the Hyaenodontidae, a family of extinct carnivorous fossil mammals from Eurasia, North America, and Africa, with species existing temporally from the Eocene until the middle Miocene, existing for about 26.1 million years.

The various species of Hyaenodon competed with each other and with other hyaenodont genera (including Sinopa, Dissopsalis, and Hyainailurus), and played important roles as predators in ecological communities as late as the Miocene in Africa and Asia and preyed on a variety of prey species such as primitive horses like Mesohippus and early camels. Species of Hyaenodon have been shown to have successfully preyed on other large carnivores of their time, including a nimravid ("false sabertooth cat"), according to analysis of tooth puncture marks on a fossil Dinictis skull found in North Dakota.

Mollie: LIGHTNING STYLE NINJA ART: GIGANOTOSAURUS!

---

Giganotosaurus (/ˌdʒaɪɡəˌnoʊtəˈsɔːrəs/ JY-gə-NOH-tə-SOR-əs) is a genus of theropod dinosaur that lived in what is now Argentina, during the early Cenomanian age of the Late Cretaceous period, approximately 98 to 97 million years ago. The holotype specimen was discovered in the Candeleros Formation of Patagonia in 1993, and is almost 70% complete. The animal was named

Giganotosaurus carolinii in 1995; the genus name translates as "giant southern lizard" and the specific name honors the discoverer, Rubén D. Carolini. A dentary bone, a tooth and some tracks, discovered before the holotype, were later assigned to this animal. The genus attracted much interest and became part of a scientific debate about the maximum sizes of theropod dinosaurs.

Giganotosaurus was one of the largest known terrestrial carnivores, but the exact size has been hard to determine due to the incompleteness of the remains found so far. Estimates for the most complete specimen range from a length of 12 to 13 m (39 to 43 ft), a skull 1.53 to 1.80 m (5.0 to 5.9 ft) in length, and a weight of 4.2 to 13.8 t (4.6 to 15.2 short tons). The dentary bone that belonged to a supposedly larger individual has been used to extrapolate a length of 13.2 m (43 ft). Some researchers have found the animal to be larger than Tyrannosaurus, which has historically been considered the largest theropod, while others have found them to be roughly equal in size, and the largest size estimates for Giganotosaurus exaggerated. The skull was low, with rugose (rough and wrinkled) nasal bones and a ridge-like crest on the lacrimal bone in front of the eye. The front of the lower jaw was flattened, and had a downwards projecting process (or "chin") at the tip. The teeth were compressed sideways and had serrations. The neck was strong and the pectoral girdle proportionally small.

Part of the family Carcharodontosauridae, Giganotosaurus is one of the most completely known members of the group, which includes other very large theropods, such as the closely related Mapusaurus and Carcharodontosaurus. Giganotosaurus is thought to have been homeothermic (a type of "warm-bloodedness"), with a metabolism between that of a mammal and a reptile, which would have enabled fast growth. It may have been relatively fast moving, with a calculated maximal running speed of 14 m/s (50 km/h; 31 mph). It would have been capable of closing its jaws quickly, capturing and bringing down prey by delivering powerful bites. The "chin" may have helped in resisting stress when a bite was delivered against prey. Giganotosaurus is thought to have been the apex predator of its ecosystem, and it may have fed on juvenile sauropod dinosaurs.

Luan: JUNGLE STYLE NINJA ART: GIGANTOPITHECUS!

Luan fired a wave of leaves and grass and it formed into one of the first apes from 2 million to 300,000 years ago: Gigantopithecus!

---

Gigantopithecus is an extinct genus of ape from the Early to Middle Pleistocene of southern China, represented by one species, G. blacki. Potential identifications have also been made in Thailand, Vietnam, and Indonesia. The first remains of Gigantopithecus, two third molar teeth, were identified in a drugstore by anthropologist Ralph von Koenigswald in 1935, who subsequently described the ape. In 1956, the first mandible and over 1,000 teeth were found in Liucheng, and numerous more remains have since been found in at least 16 sites. Only teeth and 4 mandibles are known currently, and other skeletal elements were likely consumed by porcupines before they could fossilise. Gigantopithecus was once argued to be a hominin, a member of the human line, but it is now thought to be closely allied with orangutans, classified in the subfamily Ponginae.

Gigantopithecus has traditionally been restored as a massive, gorilla-like ape, potentially 200-300 kg (440-660 lb) when alive, but the paucity of remains make total size estimates highly speculative. The species may have been sexually dimorphic, with males much bigger than females. The incisors are reduced and the canines appear to have functioned like cheek teeth (premolars and molars). The premolars are high-crowned, and the fourth premolar is very molar-like. The molars are the largest of any known ape, and have a relatively flat surface. Gigantopithecus had the thickest enamel by absolute measure of any ape, up to 6 mm (a quarter of an inch) in some areas, though was only fairly thick when tooth size is taken into account.

Gigantopithecus appears to have been a generalist herbivore of C3 forest plants, with the jaw adapted to grinding, crushing, and cutting through tough, fibrous plants; and the thick enamel functioning to resist foods with abrasive particles such as stems, roots, and tubers with dirt. Some teeth bear traces of fig family fruits. It primarily lived in subtropical to tropical forest, and went extinct about 300,000 years ago likely due to climate change and the retreat of preferred habitat, and potentially archaic human activity by Homo erectus. Gigantopithecus has become popular in cryptozoology circles as the identity of the Tibetan yeti or the American bigfoot, humanlike monsters in local folklore.

Fletcher: (Scottish Accent) ICE STYLE NINJA ART: DIRE WOLVES!

Fletcher fired a wave of ice and it formed into a pack of the first wolves from 125,000 to 9,500 years ago: the Dire Wolves!

---

The dire wolf (Canis dirus, "fearsome dog") is an extinct species of the genus Canis. It is one of the most famous prehistoric carnivores in North America, along with its extinct competitor, the sabre-toothed cat Smilodon fatalis. The dire wolf lived in the Americas during the Late Pleistocene and Early Holocene epochs (125,000-9,500 years ago). The species was named in 1858, four years after the first specimen had been found. Two subspecies are recognized: Canis dirus guildayi and Canis dirus dirus. The dire wolf probably evolved from Armbruster's wolf (Canis armbrusteri) in North America. The largest collection of its fossils has been obtained from the Rancho La Brea Tar Pits in Los Angeles.

Dire wolf remains have been found across a broad range of habitats including the plains, grasslands, and some forested mountain areas of North America, and in the arid savannah of South America. The sites range in elevation from sea level to 2,255 meters (7,400 ft). Dire wolf fossils have rarely been found north of 42°N latitude; there have been only five unconfirmed reports above this latitude. This range restriction is thought to be due to temperature, prey, or habitat limitations imposed by proximity to the Laurentide and Cordilleran ice sheets that existed at the time.

The dire wolf was about the same size as the largest modern gray wolves (Canis lupus): the Yukon wolf and the northwestern wolf. C. d. guildayi weighed on average 60 kilograms (132 lb) and C. d. dirus was on average 68 kg (150 lb). Its skull and dentition matched those of C. lupus, but its teeth were larger with greater shearing ability, and its bite force at the canine tooth was the strongest of any known Canis species. These characteristics are thought to be adaptations for preying on Late Pleistocene megaherbivores, and in North America its prey are known to have included horses, ground sloths, mastodons, bison, and camels. As with other large Canis hypercarnivores today, the dire wolf is thought to have been a pack hunter. Its extinction occurred during the Quaternary extinction event along with most of the American megafauna of the time, including a number of other carnivores, that occurred soon after the appearance of humans in the New World. Its reliance on megaherbivores has been proposed as the cause of its extinction, along with climate change and competition with other species, but the cause remains controversial. Dire wolves lived as recently as 9,500 years ago, according to dated remains.

Alex fired a wave of fire and it formed into the largest dinosaur that ever lived from 96.2 million years ago: Argentinosaurus!

---

Argentinosaurus is a genus of giant sauropod dinosaur that lived during the Late Cretaceous period in what is now Argentina.

Although it is only known from fragmentary remains, Argentinosaurus is one of the largest-known land animals of all time, if not the largest, with length estimates ranging from 30 to 39.7 metres (98 to 130 ft) and weight estimates from 50 to 100 tonnes (55 to 110 short tons). It was a member of Titanosauria, the dominant group of sauropods during the Cretaceous.

The first Argentinosaurus bone was discovered in 1987 by a farmer on his farm near the city of Plaza Huincul. A scientific excavation of the site led by the Argentine palaeontologist José Bonaparte was conducted in 1989, yielding several back vertebrae and parts of a sacrum-fused vertebrae between the back and tail vertebrae. Additional specimens include a complete femur (thigh bone) and the shaft of another. Argentinosaurus was named by Bonaparte and the Argentine palaeontologist Rodolfo Coria in 1993; it contains a single species, A. huinculensis. The generic name Argentinosaurus means "Argentine lizard", and the specific name huinculensis refers to its place of discovery, Plaza Huincul.

The fragmentary nature of Argentinosaurus remains makes their interpretation difficult. Arguments revolve around the position of the recovered vertebrae within the vertebral column and the presence of accessory articulations between the vertebrae that would have strengthened the spine. A computer model of the skeleton and muscles estimated this dinosaur had a maximum speed of 7 km/h (5 mph) with a pace, a gait where the fore and hind limb of the same side of the body move simultaneously. The fossils of Argentinosaurus were recovered from the Huincul Formation, which was deposited in the middle Cenomanian to early Turonian ages (around 96 to 92 million years ago) and contains a diverse dinosaur fauna including the giant theropod Mapusaurus.

---

Megatherium (/mɛɡəˈθɪəriəm/ meg-ə-THEER-ee-əm from the Greek mega [μέγας], meaning "great", and therion [θηρίον], "beast") is an extinct genus of ground sloths endemic to South America that lived from the Early Pliocene through the end of the Pleistocene. It is best known for the elephant-sized type species M. americanum, sometimes called the giant ground sloth, or the megathere, native to the Pampas through southern Bolivia during the Pleistocene. Various other smaller species belonging to the subgenus Pseudomegatherium are known from the Andes. Megatherium is part of the sloth family Megatheriidae, which also includes the similarly elephantine Eremotherium, which was native to tropical South America and southern North America. Only a few other land mammals equaled or exceeded M. americanum in size, such as large proboscideans (e.g., elephants) and the giant rhinoceros Paraceratherium. Megatherium was first discovered in 1788 on the bank of the Luján River in Argentina. The holotype specimen was then shipped to Spain the following year wherein it caught the attention of the esteemed paleontologist Georges Cuvier, who was the first to determine, by means of comparative anatomy, that Megatherium was a sloth. Megatherium became extinct around 12,000 years ago during the Quaternary extinction event, which also claimed most other large mammals in the New World. The extinction coincides with the settlement of the Americas, and a kill site where a M. americanum was slaughtered and butchered is known, suggesting that hunting could have caused its extinction.

Lang punched the ground and a bunch of bamboo grew in seconds and they formed into the ancestor of the Giant Panda from 2 million years ago - the Dwarf Panda!

---

Ailuropoda microta is the earliest known ancestor of the giant panda. It measured 1 m (3 ft) in length; the modern giant panda grows to a size in excess of 1.5 m (5 ft). Wear patterns on its teeth suggest it lived on a diet of bamboo, the primary food of the giant panda. The first discovered skull of the animal in a south China limestone cave is estimated to be 2 million years old. The skull found is about half the size of a modern-day giant panda, but is anatomically very similar. This research suggests that the giant panda has evolved for more than 3 million years as a completely separate lineage from that of other bears.

Brock: EARTH STYLE NINJA ART: DOEDICURUS!

Brock fired a wave of earth and it formed into the ancestral armadillo from 2 million to 7,000 years ago: DOEDICURUS!

---

Doedicurus, or Dædicurus, is an extinct genus of glyptodont from South America containing one species, D. clavicaudatus. Glyptodonts are a member of the family Chlamyphoridae, which also includes some modern armadillo species, and they are classified in the order Xenarthra alongside sloths and anteaters. Being a glyptodont, it was a rotund animal with heavy armor and a carapace. Averaging at an approximate 1,400 kg (3,100 lb), it was one of the largest glyptodonts to have ever lived. Though glyptodonts were quadrupeds, large ones like Doedicurus may have been able to stand on two legs like other xenarthrans. It notably sported a spiked tail club, which may have weighed 40 or 65 kg (88 or 143 lb) in life, and it may have swung this in defense against predators or in fights with other Doedicurus at speeds of perhaps 11 m/s (40 km/h; 25 mph).

Doedicurus was likely a grazer, but its teeth and mouth, like those of other glyptodonts, seem unable to have chewed grass effectively, which may indicate a slow metabolism. Doedicurus existed during the Pleistocene. Before this, South America had been isolated from the rest of the world, but the formation of the Isthmus of Panama allowed North American fauna to invade South America in the Great American Interchange, including big cats, bears, elephants, camels, and horses. Doedicurus seems to have inhabited the relatively cold and humid Chaco-Pampean plains of northeastern Patagonia. It may have been the latest-surviving glyptodont, with remains suggested to date to 8,000-7,000 years ago during the middle Holocene, though these dates have been questioned. It may have gone extinct due to some combination of human hunting and climate change.

Nora: (Spanish Accent) JUNGLE STYLE NINJA ART: CARNOTAURUS!

Nora fired a wave of grass and leaves and it formed into the ferocious theropod from 72 million years ago: Carnotaurus!

Carnotaurus /ˌkɑːrnoʊˈtɔːrəs/ is a genus of large theropod dinosaur that lived in South America during the Late Cretaceous period, between about 72 and 69.9 million years ago. The only species is Carnotaurus sastrei. Known from a single well-preserved skeleton, it is one of the best-understood theropods from the Southern Hemisphere. The skeleton, found in 1984, was uncovered in the Chubut Province of Argentina from rocks of the La Colonia Formation. Carnotaurus is a derived member of the Abelisauridae, a group of large theropods that occupied the large predatorial niche in the southern landmasses of Gondwana during the late Cretaceous. The phylogenetic relations of Carnotaurus are uncertain; it might have been closer to either Majungasaurus or Aucasaurus.

Carnotaurus was a lightly built, bipedal predator, measuring 7.5 to 9 m (24.6 to 29.5 ft) in length and weighing at least 1.35 metric tons (1.33 long tons; 1.49 short tons). As a theropod, Carnotaurus was highly specialized and distinctive. It had thick horns above the eyes, a feature unseen in all other carnivorous dinosaurs, and a very deep skull sitting on a muscular neck. Carnotaurus was further characterized by small, vestigial forelimbs and long, slender hindlimbs. The skeleton is preserved with extensive skin impressions, showing a mosaic of small, non-overlapping scales approximately 5 mm in diameter. The mosaic was interrupted by large bumps that lined the sides of the animal, and there are no hints of feathers.

The distinctive horns and the muscular neck may have been used in fighting conspecifics. According to separate studies, rivaling individuals may have combated each other with quick head blows, by slow pushes with the upper sides of their skulls, or by ramming each other head-on, using their horns as shock absorbers. The feeding habits of Carnotaurus remain unclear: some studies suggest the animal was able to hunt down very large prey such as sauropods, while other studies find it preyed mainly on relatively small animals. Carnotaurus was well adapted for running and was possibly one of the fastest large theropods.

Timmy Turner: EARTH STYLE NINJA ART: DIMETRODON!

---

Dimetrodon (/daɪˈmiːtrədɒn/ (About this soundlisten) or /daɪˈmɛtrədɒn/, meaning "two measures of teeth") is an extinct genus of non-mammalian synapsid that lived during the Cisuralian (Early Permian), around 295-272 million years ago (Ma). It is a member of the family Sphenacodontidae. The most prominent feature of Dimetrodon is the large neural spine sail on its back formed by elongated spines extending from the vertebrae. It walked on four legs and had a tall, curved skull with large teeth of different sizes set along the jaws. Most fossils have been found in the southwestern United States, the majority coming from a geological deposit called the Red Beds of Texas and Oklahoma. More recently, fossils have been found in Germany. Over a dozen species have been named since the genus was first erected in 1878.

Dimetrodon is often mistaken for a dinosaur or as a contemporary of dinosaurs in popular culture, but it became extinct some 40 million years before the first appearance of dinosaurs. Reptile-like in appearance and physiology, Dimetrodon is nevertheless more closely related to mammals than to modern reptiles, though it is not a direct ancestor of mammals. Dimetrodon is assigned to the "non-mammalian synapsids", a group traditionally called "mammal-like reptiles". This groups Dimetrodon together with mammals in a clade (evolutionary group) called Synapsida, while placing dinosaurs, reptiles and birds in a separate clade, Sauropsida. Single openings in the skull behind each eye, known as temporal fenestrae, and other skull features distinguish Dimetrodon and mammals from most of the earliest sauropsids.

Dimetrodon was probably one of the apex predators of the Cisuralian ecosystems, feeding on fish and tetrapods, including reptiles and amphibians. Smaller Dimetrodon species may have had different ecological roles. The sail of Dimetrodon may have been used to stabilize its spine or to heat and cool its body as a form of thermoregulation. Some recent studies[citation needed] argue that the sail would have been ineffective at removing heat from the body due to large species being discovered with small sails and small species being discovered with large sails, essentially ruling out heat regulation as its main purpose. The sail was most likely used in courtship display with methods such as threatening rivals or showing off to potential mates.

Nantan: WIND STYLE NINJA ART: AUSTRALOPITHECUS AFARENSIS!

Nantan fired a wave of wind and it formed into one of our human ancestors on our evolutionary chain from 3 million years ago: Australopithecus Afarensis!

---

Australopithecus afarensis is an extinct species of australopithecine which lived from about 3.9-2.9 million years ago (mya) in the Pliocene of East Africa. The first fossils were discovered in the

1930s, but major fossil finds would not be discovered until the 1970s. In the 1972-1977 expedition in Hadar, Ethiopia, the International Afar Research Expedition led by anthropologists Maurice Taieb, Donald Johanson, and Yves Coppens unearthed several hundreds of hominin specimens, the most significant being the exceedingly well-preserved skeleton AL 288-1 ("Lucy") and the site AL 333 ("the First Family"). Beginning in 1974, Mary Leakey led an expedition into Laetoli, Tanzania, and recovered notably fossil trackways. In 1978, the species was first described, but this was followed by arguments for splitting the wealth of specimens into different species given the wide range of variation which had been attributed to sexual dimorphism (normal differences between males and females). A. afarensis probably descended from A. anamensis and possibly gave rise to Homo, though the latter hypothesis is not without dissent.

A. afarensis had a tall face, a delicate brow ridge, and prognathism (the jaw jutted outwards). The jawbone was quite robust, similar to that of gorillas. The living size of A. afarensis is debated, with arguments for and against marked size differences between males and females. Lucy measured perhaps 105 cm (3 ft 5 in) in height and 25-37 kg (55-82 lb), but she was rather small for her species. In contrast, a presumed male was estimated at 165 cm (5 ft 5 in) and 45 kg (99 lb). A perceived difference in male and female size may simply be sampling bias. The leg bones as well as the Laetoli fossil trackways suggest A. afarensis was a competent biped, though somewhat less efficient at walking than humans. The arm and shoulder bones have some similar aspects to those of orangutans and gorillas, which has variously been interpreted as either evidence of partial tree-dwelling (arboreality), or basal traits inherited from the human-chimp last common ancestor with no adaptive functionality.

A. afarensis was probably a generalist omnivore of both C3 forest plants and C4 CAM savanna plants-and perhaps creatures which ate such plants-and was able to exploit a variety of different food sources. Similarly, A. afarensis appears to have inhabited a wide range of habitats with no real preference, inhabiting open grasslands or woodlands, shrublands, and lake- or riverside forests. Potential evidence of stone tool use would indicate meat was also a dietary component. Marked sexual dimorphism in primates typically

corresponds to a polygynous society and low dimorphism monogamy, but the group dynamics of early hominins is difficult to predict with accuracy. Early hominins may have fallen prey to the large carnivores of the time, such as big cats and hyenas.

Ronnie Anne fired a wave of leaves and grass and it formed into the famous sauropod from 154 million years ago: Brachiosaurus!

---

Brachiosaurus (/ˌbrækiəˈsɔːrəs/) is a genus of sauropod dinosaur that lived in North America during the Late Jurassic, about 154-153 million years ago. It was first described by American paleontologist Elmer S. Riggs in 1903 from fossils found in the Colorado River valley in western Colorado, United States. Riggs named the dinosaur Brachiosaurus altithorax; the generic name is Greek for "arm lizard", in reference to its proportionately long arms, and the specific name means "deep chest". Brachiosaurus is estimated to have been between 18 and 21 meters (59 and 69 ft) long; weight estimates range from 28.3 to 58 metric tons (31.2 and 64 short tons). It had a disproportionately long neck, small skull, and large overall size, all of which are typical for sauropods. Atypically, Brachiosaurus had longer forelimbs than hindlimbs, which resulted in a steeply inclined trunk, and a proportionally shorter tail.

Brachiosaurus is the namesake genus of the family Brachiosauridae, which includes a handful of other similar sauropods. Most popular depictions of Brachiosaurus are in fact based on Giraffatitan, a genus of brachiosaurid dinosaur from the Tendaguru Formation of Tanzania. Giraffatitan was originally described by German paleontologist Werner Janensch in 1914 as a species of Brachiosaurus, B. brancai, but moved to its own genus in 2009. Three other species of Brachiosaurus have been named based on fossils found in Africa and Europe; two are no longer considered valid, and a third has become a separate genus, Lusotitan.

The type specimen of B. altithorax is still the most complete specimen, and only a few other specimens are thought to belong to the genus, making it one of the rarer sauropods of the Morrison Formation. It is regarded as a high browser, possibly cropping or nipping vegetation as high as 9 meters (30 ft) off the ground. Unlike other sauropods, it was unsuited for rearing on its hindlimbs. It has been used as an example of a dinosaur that was most likely ectothermic because of its large size and the corresponding need for sufficient forage, but more recent research suggests it was warm-blooded. Among the most iconic and initially thought to be one of the largest dinosaurs, Brachiosaurus has appeared in popular culture, notably in the 1993 film Jurassic Park.

Anthropornis is a genus of giant penguin that lived 45-33 million years ago, during the Late Eocene and the earliest part of the Oligocene.[1] It reached 1.8 m (5 ft 11 in) in height and 90 kg (200 lb) in weight. Fossils of it have been found in the La Meseta Formation on Seymour Island off the coast of Antarctica and in New Zealand. By comparison, the largest modern penguin species, the emperor penguin, is just 1.2 m (3 ft 11 in) tall.

The type species, Anthropornis nordenskjoldi, had a bent joint in the wing, probably a carryover from flying ancestors.

Eloá: (Brazilian Accent) JUNGLE STYLE NINJA ART: GASTORNIS!

Eloá fired a wave of leaves and grass and it formed into the terror bird of 56 million years ago: Gastornis!

---

Gastornis is an extinct genus of large flightless birds that lived during the late Paleocene and Eocene epochs of the Cenozoic era. The genus is currently thought to contain three or four distinct species, known from incomplete fossil remains, found in western-central Europe (England, Belgium, France and Germany). More complete specimens are known from a fourth, North American species, which had previously been classified in the distinct genus Diatryma. Many scientists now consider Diatryma to be so similar to the other species of Gastornis that it should also be included in that genus. A fifth species, also previously classified in its own genus, is known from China.

Gastornis species were very large birds, and have traditionally been considered to be predators of small mammals. However, several lines of evidence, including the lack of hooked claws in known Gastornis footprints and studies of their beak structure have caused scientists to reinterpret these birds as herbivores that probably fed on tough plant material and seeds.

Haiku: DARK STYLE NINJA ART: TITANIS TERROR BIRD!

Haiku fired a wave of darkness and it formed into the ferocious giant terror bird of 5 million years ago: Titanis!

---

Titanis is an extinct genus of giant flightless terror birds that inhabited North America during the early Pliocene to early Pleistocene epochs. The generic name, Titanis, refers to the titans, Ancient Greek gods that preceded the Twelve Olympians, in allusion to the bird's size. The specific name, T. walleri, honors the holotype's collector, Benjamin I. Waller, an avocational underwater archaeologist. Titanis was thought to be carnivorous and most likely preyed on the many small mammals of the time period. This giant flightless bird was one of the most efficient predators of its time in North America.

caronycteris is an extinct genus of microchiropteran (echolocating) bat that lived in the early Eocene, approximately 52.2 million years ago, making it the earliest known definitive bat. Four exceptionally preserved specimens, among the best preserved bat fossils, are known from the Green River Formation of North America. There is only one thoroughly described species of bat in the genus, I. index, although fragmentary material from France has also been tentatively placed within Icaronycteris as the second species I. menui. I. sigei is based on well-preserved fragments of dentaries and lower teeth found in Western India.

Lola: FIRESTORM STYLE NINJA ART: BAJADASAURUS!

Lola fired a wave of fire and it formed into the newly discovered dinosaurs from 140 million years ago: Bajadasaurus!

---

Bajadasaurus is a genus of sauropod dinosaur from the Early Cretaceous epoch (late Berriasian to Valanginian stages) of northern Patagonia, Argentina. It was first described in 2019 based on a single specimen found in 2010 that includes a largely complete skull and parts of the neck. The only species is Bajadasaurus pronuspinax. The genus is classified as a member of the Dicraeosauridae, a group of comparatively small and short-necked

sauropods that lived from the Early or Middle Jurassic to the end of the Early Cretaceous.

Bajadasaurus sported bifurcated, extremely elongated neural spines extending from the neck vertebrae. Similar elongated spines are known from the closely related and more completely known Amargasaurus. Various possible functions have been proposed for these spines in Amargasaurus, with the 2019 description of Bajadasaurus suggesting that they could have served as passive defense against predators in both genera. The skull was gracile and equipped with around 44 teeth that were pencil-shaped and restricted to the front of the jaws. The eye openings of Bajadasaurus were exposed in top view of the skull, possibly allowing the animal to look forwards while feeding. Bajadasaurus was discovered in sedimentary rocks of the Bajada Colorada Formation, and its environment resembled a braided river system. It shared its environment with other dinosaurs including the sauropod Leinkupal and different theropods.

Lily: OCEAN STYLE NINJA ART: MOSASAURUS!

Lily fired a wave of water and it formed into the marine reptile from 87 million years ago: Mosasaurus!

---

Mosasaurus (/ˌmoʊzəˈsɔːrəs/; "lizard of the Meuse River") is the type genus of the mosasaurs, an extinct group of aquatic squamate reptiles. The genus lived from about 82 to 66 million years ago during the Campanian and Maastrichtian stages of the Late Cretaceous. The earliest fossils known to science were found as skulls in a chalk quarry near the Dutch city of Maastricht in the late 1700s, which were initially thought to have been the bones of crocodiles or whales. One particular skull discovered at around 1780, and which was seized during the French Revolutionary Wars for its scientific value and transported to Paris, was famously nicknamed the "great animal of Maastricht". In 1808, naturalist Georges Cuvier concluded that it belonged to a giant marine lizard with similarities to monitor lizards but otherwise unlike any animal

known today. This concept was revolutionary at the time and helped support the then-developing ideas of extinction. However, Cuvier did not designate a scientific name for the new animal; this task was completed by William Daniel Conybeare in 1822 when he named it Mosasaurus in reference to its origin in fossil deposits near the Meuse River. The relationships between Mosasaurus and modern reptiles are controversial and scientists continue to debate whether its closest living relatives are monitor lizards or snakes.

Traditional interpretations have estimated the maximum length of Mosasaurus to be up to 17.6 meters (58 ft), making it one of the largest mosasaur genera. Its skull, which was either broad or slender depending on the species, was equipped with robust jaws capable of swinging back and forth and strong muscles capable of powerful bites using dozens of large teeth designed for cutting prey. Its tail was long and ended in a paddle-like fluke that bent downwards. Mosasaurus was a predator that had excellent vision to compensate for its poor sense of smell, and a high metabolic rate that suggests it was warm-blooded, an adaptation found in other mosasaurs but no other squamates. The classification of Mosasaurus was historically problematic due to an unclear diagnosis of the type specimen. As a result, over fifty different species have been attributed to the genus in the past. A rediagnosis of the type specimen in 2017 helped resolve the taxonomy issue and confirmed at least five species to be within the genus and another five species still nominally classified within Mosasaurus are planned to be reassessed in a future study. Each species was variable with unique anatomical features differentiating them from the robustly-built M. hoffmannii to the slender and serpentine M. lemonnieri.

Fossil evidence suggests that Mosasaurus inhabited much of the Atlantic Ocean and the seaways adjacent to it. Continents that have recovered Mosasaurus fossils include North America, South America, Europe, Africa, Western Asia, and Antarctica. This distribution encompassed a wide range of oceanic climates including tropical, subtropical, temperate, and subpolar climates. Mosasaurus was a common large predator in these oceans and a dominant genus positioned at the top of the food chain. Scientists believe that its diet would have included virtually anything; it likely preyed on

bony fish, sharks, cephalopods, birds, and other marine reptiles including sea turtles and other mosasaurs. It likely preferred to hunt in open water near the surface. From an ecological standpoint, Mosasaurus probably had a profound impact in the structuring of marine ecosystems; its arrival in some locations such as the Western Interior Seaway in North America has been marked with a complete turnover of faunal assemblages and diversity. Mosasaurus faced competition with other large predatory mosasaurs such as Prognathodon and Tylosaurus-which are known to feed on similar prey-though they were able to coexist in the same ecosystems through niche partitioning. There were conflicts among them, as an attack on Mosasaurus by Tylosaurus has been documented. Several discovered fossils illustrated deliberate attacks on Mosasaurus individuals by another of the same species. Infighting likely took place in the form of snout grappling, similarly seen in modern crocodiles today.

It is known from numerous species which ranged in time from 160 to 145 million years ago, from the Oxfordian age of late Jurassic Period in China. The largest species, which according to Gregory S. Rainbow Dash: WIND STYLE NINJA ART: HAAST'S EAGLE!

Rainbow Dash fired a wave of wind and it formed into the one of the ancestral eagles from 1.8 million to 700,000 years ago: The Haast's Eagle!

---

The Haast's eagle (Hieraaetus moorei, synonym Harpagornis moorei) is an extinct species of eagle that once lived in the South Island of New Zealand, commonly accepted to be the pouakai of Maori legend. The species was the largest eagle known to have existed, with an estimated weight of 15 kilograms (33 lb) nearly double that of the Harpy eagle at 9 kilograms (20 lb). Its massive size is explained as an evolutionary response to the size of its prey, the flightless moa, the largest of which could weigh 230 kg (510 lb). Haast's eagle became extinct around 1400, after the moa were hunted to extinction by the first Māori.

Shrek: WATER STYLE NINJA ART: DEINOSUCHUS!

Shrek fired a wave of water and it formed into one of the first crocodiles from 82 million years ago: Deinosuchus!

---

Deinosuchus (/ˌdaɪnəˈsjuːkəs/) is an extinct genus of crocodilian related to the modern alligator that lived 82 to 73 million years ago (Ma), during the late Cretaceous period. The name translates as

"terrible crocodile" and is derived from the Greek deinos (δεινός), "terrible", and soukhos (σοῦχος), "crocodile". The first remains were discovered in North Carolina (United States) in the 1850s; the genus was named and described in 1909. Additional fragments were discovered in the 1940s and were later incorporated into an influential, though inaccurate, skull reconstruction at the American Museum of Natural History. Knowledge of Deinosuchus remains incomplete, but better cranial material found in recent years has expanded scientific understanding of this massive predator.

Although Deinosuchus was far larger than any modern crocodile or alligator, with the largest adults measuring 12 meters (39 ft) in total length, its overall appearance was fairly similar to its smaller relatives. It had large, robust teeth built for crushing, and its back was covered with thick hemispherical osteoderms. One study indicated Deinosuchus may have lived for up to 50 years, growing at a rate similar to that of modern crocodilians, but maintaining this growth over a much longer time.

Deinosuchus fossils have been described from 10 U.S. states, including Texas, Montana, and many along the East Coast. Fossils have also been found in northern Mexico. It lived on both sides of the Western Interior Seaway, and was an opportunistic apex predator in the coastal regions of eastern North America. Deinosuchus reached its largest size in its western habitat, but the eastern populations were far more abundant. Opinion remains divided as to whether these two populations represent separate species. Deinosuchus was probably capable of killing and eating large dinosaurs. It may have also fed upon sea turtles, fish, and other aquatic and terrestrial prey.

Lincoln: ICE STYLE NINJA ART: GORGOSAURUS!

Lincoln fired a wave of ice and it formed into the Theropod from 76.6 million years ago: Gorgosaurus!

---

Gorgosaurus (/ˌɡɔːrɡəˈsɔːrəs/ GOR-gə-SOR-əs; meaning "dreadful

lizard") is a genus of tyrannosaurid theropod dinosaur that lived in western North America during the Late Cretaceous Period (Campanian), between about 76.6 and 75.1 million years ago. Fossil remains have been found in the Canadian province of Alberta and possibly the U.S. state of Montana. Paleontologists recognize only the type species, G. libratus, although other species have been erroneously referred to the genus.

Like most known tyrannosaurids, Gorgosaurus was a bipedal predator weighing more than two metric tons as an adult; dozens of large, sharp teeth lined its jaws, while its two-fingered forelimbs were comparatively small. Gorgosaurus was most closely related to Albertosaurus, and more distantly related to the larger Tyrannosaurus. Gorgosaurus and Albertosaurus are extremely similar, distinguished mainly by subtle differences in the teeth and skull bones. Some experts consider G. libratus to be a species of Albertosaurus; this would make Gorgosaurus a junior synonym of that genus.

Gorgosaurus lived in a lush floodplain environment along the edge of an inland sea. It was an apex predator, preying upon abundant ceratopsids and hadrosaurs. In some areas, Gorgosaurus coexisted with another tyrannosaurid, Daspletosaurus. Although these animals were roughly the same size, there is some evidence of niche differentiation between the two. Gorgosaurus is the best-represented tyrannosaurid in the fossil record, known from dozens of specimens. These plentiful remains have allowed scientists to investigate its ontogeny, life history and other aspects of its biology.

Scutosaurus ("Shield lizard") was a genus of parareptiles. It was an armor-covered pareiasaur that lived around 265-254 million years ago in Russia, in the later Permian period. Its genus name refers to large plates of armor scattered across its body. It was a large anapsid reptile that, unlike most reptiles, held its legs underneath its body to support its great weight. Fossils have been found in the Sokolki Assemblage Zone of the Malokinelskaya Formation in European Russia, close to the Ural Mountains.

Bart: EARTH STYLE NINJA ART: DINOGORGON!

Bart fired a wave of earth and it formed into the Gorgonopsid from 259 million years ago: Dinogorgon!

---

Dinogorgon is a genus of gorgonopsid from the Late Permian of South Africa and Tanzania. The generic name Dinogorgon is derived from Greek, meaning "terrible gorgon", while its species name rubidgei is taken from the surname of renowned Karoo paleontologist, Professor Bruce Rubidge, who has contributed to much of the research conducted on therapsids of the Karoo Basin. The type species of the genus is D. rubidgei.

Dinogorgon is part of the gorgonopsian subfamily Rubidgeinae, a derived group of large-bodied gorgonopsians restricted to the Late Permian (Lopingian). The Rubidgeinae subfamily first appeared in the Tropidostoma Assemblage Zone, and reached their highest diversity in the Cistecephalus and Daptocephalus assemblage zones of the Beaufort Group in South Africa.

Homer: EARTH STYLE NINJA ART: EDAPHOSAURUS!

Homer fired a wave of earth and it formed into Dimetrodon-like synapsid from 303.4 million years ago: Edaphosaurus!

Edaphosaurus (/ˌɛdəfoʊˈsɔːrəs/, meaning "pavement lizard" for dense clusters of teeth) is a genus of extinct edaphosaurid synapsids that lived in what is now North America and Europe around 303.4 to 272.5 million years ago, during the late Carboniferous to early Permian periods. American paleontologist Edward Drinker Cope first described Edaphosaurus in 1882, naming it for the "dental pavement" on both the upper and lower jaws, from the Greek edaphos ἐδαφος ("ground"; also "pavement") and σαῦρος (sauros) ("lizard").

Edaphosaurus is important as one of the earliest-known, large, plant-eating (herbivorous), amniote tetrapods (four-legged land-living vertebrates). In addition to the large tooth plates in its jaws, the most characteristic feature of Edaphosaurus is a sail on its back. A number of other synapsids from the same time period also have tall dorsal sails, most famously the large apex predator Dimetrodon.

However, the sail on Edaphosaurus is different in shape and morphology. The first fossils of Edaphosaurus came from the Texas Red Beds in North America, with later finds in New Mexico, Oklahoma, West Virginia, and Ohio. Fragmentary fossils attributed to Edaphosaurus have also been found in eastern Germany in Central Europe.

Tabby: FOREST STYLE NINJA ART: DILOPHOSAURUS!

Tabby fired a wave of leaves and water and it formed into the theropod from 193 million years ago: Dilophosaurus!

---

Dilophosaurus (/daɪˌloʊfəˈsɔːrəs, -foʊ-/ dy-LOHF-o-SOR-əs) is a genus of theropod dinosaurs that lived in what is now North America during the Early Jurassic, about 193 million years ago. Three skeletons were discovered in northern Arizona in 1940, and the two best preserved were collected in 1942. The most complete specimen became the holotype of a new species in the genus Megalosaurus, named M. wetherilli by Samuel P. Welles in 1954. Welles found a larger skeleton belonging to the same species in 1964. Realizing it bore crests on its skull, he assigned the species to the new genus Dilophosaurus in 1970, as Dilophosaurus wetherilli. The genus name means "two-crested lizard", and the species name honors John Wetherill, a Navajo councilor. Further specimens have since been found, including an infant.

Footprints have also been attributed to the animal, including resting traces. Another species, Dilophosaurus sinensis from China, was named in 1993, but was later found to belong to the genus Sinosaurus. It was designated as the state dinosaur of Connecticut based on tracks found there.

At about 7 m (23 ft) in length, with a weight of about 400 kg (880 lb), Dilophosaurus was one of the earliest large predatory dinosaurs and the largest known land-animal in North America at the time. It was slender and lightly built, and the skull was proportionally large, but delicate. The snout was narrow, and the upper jaw had a gap or kink

below the nostril. It had a pair of longitudinal, plate-shaped crests on its skull, similar to a cassowary with two crests. The mandible was slender and delicate at the front, but deep at the back. The teeth were long, curved, thin, and compressed sideways. Those in the lower jaw were much smaller than those of the upper jaw. Most of the teeth had serrations at their front and back edges. The neck was long, and its vertebrae were hollow, and very light. The arms were powerful, with a long and slender upper arm bone. The hands had four fingers; the first was short but strong and bore a large claw, the two following fingers were longer and slenderer with smaller claws; the fourth was vestigial. The thigh bone was massive, the feet were stout, and the toes bore large claws.

Dilophosaurus is a member of the family Dilophosauridae along with Dracovenator, a group placed between the Coelophysidae and later theropods. Dilophosaurus would have been active and bipedal, and may have hunted large animals; it could also have fed on smaller animals and fish. Due to the limited range of movement and shortness of the fore limbs, the mouth may instead have made first contact with prey. The function of the crests is unknown; they were too weak for battle, but may have been used in visual display, such as species recognition and sexual selection. It may have grown rapidly, attaining a growth rate of 30 to 35 kg (66 to 77 lb) per year early in life. The holotype specimen had multiple paleopathologies, including healed injuries and signs of a developmental anomaly. Dilophosaurus is known from the Kayenta Formation, and lived alongside dinosaurs such as Megapnosaurus and Sarahsaurus.

Dilophosaurus was featured in the novel Jurassic Park and its movie adaptation, wherein it was given the fictional abilities to spit venom and expand a neck frill, as well as being smaller than the real animal.

The American lion (Panthera atrox), also known as the "North American lion", or "American cave lion", is an extinct pantherine cat that lived in North America during the Pleistocene epoch and the early Holocene epoch, about 340,000 to 11,000 years ago. Its fossils have been excavated from Alaska to Mexico. Genetic analysis has shown that the American lion and the Late Pleistocene Eurasian cave lion (Panthera spelaea) are sister lineages. It was about 25% larger than the modern lion, making it one of the largest known felids.

Camarasaurus (/ˌkæmərəˈsɔːrəs/ KAM-ər-ə-SAWR-əs) was a genus of quadrupedal, herbivorous dinosaurs. It was the most common of the giant sauropods to be found in North America. Its fossil remains have been found in the Morrison Formation of Colorado and Utah, dating to the Late Jurassic epoch (Kimmeridgian to Tithonian stages), between 155 and 145 million years ago.

Camarasaurus presented a distinctive cranial profile of a blunt snout and an arched skull that was remarkably square. It likely travelled in herds, or at least in family groups.

The name means "chambered lizard", referring to the hollow chambers in its vertebrae (Greek καμαρα (kamara) meaning "vaulted chamber", or anything with an arched cover, and σαυρος (sauros) meaning "lizard").

Pachyrhinosaurus (meaning in Greek "thick-nosed lizard", from Παχυ (pachy), thick; ρινό (rinó), nose; and σαυρος (sauros), lizard) is an extinct genus of centrosaurine ceratopsid dinosaur from the Late Cretaceous period of North America. The first examples were discovered by Charles M. Sternberg in Alberta, Canada, in 1946, and named in 1950. Over a dozen partial skulls and a large assortment of other fossils from various species have been found in Alberta and Alaska. A great number were not available for study until the 1980s, resulting in a relatively recent increase of interest in Pachyrhinosaurus.

Three species have been identified. P. lakustai, from the Wapiti Formation, the bonebed horizon of which is roughly equivalent age to the upper Bearpaw and lower Horseshoe Canyon Formations, is known to have existed from about 73.5-72.5 million years ago. P. canadensis is younger, known from the lower Horseshoe Canyon Formation, about 71.5-71 Ma ago and the St. Mary River Formation. Fossils of the youngest species, P. perotorum, have been recovered from the Prince Creek Formation of Alaska, and date to 70-69 Ma ago. The presence of three known species makes this genus the most speciose among the centrosaurines.

Kiba: EARTH STYLE NINJA ART: POSTOSUCHUS!

Kiba fired a wave of earth and it formed into the rauisuchid from 221 million years ago: Postosuchus!

---

Postosuchus, meaning "Crocodile from Post", is an extinct genus of rauisuchid reptiles comprising two species, P. kirkpatricki and P. alisonae, that lived in what is now North America during the Late Triassic. Postosuchus is a member of the clade Pseudosuchia, the lineage of archosaurs that includes modern crocodilians (the other main group of archosaurs is Avemetatarsalia, the lineage that includes non-avian dinosaurs and their descendants, birds). Its name refers to Post Quarry, a place in Texas where many fossils of the type species, P. kirkpatricki, were found. It was one of the apex predators of its area during the Triassic, larger than the small dinosaur predators of its time (such as Coelophysis). It was a hunter which probably preyed on large large bulky herbivores like dicynodonts and many other creatures smaller than itself (such as early dinosaurs).

The skeleton of Postosuchus is large and robust with a deep skull and a long tail. The total body length is about 4 to 5 metres (13 to 16 ft). The extreme shortness of the forelimbs relative to the hind limbs, the very small hands, and measurements of the vertebrae suggest that Postosuchus may have been committed to bipedal locomotion.

Rock Lee: EARTH STYLE NINJA ART: MOSCHOPS!

Rock Lee fired a wave of earth and it formed into the therapsid from 265 million years ago: Moschops!

---

Moschops (Greek for "calf face") is an extinct genus of therapsids that lived in the Guadalupian epoch, around 265-260 million years ago. They were heavily built plant eaters, and they may have lived partly in water, as hippopotamuses do. They had short, thick heads

and might have competed by head-butting each other. Their elbow joints allowed them to walk with a more mammal-like gait rather than crawling. Their remains were found in the Karoo region of South Africa, belonging to the Tapinocephalus Assemblage Zone. Therapsids, such as Moschops, are synapsids, the dominant land animals in the Permian period, which ended 252 million years ago.

---

Tenten: EARTH STYLE NINJA ART: ANKYLOSAURUS!

Tenten fired a wave of earth and it formed into the armored dinosaur from 68 million years ago: Ankylosaurus!

---

Ankylosaurus is a genus of armored dinosaur. Its fossils have been found in geological formations dating to the very end of the Cretaceous Period, about 68-66 million years ago, in western North America, making it among the last of the non-avian dinosaurs. It was named by Barnum Brown in 1908; the only species in the genus is A. magniventris. The genus name means "fused lizard", and the specific name means "great belly". A handful of specimens have been excavated to date, but a complete skeleton has not been discovered. Though other members of Ankylosauria are represented by more extensive fossil material, Ankylosaurus is often considered the archetypal member of its group, despite having some unusual features.

Possibly the largest-known ankylosaurid, Ankylosaurus is estimated to have been between 6 and 8 meters (20 and 26 ft) long and to have weighed between 4.8 and 8 metric tons (5.3 and 8.8 short tons). It was quadrupedal, with a broad, robust body. It had a wide, low skull, with two horns pointing backward from the back of the head, and two horns below these that pointed backward and down. Unlike other ankylosaurs, its nostrils faced sideways rather than towards the front. The front part of the jaws was covered in a beak, with rows of small, leaf-shaped teeth farther behind it. It was covered in armor plates, or osteoderms, with bony half-rings covering the neck, and had a large club on the end of its tail. Bones in the skull and other parts of the body were fused, increasing their

strength, and this feature is the source of the genus name.

Ankylosaurus is a member of the family Ankylosauridae, and its closest relatives appear to be Anodontosaurus and Euoplocephalus. Ankylosaurus is thought to have been a slow-moving animal, able to make quick movements when necessary. Its broad muzzle indicates it was a non-selective browser. Sinuses and nasal chambers in the snout may have been for heat and water balance or may have played a role in vocalization. The tail club is thought to have been used in defense against predators or in intraspecific combat. Ankylosaurus has been found in the Hell Creek, Lance, Scollard, Frenchman, and Ferris formations, but appears to have been rare in its environment. Although it lived alongside a nodosaurid ankylosaur, their ranges and ecological niches do not appear to have overlapped, and Ankylosaurus may have inhabited upland areas. Ankylosaurus also lived alongside dinosaurs such as Tyrannosaurus, Triceratops, and Edmontosaurus.

Massospondylus (/ˌmæsoʊˈspɒndɪləs/ mas-oh-SPON-di-ləs; from

Greek, μάσσων (massōn, "longer") and σπόνδυλος (spondylos, "vertebra")) is a genus of sauropodomorph dinosaur from the Early Jurassic Period (Hettangian to Pliensbachian ages, ca. 200-183 million years ago). It was described by Sir Richard Owen in 1854 from remains discovered in South Africa, and is thus one of the first dinosaurs to have been named. Fossils have since been found at other locations in South Africa, Lesotho, and Zimbabwe. Material from Arizona's Kayenta Formation, India, and Argentina has been assigned to this genus at various times, but the Arizonan and Argentinian material are now assigned to other genera.

The type species is M. carinatus; seven other species have been named during the past 150 years, but only M. kaalae among these is still considered valid. Early sauropodomorphs systematics have undergone numerous revisions during the last several years, and many scientists disagree where exactly Massospondylus lies on the dinosaur evolutionary tree. The family name Massospondylidae was once coined for the genus, but because knowledge of early sauropodomorph relationships is in a state of flux, it is unclear which other dinosaurs-if any-belong in a natural grouping of massospondylids; several 2007 papers support the family's validity.

Although Massospondylus was long depicted as quadrupedal, a 2007 study found it to be bipedal. It was probably a plant eater (herbivore), although it is speculated that the early sauropodomorphs may have been omnivorous. This animal, which was 4-6 metres (13-20 ft) long, had a long neck and tail, with a small head and slender body. On each of its forefeet, it bore a sharp thumb claw that was used in defense or feeding. Recent studies indicate that Massospondylus grew steadily throughout its lifespan, possessed air sacs similar to those of birds, and may have cared for its young.

Haku: ICE STYLE NINJA ART: AMERICAN MASTODON!

Haku fired a wave of ice and it formed into the ancestral elephant of the Great Ice Age from 5.3 million to 10,000 years ago: The American Mastodon!

---

A mastodon (Greek: μαστός "breast" and ὀδούς, "tooth") is any proboscidean belonging to the extinct genus Mammut (family Mammutidae) that inhabited North and Central America during the late Miocene or late Pliocene up to their extinction at the end of the Pleistocene 10,000 to 11,000 years ago. Mastodons lived in herds and were predominantly forest-dwelling animals that lived on a mixed diet obtained by browsing and grazing, somewhat similar to their distant relatives, modern elephants, but probably with greater emphasis on browsing.

M. americanum, the American mastodon, and M. pacificus, the Pacific mastodon, are the youngest and best-known species of the genus. Mastodons disappeared from North America as part of a mass extinction of most of the Pleistocene megafauna, widely believed to have been caused by overexploitation by Clovis hunters.

Sasuke: LIGHTNING STYLE NINJA ART: COMPSOGNATHUS!

Sasuke fired a wave of lightning and it formed into the fast carnivore from 150.8 million years ago: Compsognathus!

---

Compsognathus (/kɒmp'sɒgnəθəs/; Greek kompsos/κομψός; "elegant", "refined" or "dainty", and gnathos/γνάθος; "jaw") is a genus of small, bipedal, carnivorous theropod dinosaur. Members of its single species Compsognathus longipes could grow to around the size of a turkey. They lived about 150 million years ago, during the Tithonian age of the late Jurassic period, in what is now Europe. Paleontologists have found two well-preserved fossils, one in Germany in the 1850s and the second in France more than a century later. Today, C. longipes is the only recognized species, although the larger specimen discovered in France in the 1970s was once thought to belong to a separate species and named C. corallestris.

Many presentations still describe Compsognathus as "chicken-sized" dinosaurs because of the size of the German specimen,

which is now believed to be a juvenile. Compsognathus longipes is one of the few dinosaur species whose diet is known with certainty: the remains of small, agile lizards are preserved in the bellies of both specimens. Teeth discovered in Portugal may be further fossil remains of the genus.

Although not recognized as such at the time of its discovery, Compsognathus is the first theropod dinosaur known from a reasonably complete fossil skeleton. Until the 1990s, it was the smallest-known non-avialan dinosaur, with the preceding centuries incorrectly labelling them as the closest relative of Archaeopteryx.

Fu: ARTHROPOD STYLE NINJA ART: BRONTOSCORPIO!

Fu fired a wave of energy and it formed into the Silurian early scorpions from over 423 million years ago: Brontoscorpio!

---

Brontoscorpio anglicus is a species of fossil scorpion. Its remains were discovered in Upper Silurian-aged sandstone from Trimpley, Worcestershire, and the species was described on the basis of an incomplete single free finger of a pedipalp, almost 10 centimetres (3.9 in) long. The complete animal is estimated to have been at least 90 centimetres (35 in) long.

The remains were found in terrestrial sediments, but it is believed, that due to its size, Brontoscorpio had to enter the water to molt. Possibly it lived a semi or fully aquatic life.

Shino: ARTHROPOD STYLE NINJA ART: ARTHROPLEURA!

Shino fired a wave of energy and it formed into the Carboniferous Trilobite from 345 million years ago: Arthropleura!

Arthropleura (Greek for jointed ribs) is a genus of extinct millipede arthropods that lived in what is now northeastern North America and Scotland around 345 to 295 million years ago, from the Viséan stage of the lower Carboniferous Period to the Asselian stage of the lower Permian Period. The larger species of the genus are the largest known land invertebrates of all time, and would have had few, if any, predators.

Zabuza: WATER STYLE NINJA ART: SARCOSUCHUS!

Zabuza fired a wave of water and it formed into the largest crocodilian dinosaur ever known from 133 million years ago: Sarcosuchus!

Sarcosuchus (/ˌsɑːrkoʊ'suːkəs/; meaning "flesh crocodile") is an extinct genus of crocodyliform and distant relative of living crocodylians that lived during the Early Cretaceous, from the late Hauterivian to the early Albian, 133 to 112 million years ago of what is now Africa and South America. It was one of the largest crocodile-line reptiles, reaching an average estimate of 9 m (30 ft) and 3.5 metric tons (3.9 short tons), but estimated to grow up to 9.5 m (31 ft) in body length and weigh up to 4.3 metric tons (4.7 short tons). It is known from two species, S. imperator from the early Albian Elrhaz Formation of Niger and S. hartti from the Late Hauterivian of northeastern Brazil, other material is known from Morocco and

Tunisia and possibly Libya and Mali.

The first remains were discovered during several expeditions led by the French paleontologist Albert-Félix de Lapparent, spanning from 1946 to 1959, in the Sahara. These remains were fragments of the skull, vertebrae, teeth, and scutes. In 1964, an almost complete skull was found in Niger by the French CEA, but it was not until 1997 and 2000 that most of its anatomy became known to science, when an expedition led by the American paleontologist Paul Sereno discovered six new specimens, including one with about half the skeleton intact and most of the spine.

Kabuto: WATER STYLE NINJA ART: PARASAUROLOPHUS!

Kabuto fired a wave of water and it formed into a herd of beautiful hadrosaurs from 76.5 million years ago: Parasaurolophus!

---

Parasaurolophus (/ˌpærəsɔːˈrɒləfəs, -ˌsɔːrəˈloʊfəs/; meaning "near crested lizard" in reference to Saurolophus) is a genus of herbivorous ornithopod dinosaur that lived in what is now North America and possibly Asia during the Late Cretaceous Period, about 76.5-73 million years ago. It was an herbivore that walked both as a biped and as a quadruped. Three species are universally recognized: P. walkeri (the type species), P. tubicen, and the short-crested P. cyrtocristatus. Additionally, a fourth species, P. jiayensis, has been proposed, although it is more commonly placed in the separate genus Charonosaurus. Remains are known from Alberta (Canada), New Mexico and Utah (United States), and possibly Heilongjiang, (China). The genus was first described in 1922 by William Parks from a skull and partial skeleton found in Alberta.

Parasaurolophus was a hadrosaurid, part of a diverse family of Cretaceous dinosaurs known for their range of bizarre head adornments. This genus is known for its large, elaborate cranial crest, which at its largest forms a long curved tube projecting upwards and back from the skull. Charonosaurus from China, which may have been its closest relative, had a similar skull and potentially

a similar crest. Visual recognition of both species and sex, acoustic resonance, and thermoregulation have been proposed as functional explanations for the crest. It is one of the rarer hadrosaurids, known from only a handful of good specimens.

Finn: WATER STYLE NINJA ART: LAMBEOSAURUS!

Finn fired a wave of water and it formed into a heard of hadrosaurs from 76 million years ago: Lambeosaurus!

Lambeosaurus (/ˌlæmbioʊˈsɔːrəs/ LAM-bee-o-SAWR-əs; meaning "Lambe's lizard") is a genus of hadrosaurid dinosaur that lived about 75 million years ago, in the Late Cretaceous period (Campanian stage) of North America. This bipedal/quadrupedal, herbivorous dinosaur is known for its distinctive hollow cranial crest, which in the best-known species resembled a hatchet. Several possible species have been named, from Canada, the United States, and Mexico, but only the two Canadian species are currently recognized as valid.

Material relevant to the genus was first named by Lawrence Lambe in 1902. Over twenty years later, the modern name was coined in 1923 by William Parks, in honour of Lambe, based on better preserved specimens. The genus has a complicated taxonomic history, in part because small-bodied crested hadrosaurids now recognized as juveniles were once thought to belong to their own genera and species. Currently, the various skulls assigned to the type species L. lambei are interpreted as showing age differences and sexual dimorphism. Lambeosaurus was closely related to the better known Corythosaurus, which is found in slightly older rocks, as well as the less well-known genera Hypacrosaurus and Olorotitan. All had unusual crests, which are now generally assumed to have served social functions like noisemaking and recognition.

Jake the Dog: WATER STYLE NINJA ART: TSINTAOSAURUS!

Jake fired a wave of water and it formed into a herd of hadrosaurs from 70 million years ago: Tsintaosaurus!

Tsintaosaurus (/tʃɪŋdaʊˈsɔːrəs/; meaning "Qingdao lizard", after the old transliteration "Tsingtao") is a genus of hadrosaurid dinosaur from China. It was about 8.3 metres (27 ft) long and weighed 2.5 tonnes. The type species is Tsintaosaurus spinorhinus, first described by Chinese paleontologist C. C. Young in 1958.

A hadrosaur, Tsintaosaurus had a characteristic 'duck bill' snout and a battery of powerful teeth which it used to chew vegetation. It usually walked on all fours, but could rear up on its hind legs to scout for predators and flee when it spotted one. Like other hadrosaurs, Tsintaosaurus probably lived in herds.

Flame Princess: FIRE STYLE NINJA ART: CARCHARODONTOSAURUS!

Flame Princess fired a wave of fire and it formed into theropod from 100 million years ago: Carcharodontosaurus!

Carcharodontosaurus /ˌkɑːrkəroʊˌdɒntoʊˈsɔːrəs/ is a genus of carnivorous carcharodontosaurid dinosaurs that existed during the Cenomanian stage of the mid-Cretaceous Period in Northern Africa. It is currently known to include two species: C. saharicus and C. iguidensis, which are among the larger theropods, nearly as large as or even larger than Tyrannosaurus, Giganotosaurus, and Spinosaurus.

The genus Carcharodontosaurus is named after the shark genus Carcharodon, itself composed of the Greek karchar[os] (κάρχαρος, meaning "jagged" or "sharp") and odōn (ὀδών, "teeth"), and the suffix -saurus ("lizard").

Mario: (Italian Accent) WATER STYLE NINJA ART: CORYTHOSAURUS!

Mario fired a wave of water and it formed into the hadrosaur from 77 million years ago: Corythosaurus!

Corythosaurus /ˌkɒrɪθoʊ'sɔːrəs/ is a genus of hadrosaurid "duck-billed" dinosaur from the Upper Cretaceous Period, about 77-75.7 million years ago. It lived in what is now North America. Its name means "helmet lizard", derived from Greek κόρυς. It was named and described in 1914 by Barnum Brown. Corythosaurus is now thought to be a lambeosaurine, related to Nipponosaurus, Velafrons, Hypacrosaurus, and Olorotitan. Corythosaurus has an estimated length of 9 metres (30 ft), and has a skull, including the crest, that is 70.8 centimetres (27.9 in; 2.32 ft) tall.

Corythosaurus is known from many complete specimens, including the nearly complete holotype found by Brown in 1911. The holotype skeleton is only missing the last section of the tail, and part of the forelimbs, but was preserved with impressions of polygonal scales. Corythosaurus is known from many skulls with tall crests. The crests resemble the crests of the cassowary and a Corinthian helmet. The most likely function of the crest is thought to be vocalization. As in a trombone, sound waves would travel through many chambers in the crest, and then get amplified when Corythosaurus exhaled. A Corythosaurus specimen has been preserved with its last meal in its chest cavity. Inside the cavity were remains of conifer needles, seeds, twigs, and fruits: Corythosaurus probably fed on all of these.

The two species of Corythosaurus are both present in slightly different levels of the Dinosaur Park Formation. Both still co-existed with theropods and other ornithischians, like Daspletosaurus, Brachylophosaurus, Parasaurolophus, Scolosaurus, and Chasmosaurus.

Luigi: (Italian Accent) ARTHROPOD STYLE NINJA ART: MEGANEURA!

Luigi fired a wave of energy and it formed into a swarm of the Carboniferous dragonflies from 305 million years ago: Meganeura!

---

Meganeura is a genus of extinct insects from the Carboniferous period (approximately 300 million years ago), which resembled and are related to the present-day dragonflies. With wingspans ranging from 65 cm (25.6 in) to over 70 cm (28 in), M. monyi is one of the largest-known flying insect species. Meganeura were predatory, with their diet mainly consisting of other insects.

Wing venation of Meganeura monyi, redrawn after Brongniart (1893, Pl. XLI)

Fossils were discovered in the French Stephanian Coal Measures of Commentry in 1880. In 1885, French paleontologist Charles Brongniart described and named the fossil "Meganeura" (large-nerved), which refers to the network of veins on the insect's wings. Another fine fossil specimen was found in 1979 at Bolsover in Derbyshire. The holotype is housed in the National Museum of Natural History, in Paris.

Mei Terumi: OCEAN STYLE NINJA ART: MEGALODON!

Mei fired a wave of water and it formed into the largest and most meanest shark ever to swim the ocean and the ancestor of the Great White Shark from 23 million years ago.

---

Megalodon (Carcharocles megalodon), meaning "big tooth", is an extinct species of shark that lived approximately 23 to 3.6 million years ago (mya), during the Early Miocene to the Pliocene. It was formerly thought to be a member of the family Lamnidae and a close relative of the great white shark (Carcharodon carcharias). However, it is now classified into the extinct family Otodontidae, which diverged from the great white shark during the Early Cretaceous. Its genus placement is still debated, authors placing it in either Carcharocles, Megaselachus, Otodus, or Procarcharodon. This is because transitional fossils have been found showing that Megalodon is the final chronospecies of a lineage of giant sharks originally of the genus Otodus which evolved during the Paleocene.

While regarded as one of the largest and most powerful predators to have ever lived, megalodon is known from fragmentary remains, and its appearance and maximum size are uncertain. Scientists differ on whether it would have more closely resembled a stockier version of the great white shark, the basking shark (Cetorhinus maximus) or the sand tiger shark (Carcharias taurus). Most estimates of megalodon's size extrapolate from teeth; with maximum length estimates up to 18 meters (59 ft) and average length estimates of 10.5 meters (34 ft). Estimates suggest their large jaws could exert a bite force of up to 110,000 to 180,000 newtons (25,000 to 40,000 lbf). Their teeth were thick and robust, built for grabbing prey and breaking bone.

Megalodon probably had a major impact on the structure of marine communities. The fossil record indicates that it had a cosmopolitan distribution. It probably targeted large prey, such as whales, seals and sea turtles. Juveniles inhabited warm coastal waters and fed on fish and small whales. Unlike the great white, which attacks prey from the soft underside, megalodon probably used its strong jaws to break through the chest cavity and puncture the heart and lungs of its prey.

The animal faced competition from whale-eating cetaceans, such as Livyatan and other macroraptorial sperm whales and possibly smaller ancestral killer whales. As the shark preferred warmer waters, it is thought that oceanic cooling associated with the onset of the ice ages, coupled with the lowering of sea levels and resulting loss of suitable nursery areas, may have also contributed to its decline. A reduction in the diversity of baleen whales and a shift in their distribution toward polar regions may have reduced megalodon's primary food source. A 2019 study reviewed newer evidence suggesting that competition from the modern great white shark may have also contributed to the extinction of megalodon, coupled with range fragmentation resulting in a gradual, asynchronous extinction as a result of cooling oceans around 3.6-4 million years ago, far earlier than previously assumed. The extinction of the shark appeared to affect other animals; for example, the size of baleen whales increased significantly after the shark had disappeared.

Carol: EARTH STYLE NINJA ART: STEGOSAURUS!

Carol fired a wave of Earth and it formed into the awesome dinosaur from 155 million years ago: Stegosaurus!

---

Stegosaurus (/ˌstɛɡəˈsɔːrəs/), from Greek stegos (στέγος), which means roof, and sauros (σαῦρος), which means lizard, is a genus of herbivorous thyreophoran dinosaur. Fossils of this genus date to the Late Jurassic period, where they are found in Kimmeridgian to early Tithonian aged strata, between 155 and 150 million years ago, in the western United States and Portugal. Of the species that have been classified in the upper Morrison Formation of the western US, only three are universally recognized; S. stenops, S. ungulatus and S. sulcatus. The remains of over 80 individual animals of this genus have been found. Stegosaurus would have lived alongside dinosaurs such as Apatosaurus, Diplodocus, Brachiosaurus, Allosaurus, and Ceratosaurus; the latter two may have preyed on it.

These were large, heavily built, herbivorous quadrupeds with rounded backs, short fore limbs, long hind limbs, and tails held high in the air. Due to their distinctive combination of broad, upright plates and tail tipped with spikes, Stegosaurus is one of the most recognizable kinds of dinosaurs. The function of this array of plates and spikes has been the subject of much speculation among scientists. Today, it is generally agreed that their spiked tails were most likely used for defense against predators, while their plates may have been used primarily for display, and secondarily for thermoregulatory functions. Stegosaurus had a relatively low brain-to-body mass ratio. It had a short neck and a small head, meaning it most likely ate low-lying bushes and shrubs. One species, Stegosaurus ungulatus, is the largest known of all the stegosaurians (bigger than related dinosaurs such as Kentrosaurus and Huayangosaurus).

Stegosaurus remains were first identified during the "Bone Wars" by

Othniel Charles Marsh at Dinosaur Ridge National Landmark. The first known skeletons were fragmentary and the bones were scattered, and it would be many years before the true appearance of these animals, including their posture and plate arrangement, became well understood. Despite its popularity in books and film, mounted skeletons of Stegosaurus did not become a staple of major natural history museums until the mid-20th century, and many museums have had to assemble composite displays from several different specimens due to a lack of complete skeletons. Stegosaurus is one of the better-known dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Beast Boy: EARTH STYLE NINJA ART: TRICERATOPS!

Beast Boy fired a wave of earth and it formed into the fierce dinosaur from 68 million years ago: Triceratops!

---

Triceratops is a genus of herbivorous ceratopsid dinosaur that first appeared during the late Maastrichtian stage of the late Cretaceous period, about 68 million years ago (mya) in what is now North America. It is one of the last known non-avian dinosaur genera, and became extinct in the Cretaceous-Paleogene extinction event 66 million years ago. The name Triceratops, which literally means "three-horned face", is derived from the Ancient Greek words τρί- (tri-) meaning "three", κέρας (kéras) meaning "horn", and ὤψ (ōps) meaning "face".

Triceratops has been documented by numerous remains collected since the genus was first described in 1889 by Othniel Charles Marsh. Specimens representing life stages from hatchling to adult have been found. As the archetypal ceratopsid, Triceratops is one of the most popular dinosaurs, and has been featured in film, postal stamps, and many other types of media.

Bearing a large bony frill and three horns on the skull, and its large four-legged body possessing similarities with the modern rhinoceros, Triceratops is one of the most recognizable of all dinosaurs and the best-known ceratopsid. It was also one of the largest, up to 9 meters (29.5 ft) long and 12 metric tons (13 short tons) in weight. It shared the landscape with and was probably preyed upon by Tyrannosaurus, though it is less certain that the two did battle in the fanciful manner often depicted in museum displays and popular images. The functions of the frills and three distinctive facial horns on its head have long inspired debate. Traditionally, these have been viewed as defensive weapons against predators. More recent interpretations find it probable that these features were primarily used in species identification, courtship and dominance display, much like the antlers and horns of modern ungulates.

Triceratops was traditionally placed within the "short-frilled" ceratopsids but modern cladistic studies show it to be a member of the Chasmosaurinae which usually have long frills. Two species, T. horridus and T. prorsus, are considered valid today, from the seventeen species that have ever been named. Research published in 2010 concluded that the contemporaneous Torosaurus, a ceratopsid long regarded as a separate genus, represents Triceratops in its mature form. This view was immediately disputed with examination of more fossil evidence needed to settle the debate.

Linka: EARTH STYLE NINJA ART: TOROSAURUS!

Linka fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Torosaurus!

---

Torosaurus ("perforated lizard", in reference to the large openings in its frill) is a genus of herbivorous ceratopsid dinosaur that lived during the late Maastrichtian stage of the Cretaceous period, between 68 and 66 million years ago, though it is possible that the species range might extend to as far as 69 million years ago. Fossils have been discovered across the Western Interior of North America, from Saskatchewan to southern Texas.

Torosaurus possessed one of the largest skulls of any known land animal. The frilled skull reached up to 2.77 metres (9.1 ft) in length. From head to tail, Torosaurus is thought to have measured about 8 to 9 m (26 to 30 ft) long and weighed four to six tonnes. Torosaurus is distinguished from the contemporary Triceratops by an elongate frill with large openings (fenestrae), long squamosal bones of the frill with a trough on their upper surface, and the presence of five or more pairs of hornlets (epoccipitals) on the back of the frill. Torosaurus also lacked the long nose horn seen in Triceratops prorsus, and instead resembled the earlier and more basal Triceratops horridus in having a short nose horn. Three species have been named, Torosaurus latus, T. gladius and T. utahensis. T. gladius is no longer considered a valid species, however.

In 2010, the validity of Torosaurus was disputed. A study of fossil bone histology combined with an investigation of frill shape concluded that Torosaurus probably represented the mature form of Triceratops, with the bones of typical Triceratops specimens still immature and showing signs of a first development of distinct Torosaurus frill holes. During maturation, the skull frill would have been greatly lengthened and holes would have appeared in it. In 2011, 2012 and 2013 however, studies of external features of known specimens have claimed that morphological differences between the two genera preclude their synonymy. The main problems are a lack of good transitional forms, the apparent existence of authentic Torosaurus subadults, different skull proportions independent of maturation and the assertion that hole formation at an adult stage is not part of a normal ceratopsian maturation sequence.

Paula: EARTH STYLE NINJA ART: NASUTOCERATOPS!

Paula fired a wave of earth and it formed into the ceratopsian from 75.9 million years ago: Nasutoceratops!

---

Nasutoceratops is an extinct genus of ceratopsian dinosaur. It is a basal centrosaurine which lived during the Late Cretaceous Period (late Campanian, about 76.0-75.5 Ma). Fossils have been found in southern Utah, United States. Nasutoceratops was a large, ground-dwelling, quadrupedal herbivore with a short snout and unique rounded horns above its eyes that have been likened to those of modern cattle. Extending almost to the tip of its snout, these horns are the longest of all the members of the centrosaurine subfamily. The presence of pneumatic elements in the nasal bones of Nasutoceratops are a unique trait and are unknown in any other ceratopsid. Nasutoceratops, Diabloceratops, and Machairoceratops are the only three centrosaurine dinosaurs from the American southwest.

Centrosaurus (/ˌsɛntroʊˈsɔːrəs/ SEN-tro-SAWR-əs) is a genus of herbivorous ceratopsian dinosaurs from the Late Cretaceous of Canada. Their remains have been found in the Dinosaur Park Formation, dating from 76.5 to 75.5 million years ago.

Hulk: EARTH STYLE NINJA ART: STYRACOSAURUS!

Hulk fired a wave of earth and it formed into the ceratopsian from 75.5 million years ago: Styracosaurus!

Styracosaurus (/stɪˌrækəˈsɔːrəs/ sti-RAK-ə-SOR-əs; meaning "spiked lizard" from the Ancient Greek styrax/στύραξ "spike at the butt-end of a spear-shaft" and sauros/σαῦρος "lizard") is a genus of herbivorous ceratopsian dinosaur from the Cretaceous Period (Campanian stage), about 75.5 to 75 million years ago. It had four to six long parietal spikes extending from its neck frill, a smaller jugal horn on each of its cheeks, and a single horn protruding from its nose, which may have been up to 60 centimetres (2 feet) long and 15 centimetres (6 inches) wide. The function or functions of the horns and frills have been debated for many years.

Styracosaurus was a relatively large dinosaur, reaching lengths of 5.5 metres (18 feet) and weighing nearly 3 tonnes. It stood about 1.8 meters (5.9 feet) tall. Styracosaurus possessed four short legs and a bulky body. Its tail was rather short. The skull had a beak and shearing cheek teeth arranged in continuous dental batteries, suggesting that the animal sliced up plants. Like other ceratopsians, this dinosaur may have been a herd animal, travelling in large groups, as suggested by bonebeds.

Named by Lawrence Lambe in 1913, Styracosaurus is a member of the Centrosaurinae. One species, S. albertensis, is currently assigned to Styracosaurus. Another species, S. ovatus, named in 1930 by Charles Gilmore was reassigned to a new genus, Rubeosaurus, by Andrew McDonald and Jack Horner in 2010.

She-Hulk: EARTH STYLE NINJA ART: PACHYCEPHALOSAURUS!

She-Hulk fired a wave of earth and it formed into the ramming dinosaur from 70 million years ago: Pachycephalosaurus!

---

Pachycephalosaurus (/ˌpækɪˌsɛfələˈsɔːrəs/; meaning "thick-headed lizard," from Greek pachys-/παχύς- "thick", kephale/κεφαλή "head" and sauros/σαῦρος "lizard") is a genus of pachycephalosaurid dinosaurs. The type species, P. wyomingensis, is the only known species. It lived during the Late Cretaceous Period (Maastrichtian stage) of what is now North America. Remains have been excavated in Montana, South Dakota, Wyoming and Alberta. It was a herbivorous creature which is primarily known from a single skull and a few extremely thick skull roofs, though more complete fossils have been found in recent years. Pachycephalosaurus was one of the last non-avian dinosaurs before the Cretaceous-Paleogene extinction event. Another dinosaur, Tylosteus of western North America, has been synonymized with Pachycephalosaurus, as have the genera Stygimoloch and Dracorex in recent studies.

Like other pachycephalosaurids, Pachycephalosaurus was a bipedal herbivore with an extremely thick skull roof. It possessed long hindlimbs and small forelimbs. Pachycephalosaurus is the largest-known pachycephalosaur. The thick skull domes of Pachycephalosaurus and related genera gave rise to the hypothesis that pachycephalosaurs used their skulls in intra-species combat. This hypothesis has been disputed in recent years.

Rarity: CRYSTAL STYLE NINJA ART: PLATEOSAURUS!

Rarity fired a wave of crystal and it formed into the protosauropod from 214 million years ago: Plateosaurus!

---

Plateosaurus (probably meaning "broad lizard", often mistranslated as "flat lizard") is a genus of plateosaurid dinosaur that lived during the Late Triassic period, around 214 to 204 million years ago, in what is now Central and Northern Europe and Greenland, North America. Plateosaurus is a basal (early) sauropodomorph dinosaur, a so-called "prosauropod". As of 2011, two species are recognised: the type species P. engelhardti from the late Norian and Rhaetian, and the slightly earlier P. gracilis from the lower Norian. However, others have been assigned in the past, and there is no broad consensus on the species taxonomy of plateosaurid dinosaurs. Similarly, there are a plethora of synonyms (invalid duplicate names) at the genus level.

Discovered in 1834 by Johann Friedrich Engelhardt and described three years later by Hermann von Meyer, Plateosaurus was the fifth named dinosaur genus that is still considered valid. Although it had been described before Richard Owen formally named Dinosauria in 1842, it was not one of the three genera used by Owen to define the group, because at the time, it was poorly known and difficult to identify as a dinosaur. It is now among the dinosaurs best known to science: over 100 skeletons have been found, some of them nearly complete. The abundance of its fossils in Swabia, Germany, has led to the nickname Schwäbischer Lindwurm (Swabian lindworm).

Plateosaurus was a bipedal herbivore with a small skull on a long, flexible neck, sharp but plump plant-crushing teeth, powerful hind limbs, short but muscular arms and grasping hands with large claws on three fingers, possibly used for defence and feeding. Unusually for a dinosaur, Plateosaurus showed strong developmental plasticity: instead of having a fairly uniform adult size, fully grown individuals were between 4.8 and 10 metres (16 and 33 ft) long and weighed between 600 and 4,000 kilograms (1,300 and 8,800 lb). Commonly, the animals lived for at least 12 to 20 years, but the maximum life span is not known.

Despite the great quantity and excellent quality of the fossil material, Plateosaurus was for a long time one of the most misunderstood dinosaurs. Some researchers proposed theories that were later shown to conflict with geological and palaeontological evidence, but have become the paradigm of public opinion. Since 1980 the taxonomy (relationships), taphonomy (how the animals became embedded and fossilised), biomechanics (how their skeletons worked), and palaeobiology (life circumstances) of Plateosaurus have been re-studied in detail, altering the interpretation of the animal's biology, posture and behaviour.

---

Kentrosaurus (/ˌkɛntroʊˈsɔːrəs/ KEN-tro-SAWR-əs) is a genus of stegosaurian dinosaur from the Late Jurassic of Tanzania. The type species is K. aethiopicus, named and described by German palaeontologist Edwin Hennig in 1915. Often thought to be a "primitive" member of the Stegosauria, several recent cladistic analyses find it as more derived than many other stegosaurs, and a close relative of Stegosaurus from the North American Morrison Formation within the Stegosauridae.

Fossils of K. aethiopicus have been found only in the Tendaguru Formation, dated to the late Kimmeridgian and early Tithonian ages, about 152 million years ago. Hundreds of bones were unearthed by German expeditions to German East Africa between 1909 and 1912. Although no complete skeletons are known, the remains provided a nearly complete picture of the build of the animal.

Kentrosaurus generally measured around 4.5 metres (15 ft) in length as an adult, and weighed about one tonne (1.1 tons). It walked on all fours with straight hindlimbs. It had a small, elongated head with a beak used to bite off plant material that would be digested in a large gut. It had a, probably double, row of small plates running down its neck and back. These plates gradually merged into spikes on the hip and tail. The longest spikes were on the tail end and were used to actively defend the animal. There also was a long spike on each shoulder. The thigh bones come in two different types, suggesting that one sex was larger and more stout than the other.

James (Pokemon): EARTH STYLE NINJA ART: LYSTROSAURUS!

James fired a wave of earth and it formed into the Dicynodont from 255 million years ago: Lystrosaurus!

---

Lystrosaurus (/ˌlɪstroʊˈsɔːrəs/; 'shovel lizard'; proper Greek is λίστρον lístron 'tool for leveling or smoothing, shovel, spade, hoe') was a herbivorous genus of dicynodont therapsids from the late Permian and Early Triassic epochs (around 250 million years ago). It lived in what is now Antarctica, India, China, Mongolia, European Russia and South Africa. Four to six species are currently recognized, although from the 1930s to 1970s the number of species was thought to be much higher. They ranged in size from that of a small dog to 2.5 meters long.

Being a dicynodont, Lystrosaurus had only two teeth (a pair of tusk-like canines), and is thought to have had a horny beak that was used for biting off pieces of vegetation. Lystrosaurus was a heavily built, herbivorous animal, approximately the size of a pig. The structure of its shoulders and hip joints suggests that Lystrosaurus moved with a semi-sprawling gait. The forelimbs were even more robust than the hindlimbs, and the animal is thought to have been a powerful digger that nested in burrows.

Lystrosaurus survived the Permian-Triassic extinction, 252 million years ago. In the Early Triassic, they were by far the most common terrestrial vertebrates, accounting for as many as 95% of the total individuals in some fossil beds. Researchers have offered various hypotheses for why Lystrosaurus survived the extinction event and prospered in the early Triassic.

Kitten: EARTH STYLE NINJA ART: MACRAUCHENIA!

Kitten fired a wave of earth and it formed into the ancestor of the llama from 7 million years ago: Macrauchenia!

* * *

Macrauchenia ("long llama", based on the now superseded Latin term for llamas, Auchenia, from Greek "big neck") was a large, long-necked and long-limbed, three-toed native South American mammal in the order Litopterna. The genus gives its name to its family, the Macraucheniidae or "robust litopterns". Like other litopterns, it is not closely related to any living mammal, being most closely related to the group containing horses, rhinos and tapirs (the Perissodactyla), from which litopterns diverged approximately 66 million years ago. The oldest fossils in the genus date to the late Miocene, around seven million years ago, and M. patachonica disappears from the fossil record during the late Pleistocene, around 20,000-10,000 years ago. M. patachonica is one of the last and best known member of the family and is known primarily from the Luján Formation in Argentina, but is known from localities across southern South America. Another genus of macraucheniid Xenorhinotherium was present in northeast Brazil and Venezuela during the Late Pleistocene. The type specimen was discovered by Charles Darwin during the voyage of the Beagle. In life, Macrauchenia may have resembled a humpless camel, though the two taxa are not closely related. It fed on plants in a variety of environments across what is now South America. Among the species described, M. patachonica and M. ullomensis are considered valid; M. boliviensis is considered a nomen dubium; and M. antiqua (or M. antiquus) has been moved to the genus Promacrauchenia.

Tuddrussel: EARTH STYLE NINJA ART: ALBERTOSAURUS!

Tuddrussel fired a wave of earth and it formed into the theropod from 71 million years ago: Albertosaurus!

* * *

Albertosaurus (/ælˌbɜːrtəˈsɔːrəs/; meaning "Alberta lizard") is a genus of tyrannosaurid theropod dinosaurs that lived in western North

America during the Late Cretaceous Period, about 70 million years ago. The type species, A. sarcophagus, was apparently restricted in range to the modern-day Canadian province of Alberta, after which the genus is named, although an indeterminate species ("cf. Albertosaurus sp.") has been discovered in the Corral de Enmedio and Packard Formations in Mexico. Scientists disagree on the content of the genus, with some recognizing Gorgosaurus libratus as a second species.

As a tyrannosaurid, Albertosaurus was a bipedal predator with tiny, two-fingered hands and a massive head that had dozens of large, sharp teeth. It may have been at the top of the food chain in its local ecosystem. While Albertosaurus was large for a theropod, it was much smaller than its larger and more famous relative Tyrannosaurus rex, growing 9 to 10 m (30 to 33 ft) and possibly weighing 2.5 tonnes (2.8 short tons) or less.

Since the first discovery in 1884, fossils of more than 30 individuals have been recovered, providing scientists with a more detailed knowledge of Albertosaurus anatomy than is available for most other tyrannosaurids. The discovery of 26 individuals at one site provides evidence of pack behaviour and allows studies of ontogeny and population biology, which are impossible with lesser-known dinosaurs.

Larry 3000: EARTH STYLE NINJA ART: EDMONTOSAURUS!

Larry fired a wave of earth and it formed into the Iguanodont from 73 million years ago: Edmontosaurus!

---

Edmontosaurus (/ɛdˌmɒntəˈsɔːrəs/ ed-MON-tə-SAWR-əs) (meaning "lizard from Edmonton") is a genus of hadrosaurid (duck-billed) dinosaur. It contains two known species: Edmontosaurus regalis and Edmontosaurus annectens. Fossils of E. regalis have been found in rocks of western North America that date from the late Campanian stage of the Cretaceous Period 73 million years ago, while those of E. annectens were found in the same geographic region but in rocks dated to the end of the Maastrichtian stage of the Cretaceous, 66 million years ago. Edmontosaurus was one of the last non-avian dinosaurs, and lived alongside dinosaurs like Triceratops, Tyrannosaurus, Albertosaurus and Pachycephalosaurus shortly before the Cretaceous-Paleogene extinction event.

Edmontosaurus included some of the largest hadrosaurid species, measuring up to 12 metres (39 ft) long and weighing around 4.0 metric tons (4.4 short tons). Evidence does exist in the form of two fossilized specimens housed at the Museum of the Rockies for an even greater maximum size of 15 m (49 ft) and weighing 9.07 metric tons (10.00 short tons) for Edmontosaurus annectens. Several well-preserved specimens are known that include not only bones, but in some cases extensive skin impressions and possible gut contents. It is classified as a genus of saurolophine (or hadrosaurine) hadrosaurid, a member of the group of hadrosaurids which lacked large, hollow crests, instead having smaller solid crests or fleshy combs.

The first fossils named Edmontosaurus were discovered in southern Alberta (named after Edmonton, the capital city), in the Horseshoe Canyon Formation (formerly called the lower Edmonton Formation). The type species, E. regalis, was named by Lawrence Lambe in 1917, although several other species that are now classified in Edmontosaurus were named earlier. The best known of these is E. annectens, named by Othniel Charles Marsh in 1892; originally as a species of Claosaurus, known for many years as a species of Trachodon, and later as Anatosaurus annectens. Anatosaurus and Anatotitan are now generally regarded as synonyms of Edmontosaurus.

Edmontosaurus was widely distributed across western North America. The distribution of Edmontosaurus fossils suggests that it preferred coasts and coastal plains. It was a herbivore that could move on both two legs and four. Because it is known from several bone beds, Edmontosaurus is thought to have lived in groups, and may have been migratory as well. The wealth of fossils has allowed researchers to study its paleobiology in detail, including its brain, how it may have fed, and its injuries and pathologies, such as evidence for tyrannosaur attacks on a few edmontosaur specimens.

Skipper: EARTH STYLE NINJA ART: DICYNODON!

Skipper fired a wave of earth and it formed into the dicynodont therapsid from 253.8 to 251 million years ago: Dicynodon!

Dicynodon ("two dog-teeth") is a genus of dicynodont therapsid that flourished during the Upper Permian period. Like all dicynodonts, it was herbivorous. This animal was toothless, except for prominent tusks, hence the name. It probably cropped vegetation with a horny beak, much like a tortoise, while the tusks may have been used for digging up roots and tubers.

Many species of Dicynodon have been named, and the genus is considered a wastebasket taxon. A 2011 study of the genus found most of the species to represent a paraphyletic grouping, with the only valid members of Dicynodon being D. lacerticeps and D. huenei. A 2019 study named a new species D. angielczyki, but simultaneously transferred D. huenei to the genus Daptocephalus.

Diictodon was a genus of pylaecephalid dicynodont. These mammal-like synapsids lived during the Late Permian period, approximately 255 million years ago. Fossils have been found in the Cistecephalus Assemblage Zone of the Madumabisa Mudstone of the Luangwa Basin in Zambia and the Tropidostoma Assemblage Zone of the Teekloof Formation, Tapinocephalus Assemblage Zone of the Abrahamskraal Formation, Dicynodon Assemblage Zone of the Balfour Formation, Cistecephalus Assemblage Zone of the Middleton or Balfour Formation of South Africa and the Guodikeng Formation of China. Roughly half of all Permian vertebrate specimens found in South Africa are those of Diictodon. This small herbivorous animal was one of the most successful synapsids in the Permian period.

---

Eoraptor (/ˈiːoʊˌræptər/) was one of the earliest-known dinosaurs, living approximately 231 to 228 million years ago, during the Late Triassic in Western Gondwana, in the region that is now northwestern Argentina. It was a small, lightly-built, basal saurischian dinosaur. It is known from several well-preserved skeletons. When first described in 1993, it was considered to be the earliest or one of the earliest known dinosaurs. Eoraptor has heterodont dentition, which suggests that it was omnivorous and that the feeding strategy had evolved early on in dinosaurs.

Liberty: EARTH STYLE NINJA ART: TORVOSAURUS!

Liberty fired a wave of earth and it formed into the theropod dinosaur from 158 million years ago: Torvosaurus!

---

Torvosaurus (/ˌtɔːrvoʊˈsɔːrəs/) is a genus of carnivorous megalosauroid theropod dinosaur that lived approximately 153 to 148 million years ago during the Late Jurassic Period (Kimmeridgian to Tithonian) in what is now Colorado and Portugal. It contains two currently recognized species, Torvosaurus tanneri and Torvosaurus gurneyi.

In 1979 the type species Torvosaurus tanneri was named: it was a large, heavily built, bipedal carnivore, that could grow to a length of about 10 m (33 ft). T. tanneri was among the largest carnivores of its time, together with Epanterias and Saurophaganax (which could be both synonyms of Allosaurus). Specimens referred to Torvosaurus gurneyi were initially claimed to be up to twelve metres long, but later shown to be smaller. Based on bone morphology Torvosaurus is thought to have had short but very powerful arms.

Lyra: EARTH STYLE NINJA ART: THRINAXODON!

Lyra fired a wave of earth and it formed into the cynodont from 251 million years ago: Thrinaxodon!

---

Thrinaxodon is an extinct genus of cynodonts, most commonly regarded by its species T. liorhinus which lived in what are now South Africa and Antarctica during the Early Triassic. Thrinaxodon lived just after the Permian-Triassic mass extinction event, its survival during the extinction may have been due to its burrowing habits.

Similar to other synapsids, Thrinaxodon adopted a semi-sprawling posture, an intermediary form between the sprawling position of pelycosaurs (not unlike current Crocodylia) and the more upright posture present in current mammals. Thrinaxodon is prevalent in the fossil record in part because it was one of the few carnivores of its time, and was of a larger size than similar cynodont carnivores.

Lee: EARTH STYLE NINJA ART: CHASMOSAURUS!

Lee fired a wave of earth and it formed into the ceratopsian from 76.5 million years ago: Chasmosaurus!

---

Chasmosaurus (/ˌkæzmoʊˈsɔːrəs/ KAZ-mo-SAWR-əs) is a genus of ceratopsid dinosaur from the Upper Cretaceous Period of North America. Its name means 'opening lizard', referring to the large openings (fenestrae) in its frill (Greek chasma meaning 'opening' or 'hollow' or 'gulf' and sauros meaning 'lizard'). With a length of 4.3-4.8 metres (14.1-15.7 ft) and a weight of 1.5-2 tonnes (1.7-2.2 short tons), Chasmosaurus was a ceratopsian of average size. Like all ceratopsians, it was purely herbivorous. It was initially to be called Protorosaurus, but this name had been previously published for another animal. All specimens of Chasmosaurus were collected from the Dinosaur Park Formation of the Dinosaur Provincial Park of Alberta, Canada. C. russelli comes from the lower beds of the formation while C. belli comes from middle and upper beds.

Po: WATER STYLE NINJA ART: PROTEROSUCHUS!

Po fired a wave of water and it formed into the Permian reptile from 252 million years ago: Proterosuchus!

---

Proterosuchus is an extinct genus of archosauriform reptiles that lived during the Early Triassic. It contains three valid species: the type species P. fergusi and the referred species P. alexanderi and P. goweri. All three species lived in what is now South Africa. The genus was named in 1903 by the South African paleontologist Robert Broom. The well-known genus Chasmatosaurus is a junior synonym of Proterosuchus.

Proterosuchus was a mid-sized quadrupedal reptile with a sprawling stance that could reach a length of up to 3.5 meters (11 ft). It had a large head and distinctively hooked snout. It was a predator, which may have hunted prey such as Lystrosaurus. The lifestyle of Proterosuchus remains debated; it may have been terrestrial or it may have been a semiaquatic ambush predator similar to modern crocodiles.

Proterosuchus is one of the earliest members of the clade Archosauriformes, which also includes crocodilians, pterosaurs, and dinosaurs, including birds. It lived in the aftermath of the Permian-Triassic extinction event, the largest known mass extinction in Earth's history.

Fluttershy: EARTH STYLE NINJA ART: EUCHAMBERSIA!

Fluttershy fired a wave of earth and it formed into the therapsid from 256 million years ago: Euchambersia!

---

Euchambersia is a genus of therocephalian therapsid that lived during the Late Permian, approximately 255 million years ago, in what is now South Africa. The genus contains a single species, Euchambersia mirabilis, named by paleontologist Robert Broom in 1931 from a skull missing the lower jaws; a second skull, belonging to an immature individual, was later described. It is a member of the family Akidnognathidae, which historically has also been referred by as the synonymous Euchambersiidae (named after Euchambersia).

Euchambersia was a small and short-snouted therocephalian, possessing large canines as is typical of the group. However, it is notable among therocephalians for possessing ridges on its canines and a large indentation in the side of the skull. Under the erroneous assumption that the canines are grooved instead of ridged, it has been proposed that these structures supported a venom delivery mechanism. More recently, the internal structure of the skull of

Euchambersia has been used as stronger evidence in favour of the hypothesis that it was venomous; other possibilities, such as the indentation supporting some sort of sensory organ, still remain plausible.

Jimmy Neutron: WIND STYLE NINJA ART: RHAMPHORHYNCHUS!

Jimmy fired a wave of wind and it formed into the flying reptiles from 150.8 million years ago: Rhamphorhynchus!

---

Rhamphorhynchus (/ˌræmfəˈrɪŋkəs/, "beak snout") is a genus of long-tailed pterosaurs in the Jurassic period. Less specialized than contemporary, short-tailed pterodactyloid pterosaurs such as Pterodactylus, it had a long tail, stiffened with ligaments, which ended in a characteristic soft-tissue tail vane. The jaws of Rhamphorhynchus housed needle-like teeth, which were angled forward, with a curved, sharp, beak-like tip lacking teeth, indicating a diet mainly of fish; indeed, fish and cephalopod remains are frequently found in Rhamphorhynchus abdominal contents, as well as in their coprolites.

Although fragmentary fossil remains possibly belonging to Rhamphorhynchus have been found in England, Tanzania, and Spain, the best preserved specimens come from the Solnhofen limestone of Bavaria, Germany. Many of these fossils preserve not only the bones but impressions of soft tissues, such as wing membranes. Scattered teeth believed to belong to Rhamphorhynchus have been found in Portugal as well.

Kick Buttowski: EARTH STYLE NINJA ART: SEYMOURIA!

Kick fired a wave of earth and it formed into the Permian seymouriamorph from 275 million years ago: Seymouria!

---

Seymouria is an extinct genus of seymouriamorph from the Early Permian of North America and Europe. Although they were amphibians (in a biological sense), Seymouria were well-adapted to life on land, with many reptilian features-so many, in fact, that Seymouria was first thought to be a primitive reptile. It is primarily known from two species, Seymouria baylorensis and Seymouria sanjuanensis. The type species, S. baylorensis, is more robust and specialized, though its fossils have only been found in Texas. On the other hand, Seymouria sanjuanensis is more abundant and widespread. This smaller species is known from multiple well-preserved fossils, including a block of six skeletons found in the Cutler Formation of New Mexico, and a pair of fully grown skeletons from the Tambach Formation of Germany, which were fossilized lying next to each other.

For the first half of the 20th century, Seymouria was considered one of the oldest and most "primitive" known reptiles. Paleontologists noted how the general body shape resembled that of early reptiles such as captorhinids, and that certain adaptations of the limbs, hip, and skull were also similar to that of early reptiles, rather than any species of modern or extinct amphibians known at the time. The strongly-built limbs and backbone also supported the idea that Seymouria was primarily terrestrial, spending very little time in the water.[9] However, in the 1950s, fossilized tadpoles were discovered in Discosauriscus, which was a close relative of Seymouria in the group Seymouriamorpha. This shows that seymouriamorphs (including Seymouria) had a larval stage which lived in the water, therefore making Seymouria not a true reptile, but rather an amphibian which was closely related to reptiles. Though no longer considered the most primitive reptile, Seymouria is still an important transitional fossil documenting the acquisition of reptile-like skeletal features prior to the evolution of the amniotic egg, which characterizes amniotes (reptiles, mammals, and birds).

Kendall Perkins: WATER STYLE NINJA ART: HYNERPETON!

Kendall fired a wave of water and it formed into the Devonian creature from 365 million years ago: Hynerpeton!

Hynerpeton (/haɪˈnɜːrpətɒn/; from Hyner, Pennsylvania and Ancient Greek ἑρπετόν herpetón, "creeping animal," meaning "creeping animal from Hyner") is an extinct genus of early four-limbed vertebrate that lived in the rivers and ponds of Pennsylvania during the Late Devonian period, around 365 to 363 million years ago. The only known species of Hynerpeton is H. bassetti, named after the describer's grandfather, city planner Edward Bassett. Hynerpeton is known for being the first Devonian four-limbed vertebrate discovered in the United States, as well as possibly being one of the first to have lost internal (fish-like) gills.

This genus is known from few remains discovered at the Red Hill fossil site in Hyner, Pennsylvania. The most notable fossil is a large endochondral shoulder girdle consisting of the cleithrum, scapula, and coracoid (but not the interclavicle and clavicles), all connected into one shoulder bone. The inner surface of this shoulder bone possesses an array of depressions believed to have been attachment points for a unique set of powerful muscles around the chest. This may have given Hynerpeton improved mobility and weight-bearing abilities compared to other Devonian limbed vertebrates such as Ichthyostega and Acanthostega. The cleithrum (upper blade of the shoulder) is fused to the scapulocoracoid (lower plate of the shoulder, in front of the shoulder socket), unlike in most tetrapods, but the shoulder girdle is independent of the skull, unlike in most fish.

Early four-limbed vertebrates are sometimes referred to as tetrapods (using a trait-based definition of the term), although animals like Hynerpeton, Ichthyostega, and Acanthostega are placed outside the crown group Tetrapoda by the vast majority of paleontologists. From a cladistic (relations-based) point of view, a more accurate term would be "stem-tetrapod" or "stegocephalian", indicating that they were part of the lineage of animals that would lead to true tetrapods such as modern amphibians (Lissamphibia), reptiles, mammals, and birds.

Hynerpeton hails from the Red Hill fossil site, which, during the Late Devonian, was a warm floodplain inhabited by a diverse ecosystem of aquatic fish and terrestrial invertebrates. Hynerpeton was one of several genera of four-limbed vertebrates known from the site, although it was the first to be discovered. It has been theorized that animals like Hynerpeton were able to use their amphibious lifestyle to find shallow pools where they could spawn, isolated from predatory fish which inhabited the deeper rivers.

Tiktaalik (/tɪkˈtɑːlɪk/; Inuktitut ᑎᒃᑖᓕᒃ [tiktaːlik]) is a monospecific genus of extinct sarcopterygian (lobe-finned fish) from the Late Devonian Period, about 375 Mya (million years ago), having many features akin to those of tetrapods (four-legged animals).

Unearthed in Arctic Canada, Tiktaalik is technically a fish, complete with scales and gills - but it has the flattened head of a crocodile and unusual fins. Its fins have thin ray bones for paddling like most fish, but they also have sturdy interior bones that would have allowed Tiktaalik to prop itself up in shallow water and use its limbs for support as most four-legged animals do. Those fins and a suite of other characteristics set Tiktaalik apart as something special; it has a combination of features that show the evolutionary transition between swimming fish and their descendants, the four-legged vertebrates - a clade which includes amphibians, reptiles, birds and mammals.

It and similar animals may possibly be the common ancestors of the broad swath of all vertebrate terrestrial fauna: amphibians, reptiles, birds, and mammals.

The first well-preserved Tiktaalik fossils were found in 2004 on Ellesmere Island in Nunavut, Canada.

Littlefoot: WATER STYLE NINJA ART: HYBODUS!

Littlefoot fired a wave of water and it formed into the Jurassic Shark from 260 to 66 million years ago: Hybodus!

---

Hybodus ("humped tooth") is an extinct genus of Chondrichthyans. First appearing towards the end of the Permian period, and disappearing during the Late Cretaceous, during the Triassic, Jurassic, and Cretaceous periods the hybodonts were especially successful and could be found in shallow seas across the world. For reasons that are not fully understood, the hybodonts became extinct near the end of the Late Cretaceous period.

Patrick: OCEAN STYLE NINJA ART: LIVYATAN!

Patrick fired a wave of water and it formed into the first ancestral sperm whale from 9 million years ago: Livyatan!

---

Livyatan is an extinct genus of sperm whale containing one species: L. melvillei. The genus name was inspired by the biblical sea monster Leviathan, and the species name by Herman Melville, the author of the famous book Moby-Dick about a white bull sperm whale. It is mainly known from the Pisco Formation of Peru during the Tortonian stage of the Miocene epoch, about 9.9-8.9 million years ago (mya); however, isolated teeth from other locations such as Chile, Argentina, South Africa, and Australia implies that either it or a close relative survived into the Pliocene, around 5 mya, and was present throughout the Southern Hemisphere. It was a member of a group of hyper-predatory macroraptorial sperm whales (or "raptorial sperm whales") and was likely an apex predator, preying on whales, seals, and so forth. Characteristic of raptorial sperm whales, Livyatan had functional, enamel-coated teeth on the upper and lower jaws, as well as several adaptations for hunting large prey.

Livyatan's total length has been estimated to be about 13.5-17.5 m (44-57 ft), similar to the modern sperm whale (Physeter macrocephalus), making it one of the largest predators to have ever existed. The teeth of Livyatan measured 36.2 cm (1.2 ft), and are the largest biting teeth of any known animal, excluding tusks. It is distinguished from the other raptorial sperm whales by the basin on the skull, and how it spans the entire length of the snout. The spermaceti organ, contained in that basin, is thought to have been used in echolocation and communication, or for ramming prey and other sperm whales. The whale may have interacted with the large extinct shark megalodon (Carcharocles megalodon), competing with it for a similar food source. Its extinction was likely caused by a cooling event at the end of the Miocene which resulted in a drop in food populations. The formation where the whale has been found has also preserved a large assemblage of marine life, such as sharks and marine mammals.

Dawn (Total Drama): FOREST STYLE NINJA ART: DRYOSAURUS!

Dryosaurus (/ˌdraɪoʊˈsɔːrəs/ DRY-o-SAWR-əs; meaning 'tree lizard', Greek δρῦς (drys) meaning 'tree, oak' and σαυρος (sauros) meaning 'lizard'; the name reflects the forested habitat, not a vague oak-leaf shape of its cheek teeth as is sometimes assumed) is a genus of an ornithopod dinosaur that lived in the Late Jurassic period. It was an iguanodont (formerly classified as a hypsilophodont). Fossils have been found in the western United States and were first discovered in the late 19th century. Valdosaurus canaliculatus and Dysalotosaurus lettowvorbecki were both formerly considered to represent species of Dryosaurus.

Mike (Total Drama): FOREST STYLE NINJA ART: ORNITHOLESTES!

Mike fired a wave of wood and leaves and it formed into the theropod dinosaur from 154 million years ago: Ornitholestes.

---

Ornitholestes (meaning "bird robber") is a small theropod dinosaur of the late Jurassic (Brushy Basin Member of the Morrison Formation, middle Kimmeridgian age, about 154 million years ago) of Western Laurasia (the area that was to become North America).

To date, Ornitholestes is known only from a single partial skeleton with a badly crushed skull found at the Bone Cabin Quarry near Medicine Bow, Wyoming, in 1900. It was described by Henry Fairfield Osborn in 1903. An incomplete hand was later attributed to Ornitholestes, although it now appears to belong to Tanycolagreus. The type (and only known) species is O. hermanni. The specific name honors the American Museum of Natural History preparator Adam Hermann.

Fuzzy fired a wave of wood and leaves and it formed into the neornithischian dinosaur from 155 million years ago: Nanosaurus A.K.A. Othnielia!

---

Nanosaurus ("small or dwarf lizard") is the name given to a genus of neornithischian dinosaur that lived about 155 to 148 million years ago, during the Late Jurassic-age. Its fossils are known from the Morrison Formation of the south-western United States. The type and only species, Nanosaurus agilis, was described and named by Othniel Charles Marsh in 1877. The taxon has a complicated taxonomic history, largely the work of Marsh and Peter M. Galton, involving the genera Laosaurus, Hallopus, Drinker, Othnielia, and Othnielosaurus, the latter three now being considered to be synonyms of Nanosaurus. It had historically been classified as a hypsilophodont or fabrosaur, types of generalized small bipedal herbivore, but more recent research has abandoned these groupings as paraphyletic and Nanosaurus is today considered a basal member of Neornithischia.

Magnolia: FOREST STYLE NINJA ART: DAKOTARAPTOR!

Magnolia fired a wave of wood and leaves and it formed into the theropod dinosaur from 66 million years ago: Dakotaraptor.

---

Dakotaraptor is a potentially chimaeric genus of large dromaeosaurid theropod dinosaur that lived in North America during the Late Cretaceous period. The remains have been found in the Maastrichtian stage of the Hell Creek Formation, dated to the very end of the Mesozoic era, making Dakotaraptor one of the last surviving dromaeosaurids. The remains of D. steini were discovered in a multi-species bonebed. Elements of the holotype and referred specimens were later found to belong to trionychid turtles, and further analysis of potential non-dromaeosaurid affinities of the holotype and referred material have not yet been conducted. Phylogenetic analyses of D. steini place it in a variety of positions in the Dromaeosauridae.

The type species is Dromaeosaurus albertensis, which was described by William Diller Matthew and Barnum Brown in 1922.

Goku: EARTH STYLE NINJA ART: DEINONYCHUS!

Goku fired a wave of earth and it formed into the deadly pack-hunting theropods from 115 million years ago: Deinonychus!

---

Deinonychus (/daɪˈnɒnɪkəs/ dy-NON-i-kəs; from Greek: δεινός deinós, 'terrible' and ὄνυξ ónux, genitive ὄνυχος ónuchos 'claw') is a genus of dromaeosaurid theropod dinosaur with one described species, Deinonychus antirrhopus. This species, which could grow up to 3.4 meters (11 ft) long, lived during the early Cretaceous Period, about 115-108 million years ago (from the mid-Aptian to early Albian stages). Fossils have been recovered from the U.S. states of Montana, Utah, Wyoming, and Oklahoma, in rocks of the Cloverly Formation, Cedar Mountain Formation and Antlers Formation, though teeth that may belong to Deinonychus have been found much farther east in Maryland.

Paleontologist John Ostrom's study of Deinonychus in the late 1960s revolutionized the way scientists thought about dinosaurs, leading to the "dinosaur renaissance" and igniting the debate on whether dinosaurs were warm-blooded or cold-blooded. Before this, the popular conception of dinosaurs had been one of plodding, reptilian giants. Ostrom noted the small body, sleek, horizontal posture, ratite-like spine, and especially the enlarged raptorial claws on the feet, which suggested an active, agile predator.

"Terrible claw" refers to the unusually large, sickle-shaped talon on the second toe of each hind foot. The fossil YPM 5205 preserves a large, strongly curved ungual. In life, archosaurs have a horny sheath over this bone, which extends the length. Ostrom looked at crocodile and bird claws and reconstructed the claw for YPM 5205 as over 120 millimetres (4.7 in) long. The species name antirrhopus means "counter balance", which refers to Ostrom's idea about the function of the tail. As in other dromaeosaurids, the tail vertebrae have a series of ossified tendons and super-elongated bone processes. These features seemed to make the tail into a stiff counterbalance, but a fossil of the very closely related Velociraptor mongoliensis (IGM 100/986) has an articulated tail skeleton that is curved laterally in a long S-shape. This suggests that, in life, the tail could bend to the sides with a high degree of flexibility. In both the Cloverly and Antlers formations, Deinonychus remains have been found closely associated with those of the ornithopod Tenontosaurus. Teeth discovered associated with Tenontosaurus specimens imply they were hunted, or at least scavenged upon, by Deinonychus.

Daspletosaurus (/dæsˌpliːtəˈsɔːrəs/ das-PLEET-o-SAWR-əs; meaning "frightful lizard") is a genus of tyrannosaurid dinosaur that lived in western North America between about 77 and 74 million years ago, during the Late Cretaceous Period. The genus Daspletosaurus contains two species. Fossils of the earlier type species, D. torosus, have been found in Alberta, while fossils of the later second species, D. horneri, have been found only in Montana. A possible third species, also from Alberta, awaits formal identification. Daspletosaurus is closely related to the much larger and more recent tyrannosaurid Tyrannosaurus rex. Like most tyrannosaurids, Daspletosaurus was a multi-tonne bipedal predator equipped with dozens of large, sharp teeth. Daspletosaurus had the small forelimbs typical of tyrannosaurids, although they were proportionately longer than in other genera.

As an apex predator, Daspletosaurus was at the top of the food chain, probably preying on large dinosaurs like the ceratopsid Centrosaurus and the hadrosaur Hypacrosaurus. In some areas, Daspletosaurus coexisted with another tyrannosaurid, Gorgosaurus, though there is some evidence of niche differentiation between the two. While Daspletosaurus fossils are rarer than other tyrannosaurids', the available specimens allow some analysis of the biology of these animals, including social behavior, diet and life history.

Gohan: EARTH STYLE NINJA ART: SINOCERATOPS!

Gohan fired a wave of earth and it formed into the ceratopsian from 73.5 million years ago: Sinoceratops!

---

Sinoceratops /ˌsaɪnoʊˈsɛrətɒps/ is an extinct genus of ceratopsian dinosaur that lived approximately 73 million years ago during the latter part of the Cretaceous Period in what is now Shandong province in China. It was named in 2010 by Xu Xing et al. for three skulls from Zhucheng, China. The name of its type species

Sinoceratops zhuchengensis means "Chinese horned face from Zhucheng", after the location of its discovery.

Sinoceratops was a medium-sized, averagely-built, ground-dwelling, quadrupedal herbivore. It could grow up to an estimated 6 m (19.7 ft) length and 2 metres (6.6 ft) height, and weigh up to 2 tonnes (2.0 long tons; 2.2 short tons). It was the first ceratopsid dinosaur discovered in China, and the only ceratopsid known from Asia. All other centrosaurines, and all chasmosaurines, are known from fossils discovered in North America, except for possibly Turanoceratops. Sinoceratops is also significant because it is one of the largest known centrosaurines, and is much larger than any other known basal members of this group.

Sinoceratops was discovered in the Xingezhuang Formation, which was deposited during the late Cretaceous. It lived alongside leptoceratopsids, saurolophines, and tyrannosaurines. The most common creature in the formation was Shantungosaurus, to which most of the material has been assigned. The animals living alongside Sinoceratops and Shantungosaurus were Zhuchengceratops, Zhuchengtitan, and Zhuchengtyrannus.

Me: **WOLF FIRE STYLE NINJA ART: AMPHICOELIAS!**

I fired a blast of blue fire and it formed into one of the largest sauropod dinosaurs ever discovered from 150 million years ago: Amphicoelias!

Amphicoelias (/ˌæmfɪˈsiːliəs/, meaning "biconcave", from the Greek ἀμφὶ, amphi: "on both sides", and κοῖλος, koilos: "hollow, concave") is a genus of herbivorous sauropod dinosaur that lived approximately 150 million years ago during the Tithonian (Late Jurassic Period) of what is now Colorado, United States. An herbivore, Amphicoelias was moderately sized at about 25 m (82 ft) long-roughly the same length as Diplodocus, to which it was related. Its hindlimbs were very long and thin, and its forelimbs were proportionally longer than in relatives.

The namesake fossil of the type species Amphicoelias altus, American Museum of Natural History 5764, is uncertain in included material. When described by Edward Drinker Cope shortly after its discovery in 1877, Amphicoelias was noted to include many back vertebrae, a single pubis, and a femur. However, after purchase and cataloging of the material by the AMNH, Henry Fairfield Osborn and Charles Mook described that the specimen had only two vertebrae, a pubis, femur, tooth, scapula, coracoid, ulna and a second femur. The additional material, not mentioned by Cope, was found close in proximity to the holotype and was similar to Diplodocus, a relative of Amphicoelias. Their assignment was questioned by subsequent authors Emanuel Tschopp et al. in an analysis of Diplodocidae.

During the description of Amphicoelias altus in 1877, Cope additionally named A. latus, for a femur and tail vertebrae. Following its description, Osborn and Mook in 1921 reidentified the material as a specimen of Camarasaurus, an assignment followed by other authors who reviewed the material. A year later 1878, Cope named the third species of Amphicoelias, A. fragillimus for a gigantic dorsal vertebra that was subsequently lost. Measuring approximately 2.7 m (8.9 ft) if reconstructed based on Diplodocus, early estimates for the length of the animal in life were between 40 and 60 m (130 and 200 ft) long. Due to the incomplete nature, such lengths-the longest of any known dinosaur and sauropod-were largely ignored. In 2018, Kenneth Carpenter renamed Amphicoelias fragillimus as the new genus Maraapunisaurus, and reclassified it from Diplodocidae to Rebbachisauridae.

Sonic: WIND STYLE NINJA ART: EUDIMORPHODON!

Sonic fired a wave of wind and it formed into the flying reptile from Italy that lived 210 million years ago: Eudimorphodon!

---

Eudimorphodon was a pterosaur that was discovered in 1973 by Mario Pandolfi in the town of Cene, Italy and described the same year by Rocco Zambelli. The nearly complete skeleton was retrieved from shale deposited during the Late Triassic (mid to late Norian stage), making Eudimorphodon one of the oldest pterosaurs known.

It had a wingspan of about 100 centimetres (3.3 ft) and at the end of its long bony tail may have been a diamond-shaped flap like in the later Rhamphorhynchus. If so, the flap may have helped it steer while maneuvering in the air. Eudimorphodon is known from several skeletons, including juvenile specimens.

Aylene fired a wave of fire and it formed into the stegosaur from 76 million years ago: Heilongjiangosaurus!

---

Heilongjiangosaurus" (meaning "Heilongjiang lizard") is the informal name given to an as-yet undescribed genus of duckbilled dinosaur from the Late Cretaceous. It possibly was a lambeosaurine, and may in fact be the same animal as Charonosaurus. The fossils were found in Maastrichtian-age rocks in Heilongjiang, China. As a nomen nudum, it is unclear what material it was intended to be based on, but might be connected to the nomen nudum "Mandschurosaurus" jiainensis, informally named in a 1983 publication.

The "type species" is "H. jiayinensis", and it was coined in 2001 in a faunal list by Li and Jin.

Cera: EARTH STYLE NINJA ART: OJOCERATOPS!

Cera fired a wave of earth and it formed into the ceratopsian from 68 million years ago: Ojoceratops!

---

Ojoceratops ( meaning "Ojo Alamo horned face") is a genus of ceratopsian dinosaur which lived in what is now New Mexico, United States. Ojoceratops fossils have been recovered from strata of the Ojo Alamo Formation (Naashoibito Member), dating to the late Cretaceous period (probably Maastrichtian age, 68 million years ago). The type species is Ojoceratops fowleri. It is very similar to its close relative Triceratops, though it is from an earlier time period and has a more squared-off frill. Nick Longrich, in 2011, noted that the squared-off frill is also found in some true Triceratops specimens and that Ojoceratops is probably a junior synonym of Triceratops, while Holtz (2010) noted that it is probably ancestral to Triceratops and possibly synonymous with the contemporary Eotriceratops.

Ducky: EARTH STYLE NINJA ART: GRYPOSAURUS!

Ducky fired a wave of earth and it formed into the hadrosaur from 80 million years ago: Gryposaurus!

---

Gryposaurus (meaning "hooked-nosed (Greek grypos) lizard"; sometimes incorrectly translated as "griffin (Latin gryphus) lizard") was a genus of duckbilled dinosaur that lived about 80 to 75 million years ago, in the Late Cretaceous (late Santonian to late Campanian stages) of North America. Named species of Gryposaurus are known from the Dinosaur Park Formation in Alberta, Canada, and two formations in the United States: the Lower Two Medicine Formation in Montana and the Kaiparowits Formation of Utah. A possible additional species may extend the temporal range of the genus to 66 million years ago.

Gryposaurus is similar to Kritosaurus, and for many years the two were thought to be synonyms. It is known from numerous skulls, some skeletons, and even some skin impressions that show it to have had pyramidal scales projecting along the midline of the back. It is most easily distinguished from other duckbills by its narrow arching nasal hump, sometimes described as similar to a "Roman nose," and which may have been used for species or sexual identification, and/or combat with individuals of the same species. A large bipedal/quadrupedal herbivore around 9 meters (30 feet) long, it may have preferred river settings.

Tropeognathus (meaning "keel jaw") is a genus of large pterosaurs from the late Early Cretaceous of South America. This genus is considered to be a member of the Ornithocheiridae, a diverse group of pterosaurs known for their keel-tipped snouts and large size. Tropeognathus is regarded as the largest pterosaur found in the Southern Hemisphere, only rivaled by the huge azhdarchids. The type and only species is Tropeognathus mesembrinus. Fossil remains of Tropeognathus have been recovered from the Romualdo Formation, which is a Lagerstätte located in the Santana Group of the Araripe Basin in northeastern Brazil.

Spike: (Through translator) EARTH STYLE NINJA ART: DRAVIDOSAURUS!

Spike fired a wave of earth and it formed into the Dravidanidu dinosaur from 90 million years ago: Dravidosaurus!

---

Dravidosaurus (meaning "Dravidanadu lizard", Dravidanadu being a region in the southern part of India where the remains were discovered) is a controversial genus of prehistoric reptile. It was first described as the last surviving stegosaurian, the group of "plated" dinosaurs. With an estimated length of three metres (10 ft), it would have also been the smallest member of the group. More recent studies, however, have shown that the bones actually belonged to a plesiosaurian marine reptile, and that none of the remains are demonstrably dinosaurian in origin.

Dravidosaurus lived in the Late Cretaceous period (Coniacian stage) of what is now India. It is only known from disassociated remains that were originally described as comprising a partial skull, a tooth, a sacrum, an ilium, an ischium, a dermal plate, and a spike. The badly weathered remains were discovered in marine deposits near

Ariyalur in the state of Tamil Nadu in South India. They were in 1979 named by P.M. Yadagiri and Krishnan Ayyasami as the type species Dravidosaurus blanfordi, the specific name honouring William Thomas Blanford. The holotype partial skull is catalogued as GSI SR Pal 1, while other specimens are catalogued GSI SR Pal 2-7.

In 1991, Sankar Chatterjee visited the site and claimed, without presenting concrete morphological evidence, that Dravidosaurus was based on plesiosaurian pelvic and hindlimb elements, the species being a nomen dubium. However, this claim was rejected by Galton and Upchurch (2004), who noted that the skull, tooth and plate of Dravidosaurus are certainly not plesiosaurian as illustrated. Galton and Ayyasami (2017) reaffirmed the stegosaurian classification of Dravidosaurus, claiming the remains do not look like plesiosaurian pelvic and hindlimb elements. They announced that stegosaurian remains from the Dravidosaurus type locality are under study by one of the original describers of Dravidosaurus.

Kronosaurus (/ˌkrɒnoʊˈsɔːrəs/ KRON-o-SAWR-əs; meaning "lizard of Kronos") is an extinct genus of short-necked pliosaur. With an estimated length of 9 to 10.9 meters (30 to 36 ft), it was among the largest pliosaurs, and is named after the leader of the Greek Titans, Kronos. It lived in the Early Cretaceous period (Aptian to Late Albian). Fossil material has been recovered from the Toolebuc Formation (middle to late Albian) and Wallumbilla Formations (Aptian) of Queensland and New South Wales in Australia, and from the upper Paja Formation (late Aptian) in Boyacá, Colombia, and assigned to two species.

Lincoln and his harem: VIDEO GAME BOSS FINAL SMASH: VIDEO GAME SIDE BOSS STRIKE!

They all fired a massive blast of energy and it formed into the symbol of Kingdom Hearts and the blasts all smashed into Xehanort and exploded with incredible power!

***EXTREMELY MASSIVE KRABBOOOOOOOMMMMMMM!***

A massive and devastating mushroom cloud could be seen for miles.

When the smoke cleared, Xehanort was all brutally mangled up and beaten.

Eli Shane and all his friends destroyed the Heartless.

Pronto: Well, that was fun!

Kord: You think that was fun? Wait until we get back home!

Trixie: Xehanort's probably sent his Heartless to invade our world by now.

Eli Shane: Then we'd better get back home then.

They all agreed.

Eli Shane: Be careful guys.

They went back to SlugTerra.

Me: **It's over for you Xehanort!**

Xehanort: The χ-blade. Give it to me!

Kairi: (smirks) You want it?

Sora: (also smirks) Here it is!

Me: **This is for everything you've done Xehanort! NOW DIE!**

Me, Sora and Kairi: HEARTS OF LIGHT OMEGA SLASH!

We slashed Xehanort in a powerful slash in a triangle formation!

Me: **YOU WHO HAS PLANNED TO DESTROY THE ENTIRE UNIVERSE WITH YOUR EVIL, FEEL THE POWER OF ALL THE HEARTS OF THE WORLDS CONNECTED BY LIGHT, HOPE, FRIENDSHIP AND LOVE AND PERISH!**

Xehanort: THIS CAN'T BE HAPPENING! IT'S IMPOSSIBLE!

He exploded in a massive vortex of light and he was Super Hakaied in an instant and all that was left of him was his Keyblade the Gazing Eye.

Nico: I can use this Keyblade as my own.

Nico took Xehanort's Keyblade and it was now Nico's Keyblade.

I powered down and I fell over exhausted.

Me: Whoa! That was a major rush!

Nico: You were incredible J.D.

Me: Thanks Commander.

Kairi: (cries tears of joy) It's over, Sora. It's finally over.

Sora: (hugs her) It sure is.

Roxy Rocket: (smiles) We did it, guys. We finally did it.

Me: It's over guys. We won!

Overdrive: Xehanort's gone for good.

Evil Star: And all that's left of him are his Dark Orbs.

Nico then dropped a ring into my hand.

Me: What's this?

Nico: A wedding ring. You've earned the right to propose to one of your girlfriends.

Me: (chuckles) Don't rush these things, buddy. Besides I still have 7 years to go

Nico: (holds up hands in mock surrender) Hey, just trying to help your love life.

Me: Thanks Commander.

We both laughed as I started chasing Nico.

Top: (laughs with everyone else) I hope J.D. marries all of his wives someday.

Aqueduct: I hope so too. Nico's right. He's earned it.

Eli: He still has plenty of time. This was one of the most awesome battles ever.

Vince: Yeah it sure was. This calls for a celebration.

Nico and me stop chasing each other.

Nico: Good idea. Lets head to Lynn's table.

Pinkie Pie: LETS PARTY!

We cheered wildly.

Sora: (To the viewers) Xehanort is gone forever and he will never terrorize the entire universe again. The worlds are free and all the hearts are safe.

Nico: Thanks to all of us. Great job everyone. You all made me so proud. Lets go home.

We all went back home.

Back on Earth, everyone was cheering wildly. They knew we had won and triumped.

DBZ Announcer: AT LAST THE TERROR KNOWN AS XEHANORT HAS BEEN SILENCED FOREVER. THE BATTLE IS WON AND THE UNIVERSE IS NOW FOREVER FREE FROM HIS REIGN OF TERROR. TEAM LOUD PHOENIX STORM HAS TRIUMPHED AND ALL THE HEARTS ARE NOW SAFE ONCE MORE. THIS TIME FOREVER. SORA YOU AND YOUR FRIENDS ARE THE GREATEST KEYBLADERS OF ALL AND YOU ARE GREAT FRIENDS TO ALL. YOU DID GREAT GUYS. YOU DID GREAT. BUT THERE ARE STILL MANY MORE ADVENTURES TO COME. STAY TUNED FOR THE NEXT EXCITING ADVENTURE OF THE LOUD HOUSE REVAMPED.

THE END

Another awesome saga done.

WOOHOO! THIS WAS AWESOME! This whole saga was for Kingdom Hearts Dream Drop Distance and Kingdom Hearts III. I waited for 17 years for Kingdom Hearts III to come out and it was an epic wait and it finally came out on January 29th, 2019 and the wait was all worth it for this epic conclusion to the Dark Seeker Saga. Xehanort has been defeated and the universe will never see his ugly face again. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Nflemingful, Etstheclarenceguy, Darkhai, vinjedi1995 and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next girl will be Chione the Gargoyle and she is gonna be in the world of Jason and The Argonauts from 1963 and we're gonna meet her and a Ribombee Gene-Slammer named Lilly Vakusumomonov. We're gonna search for the magic Golden Fleece. Also the next chapter is for the awesome movie Ponyo and we're going to help Ponyo become human and also show Fujimoto that there is nothing to be afraid of with us humans.

See you all tomorrow.

# The Girl From The Ocean

At the World Tree Estate, I was getting ready to head out with Ingrid Martinez to meet another girl and Pokemon Gene-Slammer. It was a great victory for us as Xehanort was finally silenced forever. August 2nd, 2021 will forever go down in history for us as the Day We Killed The Most Evil Keyblade Ever Known to the entire universe. Nico came to me.

Nico: (to me) J.D., I'm gonna attend a victory party in the Aligned world while you're on your next rescue.

Me: Okay buddy. Have fun.

Nico left through the portal to the Aligned Transformer World.

Me: Ingrid it's time to head out. We're going to the Mediterranean near the Adriatic Sea.

Ingrid: (Spanish Accent) I've always wanted to see Greece.

Me: Many people do. We got 4 hours before the party starts. Lets roll.

We were off.

Over in Greece, me and Ingrid were flying over the Mediterranean.

Ingrid: Nothing like a little rescue after a war.

Ingrid concentrated and groaned as she grew two shark fins on her lower back.

Me: You said it Ingrid.

She turned into her Wobbegong Gene-Slammer form: SWIFTRAY!

Me: YEAH!

We then saw something on a cliff.

Me: Look up there!

We saw a bunch of men fighting living skeletons armed with swords and shields!

Me: Whoa! This is the world of the 1963 movie Jason and The Argonauts.

Swiftray: One of my favorite movies from my past.

Me: Mine too. Love that movie. Lets get them!

We flew at the Skeletons and clashed with them and blasted and slashed them all over and blew them apart. We even helped Jason in killing the Cyclops.

Me: That did it! Lets go get the Golden Fleece.

Me and Swiftray went into a cave and we saw the tree and we found on it the mystical and legendary Golden Fleece.

Me: Wow there it is.

Swiftray: Wow.

Then we heard hissing and out came THE SEVEN HEADED HYDRA!

?: Let me face that snake freak!

A girl came out and it was a Gargoyle!

Me: Whoa she's a Gargoyle!

I grabbed the Golden Fleece and then the girl had a Ribombee with her.

The Ribombee blasted the Hydra to pieces.

Me: YEAH! Take that!

We got outside.

Chione the Gargoyle: That was close. But that was awesome! I'm Chione.

Me: Pleasure to meet you and you would make a great addition to the Manhattan Clan of Gargoyles we know.

Chione the Gargoyle: I'm glad you think so.

Ribombee: (Russian Accent) It's a pleasure to meet you Comrade Knudson. I'm Lilly Vakusumomonov.

Me: Pleasure to meet you.

Swiftray: I'm Ingrid Martinez and I am called Swiftray in this form.

Chione the Gargoyle: Pleasure.

Me: Let me guess, you were minding your own business when Team Rocket's scientists turned you into this?

Ribombee.: Yes that's right.

Me: Those monsters. Team Rocket's all dead except for Jessie, James and Meowth. They got fired before we killed all of Team Rocket.

Ribombee: I see.

Chione the Gargoyle: Good riddance.

Me: Yeah. Lilly I can give you the power to change at will as well as give you the power to use your Pokemon's powers.

Ribombee: I would like that.

Me: Okay.

I put on my blind man glasses.

Me: It's gonna hurt a lot.

Ribombee: I'm ready.

I snapped my fingers and Ribombee reverted back and she had yellow and brown hair and Ingrid reverted back. She was naked. Ingrid reverted back.

Ingrid was human again. But topless.

Ingrid: (covers her boobs) Chione, we've got another friend who has the same name as you.

Chione the Gargoyle: Really?

Me: A bunch of friends actually and they are all gargoyles too.

Lilly Vakusumomonov: That's amazing.

Me: Yeah it sure is. The Manhattan Clan of Gargoyles. We are also having a huge party later on.

I gave Ingrid and Lily new clothes and we went back to the World Tree Estate.

---

In the Aligned Transformers World, Nico arrived and the Transformers were gonna have a party for him.

Nico: Hey, guys! Heard you guys are setting up a party.

RID Optimus: You heard right Nico and it's to honor your victory over Xehanort.

RID Bumblebee: We're really proud of you and everyone Nico.

Strongarm: Yeah great job dude.

Nico: Thanks guys.

Strongarm: You're welcome.

Nico: I heard you guys got attacked by Heartless. Was anyone seriously hurt?

Aligned Grimlock: Nope! I kept punching any Heartless that came near me!

Nico: Wow! That's a relief.

Strongarm: They didn't put up much of a fight. But after Xehanort was destroyed they vanished as suddenly as they appeared.

Nico: Wow. Thank goodness.

Russel: You're gonna love the food we have, Nico!

Nico: I'm starving.

Russel: Lets party!

They cheered!

Nico: What kind of food is there?

Russel: We got pizza, cookies, cake, candy, sub sandwiches and even Chicken Wings!

Nico: Oh boy! Chicken wings are my favorites.

Russel: Cool!

They had all sorts of food and did all sorts of games and stuff.

Drift: The threat of the Heartless and Dark Orbs still remain.

Aligned Sideswipe: Relax, Drift! Now that Xehanort's out of the picture, taking care of them will be easy peasy.

Nico: They sure will. Our scans revealed that when Xehanort died we destroyed 310 million of them and that makes up for more than 85% of the Dark Orbs that we missed. We still have 15% to go. But we're gonna probably be seeing them multiply like they did before later on.

Aligned Sideswipe: Wow! That's gonna be big.

Nico: It sure is.

Nico had a lot of fun.

Nico: Thanks for the party, guys!

Aligned Bumblebee: You're welcome Nico. You've earned it.

Strongarm: It's awesome.

Nico: Our party of going on in the Alola Region and we're gonna have fun in the Maldives. The Alola Region is now part of the Maldives.

RID Optimus: That sounds fun. Have fun there.

Nico: Will do.

Nico left through the portal back home.

---

Back at the estate, me and Ingrid came back and everyone saw Chione and Lilly.

Maria: Hey, J.D. I see you just rescued your next lover.

Me: I sure did.

Chione the Gargoyle: It sure is great to be with you all. My name is Chione and I'm a Gargoyle.

Eli: Wow!

Laney: It will be awesome to have you with us. The Manhattan Clan will love having another Gargoyle too.

Goliath: It's always a pleasure to have a fellow gargoyle with us. My name is Goliath and I am the leader of the Manhattan.

Chione the Gargoyle: Pleasure to meet you Goliath.

Nico came back.

May: How was the first party, honey?

Nico: Pretty good. I had lots of food there.

May: Awesome. Hope you're still hungry because it's time for the second party.

Me: Lets head to the Maldives everyone! We're having a beach party!

We cheered wildly.

## THE MALDIVES

---

(TROPICAL TROVE COVE BY BANJO KAZOOIE PLAYS)

We were having the whole beach to ourselves and we were having an awesome beach party to celebrate our victory over Xehanort.

Swift Foot: I'd like to propose a toast to the end of Xehanort!

Everyone: TO THE END OF XEHANORT! CHEERS!

We clinked our glasses and cheered wildly.

Vypra: Now we never have to see his ugly face again.

Eli: Amen to that. But his evil essence is still all over the universe.

Ets: Yeah but we'll destroy it all.

Nunnally: We sure will.

Me: Lets have fun guys!

This was our way to celebrate our epic victory over Xehanort and Organization XIII, after the thirteen days we've gone through, it's a perfect way to relax and unwind. The Masters of Evil were with us, including Jackie the Jackal. We did find out from him he chose to remain in his jackal form forever, as a way to repent for what happened years ago. That surprised us, but it showed us just how much prison has changed him.

Lori: Jackie, Sunset Shimmer told us everything that she found out, and we already forgive you. Plus, that was really surprising that you choose to remain in your jackal form forever.

Jackie the Jackal had a smile on his brown muzzle after hearing forgiveness for what he did long ago from Lori, as he picked her up and gently hugged her, and then, put her down.

Jackie the Jackal: Thanks, Lori.

Lynn: Plus, with Cody as your archenemy, you can really test out your newly upgraded superhuman strength, powers, and abilities.

Lola: And help us out when it's not your turn.

Jackie the Jackal: I'd like that very much.

Lincoln, Me, and Eli came out, but we now had awesome brand-new swim shorts for our brand-new hunky bodies and permanent appearances.

Lincoln had on a pair of large orange swim shorts with lightning bolts on them and sandals, and he still had on his weighted orange bands on his thighs, his Thunder Kanji earrings and Thunder Kanji necklace across his permanently bare chest and his lightning bolt cutie mark on his massive right pec, his Bracelets of The Champions of The Universe on his large wrists, his Belt of Elemental Bravery around his waist, the larger blue angel wings surging with powerful super lightning, the eight large orange orbs orbiting around his legs, his Sword of Taranis holstered on his back, his Orange Crystal Saber holstered on his left hip, and his Eater of Sins revolver holstered on his right hip.

Eli had on a pair of large ocean blue beach shorts with light blue ocean waves on them and sandals, along with his Bracelets of The Champions of The Universe on his wrists, and his large white angel wings, but, he's not wearing a shirt, which gave Nunnally a view of his large and muscular body and eight pack abs. His sword was holstered on his back and his Eater of Sins revolver holstered on his right hip.

And I had on a fire red beach shirt and a pair of large red beach shorts with flames on the legs, the large weighted rainbow aurora bands on my large biceps and on his thighs, I still had on my Phoenix earrings with the Fire Kanji in its talons and Fire Kanji necklace across my bare chest, my phoenix cutie mark was in full-view on his shoulder, large rainbow-colored angel wings with reflecting stars and galaxies, eleven large wolf tails with tips and elements on them, the large eight planets accompanied by stars orbiting around my legs, and Phoenixcalibur and The x-Blade holstered on my back, my Crystal Saber holstered on his left hip, and my Eater of Sins revolver holstered on his right hip.

When Lily the Mermaid and all of the girls in Lincoln's harem saw Lincoln in his new swim shorts, they did wild takes that could rival McWolf and The Looney Tunes, and when the girls in J.D.'s harem saw him in his new swim shorts, they did the same thing, even getting some nose bleeds. When Nunnally saw Eli in his new swim shorts, she had a blush on her face.

Lincoln and J.D. flexed their abnormally large and powerful muscles to their harems, with Eli flexing his large and powerful muscles to Nunnally.

Lincoln, Me, and Eli: (seductively) Like what you see, girls?

HUBBA HUBBA!

The girls in Lincoln and J.D.'s harems and Nunnally nodded at them, getting their approval.

Then, Lincoln and me made clones of themselves, and went up to the girls in their harems, with the real Lincoln and me going up to Lily the Mermaid and Varie. We picked up the girls with their large and powerful muscular arms, and hoisted them up to their faces. Then, in one swift move, they kissed them passionately on the lips, with the girls, stunned and blushing red, placing their left arm around their necks, and their right arms on their chests, returning the kiss and embrace in full.

Eli went up to Nunnally, and did the same thing Lincoln and me did, he hoisted up Nunnally to his face with his large and powerful muscular arms, and kissed her on the lips, as she wraps her arms around his neck, and returns the kiss and embrace in full.

The rest of the team saw it, and they had a good laugh.

Then, everyone was having fun with Lincoln and me, along with our harems, Lincoln's kids, and Fireheart Flame, going surfing in the water, Eli resting on a beach towel with Nunnally cuddling with Eli, and her head on his chest. Laney was making sand castles with Lola and Lana. Bobby and Lori were playing in the water with their kids, Rita was reading a novel, Lynn Sr. and Rosa were cooking on a grill Rosa brought from the apartment in Great Lakes City, Leni and Ed, along with Luan and Eddy, and Linka and Edd were also having fun in the shade, Vypra and the rest of the Masters of Evil were also enjoying themselves on the beach, while Shiv and the team's mascots were watching out for trouble, especially from Team Skull, because there's no telling when they'll show up. Ever since they found out that Lusamine and The Aether Foundation were now on Team Loud Phoenix Storm's side, after freeing Lusamine, some of their dumbest members were pretty pissed off, and were now wanting revenge.

Shiv: There's no sign of Team Skull anywhere. But, they're bound to show up.

Manaphy: Ever since we freed Lusamine and reunited her with Lillie and The Aether Foundation joined us, they're now pissed off big time at us.

Poromon: And some of their dumbest members will come after us, wanting revenge.

Poliwag: The second they show up, we'll beat their heads in, and send them running.

Jirachi saw something with his binoculars, and he saw who it was. It was some members of Team Skull heading towards them. As soon as the others saw it, they ran to warn the others.

Nico: Poromon, what's wrong?

Poromon: It's Team Skull, some of those numbskulls are heading for our location!

The team gasped, and they also saw the eight larger orange orbs orbiting around Lincoln's legs were glowing brightly and neon blue super lightning and neon blue energy flared up around them, and the eight larger planets and stars orbiting around my legs started glowing brightly and rainbow fire and rainbow energy flared up around them, and Eli sensed the members of Team Skull with the Force.

Lori: Whoa, Lincoln, J.D., take a look at the eight large orange orbs and eight large planets and stars orbiting around your legs.

Lincoln and me saw it, and they told them something interesting.

Lincoln: Yeah, and there's something we need to tell you guys. Whenever we sense something good or bad heading this way, the eight large orange orbs orbiting around my legs, and the eight large planets and stars orbiting around J.D.'s legs start glowing, but for me, neon blue super lightning and neon blue energy flares up around them, and rainbow fire and rainbow energy flares up around the eight large planets and stars orbiting around J.D.'s legs, and acts like a security alarm to warn us.

Me: Pretty cool huh.

This impressed the team.

Nico: Nice.

Then, some of the members of Team Skull arrived there.

Me: Just the numbskulls we're looking for.

Team Skull Member #1: Shut your traps, we're here to take revenge on you.

Team Skull Member #2: You turned Lusamine and The Aether Foundation against us, and we've lost our only source of protection, and now, you will pay!

Lincoln upholstered his Sword of Taranis and I had upholstered Phoenixcalibur from our wider muscular backs, and with a few swift slashes from our powerful blades, and holstering the swords on our backs, the clothes of the Team Skull members were shredded to pieces, leaving them in their boxers. They screamed like little girls, and they covered themselves, as we all laughed hysterically at them.

Me: I see London, I see France, I see Team Skull's underpants!

Jessie: (Pokemon) (laughs) Nice boxers, morons. Ooh, Lori, get a picture of it, and post it online. Let's see how they like being humiliated on the internet.

Lori: Sneaky idea, Jessie, doing it right now.

Lori took the picture with her phone, and posted it online for social media. Once everyone saw it, including everyone in the Galar Region, they laughed hysterically at their humiliation.

Meowth: (laughing) Everyone here in the Maldives, Gotham Royal York, including the Galar Region saw the picture, and they're laughing like crazy.

Then, Taylor (Loud House), Jimbo, Dolph, and Kearney laid quite the smackdown on the Team Skull members, and once they were done, the two Team Skull members had broken noses, missing teeth, lumps on their heads, and a couple of black eyes.

Me: Alright, now, beat it, and don't let us catch you here again.

Team Skull Member #1: Never, we'll kill you all, if it's the last thing we ever do!

Jackie the Jackal then came up to them, and when they saw the ten-foot-tall brown-furred jackal with massive muscles and eight-pack abs with gold cuff bracelets on his massive wrists, gold braces on his massive biceps, gold braces around his ankles looming over them, and was clad only in a short dark purple linen kilt wrapped around his waist held by a belt, sandals on his humanoid feet, and a short dark purple linen neck collar with The Master Jewel of Anubis permanently attached on it and forever bound by a spell by Anubis to its new owner, and they were scared so badly, the color drained from them.

Jackie the Jackal: You heard the man, but since you're too stupid to listen, we've got no other choice but to force you to leave.

Jackie the Jackal, Lori, and Air Lincoln fired powerful blasts of wind, which sent the two Team Skull members flying back to their hideout.

TING!

Lynn: GOAL!

Buster Bunny: And don't let us catch you numbskulls here again.

Me: YEAH!

Dante (Loud House): Time for you two to live up to your ends of your promise.

Me: Yep and we are not gonna be eating chum. I only said that as a joke. (Whistles)

Lynn Sr. came out with a huge buffet cart FULL OF CHICKEN WINGS! Made with every flavor of sauce you can think of.

Nico: (DROOLING LIKE A WATERFALL) OH BOY! (SLURPS)

May: LETS EAT!

Nico: (to the mascots) Are you guys drinking beer again?!

Me: Oh no!

Crankcase: (puts hand on my shoulder) Let it go, boss. They've earned it.

Me: Ah you're right. It is a party.

Nico: True. But J.D. where did you come up for all these amazing flavors of wings?

Me: You wouldn't believe me even if I told you.

Nico: Try me.

Me: I saw this restaurant over in Pennsylvania a while back and it had over 1,600 flavors of chicken wings.

Nico: 1,600!? Holy Football Skins!

Me: I know. Mind boggling.

Nico: What was the spiciest they had?

Me: It was called Nuclear Hell 2. It's a chicken wing that has pure capsaicin extract injected into it and it's covered in insanely spicy hot sauce, dusted with Habanero Powder and it has a deadly white powder that is so insanely spicy that the people who make it have to wear space suits when they make it.

Nico: WHOA!

Me: Yeah. I tried it. Loved it and I was one tough guy. Caused my fire aura to flare up big.

Armada Hoist: (to Shaggy and Scooby) Good job keeping Andy and his family distracted.

Shaggy: Like, no problem! It'll be a week before they figure it out.

Me: Who knows, but great job guys.

Shaggy: We gave them a check for $50,000,000,000.00. We didn't need that money anyway.

Scooby: Reah.

We ate as many as 40,203 wings. WE WERE BLOATED AND STUFFED.

I then noticed something on the lower right side of Lincoln's neck.

Me: Hey, Lincoln, there's something on the right side of your lower neck.

Nicole takes a look, and was surprised at what that was on Lincoln's neck.

Nicole: Dad, I saw the mark on the back of Lincoln's neck, and it's the constellation of Pisces, the Fish Constellation, and he also has the Aquarius Zodiac Sign on the lower right side of his neck.

We all gasped in awe, especially all of the girls in Lincoln's harem, when we saw the Pisces Constellation and the Aquarius Zodiac Sign on the lower right side of his neck.

Nico: Wow, that's incredible. J.D. has the Phoenix the Firebird Constellation on the lower right side of his neck, and now, Lincoln has the Pisces Constellation on the lower right side of his neck.

Lincoln formed a mirror of water using the powers of Hydro Man, and when he saw it, he was stunned with awe.

Lincoln: Wow, that's incredible.

Lucy H: I know about the Aquarius Zodiac Sign all too well. Those of the Aquarius Zodiac Sign are people who are are humanitarian, philanthropic, and keenly interested in making the world a better place. Along those lines, they'd like to make the world work better, which is why they focus much of their energy on our social institutions and how they work (or don't work). Aquarians are visionaries, progressive souls who love to spend time thinking about how things can be better. They are also quick to engage others in this process, which is why they have so many friends and acquaintances. Making the world a better place is a collaborative effort for Aquarians.

This stunned all of us on the team and The Masters of Evil, and Lincoln's family and friends now know more about his personality.

Lincoln: That describes me perfectly. I have so many friends and acquaintances, I focus my attention on doing well in school, and I always do spend time thinking how things can be better, and I'm known as The Man With A Plan, because I'm always coming up with plans all the time.

Nicole: And I've heard much about Pisces the Fish Constellation, in Astrology, It's symbolized by two fish swimming in opposite directions, representing the constant division of Pisces's attention between fantasy and reality. As the final sign, Pisces has absorbed every lesson - the joys and the pains, the hopes and the fears - learned by all of the other signs. This makes those who represent Pisces the most psychic, empathetic, and compassionate creatures of the astrological wheel. With such immense sensitivity, Pisces can easily become swallowed by emotions and must remember to stay grounded in the material realm (appropriately, Pisces rules the feet). A mutable sign, Pisces effortlessly adapts to their surroundings. Those who represent Pisces have unparalleled access to the collective unconscious through their clairvoyance and make incredible artists and creatives. Kind and gentle, they're invigorated by shared experiences of music and romance. Any relationship with mystical Pisces is guaranteed to involve deep spiritual exploration.

Lincoln and the rest of us then remembered the words they said about him when we were in Sunset Canyon, and we were stunned to find out that Lincoln is a representation of Pisces the Fish and the Aquarius Zodiac Signs.

Me: Which means those words we said about him are true, Lincoln does represent the constellation of Pisces the Fish and the Aquarius Zodiac Sign, this is quite a double whammy that Lincoln has.

Lynn: That's incredible.

Me: It sure is.

We had a great time at the beach and it was awesome. Ben used Alien X and he used his powers to make us change back to our normal forms. We can change into our hunky forms when needed.

---

Later the next day me and Eli and Nico were mashing and pulverizing a bunch of Trump Supporters. Trump may be dead, but his evil legacy still plagues the world in the minds of his supporters. Trump's followers have all declared war on Team Loud Phoenix Storm for killing their Leader and Savior. Turns out they want us dead for killing their "God" and we also brought down his regime. We also stopped them from burning down one of the stores that sells our merchandise.

POW! BIFF! SMASH! BLAM!

Me: You Trumpfuckers just don't know when to take a hint!

A man threw a bunch of Molotov Cocktails at me and Eli used the Force and threw them back at him and they hit him and set him on fire.

Eli fired a massive blast of Force Lightning and electrocuted them all over.

Nico: I can't believe that you jerks would believe the lies of someone that hates everyone and everything. How can you all be so gullible?

Man 1: KILL THE TRAITORS!

I fired a barrage of energy bullets from my fingers and made the Trump Supporters dance wildly.

A man tried to get behind me and hit me with a baseball bat. But my tail grabbed him and electrocuted him and threw him into the crowd.

The FBI came and arrested all the people and they counted over 6,434 people.

Agent Waco: These guys are going to prison for a long time for following the lies of a madman.

Me: And a Delusional monster. We have 75,000,000 Trump Followers to take down.

We went back to the Estate.

Later we were getting ready for our next mission.

Heckyl: By the way, J.D.? It's your turn to lead today.

Me: I know. And I have just the mission planned for us. First lets head back to the estate for a movie. We're going to watch one of Lily's favorites: Ponyo.

Everyone gasped and cheered.

Me: Wow you guys really love that movie huh?

Lily: It's one of my all time favorites!

Lori: Literally mine too!

Nico: COOL! Next to Spirited Away, Ponyo is one of my favorites too.

Eli: Mine too! So awesome!

Count Vertigo, Overdrive, Bronze Kneecap, Taskmaster, Vulkanus, Top, Aqueduct, Evil Star, Mirror Master and Roxy Rocket then appeared.

Count Vertigo: Can me, Overdrive, Bronze Kneecap, Taskmaster, Vulkanus, Top, Aqueduct, Evil Star, Mirror Master and Roxy Rocket come with you guys this time?

Me: You all sure can. First up is a movie. We're going to watch Ponyo.

Roxy Rocket: Ooh that is one of my favorites!

Me: Same with everyone else.

We got to watching Ponyo.

* * *

Fujimoto, a once-human wizard/scientist, lives underwater along with his daughter, Brunhilde, and her numerous smaller sisters. While she and her siblings are on an outing with their father in his four-flippered submarine, Brunhilde sneaks off and floats away on the back of a jellyfish. After an encounter with a fishing trawler, she becomes trapped in a glass jar and drifts to the shore of a small fishing town where she is rescued by a five-year-old boy named

Sōsuke. Shattering the jar with a rock, Sōsuke cuts his finger in the process. Brunhilde licks his wound causing it to heal almost instantly. Sōsuke names her Ponyo and promises to protect her. Meanwhile, a distraught Fujimoto searches frantically for his lost daughter whom he believes to have been kidnapped. He calls his wave spirits to recover her, leaving Sōsuke heartbroken and confused by what happened.

Ponyo and Fujimoto have an argument, during which Ponyo refuses to let her father call her by her birth name. She declares her desire to be known as 'Ponyo' and to become human. Using her magic, she forces herself to grow leg- and arm-like appendages and start changing into a human, a power granted to her by the human blood she ingested when she licked Sōsuke's finger. Her alarmed father forces her to change back into her true form and leaves to summon Ponyo's mother, Gran Mamare. Meanwhile, Ponyo, with the help of her sisters, breaks away from her father and inadvertently uses his magic to make herself fully human. The huge amount of magic that she releases into the ocean causes an imbalance in the world, resulting in a tsunami, leaving ships stranded at sea. Ponyo goes back to Sōsuke, who is amazed and overjoyed to see her. He tells his mother, Lisa, that Ponyo has returned as a little girl. Lisa allows Ponyo to stay at their house for the time being, and they wait out the storm together at Sōsuke's house. Worried about the residents of the nursing home where she works, Lisa leaves to check up on them, promising Sōsuke that she will return home as soon as possible.

Gran Mamare arrives at Fujimoto's submarine. Sōsuke's father, Kōichi, sees her traveling and recognizes her as the Goddess of Mercy. Fujimoto notices the moon appears to be falling out of its orbit and satellites are falling like shooting stars, symptoms of the dangerous imbalance of nature that now exists. Gran Mamare declares that if Sōsuke can pass a test, Ponyo can live as a human and that the order of the world will be restored. A still-worried Fujimoto reminds her that if Sōsuke fails the test, Ponyo will turn into sea foam.

Sōsuke and Ponyo wake up to find that most of the land around the house has been covered by the ocean. Since it is impossible for Lisa to come home, the two children decide to find her. With the help of Ponyo's magic, they make Sōsuke's toy pop pop boat life-size and set out across the swollen ocean.

When Ponyo and Sōsuke make it to the forest, however, Ponyo tires and falls asleep only to be woken by Sōsuke, who implores her to enlarge a second candle as the one powering their boat is about to go out. Ponyo dozes off after making one failed attempt at growing the candle, causing Sōsuke to have to push the boat to shore as it slowly reverts to its toy size. Sōsuke drags Ponyo to the shore, where he finds Lisa's abandoned car. Ponyo then wakes up, and the two decide to continue looking for her.

Ponyo and Sōsuke head into a tunnel, where Ponyo mysteriously reverts to her fish form. Meanwhile, Lisa and the residents of the nursing home, who are temporarily able to breathe water because of Gran Mamare, are waiting excitedly below the surface for Ponyo and Sōsuke to arrive. Sōsuke and Ponyo encounter Fujimoto, who warns the boy that the balance of nature is in danger and begs Sosuke to return Ponyo to him. Sōsuke doubts Fujimoto and attempts to flee, but the two children are quickly captured and Fujimoto takes them down to the protected nursing home.

Sōsuke is reunited with Lisa and meets Gran Mamare, with whom Lisa has just had a long private conversation. Gran Mamare asks Sōsuke if he can love Ponyo whether she is a fish or human. Sōsuke replies that he "loves all the Ponyos." Gran Mamare then tells her daughter that if she chooses to become human once and for all, she will have to give up her magical powers. Ponyo agrees to this, so Gran Mamare encases her in a bubble and gives her to Sōsuke. She tells him that kissing the bubble will complete Ponyo's transformation. The balance of nature is thus restored and the previously stranded ships head back to port. Fujimoto respects his daughter's choice to become a human, having decided he can trust Sōsuke. Before leaving Fujimoto asks Sōsuke to take good care of Ponyo. Ponyo then joyfully jumps high in the air and kisses Sōsuke, completing her transformation as a human.

We saw an awesome adventure and we felt really sorry for Fujimoto.

He was only looking out for his fishy friends. When the movie was done we cheered wildly.

Nico: Love that movie!

Me: Me too!

Eli: So awesome!

Apple Bloom: That is a really amazing story and movie.

Cocoa Axe: (Irish Accent) It sure is lass. I think Ponyo is now one of my favorites too.

Laney: She's also so cute.

Me: She lives in a house in the Ine Fishing Village in the Kyoto Prefecture.

Nico: That's a very famous fishing village. It's gonna be cool to see that.

Me: Yep. Lets head out.

We were off to the Ine Fishing Village.

---

## INE FISHING VILLAGE

---

We arrived in the Ine Fishing Villages.

Misfire: Okay. We're here. All we need to do is find Ponyo, help her become human, and convince Fujimoto that there's nothing wrong with humans. Should be easy, right?

Me: Actually according to this, it says here that Ponyo is already human and Fujimoto accepts Ponyo being human. Lets find Sōsuke.

Nico: Okay.

Eli: The movie Ponyo is actually very similar to The Little Mermaid.

Me: I Was just about to point that out.

We arrived at Sōsuke's house and it was a nice house with the view of the ocean.

Me: Here we are.

We saw Sōsuke and Ponyo playing in the water in their yard and it was fun.

Top: Hi! Are you Ponyo?

Ponyo: I sure am! Wow! You're Team Loud Phoenix Storm and it's awesome to meet you.

Ponyo jumped into Varie's arms.

Varie: It's awesome to meet you too Ponyo. You are so cute.

Me: She sure is.

Sōsuke: Wow! Team Loud Phoenix Storm! It's such a huge honor!

Me: You must be Sōsuke. It's a pleasure.

Sōsuke: You guys were awesome taking down that monster!

Me: You mean Xehanort. Yeah he had it coming.

Ponyo: That was amazing!

Solar Man: So, how does it feel to be human?

Ponyo: It feels amazing! I love being human.

Me: (Chuckles) That's awesome.

Eli: It's cool huh? I like living in the water myself and it's amazing.

Nico: It sure is.

Sōsuke: But it's awesome having you guys here.

Aqueduct: I could use the surrounding ocean to my advantage.

Varie: Same with all of the Neptune Crusaders.

Sōsuke: We could use your help too. We saw a bunch of strange fish men in the water.

Me: Fish Men? What did they look like?

Ponyo: They were tall guys and they said they were Atlanteans.

Me: Atlanteans? (Gasp) You mean Attuma, Byrrah, and Krang of the Marvel Comic Books?

Sōsuke: Yeah I think that's them.

Nico: We haven't faced them yet.

Twilight Sparkle: Who are Attuma, Byrrah, and Krang?

Me: Atlantean Warlords that want to destroy the world.

I went over their history.

---

Attuma

**Attuma** is a villain from *Marvel Comics* and the main antagonist of the *Namor the Sub-Mariner* series. He is the father of superheroine Andromeda and the archenemy of Namor constantly trying to usurp him.

He was born into the tribe of Homo Mermanus who eschewed civilization to live as underwater nomadic barbarians. By some unrecorded method, Attuma was endowed with strength far surpassing that of his people. Nearing adulthood, Attuma learned of a prophecy, in the lost Atlantean Chronicles, of a conqueror who would take the empire of Atlantis by force. Believing himself to be that conqueror, Attuma moved to a position of leadership over his barbaric brethren, and launched an attack on the city of Atlantis and its ruler, Prince Namor, also known as the Sub-Mariner. He is Namor's archenemy.

Attuma appears as a boss and playable character in *Lego Marvel Superheroes 2* . He enlists the help of Torg the Yeti as he controls him with the pearl containing a Nexus Shard. As he is defeated in the end, Torg grabs him and swims him down to a school of jellyfish.

Attuma has appeared in various media such as in the TV shows and video games.

## Byrrah

**Prince Byrrah of Atlantis** was cousin to Prince Namor, a.k.a. the Sub-Mariner and thus a possible heir to the Atlantean throne. Throughout his childhood, Byrrah was openly friendly with Namor but secretly resented him due to his mixed heritage. What first started off as prejudiced dislike turned into a motivation to murder his potential rival for the throne.

In his earliest noted appearance, Byrrah frequently played with Namor during a period in which Namor was just beginning to discover the full extent of the abilities granted to him due to his mixed heritage. One day while playing "Atlanteans vs Americans", Byrrah and Namor were separated between a sheet of ice trapping Namor on the surface. At first Byrrah kept this a secret not wishing to get in trouble for trapping Namor on the surface. However in a rare moment of guilt told his step-sister Princess Fen of Namor's situation. Fen led Atlantean soldiers on a rescue mission and were shocked to discover that Namor could breath on the surface indefinitely.[3] When Namor was 10, Byrrah dared Namor to go to the surface during a blizzard, Namor did so and was surprised to find that he had a measure of invulnerability when he was attacked by huskies.[4] By the time Namor was 12, Byrrah's jealousy over him grew and he attempted to slay Namor and Princess Fen by pinning them under the mast of a derelict ship. However, Namor's newly discovered strength allowed him to save his mother, and later Byrrah when he became trapped in one of the ships quarters. When Namor was 15, Byrrah played with Namor in a derelict sub-marine. Unknown to them they were followed by Namor's cousin Namora who wanted to teach Namor a lesson that they were equals. She trapped him in the torpedo tube, and when Byrrah realized Namor was seemingly trapped he panicked and fled, although Namora eventually freed Namor. When Namor was 16, Byrrah accompanied Namor and Namora to the surface to explore the abandoned Antarctic research station known as "Little America". When Namora found herself trapped in a flaming cabin, Byrrah cowardly fled the scene while Namor rescued her. By the time Namor was 17, Byrrah had grown tired of how Namor showed off his abilities.

20th Century

Regardless of his intentions, Byrrah eventually gained a reputation as a peace-loving and kind nobleman. His activities during much of the 20th century were mostly unknown.

During the course of World War II, Byrrah's step-father Emperor Thakorr was injured during a Nazi attack on Atlantis, putting the ruler in a coma throughout most of the 1940s. When Thakorr revived shortly after the war's end, Byrrah and Warlord Krang convinced a confused Thakorr that Namor forsook his people in favor of the surface world, leading to Namor being exiled from Atlantis until the mid 1950s.

With Namor back in the good graces of the Emperor by 1954, Byrrah began plotting to usurp the Sub-Mariner's position in society. Byrrah managed to convince his step-father Emperor Thakorr to allow him to lead an invasion of the surface world with an attack on South America, despite Namor's warnings that it would be a suicide mission. In order to inflame things, Byrrah tipped off the South American authorities of the attack and leaving them to believe that Namor was the one responsible. Eventually, Namor and his cousin Namora thwarted Byrrah by tricking him into sending his troops into a trap that decimated their attack fleet forcing them to flee. Although Byrrah returned a failure he managed to turn Thakorr's wrath toward Namor for foiling the plot leading to Namor being exiled from the kingdom. Namor's exile proved short lived and soon Byrrah plotted anew, using an iceberg to cause massive destruction across North America, this plan was stopped by Namor who used his own ice berg to destroy Byrrah's although Byrrah escape before getting caught. In his next plot to discredit the Sub-Mariner, Byrrah created a robot duplicate of Namor and unleashed it on New York City, so that Namor would be blamed for the attack. Namor uncovered the plot and destroyed the robot, and suspecting Byrrah, confronted him but found no evidence proving Byrrah's involvement.

In 1955, Emperor Thakorr developed a device that could restore Namor's full abilities after they had waned over the years. Byrrah attempted to stop this by stealing the required formula, but Namor was able to stop him and restore his lost abilities. Later when Byrrah tricked a Communist sub to try and sink an American ship, Namor stopped his plot. Not long after, surface explorers appeared near Atlantis on a Uranium hunting expedition. Namor rashly led an attack but stopped when he realized that the explorers were only seeking Uranium. However, Byrrah had no such compunctions and attempted to attack the vessel with his own loyal followers but was stopped by Namor. This in turned allowed the explorers to warn the people of Atlantis of an undersea earthquake given the Atlanteans enough time to evacuate their kingdom. Byrrah soon began working with a Communist faction that was preparing to stage a coup of a Central American country, by providing them specially treated ice to help smuggle weapons into that country. When Namor discovered the plan he dismantled it and then froze Byrrah in a block of ice as a lesson. However, Namora convinced Namor to let Byrrah free, after doing so the Sub-Mariner warned Byrrah from working for the Communists again as they would likely turn against them and attack Atlantis after conquering the surface world.

Soon Byrrah's ambitions for ruling the kingdom came to fruition with a series of events that changed the lives of his people. First, Namor attempted to petition the United Nations into allowing Atlantis to join their ranks but he was forced to abort his mission due to the prejudice of the people of New York City. Byrrah was instrumental in convincing Emperor Thakorr that the people of Atlantis should cut all ties with the surface world to avoid attack. Soon after the kingdom was attacked by the telepathic madman known as Destiny who sought to test out the power of his Helmet of Power. During the battle, Atlantis was decimated, Emperor Thakorr and Princess Fen were killed, and the Sub-Mariner went missing. Byrrah took command of the tattered remnants of the people of Atlantis, and allowed for his people to search for the Sub-Mariner but called off the search by 1961, when the searches yielded no success.

### Modern Age

Byrrah became supervisor of the Atlantean weapons factories. Later, using a mind control device, he convinced the citizens of Atlantis to chose him as leader, exiling Namor, and forming an alliance with Atlantis' enemies, Attuma and Krang. Lady Dorma destroyed Byrrah's device, and ultimately Namor returned, exiling Byrrah and defeating his enemies' schemes. Byrrah returned to trick the Atlanteans again, this time with the help of Dr. Dorcas, but was again exiled by Namor.

Next, he formed an alliance with Llyra, empress of the undersea Lemurians, promising to marry her after gaining the Atlantean throne. At the same time, he allied with the alien race of Badoon and kidnapped his cousin Namorita. The Badoon betrayed him, and Byrrah and Namor defeated the Badoon together, Namor releasing Byrrah from punishment.

During the time when the warlord Attuma ruled Atlantis while Namor was on the surface world, Byrrah appealed to Namor to join him in defeating Attuma. Although they did not defeat Attuma, Namor returned to govern the undersea Deluvia.

Byrrah's current activities are unknown.

## Krang

**Krang**, also known as **Warlord Krang**, is an enemy of Namor.

### History

Krang grew up in Atlantis and soon became an accomplished and high-ranking military officer. He soon fell in love with Lady Dorma, who was drifting from her true love, Prince Namor, who, unbeknownst to her, had amnesia on the surface world at the time. Krang entertained notions of overthrowing the throne, and when Namor regained his memories, Krang offered his services as warlord under Namor's rule of Atlantis. Then, when Namor was gone for an extended absence, Krang stepped in and seized the throne, ruling as a despot and turning Namor away.

* * *

When I was finished we were shocked.

Nico: WHOA! And we haven't faced them yet.

Me: No we sure haven't.

Taskmaster: Those guys? I actually forgot they existed.

Namor: I had a feeling we were gonna face them one day. They are 3 of my dangerous nemeses. Prince Byrrah is my cousin.

Nico: Looks like we're gonna have to destroy them forever.

Laney: Yeah. Also did you guys see how powerful J.D. became when we fought Xehanort?

Sōsuke: We heard about it and it was incredible.

Ponyo: It sure was.

Eli: That's my bro for you.

Bad Juju: (to Namor) (Voodoo Accent) I'm just glad you decided to join us today, Namor.

Namor: Always glad to help fellow friends and heroes.

Nico: Awesome.

Me: But at least with you helping us it will make taking down the Atlantean Warlords easier.

Sōsuke: It sure will. Also did you guy see what happened in Tokyo?

Me: You mean with Tokyo and Zyuland becoming one? Yeah we sure did. That is amazing.

Bud: And I should know because Zyuland is my home.

Me: Long story but it's really cool.

Evil Star: First, we need to check if any of your other friends are okay.

Sōsuke: Good idea.

Ponyo: Lets check out Sōsuke's school and his mom.

Me: Okay.

We went and found Sōsuke's mom Lisa.

Me: So it's just Ponyo, you and your mom Sōsuke?

Sōsuke: Yeah it's just us.

Lisa (Ponyo): Sōsuke is very lonely but he has me and Ponyo.

Me: Well we can be your friends too.

Sōsuke hugged me and I returned it.

Me: Aww.

Gus Grav: What about Fujimoto?

Vulcan: If he's still hating on humans, I'm gonna strangle him!

Me: I think he means just here on land are his friends and his mom.

Vulcan: Oh sorry.

Sōsuke: Yeah and Fujimoto and Gran Mamare are my friends too.

Me: Whoa! You know Gran Mamare, The Goddess of Mercy and the Queen of the Sea?

Brittney: Wow! That's incredible. She is amazing.

Nico: She sure is. And Fujimoto and Gran Mamare are amazing

Bronze Kneecap: We should find them before Attuma and his goons do!

Me: Agreed. Sōsuke, Ponyo, Lisa, you are in for an awesome treat to join us on our adventures.

Ponyo: So awesome!

Me: Lets head out. And don't worry we'll give you all the ability to breathe underwater like we can. It came with our powers.

Lisa (Ponyo): Cool!

Me: Now lets head out.

Eli: Here we go.

We went to the ocean and dove in and Sōsuke, Lisa and Ponyo were breathing underwater.

Me: Wow.

Nico: I've always wondered what it was like to be in this part of the ocean in Japan.

Me: It's pretty.

We then saw Fujimoto's home and it was a boat that was underwater and in an air bubble.

Crimson: Is this where he lives?

Ponyo: Yep it sure is.

Me: Wow he lives all the way down here? Poor guy must really get lonesome down here.

We went into his boat and we saw him.

Roxy Rocket: Excuse me. Are you Fujimoto?

Fujimoto: That's correct. Team Loud Phoenix Storm it's such an honor.

Me: Pleasure to meet you too. Ponyo here told us so much about you.

Fujimoto: I'm honored.

Me: I'm sorry we came in like this. We just came to talk.

Wind Man: You don't still hate humans, do you? Because I don't really count as human.

Fujimoto: No robots are different. I don't hate humans anymore after being shown how Sōsuke and Ponyo became amazing friends.

Me: That's great you don't hate humans. Also you don't have to worry about us polluting the oceans anymore and all that. We all cleaned them up and are using cleaner sources of fuel and we also have really big conservation programs for helping to repopulate the oceans all with fish that we eat and all that. It's to prevent overfishing and all that.

Fujimoto: That's great you did all that. You all have done so much for the entire planet and all over the universe.

Nico: We do have that kind of impact.

Me: Not to brag.

Eli: Yeah we sure do have that feeling.

Me: We're just glad that you don't hate us anymore. After everything we do. But we're doing our best to do what's right.

Nico: Yeah that's right.

Overdrive: Listen, this might sound like a strange question. But are there any vehicles I can use?

Fujimoto: No I don't.

Me: Luckily I came prepared.

I pulled out a scroll and unsealed a huge tank for him and put it outside.

OVerdrive: Cool! Thanks.

Me: And just in time too.

I fired an energy blast and it hit a rock and blew it apart and blew three figures out from the explosion. They were ATTUMA, BYRRAH AND KRANG!

A massive vortex of water swirled around on the floor and the symbols of the DC Superheroes swirled around it and converged and we came out.

Me: Look who was trying to sneak up on us.

Eli: Nice try warlord dirtbags!

Attuma: We're amazed you found us so quickly J.D. Knudson.

Byrrah: Too bad it will be the last time.

Krang: You are going to die right here.

Me: Oh I don't think so.

Attuma: Deal with these fools while I prepare the steps for my plan.

Byrrah: Yes, Attuma.

Attuma then left.

Snapdragon: Namor, they're your enemies. Any weaknesses?

Namor: Plenty of them. But they are really tough. They are mostly weak to lightning.

Lincoln: Like this?

Lincoln fired a blast of lightning and it electrocuted Byrrah and killed him in an instant by blowing him into a million pieces of chum.

Me: He didn't put up much of a fight.

Krang: WHAT THE HELL ARE YOU GUYS!?

Me: People you don't ever want to mess around with.

Vulkanus: (to his pickaxe minions) Why don't you guys lend a hand?

They went and helped us out and smashed and pulverized him.

Ashi: Surrender and we will show you mercy.

Krang: Never! I'll kill you all!

?: Not on our watch!

Krang: Who's there?! The Zyuoghers or Kyurangers?!

?: Actually, none of them!

Two kids swooped in and kicked Krang in the face and knocked him down.

Lucy Loud: Gasp!

Me: Wait a second. Are you?

Carmen Cortez: Carmen Elizabeth Juanita Echo Sky Brava Cortez.

Juni Cortez: Juni Rocket Racer Rebel Cortez.

Carmen Cortez: O.S.S. Spies.

Lucy Loud: Carmen and Juni it's great to meet you in person.

Juni: Same to you Lucy. It's awesome meeting you in person too.

Me: It's awesome meeting you. Your mom and dad are very well known in the world of espionage and secret agents.

James Bond: (British Accent) Gregorio and Ingrid Cortez are good friends of MI6.

Carmen Cortez: And you are?

James Bond: Name's Bond, James Bond.

Carmen Cortez: Wow! It's such an honor!

Me: Thanks for helping us kids. We owe you one.

Carmen Cortez: You guys go! We've got this chump!

Mirror Master: You sure about that? He's not exactly human.

Me: We'll help you all later in the future and we owe you one.

Carmen Cortez: Think nothing of it.

Lola: What does O.S.S. stand for?

Me: It stands for Organization of Super Spies. It's a very powerful top secret government organization that specializes in espionage, infiltration and foiling plots of world domination.

Lola: Whoa! That's amazing.

Nico: Yeah it sure is.

Me: Yeah. It's like the C.I.A., MI6 and all the very powerful Spy Organizations around the world.

We went at Attuma.

Attuma: What happened to Byrrah and Krang?!

Hunch: Byrrah's dead! Krang's gonna die too. (sheepishly) But none of us here will be the ones to kill him.

Me: And now you are next Attuma.

I flared up my Rainbow Aura without transforming.

Sōsuke: Whoa!

Nico: Neat huh.

?: YOU MOTHERFUCKING CUR!

Me: Oh Evil Sasuke why can't you just take a hint and shut the fuck up.

An Evil Sasuke came out!

Me: You Evil Sasuke's just don't know when to call it quits.

Evil Sasuke: I WILL KILL YOU IF IT'S THE LAST THING I EVER DO!

Me: I'll take this asshole down, once and for all.

But, Naruto stopped me.

Naruto: No, big bro, let me. I'm not letting this animal live any longer.

Me smiled, and let Naruto take his shot at the murderous bastard.

Me: Go get him bro.

Naruto went up to the Evil Sasuke.

Naruto: This ends here and now.

Suddenly, Naruto's blue eyes have turned neon crimson red and his pupils turned into the slit pupils of a fox, as a crimson red energy aura flared up around his body. The team saw it, and knew that Evil Sasuke has signed his own death warrant.

Naruto: You just don't even know when to quit, do you, Sasuke? Your lust for power and desire for vengeance has led you down the road to ruin, your family, except for Naori, Mikoto, Itachi, Shisui, and even your true self, have now been exposed as the true demons to The Hidden Leaf and the 5 Great Nations, because of the crimes they've committed against the village and against the Hokage and the world over the years. Well, this time, I shall put you down like the mad dog you've become, and after you die, you shall join Fugaku, Obito, and Madara and all of your clan in The Warp forever, you pathetic traitor!

Then, a massive and powerful vortex of crimson red energy, crimson red flames, and crimson red lightning surrounded Naruto, and the vortex was surrounded by foxes running around the vortex, and inside the vortex was an orange phoenix, and accompanied by the phoenix were the red eyes of The Nine-Tailed Fox, Natsumi.

Then, when the crimson red vortex faded, Naruto emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Naruto now looked like he's 21 years old, and he was now 6'11" in height with abnormally large and powerful muscles and eight-pack abs, his blond hair has gotten longer, reaching to the bottom of his neck, and it was tied in a ponytail, and he has crimson red fire highlights on the bangs. He has on red weighted bands on his large biceps and on his thighs, he has neon crimson red eyes with fox slit pupils, the three whiskers on both sides of his face will be darkened, he has a massive crimson red energy aura surrounding his body, he has on his Bracelets of The Champions of The Universe on his wrists, but the large crimson gems on them are crimson red, he has on his own Belt of Elemental Bravery on his waist, and it holds up the long red trench coat coattails, which have hanging silver flames on them, he has on black pants with red flames on the legs, and he has on large black leather combat boots. He has a red nine-tailed fox emblazoned on his forehead, and he now has a pair of large red fox ears with blond tips on top of his head, nine large long fox tails with blond tips that had flickering flames on them, and large crimson red angel wings with blond tips on the feathers. He had the sword Vulpes gave him in his hand, but it changed dramatically, as the double-edged blade became massive and it was now 6'0" in length, and it had the Nine-Tailed Fox etched on the blade, his new sword's crossguard turned into crimson red angel wings and it had a large red gem for the hilt, a long black handle, and a large crimson red sphere pommel with large red gems surrounding it, and his Eater of Sins revolver is holstered on his right hip. He has on a pair of nine-tailed-fox earrings with the Fire Kanji in its claws, and a Fire Kanji necklace on his bare chest, his cutie mark, the Nine-Tailed Fox and Hidden Leaf symbol was moved to his left shoulder, and he has on a pair of fingerless gloves for his larger hands, the backhand of the gloves have the symbol of The Hidden Leaf and the phoenix on them, and there are nine large crimson red orbs orbiting around

Naruto's legs. There was a red kanji on his back that said, "Naruto Uzumaki-Namikaze, Son of Minato Namikaze and Kushina Uzumaki, Jinchuriki of The Nine-Tailed-Fox, Loving Brother to James Dean Knudson and all of Team Loud Phoenix Storm, Lover to Many Wives, Loving Father, and Savior and Future Seventh Hokage of The Hidden Leaf Village."

うずまきナルト-波風ミナトとうずまきクシナの息子、九尾の狐の人柱力、ジェームズ・ディーン・ナドソンとチームラウドフェニックスストームのすべての愛する兄弟、多くの妻への恋人、愛する父、そして救世主と未来の第七火影隠された葉の村の

Naruto has transformed into SUPER ANGEL 500,000,000,000 INFERNO FIRESTORM FOX ANGEL!

Me: WHOA! Bro you look amazing!

Nico: WOW! Way to go Naruto!

The girls in Naruto's Harem were gawking at him and how hunky and muscular he was and they squealed like fangirls and they were enamored by his appearance!

Me: Whoa! Bro how do you feel?

Naruto: (Divine Echoing Fiery Feral Voice) **Incredible bro. This power is more than enough to make this monster pay for the crimes that he and his clan all did.**

Nico: Show no mercy to that son of a bitch Naruto.

Naruto: **With pleasure.**

Naruto combined his transformation with his Six Paths Sage Mode and the nine magatama appeared on his back above the kanji, and the truth-seeking balls all appeared orbiting behind his back.

Femme Fatale, Kitty, Shiva, Puff, Titania, Major Disaster, Bonz, Melter, Man Ray and Dirty Bubble then appeared.

Me: Femme Fatale, Kitty, Shiva, Puff, Titania, Major Disaster, Bonz, Melter, Man Ray and Dirty Bubble.

Man Ray: It's really nice to meet you, Ponyo.

Ponyo: Same here.

Dirty Bubble: You're actually very similar to Ariel.

Ponyo: Really?

Major Disaster: Yep. Especially since you're both from the ocean and became human.

Me: That is a coincidental resemblance huh?

Bonz: (to me) By the way, we heard you went to the world of Jason and The Argonauts.

Me: We sure did and that movie was from 1963. One of my dad's favorites from his past.

Melter: Did you find anything there?

Me: You bet we did. We found the legendary Golden Fleece.

Melter: Wow! That is a mystical artifact.

Nico: It sure is a pretty one.

Me: Yep.

We then saw two figures come out and it was EL TORO of LOONEY TUNES and CLUCK from Skylanders!

---

El Toro

Shorts

He made his debut appearance in the short "Bully for Bugs". He makes short work of the regular matadors, then a burrowing Bugs Bunny surfaces in the bullring. They battle back and forth but Bugs ultimately wins the war.

He later appeared in the opening scene of "Mexican Cat Dance", again quickly dispatching a matador. Toro's appearance in "Mexican Cat Dance" is reused footage from "Bully for Bugs".

## Movies

Toro the Bull appears at the beginning of *Who Framed Roger Rabbit*, auditioning with other cartoon cows at the Maroon Cartoon Studios for a part in a cartoon.

Toro also appears in the films *Space Jam* (where Daffy Duck paints Monstar Pound's butt red, causing the bull to charge at it) and *Looney Tunes Back in Action* .

## Video Games

Toro has also appeared in several Looney Tunes games, such as *Bugs Bunny Rabbit Rampage*, where he is tricked by Bugs and runs into steel grinders, *Bugs Bunny in Double Trouble*, in the level "Bully for Bugs" (which itself is based on the cartoon of the same name), and *Bugs Bunny: Lost in Time*, in the La Corrida boss level. He also appears in *Looney Tunes: Acme Arsenal* as the boss of the level "Bully for Porky" along with Hyde Porky, in *Looney Tunes: Back in Action: The Video Game* where he is rampaging in the Louvre, and in *Looney Tunes World of Mayhem* as Lunar Toro, a Chinese lunar new year variant of Toro the Bull.

## TV Series

Toro appeared in the *Looney Tunes Laff Riot* test pilot before it was replaced by *The Looney Tunes Show* . It would have been his first appearance in a TV series. He also would have been Yosemite Sam's henchman.

Toro's first actual TV appearance was in *The Looney Tunes Show* Merrie Melodie "Stick to My Guns".

## Cap'n Cluck

**Cluck**, better known as **Cap'n Cluck**, is an antagonist in the Skylanders series, first appearing in the Adventure Pack level of Skylanders: Swap Force, the Tower of Time.

Biography

In that level, Cluck grew tired of the tower's constantly ringing bells and was given a large mechanical suit by Time Trolls, which he used to overtake the town and built a nest in the clock tower, preventing time from flowing naturally, and causing Skylands to become stuck in an infinite time loop. He was eventually stopped by the Skylanders shortly after.

Cluck returns in Skylanders: Superchargers. Cluck had begun a new scheme, in the form of a popular chicken fast-food business called Cap'n Cluck's King-Sized Chicken. As long as he had a magical kernel known as the Colossal Kernel, Cluck had the intention to supersize his chicken army and take over Skylands. Eventually, the Skylanders were able to defeat Cluck, as he vowed his revenge. Despite this, he had been chased away by rolling bloated chickens.

---

Me: Toro the Bull!

Spyro: And Cluck! What are you doing here?

Cluck: I'm here to fight one of you as my archenemy.

Foghorn Leghorn: Looks like, I say, looks like I'm gonna get my own archenemy from you.

Cluck: Chicken VS Bad Bird of Skylands. I like that.

Chione the Gargoyle: And it looks like I'm gonna get my own awesome archenemy.

?: That is gonna be cool.

A figure came out and it was SPIDERTRON from episode 23 of Mighty Morphin Season 1!

---

**Spidertron** is the single spider monster created by Finster. He serves as the main antagonist of the episode Itsy Bitsy Spider.

Spidertron was created by Finster. Rita Repulsa hid Spidertron on Earth inside the statue of the Forest's Spirit in the park. The monster was tasked with putting a sleep spell on everyone who came near it. When Zack with his students came to the park to study karate, all of them, except Zack, fell under Spidertron's spell. Spidertron then emerged from the statue and attacked, where it was revealed that Zack had an overwhelming fear of insects, especially spiders. However Black Ranger managed to overcome his fear and helped his friends to defeat the monster on the ground with his Power Axe. Rita then enlarged Spidertron. As a giant, Spidertron could fire energy web and multicolored lightning. The Rangers formed the Megazord and were able to fight him, but after an intense attack, they were separated back into their individual Zords. The monster managed to reflect the Mastodon Dinozord's Freeze Spray and Tyrannosaurus Dinozord's jump kick attack. He even trapped Dragonzord in his web. However, Mastodon, Saber-Toothed Tiger Dinozord, Triceratops Dinozord combined with Dragonzord, forming Dragonzord Battle Mode (Tyrannosaurus was assisting and Pterodactyl Dinozord seemed missing). They finally destroyed Spidertron with Dragonzord Battle Mode's Power Staff drill attack, perforating a hole in his midsection, causing him to fall and explode.

---

Zack: Spidertron!

Spidertron: Been a while Black Ranger.

Me: I remember you! Rita sent you to exploit Zack's fear of spiders to her doing so you can destroy the rangers!

Spidertron: That's right. Good memory on you.

Me: Never missed an episode. But when I kill Rita, I'm gonna make sure she begs for mercy which I will never give to her. Fucking bitch.

Nico: Yeah that monster needs to be destroyed forever.

Spidertron: (to Zack) I'm just glad you and Leni aren't afraid of spiders anymore, Black Ranger.

Zack: We are too.

Leni: Totes agree.

Me: Lets get it on!

Battle 15: Naruto VS Sasuke

---

Evil Sasuke was next and he was facing his second most hated archnemesis: NARUTO UZUMAKI NAMIKAZE!

Naruto: **Your clan paid the ultimate price for their crimes just like you soon will.**

Evil Sasuke: (ENRAGED) I'LL KILL YOU 100 TIMES OVER FOR SAYING THAT!

Naruto: **FUCK YOU!**

Evil Sasuke went at him and Naruto blocked his punch and kicked him in the face and smashed him into the ground!

Evil Sasuke held his face in agony and he got up.

Evil Sasuke: I HATE YOU! YOU SHOULD BE A HELPLESS WEAKLING BEFORE ME! We are the Uchiha! We are the Strongest!

Naruto: **Blah blah blah blah. All you are is nothing but a bunch of talk and you are nothing but a coward. You will never be the strongest as long as I'm around.**

Evil Sasuke: WHY ARE YOU SO STRONG!? YOU ARE NOTHING COMPARED TO THE UCHIHA! WE ARE THE STRONGEST!

Naruto: **Because the Uchiha are nothing but a bunch of traitors, murderers, thieves and delusional monsters that care about no one other than themselves. Your clan's crimes against the world are completely unforgivable. You all think you are so entitled to everything and want to have everything handed to you all on a silver plater. That's all you ever care about is nothing but power. But there were exceptions in the Uchiha. Itachi, Naori, Izumi, Shisui, Mikoto, they were those that are exceptions. But the rest of the Uchiha are pure evil incarnate. You and your clan are nothing more than a bunch of sad and fucked up megalomaniacal fuckpots that have absolutely no respect for the value of human life at all and will do anything to get what they want. Even kill the people of their own village and those that are precious to them. You all fucking disgust me!**

Evil Sasuke was enraged.

Nico: **You're now about to see just how merciless the power of a Jinchuriki and the power of a God combined together can be to anyone. Including you. I'm far more powerful than you ever will**

**be in an octillion number of lifetimes and I am now going to make sure that you never get your hands on anymore power ever again.**

Evil Sasuke: WHO THE HELL DO YOU THINK YOU ARE YOU MOTHERFUCKING LOSER!? YOU ARE NOTHING TO US!

Naruto: **Hmm. Yes and a "Motherfucking Loser" was the only kind of person you can handle. You know it's ironic. My brother remembers that your father said that very same thing to him in 150,000 years just as he was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When Fugaku made his speech about how he was going to kill all of the entirety of the Leaf in the name of Madara Uchiha all he did was seal their fate. Your Father poisoned his own son, you, with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. You only cared about no one but yourself and you wanted everything handed to you on a silver platter just like your wretched father and all of your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that we NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same league in the kind of power that I now possess. We've gotten so strong to the point where we can destroy the entire universe in the mere blink of a cosmic eye. In fact, next to all of our kind of power and the power that you have, you are nothing but a tiny little bug compared to us and you and your clan were nothing but a bunch of pathetic ants compared to it. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer. It's downright fucking disgusting! As the brother of the most powerful fighter and warrior and champion in the universe, all I see when I look at you is a fucked up**

**miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others you ruthless fuckkicker! What is it that you are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering innocent people, stealing jutsu, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why J.D. killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray, and are completely powerhungry just like you and that's why J.D. killed them all. YOU ALL FUCKING DISGUST ME!**

RAGE - NARUTO SHIPPUDEN MOVIE 2 OST - RAGE PLAYS AT 2:18

Naruto then punched him in the face and he went at him and he dodged him again and dodged him again and then Naruto kicked him in the back again and sent him crashing into a rock and he got up and went at Naruto some more and fired massive blasts of fire at him and Naruto fired waves of massive fire blasts at him and the blasts collided and exploded with incredible power!

The Entire area around them was turning into a war zone and fire burned everything all over. Evil Sasuke then fired a massive fireball.

Naruto: **TWO TAILS TAILED BEAST BOMB RASENSHURIKEN!**

Naruto formed a Rasenshuriken made of blue wraith fire and he threw it and it went through the fireball and destroyed it and it slammed into the Evil Sasuke and exploded!

***KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Evil Sasuke was smashed into the ground with incredible force and Naruto kicked him in the stomach with incredible power and he belched up a huge amount of blood and then Naruto grabbed him by his shirt and threw him into the air and flew after him and kicked him in the face and knocked out some of his teeth and Evil Sasuke jumped away and fired waves of fire and Naruto fired waves of lightning and they overtook his fire and the blasts of lightning hit him all over and electrocuted him and then Naruto fired a wave of wind and entrapped him in a tornado and then he fired a wave of fire and burned him all over in the tornado as it was turned into a fire tornado. When the tornado faded Evil Sasuke jumped out and fired more fire blasts at Naruto and he fired waves of crystal at him and they hit him and cut him all over the place and then Naruto fired waves of wood at him and smashed him all over the place with incredible force and smashed him all over. Evil Sasuke ran at him with a Chidori and Naruto teleported and Evil Sasuke hit a bomb and it exploded in his face.

***KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Evil Sasuke went flying from the explosion and Naruto fired waves of lava and burned his hands and he screamed in pain as he was burned all over and then Naruto kicked him in the face and smashed him into a rock! Then he popped out of the rubble and threw the rock at him and Naruto smashed it with incredible brute strength and smashed him with waves of rocks and pebbles and smashed him all over the place! Naruto then fired waves of darkness and lightning and electrocuted and burned him all over.

Evil Sasuke got up and he was more enraged than ever before!

Evil Sasuke: (ENRAGED SCREAMING) WHAT IS IT WITH YOU!? WHY ARE YOU SO STRONG!? YOU'RE NOTHING BUT A DEAD LAST LOSER! IT'S NOT FAIR! THAT POWER SHOULD BE MINE!

Naruto: **You will never have my power.**

Evil Sasuke then raised his right arm up and then Naruto threw an energy disk and it slashed his right arm clean off! He screamed in excruciating pain as it was completely severed from his shoulder and he clutched the stub of his arm.

Evil Sasuke: YOU MONSTER!

Naruto: **I've been called worse and you will never be a match to my power.**

Evil Sasuke: YOU DEMON! WHY CAN'T I KILL YOU!?

Naruto: **Because my power didn't come to me by stealing it. I earned it. Power is earned and never given. You will always be weak and a worthless pathetic piece of dirt. Just like your fucking clan when they died at J.D.'s hands. The Uchiha paid the ultimate price for their crimes just like you will. They had their chance just like you did. We wanted to be your friends Sasuke but you just threw us aside. That shows that you will always be forever weak and you will never understand that true power comes from good things like Friendship, Love, Hope and Wisdom.**

Evil Sasuke: Those are all meaningless things!

Naruto: **Bullshit! They are things that could have helped you and you don't want any of that. You would rather make enemies and use fear to get what you want. You will always be forever alone in this black hole that is your soul and your heart. You are always gonna be forever lost in the crimes that you have done. Now you will join the rest of your godforsakened clan in**

**the fires of oblivion forever!**

Naruto then snapped his fingers and brought back all of the entirety of the Uchiha Clan that I destroyed and all the Evil Sasuke's that we banished to that planet.

Naruto: **Now you will feel the pain of another penalty: BEING FORGOTTEN!** (Cups Hands to Side)
**KAAAAAAAAAAAAAAAAAAAAAAA!**
**MEEEEEEEEEEEEEEEEEEEEEE!**
**HAAAAAAAAAAAAAAAAAAAAAAAAAA!**
**MEEEEEEEEEEEEEEEEEEEEEEEEEEEEE!**

Fugaku: YOU WILL NEVER MAKE US DIE!

Uchiha: FIRE STYLE: ULTIMATE FIREBALL BLAST!

They fired a massive and incredibly huge fire blast at Naruto!

Naruto:
**HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA**

NARUTO FIRED A MASSIVE AND INCREDIBLY POWERFUL RED KAMEHAMEHA BLAST AND IT WAS INFUSED WITH SUPER HAKAI ENERGY AND THEN IT WENT THROUGH THE MASSIVE FIREBALL AND RIGHT AT THE UCHIHA!

Fugaku: NO!

They stood no chance against its incredible power and the Kamehameha Blast enveloped them and completely obliterated the entirety of the Uchiha Clan in an instant and wiped them from existence forever! THE REIGN OF TERROR OF THE UCHIHA HAS BEEN PERMANENTLY SILENCED FOR ALL ETERNITY!

The blast went out into space and vanished.

Naruto: **Good riddance. Now to finish the rest of the real fight.**

Naruto teleported.

Carmen and Juni killed Krang and destroyed him.

Carmen Cortez: (looks at Krang's corpse) That wasn't too hard.

Juni: Easy for you to say.

Carmen Cortez: Let's head back home now. I heard the OSS has a new mission for me involving some kind of video game.

Juni: I wonder what video game that is.

Carmen Cortez: We'll find out soon.

They teleported back to O.S.S. Headquarters.

We regrouped and then we were facing Attuma.

Me: It's over for you Attuma.

Jake Holling: Let's go Wild on this guy!

Megaforce Rangers: Legendary Ranger Mode: Wild Force!

The Megaforce Rangers turned into the Wild Force Rangers.

Me: It's buttkicking time!

Laney: YEAH!

We went at him and punched and kicked and blasted him all over the place with incredible power and fury and smashed him all over the place.

Ri'Oha, Crawsectus, Blazvatan and Intress blasted and slashed and pulverized him all over.

Crankcase, Swift Foot, Dante and Hoist used the Earth Cyber Planet Keys and they enhanced Crankcase's Laser Blasters, Swift Foot and Dante's powers, and Hoist's strength 100-fold.

They fired elemental energies which formed all kinds of fishes which attacked Attuma all over.

Top, Ponyo, Sōsuke, Lisa (Ponyo), Neptune Crusaders and me: NEPTUNE ULTRA MEGA BLAST!

We fired a massive blast of energy and the blasts hit him and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Attuma was down.

Namor: You are finished, Attuma. IMPERIOUS REX! (charges at Attuma)

He went at Attuma and punched him in the chest and then his fist went all the way through him and out his back! Killing Attuma Instantly!

Laney: Whoa!

Attuma belched up a massive amount of blood before he died for real.

Nico: TAKE THAT!

Ponyo: Thank you all for helping me today.

Femme Fatale: It was our pleasure, Ponyo.

Puff: You're gonna love being in the Neptune Crusaders.

Kitty: Especially when you get to eat Krabby Patties.

Ponyo: Are they tasty?

Shiva: Of course they are.

Titania: The monster ones might be too big for you though.

Ponyo: As long as they have ham in them.

We laughed.

Me: Lets go home guys. We earned a great rest after everything that happened.

Nico: I agree.

Ponyo: (To the viewers) THis was an awesome underwater adventure. Hope you all liked it.

Me: We all did.

We went back home and we rested for a good long day after everything that happened.

THE END

---

Another great chapter done.

Ponyo was such a cute movie! I love her and she is adorable! The opening scene for this chapter is based on the 1963 movie Jason and The Argonauts and that was a great movie from my dad's past and it was amazing and full of adventure! NicoChan11, JediAvatarOfShinobi, Omegahatchiyaki12, XP4Universe, Darkhai, vinjedi1995, Nflemingful, Etstheclarencefan, Drako1234658 and ninjakingofhearts gave me the ideas. thanks guys. The next girl is gonna be a new one and her name is gonna be Seamia and she is gonna be a Cancer the Crab. We are gonna meet her as Rarity is gonna be dazzling the town of Ponyville while under the influence of a dark magic spell called Inspiration Manifestation and she will be turning everything into crystal and jewels and gold. UH OH! Also the next chapter is for the great movie of part 2 of my Hayao Miyazaki Ghibli Studios saga called Mary and The Witches Flower and we're going to see Mary Smith and help her on her journey in Endor College and we're going to save Peter from turning into a gelatinous monster from a flower.

See you all tomorrow.

# Mystery of The Witch's Flower

In Ponyville, me and Sue were going to find the next girl.

Sue: (German Accent) That's odd. The next girl we're rescuing is in Ponyville,

Sue concentrated and groaned as her hands started trembling.

Me: Just right across the way. Very unusual.

Sue turned into LOBCLAW!

Me: YEAH!

We were walking around. But then..

Me: WHOA WHOA WHOA WHOA WHOA!

I slipped and fell onto the ground and landed on what felt like a hard metal.

Me: OW! What the!?

I got up and saw that the entire street was made of solid gold!

Me: WHOA! (Taps the street) It's made of solid gold!

Lobclaw: This wasn't your doing was it?

Me: No. This is not my doing. Something is telling me that this is the work of Equestrian Dark Magic.

Lobclaw: Did that happen there too?

She pointed and I saw the town hall was made of diamond and crystal and looked more extravagant!

Me: WHOA!

Lobclaw: Und look at that!

I saw Applejack's apple cart all blinged up with jewels and gold.

Me: (Whistles) That is dazzling! Wait a second. This is Rarity's work! But I didn't think she would take things too far like this. We got to find her!

Lobclaw agreed and we went to find her.

We saw Rarity on a nearby cliff and we saw that she had turned much of Ponyville into a beautiful and incredibly dazzling place of jewels and crystal!

Me: WHOA! Rarity what did you do!?

**Rarity** : [giggling] Oh hello J.D. I made Ponyville beautiful.

Me: A little too beautiful but wow!

Lobclaw: Yeah this is amazing.

Me: You've been really busy for the last couple of hours.

Rarity: I sure have and I also made 15 years worth of fall fashion trends in just over 12 hours.

Me: WHOA! That has to be like over 1,000 styles of clothes!

Lobclaw: Wow!

**Rarity** : My work here in Ponyville is nearly complete. Don't you think it's time the rest of Equestria benefited from my creative vision?

**Spike** : Absolutely!

Me: Your view on it is all amazing Rarity.

**Rarity** : Ooh, I'm thinking we go by chariot! Or, as everyone will soon be calling them, "Rariot"! [laughs]

Owlowiscious was hooting around Rarity and I then saw a strange book in her bag and I grabbed it.

Me: What's this?

**Spike** : Oh, yeah, we should definitely go by-

[magic zap]

**Spike** : Huh?!

We saw Rarity make an incredible chariot!

Me: WHOA! What a Chariot!

Lobclaw: Wunderbar! That is amazing!

Spike: How… how did you… do that?

**Rarity** : I'm so excited! I'm so excited!

**Spike** : [quietly] I'm so scared.

Me: Uh oh.

**Rarity** : Oh, the places we'll go, Spike! (Makes 3 more chariots) Manehattan, Fillydelphia, Canterlot! And there you'll be by my side, just as you've always been here in Ponyville, your constant praise and adoration driving me to even greater heights, until there isn't an inch of Equestria that hasn't been utterly transformed by my creative *genius* !

She turned a whole tree into a beautiful crystal tree.

Me: OH WOW! That tree is beautiful.

Lobstar: It sure is.

?: Rarity stop!

We saw the next girl and she was a Cancer the Crab!

Me: Whoa you're a Cancer the Crab.

Seamia: That's right and I'm Seamia. It's a pleasure to meet you J.D. and you too Sue. Heard so much about you all.

Lobclaw: Same here.

Me: We can talk later. But right now we have to talk some sense into Rarity. Rarity you might be taking this a little too far.

**Spike** : That's right Rarity. You have to stop now.

**Rarity** : *What* did you say?

**Spike** : I said 'no'. You've been changing things, but you haven't been making them better. I should have told you the truth at the very beginning, but I didn't because I was trying to be a supportive friend. [sighs] But instead, I let you become something awful.

**Rarity** : Awful?

[magic whirling]

Her eyes glowed green and the magic left her and she was back to normal.

**Rarity** : Ugh… what happened?

**Spike** : Rarity! You're okay?

**Rarity** : I… I think so… though by the looks of it, something quite terrifying has happened to Ponyville.

Me: That terrifying thing was from dark magic.

**Spike** : You happened.

**Rarity** : Me?

Me: Yeah. You have been turning everything in Ponyville into dazzling works of art. Crystals, jewels, everything. You even turned the roads of Ponyville into 24K gold.

Rarity: Oh my.

Me: Yeah. And you completed 15 years worth of clothes and fashion trends in over 12 hours.

Seamia: Yeah you sure have. Your store here is flooded with clothes. Very beautiful clothes I might add.

Spike realized something.

**Spike** : The last part of the spell!

**Rarity** : [flashback] *Only when true words are spoken will you finally be set free.*

**Spike** : The spell took over you, and you wanted to change everything in Equestria. I was afraid to tell you how I really felt about it, but then I… I told you the truth.

**Rarity** : Dearest Spike, you should never be afraid to tell me the truth. We're friends, remember?

Me: That's right Spike. There's a saying that I know from the Bible. "If you abide in my word, you are truly my disciples, and you will know the truth, and the truth will set you free." That was a very powerful line that Jesus said in the Book of John.

Lobclaw: That's a good saying.

Seamia: It sure is.

Lobclaw: I'm gonna revert back.

Me: Okay.

I put on my blind man glasses and Spike covered his eyes. Sue reverted back.

Sue was human again. But topless.

Sue: (covers her boobs) I hope you've learned something from all this, Rarity.

Rarity: Oh indeed I have darling.

I gave Sue a shirt.

Sue: Danke J.D.

Me: Bitte. Where did you even get this book anyway?

Sue put it on and I took off my glasses.

Spike: I found it in the library at the ruins of Castle of The Two Sisters.

Me: Hmm.

I looked at it and it was an interesting yet dangerous spell.

Me: Hmm. "From in the head to out in the world, every thought to action. Hold close this book and through its spell, you'll start a chain reaction, projecting forth whatever beauty you see. Only when true words are spoken will you finally be set free." Very enigmatic but dangerous. It corrupted you to the point where you wanted to beautify all of Equestria and all that. But it was the truth that set you free Rarity.

Rarity: I'm so sorry guys.

Me: It's not your fault Rarity. And Spike was just doing everything he could to help you out. But you made Ponyville amazing.

Seamia: She sure did. Wow. This was amazing.

Me: But I don't think the citizens will like having the streets made of gold like this. I think I can help out with this.

I used my magic and had the streets reverted back and the gold was made into gold bricks and then gave it all to some of the citizens.

Me: There we go.

We went to the Carousel Boutique and we went in and saw the whole place flooded with clothes.

Me: HOLY MACKEREL! Look at all these clothes.

Rarity: I made all these?

Me: From the looks of things yeah you sure did Rarity. Wow.

I picked one up and it was a dazzling red sequin dress with red rubies all over it.

Me: Wow! Look at these.

Seamia: These are all beautiful.

Rarity: They are simply amazing darling. It's amazing that I made all these.

Me: I know. Lets fold and organize all these and then we can show them off at home.

I used my magic and got all the clothes folded and washed and ready for an awesome fashion show.

Me: There. Now lets see what else happened.

We went around town and saw Applejack's apple cart and it was made of solid gold and beautiful jewels.

Me: (Whistles!) Wow that cart looks amazing.

Applejack: Oh howdy J.D. What happened to my cart here?

Me: It was Equestrian Dark Magic. Rarity learned a big lesson here.

Rarity told her and Granny Smith everything that happened.

Applejack: Wow! That explains why my cart turned into this.

Rainbow Dash came down and she had a REALLY beautiful dress on.

Rainbow Dash: This dress is awful!

Me: Wow that dress is beautiful. Hold on R.D.

I took the dress off.

Rainbow Dash: Whew. Thanks J.D.

Me: You're welcome. Wow this dress is amazing. Carol would like it.

Rainbow Dash: She sure would. How did that dress appear like that?

Me: Rarity was getting carried away because of it.

I told her everything.

Rarity: I'm sorry Rainbow Dash.

Rainbow Dash: Aw it's all right Rarity.

Rarity: And Applejack I'm sorry I went too far.

Applejack: Aww it's all right Rarity. I wonder who else got affected by this.

Me: I think Fluttershy too. Lets go see.

We went to Fluttershy's cottage and we saw a really heavy birdhouse on her tree. Or no it was actually a Bird Mansion.

Me: (Whistles) Wow that is an amazing Birdhouse.

Seamia: Looks more like a Bird Mansion.

Fluttershy: Oh Mr. Robin we'll find your way out for you.

Me: We got this Fluttershy.

I went over to the Birdhouse and got it down and then I snapped my fingers and made a normal size birdhouse and hung it and then the robin came and Fluttershy gave him new seed.

Fluttershy: Thank you guys. I wonder how Mr. Robin's house got like that.

Me: Funny story. Rarity learned a big lesson today.

We told her everything.

Fluttershy: Oh my. Rarity that's okay. You were just trying to help out.

Rarity: Thank you Fluttershy. But this birdhouse is amazing.

Me: It sure is. We make beautiful birdhouses ourselves. But this one is amazing in architectural creativity.

Seamia: It sure is.

Applejack: Amazing.

Me: I think Pinkie Pie was affected too. Lets go see.

We went to a kids party and we saw that it was turned into an exquisite party.

Me: Okay this definitely is more your taste Rarity. Here we go. (Snaps fingers)

The party was back to what it was before.

Me: There we go.

The foals cheered.

Pinkie Pie: Thanks J.D.!

Me: You're welcome Pinkie!

Pinkie Pie: What happened to the party I set up?

Me: Funny story on that and I don't mean funny ha ha.

I told her everything.

Pinkie Pie: Oh man! Rarity it's all right. You were just trying to help.

Rarity: Oh thank you Pinkie.

We later walked around all of Ponyville and we saw that Sunset Shimmer's arcade was made into an exquisite dance studio and I snapped my fingers and turned that back and all of Starlight

Glimmer's books were all jeweled and sequined too and they were dazzling. I snapped my fingers and reverted them back.

Later we went back to the World Tree Estate.

---

We arrived and we later explained everything.

Nico: WHOA! You guys have been busy!

Me: Yeah we sure were.

Lori: Rarity these clothes are all literally amazing!

Leni: They are all totes adorbs.

Carol: You said it.

Me: Glad you girls like them.

Eli: Wow.

Nico: Glad Rarity learned a huge lesson from all this. What are you gonna do with that book J.D.?

Me: Put it in our library's restricted section.

Nico: Good thinking.

We then went to the gym after lunch.

Everyone was back at the estate and in the gym working out, and Lincoln, who was in his hunky form, was doing 100,000 reps of wing push-ups with his large blue angel wings, regular push-ups, bicep curls and chest presses with 9,000-lb barbells, crunches, and pull-ups, and did a half-hour on the treadmill and going a few rounds on the punching bag, as sweat was dripping from his body. Suddenly, a bright light hits the Estate, and it knocked out Lincoln, and that caused a massive neon blue energy vortex to form around him, as the rest of us all saw it.

Lincoln woke up, and he was inside his mind, and it had powerful lightning storms raging all across the mindscape, and he also saw the stars and galaxies in the skies, and he was still in his hunky form.

Lincoln: Whoa, what's happening?

? (Strong voice): Our worlds are merging together as one.

Lincoln turned around, and he saw another version of himself. He was 21 years old, he was 7'0" in height with abnormally large and powerful muscles and eight-pack abs, but he had larger white angel wings, he has deep sapphire blue eyes, an orange loincloth around his waist held up by a large gold belt with a large gold belt buckle and gold studs, gold cuff bracelets on his wrists, gold bands on his large biceps, and large white leather boots. He had a sword which was similar to Lincoln's Sword of Taranis, but the large upward facing curved horns for the crossguard and large sphere pommel are, and the gems on the crossguard and around the pommel are red, and it was known as The Storms of Justice.

Lincoln saw the powerful male, and was stunned.

Lincoln: Wait, you're me?

The man chuckled in a deep manly voice.

Lincoln 2: Yes, I'm you, Lincoln, and it's a pleasure to meet you. Call me Lincoln 2.

Lincoln: This is so cool, J.D. already met his counterparts/ancestors in his mind, now, I'm meeting my own.

Lincoln 2: (laughs) Yes, that's true, and would you believe that I'm 250,000,000,000,000 years old.

Lincoln was stunned at the revelation.

Lincoln: Wow, and you have trillions of years of experience.

Lincoln 2: Yes, and in the world I came from, it was a land torn apart by wars waged by warlords and princes. I was born to a royal family, and my family are the counterparts/ancestors of your siblings and your parents.

Lincoln: Whoa, that's incredible.

Lincoln 2: It was, but one day, something bad happened. We were attacked, and in the chaos of the siege, my sisters told me to get out of here, so I wouldn't die, and they also told me they would always love me. Left with no choice, I left, and as our castle burned down, my parents and my sisters died in the chaos. I never saw them again.

Lincoln was saddened by that.

Lincoln: I'm sorry to hear that. That was horrible that you lost both your sisters and parents in a horrible siege. War always tears families apart, and it's innocent children who suffer.

Lincoln 2: A consequence of the chaotic times I was born in and I escaped, I survived out in the wilderness, trained constantly and learned how to use a sword, and grew strong. But, one night, as I was watching the stars, I was hit by cosmic radiation, and my body was flooded with such infinite power, it changed me into the person that you see before you, along with the sword bolstered on my back. I became immortal and invincible because of that.

Lincoln: Just like what happened to J.D.

Lincoln 2: Exactly, and then, I met J.D. 2 of The Ebonwu Squadron, and just like you and J.D., we had formed a deep bond of brotherhood, and when I told him of what happened, he offered to adopt me, which I accepted. I traveled with him on to distant planets, and he trained me in everything he knows, and I grew even more stronger and even more powerful.

Lincoln: That's awesome, and J.D. trained us in everything he knows too.

Lincoln 2: I knew it, he's just like his ancestors. And I eventually developed a more powerful purpose in my life: I would fight and defend those in need from those who seek to harm others, it was a powerful drive that kept me going on, and I would push past my limits and grow even stronger and more powerful in the process. Even though I couldn't save my parents or my sisters, I'll miss them, it's true, but they will always be with me in spirit.

Lincoln was amazed at what his counterpart/ancestor said.

Lincoln 2: And there's a reason why I came here. I'm here to merge with you to help you out on your journey. And once I merge with you, your hunky form will become your new permanent body, and you can change forms, when you're going to school for example.

Lincoln: I hope the others will be okay with this.

Lincoln 2 changed into a spirit, and once he entered Lincoln's body, he merged with Lincoln as bright light bathed his landscape. Outside, everyone saw the bright lights coming out of the vortex, and once it faded, and Lincoln emerged. He now had a lightning bolt emblem on the blue thunderbird emblazoned on his forehead, and his hunky form became his new permanent body, but Lincoln was given the power to change into his 11-year-old form.

Me: Lincoln, are you okay, buddy? I felt an astronomical power boost coming from you.

Lincoln: I'm okay, J.D., but there's something I've got to tell you

Lincoln told us what happened, and when he told us about him meeting his counterpart/ancestor from 250,000,000,000,000 years ago, we were stunned, but when Lincoln told us how he lost his family to a violent siege and that he grew up all alone in the wilderness, we had tears coming from our eyes like crazy. But none more so than Lincoln's siblings, to hear that the counterpart/ancestor of their brother lost his family to war broke their hearts. Lincoln used the Water powers of Hydro Man, and washed the sweat off his hunky body, and went over to his siblings with his abnormally large and powerful muscular arms, comforting them, and hearing the pounding of his large heart provided a sense of comfort to them.

Lincoln also told us that his hunky body was now his new permanent body, and when his counterpart/ancestor merged with him, that's what happened, and he gave Lincoln the power to change to his 11-

year-old form for when he goes to school, but when he's back home or going out on missions with us, he can change back to his hunky form, and his Sword of Taranis merged with Lincoln 2's sword, The Storms of Justice.

But, what surprised all of us was when Lincoln 2 speaking through the thunderbird emblazoned on Lincoln's forehead revealed that he knew J.D. 2 long ago, and they formed a deep bond of brotherhood when J.D. 2 adopted Lincoln 2, and that he trained him in everything he knows, and through it all, he developed a new purpose, and he had that same drive that J.D. had.

J.D. 2: Everything Lincoln 2 said was true, J.D, and its good to see you again, Lincoln.

Lincoln 2: You too, J.D.

Me: That is amazing and incredible!

Nico: WOW! That is so awesome!

We continued our Training in the Hyperbolic Time Chamber.

The last five years proved to be quite beneficial to Lincoln, he grew from an 11-year-old kid to a 16-year-old powerhouse, who stood at an imposing 6'10" in height with large and powerful muscles from the hard and constant working out and training in the gym and going in the Hyperbolic Time Chamber when we were going to war against the most dangerous and powerful villains in the universe, his long white hair was put in a ponytail, but he still had the lightning bolt highlights in his bangs, he still had on his Thunder Kanji earrings and necklace, along with his Bracelets of the Champions of The Universe and Belt of Elemental Bravery, since they are now part of his appearance, along with the large blue angel wings surging with powerful super lightning.

He still has the weighted orange armbands on his large biceps and thighs, and in his normal form, he had deep sapphire blue eyes, and he still had his lightning bolt with the thunderbird and comic books cutie mark on his massive left pec, along with the Celtic Cross tattoo on his back in the form of the cutie marks of Twilight Sparkle, Sunset

Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon and the circle of marks of the other girls who're in Lincoln's harem, along with the Earth surrounded by a ring of mermaids, representing Earth Chan, Lily The Mermaid and Ariel's sisters, along with the deep blue kanji, "Lincoln Landon Loud, Champion of Lightning, Master of Lightning Storms and The Weather, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, and Husband"

リンカーンランドンラウド、ライトニングのチャンピオン、ライトニングストームと天気のマスター、十六人の兄弟のゴールデンハートの兄弟、ゴールデンハートの恋人、父、そして夫

and eight large orbiting orange orbs around his legs, along with his Sword of Taranis holstered on his back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip.

The girls in his harem saw it, even in normal form, Lincoln was still quite the attractive hunk with an unbeatable golden charm that really charms the ladies.

Ronnie Anne: Even though he's not in his hunky form, Lincoln in his normal form is still quite the big and strong hunk.

Lily the Mermaid: You said it, the five years have been really kind to him.

Me: You said it, and it was thanks to all that intense training and working out, not to mention all of us helping him out, as well.

Nico: Plus, I'm surprised that after Ben used Alien X to change you guys back to normal and gave you the power to transform into your hunky forms at will, you still have those eight large planets and stars orbiting around your legs, Naruto has those eight large crimson red orbs orbiting around his legs, and Lincoln still has those eight large orange orbs orbiting around his legs.

Me: It's like Lincoln said at the beach, the eight large orange orbs orbiting around Lincoln's legs, the eight large planets and stars orbiting around my legs, and the eight large crimson red orbs orbiting around Naruto's legs are permanent, and they not only can be used to attack, but they also alert us of trouble by glowing.

Nico: Oh, right, now I remember, and they acted as a security alarm to alert us of any uninvited goons, like that Evil Sasuke who showed up yesterday, along with those two Team Skull boneheads.

Me: Bingo.

After that, we got a shower, and Lincoln was dressed in his orange shirt with the team's emblem and long blue jeans with lightning bolts on the legs, and his clothes showed off every inch of his rapidly growing muscular body, because of the stretchy material Leni used to make the shirts, and it looks like she was also using the stretchy material to make pants, and his now bigger white shoes. He'd then holstered his Sword of Taranis on his back, his Orange Crystal Saber on his left hip, and his Eater of Sins revolver on his right hip, and we were then ready for our next mission.

In the park we were resting.

Suddenly, we saw a figure come out, and Gine saw exactly who it was. It was Bardock, her husband and the father of Goku.

Gine: Bardock, is that you?

We gasped!

Me: Bardock thank goodness we found you. Well you found us.

But, Buster Bunny saw something that horrified him, and he saw what it was that horrified him.

Buster Bunny: Gine, wait. Look!

Gine stopped, and she saw the purple blotches on Bardock, and once Buster Bunny went up to Bardock, he saw what it was that confirmed his fears, Bardock was brought back by The Aparoids, and was turned into a mindless zombie by them.

Buster Bunny: I was right, Bardock was brought back by The Aparoids.

Gine: We've got to free him.

Buster Bunny: And that's what I'm going to do.

Suddenly, a blue energy aura flared up around Buster Bunny's body, as he got out his Sword of The Next Generation of Looney Tunes, and walked up to the infected Saiyan.

Buster Bunny: Bardock, it wasn't your fault that you couldn't save your people in time from Frieza's wrath, and that you died in vain along with them when Frieza destroyed Planet Vegeta. But, I'm not going to let history repeat itself. This time… , I'M GOING TO FREE YOU!

Then, a massive blue energy vortex with blue fire and a red phoenix erupted and surrounded Buster Bunny. He was getting stronger and stronger, because of it. Then, when the vortex faded, Buster Bunny emerged, but he was changed forever. Buster Bunny was now at the same height as his mentor's descendant, Ace Bunny, and has gained a muscular body, thanks to the training he did in The Hyperbolic Time Chamber, his red sleeveless Tiny Toons-themed trenchcoat had gotten longer, and his red shirt with golden phoenix, black pants, and large black leather combat boots had gotten accustomed to his new form, along with his blue angel wings, which now had blue flames. Buster Bunny now has on a pair of silver bunny earrings with the Fire Kanji on the bunny's belly, and a Fire Kanji necklace on his neck. He still has on his white gloves, but they now have the emblem of Team Loud Phoenix Storm on the back of his hands, he has on his new Bracelets of The Champions of The Universe, but the gems on the bracelets are red, and an Eater of Sins revolver holstered on his right hip. Buster Bunny has a red bunny emblazoned on his forehead, and there was a gold kanji on the back of the red Tiny Toons-themed sleeveless trenchcoat that says, "Buster Bunny, Top Student of Acme Looniversity and Dear Friend/Student of Bugs Bunny, Awesome Little Brother of Ace Bunny, Wisecracking Hero of Acme Acres, Leader of The Acme Acres Crew, and Master of Blue Flames and Swordsmanship."

バスターバニー、アクメルーニバーシティのトップスチューデントと親愛なる友人/バッグスバニーの学生、エースバニーの素晴らしい弟、アクメエーカーのウィセクラッキングヒーロー、アクメエー

カークルーのリーダー、そして青い炎と剣術のマスター

Buster Bunny has transformed into SUPER ANGEL 100,000,000,000 SAPPHIRE INFERNOSTORM ANGEL RABBIT.

Me: WHOA!

The team was impressed by Buster's transformation.

Me: Oh, wow, Buster, you look incredible.

Nico: No kidding, you're the first of The Tiny Toons to achieve a Super Angel 100,000,000,000 form.

Bugs Bunny: I got to say, Buster, I'm impressed that you achieved that form.

Ace Bunny: It was thanks to all that training in The Hyperbolic Time Chamber, Bugs, and how do you feel, little bro?

Buster Bunny: (Divine Echoing Inferno Voice) **I feel incredible, big bro, and with this power, I know I can't underestimate Bardock, he's a strong Saiyan, which is why I'll need some extra help.**

Goku powered up and transforms into his Super Saiyan 4 form, and Gine powered up and transforms into her Super Saiyan form.

Goku: We'll help you out, Buster.

Gine: Indeed, I also want to help you out. You made your solemn vow to my son to free Bardock, but that doesn't mean you're doing it alone.

Buster Bunny smiled.

Buster Bunny: Thanks, Gine. Alright, hang on, Bardock, we're coming to free you.

Goku: Hang on Father!

The three of them charged at him.

The Aparoid-infected Bardock fired energy blasts at them, but they dodged them, and took to the air.

Goku and Gine fired two energy blasts at Bardock, and knocked him down, but not out.

Goku: Alright, Buster, you're up.

Buster Bunny: **On it, Goku. Time to get you back to your family, Bardock. HOLY FIRE STYLE NINJA ART: APAROID PURIFICATION FIREBALL!**

Buster Bunny fired a powerful fireball made of holy fire, which incinerated The Aparoids on Bardock, and freed him from their influence, as he falls to the floor, exhausted.

Gine, Goku, and Buster Bunny head to him, with Varie heading over to heal him.

Varie was healing Bardock, as he slowly opened his eyes, and he saw Gine and Goku by his side, along with Buster Bunny.

Bardock: (weakly) Gine… Kakarot…?

Gine hugged Bardock, who returned it, and she had tears in her eyes. She had her husband back, and they were together again.

Goku: It's a pleasure to meet you, at last, Father.

Bardock smiled weakly, when he met his son, who's now grown up. But, there was a lot for us to tell him once we got back home. Bardock found out from Gine that he was brought back by the Aparoids, and that they freed him.

Goku: But, we weren't the only ones. Here's the one who got rid of those Aparoids.

Bardock then saw Buster Bunny, the one who freed him from The Aparoids, and put a hand on Buster's shoulder.

Bardock: (weakly) Thank you… for freeing me, Buster Bunny.

Buster Bunny smiled at the compliment.

Buster Bunny: My pleasure.

Everyone cheered at what Buster Bunny just did, including his friends, The Looney Tunes, and The Loonatics, especially Ace Bunny.

Me: That was so awesome, Buster.

Nico: Yeah, you saved Bardock, and reunited him with Gine and Kakarot. You fulfilled your promise that you made the day you guys joined the team.

Buster Bunny: **I am a rabbit of my word, Nico, and I fulfilled that promise, and reunited Gine and Goku with Bardock. But, there's still the trouble of running into Raditz and Nappa in the future.**

Vegeta: And should they come back, you're not going to show no mercy to them, if you run into them, are you, Buster Bunny?

Buster Bunny: **Vegeta, those two deserve no mercy, not after what they've done in helping Frieza in his ruthless attempts to rule the universe with an iron fist. If we run into them, they'll face judgement for all the lives they've snuffed out.**

Ace Bunny: You're right about that, Buster.

Me: Yep. Lets get him to the infirmary and help him out there.

We did so.

Later we went down to the surface to go to the park in the city.

Poromon: Thanks for taking me, Manaphy, and the others to the park, Trixie.

Trixie Lulamoon: It was my pleasure, Poromon.

Eddy: Me, Ozzy, and Sockhead are here as well in case there's trouble.

Ozzy (O&D): Yeah it's gonna be great.

Me: We all could use a rest in the park.

Seamia: Yeah it's very relaxing.

Nico: It sure is.

Laney: I love a good rest in the park..

Me: You said it.

Then we heard a dog bark and we saw a boy playing with a white lab dog and then the boy threw the Frisbee high into the sky and we saw the dog flew far and got the Frisbee.

Me: WHOA! That's Krypto!

Nico: Wow! Superman's dog is here and it also looks like Ace is here too.

We went over as Krypto landed.

Ozzy: You're Krypto, right?

Eddy: Superman's not gonna be happy when he and Batman find out you and Ace went outside without permission.

Krypto: It's all right. I was found by my friend Kevin.

Kevin then came.

Kevin (Krypto): Oh wow! Team Loud Phoenix Storm! It's an honor to meet you!

Me: Same here Kevin. You must've been taking care of Krypto for Kal.

Kevin (Krypto): Kal?

Me: That's Superman's real name.

Krypto: Yep.

Superman then landed.

Superman: Krypto!

Krypto and Superman were reunited.

Batman: Ace good to see you.

Kevin (Krypto): Wow!

Me: Lets go to the park bench so you can tell us what happened.

Kevin (Krypto): Okay.

We went to a park bench and we got to talking and it was a great talk. With us were also the Dog Star Patrol:

**Brainy Barker** (voiced by Ellen Kennedy): A Saluki dog in appearance (although she refers to herself as an Afghan in the episode "Meet the Dog Stars"), she is the leader of the Dog Star Patrol. Brainy Barker possesses / powers, allowing her to read minds, project forcefields, and levitate objects.

**Mammoth Mutt** (voiced by Kelly Sheridan): A Chihuahua with the ability to inflate her body to an enormous ball-shaped size, allowing her to use her size to attack foes. She can also expand other parts of her body.

**Bull Dog** (voiced by Michael Dobson): A Bulldog with stereotype British gestures and two -like horns that can be used for attacking foes and breaking objects.

**Paw Pooch** (voiced by Dale Wilson): A Basset Hound with the ability to grow/sprout multiple limbs, allowing him to dig and run quickly.

**Tail Terrier** (voiced by Peter Kelamis): A Scottish terrier with the ability to stretch his tail and use it like a lasso. Also talks with a accent.

**Tusky Husky** (voiced by Terry Klassen): An Siberian Husky with a stereotype accent and a giant front tooth which he can use as a drill.

**Hot Dog** (voiced by Trevor Devall): A Dachshund with the ability to generate tremendous heat and breathe fire.

**Drooly** (reserve member) (voiced by Ty Olson): An Old English sheepdog who can use his drool as a weapon in various ways, such as grabbing objects, creating bubbles, and use them as projectiles. Appeared only once.

Runamuck: So, this is what you do for a living while we're out there risking our lives against the remaining villains and Mr. Mind's gang?

Krypto: Yeah pretty much.

Me: Well it's good that you maintain peace here in our stead while we're away.

Krypto: Yeah it sure is.

Streaky: It sure is cool though.

Hot Dog: Yeah I'll say.

Nico: And some of your enemies are actually the pets of some of the most dangerous supervillains known to Batman and Superman.

Krypto: That's right.

Eli: The Joker's Hyena's Bud and Lou are no longer bad guys. Harley Quinn has ownership of them and they are part of the Redemption Squad.

Krypto: That's good. Also Ignatius used to be Lex Luthor's iguana.

Me: He's probably really mad at us for killing Lex and is out there to continue his masters dark deeds.

Krypto: No Ignatius is more of a nuisance rather than a destroyer.

Me: Well that's a relief.

Andrea: Yeah it sure is.

Me: Also I heard you guys are up against an evil robot cat named…

Krypto: Mechanikat.

Me: Whoa! I've heard of him!

I looked up his history.

---

**Mechanikat** is the main antagonist in the American animated series *Krypto the Superdog* . He is a mechanical cat who constantly comes up with schemes to conquer Earth. Despite being the main antagonist, he rarely acts upon the role, and often sends machines or other antagonists to face Krypto. His sidekicks are his agents Snooky Wookums and Delilah.

When first introduced, he takes on a darker, more ominous, and more malevolent vibe. He is presented as inherently evil and sinister, willing to do whatever it takes to get what he wants and eliminate all who oppose him. However, as the series goes on, he gradually takes on a more comical, buffoonish role as a villain. He is still very much evil and still very much the main villain, but largely due to how many plans of his are foiled by Krypto, Streaky, Kevin, Andrea, and the Dog Star Patrol, he begins seeming like a less threatening villain and more of a nuisance to the heroes.

He was voiced by Mark Oliver.

Origins

Mechanikat's origins are completely unclear. It is only known and implied that he was a normal cat who was once injured and was forced to wear mechanical limbs to survive, becoming a cyborg. While the circumstances of who left him injured are unknown, it is also known that he hated dogs, possibly because one could have been the one who injured him, starting to plan to conquer the Earth and eliminate every dog of the galaxy.

*Krypto the Superdog* Season 1 *Meet the Dog Stars*

Mechanikat is at first seen in the shadows, with only his glowing, artificial eye visible. He sends his most trusted agent Snooky Wookums to the Earth in order to hire several cats for his cat army.

Following Snooky's failure in the mission after his defeat at the hands of Krypto the Superdog and the Dog Star Patrol, Mechanikat reprimands him and later states that he hates failures, scaring Snooky.

### *Feline Fatale*

After Snooky's failure, Mechanikat sends Delilah, another of his most trusted agents. After she managed to put Streaky the Supercat out of the way, she prepares the disintegrator ray to take out Krypto once and for all, being promised a new mouse toy by Mechanikat. It is here that Mechanikat briefly shows his face, leaning forward into the light for the viewers to see. But he sits back on his throne in the shadows to hide his face again. Unfortunately for Delilah, her chances to be awarded with Mechanikat's toy are ended when Streaky appears to save Krypto and seals her inside a trash can.

### *Dem Bones*

Mechanikat goes with Snooky to the Earth again this time with a new mission for Snooky: spray boxes of Yum Yum Bones with a special gas to put the dogs of Metropolis out of their senses. Said and done, the gas starts to make the dogs act as other animals, like ducks or chickens. However, Krypto and Streaky became aware of Mechanikat's plans after Wookums reveals his location in order to save his own life. At the same time, Mechanikat invades S.T.A.R. Labs, scaring three guard dogs who have eaten Yum Yum Bones who think they are mice and infiltrating into the Rocks and Minerals department. It is here that Mechanikat finally reveals his full form to the viewers.

Once there, just when Krypto enters into the lab to face Mechanikat, Mechanikat releases what he was searching: a little rock of Kryptonite. However, Streaky appears and scares the three guard dogs, who trying to escape from him, inadvertently knock Mechanikat to another room, with the box with Kryptonite being closed and Mechanikat being knocked into file drawers. However, Mechanikat activates his propellants and flees from the Earth, with the affected dogs returning to normal after the effects of the gas passes.

*Top Dog*

When the dog film star Thundermutt becomes jealous of Krypto, Mechanikat sends Snooky once again to the Earth in order to convince Thundermutt of help them to "humiliate" Krypto. To continue with the plan, Snooky presents himself at Thundermutt's penthouse and offers him a supersuit apparently made by Mechanikat and him. The next day, Thundermatt performs several heroic feats, but Krypto doesn't get humiliated because he admires him.

After Snooky reveals the supersuit's true nature thanks to his remote control, Thundermutt is forced to lure Krypto into an abandoned mine, which is connected to Snooky's spaceship, locking Krypto in a cell and departing from Metropolis. However, a reformed Thundermutt ultimately saves Krypto, with Snooky strangely leaving Krypto to his fate after knocking Thundermutt out of his ship, presumably much to Mechanikat's chagrin. What happened to Mechanikat afterwards is unknown, as he does not appear for the rest of the series.

---

Me: Whoa man! So he's a cat that wants to destroy the Earth.

Laney: That's bad.

Lola: Yeah it sure is.

Spike: All the pets of some of the villains are not that much of a threat.

Cybertron Red Alert: What about Mechanikat?

Eddy: He might be a problem. Nothing that can't be solved with a blaster shot through the head.

Krypto: He's part robot Eddy and his space ship is very well fortified.

Eli: We can just blow it to space dust with our superlaser.

Me: Not a bad idea. If Mechanikat poses that big a threat then he must be shot down permanently.

Streaky: Yeah!

Nico: That would world.

Seamia: Yep it sure would.

Nico: We can always blow his ship up with the Superlaser and take him with it.

Me: Good idea. We'll keep that option open for later.

Steaky: Yeah.

We later went back home to the estate.

---

We were getting ready for our next mission.

Dead End: (to Nico) Nico, you do know it's your turn to lead today, right? Not that we're ever going to have a mission with everything peaceful at the moment.

Nico: I sure do. And actually I have just the mission in mind. We're gonna go to the world of Mary and The Witch's Flower.

Me: Ooh that's a great movie!

Eli: Wow! That was a cool movie.

Me: It sure was.

Nico: First we're gonna watch the movie and then we're gonna go help Mary out.

Kitty, Femme Fatale, Shiva, Puff, Titania, Major Disaster, Bonz, Melter, Man Ray and Dirty Bubble then appeared.

Kitty: Can me, Femme Fatale, Shiva, Puff, Titania, Major Disaster, Bonz, Melter, Man Ray and Dirty Bubble go with you guys?

Nico: You all sure can and it's my turn to lead today. We're gonna first watch this.

Nico pulled out the movie case for Mary and The Witch's Flower.

Femme Fatale: Whoa! That was a great movie.

Puff: Lets get down to watch it.

We got to watching the movie.

---

Mary Smith moves into the northern English country estate of her Great Aunt Charlotte. The bored, friendless girl tries to make herself useful through chores, but repeatedly messes up. A local boy named Peter teases her for her clumsiness and wild red hair. Tib-cat and Gib-cat, Peter's cats, lead Mary to some mysterious glowing flowers. The gardener identifies the flowers as "fly-by-night"; legend has it that witches covet the flower for its magical power. The next day, Gib-cat disappears. Tib-cat leads Mary to a broomstick but she accidentally bursts a fly-by-night bulb on it. The bulb releases magical power, making the broomstick come to life and enabling Mary to ride it like a witch. The Little Broomstick whisks Mary away to a complex of buildings in the clouds, known as Endor College for witches.

Head mistress Madam Mumblechook assumes Mary is a new pupil with Tib-cat as her familiar, and takes her on a tour of the college. She introduces Mary to Doctor Dee, the college's renowned chemistry teacher. Mary finds herself able to perform advanced spells such as invisibility. Madam and Doctor Dee become convinced that Mary is a prodigy because of her performance as well as her red hair, which is a distinguishing feature among the best witches. While in Madam's office, she finds a "The Book of Master Spells" hidden within a picture of the fly-by-night flower and ends up hiding it in her bag when Madam returns to her office.

Mary admits that her magical ability comes from fly-by-night, and that Tib-cat belongs to Peter. Madam's attitude changes then but she lets Mary return home once Mary turns over Peter's address.

That night, Madam sends a message to Mary, informing that she's kidnapped Peter, and demands that Mary bring the fly-by-night bulbs to her. She and Tib-cat quickly fly back to Endor with the bulbs, but Madam and Doctor Dee imprison her in their transformation lab. Mary finds Peter locked in with her, and discovers that Doctor Dee has been experimenting on animals, including Gib-cat, transforming them into fantastic creatures. From the spell book she took from Madam's office, Mary uses a spell to undo the transformations and unlock the lab, and all the animals escape. They also try to escape on the Little Broomstick, but Peter is recaptured.

The Little Broomstick takes Mary to an isolated cottage on a tiny island that seems to be alive. Inside the cottage, Mary finds notes on spells and a mirror that Great-Aunt Charlotte uses to contact her. Through visions, Charlotte reveals that the cottage was her old home, and she used to be a red-haired pupil who excelled at Endor. One day Charlotte found fly-by-night on the campus, leading Madam and Doctor Dee to obsessively pursue a project to use the flower to transform all humans into witches and warlocks. When their experiments failed, Charlotte escaped Endor, taking the flower with her. Charlotte begs Mary to use her last bulbs to return home, but Mary vows to rescue Peter. Madam finds Mary at the cabin before she can leave and pursues her, taking the flower and spell book back.

The power Mary had fails her and she crashes to the ground on Endor, breaking the Little Broomstick. Seeing this, Mary cries over the broom stick and it glows again with power. She realizes she can't give up and begins to run for the lab, when the animals she freed intervene and carry her there. She finds Madam and Doctor Dee trying to transform Peter into a warlock. The experiment fails again, leaving Peter trapped within a gelatinous monster and starting the same disaster that destroyed the lab the last time. Madam tries to destroy the creature but it engulfs her and drains her of her magic. Mary gets the spell book to Peter, and he uses it to undo the failed experiment and all of Madam and Doctor Dee's research. Flanagan found and repaired the Little Broomstick so Mary and Peter fly home, with her throwing away her last bulb and saying she won't be needing magic anymore.

When the movie as done we cheered wildly.

Nico: YEAH! That's a great movie! But it looks like we're going to stop a huge glob of slime in the form of a force that should never be understood.

Brittney: To unlock the powers of infinite magic is as dangerous as it all can get. There are powerful forces no one should ever know about.

Nico: Yep. Okay. (Pulls out Bugle and plays Reville and everyone came and we all stood in a line) ATTEN-TION!

We stood in attention.

Nico: All right maggots listen up! We're going to England to help a girl named Mary Smith and she has just learned some terrifying secrets from her family and we have to help her stop Madam Mumblechook from playing with forces no one should ever dare to comprehend. This is gonna be a dangerous battle. We have to be ready for anything that Mumblechook will do and stop her from turning Peter into a false god if you know what I mean. Lets roll out soldiers!

We were off to England.

---

ENGLAND COUNTRYSIDE

---

We were flying over England.

Dirge: Good to be back in England again.

Nico: Indeed it is.

Eli: Commander, foreign object flying above us at 85˚ Up!

Nico saw a girl flying on a broomstick.

Nico: Pull up everyone!

We flew up and we saw that the girl was Mary Smith.

Nico: (Jokingly) License and registration for flying a broom.

Mary Smith: (British Accent) Whoa! Team Loud Phoenix Storm! It's such an honor to meet you all.

Nico: Same to you Mary. You fly that broom really well.

Eli: You sure do.

Seamia: Nice flying.

Mary Smith: I'm heading over to Endor Academy. My friend Peter is in trouble.

Nico: Uh oh. Let me guess. They are trying to unlock the secrets of infinite magic?

Mary Smith: That's right. How did you know?

Nico: We have a lot of sources.

Femme Fatale: I hope you don't mind showing us Endor Academy.

Mary Smith: Not at all. We should be there soon.

We went through a portal and we arrived at Endor Academy.

Me: WHOA!

Nico: WOW! So this is Endor Academy.

Twilight Sparkle: Wow! Just as magnificent as Canterlot and Hogwarts.

Akko: And as cool as Luna Nova Academy.

Mary Smith: More advanced actually.

Nico: Lets head in.

We went through the gates and we saw that it was really amazing and far more advanced than anything we have ever seen.

Me: WHOA! This is incredible!

Nico: Wow! You said it Colonel. This is amazing that there is a magic school of this kind of caliber.

Moondancer: It sure is amazing.

Clown Man: How advanced is this place?!

Mary Smith: Very advanced in everything.

She told us everything that happens in Endor Academy and it is amazing and beautiful.

Twilight Sparkle: Wow! So much more advanced than everything we were taught in Princess Celestia's School of Magic.

Harry Potter: (British Accent) Or in Hogwarts.

Akko: Or in Luna Nova Academy.

Bloom: Or Alfea.

Nico: It sure is amazing. Any wizard or witch would love it here.

Hermione: (British Accent) They sure would.

Twilight Sparkle: Or any pony from Equestria.

Man Ray: So, Mary. What do you do here for fun?

Mary Smith: Amazing things. But what we do for fun is all kinds of fun activities and sports.

Nico: Wow. That's amazing.

Leanbow: Me and my fellow Mystic Force Rangers also use magic.

Twilight Sparkle: So can me and my friends.

Harry Potter: And me and my friends.

Me: Many of us can use magic.

Nico: Yep. It's really amazing.

Puff: Alright. Is your friend Peter here? We have to keep him safe. Especially in light of what you just told us.

Mary Smith: Yes he' here but I'm afraid he's being used in that experiment I told you about. They have him in that laboratory.

Nico: Then we got to stop them from activating that machine. You lead the way Mary.

Mary Smith: Right!

Nico: All right lets go! Lets go! Double Time! Lets go!

We followed Mary to the lab.

In the lab the machine was almost ready to activate and we saw Peter in it.

Thorax went in and we saw him turn into Madam Mumblechook.

Thorax: (as Madam Mumblechook) Peter. There's been a change of plans. We're not going to activate that machine.

Peter: (British Accent) Thank goodness. Will you get me out?

Thorax: Of course.

Madam Mumblechook: (British Accent) What is going on here!?

UH OH!

Madam Mumblechook: You can't be me!?

Thorax: I AM you.

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above the ceiling and the symbols of male and female swirled around and then converged and we appeared and landed and we had Peter safe with us.

Nico: Madam Mumblechook, you are forbidden from continuing this experiment.

Madam Mumblechook: Team Loud Phoenix Storm!? How did you know about this experiment?

Nico: From a place called Mary Smith and she told us everything. What you are doing is ultimately messing around with things that are never meant to be understood!

Madam Mumblechook: We'll see about that! This is for our next step in evolution!

She was about to activate a machine and Nico fired a wave of energy and blew the entire machine to scrap metal in a fiery explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Twilight Sparkle beamed Peter over to us.

Shiva: Let's head back and formulate a plan!

Nico: And to make sure Peter's okay! Just in case the machine worked for a brief moment.

Me: Right! FALL BACK!

Nico fired more energy blasts and blew all the machines to pieces and destroyed everything.

Nico: FALL BACK EVERYONE!

We teleported away.

Madam Mumblechook: FIND THEM AND BRING THAT BOY BACK!

We hid in the forest.

Peter: (British Accent) (Weakly) Who?

Nico: It's all right Peter we are here to help you.

Hook: Peter, let me run some tests on you in case the machine activated before we got you out.

Peter: Okay.

Nico: You better help out too Ratchet.

Ratchet: Yes sir!

Mary Smith was with Peter.

They ran some tests on him and found that he was partially imbued with magic.

Hook: Well the good news is he's all right but he has been imbued with powerful magic that is giving him amazing powers.

Nico: Is it dark magic?

Hook: No from the looks of things it's good magic. But it's really strong and powerful. Like as powerful as 1,000,000 Alicorns.

Princess Celestia: Whoa that is incredible!

Princess Luna: It sure is sister. What they are doing with magic of that kind of power is terrifying.

Nico: Yeah no kidding.

Me: Wow that is powerful magic.

Fluttershy: Goodness.

Seamia: Amazing.

Titania: Dude, what were they planning to do to you?

Peter: It's a terrible experiment. They want to turn me into a Warlock that has infinite magic.

We gasped in shock.

Nico: That's terrible.

Me: It's worse.

Brittney: That is completely inhumane. What they are gonna do will throw the entire worlds of the magical, supernatural, paranormal, spiritual and physical planes completely out of balance. Imbuing a normal person with that much power will ultimately throw everything into chaos.

Nico: Not good.

Eli: That's bad. We have to stop her before she causes a major catastrophic imbalance.

Discord: And I do know chaos because I am known as the embodiment of chaos after all.

Eli: We got to stop her and fast.

Leslie: Weren't they going to turn you into a gelatin monster?

Peter: I don't really know.

Mary Smith: Yes they were. That's what happened when they tried this experiment the first time. It totally backfired and unleashed a terrible slime creature. It burned everything it touched.

Nico: Oh man.

Mary Smith: My great aunt Charlotte tried to stop this experiment from happening again by stealing the seeds for the flowers that they needed. But it was all for nothing as they continued the experiments.

Me: Oh man.

Nico: This is really bad. Madam Mumblechook has no idea what she's about to do.

Brittney: Yeah. Making a warlock like that will spell incredible disaster for everyone and everything.

Dirty Bubble: Well, even if Peter had turned into a gelatin monster, we probably could've stopped him anyway. I specifically would've used my body to fight said gelatin monster.

Mary Smith: This monster will burn everything it touches.

Nico: She's right. That monster will incinerate everything it comes into contact with.

Eli: Yeah and we have to use a powerful magic spell to stop it.

Nico: Hmm.

Nico was thinking.

May: What is it Nico?

Nico: I've got a plan. If we can weaken it long enough with our combos, powers and Final Smashes, Brittney can use her magic to send that glob of caustic slime to another dimension where it won't cause any harm.

Brittney: That's a great idea Nico! I have just the spell to do that. But it will take about an hour to complete.

Nico: That's all the time we need to get our usual battles and the battle with that slime creature out of the way.

Me: That's smart thinking.

Brittney: Okay. Haiku, Goths of Darkness, you have to hold off Mumblechook while I get everything ready for the spell.

Lucy Loud: You got it Brittney.

Persephone: We'll do our best.

Elec Man: First, how about we have lunch before the fight?

Nico: Good idea. Can't fight on an empty stomach. But we're gonna need to find someplace to hide while we eat.

Eli: I sense there's a cave underneath the school. We can use that as our base of operations for the time being.

Nico: Smart thinking lieutenant.

Major Disaster: We really are glad you're safe, Peter.

Peter: Thanks to you guys.

Nico: Think nothing of it. Lets head for that cave.

We went to the cave and it was located just 500 feet below Endor Academy. Mumblechook would never think twice to look for us in the cave.

Nico: This is perfect. We'll set up shop here for the time being.

We set up our base there and Nico used his powers of imagination and made a huge pizza tree and meat tree.

Marie K.L.: Peter, do you have a crush on Mary?

Mary and Peter blushed when she asked them that.

Mary Smith: Uhh well.

Peter: Well…

Eli: You don't have to hide it.

Peter: Yes I do have a crush on Mary.

Mary Smith: Yeah I have helped him before.

Nico: Aww. Sorry to make you guys uncomfortable like that. We have a habit of picking up on stuff like this.

Mary Smith: That's all right. By the way are there any evil wizards that you all faced?

Nico: Lots of them. The worst of the all was an evil wizard named…

Eli: Uh oh.

Nico: LORD VOLDEMORT!

THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP! CAT YOWLS! FISH SWIM! BIRDS SCREECHING! PEOPLE SCREAMING IN FRIGHT!

Mary Smith: Whoa! I've heard of him! He was a monster!

Nico: Worse than that. He was a genocidal racist.

Nico went over all of Voldemort, Salazar Slytherin and his followers history and when he was finished Mary and Peter were HORRIFIED!

Mary Smith: WHOA MAN!

Peter: They were monsters!

Nico: Yeah and we killed them all and banished them to the Warp forever.

Eli: Yeah good riddance.

Nico: No kidding.

Bonz: I'll summon my strongest Duel monsters for the battle.

Nico: Okay. Go for it. Lets do it guys.

Muscle Man: You know who else likes using magic like this?

Smokescreen: I know the answer to this one.

Muscle Man: MY MOM!

We laughed at his joke!

Mary Smith: I don't get it.

Nico: We don't either but it's funny. Lets go guys!

We went back to the academy and back into the lab.

We got to work.

Melter: (takes out melting device) Mumblechook's gonna be here any minute!

Nico: Just stick to the plan.

Melter: Okay.

Brittney drew a powerful spell circle and she had blue candles lit and had her spell book ready.

Nico: Here we go.

Mumblechook came in.

Brittney was standing in the middle of the spell circle and she was chanting a powerful incantation.

Mumblechook: What the!?

Nico and everyone came out and Melter destroyed all the machines.

Nico: Mumblechook we can't allow you to go through with making a powerful warlock like this.

Mumblechook: And why not?

Nico: Because it will cause a collapse in the balance of the Physical, Paranormal, Supernatural, Spiritual and Mystical planes. The destruction and the ramifications will be catastrophic!

Mumblechook: It's the only way!

Nico: Not gonna happen!

Mumblechook: Where's the boy?!

Ra's Al Ghul: (lying) In Hogwarts. Far out of your reach.

Maria: (telepthically) What happened to telling people like her "None of Your Business"?

Ra's Al Ghul: (telepathically) People like her aren't the only ones who can tell lies.

Maria: (Telepathically) Wow.

Then Zzzax, Electrocutioner, Chemistro, Beetle, Diabolico, INSTIGATOR, Pied Piper, Vulture, Molten Man and Sportsmaster appeared.

Nico: Zzzax, Electrocutioner, Chemistro, Beetle, Diabolico, INSTIGATOR, Pied Piper, Vulture, Molten Man and Sportsmaster.

Zzzax: Are we late?

William: Nope. You're just in time.

Electrocutioner: Thank God Peter's okay!

May: Relax. He's safe and sound!

Chemistro: For a minute, I thought we'd have to deal with a giant gelatin monster!

Beetle: Thank goodness that won't be the case.

Diabolico: I doubt it would've tasted good.

Me: No it wouldn't because the slime burns everything in its path.

Nico: Yeah.

Diabolico: Wow. I heard J.D. that Rarity learned a dangerous spell and turned Ponyville's streets into gold and Town Hall into diamond.

Me: You heard right Diabolico. I slipped and fell on the gold. Ouch.

Nico: You're all right though.

Me: Yeah. Lots of things went on after that too.

I told them all everything.

Diabolico: Wow!

Zzzax: You guys have Bardock back! Wow! So amazing!

Then we heard a siren go off.

[A siren horn then goes off and then everyone becomes silent, including SpongeBob]

Nico: What, did I say the secret word?

SpongeBob: No, commander he's back.

Nico: Who's back? What? [Something red flashes by] What was that?!

SpongeBob: [An alarm sounds] Man your stations! Red alert! Red alert! Take cover! [All the people in the room scream, and run to take cover]

Nico: Take cover from what?!

SpongeBob: [SpongeBob's up in a crow's nest searching for him] He's around here somewhere. [SpongeBob sees the red flash by once again] There he goes!

Nico: What? Who? Where? Somebody tell me!

Squidward: Some say he crawled out from the lowest trench in the ocean.

Pearl: He's the saltiest of all the sea dogs.

SpongeBob: He's the most hated creature in Bikini Bottom next to Plankton. [The red flash then bursts out of the door and we then see it is Krabs holding a Krabby Patty while swinging on a rope]

Krabs: And he's finally got a Krabby Patty and ready for fun in the usual battles! Ar, ar, ar, ar!

Nico: KRABS! What is he doing here!?

Eli: GOOD GRIEF HE'S NAKED!

Nico: How in the world is he here?

Vypra then appeared.

Vypra: I decided that since he was feeling left out since you haven't been on adventures in Bikini Bottom for a while that he would be better for the Masters of Evil.

Nico: Wow that's cool.

Seamia: Looks like this crab is now the archenemy of me.

Krabs: Aye lass.

Seamia: Wow crab VS crab. Interesting setup.

?: It sure is.

A figure came out and it was the scrapped monster PARTY CRASHER MONSTER!

Party Crasher Monster: Party Crasher Monster ready to have fun!

Me: We haven't faced you yet and I don't remember seeing you.

Nico: Me neither.

Party Crasher Monster: I'm one of the monsters scrapped from the series.

I looked it up and show that he was a scrapped monster.

Party Crasher Monster: I don't think I ever got a chance to fight you Rangers.

Tommy Oliver: No you sure didn't.

Nico: That's because the episode you were supposed to be in was scrapped.

Me: The movie was still being filmed. What a ripoff!

Party Crasher Monster: Yeah that is a shame.

Me: Looks like we're gonna have our first ever fight with you.

Party Crasher Monster: You sure are.

Bluto came.

Sea: You sure like getting thrashed Bluto. Popeye really gave you that thrill.

Bluto: We'll see.

Nico: Lets get it on!

Mumblechook: Not without a little friend to give you problems too!

A tiny cute little creature came and it was adorable!

Ben: Aww, look at the little-

Wolverine: Watch it, Ben. Even without its' dirty scent, that thing looks off!

Lily: Yeah something about that creature looks familiar.

It saw Lily and roared ferociously and then turned into it's true form! It was PUFFY FLUFFY!

---

Puffy Fluffy was bought by SpongeBob, so that Gary would not be lonely while he was at work, even though Gary was perfectly fine with staying home alone as he could see television on his own. However, Puffy Fluffy turned out to be a ferocious monster and attacked Gary several times (while SpongeBob was oblivious to the entire situation).

SpongeBob never notices and blames Gary for the destruction of his house, which was really caused by Puffy Fluffy. Puffy Fluffy sheds his skin during the night and turns into his fully grown monstrous form, resulting in Gary battling him throughout the house the entire night.

When SpongeBob starts to scold Gary, ignoring the fact that Puffy Fluffy is now trying to devour the snail with his tongues, the monster decides to eat him instead. Gary saves his owner's life by tangling up Puffy Fluffy's extra mouths with his own leash, preventing him from eating and sending the monster running out of the house in a sobbing panic.

Even so, SpongeBob still scolds Gary for chasing Puffy Fluffy away, even though Gary ended up saving his life and the house.

Puffy Fluffy is a nudibranch (although not resembling an actual nudibranch at all), first appearing as a small, chubby green fish with a goofy expression and razor sharp teeth. However, he eventually evolves into a huge lamprey-like beast with several sucker-like tongues inside his mouth.

---

Lily: PUFFY FLUFFY!

Nico: Is that creature a slug?

Lily: WORSE! He's a Nudibranch!

Heidi: WHAT!? That can't be right. Nudibranches don't look like that at all.

Lily: This one is a monster!

Nico: UGLY! Lets do it!

---

Battle 1: Mollie, Twilight Sparkle, Luster Dawn, Princess Cadance, Princess Amore, Flurry Heart, Star Swirl, Magic Skylanders, Crystal Laney, LupinRangers, Wildrider and Dead End VS Zzzax

---

Zzzax was first.

Zzzax: (to Mollie) That Puffy Fluffy thing looks like something from Hell. No wonder the Aparoids controlled it so easily!

Mollie: Yeah no kidding and SpongeBob was completely oblivious to its true nature.

Twilight Sparkle: And he had the audacity to say that Gary drove him away!

Luster Dawn: Yeah and all because Puffy Fluffy was trying to hurt him and Gary.

Princess Cadance: But I don't blame SpongeBob though. All he wanted was to give Gary a friend so he wouldn't be lonely.

Princess Amore: Yeah poor guy. But SpongeBob didn't know the kind of monster that Puffy Fluffy really was.

Flurry Heart: Fluttershy should use her stare on Puffy Fluffy to scare that monster.

Star Swirl: Good idea.

Spyro: Yeah that Puffy Fluffy is a monster.

Kairi Yano: Yeah he needs to be taught a lesson.

Crystal Laney: Yeah I agree.

Zzzax: I do too. Lets do it!

LupinRangers: KAITOU CHANGE!

They transformed.

Kairi Yano: (Snaps Fingers) LUPIN RED!

Touma: (Snaps Fingers) LUPIN BLUE!

LupinRangers: PHANTOM THIEVES OF JUSTICE! LUPINRANGERS!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive black fiery explosion went off behind them and they were ready for buttkicking.

Kairi Yano: Here's an advance notice, we're taking your treasure.

Zzzax: Don't have anything on me.

Kairi Yano: Sorry force of habit.

They fired waves of energy, magic and lightning and smashed him down.

Mollie: Take that!

Twilight Sparkle: That was so cool!

Kairi Yano: With that we bid you adieu.

---

## Battle 2: Emerald Goldenbraid, Rarity, Sweetie Belle, Thunder Terror, Mistmane, Sable Spirit, Water Skylanders, Liquid Leni, PatRangers, Dirge and Ramjet VS Electrocutioner

---

Electrocutioner was next.

Electrocutioner: (to Emerald) I don't really blame Spongebob for believing Puffy Fluffy was harmless. That thing was pretty good at deception.

Emerald: You are not kidding. Puffy Fluffy was really a true wolf in sheeps clothing.

Rarity: Indeed he was darling and he would not make a great friend for Opalescence or any of our pets.

Sweetie Belle: Yeah Puffy Fluffy is a monster!

Thunder Terror: He would not make a great mascot in the Masters of Evil that's for sure.

Mistmane: No he sure wouldn't. I wouldn't touch a monster like that with a 10 foot pole.

Sable Spirit: He is really a Nudibranch. They are a type of Sea Slug. Snails and Slugs get along great.

Gill Grunt: Yeah but that one is a nightmare.

Liquid Leni: You got that right.

Keiichiro: What a monster.

Electrocutioner: No kidding. Lets do it!

PatRangers: KEISOU CHANGE!

The PatRangers and Noel Transformed!

Battle 3: Matau, Fluttershy, Tree Hugger, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Plant Lola, Kameo, Clown Man and Frost Man VS Chemistro

Chemistro was next.

Chemistro: (to Matau) Even my alchemy gun can't turn things into gold that fast like how Rarity did it.

Matau: I know that was amazing. But that spell that Rarity was under was corrupting her. She was turning everything into diamond and crystal and she turned the street gold.

Fluttershy: Yeah that was awful. But thank goodness that Spike, Seamia, Sue and J.D. saved Rarity from herself.

Tree Hugger: Far out dudes. But Town Hall looks better in crystal.

Tornado Bolt: It sure does. How amazing.

Mage Meadowbrook: But thank goodness Rarity was set free from that spell. And she made a massive number of clothes in an instant.

Plant Lola: It's true. Rarity got 15 years of fashions done in 12 hours because of that spell.

Stealth Elf: Yeah she sure did.

Kameo: It was all amazing. Lori, Leni, Carol and friends tried them all on and Bobby, Ed, Vince and us loved them.

Chemistro: I can tell but 15 years worth of clothes done in such a short amount of time!? Wow! That has to be a record. Lets do it!

Beetle was next.

Beetle: (to Connor) So, why was Rarity turning things into gold again?

Connor: She wanted to make all of Equestria better by turning it all beautiful and full of bling. She was turning much of Ponyville into a dazzling city. She turned the streets to gold and turned some of the buildings and stuff into crystal and stuff loaded with jewels. Also she had a birdhouse Fluttershy had for a robin turned into a Bird Mansion and Rainbow Dash had a dress on that was amazing.

Beetle: WHOA! That's amazing! What was the spell called that did all that?

Starlight Glimmer: It was a dark magic spell called Inspiration Manifestation.

Cozy Glow: It's more like a curse rather than a spell.

Trixie: But look at my cloak from what that spell did.

She showed her beautiful purple cloak and it was lined with all kinds of jewels and full of sparkling glitter.

Beetle: (Whistles) That is magnificent!

Juniper Montage: It sure is. Rarity even made this awesome skirt for me as well as these amazing bracelets for me.

She had a beautiful green skirt with emeralds all over it and even sequins and she also had green emerald bracelets.

Beetle: Wow! Those are beautiful!

Clover the Clever: Yeah they sure are. Wow.

Hex: Rarity is a great fashion designer and she doesn't need a spell to make everything beautiful. She can do all that all on her own in her own way.

Lightning Lisa: I think so too in my own retrospective.

Tommy Oliver: Yeah me too.

Beetle: I agree. Lets get it on!

Forever 6 Rangers: FOREVER 6 POWER!

The 6th Rangers all transformed!

Sunset Shimmer: Alfea is just as amazing as everything we know all about magic.

Pepperdance: It sure is. Mary's powers in magic are amazing.

Cayenne: They sure are.

Diabolico: I take it you told her about what happened with Voldemort and all that.

Firecracker Burst: We sure did and she was horrified that there were wizards out there that were pure evil.

Pip-Squeak: (British Accent) It's absolutely terrible that there can be wizards like that.

Gusty: Yeah and they give all wizards everywhere a really bad name.

Sunburn: They sure do. And people like them get what they deserve.

Fire Lori: They literally disgust me.

Right Suzuki: Yeah they have no honor.

Akira: No kidding.

Diabolico: You said it. Lets do it!

INSTIGATOR: (to Pinkie Pie) Be honest. Would we have stood a chance against that gelatin monster?

Pinkie Pie: In all honesty, I'm not really sure. But Brittney is working on a spell that will send that monster to another dimension.

Maud Pie: (Monotonously) And she will succeed in getting rid of it.

Marble Pie: I agree and she will.

Featherweight: That monster tried to destroy this academy before. Mumblechook is the one responsible for it.

Somnambula: (Egyptian Accent) Mary's Great Aunt was the one that foiled her plans before and she did the right thing to make sure it doesn't happen again.

Sprocket: Charlotte is a hero.

Steel Lynn: Yeah she sure is.

Marcus: Yeah she kicked some butt.

Yoshino: She sure did.

Hay Lin: Her name is Seamia and she is a Cancer the Crab. You know like the one from the Constellation?

Vulture: Wow that's unusual.

Rainbow Dash: It sure is and she gets along great with all the seadogs we know.

Scootaloo: She gets along great with Seamus, Mr. Krabs and Popeye.

Magma Gloom: She sure does and she would also get along great with the Sea Captain from Springfield if we find him.

Flash Magnus: She sure would. And her knowledge of things about the seas and nautical things and all the legends and treasures and all that is amazing.

Whirlwind: I think so too. And Wash Buckler, Flip Wreck and Thumpback are all sailors and they would get along great too.

Air Lincoln: And now she has a naked version of Mr. Krabs as her archenemy? How funny and cool.

Animated Optimus: Yeah it sure is.

Animated Bumblebee: Yeah it is.

Kaz: Actually Crawsectus is more like a Crawfish but yeah she sure would. She mostly gets along great with all the sailors we know.

Applejack: She sure does and she has a lot of great treasure maps for us to use to find amazing treasures.

Apple Bloom: Yeah and I love a good treasure hunt!

Gwen: Me neither. But that is so cool!

Princess Luna: It sure is. But thank goodness their enemies aren't as dangerous as the villains we all know.

Snowdrop: Bud and Lou were the Joker's hyenas, Ignatius was Lex Luthor's pet Iguana and also Isis as you know is Catwoman's pet cat.

Gari: Ignatius is more like a nuisance rather than a destroyer like Luthor was.

Blackout: Thank goodness.

Shadow Lucy: Yeah but we still have Mechanikat and his lackeys to deal with.

Jason Lee Scott: Yeah but we will take them down.

Nico: Good idea.

Me: Lets have some good jello.

Mary Smith: (To the viewers) This was a really magical adventure. The next one is gonna be just as fun.

Nico: It sure will be fun.

We had fun and ate the jello and then went back to the World Tree Estate. Mary and Peter now live with us. We also then had a great dinner and then went to sleep.

THE END

---

Another awesome chapter done.

This was a great chapter and Mary and The Witch's Flower was a cool movie. The first part of the chapter was based on the MLP episode Inspiration Manifestation and that was a great episode. Also you didn't expect the appearance of Puffy Fluffy did ya. He appeared in the SpongeBob episode A Pal For Gary which aired on January 2nd, 2010 and that was one of the worst episodes ever because of SpongeBob's obliviousness to Gary telling himi that Puffy Fluffy was a monter. Yeah. That was a crazy one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be a new one called Miannda the Thunderbird and she is gonna be in the world of the 1957 movie Kronos and we're going to stop a terrifying energy vampire monster called Kronos. Also the next chapter is gonna be a good one for part 3 of the Hayao Miyazaki Mini-Saga. We're gonna go meet Arrietty and her family in the world of The Secret World of Arrietty which is based on one of my favorite movies and books: The Borrowers and we're going to help Arrietty and her family and place them under our protection as well as send Haru the delusional old lady that wants to prove the existence of the Borrowers to a nursing home for the looney. I have an awesome plan for this chapter so you'll see how it will unfold.

See you all tomorrow.

# Protecting The Borrowers and Littles

Over the deserts of Arizona, me and Kay Tudor were flying over the hot sands.

Kay: Funny that I'm helping you out on a rescue after our visit to Britain the other day.

Kay concentrated and groaned as her hands started trembling.

Me: I know it sure feels cool though.

She turned into hew King Crab Gene-Slammer form, GIANTCLAW!

Me: YEAH!

Then we saw something unusual over a mountain and we flew up and we saw a huge robotic energy vampire machine and it was the monster from the 1957 movie of the same name: KRONOS!

---

Kronos is the titular main antagonist of the 1957 black-and-white sci-fi movie, Kronos (also known as Kronos, Destroyer of the Universe). It is a gigantic, slow-moving extraterrestrial robot that came from outer space.

History

What appears to be a large saucer shaped meteorite crashes into the Pacific Ocean near Mexico, following an unexplained break-in and assault by a deranged man at a secret U.S. research facility. The crashed meteorite soon reveals itself as an even greater menace than first believed, with grave implications for the survival of the human race.

A gigantic machine, Kronos attacks power plants in Mexico, draining them of their energy. In doing so, Kronos grows in size, becoming larger as it consumes more and more energy. Kronos is discovered to be an accumulator sent by an alien race that has exhausted its own natural resources. They have sent Kronos to drain the Earth's power and return it to their own dying planet. A scientist, under control of an unseen alien presence, suggests fighting Kronos by dropping an atomic bomb onto it using a B-47 Bomber, which is done. Kronos only absorbs the bomb's power and grows to titanic size. It threatens to drain the world's cities and starve the Earth of power, but scientists devise a plan to reverse Kronos' polarity, which causes it to feed on itself. Kronos explodes and the Earth is saved.

---

Me: WHOA! That's Kronos!

Giantclaw: What is Kronos?

Me: This is the robotic energy vampire monster from the 1957 movie Kronos. Really unusual movie from my dad's past.

Giantclaw: Oh wow!

?: Let us help you with taking him down!

We saw a girl appear and on her shoulders were a Plusle and a Minun. The Girl was a Thunderbird!

Me: Whoa you're a Thunderbird!

Miannda: That's right. I'm Miannda and it's a pleasure to meet you J.D.

Plusle: Same here. My name is Gina Tamarac and this is my twin sister Mina.

Minun: Pleasure to meet you.

Me: Pleasure to meet you all. Lets get this monster!

We went at Kronos and fired massive blasts of magnetic energy and lightning and blew it apart in a massive fiery explosion.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Kronos was completely destroyed.

Me: Take that!

Miannda: YEAH!

Giantclaw: That was awesome!

Me: Gina, Mina, how would you two like to change at will and use your powers to help people?

Gina: Yeah we would like that!

Mina: Yeah!

Me: Okay.

I put on my blind man glasses and snapped my finished and then Gina and Mina reverted back and they were naked. Then Kay reverted back.

Kay was human again. But topless.

Kay: (covers her boobs) Good thing that wasn't the Titan Kronos.

Gina Tamarac: (Covers herself) Thank goodness. That was brutal and intense.

Mina Tamarac: (Covers herself) It sure was. Wow!

I gave Kay, Gina and Mina new clothes and they put them on.

Miannda: That was amazing though. That was enough energy to destroy it 100 times.

Me: It sure was.

Kay: Thank goodness we destroyed it though.

Me: Yeah. Lets head back to the Estate.

We went back. When we arrived I told everyone everything and it was incredible. Miia was happy that Miannda was back.

After we got back after destroying Kronos, we were outside, and Lincoln was going to show us a little surprise, and it pertained to after his counterpart/ancestor from 250,000,000,000,000 years ago merged with him yesterday.

Me: Alright, buddy, whenever you're ready.

Lincoln was in an old shirt that had holes on it, and it once belonged to his dad long ago. His dad decided to get rid of it, so he gave it to Lincoln for this purpose, and he had his Sword of Taranis holstered on his wide muscular back, his Orange Crystal Saber holstered on his left hip, and Eater of Sins revolver holstered on his right hip.

Lincoln: You got it, J.D. Alright, then, here goes.

Suddenly, we saw a neon blue outline surround Lincoln's body, and we were told by Lincoln 2 that this was the final part of Lincoln's transformation. Then, we saw Lincoln permanently grow from 6'10" back to 7'0", and his large and powerful muscles grew back to his abnormally large and powerful muscles, which shredded the old shirt his dad gave him, showing his permanently bare chest and massive pecs with his lightning bolt cutie mark with the thunderbird and comic books on his right massive pec, eight-pack abs and his Celtic Cross cutie mark tattoo with the Earth surrounded by the ring of mermaids, and sapphire blue kanji on his wider muscular back, and Pisces constellation and Aquarius Zodiac sign on the back of his neck, and his weighted orange bands on his large biceps and thighs stretched out when he underwent that massive muscle growth. Lincoln 2 told us yesterday that Lincoln's hunky form was now his permanent body, but I did give him the ability to change forms, especially his 11-year-old form when he goes to school.

Then, his large blue angel wings surging with powerful super lightning grew back to their larger size for his now permanent 7'0" hunky body with abnormally large and powerful muscles, but the wings now have stars and nebulae reflecting on the feathers, his orange version of He-Man 2002's loincloth with hanging silver lightning bolts reappeared, along with the long orange trench coat coattails with hanging silver lightning bolts, his blue pants with blue lightning bolts on the legs changed back into his blue pants with gold lightning bolts on the thighs, and his large white sneakers had permanently change back to the large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area. He still had on his Thunder Kanji earrings, his Thunder Kanji necklace on his permanently bare chest, his large fingerless black gloves with the symbol of The Loud House on it, and his Orange Buffalo Animal Spirit Ring also grew for his now larger hands.

We also saw Lincoln's deep sapphire blue eyes turn neon deep sapphire blue with the sclera turning into the endless depths of space with stars and lightning, and his massive neon blue energy aura with lightning flare up, and it turned into a massive neon blue vortex, as lightning came crashing down like crazy. Then, when the massive neon blue vortex faded away, Lincoln emerged, and he transformed into SUPER ANGEL-EBONWU 500,000,000,000,000 SUPERCELL LIGHTNING THUNDERBIRD FURIOUS HYPERSTORM OF JUSTICE, and his infinite power and energy levels were just as powerful as mine.

We were stunned with awe and shock at what happened to Lincoln, and the girls in his harem knew in advance that Lincoln's hunky form was now his permanent new body, after his counterpart/ancestor from The Ebonwu Squadron merged with him yesterday.

Me: Whoa, Lincoln, you've acquired a Super Angel-Ebonwu 500,000,000,000,000 form!

Nico: Amazing!

Lincoln: (Divine Echoing Electrical Voice of Justice) **Yeah, this was the surprise that I had in store for you guys, and it was because of what happened yesterday when Lincoln 2 merged with me yesterday.**

Nico: And you're planning on testing it out, right?

Lincoln: (Divine Echoing Electrical Voice of Justice) **Yep.**

Suddenly, Manaphy saw something heading our way. It was more Trump supporters, and they were out for blood again, and they had weapons.

Me: It looks like your opportunity has presented itself, Trump supporters are heading this way. Let 'em have it.

Lincoln: **You got it.**

Trump Supporter: DESTROY THE TRAITORS! MAKE THEM PAY FOR KILLING TRUMP!

The Trump supporters charged at the team, but Lincoln charged at them faster than a bolt of lightning, and punched them with brutal superhuman strength, and sent them flying into a wall. Then, Lincoln fired powerful blasts of super lightning and neon blue energy from his right hand, larger blue angel wings, and from the large eight orange orbs orbiting around his legs, and powerful neon blue energy waves from every swing of his Sword of Taranis, which hit and electrocutes them, and it'd also melted their weapons to molten metal. They had guns, crowbars, aluminum baseball bats, and knives.

Lori: Whoa, now that was really electrifying!

Girl Jordan: You said it, Lori. GO, LINKY! MAKE THEM PAY!

Lily the Mermaid, Lincoln's wife, and the many girls in Lincoln's harem cheered wildly for Lincoln.

Then, Lincoln saw two more Trump supporters heading for them, and with a few swift swings of his Sword of Taranis, he shredded their clothes, and left them in their boxers. As soon as they saw they were in their underwear, they screamed like girls, and we laughed hysterically. TOTAL HUMILIATION!

We then joined in, and pummeled the rest of them, and we tied them up with strong nylon ropes, and called Agent Waco and The FBI in, and they were loading them into armored cars. In total, there were 9,849 members that we dealt with, even more than yesterday. But, we're still bringing their numbers down, and now, the arrested members were heading for prison. Lincoln holstered his Sword of Taranis powered down and his neon deep sapphire blue eyes turned back to his deep sapphire blue eyes, but like Lincoln 2 said yesterday, Lincoln's 7'0" tall, permanently bare chested hunky body with abnormally large and powerful muscles and eight-pack-abs, his larger blue angel wings surging with powerful super lightning with reflecting stars and nebulae in the feathers, and his orange version of He-Man 2002's loincloth with hanging silver lightning bolts reappeared, along with the long orange trenchcoat coattails with hanging silver lightning bolts, his blue pants with blue lightning bolts on the legs changed back into his blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, were now his new permanent clothing.

Trump Supporter: YOU HAVE RUINED TRUMP'S ATTEMPTS TO SAVE THIS COUNTRY, WE WILL KILL YOU ALL IF IT'S THE LAST THING WE DO, YOU FUCKING TRAITORS!

Lincoln casted a stare on him with his deep sapphire blue eyes, just like when Fluttershy uses her stare, and he had a lot to say to him.

Lincoln: **Let me tell you something. Trump has caused a lot of trouble with the crimes that he's committed, and he's not a savior to this country, he was tearing it apart, and don't get me started on the incalculable deaths that resulted from his foolishness. We have no regret for what we did, Trump is a traitor who deserved to be banished to The Warp, but you made the big mistake by following that madman's words, and instigated chaos in the nation by declaring war on us for ridding the world of that stupid madman. YOU'RE NO SAVIOR, YOU'RE JUST A BIG! STUPID! PSYCHOTIC! MADMAN!**

That caused the Trump Supporters to crap their pants nine times, and caused me to jump into Varie's arms and Nico to jump into May's arms in fright.

Me: Man, that was even scarier than when Fluttershy uses her stare on any villains.

Nico: No kidding, but, wow.

This intrigued Fluttershy, only she knows how to use her stare, and the rest of her friends have seen it in action many time, but for Lincoln to use it, this really got their interest.

Fluttershy: Wow, Lincoln, how did you learn how to use my stare?

Lincoln: **I've seen how you use it many times, and I thought I could give it a try.**

Me and Nico climbed down.

Nico: And it worked, bro.

Luna Loud: Yeah, dude, we saw what you did to those morons.

We cheered wildly as we went back home, and the 9,849 members were taken straight to prison to face the ultimate sentence: Life In Prison Without Possibility of Parole, and were put in separate cells in solitary confinement and isolation, with the two things left to haunt them until the end of their lives are the darkness and Lincoln's stare.

Later Nico was getting ready to head to the Aligned Transformers universe.

Nico: (to me) I'm off to the Aligned Universe. I heard Miko and Raf are working on something.

Me: Okay have fun.

Nico: Thanks.

Nico left through a portal and he went to the Aligned Universe.

In the Aligned Transformers Universe, Nico arrived and everyone saw him.

Nico: Hey, guys. Did you miss me?

Aligned Bumblebee: You bet we did Nico.

Miko: You will love what I made.

Nico: Okay.

Nico followed Miko to her room and on a computer she pulled up something.

Miko: You're gonna love what I made with Raf's help!

Nico: Lets see.

Miko pulled up on the computer a funny cartoon and it was me and I was at a bowling alley.

Angry Me: This game is gonna be fun. Now to have some fun.

I rolled a ball and it went into the gutter and I got a gutterball.

DUN DUN!

Angry Me: (INFURIATED) SON OF A FUCKING BITCH!

My head explodes!

DUN DUN!

Nico was rolling on the floor and laughing his head off!

Aligned Sideswipe: (laughs) Now that's funny!

Nico: (Laughing hysterically) THAT WAS HILARIOUS! That's just like the Angry J.D. cartoon that I made.

Aligned Bumblebee: That is really funny.

Nico: It sure is! (LAUGHS)

Aligned Bulkhead: Miko, you know J.D.'s gonna be pissed at you for making this video.

Miko: It's worth it, Bulk!

Nico: Nah. J.D. likes these cartoons and they are so funny. We get a good kick out of all of them.

Miko: I didn't know about that.

Nico: We get a good laugh out of them. Bart made a cartoon about his dad called Angry Dad and then I made one like this called Angry J.D.

Miko: Wow that is coincidental.

Aligned Smokescreen: (grins) And that's why you never get angry while bowling!

Nico: You got that right. That was so funny.

Strongarm: It sure was hilarious.

Nico: We hardly ever play bowling that often.

Strongarm: Oh.

Later Nico came back.

Nico: (to me and the people who know about the Aligned universe) You won't believe the funny video I saw today.

Me: Lets hear it.

Nico whispered into our ears and then we laughed hysterically and rolled on the floor and laughed our heads off.

Me: (LAUGHS) OH THAT IS FUNNY!

May: (LAUGHS) THAT IS HILARIOUS!

William: (to me) Dude, as funny as that was, you have to keep this video a secret since it came from the Aligned universe. Who knows how the Loud Kids might react when they find out Nico's been sneaking out on them?

Me: I know. And I will keep it a secret.

May: Same with me. But that was so funny.

Me: Oh right. I have a special treat for you all. We're gonna go meet my friend Henry Bigg. You guys are gonna love him.

Nico: Cool! That's right Beetle mentioned him in one of our usual battles.

Me: Yep. He lives in just down the street from here. Lets go.

We went down to the surface and we were walking to Henry's house.

Splash Woman: So, we're gonna meet some old friends of yours?

Me: Yep we sure are. And like what Beetle said, we're going to meet my friend Henry Bigg. You guys will love him. He is a really awesome guy.

Nico: Cool it will be awesome to meet Henry.

Me: Yep.

We arrived at the Bigg house and I knocked on the door and then answering it was Henry Bigg.

Henry Bigg: J.D.!

Me: Hey Henry.

We hugged.

Henry Bigg: Wow it's great you're here.

Me: Same here.

Henry Bigg: Wow and you are also the leader of Team Loud Phoenix Storm. So amazing.

Me: I know. Came a long way over the last 5 years.

In Henry's room, Henry was showing us something.

Henry Bigg: Like J.D. knows, he and I both have a special secret. We are the only ones that know about tiny people living in my house called The Littles.

Out came a bunch of little people and they were The Littles. They were no bigger than the palm of your hand and they had tails and elf ears.

Tom Little - The older of the two Little children.

Lucy Little - The younger of the two Little children.

Grandpa Little - The oldest member of the family.

Dinky Little - A cousin of the family (as in the books, where he is always presented as 'cousin Dinky').

Frank Little - the father in the family.

Helen Little - the mother in the family and the daughter of Grandpa Little.

Ashley Little - A second, younger cousin of the family.

Tom Little: Wow J.D.!

Lucy Little: Awesome to see you again.

Me: Same to you guys. Great to see you too. I promised that I would be back after I formed my own team and here they are.

Drix: It truly is nice to meet you all.

Tom Little: Same to you. We heard so much about you.

Lucy Little: It's awesome to see you again J.D. and you are now the leader of Team Loud Phoenix Storm. So cool.

Dinky Little: Yeah that is so cool!

Me: I get that a lot. But as promised, we came to introduce ourselves.

Motormaster: Now I see why you guys are called the Littles.

Tom Little: Yep.

Everyone introduced themselves.

Lucy Little: SO awesome to meet you.

Rodimus Prime: Don't worry. We'll keep you guys a secret. (sighs) Guess there are some secrets that should remain in the dark.

Me: Yep. And there are a bunch of people that would use the Littles in research and we can't let that happen.

Nico: Is there one specific enemy in particular that Henry has?

Me: Yes there is and his name is Dr. Erick Hunter. He is a madman that wants to show the world that The Littles exist.

Nico: Like how Crocker wants to show the world about Fairy Godparents existing even though everyone already knows.

Me: Yep. That's exactly right.

Henry Bigg: And I promised to make sure that the secret never gets out.

Me: And now it's all our secret too. It's best to keep this one hidden in the dark.

Eli: Yep it sure is. And if anyone ever finds out, I'll use the Force to erase their memory.

Anakin: I didn't know the Force was capable of doing that.

Mace Windu: It's an ancient technique of the Force that was thought to have been forgotten ages ago.

Me: That's amazing. My Caveman self must've learned about that technique and taught it to Eli.

J.D. 3: Yes I sure did.

Henry Bigg: Wow that is amazing.

Lucy Little: Yes it sure is.

Nico: It sure is.

We were later back at the estate and we were then getting ready for our next mission.

Sissi Delmas: B.T.W., J.D.? It's your turn to lead today.

Me: I know Sissi and first we're gonna start the mission by watching one of my favorite movies.

I pulled out a case for the movie The Secret World of Arrietty.

Lola: Awesome! That's one of my favorite movies!

Lana: The Secret World of Arrietty is awesome!

Laney: Arrietty as in Arrietty from The Borrowers? Oh wow!

Twilight Sparkle: That sounds like a really interesting one.

Henry Bigg: That's a cool movie.

Tom Little: It sure is. And the Borrowers are good friends of ours too.

Me: Wow that's awesome that you know the Borrowers.

Sakura H.: That is amazing. But what are the Borrowers?

Me: They are tiny little people about the same size as The Littles and they borrow things hence their name. They live in tiny houses underneath homes. Stranger story there. Few people know about them.

Laney: Be right back.

Laney went to her room and went and got a book and she came back with a book called The Borrowers.

Laney: This is the book called The Borrowers. I read it 5 times and it was awesome. You can read it too if you want Sakura.

Sakura H.: Thanks Laney.

Sakura took the book and started reading it.

INSTIGATOR, Zzzax, Electrocutioner, Chemistro, Beetle, Diabolico, Pied Piper, Vulture, Molten Man and Sportsmaster then appeared.

INSTIGATOR: Anytime you guys figure out how to proceed with the next mission, me, Zzzax, Electrocutioner, Chemistro, Beetle, Diabolico, Pied Piper, Vulture, Molten Man and Sportsmaster will join you guys.

Me: You all sure can. First we're gonna watch the movie The Secret World of Arrietty.

Beetle: Cool! That's a great movie and I used to watch the movie the Borrowers a long time ago.

Nico: That was a cool movie.

Me: Lets get the movie started.

Lucy Little: Yeah!

Beetle: Wow! You guys met the Littles. Awesome!

Jabberjaw: Woo woo woo. Amazing people.

Nico: Yeah they are.

We got to watching the movie.

---

A boy named Shawn remembers the week in summer he spent at his mother's home with his maternal great aunt, Jessica, and the housemaid, Haru. When Shawn arrives, he gets a glimpse of Arrietty, a Borrower girl, returning to her home through an underground air vent.

At night, Arrietty's father, Pod, takes her on her first "borrowing" mission, to get sugar and tissue paper. After obtaining a sugar cube from the kitchen, they travel to a bedroom which they enter through a dollhouse. It is Shō's bedroom; he sees Arrietty when she tries to take a tissue from his table. Startled, she drops the sugar cube. Shawn tries to comfort her but Pod and Arrietty leave.

The next day, Shawn puts the sugar cube and a little note beside the air vent. Pod warns her not to take it because their existence must be kept secret from humans. Nevertheless, she sneaks out to visit Shawn in his bedroom. Without showing herself, she tells him to leave her family alone but they soon have a conversation, which is interrupted by the crow. The crow attacks Arrietty but Shawn saves her. On her return home, Arrietty is intercepted by her father. Realizing they have been detected, Pod and his wife Homily decide they must move out. Shawn learns from Jessica that some of his ancestors had noticed the presence of Borrowers in the house and had the dollhouse built for them. The Borrowers had not been seen since.

Pod returns injured from a borrowing mission and is helped home by Spiller, a Survivalist boy he met. Shawn removes the floorboard concealing the Borrower household and replaces their kitchen with the kitchen from the dollhouse to show he hopes them to stay. However, the Borrowers are frightened by this and speed up their moving process. Pod recovers and Arrietty bids farewell to Shawn. Shawn apologizes that he has forced them to move out and reveals he has had a heart condition since birth and will have an operation in a few days. The operation does not have a good chance of success. He is accepting, saying that every living thing dies.

Haru notices the floorboards have been disturbed. She unearths the Borrowers' house and captures Homily. Alerted by her mother's screams, Arrietty goes to investigate. Saddened by her departure, Shawn returns to his room. Haru locks him in and calls a pest control company to capture the other Borrowers alive. Arrietty comes to Shawn for help; they rescue Homily and he destroys all traces of the Borrowers' presence.

On their way out during the night, the Borrowers are spotted by the cat Niya. Thereupon Niya leads Shawn to the "river", a small rivulet, where the Borrowers are waiting for Spiller to take them further. Shawn gives Arrietty a sugar cube and tells her that she will always be a part of him and that her courage and the Borrowers' fight for survival have made him want to live through the operation. In return, Arrietty gives him her hair clip, a small clothespin, as a token of remembrance. The Borrowers leave in a floating teapot with Spiller in search for a new home.

---

We loved the song at the end and it was so cool. We saw the

Teapot that Arrietty and her family was in drifting down a river and it went to who knows where. When the movie was done we cheered.

Me: I always love that movie.

Eli: Me too and I would gladly look after Arrietty and her family.

Nunnally: Me too.

Aylene C.: I wonder where they went.

Me: Boy no idea.

Nico: Well you'll figure it out J.D. How about you go outside and get some fresh air?

Me: Good idea. I'll be back in about an hour guys.

Nico: Okay.

I flew off.

## BUTCHART GARDENS, BRITISH COLUMBIA, CANADA

I was walking through the beautiful Butchart Gardens of Brentwood Bay in British Columbia, one of the most beautiful and colorful gardens in all of North America.

Me: You know I've always wanted to come here. It's so serene and beautiful.

I then pulled out my flute and I was playing Arrietty's song from the movie and it was beautiful. I was walking by the beautiful flowers while I was playing and the birds were even singing along with me. All the butterflies were even swirling around me and it was beautiful too. I finished playing and then I got to a small river and then I saw something that was out of the ordinary and I saw the teapot from the movie.

Me: It's the teapot.

I went over to it and saw that it was on the edge of the riverbed. I went over to it and picked it up and then I heard a gasp and saw Arrietty and her mother and father inside it.

Arrietty gasped.

Arrietty: We've been seen.

Me: It's all right, I'm not going to hurt you.

Arrietty came out as I was holding the teapot in my hands.

Me: My name is J.D. Knudson and I'm the leader of Team Loud Phoenix Storm.

Pod: Oh wow! We've heard so much about you.

Me: I get that a lot. And you all must be Arrietty, Homily and Pod.

Arrietty: That's right. How did you know?

Me: Me and my team has many sources. Lots of things have happened to me and my team over the years and it's a long story.

I went to a cliff and Arrietty was sitting on my left shoulder as we were watching the sunset.

Arrietty: It's so beautiful.

Me: It sure is. How did you all get over here all the way from Japan? That's 5,000 miles all the way across the ocean.

Arrietty: Is that how far we floated from home?

Me: Yeah it sure is.

Arrietty: I hope Shawn is doing all right.

Me: I'm sure he is.

Arrietty: How did you become the leader of Team Loud Phoenix

Storm?

Me: That is a lot of stories. First I'll start with how I got my powers.

I gave her the low down on how I got exposed to Cosmic Radiation and got all my powers and how my powers got stronger and stronger by the second and more and how many adventures we all did and so much more.

Pod: Wow that's amazing.

Me: It sure is. The adventures we've all been on have been absolutely amazing. We've been to many planets, many galaxies, and even different dimensions.

Homily: That's incredible.

Me: It sure is. I'm sorry you all had to leave because of Haru driving you all away from your home. She is a really delusional old lady.

Arrietty: Yeah. But we can be much safer with you and your team J.D.

Me: Thanks Arrietty. We live in a huge tree where not even the most skilled of criminals can get to us.

Arrietty: In a tree?

Me: It's a gigantic tree. You'll see when we go home. Shall we head to the World Tree Estate?

Arrietty: Lets shall.

We flew back home.

---

I came back in.

Me: I'm back.

Gilda saw the Teapot in my hand.

Gilda: Is that a teapot?

Me: It sure is Gilda. But you won't believe who is inside it. (To Arrietty) It's okay. These are my teammates and best friends.

Arrietty and family came out and everyone saw them.

Nico: Oh wow it's Arrietty and her family.

Eli: Wow. So amazing.

Me: Yep. Arrietty, Pod, Homily, these are my friends and my entire team.

Pod: Wow. It's such an honor to meet you all.

Eli: Same here Pod.

Nico: It's awesome to meet you all.

Homily: We're nervous about all this.

Me: We're not going to hurt you Homily.

Fluttershy: It's gonna be all right.

Arrietty: That's good.

Flutterfly: The Borrowers and Littles are just so adorable and amazing.

Lincoln: They sure are.

I used my powers and formed a bunch of berries for them.

Arrietty: Thanks J.D.

Me: You're welcome.

They ate the berries.

Nico: Wow.

Eli: Hey I have an idea.

Eli went to the arcade and opened up a bar drawer and in it was a bunch of stuff and he came back with little cocktail swords.

Me: Little cocktail swords. Those are perfect bro.

I gave Arrietty a red Cocktail sword and gave pod a blue one and Homily a green one. I even imbued them with powers of the elements on a cosmic level. Arrietty's had fire, Pod's had water and Homily had nature.

Arrietty: Amazing.

Me: We're going to Japan to meet Sho and face Haru.

Nico: Cool and it's good you found Arrietty and her family J.D.

Me: Thanks Nico. Arrietty, it's time for you guys to make a stand.

Diabolico: J.D.'s right. It's time for you guys to stop hiding from Haru.

Arrietty: I agree. We need to stop hiding.

Me: I know it's not right but we can show her that you exist and then we can have her guard the secret too. But with someone at her age it's gonna take a lot of persuasion.

Lucy Little: But we can do it if we all work together.

Arrietty: I agree Lucy.

Pod: Yeah.

Me: Lets head out everyone. Arrietty, Pod, Homika, hold on tight.

Arrietty: Okay.

We were off to Japan.

---

SHIRAKAWA, JAPAN

We arrived in the beautiful village of Shirakawa in Japan and it was a beautiful and amazing village.

Me: Wow. So this is Shirakawa.

Nico: Never been to this part of Japan before.

Arrietty: It sure is pretty isn't it?

Me: Yes it sure is.

Eli: It's beautiful.

Zenet: (to Arrietty) How does it feel to be back home?

Contestir: Feels good, doesn't it?

Arrietty: It sure does.

We went to Shawn's summer home and we saw that it was in a beautiful forest area.

Me: It's a beautiful forest area. Shawn's summer home is beautiful.

We went into the front yard and it was beautiful.

Me: Wow. Look at all the grass and flowers.

Crysta: It sure is beautiful.

Arrietty: It sure is Crysta.

Lucy Little: It's magnificent.

We went up to the door and I knocked on it and answering it was Shawn.

Shawn: Wow Team Loud Phoenix Storm! It's an honor.

Me: Same to you Shawn. It's awesome to meet you. Arrietty and her family told us so much about you.

Shawn: How do you know Arrietty? She and her family are somewhere else.

Me: I met Arrietty and her family in Canada. Somehow they wound up in the Butchart Gardens in British Columbia, Canada.

Applejack: It's a strange story there.

Arrietty: Good to see you again Shawn.

Shawn: Arrietty. It's great to see you again.

He held out his hand and Arrietty hugged his finger.

Me: Aww.

Electrocutioner: Can we come in? Preferable before Haru finds us?

Shawn: Sure but I'm uncomfortable showing villains in.

Me: It's okay Shawn these are our frenemies. Long story but it's awesome.

We went in and Shō showed us around and the house was beautiful.

Me: Wow your house is nice.

Shawn: Yeah it's a nice summer home.

Onslaught: Have you been bored without Arrietty?

Shawn: Yeah ever since she left, I've thought about her all the time. Haru drove my only friend away.

Me: She has a lot of problems.

Shawn: Yeah she sure does but she can't help it because she is old.

Me: Ah.

Beetle: (to Arriety) You and the Littles are actually very alike Arrietty.

Arrietty: We sure are aren't we?

Lucy Little: Yeah it sure is cool.

Shawn: This is something you are gonna like.

We went into his room and Shō showed us a really beautiful and amazing dollhouse.

Me: Wow look at that Dollhouse.

---

The Dollhouse was made by Jessica's husband. It appears in Studio Ghibli's film The Secret World of Arrietty.

He knew of the borrowers' existence and he decided to make them a home. However, the borrowers lived in fear of the humans, and never lived in it. The dollhouse stands in Shawn's bedroom.

---

Shawn: This dollhouse was made by my uncle. He actually knew of the Borrowers existence and he made this for them so it can be their home. But because the Borrowers lived in fear, they never lived in it.

Me: Wow. It's very well made.

Nico: Yeah it sure is.

Eli: It would be a perfect home for Arrietty and her family.

Me: And Eli and Nunnally would make great guardians for Arrietty and her family. But if there are anymore Borrowers are out there, we would gladly place them into the protection of Team Loud Phoenix Storm.

Shawn: Wow. You have really good hearts J.D.

Me: Not to brag. But thank you.

Chemistro: (to Stewie) You think you can put Rupert in that dollhouse?

Stewie: In all honesty, he would not fit in there.

Chemistro: Darn.

Rarity: This doll house is simply amazing. It would be a perfect place for any Borrower.

Sweetie Belle: I think so too Rarity.

Me: I'll have to update the satellite systems so that we can find any Borrowers so that we can place them into our protection.

Lana: Good idea.

Lola: There might be many of them.

Nico: Our tree is big enough to house over half a planet.

Varie: That's big.

Celica: That's huge huh?

Runabout: Is the rest of your family home?

Shawn: Just my aunt. Haru is out getting groceries.

Me: Okay. We have to be ready should she pull a fast one.

Sportsmaster: (gets out hockey stick) If Haru tries anything, she's gonna get it!

Lightning: Calm down. She's an old lady.

Me: That's right and we have to respect our elders. Besides she doesn't have powers like we do. She's a normal human.

Sportsmaster: Oh right. Sorry.

Me: It's all right.

Shawn: What are you gonna do with Haru?

Me: Well after what she did to Arrietty and her family she needs to go to a nursing home. But first Shawn what can you tell us about her? We need to know as much as we can about her before we come up with a course of action.

Shawn: I'll tell you all I can about her.

He went over her history.

---

Miss Hara is the paranoid housekeeper of the house Shawn and his aunt move to. She is suspicious of Arrietty and her race and despises them. Miss Hara is intent on showing proof that they exist and kidnaps Arrietty's mother Homily as evidence, trapping her in a glass jar. She tries to keep Shawn from helping the Borrowers by locking him in his room. Fortunately, Shawn escapes with Arrietty, who helps Homily escape just before Hara brings Squeaky Clean Pest Control to the house to capture the Borrowers. Hara is finally foiled and throws a fit when she realizes her proof has escaped, trying to tell the pest control company that she is not crazy.

Personality

In the beginning of the film, Miss Hara at first seems like a loving, caring person. She takes in a young boy named Shawn who is battling a heart disease. Even getting somewhat concerned about Shawn when he's out in the rain, telling him to get inside or he'll catch a cold.

However, her true personality is shown as she gets more suspicious about the "little people" living inside of her home. Her paranoia grows and grows as strange things kept happening in her house, especially with Shawn wondering over the place she stays. However, when she eventually actually finds one of the "little people" who is Arrietty's mother, Homily, she kidnaps her. Hara's greed gets the best of her and even locks Shawn in his room so she wouldn't have her plan foiled, although this fails. It's not for certain what she wanted to do with Arrietty's family, but she calls the "Squeaky Clean Pest Control" so they could be contained.

Hara also reveals to be a bit dimwitted, most likely from her old age.

Shawn's Aunt Jessica points out that she accidentally, yet quite frequently, parks her car in the middle of the driveway, despite Jessica having told her many times not to park it there.

---

We gasped in shock when he was done.

Laney: Whoa man. Does that all look familiar to you all?

Nico: Yeah it sure does. She is just like Kent Mansley.

Me: Yeah.

Muscle Man: Hey, guys. You know who else likes to keep important secrets?

Junk Man: (laughs) I know the answer to this one.

Muscle Man: My Mom!

We laughed.

Arrietty: I don't get it.

Me: We don't either but it's funny.

Laney: Yeah it sure is.

Nico: Yeah.

Me: Shawn what time will Haru be back?

Shawn: About 10 minutes.

Me: Okay.

Dirt Boss: No telling what kind of surprises Haru has.

Nico: Yeah.

Me: We must be ready for anything.

Haru: (Offscreen) Shawn, I'm back.

Me: There sure is. Arrietty, Lucy, be ready for anything.

Lucy Little: Right

Arrietty: Right!

Me: Here we go.

We went to the kitchen.

Me: Excuse me?

Haru saw us.

Me: Please excuse our intrusion Ms. Haru.

Haru: J.D. Knudson and all of Team Loud Phoenix Storm. It's an honor to meet you.

Me: Likewise. However we didn't come for formalities. We have some things we would like to talk to you about.

I made some tea for us.

Me: Sorry for coming in like this. We just want to talk to you.

Pied Piper: (taking things slow) You know Shawn hasn't had any friends for a long time, right?

Haru: Yes why do you ask?

Pied Piper: Well is it because you know about certain little people that you think exist right?

Me: Like say The Borrowers right? Like Arrietty here.

I had Arrietty come out onto my shoulder and Haru saw her.

Me: Haru you are absolutely right about the Borrowers existing. But because of people like you, they are living in fear. However we are going to place every single Borrower on the planet under our protection. That way they can live in peace and safety.

Haru: (pales) Well, look at the time. I should be heading to bed now.

Haru went to the door only to find Slash Man blocking it.

Slash Man: Oh, you should stay. We insist. (brings out Slash Claw) We've still got loads to talk about!

I pulled out some tea and we sat down.

Me: Please have some tea. Don't worry it's not poisoned.

I poured her some.

Haru: Thank you.

Me: One or two sugars?

Haru: 2 please.

I put two sugar cubes in her tea.

She drank some.

Me: Haru I apologize for what is happening right now. But there's really a reason why you are being reprimanded like this.

Nico: It's because of your greed.

Me: But because we are respecting our elders and you are a normal human we are going to spare you from a fate that we would normally deal to many of our enemies.

Arrietty: What fates are those?

Me: We have a habit of killing some bad guys. But only those that deserve it. They are the most evil of them all.

Arrietty: I see.

Me: Haru we can't allow you to take the Borrowers to show that they exist.

Haru: Why?

Me: Because they are living in fear because of that ambition.

Zzzax: (to me) "Killing some bad guys?" Do you know how many scumbags we killed during the final battle against Xehanort?

Me: I'm well aware of that Zzzax. But I'm being gentle with Haru to respect my elders.

Zzzax: Oh. Sorry.

Me: It's okay. Haru, we're just telling you this: Don't make mistakes that you will regret for the rest of your life. The Borrowers are people too. They have rights to live just like everyone else does and that's why we're having Arrietty and her family placed into our protection.

Miannda: That's right. Just like us monster girls do too.

Me: Yep.

Luxord: Believe it or not, we know two people who were obsessed with specific types of creatures. We mentioned them before you came in.

Me: That's right and they were Kent Mansley, a former police officer that went mad when he thought a giant robot from outer space was attacking a town in Maine, and Dr. Erick Hunter. They are after certain creatures but look where they ended up. Kent Mansley is in the Neptune Prison.

Twilight Sparkle: What did he do?

Me: Long story on that Twilight.

Arrietty: Must've been a bad one.

Me: You have no idea Arrietty.

I took out a thimble and filled it with Tea and gave it to Arrietty.

Arrietty: Thanks J.D.

Me: You're welcome.

Molten Man: Erick Hunter is actually still at large.

Me: I know I was getting to that.

Molten Man: Sorry.

Me: But yeah. Those two guys are dangerous.

Haru: I… see.

Me: Erick Hunter is trying to prove the existence of another group of people called The Littles. We are making sure that those secrets about both the Borrowers and The Littles stay completely in the dark.

Laserbeak: So, what do you say? Will you not go after Shawn's only friends anymore?

Me: Haru I would choose wisely if I were you. You know what me and my team are all capable of.

Haru then had tears stream down her face and then she broke down crying.

Haru: (Crying) I've been such a fool!

Shawn: Ms. Haru it's never too late for you to do the right thing and leave Arrietty and her family alone.

Haru: (Sniffles) I'm sorry. I let my paranoia and greed get the better of me.

Mr. Krabs went up to her.

Mr. Krabs: It's not your fault lass. Like you I was consumed with an endless love for money. I didn't care about anyone but meself.

Seamia: That's rough Mr. Krabs.

Miannda: Yeah it sure is.

Mr. Krabs: Yeah it was. Haru, don't make the same mistakes that I did when it came to money. It will only ruin you in the end.

Haru: (Sniffles) Okay.

Me: Good.

Vulture: (hears something) Wait. Do you guys hear something?

Me: What is it?

Vulture: Something is outside. It's coming this way.

We went outside and coming up the hill were 3 figures. One of them was OCIOUS P. POTTER!

---

Ocious P. Potter is the main antagonist of the 1997 film adaptation of The Borrowers. He is an arrogant, greedy and evil real estate lawyer who wants to destroy the Lender family's house and build luxury apartments in its place.

He was portrayed by John Goodman, who also played Big Dan Teague from O Brother Where Art Thou, Chuck Long from Evan Almighty, Bones Darley from Death Sentence, Marshall from The Hangover, Howard Stambler from 10 Cloverfield Lane, and Layton T. Montgomery from Bee Movie.

Potter started out as the lawyer of the Lenders, who have inherited a house from Mrs. Lender's aunt Mrs. Allabaster. When the property lease is being called into question whether the Lenders own the house or not, they stated that Mrs. Allabaster wrote a will that will prove their ownership. However, Mr. Potter seemingly states that he can't find the will and has already made plans to demolish their house in order to build condominiums on the land, and the Lenders have until Saturday to move away.

As Saturday hits by, the Lenders have moved away and Potter arrives at the empty house. It later turns out that Mrs. Allabaster never trusted banks and has hidden the will inside the house for her descendants to find, something which Potter deliberately kept from his clients. As soon as he finds the will (detailing the rightful ownership to the Lenders), Potter calls in City Hall to call in the demolition of the house. He then intends to burn the will, but Arrietty Clock (the protagonist of the film) and her brother Peagreen, two tiny people known as 'Borrowers' as they borrow stuff without being seen, recover the will, intending to save the house for both their family and the Lenders. Upon seeing the Clocks' underground home and believing that the house is infested, Potter calls in the local exterminator Jeff, who spays acidic foam into the wall, but Arietty and Peagreen escape from it. An impatient Potter asks Jeff how long will his job take, which startles Jeff so much he accidentally sprays foam in Potter's face and he screams in pain as it boils and bubbles on him. Jeff quickly removes the foam off Potter's face-though Potter loses his mustache in the process and his face is now left sunburnt red.

Potter then finds Arietty and Peagreen in the walls of the house and swings a hammer at the wall. Peagreen gets stuck on the claw of the hammer and is pulled out from the wall and flung across the room. He lands on a hanging light bulb and Potter tries to get him but can't reach. Potter swings the hammer at the lightbulb just as Peagreen manages to escape-leaving Potter electrocuted with his hair sticking straight up. He falls to the floor, and the hammer falls and hits him on the head.

Later, Potter demands Jeff to find the Borrowers, or "make him never work in this town again." Jeff introduces his secret weapon-his bloodhound Mr. Smelly to sniff Peagreen's jacket and track down the scent to a milk factory, where Peagreen is stuck inside a milk bottle after a certain mishap.

During the way, they occasionally bump into the local police officer Oliver Steady, who starts to question Potter's actions regarding the Lender house. Around the same time, Jeff starts to question Potter's intention of killing the Borrowers after seeing how capable they are, resulting Potter to break off with him just as he is doused with liquid cheese by Arrietty and another Borrower named Spud Spiller. As soon as Peagreen is saved by his family, Potter finally arrives at the scene, steals the will, and straps the five Borrowers to the cheese machine, intending to drown them into liquid cheese as revenge for humiliating him. Spiller then insults Potter to the point where Potter dumps him into another machine, apparently killing him. Potter then heads over to City Hall to call for demolition, but not before he taunts the Lenders' son Pete (who is a close friend of the Borrowers) that the Clock family are about to be drowned in cheese.

As soon as Potter leaves for City Hall, Pete saves the Borrowers from being drowned by liquid cheese, and they head over to City Hall (with help from Jeff, who lends in his van to drive Pete there). As soon as Potter reaches City Hall, he is briefly stalled by the receptionist, who gives him confusing directions to the demolition area in response to his rude behavior. Just as he finally reaches the room, Jeff and Pete arrive to stop him. Potter responds by sending them down the elevator before going into the room, only to find out that it's just a stock room (Jeff has deliberately misplaced the 'Demolition' sign on the front of the door) where the Borrowers trap Potter with Sellotape. Out of rage, Potter breaks away from the tape and traps the Borrowers, intending to suck them up in a vacuum. However, Spud (apparently having escaped the machine) arrives to the rescue by bringing an entire army of Borrowers who arrive to trap Potter by using wires and the ceiling fan. Arriety's father Pod then delivers a speech to Potter on behalf of the Borrowers, right before they leave as soon as the door opens. Pete, Jeff, and Officer Steady have arrived at the scene, where Pete recovers the will and shows it to Steady, proving Potter's deceit and his plan to cheat the Lenders out of their house. Having gone crazy about the Borrowers, Potter tries to explain his story, but an unconvinced Steady arrests him for fraud and theft.

With Potter's plans exposed, the Lenders moved back to their house while Pete remains friends with the Borrowers while keeping their existence as a secret. It is also implied that the Lenders are likely to sue Potter for deceit and fraud that he committed against them.

During the end credits, Potter is being seen at the police station trying to explain the existence of the Borrowers, only to be laughed uproariously at by Steady, the entire police force and even the convicts. The film closes with Potter's mugshots being taken, though he actually seems to enjoy it as if he were at a photography studio (most likely due to his sanity slipping from all he's been through). It can be implied afterward that Potter himself is disbarred from his job, and sentenced to either prison or a mental asylum for his crimes against the Lenders and Borrowers.

Me: Whoa! Aren't you Ocious P. Potter, a disgraced lawyer that was declared insane because of sightings of The Borrowers?

Mr. Potter: That's right! Those monsters ruined my life!

Me: You brought all that on yourself because of your endless greed!

Maria: Who are your two friends?

They showed themselves and we gasped in total shock!

Me: It can't be!

We saw that they were Bruce Wayne's murdered parents: THOMAS AND MARTHA WAYNE!

Nico: I don't believe it! It's Thomas and Martha Wayne!

Eli: But that can't be right! They were murdered in cold blood!

Arrietty: Who are Thomas and Martha Wayne?

Me: It's a very dark story Arrietty.

I told her and the Littles and everyone that hadn't heard about it everything.

---

Thomas went to medical school with Leslie Thompkins, Matt Thorne, and Anne Luitina. Thomas, Leslie, and Matt were known as "The Three Musketeers" at school, and were considered inseparable. They spent their graduation week at the Waldorf, and pictures were taken at a big AMA mixer. They signed one another's yearbook, "The Caduceus", and remained in touch for several years.

Thomas was a loving husband and father, and would often playfully toss his son in the air. He would always watch the television show "The Gray Ghost" with his son. He referred to Bruce as "stubborn" from the day Bruce was once told his son, "Those who have the most, must give the most".

Thomas Wayne with his wife, Martha Wayne, was killed by a mugger in front of his eight-year-old son in the so-called "Park Row Tragedy".

## Legacy

The Waynes' murder would be the single most important event that drove Bruce Wayne to become Batman. Thomas was buried alongside his wife, Martha.

Thomas's son, Bruce, often had nightmares involving his parent's death and this helped continue his crusade as Batman. Bruce would have many photographs and portraits around Wayne Manor and the Batcave of his parents.

While in training for his career as Batman, Bruce "spoke" to a portrait of his parents. Bruce was considering abandoning his nascent crimefighting mission, which he saw as interfering in his social life, particularly with women. He asked Martha and Thomas which they would have considered more important, avenging their deaths as Batman versus finding a woman and marrying her, which is what they would have likely wanted for their son to begin with. A main reason Bruce was posthumously asking his father for guidance was his growing relationship with Andrea Beaumont.

Every year on the anniversary of his parents' death, Batman would put two roses in Crime Alley at the site of their death. He would occasionally place two roses at their gravestone as well.

The Thomas Wayne Memorial Free Clinic in Park Row was named for Thomas. After Matthew Thorne surrendered himself to the Gotham Police Department on charges on aiding criminals and practicing medicine without a license, Bruce Wayne met him to offer moral support, and asked Thorne to tell him about his father, wherepon the two men had a friendly conversation over coffee about Thomas' younger years.

Martha Wayne, along with her husband Thomas Wayne, was killed by a mugger in front of their eight-year-old son. The Waynes' murder would be the single most important event that drove Bruce Wayne to become Batman.

---

When I was done they were shocked!

Twilight Sparkle: That's horrible!

Sunset Shimmer: Who was it that killed them?

Me: A mugger by the name of Joe Chill. It was a murder for hire plot all motivated by revenge. Joe Chill was hired by convicted mob boss and murderer Lew Moxon.

I told them all about it.

---

Joe Chill

**Joseph Chillton**, also known as **Joe Chill** or just **Joe**, is the general overarching antagonist of the *Batman* franchise. He was a petty thug who had the most severe effect on Bruce Wayne, because he was responsible for killing Bruce's parents: Martha and Thomas Wayne, however he regrets his decision after he discovers he is the reason why the Batman exists.

Not much is known about Chill except that he is, in most versions of Batman, a petty mugger who kills Bruce's parents Thomas and Martha while trying to take their money and jewelry after the Wayne family were walking home from seeing a movie by taking a shortcut in Crime Alley. When he demands Martha's necklace, Thomas moves to protect his wife and Chill kills him; he then kills Martha when she screams for help (In the Golden Age story that named chill, the event was censored to Martha dying from a heart attack brought on from the shock of seeing her husband murdered). Chill panics and runs away when Bruce begins crying and calling for help - but not before the boy memorizes his features.

In at least three versions of the Batman mythos, the Waynes' killer is never identified.

## Golden Age

In the Pre-Crisis era, Joe Chill was revealed to not just be a mugger but a hitman who was hired to kill the Waynes on Lew Moxon's orders. In the present, he has become a small-time crime boss and murdered at least one other man - a partner of his who squealed to the police.

Batman investigates Chill and eventually reveals his identity as Bruce Wayne, the son of the couple that Chill murdered. When Chill goes to his men for help, they angrily turn on him upon finding out he is behind the existence of the hated Batman and fire on him, Batman incapacitates the criminals and rescues Chill. Mortally wounded by the gunshots, Chill admits it's fitting Bruce got him after all and expires from his injuries.

## Post-Crisis

During the Post-Crisis era, Batman continues to watch Chill for many nights until he finally confronted him and provides Chill with the same gun he used to shoot the Waynes many years ago. After realizing who Batman really is and that he was responsible for his creation, Chill proceeds to commit suicide knowing that the entire criminal underworld would want him dead if they ever found out.

## The New 52

In the *New 52* continuity, before becoming Batman, Bruce Wayne confronts Joe Chill on the street with a loaded handgun and demanded why he killed his parents. Chill admits that he didn't even know who the Waynes were when he held them up in the ally and only wanted money to buy more alcohol. Chill's explanation enraged Bruce greatly but he managed to relent himself from killing Chill at the last moment.

## *Batman* (1989 film)

In the original script for 1989's *Batman*, written by Tom Mankiewicz, crime boss Rupert Thorne hires Joe Chill to murder Thomas Wayne because he is running against Thorne for city council. Chill is not mentioned in the final version of the film which was directed by Tim Burton. In that film, a young Jack Napier (who would later become **The Joker** ) is the Waynes' killer. Rupert Thorne is changed to Carl Grissom and the mugger is unnamed.

Joe Chill mugged Thomas and Martha Wayne, and tore away her necklace. The Waynes were then shot and murdered by his partner, Jack Napier, although his reaction implied that he did not anticipate that Jack would actually kill them. Then Chill began to run away in order to escape from the scene of the crime, and urged Jack to follow him.

*Batman Begins*

Chill appears in the live-action film *Batman Begins* as a minor yet crucial antagonist. Like in the majority of Batman continuity, Chill is a small time criminal who, out of desperation because of extreme poverty (At the time, Gotham City was in the middle of an economic depression that was caused by the League of Shadows) mugs the Waynes outside of an opera house and subsequently kills both Thomas and Martha Wayne. He is immediately apprehended by the GCPD and is sent to jail, where he shares a cell with mob boss Carmine Falcone.

Fifteen years later, Chill cuts a deal with the GCPD, arranging for his release on parole in exchange for testifying against Falcone in court. Bruce Wayne has returned to Gotham to attend Chill's disciplinary hearing (which the presiding judge, paid off by Falcone, makes public in order to get Chill "in the open") to apparently speak on behalf of his parents. During the hearing, Chill claims to regret his crime. Following the hearing, Bruce attempts to shoot Chill, but he is robbed of his chance for revenge when an assassin working for Falcone guns Chill down first.

After Bruce's revelation to his close friend Rachel Dawes that he wanted to kill Chill, Dawes slaps him and says that his father would have been ashamed of him. Feeling guilty, Bruce hurls the gun into the Gotham Bay and vows never to touch one ever again. During Bruce's confrontation with Carmine Falcone, Falcone claims that when he and Chill were in jail together that Chill bragged that when he murdered the Waynes, that Bruce's father "begged like a dog" for mercy. This, of course, isn't true, as the audience can see that Thomas didn't begged for his life as a dog when Chill went to kill him and his wife in the scene where the Waynes are killed, though it's unknown if Chill actually said that, considering that he was desperate for the money and seemed to regret his actions (most likely, Falcone made up the story to provoke Bruce, knowing that it would hurt him).

As in most Batman continuity, Chill's murder of Thomas and Martha Wayne leads to Bruce's desire to fight injustice, which once again makes Chill indirectly responsible for Bruce becoming Batman.

*Batman v. Superman: Dawn of Justice*

A Bronze Age version of Joe Chill appears in a flashback in the DC Extended Universe film. He is responsible for the deaths of Thomas and Martha Wayne. It's unknown if he acted on his own or was hired to kill them.

*Joker* (2019)

In the 2019 psychological thriller, an unidentified man in a clown mask kills Thomas and Martha Wayne during riots orchestrated by Joker, feeling they had it coming for their "injustice" towards Gotham City. It was never confirmed if the man is named Joe Chill.

Lew Moxon

**Lewis "Lew" Moxon** is the overarching antagonist of the Pre-Crisis era of the *Batman* franchise. A small-time gangster, he is most famous for hiring Joe Chill to murder Thomas and Martha Wayne in early versions of Batman's origin story, thus making him indirectly responsible for Batman's existence.

Golden Age/Silver Age Version

Sometime prior to their murder, Dr. Thomas Wayne and his wife Martha attend a costume party to which Dr. Wayne wears a bat-like costume. Thomas is taken from the party at gunpoint to meet Moxon who orders Thomas to remove a bullet from his shoulder. Thomas does surgery on Moxon before overpowering him and his men.

Lew Moxon is arrested and sentenced to 10 years in prison for armed robbery. As he is taken away, he swears revenge on Thomas. Ten years later, a free Moxon informs Thomas Wayne that he will get someone else to exact that revenge. Soon afterward, Joe Chill kills the Waynes in an apparent mugging.

Years later, Batman learns of Moxon's involvement in the death of his parents, by which time Moxon is running a blimp company. Batman's first attempt to convict Moxon for the murder of his parents fails, as he is now suffering from amnesia and is able to pass a lie detector test. He is then released on bail with his only official crime being assault. Batman determines that Moxon's company must be a cover for illegal activities and continues to trail the gangster.

After discovering Moxon's illegal activities, Batman confronts the criminal dressed in his father's costume. Moxon suddenly remembers what he had done and begins to think that Batman is Thomas seeking revenge. Moxon flees and runs out into the streets, where he is struck by a passing car and killed.

## Modern Age

Lew Moxon was reintroduced into modern Batman continuity as an elderly crime lord with failed political aspirations, who returned to Gotham City after several years in exile. In the past, Moxon traveled in the same circle of wealthy socialites as Bruce's parents, and considered the Waynes to be friendly associates despite their disdain towards his immoral leanings. Upon Moxon's return, Bruce is invited to a party, at which he is reintroduced to Moxon's daughter Mallory, his childhood sweetheart. Bruce learns at the party that Moxon is being targeted by Deadshot, which is why Moxon has employed Philo Zeiss as his bodyguard.

During an earlier story, Zeiss killed Bruce's friend Jeremy Samuels. When Bruce confronts Zeiss as Batman, Zeiss reveals that the murder of Samuels was carried out under Moxon's orders as revenge for sometihng that Thomas had done to Moxon many years ago.

Moxon survives Deadshot's assassination attempts (though he is now confined to a wheelchair), and Batman discovers Mallory is an active member of the family's criminal empire. Ultimately Batman discovers that Thomas, Martha and (a very young) Bruce Wayne had attended a costume party (to which Dr. Wayne wore a Zorro costume) which was also attended by Moxon himself. At the party, Angelo Berretti, an 'employee' of Moxon's, told Dr. Wayne that a man's life was in danger. Dr. Wayne made Berretti promise his safe return before departing. Dr. Wayne was informed that Lew Moxon's nephew required a bullet to be removed from his shoulder (following a failed armed robbery). Dr. Wayne performed the operation, but refused to take any money which was why Moxon was angered by this. It is unclear if Moxon ordered the Waynes to be killed.

Lew Moxon and his bodyguard Hellhound are killed by Zeiss at a meeting of Gotham's gang bosses. This event occurs at the commencement of the *Batman: War Games* story line.

## Golden Age of Comic Books

He is the man who hired Joe Chill to kill Thomas and Martha Wayne.

## Earth 2

In Detective Comics #50, Batman and Robin are sent to Earth 2 to prevent the murder of Thomas and Martha Wayne's doppelgangers. To accomplish that goal, the superheroes find and question that world's version of Moxon about the whereabouts of Chill. Unfortunately, Moxon had not yet hired Chill to perform the murder and with the attention of this bizarre figure, quickened his plan with a different killer to kill Chill and then the Waynes. Batman discovered that Chill was killed and was able to stop Waynes' murder in Crime Alley.

## Justice League: Gods and Monsters

In this version, Moxon's right hand man is Joe Chill and his best friend is fellow crime boss Rupert Thorne. Moxon also has a wife named Angela and a son named Jeremy. Moxon discovered that Thorne stole money from their prostitution ring and orders him to commit suicide by having him point a gun to his head. Moxon is later killed by Batman despite his attempts to bribe him. Kirk later attends Moxon's funeral, where he meets Moxon's family. Kirk later becomes friends with Jeremy and reveals his secret to him. Jeremy then agrees to help Kirk find a cure for his condition. When Angela is murdered, Jeremy reveals that the other crime lords believe that Moxon had evidence against them and they also believe that he knows where they are. Batman finds out that Angela Moxon's killer is Joe Chill who has become a vampire after Batman bites him. Batman then kills Chill with an axe. When he returns, Batman reveals to Jeremy that he found out that the other crime boss Chill was trying to defeat was Jeremy, who was groomed by Moxon to be a mobster like him and that his innocent, charming image was just an illusion. He then tells Jeremy that he doesn't want a curse anymore. Jeremy proposes that they work together only for Batman to kill him.

Other Media *Batman* (1989)

In the original draft of the script, Rupert Thorne was going to replace Moxon by hiring Joe Chill to kill Thomas and Martha Wayne.

*Batman: The Brave & The Bold*

He appears in "Chill of the Night" and was voiced by Richard Moll (who also voiced Two-Face in *Batman: The Animated Series* ). Like the earlier appearances, he was the one who hired Joe Chill to kill Thomas Wayne. In this version, he admits to some guilt for leaving Bruce an orphan as the hit was only to be for Thomas Wayne and not his wife Martha. Disguised as a priest, Batman learns of Joe Chill's identity from Moxon as he gives his confession on his deathbed. When The Phantom Stranger brings Batman to the past where he encounters his parents at a masquerade ball, he and Thomas Wayne fend off Moxon's thugs who crashed the masquerade ball to rob it. While in prison, Moxon hired Joe Chill to dispose of Thomas Wayne. When he learns of this, Batman finds a lead on the identity of the man who killed his parents.

---

When I was done everyone was shocked.

Lana: Yeah and I killed Joe Chill and we had Lew Moxon sent to death row.

Eli: Good riddance!

Arrietty: That's terrible!

Nico: It sure was. What those two did was absolutely unforgivable.

Batman fell to the ground on his knees.

May: (to Batman) Bruce. I'm so sorry.

Batman: Mother, father.

Me: Wait! Look!

We saw that Thomas and Martha both had ugly purple blotches on them and that meant only one thing! They were infected with the Aparoids!

Me: The Aparoids brought them back!

Arrietty: Who are the Aparoids?

Me: They are a parasitic race of alien insect creatures that want to enslave all life in the entire universe.

Arrietty: That's horrible!

Lucy Little: Yeah no kidding!

Eli: Hold on Mr. and Mrs. Wayne!

Eli fired a wave of Force Lightning and destroyed the Aparoids on them and then he teleported and brought the unconscious bodies of Batman's parents over to us and they were weak. Varie was looking them over and healing them.

Thomas Wayne: (Weakly) What? What happened?

Me: Mr. Wayne are you all right?

Thomas Wayne: What happened? Last thing I remember was going down that alley and then me and Martha were both shot and killed.

Martha Wayne: Yeah. What happened and where are we?

Me: It's a really ugly story. Joe Chill killed you both.

Eli: He was a mugger that was hired by Lew Moxon to kill you to get revenge.

Me: After you sent him to prison, Moxon hired Joe Chill to murder you both in revenge. Bruce was hellbent on revenge too and he… well it's best that you see it for yourself.

Batman went up to them and took off his mask.

Batman: Mom, Dad?

Thomas Wayne: Bruce? Is that you?

Batman: It is me dad.

Thomas Wayne: Bruce. You've grown so much.

Bruce had tears streaming down his face.

Martha Wayne: My little boy is all grown up.

Batman hugged his parents for the first time in years. It was a touching reunion.

Arrietty: So happy for them.

Me: Me too.

Then Spot, Magneto, Living Laser, Box Ghost, Plastique, Moonstone, Dr. Polaris, See More, Gizmo and Eccentro appeared.

Me: Spot, Magneto, Living Laser, Box Ghost, Plastique, Moonstone, Dr. Polaris, See More, Gizmo and Eccentro.

Living Laser: Just when we thought you guys could take a breather for once, this happens!

William: This isn't a problem. Potter's still going down.

Spot: I hope he does.

Magneto: Unlike Haru, he deserves what you all have in store for him.

Box Ghost: (to me) We also heard that you fought Kronos.

Plastique: Please tell me it wasn't the Titan!

Me: It wasn't thank goodness. This was the robotic energy vampire from the 1957 movie.

Plastique: Wow! That was a great movie. Wait a second. Is that Thomas and Martha Wayne?

Me: That's right. Bruce's parents have been brought back by the Aparoids.

Plastique: Oh man! I heard about what happened with them! That was terrible that they both had their lives senselessly cut short by a man's motivation for revenge.

Me: Yeah and in the end we killed both Joe Chill and Lew Moxon.

?: Well that ornery sidewinder got what was coming to him.

We saw a Digimon come out and it was STARMON!

Me: Starmon!

Nico: Starmon! Been a while pardner.

Starmon: It sure has been a while Nico. How about a glass of milk for you?

Nico: I am thirsty.

Starmon gave him a glass of milk and Nico drank it.

Nico: Ahh I needed that. Thank you.

Starmon: You're welcome.

Me: Weren't you one of the Digimon Emperor's slaves that Nico freed?

Starmon: That's right and I joined the Masters of Evil to test Miannda here.

Me: Wow.

Cody (OC): And Jackie is here to test me for the first time too?

Jackie the Jackal: Yep.

Me: Awesome.

?: Cool huh.

A figure came out and it was HATE MASTER back for round 2!

Me: Hate Master. Back for round 2.

Hate Master: Yep.

We felt our auras flare up.

Arrietty's aura was red.

Arrietty: Wow! Why do I suddenly feel so powerful? I feel incredible.

Me: It's what happens when someone hates us to an incredible level. We have the power to get stronger by absorbing negative energy and turn it into positive energy. It makes us more powerful.

Arrietty: Wow that is amazing.

Pod: So cool.

Hate Master: I know we got off to a rough start last year. But I've decided on who my archenemy will be.

Me: Who did you decide on?

Hate Master: I chose Ma'Ti.

Ma'Ti: (South American Accent) Wow! This is gonna be so cool!

Me: That's 4 Planeteers out of 5. Kwame is all that's left to get an archenemy.

Hate Master: Yep that's right.

Then Bluto appeared too.

Sea: Bluto. You just love getting smacked around don't you?

Bluto: You won't think so when I get through with you.

Sea: We'll see about that.

The Usual battles were on.

Box Ghost: (to Omi) I certainly didn't expect Potter to show up.

Omi: (Tibetan Accent) Me neither. Especially after everything he did when he saw the Borrowers the first time.

Rarity: Indeed darling. And it's absolutely awful that he would do all that just for a good amount of money.

Sweetie Belle: Yeah what a greedy monster!

Thunder Terror: I've read so much about Ocious P. Potter. He was a greedy lawyer that wanted to turn an entire city into his own.

Twinkleshine: Yeah and Batman swore that he would bring all the villainous scumbags to justice. Including all of the supervillains he knows.

Lemon Hearts: They are monsters. Thomas and Martha Wayne were very well known all over Gotham and Thomas got Lew Moxon sent to prison.

Suddenly, Cody was surrounded by a dark energy aura, and it had the Eye of Horus surrounding him. Then, a massive black vortex of dark energy, dark flames, and dark lightning surrounded his body, as he was getting stronger and stronger and stronger still, the vortex also had Egyptian jackals running around, and inside the vortex was a dark blue phoenix and the eyes of Anubis, the Egyptian God of Mummification and the Dead. Then, when the massive black vortex of dark energy, dark fires, dark lightning, and Egyptian jackals faded, Cody emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Cody's body was now much stronger, and his black sleeveless trenchcoat was decorated with Egyptian hieroglyphics, he had neon gold eyes, he had a dark energy aura with black flames surrounding it, his dark blue shirt turned black and the black phoenix on his shirt turned gold, he now has gold weighted bands on his biceps and thighs, his Bracelets of The Champions of The Universe on his wrist, but the gems on the bracelets are black, and he now had his own Belt of Elemental Bravery with a large black gem for the belt buckle, he had his Sword of Anubis unholstered from his back, he had his Eater of Sins revolver holstered on his right hip, and he had on a pair of black fingerless gloves with the Eye of Horus on the backhand. He has large pitch black angel wings with gold tips on the feathers, his black leather combat boots had the Eye of Horus on the ankles, The Eye of Horus along with the Yautja symbol, The Mark of the Warrior, was on the back of his black sleeveless trenchcoat, and it had a gold kanji right below the Eye of Horus that said, "Cody, Champion and Awesome Friend of Anubis, Egyptian God of The Dead, Ambassador of The Egyptian Gods, Powerful Warrior Trained by The Yautja, Awesome Member of Team Loud Phoenix Storm, Master of The Dark Fires of Anubis, and An Expert Swordsman, Sharpshooter, and Weapons Master."

Cody has transformed into SUPER ANGEL 100,000,000,000 DARK FLAME ANUBIAN ANGEL OF HONOR AND JUSTICE.

Jackie the Jackal fired a powerful blast of red energy at Cody, who dodged it, and took to the air with his pitch black angel wings. Cody fired powerful blasts of dark fire and dark energy at Jackie, which explode with incredible power. Then, they flew at each other and threw punches at each other, and it was causing some powerful earthquakes, because of their immense superhuman strength. Cody then delivered a powerful punch right at Jackie the Jackal, and he knocked him down with his superhuman strength.

Jackie the Jackal got up from the ground, and he had a smile on his muzzle.

Jackie the Jackal: Impressive work, Cody, you're pretty strong.

Cody (OC): **Thank you, Jackie, and you really gave me quite a**

**challenge. Now, I know, I'll enjoy facing you when we have our usual battles.**

Lily: MYTH CREATURE LIGHTNING STYLE: KITSUNE!

They fired waves of elements and they formed into the legendary creatures of myth from all over the world.

Lincoln, Jessica, R. Mika, Menat, Toph, Julie, Yuna. Nanami, Mai, Minerva, Hilda, Gluko, Batch, Entrapta, Perfuma, Frosta, Shantae, Akko, Makoto, Ibuki, Team RWBY, Emerald, Dew, Mollie and Lily: MYTH CREATURE FINAL SMASH: CREATURES OF MYTH RAMPAGE!

They summoned mythical creatures to attack Potter all over.

Arrietty, Lucy Little, Zzzax and Eli: TINY PEOPLE RETRIBUTION BLAST!

They fired waves of lightning and energy and the blasts all smashed Potter down. We went up to him.

Arriety: It's over, Potter.

Nico: (Potter tries to get up) Don't. Just surrender right now and I'll get you some medical treatment.

Potter: (mockingly) Oh, how generous of you. You'll make a good… what? S.H.I.E.L.D. Commander? President?

Nico: You must be joking. You think that's why we fought you just now?

Potter: Oh, but that's right. They don't elect mindless puppets to the White House.

Nico: Don't go there.

Potter: Why? Seems to me like you treat your friends like puppets on days that you lead. Am I right?

Nico zapped Potter with Electro's electricity.

ZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAPPPPPPPPPPPP

Ed: Zappity Zap Zap!

Eddy: Shut up Ed.

Me: He was nothing but talk.

Nico: Yeah. Also I know that scene. You are under arrest. SPD MORPHER JUDGEMENT MODE!

He activated it and a timer came on and 30 seconds later a red X lit up.

Nico: GUILTY! CONTAINMENT MODE!

He fired a wave of energy and put Potter in a Containment Card.

Moonstone: Talk about a twist ending.

Dr. Polaris: Tell me about it. At least Potter's down.

See More: And in a Containment Card.

Nico: Yep he sure is.

Nico showed him the card he was in and Potter was pounding on the glass in it.

Potter: LET ME OUT OF HERE NOW!

Eccentro: (to Haru) I hope you learned something from all this.

Gizmo: Just be glad we didn't take you down as originally planned.

Haru: I'm glad.

Gizmo: But this barfbrain Potter is better.

Me: Yeah.

Haru: I'm gonna go to a nursing home to seek help for myself.

Me: Are you sure this is what you want?

Haru: Yes. My Paranoia has gotten bad. I need help.

Me: Well all right.

Varie: Okay.

Arrietty: Thank you all so much for helping us.

Me: Anytime Arrietty.

Shawn: J.D., Eli, can you do me a favor?

Me: Sure Shawn.

His aunt Jessica came with the dollhouse.

Aunt Jessica: Can you please take care of Arrietty and her family and do what me, Shawn and my ancestors and husband failed to do?

Me: Of course we will Jessica. We will do our best.

Eli: You got it.

Shawn: Thank you.

Arrietty: Oh Shawn, we will miss you.

Shawn: I know Arrietty: But it's never goodbye as long as you have me in your heart.

Arrietty: Thank you Shawn.

Me: (Smiles) So awesome.

Arrietty: (To the viewers) This was a great adventure. Potter is now in a prison card and Haru is getting the help she needs. The Littles and us are gonna be in good hands.

Nico: Yes you are.

Me: Lets head home.

We went home and Eli put the dollhouse in his room on a special table he made and he even made his table into an awesome diorama-like land. He made grass, flowers and even used a beautiful fountain he bought to make it more beautiful and scenic. It was also letting in sunlight from a window with a reflector to keep the grass and flowers healthy. It was beautiful. We set up a cool pneumatic tube system for the Borrowers and Littles to go all over the Estate and even come to the table for dinner and meals. The Borrowers and The Littles were now OUR big secret and it's better for some things to be kept in the dark. We then showed Thomas and Martha Wayne around and we told them everything about what happened with Bruce while they were dead and how he became Batman and how he has been helping us in so many adventures. Thomas and Martha were so proud of Bruce and more. Later we had a great dinner and then went to sleep. As for Haru she was put into a really good Nursing Home in Tokyo and she was getting all the best help ever for her paranoia and greed.

THE END

---

Another awesome fanfic done.

The Secret World of Arrietty was a great movie! That movie was so cool! I made this whole chapter a combination of the 1997 movie The Borrowers and the 2010 movie The Secret World of Arrietty made by Hayao Miyazaki. The 1997 movie was from my childhood. It was also based on a book that I read back when I was in school. It was so awesome! Especially with the song at the end of the 2010 movie. The first part of the chapter was for the 1957 movie Kronos and that was a really strange movie from my dad's past. Also the second part for where we meet Henry Bigg is for the 1983 show The

Littles which is based on the 1960's book series of the same name. Another great series of books that I remember from my days in school. I watched The Littles on back when I was in high school and also The Internet and it was really cool. One day we'll go after Dr. Erick Hunter and throw him in a nuthouse. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Nflemingful, Drako1234658, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Selia the Selkie from Celtic Folklore and we're going to meet her on the Irish Coast. Next up for part 4 of our mini-saga for Hayao Miyazaki is Princess Mononoke. We're going to meet the famous Princess and help Lady Eboshi realize her actions that she was doing and make sure that the Forest and the Spirit of the Forest doesn't die.

See you all tomorrow.

# Princess of The Wolf

In Ireland, me and Bonnie Terrez were flying over the Irish Coast and it was really beautiful.

Me: Ireland is always so beautiful.

Bonnie: Ireland always has been one of my favorite countries to visit. I think it's so amazing.

We landed on the beach.

Bonnie: I wonder what girl we'll rescue this time.

Bonnie concentrated and groaned as her body got longer.

Me: We'll find out shortly Bonnie. And the scans show that she is right here on the Irish Coast.

Bonnie turned into her Dragonair form and I held on to her clothes for her.

Me: I'll hold on to your clothes for you Bonnie.

Bonnie Dragonair: Thanks J.D.

We walked along the beach and it was beautiful. But then we saw the next girl and she was a Selkie, the seal woman from Celtic Folklore!

Me: Whoa she's a Selkie, the Seal Woman from Celtic Folklore.

Bonnie Dragonair: Wow.

We went up to her.

Selia: (Irish Accent) J.D. Knudson it's an honor to meet you lad.

Me: Same to you.

Selia: I'm Selia and yes I'm a Selkie.

Me: Pleasure to meet you.

Bonnie Dragonair: I'm Bonnie Terrez and yes I can turn into a Dragonair.

Selia: One of the gene-slammers of Team Rocket that I was hearing about.

Me: That's right.

Selia: That is terrible that those scientists were doing all that.

Me: No kidding and the scientists are all dead.

Selia: Thank goodness.

Bonnie reverted back.

Bonnie was human again. But naked.

Bonnie: (covers herself) You'll love it at the Estate, Selia.

Selia: I know I will lass. It will be awesome hanging with you all.

I gave Bonnie back her clothes.

Bonnie: Thanks J.D.

She put them back on.

We later went back to the Estate. Miia was happy to be reunited with Selia.

After me, Bonnie, and Selia the Selkie came back from the Irish Coast, we got word from Vypra that McWolf has recovered and back in action, and he's starting to kidnap girls for Lincoln to rescue and expand his harem. He, Lori, Nicole Knudson, Pit, Dark Pit, and The Mystic Force Power Rangers were heading to Sky World, and that's where the first girl was being held at.

Lincoln: So, the girl McWolf has kidnapped is here in Sky World.

Pit: It's been a long time since we've been home.

Lori: It sure is, and your home is literally beautiful, Pit.

Pit: Thanks, Lori.

Me: The last time we were here was when we faced that evil essence of Pandora.

Nicole: Something tells me that the girl McWolf has kidnapped is from one of the PlayStation games we haven't covered yet.

Lincoln: Yeah, I've got that feeling.

They found McWolf's castle, and it was a huge castle.

Lincoln: Wow, so it looks like McWolf has built a castle here in Sky World.

Pit: Just like in the World of Spyro and the world of Magic the Gathering.

Nick Russel: We've got to watch our step, though, he might have some surprises in store for us.

Lincoln and his team entered the castle, and they saw the girl who was being held by McWolf. It was Asuka Kazama from the Tekken franchise.

Lincoln: Oh, no way, that's Asuka Kazama.

Nicole: From the Tekken franchise, and Dad did say that the world of Tekken was one of the worlds from PlayStation that we haven't covered yet.

Lincoln came up to her, and freed her.

Asuka Kazama: Thanks for freeing me.

Suddenly, she saw Lincoln, and she was immediately seeing the 7'0" white-haired hunk, and that he was the one who freed her.

Asuka Kazama: Wait, you're Lincoln Loud of Team Loud Phoenix

Storm.

Lincoln: That's right, and it's a pleasure to meet you, Asuka.

Asuka Kazama: You too, muscles, and it's also a pleasure to meet you, Nicole, and the Mystic Force Power Rangers, Lori.

Lori: You too, Asuka.

Nicole: I've heard about you, Asuka, you're a strong fighter, and you resolve conflicts by knocking out your opponents and smashing their faces in.

Asuka Kazama: As the Goddess of Video Games, you sure know me all too well.

McWolf came out.

Me: Hey you're back in action McWolf.

McWolf: Yep. All I needed was a little break.

Me: Tickling can sure take it out of you.

McWolf: Surprised to see that I'd chosen Sky World for your first rescue, and that I chose Asuka Kazama as your first member to expand your harem?

Lincoln: You bet, and you already know that Asuka Kazama is a tough fighter, right?

McWolf: Yeah, and I'm just glad I pulled this off without getting knocked out by her, and I've got yet another challenge. Since you're going to have one of The Power Rangers teams helping you out with the rescues, I've got just the thing to make this interesting, Vypra gave me the power to summon the foot soldiers of the Power Rangers teams for you guys to fight.

Nick Russel: And since we're here, I know just the soldiers you're going to summon, right, McWolf?

McWolf: You got it. HIDIACS!

Then, an army of Hidiacs had risen from the darkness.

Nick Russel: Alright, guys, let's do it.

The Mystic Force Power Rangers and Lincoln transformed into Legend Warrior Modes.

Nick Russel: ELEMENT OF FIRE! RED LEGEND WARRIOR!

Xander Bly: ELEMENT OF EARTH! GREEN LEGEND WARRIOR!

Maddison Rocca: ELEMENT OF WATER! BLUE LEGEND WARRIOR!

Vida Rocca: ELEMENT OF WIND! PINK LEGEND WARRIOR!

Chip Thorn: ELEMENT OF LIGHTNING! YELLOW LEGEND WARRIOR!

Lincoln: SEVEN COLORS OF THE LIGHT! ORANGE LEGEND WARRIOR!

Leanbow: BURNING HEART OF FIRE! WOLF WARRIOR DEFENDER OF TRUTH!

Udonna: FLURRY OF SNOW! WHITE MYSTIC RANGER!

Clare the Gatekeeper: POWER OF THE SHINING MOON! BEHOLD THE GATE KEEPER!

Daggeron: POWER OF THE SUN! SOLARIS KNIGHT!

The Mystic Force Power Rangers and Lincoln: WE CALL UPON THE POWERS OF LIGHT MAGIC! POWER RANGERS MYSTIC FORCE!

A massive explosion of magic and elements erupted behind them!

Lori transforms into her Super Angel 500,000,000 form, and unholstered her Sword of Ga'Oh, so she can help out, along with Nicole, who gets out her sword.

Lori: (Divine Echoing Wind Voice) **That literally gets awesome**

**every time we see it!**

Nicole: You said it, Lori, and when.

The team went after the Hidiacs that McWolf summoned, and fired powerful blasts of elements and magic, which destroyed the army of Hidiacs.

Then, Lincoln, Nicole, and Lori jumped him, and tickled him on his feet.

McWolf: (LAUGHING HYSTERICALLY)

They ceased with the tickling and helped McWolf to his feet, and they all got back to the World Tree Estate.

Asuka Kazama: Wow, so this is The World Tree Estate.

Lincoln: Yep, it's our headquarters and our home.

Asuka Kazama was amazed at the World Tree Estate, and the team and McWolf walked in the World Tree Estate. As soon as Nico saw Asuka Kazama, he was stunned.

Nico: Wow, that's Asuka Kazama from the Tekken franchise.

Asuka Kazama: That's right, Nico, and it's a pleasure to meet you.

Then, Asuka Kazama was introduced to Lily the Mermaid, Lincoln's future wife, along with Ronnie Anne, Paige, Mollie, Girl Jordan, Lily the Mermaid, Gluko, Batch, Aquata, Andrina, Arista, Attina, Adella and Alana, Twilight Sparkle, Sunset Shimmer, Rarity, Applejack, Fluttershy, Pinkie Pie, Rainbow Dash, Starlight Glimmer, Trixie Lulamoon, R. Mika, Menat, Ibuki, Mai Shiranui, Jessica Shannon, Sam, Clover, Alex, Ruby Rose, Weiss Schnee, Blake Belladonna, Yang, Emerald Sustrai, Dew Gayl, Shantae, Julie Makimoto, Akko, Frosta, Perfuma, Entrapta, Yuna, Nanami, Minerva Mink and Hilda, who are also members of Lincoln's harem.

Asuka Kazama: It's an honor to meet my new sisters.

Sunset Shimmer: You too, Asuka.

Asuka Kazama: And I'm also honored to join your harem, Lincoln.

Lincoln leaned down, and he and Asuka Kazama kissed on the lips, and we all cheered for Lincoln accomplishing his first rescue, and he also told us that Vypra gave McWolf the power to summon the foot soldiers of the Power Rangers' enemies for Lincoln and The Power Rangers teams to battle, and we saw that McWolf was going to make things interesting and action-packed for Lincoln.

Me: I was surprised at how you were able to pull off kidnapping Asuka for Lincoln to rescue without getting knocked out, McWolf.

McWolf: I simply explained what I was doing, and she agreed to it, and I'm also lucky that I didn't run into her cousin.

Me: Wait, you don't mean…?

McWolf: Yep, her cousin, Jin Kazama.

Nicole: He's also from the Tekken franchise, and he's the wielder of The Devil Gene.

Asuka Kazama: The Devil Gene? What's that?

Nicole explained what The Devil Gene was.

---

The Devil Gene (デビルの血 Debiru no Chi?, Devil's Blood) also referred to as the Devil Factor (デビルの因子 Debiru no Inshi?) or Devil's Power (デビルの力 Debiru no Chikara?) in Tekken 6 Scenario Campaign, is a supernatural genetic abnormality found in people of the Hachijo bloodline. Characters revealed so far to posses the Devil Gene are Kazuya (Devil Kazuya), Jin (Devil Jin), and Kazumi (Devil Kazumi).

Background

While the exact specifications of this gene are never truly explained, it is generally assumed that the gene allows for a person to have a parasite/host type relationship with a malignant spirit referred to as a "devil". This spirit appears to take over the host, altering their appearance and personality, and granting them supernatural abilities, such as flight and a third eye on their forehead that can shoot beams of light. The spirit is also known to afflict the mind of the untransformed host, apparently preying on their thoughts and influencing them towards more evil choices. Under normal circumstances, the host seems to have limited control over their devil form, and is neither fully in control of when they transform, how they act when transformed, or when they change back.

The exact requirements for these transformations are never fully revealed. The spirit can possess the person at any given time during the person's lifespan, even while still in their mother's womb. It seems that in order to have a devil a person must first, have devil blood, second, be possessed by a devil or come into contact with it, and third, a life threatening event or similar trigger must allow the devil to manifest. There seems to be a link between negative emotion and trauma and subsequent manifestations of someone's devil form. While it has been shown that, in early transformations, users may have no memory or limited control over their devil side, it has been shown that subsequently, it is possible to control or unite oneself to one's devil, allowing the user to retain consciousness, rather than have a split personality.

It is possible that there is only one 'devil' who possesses members of the Hachijo bloodline. Kazumi and her devil form were killed before Kazuya's Devil Gene activated, and it is known that the devil Kazuya and Jin have are two parts of one single Devil. If so, then it may be that the Hachijo Clan are custodians of a single malignant entity that they have learned to control or have formed a pact with. Alternatively, the Devil Gene itself may cause a power to arise within the host, and manifest as an entity that gives them a devilish appearance and afflicts them psychologically, as may be implied in the Journalist's interpretation of the Hachijo Nursery Rhyme.

## Devil Gene Carriers

The people currently carrying the Devil Gene are, in order of reveal:

Kazuya Mishima

Jin Kazama

Azazel (in some capacity)

Kazumi Mishima

Heihachi Mishima does not possess the Devil Gene, and neither does his son Lars Alexandersson, who Heihachi had in order to confirm that the gene is not from him. This would seem to be an odd choice for Heihachi, given that he had already seen his wife turn into a devil, making her more likely to be the origin of this ability. Furthermore, a genetic aspect to the power had not been fully confirmed, as, whilst having evidence that Kazuya had supernatural abilities (since he survived the cliff fall), Heihachi did not yet have conclusive evidence this son could turn into a devil (assuming that Kazuya first fully transformed in the finals of the first King of Iron Fist Tournament). However, this could be explained as Heihachi not yet knowing the specifics of the devil power - how it was transmitted, whether it was genetic, and who could attain it, etc. Even may years later, during Tekken 3 and Tekken 4, Heihachi managed to isolate facts connecting the devil power to blood, but only gradually found out that normal humans like himself could not gain devil powers.

It was previously believed for a long time that Jinpachi Mishima possessed the Devil Gene due to his appearance, dialogues and his ending in Tekken 5, but it was revealed by Tekken director, Katsuhiro Harada, that Jinpachi did not have the Devil Gene, but was instead possessed by a vengeful ghost. Interestingly though, in both console versions of Tekken 5, Jinpachi's ending states that he's possessed by the Devil. Also, in Jinpachi's interlude with Heihachi, the latter theorizes that his father has the Devil's Blood and finally, in the character history section of the Tekken 6 CG art book, it states that Jinpachi has the Devil Gene. It says that he is a unique link within the Mishima bloodline, in which the Devil Gene appears after him. When questioned about this Harada explained that the Tekken project team dares to mislead fans (sometimes), and only they and Heihachi know the truth, suggesting that Kazumi's story was intended at this time, despite this confusion. Harada also explained that Kazuya and Jin initially believed Jinpachi was the source of their power, and that Jinpachi himself is confused about what is possessing him.

Tekken 7 finally explained the further origin of Devil Gene as lying with the Hachijos, and not with the Mishimas.

## The Devil "Possession" Timeline

See Hachijo Clan for the relationship between the Hachijo and the Devil Gene

The Hachijo Clan has possessed the Devil Gene since ancient times, and has harmonized their powers with their clans ambitions. They use their devil carrying members as sleeper agents, monitoring those they believe to be potential threats to the world and assassinating them should the need arise.

Kazumi's target was Heihachi, though she appears to have intially tried to fend off transforming into her devil, as she keeps fallingto a series of illnesses before her devil finally took over. She was possessed by her devil when Kazuya was 5-years-old, but failed to kill Heihachi, and was instead killed by him.

Kazuya had his encounter with his devil, an entity that later calls itself "Devil", when he was 5 years old. Heihachi, concerned that Kazumi's powers may somehow also be in his son (he may also have been sickened by his weak and emotionally soft son), threw Kazuya off a cliff in order to see if he was strong enough to climb back up. If Kazuya survived, if meant he probably had inherited Kazumi's devil power. Although the injuries nearly killed Kazuya, the Devil Gene within him activated and he was able to climb back up the cliff.

After the events of Tekken 2, Heihachi defeated Kazuya and threw his body into a volcano. This inadvertently caused Devil's soul to be split into two parts: one that stayed with Kazuya and the other that went in search of Kazuya's yet unborn son, Jin Kazama. When it finally found the unborn Jin, it was warded off by his mother, Jun Kazama, and was unsuccessful in taking over Jin. However, 15 years later, it returned after Jun vanished, and branded Jin's left arm with a mark.

## The Common Denominator

Interestingly enough, while Heihachi himself does not have the Devil

Gene, he has been the catalyst whose actions have resulted in the devil possession of all the Devil Gene carriers.

Heihachi staged a coup d'etat against Jinpachi and locked him away under Hon-Maru, which resulted in Jinpachi being possessed by the "monster" (though this demonic possession is unrelated to the Devil Gene), as well as it activating in his wife Kazumi Mishima as she sensed that he was a threat to the world. It was also Heihachi who threw Kazuya off the cliff when Kazuya was a child, almost killing him, causing the Devil Gene to surface within Kazuya.

Several years later, after the events of the second tournament, Heihachi threw Kazuya into a volcano, thus releasing part of Devil, which then searched for and tried to possess Jin Kazama, though initially unsuccessful. Heihachi and his Tekken Force soldiers fatally shot Jin Kazama after the conclusion of Tekken 3, causing the Devil Gene to awaken within him and partially transform Jin into his Devil self.

In a Tekken 7 trailer, Kazumi implies that all the destruction to come, including that attributed to Kazuya and Jin, will be set in motion by Heihachi, hence why it is most important to stop him.

## Activation of the Devil Gene

It is not explained how the Devil Gene is activated, but evidence within the games seems to suggest that it can be activated consciously, subconsciously, or based on external stimuli. Regardless of which, the effects seem rather clear; the devil side of the person becomes more dominant, to the point of changing the physical appearance of their host, who in turn becomes much stronger.

First time activation: It seems that the first time the Devil Gene is activated, the host must be in mortal danger/to have already died or received extensive fatal injuries. This at least is a common factor for both Kazuya and Jin the first time their Devil Gene activates.

Conscious activation: Kazuya performs a conscious activation of his Devil Gene between the events of Tekken 4, and Tekken 5, during the attack of Hon-Maru by the Jack robots. He states that he has found a way of unifying their power, and hereafter seems to be able to activate his devil power at will. Jin Kazama seems to have become able to activate his Devil Gene consciously by the time of the events in Tekken 6 without becoming a devil, like that of his father, though this may just be because of Jin's proximity to Azazel at this time, who is known to activate the gene in devil users.

Subconscious activation: Jin's first transformation into Devil Jin at the end of the events of the third tournament was arguably a subconscious activation of his Devil Gene, likely in part because the hatred he felt for Heihachi's betrayal and evil, and in part because he had been mortally wounded.

Activation by external stimuli: Jin partially transforms at the end of the events of the fourth tournament, due to Devil's attempts at forcing him to (as seen in Jin's Tekken 4 ending). Perhaps no more than half an hour later, when Jinpachi and his dark energy is freed from under Hon-Maru, Jin completely transforms because of his reaction to Jinpachi's evil energy, meaning that the Devil Gene can come out whenever and wherever there is negative energy around. Devil Gene users seem to be affected by the presence of one another, the presence of Ogre and Azazel.

## Suppression of the Devil Gene

Aside from the suppression of the Devil Gene through sheer force of will, as is implied by the method of conscious, and to some extent subconscious, activation, there are also several external factors that can suppress the Devil Gene as well. The exact nature of these things are however not well explained, often not at all. So, it remains unknown how they suppress the Devil Gene; it is only known that they are able to do so.

### Angel

Before the concept of the Devil Gene, Angel was portrayed as the good side of Kazuya, able to suppress his Devil persona and causing an internal struggle. Her profile described her as one of the appearances that Kazuya takes depending on the person that gazes upon him. However, since the creation of the Devil Gene concept, Angel has all but vanished from the Tekken storyline and it is unknown whether or not she is still able to do suppress Devil or if she even still exists.

At the conclusion of *Tekken 4*, the effect of the bloodline is shown as Devil tries to transform Jin into his devil form by using the anger he has for his Mishima family, but fails and theorizes that it is due to the Kazama blood running in Jin's veins.

Asuka Kazama, in her *Tekken 5* ending, was also able to suppress the Devil Gene of Jin, however, the ending was non-canon and it is thus unknown how strong an effect she has on the Devil Gene. When Devil Jin approaches Asuka in his (non-canon) Scenario Campaign dialogues, he does seemed to be pained however, suggesting that there may be some canonicity to Asuka's abilities.

## Exhaustion

It has been shown that, when pushed to extremes in their devil form, devil users will be forced to revert back to their human form. Their devil form can effectively be defeated, or exhausted, to the point where their bodies are forced to turn back into humans. This was shown in *Tekken 7*, firsly when Devil Kazumi was defeated by Heihachi, forcing her to revert back to her human form when he uppercuted her; and secondly when Heihachi fought Devil Kazuya. Heihachi was able to exhaust Devil Kazuya enough to force him back into his human form. Defeating the devil part of a devil user in this way does seem to weaken them, though it does not incapacitate them. Kazumi was able to activate her Devil Gene again almost immediately, though was almost instantly defeated by Heihachi afterwards, whilst Kazuya went on to defeat Heihachi in his human form.

## Materials

While it isn't known how, the Mishima Zaibatsu were successfully able to create or acquire chains of an unknown material that could specifically suppress the Devil Gene. These chains were used by Heihachi to subdue Jin at the end of Tekken 4 and (non-canonically) also to subdue Kazuya's Devil Gene too. Jin was, however, after some struggling, able to break free of these chains. According to Heihachi, the chains have the ability to neutralise a devil's powers, so that an individual saturated with the Devil Gene will lose consciousness in a matter of minutes.

## GENOCELL

In *Tekken 4*, when the Mishima Zaibatsu failed to create a hybrid of human cells and Ogre's DNA, it was speculated that they instead needed a subject with 'devil cells'. When it was discovered that G-Corporation were conducting tests on Kazuya's body, the Mishima Zaibatsu raided it to take this data. Julia Chang's GENOCELL Program, a reforestation project funded by G Corporation, was also stolen by the Mishima Zaibatsu and discovered to have the ability to suppress the devil cell, allowing the human cells to combine with the devil cells. Dr. Abel, the lead researcher in the Mishima Zaibatsu working on this, called it the 'Devil-Human Integration Program'. With this knowledge, they intended to use the cells of a Devil Gene user to further their research. They commenced a project and attempted to combine devil and human cells, to produce a half-human, half-devil organism using human test subjects.

In other (non-canon) media such as the *Online Tekken Comic*, the GENOCELL is also similar or can be referred to as the 'Anti-Devil Factor'. It is also revealed in the comic that Kazuya and Jin use the 'Anti-Devil Factor' to suppress the influence of the 'Devil' (however, in Kazuya's case, it allows him to also control the power of the 'Devil'/Gene without the conscious influence of it consuming his mind).

## Sirius-Style Exorcism Sorcery

The supernatural fighting-style, Sirius-Style Exorcism Sorcery, used by Claudio Serafino and his Archers of Sirius, has the power to exorcise demons and devils. In *Tekken 7*, Heihachi Mishima demands that the Archers of Sirius aid the Mishima Zaibatsu, and reveals to Claudio the devil nature that Kazuya has. Claudio agrees that their agendas align, since he also wishes to destroy devils with his exorcism power. The exact effect of this exorcism sorcery on Devil Gene users is unknown, since the Archers of Sirius were dismissed by Heihachi before they could confront Kazuya. In a scene that is not yet confirmed to be canon in Tekken Pachislot 4, Claudio uses this power to exorcise Devil Jin. He seems to be able to do this successfully, though the result on Jin is unknown since the scene cuts away. The scene continues on from Claudio and Xiaoyu's canonical *Tekken 7* endings, meaning that Claudio certainly believes that his sorcery has the power to exorcise Jin's devil from him.

---

Asuka Kazama: My God, so Jin had this Devil Gene in him, ever since the day he was born, and I knew Kazuya had that dark aura around him, but it turns out he also has the Devil Gene.

Lincoln: I'm sorry you had to find that out the hard way, Asuka.

Asuka Kazama: It's okay, Lincoln, but now that I know the truth, why do I feel like it hurts so much to know that my distant cousin whom I haven't met has to bear this dark burden alone?

Asuka was sitting on the couch, and she had her head lowered in sadness, now that she knows more about her cousin, Jin Kazama. Lincoln sat down beside her, and he put his hand on her cheek, as she turned and raised her head, and looked into Lincoln's deep sapphire blue eyes.

Lincoln: Asuka, I promise you, if we run into Jin, we'll help free him of the Devil inside him.

Asuka had a smile on her face, and tears running down her eyes. Then, she put her arms around Lincoln's neck, and hugged him. He returned the hug, as he wrapped his abnormally large and powerful muscles around her back to comfort her.

Asuka Kazama: Thank you, Lincoln.

Lincoln: You're welcome, Asuka.

Then, he kissed Asuka Kazama on the lips, and she returned it without letting go of him. The rest of the team and the girls in Lincoln's harem, along with Lincoln's future wife, Lily the Mermaid, cheered.

Me: Way to go Lincoln! Thanks McWolf.

We went back to the Estate.

Later Nico, Princess Celestia, Mega Man Ice Man, Kup, and Dead End just saw Lori, Lola, and Lynn sneaking out.

Mega Man Ice Man: Lynn, Lori, and Lola are sneaking out? I wonder why.

Princess Celestia: We better go check it out.

Nico: Right lets go.

Kup: With you all the way boss.

They headed out.

They went down to the surface Nico and the group everyone followed.

Princess Celestia: Might I ask where you three are going?

Lola: To take care of some business for J.D.

Nico: What is it?

Lori: We're going to destroy Trump Tower.

Nico: Ooh! I like that! Good call there girls. May we go with you?

Lynn: Sure the more the merrier.

They went to New York City.

In New York City they found Trump Tower and it was completely abandoned and the tower was a mess! After Trump was executed, he became THE MOST HATED MAN IN THE ENTIRE WORLD even though he already was called that to begin with and Trump's business empire came crashing down and people vandalized all of his business and painted it with graffiti and terrible symbols that are too graphic to describe. And they also threw rocks through the windows and smashed them and they even raided the buildings for all of Trump's money. All of Trump's houses were burned down and destroyed and everything he once had was all up in flames and reduced to ashes. Even though Trump is gone, he left his mark all over the world and it's up to us to remove it. Trump is a stain on the planet that needs to be removed.

Dead End: Trump's followers are doomed after this tower falls.

Nico: Yep. But this is just the beginning. And now it will end with him.

Nico and the group fired blasts of energy and elements and blew the entire tower into dust and flaming rubble!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire tower was completely blown to dust!

Nico: Take that Trump!

Lola: YEAH!

Lynn: SCREW YOU TRUMP!

Nico: Great job everyone!

Kup: We'll help you 3 keep this a secret from J.D. But he'll find out eventually.

Lola: Yeah there is always a way he will find out.

Nico: Yeah that's true.

Lynn: Trump's Tower is gone but his follower's are still out there and we have to deal with them.

Nico: Yep.

They went back to the estate.

Later it was time for our next mission.

Princess Luna: Nico, I don't know what you and my sister were up to this morning. But I hope you realize that it's your turn to lead today.

Nico: Yes I'm well aware of that Princess Luna.

I was reading a book as the TV was on.

Nico: What are you reading J.D.?

Me: It's a really interesting story from Scottish Folklore. It's about the cannibalistic Sawney Bean Clan.

Nico: Oh man. I know about them. They lived back in the 16th Century and they were one of the most evil clans of all time back then.

Me: Yeah they sure were.

---

**Alexander "Sawney" Bean** was said to be the head of a 45-member clan in Scotland in the 16th century that murdered and cannibalised over 1,000 people in the span of 25 years. According to legend, Bean and his clan members would eventually be caught by a search party sent by King James VI, and were executed for their heinous crimes.

The story appeared in *The Newgate Calendar*, a crime catalogue of Newgate Prison in London. The legend lacks sufficient evidence to be deemed true by historians, and there is debate as to why the legend would have been fictionalized; nevertheless, the myth of "Sawney" Bean has passed into local folklore and has become a part of the Edinburgh tourism circuit.

According to The Newgate Calendar, a tabloid publication from the 18th and 19th centuries, Alexander Bean was born in East Lothian during the 16th century. His father was a ditch-digger and hedge-trimmer and Bean tried to take up the family trade, but quickly realised that he was not fit for this work.

He left home with an allegedly vicious woman named Black Agnes Douglas, who apparently shared his inclinations and was accused of being a witch. After some robbing and the cannibalization of one of their victims, the couple ended up at a coastal cave in Bennane Head between Girvan and Ballantrae. The cave was 200 yards (180 metres) deep, and the entrance was blocked by water during high tide, so the couple were able to live there undiscovered for some 25 years.

Sawney and Agnes produced eight sons, six daughters, 18 grandsons and 14 granddaughters. Various grandchildren were products of incest between their children.

Lacking the inclination for regular labour, the Bean clan thrived by laying careful ambushes at night to rob and murder individuals or small groups. The clan brought the bodies back to their cave where the corpses were dismembered and eaten. They pickled the leftovers in barrels. The clan discarded body parts, which would sometimes wash up on nearby beaches. This strategy was used to help conceal their crimes and lead villagers to believe that it was animals who were attacking travelers.

The body parts and disappearances did not go unnoticed by the local villagers but the Bean clan stayed in their cave by day and took their victims at night. The Bean clan was so clandestine that the villagers were unaware of the murderers living nearby.

As local people began to take notice of the disappearances more significantly, several organised searches were launched to find the culprits. One search took note of the cave but the men refused to believe anything human could live in it. Frustrated and in a frenetic quest for justice, the townspeople lynched several innocents but the disappearances continued. Suspicion often fell on local innkeepers since they were the last known to have seen many of the missing people alive.

One fateful night, the Bean clan ambushed a married couple riding from a fayre on one horse but the man was skilled in combat thus he deftly held off the clan with sword and pistol. The Bean clan fatally mauled the wife when she fell to the ground in the conflict. Before they could take the resilient husband, a large group of fayre-goers appeared on the trail and the Beans fled. The fayre-goers took the survivor to the local magistrate, whom they informed of this experience.

With the Beans' existence finally revealed, it was not long before the

King (perhaps James VI of Scotland in tales linked to the 16th century, though it is less clear who this could be in other tales from the 15th century) heard of the atrocities and decided to lead a search with a team of 400 men and several bloodhounds. They soon found the Bean clan's previously-overlooked cave in Bennane Head thanks to the bloodhounds. Upon entering the cave by torchlight, the searchers found the Bean clan surrounded by human remains with some body parts hanging from the wall, barrels filled with limbs, and piles of stolen heirlooms and jewellery.

Nico and Eli were shocked and Arrietty was on Eli's shoulder.

Nico then threw up in disgust into a bucket.

Eli: MONSTERS!

Me: Yeah no kidding. They were beyond all forms of pure evil.

Nico: (VOMITS)

May was tending to him.

May: It's all right Nico.

Nico: Those guys are gross!

Chunk: OH GEEZ! I Think I'm gonna hurl!

Chunk of the Ripping Friends was even throwing up into the sink.

Slab: You'll be all right man.

Arrietty: That is terrible that they were capable of all that back then.

Eli: No kidding and that was over 500 years. And they did all that in just 25 years.

Aylene C.: That's nuts.

Then Box Ghost, Spot, Magneto, Living Laser, Plastique, Moonstone, Dr. Polaris, See More, Gizmo and Eccentro then

appeared.

Box Ghost: Hey, Nico. As soon as you're done vomiting, can me, Spot, Magneto, Living Laser, Plastique, Moonstone, Dr. Polaris, See More, Gizmo and Eccentro go with you guys on the next mission?

Nico: Yeah you can. J.D. don't ever read about something like that again.

Me: Sorry man. But it was an interesting legend.

Eli: But thank goodness they were destroyed.

Arrietty: Yeah thank goodness.

See-More: What was J.D. reading about?

Me: I was reading about Scottish Legend and I was reading about the evil Sawney Bean Clan, they were the most ruthless cannibals of all time.

Spot: Whoa! I've read about the Sawney Bean Clan. They were awful!

Dr. Polaris: Yeah they were! They killed and ate 5,000 people!

We gasped in shock!

Me: They killed that many!?

J.D. 3: They sure did J.D. and I was there when King James VI killed them. You won't believe how many skulls I've counted in that cave they lived in.

Me: I'm almost too afraid to find out.

J.D. 3: I've counted 5,123 skulls.

Everyone gasped and Rarity even fainted.

FWOMP!

Lincoln: That is a lot!

Me: HOLY SHIT! They were the worst ever!

Laney: They are worse than the country's most evil serial killers combined.

Lucy Loud: Wicked.

Me: Yeah no kidding.

Then a news report came on.

News Reporter: This just in, Trump Tower has been completely demolished.

Me: Whoa!

We saw a report and it showed Trump Tower being destroyed by Lynn, Lola and Lori blasting it to rubble.

We cheered for them.

Lori: But we thought you were mad at us.

Me: Mad? I'm not mad at you girls. You did great!

Eli: Yeah that monster Trump deserved to have everything he has destroyed.

Nunnally: Yeah he had it coming.

Nico: Anyway I'm better now. Better get the team together. (Pulls out Bugle and plays Reville)

Everyone came and we stood ready.

Nico: ATTEN-TION!

We stood ready.

Nico: Okay maggots listen up! First up on our mission is watching a movie. We're going to watch Princess Mononoke.

Nico pulled out a movie for it.

Eli: That's one of my favorites!

Nico: I had a feeling you would like it lieutenant.

We were watching the Movie and it was cool.

In Muromachi Japan, an Emishi village is attacked by a boar-shaped demon. The last Emishi prince, Ashitaka, kills it before it reaches the village, but it manages to grasp his arm and curse him before its death. The curse grants him some superhuman strength combined with great pain, and will eventually spread through his body and kill him. The villagers discover that the demon was a boar god, corrupted by an iron ball lodged in his body. The village's wise woman tells Ashitaka that he may find a cure in the western lands Nago came from, and that he cannot return to his homeland.

Heading west, Ashitaka meets Jigo, an opportunist posing as a monk, who tells Ashitaka he may find help from the Great Forest Spirit, a deer-like animal god by day and a giant Night Walker by night. Nearby, men herd oxen to their home of Iron Town, led by Lady Eboshi, and repel an attack by a wolf pack led by the wolf goddess Moro. Riding one of the wolves is San, a human girl. A brief melee ensues with Lady Eboshi wounding Moro, and a few men being thrown over the cliff's edge. Down below, Ashitaka encounters Moro, San and the wolves; he asks about the Forest Spirit but is rebuffed. He then manages to rescue two of the men fallen from the cliff and transports them back through the forest, where in the distance he sees for the first time the Great Forest Spirit. As he and the Spirit spot each other his arm reacts violently before the Spirit moves on. Soon after, Ashitaka and the survivors arrive at Iron Town where he's greeted with fascination. Ashitaka learns that Eboshi built the town by clearcutting forests to produce iron, leading to conflicts with Asano, a local daimyō, and a giant boar god named Nago. Iron Town is a refuge for outcasts and lepers employed to manufacture iron and firearms; one of the same that wounded Nago. Eboshi explains that San, Princess Mononoke, was raised by the wolves and resents humankind. She admits she shot Nago, incidentally turning him into the demon that attacked Ashitaka.

At the same moment, San infiltrates Iron Town to kill Eboshi. Ashitaka intervenes and quickly subdues Eboshi and San while they're locked in combat. Amidst the hysteria, he's shot by a villager but the curse gives him strength to carry San out of the village. San awakens and prepares to kill the weakened Ashitaka, but hesitates when he tells her she's beautiful. She decides to trust him after the Forest Spirit heals his bullet wound that night. The next day a boar clan, led by the blind god Okkoto, plans to attack Iron Town to save the forest. Eboshi sets out to kill the Forest Spirit with Jigo, working for the government, and intends to give the god's head to the Emperor in return for protection from Lord Asano.

Ashitaka recovers and finds Iron Town besieged by Asano's samurai. The boar clan has been annihilated in battle, and Okkoto is badly wounded. Jigo's men then trick Okkoto into leading them to the Forest Spirit. San tries to stop Okkoto but is swept up as his pain corrupts him into a demon. As everyone clashes at the pool of the Forest Spirit, Ashitaka saves San while the Forest Spirit kills Moro and Okkoto. As it begins to transform into the Night Walker, Eboshi decapitates it. Jigo steals the head, while the Forest Spirit's body bleeds ooze that spreads over the land and kills anything it touches. The forest and kodama begin to die; Moro's head comes alive and bites off Eboshi's right arm, but she survives.

After Iron Town is evacuated, Ashitaka and San pursue Jigo and retrieve the head, returning it to the Forest Spirit. The Spirit dies but its form washes over the land, healing it and lifting Ashitaka's curse. Ashitaka stays to help rebuild Iron Town, but promises San he will visit her in the forest. Eboshi vows to build a better town. The forest begins to grow, as one kodama emerges within the forest.

---

When it was done we cheered wildly.

Nico: I thought that movie was really cool.

Me: Me too Commander.

Nico: Same here Colonel. All right listen up! Our mission is going to take place in Iron Town in 14th Century Japan. We're going to help

Ashitaka and even Princess San and we're going to kill the demons there.

Me: Awesome!

Varie: This is gonna be cool!

Nico: Yep. Lets head out everyone!

Nico opened a portal and we were off to 16th Century Japan.

## MUROMACHI AND SENGOKU ERA JAPAN - 1523.

We arrived in 16th Century Japan and we were in the forest and it was beautiful.

Nico: Here we are guys.

Dreamcatcher: Nothing out of the ordinary in this place.

Nico: Just stay alert for anything out of the ordinary.

We then saw a man dressed in covering clothes and we saw that he was on a red elk.

Nico: That's him.

We went up to him.

Nico: Excuse me. Are you Prince Ashitaka of the Emishi and the last Prince of the Emishi Clan?

Ashitaka: That's me. And you are?

Nico: Nico Chan, 2nd In Command of Team Loud Phoenix Storm and current leader of the team.

Ashitaka: Wow! You are the group known for killing the evil demon Naraku.

Nico: That's right.

InuYasha: It's a pleasure to meet you.

Kagome: Same here.

Ashitaka: You guys are a very powerful force.

Nico: We don't brag.

Then Ashitaka's arm was acting up and he was in pain.

Me: What's wrong with your arm?

Eli: Geez that is bad!

Nico: Lets take a look at it.

We looked at it and we gasped as we saw that his arm was totally burned and mangled up.

Eli: That burn is awful!

Maria: That arm doesn't look too good.

Me: Yeah that looks bad.

Ashitaka: Yes and it's a curse I have and it will kill me.

Cut Man: Maybe I can cut that off so the curse doesn't spread.

Gizmo: Don't bother. By now, the curse probably spread all over his body.

Brittney: Wait a second. I've seen this curse before. I can remove it with my magic and Sakura and Varie can heal you up.

Ashitaka: I would like that.

Brittney: It's gonna hurt though. Dad, Nico you better hold him just to be safe.

Nico: Okay.

Me and Nico held him.

Brittney chanted a powerful incantation and fired a beam of blue energy from her hand and it hit Ashitaka and removed the darkness from him and he was screaming in pain as he was being cleansed. When the darkness was removed Sakura and Varie healed him up and Brittney banished the Dark Magic into the Warp.

Ashitaka: Wow! That was intense.

Varie: You're gonna be all right though. Look at your arm.

He saw that it was fully healed!

Ashitaka: Wow! Thank you all so much. I am forever in your debt.

Nico: You're welcome Ashitaka.

Ashitaka: But this man is hurt. I'm gonna look for a place to help him out.

Nico: We better go with.

Cicadacon: You wanna tell me how you got that curse in the first place?

Ashitaka: I sure can. I killed a giant rampaging pig that turned into a demon. Because it had this in it.

He handed Nico a black iron ball.

Nico: Hmm. This looks like a cannonball.

Ashitaka: That's right.

Nico: Weird. It's unlike any form of ammunition that I've ever seen.

Me: Yeah. Looks more like a slingshot ball.

Nico: Yeah.

Ashitaka: I also found this man hurt.

Nico: Lets take him to wherever he came from to get some help.

Eli: Okay.

We went through the forest.

See More: I think I see something up ahead.

We came out of the Forest and we saw Iron Town.

Me: That must be Iron Town.

Nico: It sure is. Wow.

Laney: Wow look at the smoke. There's a lot of blacksmiths at work in there.

Lola: Yeah.

Eli: Wow. That is amazing. Blacksmithing is a very dangerous job.

Nico: Lets head in guys.

We went to the city.

We saw a bunch of women came and one of them came to her husband.

Toki: KOHROKU! YOU'RE ALIVE! THAT'S JUST GREAT! HOW ARE YOU GONNA DRIVE THE AXE NOW THAT YOU'RE ALL BANGED UP!

Kohroku: Toki my little flower.

Toki: You scared me half to death! Don't you little flower me! I wish the wolves had eaten you and maybe I could've found a REAL husband!

Lady Eboshi then appeared!

---

**Lady Eboshi** is the main antagonist of the Studio Ghibli film

*Princess Mononoke* .

She is the manager of Iron Town, a mining community in Japan around the 13th/14th century. She leads the ironworkers there in a two-front war against the forest gods and the local warlords, hoping to turn the forest into more mining land for the town and start an independent community free from the Emperor or feudal lords. Her main enemies are the wolf goddess Moro and her adopted human daughter, San.

She was voiced by Yuko Tanaka in Japanese and Minnie Driver in English.

After arriving in Iron Town with her guns and a small army, she drives out the boar god, Nago by wounding him with a bullet, a weapon he was unprepared for. She also managed to wound Moro when she tried to attack her cattle train. Moro accepts her eventual death from the wound but still vows to take revenge on her.

The pain Eboshi's guns cause Nago inadvertently turns him into a demon, sending him on a rampage that leads to him cursing Ashitaka, the film's protagonist. When Ashitaka traces Nago's trail to Iron Town, she confesses her responsibility for his curse but expresses sympathy for him.

After seeing how Lady Eboshi treats her workers and the lepers, Ashitaka decides that she is not truly evil, and tries to urge both San and Eboshi to live peacefully together. It is soon revealed, however, that Eboshi is working for the monk Jigo, who first provided her with weapons and men. In return for his service, Jigo requires Lady Eboshi to lead an assault on the Great Forest Spirit, kill it, and take its head to give to the Emperor, supposedly to grant immortality.

While she carries out this task in the forest, the local warlords launch an assault on Iron Town. Ashitaka urges her to return and help them, but Eboshi decides to fulfill her promise to Jigo instead, leaving the town to defend itself. Although Ashitaka tries to stop her, Eboshi succeeds in shooting off the Forest Spirit's head. A moment later, Moro, with her last gasp of life, bites off Eboshi's arm.

Without its head, the Spirit becomes a rampaging god of death, destroying everything it touches. Ashitaka protects her long enough for her henchman Gonza to carry her back to the town, while he and San return the Spirit's head, allowing him to die in peace. Reunited with the townspeople, Eboshi expresses shame for her actions and promises to start over building a good village.

Sinnertwin: I take it you're the leader of this town.

Lady Eboshi: That's correct and it's an honor to meet the famous Team Loud Phoenix Storm. We owe you a huge debt for killing Naraku.

Me: He was a terror to everyone here.

Nico: Yeah he sure was.

Toki: (To Kohroku) YOU IDIOT! You had me worried sick!

Me: (Whispers to Goku) She reminds me so much about Chi Chi, Master.

Goku: (Chuckles Nervously) Yeah she does.

Nico: But we are honored to be here.

Woman: Yeah. Girls don't you think that J.D., Sasuke and Nico are all cute?

Nico: Sorry ladies but I'm already spoken for.

Me: Now now ladies you are all beautiful but I promise you there is plenty of me to go around.

Sasuke: I'm honored you think that ladies.

We walked around Iron Town and some of us were hanging around with the workers and having dinner with them.

Kohroku: So you guys are the famous Team Loud Phoenix Storm.

Me: You heard right. We are the most powerful force in the entire universe and we're responsible for killing Naraku here in this era.

Woman 1: It's hard to imagine that they are Team Loud Phoenix Storm.

Woman 2: I know and they are all so cute and so handsome.

Woman 3: Many of them are just kids but they are all amazing.

Man 1: Quiet out there! We lost some good men today!

Man 2: Yeah there's lots of gorgeous men in here honey.

Woman 4: I've seen cattle that look better!

Woman 5: Listen guys, why don't you come on over to our place? You don't want to stay in this stinking old barn.

We laughed.

Me: Don't worry ladies there's plenty of me to go around.

Man 3: Look woman! We risked our lifes to bring you the rice you're all eating tonight! So watch your mouth!

Me: Hey! Don't talk to her like that you cueball!

Man 3: Oh yeah and what are you gonna do about it!?

Me: Keep talking like that and you'll find out the hard way!

Eli: Yeah!

Woman 6: Thanks for defending us J.D.

Woman 7: And who made the iron that paid for that rice huh? Tell me that!

Woman 8: Yeah we're pumping the bellow while you are asleep in bed!

Me: Shes got you there tough guy!

Ashitaka: Actually if it's not too much trouble, I would like to see where you ladies work.

Me: Same with me. Maybe I can do something to help you all out.

The ladies liked that and they laughed in excitement.

Nico: J.D. you sure have a way with charming the ladies.

Me: I just like to help out. Besides it's not fair that the ladies have to do most of the work around here.

Man 3: It's best not to pay them any mind you know?

Me: Why do you say that? I'm just doing what I think is right for all people.

Man 3: Lady Eboshi spoils them rotten. That's why they're like that.

Me: Well they do say that The way to a womans heart is to make her happy.

Ashitaka: And they do say that happy women makes a happy village.

Eli: That's right.

Man 4: Happy? Ha! Those kind of women working here?

Man 5: Women like that? It's a disgrace. They defile the iron. Lady Eboshi goes around buying the contract of every brothel girl she can find.

Naruto: Sounds like something Pervy-Sage would like.

Me: Yeah Jiraiya-sensei would be in heaven.

We laughed.

Man 6: Yeah but milady has a kind heart.

Me: How kind of a heart?

Man 7: Well everything has turned upside down since she showed up.

Man 8: Yeah she's not afraid of the gods. You should have seen the way she dealt with Nago.

Me: Who is Nago?

Man 8: Who is Nago? He's the gigantic Boar God who ruled this whole forest. Couldn't even get near the mountains with him around.

Me: Sounds like you guys have had a lot of problems.

Man 3: Yeah we sure have. The problem was before we had to dig for the iron we had to clear away the forest and that's what made the boar angry.

Man 5: Then one day Lady Eboshi came along with her warriors and her rifles.

Me: So that's it. We need to have a word with Lady Eboshi.

Nico: I agree. Excuse us please gentlemen.

We went to Lady Eboshi and talked to her.

Lady Eboshi: Forgive me for keeping you all waiting. But it's an honor to have you all here.

Me: No worries.

Nico: But the pleasure is ours.

Lady Eboshi: Why are all of you here if you don't mind me asking.

Nico: Our friend Ashitaka here was cursed because of Nago the Boar God turning into a demon.

Brittney: These were the marks he had on him when we found him.

Brittney showed the marks that were on him before he was cured.

Ashitaka: I believe you'll recognize this.

He had the iron that was in a boar.

Ashitaka: It shatter the bones of a giant boar, rotted his flesh and turned him into a monster. I fought with him and for that I was cursed with this mark that I no longer have. It would've killed me in a few days had Nico and everyone not come along.

Lady Eboshi: Where is it you come from? I've never seen a red elk like that before.

Ashitaka: I have come a very long way. I can't tell you more than that.

Gonza: (GROWLS) ANSWER MILADY'S QUESTION OR I'LL CUT YOU IN HALF!

I had my sword pointed at his neck!

Me: You even touch him and I'll cut your head off and feed you to the wolves!

Ashitaka: What is it that you plan to do? What exactly are you here for?

Me: Well we came to help you all kill the demons.

Varie: Yeah they are terrorizing this world even after we killed Naraku.

We later followed Lady Eboshi and we saw her in a beautiful garden.

Lady Eboshi: This is my garden. None of the townspeople even dare to come here. Follow me if you wish to learn my secret.

We followed her to her house and in it we saw a bunch of people wrapped up in bandages.

Me: Whoa. Are you all okay?

Man: We are all suffering from Leprosy.

We gasped.

Lady Eboshi: I have been caring for them.

Man with Leprosy 1: My lady, Osa has something to say.

Osa: (Weakly and raspy) Forgive me my lady, you must not make light of Team Loud Phoenix Storm's strength. J.D., you have incredible power and you have an amazing heart and have done so much for everyone. And you have also gone through so many hardships. Like you young man I too know what rage feels like and grief and helplessness. But you must not take anger and hatred out on Lady Eboshi. She's the only one who saw us as human beings. We are Lepers, the world hates and fears us. But she took us in and washed our rotting flesh and bandaged us. (Coughs)

Man: Osa.

Osa: Life is suffering. It is hard. But the world is cursed but still we find reasons to keep living. (Wheezing) I'm sorry I'm making no sense.

Moonstone: I have to admit. Even though what you're planning to do is wrong, you have a good heart for taking in people with Leprosy.

Me: Yeah. I know this disease like the back of my hand. It eats you alive from the inside.

Varie: It's a terrible way to die. Reminds me about those people that had it in the movie Ben Hur.

Me: Yeah that was awful.

Lady Eboshi: That is why I'm trying to help them.

Me: You are doing a really good thing here. Leprosy is a terrible disease.

Lily: Maybe I can heal them for you Lady Eboshi.

Lady Eboshi: How so?

Lily: I have powers of water and I can heal any sickness great or small. Water is a purifying force and it heals everything. Watch.

Lily spread her wings of water and they went and enveloped the people sick and cured them.

Lady Eboshi: What did you do?

Me: Look.

I went over and removed a man's bandages and he was fully cured and healed!

Lady Eboshi: Wow! You're healed!

Osa: (Normal voice) What happened?

Me: See for yourself.

I showed his face in a mirror and he gasped in shock. All the people afflicted with Leprosy were all healed and better!

Osa: (Gasp) I'm cured! I'M CURED!

He touched my face.

Me: It's all right Osa. You're cured and free to come out from hiding.

Osa then hugged me and he weaped with joy.

Me: You all are cured. You have Lily to thank too. She cured you.

We later talked to Lady Eboshi about why she must give up what she is gonna do.

Ghuul: Moonstone's right. Is there any way we can get you to drop what you're planning to do?

Lady Eboshi: Well there is one thing.

Nico: What's that?

Lady Eboshi: I can't believe I'm about to ask this but get rid of the force that's turning all the gods in the forest into demons.

Nico: It will be done and we have killed demons many times before.

Me: That's right. We sure have.

Living Laser: I know that you probably were involved in that demon possessed boar attacking Ashitaka. But I think the demons like that one are merely using you as a pawn.

Lady Eboshi: A pawn like how?

Nico: A pawn in a greater goal for the demons to destroy everything.

Me: Yeah I agree. What these demons are gonna do is absolutely terrible. They will destroy the entire planet if we don't take them down. Naraku was like that and he destroyed InuYasha and Kikyo's relationship and turned them against one another.

Sesshomaru: That's right. Naraku took the form of Kikyo and made it seem like he was betrayed by her. Noraku also took the form of InuYasha and made it seem like he was doing terrible things which turned Kikyo against him.

Nico: But all he was doing was playing both sides for fools.

Lady Eboshi: I think I see what you mean about that.

Me: A heart of hatred and darkness can never understand true love and understand the good of all life, but a heart of good and love and light can breathe new life into the world of good.

Lady Eboshi: Good saying.

Nico: Wise words. All right lets get to work and help out.

We did so.

Spot: I can use a portal to get us to the forest.

Nico: Good idea. Lets find San the Wolf Girl.

Eli: I can use the Force to find her.

Spot: Okay. Lets find her.

He formed a portal and took us to the forest.

We were walking through the forest.

Alister: We can't let those demons form an alliance with the Aparoids.

Rafael: Or it will be big time trouble.

Nico: I agree with you both on that. They are close.

Eli: San is just up ahead!

We went on and we saw San the Wolf Princess.

Ashitaka: Is that her?

Me: Yep.

Strike Man: Are you San?

San: Team Loud Phoenix Storm, the people that destroyed Naraku.

Nico: That's right San. We mean you no harm.

Wolf God: It's an honor to meet you all.

Nico: Same to you. We came to help you all kill all the demons.

Magneto: I understand your hatred towards most humans, my dear. Believe me, I was in your shoes before.

San: Really?

Magneto: Oh yes. I was completely lost to my hatred because of my lust for power and wanting to rid the world of all humans so that we mutants can rule it..

Me: It's a dark road.

Nahiri: It's a dark road that I know too. Because of my hatred towards one man.

Nico: Lots of people that we met had terrible hatred towards humans.

Eli: Yeah it's not good.

Slugfest: Also, you know Nago, that Boar God?

San: Yes I do.

Nico: I'm afraid he's dead. Demons overtook him and killed him.

Lana: Yeah it was awful.

Aylene C.: He was turned into a monster like what happened with a Zombie Argentinosaurus that we faced.

Nico: That was horrifying.

Ashitaka: And he cursed me before Brittney and everyone cured me.

Nico: Yeah. Ugly purple mark on his arm.

Me: What they are doing to the forest is awful.

I used my powers and regrew much of the forest that was destroyed and restored it.

Me: The animals and the Gods don't deserve to have all this happen to them.

San: Your power is amazing.

Me: I get that a lot. I wish I could stay with you all and help you out. But I can't.

San: (to me) Are you sure you don't want to stay on this world with us, JD? I mean, with you, all animals in this forest will be protected.

Eccentro: What are the rest of us? Chopped liver?

?: No that's what I am.

Eccentro saw a jar of chopping liver and a rimshot was heard.

San: The rest of Team Loud Phoenix Storm are in good hands with Nico leading them. And you guys have Vypra as your leader. I'm not saying this to hurt anyone. I'm just saying that maybe, J.D. can take a break from his responsibilities and worries about all the other bad guys that are in your world.

Me: I'm sorry San but I have a huge responsibility. Without me and Nico the universe would be in peril.

San: I understand.

Me: Good.

Nico: Lets get to taking those demons down.

Ashitaka: You guys need to be careful. Those demons can infect you guys like they did Nago.

Buddy Pine: (laughs) They're more then welcome to try.

Nico: Lets get ready for anything guys.

Then we heard something coming.

Nico: Entrance formation!

We stood ready and just as the demons were coming, a massive fiery explosion went off and a phoenix cry was heard and then lightning, energy, the symbols of Total Drama, armored weapons and flying machines flew around and converged and then we saw a bunch of demons come out! And they were demonic symbiote creatures! UGLY!

Dr. Polaris: Bring it on, you symbiote rip offs!

Nico: Yeah!

Nico fired massive blasts of fire and incinerated them into nothing!

Eli fired blasts of Force Fire and obliterated them all over.

Aylene and Lola fired blasts of fire and incinerated the demons all over.

Nivenna: (takes out Mugic) Canon of Casualty! Take these demons

out!

He fired said Mugic and it obliterated many demons all over.

Nico: YEAH! That was awesome!

Sarah Gunnerson: Yeah it was!

San: Wow!

Plastique: Have those demons infected anyone else?

Nico: I don't see anything yet.

More demons were coming and we were blasting them left and right and sending them back to Hell.

Eli: Take that Demons!

We were blasting them and sending them all off to Hell and the Warp.

Carmen Dillo, Brain Freezer, Griffin, Onyx, Mysterio, Merman, Duff Killigan, Multiplex, Red Ghost and Bizarro appeared.

Nico: Carmen Dillo, Brain Freezer, Griffin, Onyx, Mysterio, Merman, Duff Killigan, Multiplex, Red Ghost and Bizarro.

Carmen Dillo: So, how are things here?

May: You want the good news or bad news first?

Brain Freezer: Good news first.

William: The good news is that we convinced Lady Eboshi not to go after the Forest Spirit.

Griffin: That IS good news.

Onyx: What's the bad news?

Maria: The demons aren't listening to her anymore and have now formed into a single demon shaped like a pig.

Mysterio: At least they haven't infected anyone else.

Me: That is a good thing.

Mysterio: Yes it is. We also have a new recruit.

A robot dog came and it was THE FRIGHTHOUND!

Shaggy: ZOINKS! It's the Frighthound!

Qin: Not that mechanical monster! He was a robot made by Jason Wyatt's mother to get revenge.

Nico: Yep. And she got 50 years in prison.

Twilight Sparkle: Whoa that's terrible! And it looks like Scooby.

Nico: A Scary version of him. It was also to frame him.

Qin: Yep.

Then another figure came out and it was NASTY DOO THE WERE-DOO!

Shaggy: ZOINKS! It's the Were-Doo, Nasty Doo!

Qin: Whoa! This guy was tough! He was really Professor Digby who was out to show the world the ancestor the the Doo's, the very first Doo, Missing Link Doo. He was the prehistoric ancestor of Scooby Doo and his family.

Scooby Doo: That was amazing.

Sly Cooper: Looks like I'm not the only one that has prehistoric ancestral ties.

Scooby Doo: Reah.

Qin: Digby got 25 years in prison for his crimes.

Me: Yep.

Then Slotsky came out and he was back for another round.

Me: Slotsky. Back for another round.

Slotsky: Yep.

Nico: Awesome.

Slotsky: The demons tried to infect me too.

Maria: Did they fail?

Slotsky: Of course they did. My body wasn't compatible for them.

Nico: That's good they didn't. Lets dance!

We went at them.

Crash Bandicoot: (smiles) With pleasure, and I've got a surprise for you.

Suddenly, Crash Bandicoot had a green energy aura surrounding him along with the 10 Symbols of the Skylanders, as he unholstered his Sword of The Skylanders from his back. Then, the symbols of The Skylanders in gem form on the necklaces of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Rarity, Pinkie Pie, Fluttershy, and Starlight Glimmer were glowing, which got their attention. Then, a massive vortex of green energy surrounded Crash Bandicoot, and it had the 10 Symbols of The Skylanders circling around the vortex, and a green phoenix inside the vortex. Then, as the vortex faded, Crash Bandicoot emerged, but he was changed forever.

Crash Bandicoot was much taller at 6'10" in height, and his body became much more muscular and he has gained eight-pack abs, his red mohawk has green highlights, and the red hair on the back of his head grew, and it went down to the bottom of his neck, Crash's beautiful emerald green eyes became a beautiful neon emerald, his fingerless gloves changed from brown to black, and they have silver square knuckles. He has on a white shirt with a green phoenix, his blue pants became longer for his new body, and the pants legs are decorated with leaves, the symbol of the Life Skylanders, and the other nine symbols of the other nine elements, Crash Bandicoot has large angel wings on his wider muscular back, and the tips of the green feathers have the colors representing the other nine Skylanders, representing he's a master of the Ten Elements of The Skylanders. Crash Bandicoot's Amulet of Life has now transformed into The Amulet of Elements, he has a 10-Sided Star with the 10 Elements inside the 10 sides emblazoned on his forehead, his black trench coat has gotten longer for his new body, and has a rainbow kanji below the 10-Sided Star with the 10 Elements of The Skylanders which says, "Crash Bandicoot, The Brave-Hearted Hero of Wumpa Island, Emissary of The Skylanders, and The Master of The Ten Elements of The Skylanders." In the longer sleeves of his longer black trenchcoat, Crash Bandicoot has on his new Bracelets of The Champions of The Universe on his larger wrists, but the large gems around them are bright green, he has on his own Belt of Elemental Bravery on his waist, but the large gem for the belt buckle had multiple colors, and he has his Eater of Sins revolver holstered on his right hip. Crash Bandicoot has now transformed into SUPER ANGEL 100,000,000,000 ELEMENTAL SKYLANDER BANDICOOT OF BRAVERY!

The rest of us saw it, and we were amazed. Crash Bandicoot became the first of The Life Skylanders to achieve a Super Angel 100,000,000,000 form, and he looks like a true Master of The 10 Elements of The Skylanders.

Nasty Doo: Now, that's an amazing surprise you had for me, Crash Bandicoot, and now, you look like a true Master of The 10 Elemental Forces of The Skylanders.

Crash Bandicoot: (Divine Echoing Elemental Voice of Bravery)

**Thanks, Nasty Doo, now, let's do this!**

Nasty Doo: Bring it.

Nasty Doo let out a loud bellow and charged at Crash Bandicoot, but Crash Bandicoot punched Nasty Doo with a strong punch, and sent him flying with his newfound superhuman strength. Then, Crash Bandicoot fired powerful blasts of fire, air, water, earth, gears, magic, light, darkness, plants and fruit, and bones, and fired multi-colored powerful energy slashes from every powerful swing of his Sword of The Skylanders, which hits Nasty Doo, and knocks him down.

Crash Bandicoot: **Awesome!**

Nasty Doo got up, and he smiled, knowing that Crash Bandicoot passed the test, and he'll be looking forward to usual battles with Crash Bandicoot.

Nasty Doo: Nice job, Crash. You passed the test, and I'll be looking forward to our usual battles in the future.

Crash Bandicoot had powered down, and he holstered his Sword of The Skylanders on his wider and muscular back, and his neon emerald green eyes changed back to normal emerald green, but he's now in his new much taller and much more muscular form, along with the 10-Sided Star with The 10 Elements of The Skylanders emblazoned on his forehead, his now longer and bigger clothes, along with his Amulet of The Elements, his Bracelets of The Champions of the Universe, his Eater of Sins revolver holstered on his right hip, and Belt of Elemental Bravery on his waist.

We're also going to face THE WOLFMAN from 1941 and it will be at night. And the next chapter is gonna be for the awesome movie Castle in The Sky and we're going to kill Colonel Muska and we're going to make sure that monster pays for his crimes and help Pazu and Sheeta kill him and destroy his reign of terror for good.

See you all tomorrow.

# Mystery of The Floating Castle City

Over in Romania, me and Gina the Plusle Gene-Slammer were flying through the darkness of the night and we landed at the beautiful land of Bram Castle, the home castle of Vlad III The Impaler of Wallachia.

Gina: (scared) This place is very scary!

In spite of her fear, Gina concentrated and groaned as she began to shrink.

Me: These are the ruins of the castle of Vlad III the Impaler of Wallachia. It's where Bram Stoker got his inspiration for the book series Dracula.

Gina was in her Plusle form and I held on to her clothes for her. We walked around the castle and it was a place of fear.

Me: Wow. This castle always gives me the creeps. Scary and the Full Moon makes it even more creepy.

We then heard a howl and it was scary.

Me: Whoa man.

Gina Plusle: Was that a wolf.

Me: It sure was.

Then I heard something behind me and I threw it into the front and it was LARRY TALBOT THE ORIGINAL WOLFMAN FROM 1941!

---

Lawrence "Larry" Stewart Talbot, better known as The Wolf Man, is an iconic movie monster that first appeared in the 1941 film with the same name. He became a werewolf after he was attacked and bitten by one and now currently seeks to stop the other evil monsters and find some way to remove his curse.

He was portrayed by the late Lon Chaney, Jr., who also played Frankenstein's Monster in Ghost of Frankenstein and Groton in Dracula vs. Frankenstein.

## The Wolf Man

Larry Talbot was once a scientist specializing in astronomy. Following the death of his brother, he returns to Wales to reconcile with his estranged father, Sir John. One day, he visits an antique shop and falls in love with its shopkeeper, Gwen Conliffe, purchasing a cane with a silver wolf's head just for an excuse to talk with her. She informs him that the cane represents a werewolf.

That night, Gwen's friend Jenny is attacked by a wolf, and Larry fights it off with his cane. He succeeds in killing the wolf, but is bitten in the process. He learns from the Gypsy fortune teller Maleva that the wolf was in fact a werewolf that had once been her son, Bela. She tells Larry that he is now infected with Bela's curse, and will transform into a wolf upon the next full moon. She then tells him that silver is the only thing that can kill a werewolf.

Sure enough, Larry becomes a werewolf with the rise of the full moon and runs amok, killing several villagers. He becomes human again in the morning, with no memory of his rampage. The recollection of his crimes gradually comes back to him, however, leaving him horrified and wracked with guilt. On the night of the following full moon, Larry begs his father to tie him to a chair to prevent him from hurting anyone else, but he nevertheless breaks free after transforming once again into a werewolf. When Larry attacks Gwen, his father puts him out of his misery by bludgeoning him over the head with the cane. Sir John and Gwen then watch in horror as the dead werewolf transforms into Larry's human corpse.

## Frankenstein Meets the Wolfman

Four years later, Larry Talbot mysteriously returned from the dead, and is put a mental institution because of his "delusions" about being a werewolf. Longing for the release of death, he escapes and finds the gypsy women who first told him that he was a werewolf. She is at a loss for why he cannot die, but she knows to whom he can go for help - Dr. Frankenstein, an expert in the matters of life and death. Larry finds out that Frankenstein has died, but his records may be hidden in the ruins of his castle. He asks the owner of the land, a woman descended from Dr. Frankenstein, for permission to search the land. She initially refused him.

That night, Larry turns into the Wolfman and goes on a rampage. The villagers chase him onto the Frankenstein property, where he falls into an underground ice chamber. The next morning, he wakes up and finds Frankenstein's Monster buried in ice. It had been trapped there years before, shortly after his original brain was replaced by that of the evil peasant Ygor.

The "Ygor Monster" befriends Larry, and on his request, leads him to Dr. Frankenstein's records. Larry now knows how to put himself and the monster out of their respective misery, but needs someone to help him carry out the procedure. That night an agent from the mental institution arrives to bring Larry back, but changes his mind upon seeing the monster, realizing that the creature is real and not a figment of Larry's imagination. The landowner and the man from the institution agree to help Larry and the monster, and strap them to two platforms.

It is then revealed that the monster does not in fact want to die, but had merely been using Larry as a means to regain his former power. He breaks free of the platform and grabs the woman. Larry turns into the Wolfman, breaks free of his platform, and attacks the monster. The man and the woman escape as the monsters fight. Finally, the villagers blow up the dam, resulting in the castle being flooded and the two monsters being swept away and imprisoned in an icy cave.

## House of Frankenstein

The two iconic monsters reappear in the 1944 sequel as two criminal prison escapees, Dr. Gustav Niemann (brother of Dr. Frankenstein's assistant), and his hunchbacked servant, Daniel, free the two of them from the icy waters that imprisoned them, intending to bring Frankenstein's monster back to life and use him to get revenge on the ones that sent him to jail.

Though disappointed at them releasing the monster within him, Larry eventually helps Dr. Niemann find Dr. Frankenstein's records when he offers to help him free him of the werewolf curse in return. While travelling with them, a gypsy woman, Ilonka, meets Larry and falls in love with him, though he insists that she stay away from him, believing himself to be dangerous to her.

After finding and rebuilding an old lab, Niemann's crew begin working on reviving the monster. Larry grows worried as the moon is due to be full one night. He confronts Niemann about it, but Neimann tells him to be patient. Later that night, Larry turns into the Wolfman and stalks off into the woods, where he kills a man named Braun.

The next morning, Ilonka visits Larry, having learned from a jealous Daniel about his condition. She wants to help him, but he replies that there is no hope for him, and that he wants to die. She reluctantly makes a silver bullet out of her necklace and places it in a revolver. Meanwhile, Larry violently confronts Niemann that night, telling him that the moon will be full again, but Niemann still won't help him. Realizing now that he can no longer trust Niemann, Larry leaves.

Later, Ilonka waits outside of Larry's room and aims the revolver with the silver bullet loaded at him while his back is turned, but cannot bring herself to pull the trigger. Suddenly, the full moon rises again and he turns into the Wolf Man. He stalks off again, but notices Ilonka and kills her, but not before she manages to shoot him in the process. Both of them die in each other's arms.

## House of Dracula

In the hybrid 1945 sequel, somehow Larry Talbot has been revived and he seeks the help of Dr. Edlemann to remove his monster side. But Edlemann was unavailable at that point so Talbot leaves in panic saying that "there isn't time", knowing that the moon would be full that same night. Under his insistence, the police have him securely locked up. Edlemann had finished the transfusion by then, and arrives with Milizia and Talbot explains to him his condition.

At first, Edlemann doesn't believe him, but when the full moon rises and Talbot transforms, Edlemann realizes how serious the situation is and has Talbot transferred to his care the next morning. Edlemann tells him that Talbot's transformations are not triggered by the moonlight, but by pressure on the brain. He believes he can relieve the pressure, but Talbot must wait for him to gather more mold from his flowers. Unable to stand another night as a beast, Lawrence runs to the cliffs behind the mansion, and in a suicidal attempt, throws himself off.

Edlemann goes after him in the caves down below that night, where the Wolfman attacks him, but before he can kill or wound him, the moon sets and Talbot transforms back into human. While in the cave, they discover the Frankenstein monster trapped in the mud, still clutching the skeleton of Dr. Niemann. He is alive, but yet again in a catatonic state. They also discover that the damp humidity in the caves, are perfect for growing more of the plants needed for Talbot's operation, and that the caves connect to a large room underneath Edlemann's home. Dr. Edlemann takes the monster back to his lab and considers reviving him, for the sake of science, but decides that it would be too dangerous after being convinced by Talbot and Nina.

That night, Milizia is playing the piano in the living room, and Dracula appears. The Count tries to seduce her to become a vampire like himself but Milizia brandishes a crucifix before he can bite her. Edlemann interrupts the hypnosis, and explains that he has found strange antibodies in the Count's blood. They decide to have another transfusion the next day. Meanwhile, Nina is following Milizia, who is getting weak because of Dracula's influence. She catches her talking to the Count by a hall mirror and sees that the Count casts no reflection.

Meanwhile, Nina warns Edlemann of the vampire's intentions to make Milizia his undead bride. He prepares for a transfusion that will destroy the vampire and has Dracula come to the lab. During the transfusion, Dracula uses his hypnotic powers to send both Edlemann and Nina to sleep and reverses the flow of the transfusion, sending his own blood into the doctor's veins. When the doctor and his assistant awaken, Dracula is preparing to take Milizia away. They wake up Talbot, and fight Dracula off with a crucifix, who returns to his coffin as the sun is beginning to rise. Edlemann follows him, and drags his opened coffin into a spot of sunlight, and Dracula is destroyed, leaving only his skeleton in the coffin.

After these events, Edlemann paces inside his room. He starts feeling sick. He sees his cat hiss at him and run away. He looks at himself in the mirror. His blood cannot handle Dracula's vampire blood and becomes a deformed Hyde-like side of himself. After these horrific events are done and he changes back to himself, he begins the operation on Talbot, yet one night, he changes into his Hyde-side again and kills his gardener, Siegfried. After escaping, he finishes Talbot's operation and they eventually see that it was a success, but Edlemann changes back into his Hyde-side again and sneaks off.

He revives the monster and kills Nina. Talbot confronts and shoots him dead with grief. He then proceeds to burn the castle down with the monster inside while he and everyone else escapes as flames consume the monster.

Abbott and Costello Meet Frankenstein

Lawrence Talbot makes his last appearance in the 1948 horror comedy film, Abbott and Costello Meet Frankestein. The film gives no explanation as to how Larry is inflected with the curse again, though it's possible the film isn't canon, as it makes no explanation as to how Dracula and the Frankenstein Monster are alive either.

Lawrence is on to Count Dracula's plans to bring the Frankenstein monster back to life for his own evil plans. He makes a call to Florida from London to contact a railway station where Chick Young (Bud Abbott) and Wilbur Grey (Lou Costello) work at, regarding the two crates that contain Dracula and the Monster. Lawrence manages to call Wilbur and tries to warn him before they take the crates to the wax museum, "McDougal's House of Horrors". But before he can explain, the moon rises and he transforms into a wolf, leading Wilbur to believe his dog was on the phone.

After Dracula has succeeded in reviving the Monster and they escape, Talbot meets with Chick and Wilbur at their apartment. He tells them he was the man who called and requests that Wilbur lock him in his room, as the moon is about to rise. Wilbur does so beforehand, but realizes Talbot forgot his briefcase, so he brings it into his room and is nearly killed by the Wolf man, though oblivious to the fact that he was in any danger.

The next day Wilbur and Chick check on Talbot, who tells them about himself, but they don't believe him. They later go to Wilbur's girlfriend's, Sandra Mornay's (who is secretly working with Dracula to transplant Wilbur's brain into the monster) castle to pick her up for the masquerade ball. Talbot calls them on a telephone and warns them that they are in the "House of Dracula".

Talbot arrives later that night at the ball where he confronts Dracula (going under the alias Dr. Lajos) and accuses him of being the count, though Dracula dismisses these claims. Sandra meets with Wilbur and tries to bite him (as she was sired by Dracula earlier) but is stopped by Chick and Talbot. They go searching for Joan, another woman who has a romantic interest in Wilbur, but Talbot transforms and begins stalking Wilbur. Wilbur thinks Chick is wearing a wolf mask and begins poking at him and kicking him, nearly getting himself killed before the Wolfman starts attacking him, and he runs off. Wilbur and Joan are kidnapped by Dracula. The next day, Chick meets with Talbot and finally believes that he is a werewolf, telling him they must rescue Joan and Wilbur.

The following night, before Sandra can cut open Wilbur's skull for the operation, Talbot and Chick arrive. Talbot fights her off ad attempts to untie Wilbur. However, the moon rises and he transforms into the werewolf. Dracula returns and the two monsters engage in a fight. The Monster throws Sandra out a window and attacks Wilbur and Chick. they escape onto a boat and the monster is burnt alive on the dock by Professor Stevens. Dracula transforms into a bat and attempts to fly off a balcony to escape the Wolfman, but Talbot grabs at his wings as he flies off and the two monsters fall into the rocky seas below, killing both of them in the process.

---

We gasped.

Me: WHOA MAN! That's Larry Talbot! The original Wolf Man!

Gina Plusle: WHOA! He looks scary!

He growled ferociously at us!

Me: You aren't the only werewolf!

I growled and grew fur and my eyes turned glowing yellow and slit and I grew wolf ears and my toes and fingers turned into claws and I grew a tail and my teeth turned into fangs. I turned into J.D. THE NOCTURNAL!

I HOWLED FEROCIOUSLY!

Me: (Beastly Voice) **Now you will see the wrath of a werewolf!**

Gina Plusle: WHOA!

Me: **Get ready because I'm about to skin this guy alive!**

I went at him and slashed and clawed him all over the place and pulverized him all over.

?: (Transylvanian Accent) Let us help too!

We saw a vampire bat and a Crobat appear.

Crobat: (Polish Accent) This guy makes me sick!

We fired energy blasts and lightning blasts and destroyed the wolf man.

Me: **Take that! Whoa! You're a vampire bat.**

I reverted back.

Pirati: I sure am. My name is Pirati and it's an honor to meet the world famous J.D. Knudson.

Crobat: It's a pleasure. I'm Kira Levineshki.

Me: Pleasure to meet you both.

Gina: I'm Gina Tamarac and I'm a Plusle Gene-Slammer.

Pirati: Pleasure to meet you.

Crobat: I became like this because of Team Rocket scientists.

Me: I figures. You aren't the only one that had this happen to you. Many more are like you. I can give you the power to change at will and use Crobat's powers.

Crobat: I would like that.

Me: Awesome.

I put on my blind man glasses.

Me: Here we go. (Snaps fingers)

Kira reverted back and she had purple and blue hair and she was naked. Gina reverted back.

Gina was human again. But naked.

Gina: (covered herself) I can see why you two became fast friends.

Pirati: I know. It's amazing huh?

Kira Levineshki: (Covers herself) It sure is something.

I gave Gina her clothes and gave Kira new clothes.

Pirati: Do you have any blood for me J.D.?

Me: Never leave home without some.

I pulled out my cooler and gave a pack full of blood to Pirati.

Pirati: Thanks.

She drank it.

Pirati: Ahh. Thank you.

Me: You're welcome. Lets head back to the estate and you will love being with my teammates.

Kira L.: Okay.

We went back to the estate.

After we got back from destroying the Wolfman at Count Dracula's castle in Romania, Lincoln, Linka, me, Nico, Nicole Knudson, Asuka Kazama, The Mane 9, and The Samurai Power Rangers were heading to Equestria, because McWolf has kidnapped another girl for Lincoln to rescue.

Lincoln: Looks like McWolf has kidnapped another girl and is holding her in Equestria.

Twilight Sparkle: And something tells me he's also got some surprises in store for us.

Asuka Kazama: But, why do I have the feeling that the next girl Lincoln is going to rescue is someone that I know?

Nicole Knudson: I've got that same feeling, Asuka.

The team arrived at McWolf's Castle in Equestria, and the inside of the castle is decorated with beautiful tapestries.

Me: Wow, the inside of this castle is really beautiful.

Nico: You said it, bro.

Rarity: My word, the tapestries here are beautiful.

Lincoln: Maybe, we should take some of these tapestries to the Estate, and put them up.

Fluttershy: That's a good idea, Lincoln, and Rarity and Leni will both love having the tapestries put up in the Estate.

We got into a huge room, and the girl McWolf kidnapped was none other than Emilie De Rochefort of the Tekken franchise.

Lincoln: Wow, it's Emilie De Rochefort.

Nicole: Otherwise known as Lili from the Tekken franchise.

Asuka Kazama: This is something, yesterday, McWolf kidnapped me, and now, he's kidnapped Lili today. But, he's made the castle look elegant for her.

Lincoln went up and freed Lili.

Lili De Rochefort: Thank you so much. Oh, you must be Lincoln Loud of Team Loud Phoenix Storm, it's a pleasure to meet you.

Lincoln leaned down, and kissed Lili on her hand.

Lincoln: You too, Lili.

Lili De Rochefort: And a charming and handsome gentleman, too, not to mention very tall and muscular.

She was then introduced to The Mane 9, The Samurai Power Rangers, J.D., Nico, Nicole Knudson, and Lincoln's twin sister, Linka.

Lili then saw Asuka Kazama, and she was surprised to see her.

Lili De Rochefort: Asuka Kazama, I'm surprised to see you here.

Asuka Kazama: Yeah, I was kidnapped yesterday by McWolf, but he explained everything to me.

Lili De Rochefort: Same with me, too, and he already told me about Jin Kazama and his tragic past, not to mention about The Devil Gene he has, and I decided to let that hatred I have over him go.

Nico: That's the spirit.

McWolf then came out.

Nico: You sure made this castle very classy, McWolf.

McWolf: Thanks, and I also talked to her father about it, and he's okay with this.

Lincoln: He's a concerned father, always looking out for his father.

Lili De Rochefort: One day, we'll head over to our home in Monaco, so I can introduce you to him.

Lincoln: That's a perfect idea.

McWolf: And since you have the Samurai Power Rangers here, before we do this, I've got a surprise for you guys.

McWolf then deactivated four cloaking devices, and we saw four talisman cards on the corners of the room.

Me: What's with these talisman cards?

McWolf: Dayu and Deker told me that Octoroo and Sharkjaw have been sent back to The Netherworld ever since Master Xandred was destroyed. Well, I think it's time that we got rid of them for good.

Jayden Shiba: But, how are you going to do just that?

McWolf: Just keep your eyes on those talisman cards, and you'll see what I mean.

Suddenly, we saw the four talisman cards glowing, and then, we saw a gap from the Netherworld open up, and then, OCTOROO and SHARKJAW were pulled into our world from the Netherworld!

---

Octoroo

**Octoroo** is one of Master Xandred's two followers, an elderly cephalopod-headed figure with a staff. Octoroo can often be seen mixing medicine for Master Xandred. He most often says "Ooh-ah-ooh!" before his sentence as well as a habit of rhyming. Octoroo is often the one to select and send other Nighloks to concoct their schemes to raise the Sanzu River waters, second only to Xandred or Serrator. He feels that everyone on the ship should be allies, believing all Nighloks to have the same common goal(s).

Octoroo seems to be one of the smarter Nighloks since he is able to come up with complex strategies and counter-strategies with a large amount of knowledge and magic, and can make plans that are hard to follow, rash, and generally unpredictable. He also has some knowledge in medical techniques due to making large doses of medicine for Master Xandred's headaches. He is also a bit of an optimist, on account of him acting as a foil against Dayu's pessimistic persona. He also seems to know when he is outmatched in a fight and retreats when facing the Samurai Rangers. He is apparently considered trustworthy enough to know about Deker and Dayu's past. Due to this, Master Xandred feels that he is loyal enough to stay on his ship, and creates many barriers with his vast knowledge, ranging from disrupting communications to disabling Morphers.

Octoroo has always been suspicious of, therefore never forming an alliance with Serrator. Later his suspicions are confirmed when Serrator betrayed Master Xandred. Octoroo values Master Xandred's life, over his own, even after Master Xandred attacked him, while he was trying to save Xandred from dehydration. It was he who saved Master Xandred, sinking Xandred to the bottom of the Sanzu River, before wondering how long it would take before Xandred was fully healed again. However as a result he found himself forced to work for Serrator who easily took over the ship unopposed. Octoroo tried to convince Serrator not to go through with his ultimate evil plan of flooding and conquering both worlds, but to no success.

After Serrator's destruction, Octoroo took over the efforts to flood the Earth as well as reuniting with Dayu. It was he who sent the Nighlok Fiera to the surface knowing that her fire had the power to destroy the head of the Shiba house (not knowing that Jayden was not the actual head), and later sacrificed half his lifeforce to Gigertox in order to grant him a third life against the Rangers, meaning that if he was ever destroyed he would not transform into a Mega-Monster.

When he heard about Deker's demise, he told Dayu that since Deker is gone she has nothing left to lose. Octoroo said that a new sad tune about Deker may be able to revive Xandred and increase his power. After Master Xandred returned and absorbed Dayu, Octoroo briefly mourned Dayu's demise because she was the one who cured Xandred's headaches whenever she played the harmonium. Also by absorbing Dayu's humanity, Xandred gained immunity to drying out and the Sealing Symbol. As a result, it allowed the Sanzu River to finally flood the Earth. However when Master Xandred was defeated by the Samurai Rangers, the river went back to the Netherworld, sinking the ship Octoroo was in. It is unknown what happened to him after that.

Sharkjaw

Sharkjaw attacked the city under the orders of Octoroo and was first seen ploughing through and destroying two buildings. When the Samurai Rangers arrived. Sharkjaw managed to knock down the whole team by destroying an entire building beside them. Antonio then arrived but was easily taken down and Mia and Emily used their signature Airwave and Seismic Swing attacks to take down the monster. However, Sharkjaw took them all down with his spin attack and easily destroyed Mike's Spin Sword when he came back around. The Rangers tried to stop him before he managed to destroy others parts of the city before retreating back to the Netherworld upon drying up. After Sharkjaw replenishes himself, Master Xandred informs him that General Gut, Sergeant Tread, and Professor Cog would take over the attack on the human world instead. Afterwards, he never appeared again throughout the rest of the series, although he was likely destroyed when the Sanzu River was drained following Xandred's eventual destruction.

---

Jayden Shiba: Octoroo?

Mike (Samurai): And Sharkjaw!

Octoroo and Sharkjaw turned around, and when they saw Team Loud Phoenix Storm and The Samurai Power Rangers here, they were surprised.

Octoroo: Team Loud Phoenix Storm and The Rangers?!

Sharkjaw: But, how did we get pulled out from the Netherworld?!

McWolf: That would be me. And I call this perfect timing, it's time for you both to join Master Xandred in The Warp.

Octoroo and Sharkjaw were shocked to hear that Master Xandred is dead.

Octoroo: Master Xandred's dead?! Impossible!

Nico: And you're looking at his killer, Noodle Face.

Me: I remember you both! Octoroo you were Master Xandred's right hand man and Sharkjaw you only appeared in the Clash of The Red movie and you defeated the team easily by knocking down a huge building onto them.

Sharkjaw: That's right J.D. I'm amazed you have just a good memory.

Me: Never missed an episode or a movie. And even though it's not your turn yet, Octoroo is one of the monsters we're looking for.

Nico: But yes you are looking at Xandred's killer: Me.

Me: Well actually Nico didn't kill Master Xandred. He decided to blow himself up and try to take Nico with him. But he ended up sacrificing himself all for nothing.

Sharkjaw: You! We shall avenge our fallen master, and take over this world!

Octoroo: No, we need to get out of here, if we're separated from the Sanzu River for too long, we're going to dry up.

Nico: Like fish out of water.

Then, we saw the talisman cards glowing, and the gap to The Sanzu River close forever, cutting them off forever.

McWolf: I'm afraid that ain't happening.

Lauren Shiba: McWolf, care to explain before we tear Octoroo and Sharkjaw to shreds?

McWolf: Gladly, yesterday, I asked Dayu to create those four talisman cards for me to put on the walls of my new castle. Then, Vypra put a spell on them, which'll not only pull Octoroo and Sharkjaw from The Netherworld and bring them into our world, but once they're here, the cards will then seal the gaps to The

Netherworld forever, cutting them off from the Sanzu River.

Octoroo: You'll pay for that!

Octoroo tried to blast him with his staff, but nothing. Sharkjaw tried to turn into a tornado, but that didn't happen.

McWolf: And that's also the other thing: the talisman cards have also destroyed your powers, and now, you're essentially powerless to do anything.

Me: Now, that was an awesome surprise, now, we can destroy Octoroo and Sharkjaw for good, and we'll be rid of Master Xandred for good.

McWolf: Let me take a crack at them, first.

McWolf held out his hand, and something appeared from a kaleidoscope of dark fire and darkness, it was a large zanbato with a massive, long, double-edged, wide black blade with the Dark kanji etched on the black blade, a large gold hilt, a long spear-like handle, and a large gold pommel. McWolf's new zanbato is known as The Dark Slayer of The Netherworld, and McWolf now has on a black trenchcoat with the symbol of The Masters of Evil on the back, along with a black shirt, black pants, and black leather combat boots, and thanks to Vypra's intense training, he was now much more muscular.

Jayden Shiba: Wow, so you have a new weapon and a new outfit.

McWolf: Yep, and thanks to Vypra's training, I'm more than ready for when I face Nessa, RD Lori, and Tom and Jerry in our first usual battle.

Me: It looks really nice!

McWolf: Thanks. Right now, let's get Octoroo and Sharkjaw!

Jayden Shiba: Right!

Lincoln: Let me join in, too, guys. I've got a little surprise for old Noodle Face and Tuna Breath over there.

Lincoln got out an orange Samuraizer, and J.D. and Nico were stunned.

Me: Lincoln, is that…?

Lincoln: Yep, it's an orange Samuraizer, now, keep your eyes peeled.

Samurai Power Rangers and Lincoln: SAMURAIZER! GO GO SAMURAI!

The Samurai Power Rangers and Lincoln transformed, and got out their Spin Katanas and Defenders of The Power Rangers swords.

Jayden Shiba: RED SAMURAI RANGER! READY!

Lauren Shiba: CRIMSON SAMURAI RANGER! READY!

Mia Watanabe: PINK SAMURAI RANGER! READY!

Mike (Samurai): GREEN SAMURAI RANGER! READY!

Kevin (Samurai): BLUE SAMURAI RANGER! READY!

Emily (Samurai): YELLOW SAMURAI RANGER! READY!

Antonio Garcia: GOLD SAMURAI RANGER! READY!

Lincoln: ORANGE SAMURAI RANGER! READY!

We saw Lincoln was in his new Orange Samurai Ranger form, his uniform's much bigger for his new body, and the viewing window on his helmet was the Thunder Kanji, and with his larger blue angel wings surging with powerful super lightning with stars and nebulae reflecting on the feathers, along with his eight large orange orbs orbiting around his legs.

Samurai Rangers and Lincoln: RANGERS TOGETHER! SAMURAI FOREVER!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion erupted behind them, and we were stunned that Lincoln now has a Samurai Power Ranger form.

Me: Lincoln, you now have a Samurai Power Ranger form?!

Lincoln: Yeah, and I'll be displaying some new Power Rangers forms during our rescues. Now, let's get Noodle Face and Tuna Breath.

Me: With pleasure!

Sharkjaw went after them, but he got attacked by McWolf, who swung his zanbato, and with one slash, he cut him right through the stomach.

The Samurai Rangers, me, and Lincoln slashed Sharkjaw with our Spin Katanas and their swords, Defenders of the Power Rangers, and Nico blasted Octoroo, and knocked his staff out of his hands, and Antonio Garcia cut off all of his tentacles that were on his face.

Octoroo: Ow, those took forever to grow!

Nico: Sorry to cut this short, but I think you also remember some old friends of yours.

Then, Deker and Dayu showed up, and really let Octoroo and Sharkjaw have it.

Jayden Shiba: Now, it's time to end it. FIRE SMASHER! CANNON BLAST MODE!

Jayden transformed his Fire Smasher into its Cannon Blast Mode.

Lincoln: Jayden, here. This'll really pack a punch.

Lincoln handed Jayden Shiba an Orange Thunderbird Power Disk.

Jayden Shiba: An Orange Thunderbird Power Disk? Thanks, Lincoln.

As soon as Jayden puts the Orange Thunderbird Power Disk in, he and the team loaded their Power Disks in.

Jayden Shiba: Care to do the honors, Lincoln?

Lincoln: I'd be honored.

Lincoln and Jayden Shiba held the Cannon right at Octoroo and Sharkjaw, who saw their time was now up.

Lincoln: Alright, Noodle Face and Tuna Breath, goodbye.

Jayden Shiba: And good riddance.

Me: KA ME HA ME HAAAAAAA!

I fired a powerful Kamehameha Wave!

Lincoln and Jayden Shiba: MULTI-DISK THUNDERBIRD CANNON BLAST!

Lincoln and Jayden pulled the trigger, and fired a powerful blast, which transformed into a massive thunderbird, and the blasts both hit Octoroo and Sharkjaw, and as they explodes with incredible power

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Octoroo and Sharkjaw were destroyed, and their spirits were banished to The Warp forever.

Nico: OH, YEAH! Octoroo and Sharkjaw, you have failed this universe!

Lincoln and Jayden Shiba: Samurai Rangers, victory is ours!

Rainbow Dash: That… was… AWESOME!

Starlight Glimmer: You said it, and our future husband has shown us his new Power Ranger form, we saw him in his Mystic Force Power Ranger form, now he has a Samurai Power Ranger form.

Twilight Sparkle: And it looks like Lincoln has more where that came from, when he's rescuing more girls from McWolf.

McWolf: Now, we're rid of them for good, but don't change back just yet. Now, we can get to our fight. MOOGERS!

McWolf summoned Moogers, and they were only loyal to McWolf.

Lincoln: Alright, gang, let's get them.

The Samurai Rangers, Lincoln, me, Nico, Nicole, Linka, and The Mane 9 attacked and slashed the Moogers that McWolf summoned, and destroyed them. Then, Lincoln changed back, and he, Nico, me, and Linka jumped him, and tickled him.

McWolf: (LAUGHING HYSTERICALLY)

They ceased, and helped McWolf up to his feet. Rarity got some of the tapestries from the castle to put up in the Estate. But before we were about to leave, we saw heard what sounds like a roar of thunder in the skies, but there was nothing. Then, we saw something land in front of us, they were the elusive and legendary Thunderbirds of Equestria. They were very large white birds, and they had large beautiful white wings with lightning bolts on the feathers and they were surging with powerful lightning, and they were very beautiful to look at.

Starlight Glimmer and the rest of The Mane 9, along with the rest of us was in awe of these elusive creatures.

Starlight Glimmer: Oh my, it's the Thunderbirds.

Me: WHOA! This is incredible!

Lincoln and Linka walked up to them, and they tamed them. Now, they each have have their own thunderbirds, along with the phoenixes Eris gave them and the rest of us, and they'll be the mascots of The Crusaders of The Thunderbird.

Me: Wow. We have both Phoenixes and Thunderbirds. The birds of fire and lightning.

We came back to The Estate, and as soon as we told everyone what happened, they cheered wildly. Not only did Lincoln rescue Lili De Rochefort, but they also saw his new Orange Samurai Power Ranger form, and they got rid of Octoroo and Sharkjaw, and sent them to join Master Xandred in The Warp forever, plus it was part of McWolf's plan, and Vypra and Dayu helped out with getting Octoroo and Sharkjaw lured out of the Netherworld, and by cutting them off and destroying their powers with those talisman cards, their fates were sealed.

We were then at the gym, and Lincoln was doing 100,000 reps of wing push-ups, regular push-ups, crunches, leg lifts and leg curls, chest presses and bicep curls with 9,000-lb barbells, and going a few rounds on the punching bag, and doing a half-hour on the treadmill. The girls were blushing at how hard Lincoln was working out, and he was getting stronger and stronger from the work outs.

Later Nico was getting ready to head to the world of the Aligned Transformers.

Nico: I'm heading to the Aligned Universe again.

Me: Okay. Have fun buddy.

Nico left for the Aligned Transformers Universe.

Nico arrived and the Aligned Transformers saw him.

Aligned Bumblebee: Nico! You couldn't have visited at a more perfect time!

Nico: Why what's going on?

Aligned Bumblebee: We're going after Steeljaw. He broke out and we're going after him.

Nico: Lets go!

They flew out.

Nico knew who Steeljaw was and he was REALLY BAD NEWS!

**Steeljaw** is the main antagonist in the animated TV series *Transformers: Robots in Disguise*, serving as the main antagonist of the first two seasons and as one of the two main antagonists in Season 3 alongside Soundwave. He leads a pack of former prisoners aboard the *Alchemor* who schemes to re-establish the long-disbanded Decepticons and turn Earth into a paradise for Decepticons to live on.

He is voiced by Troy Baker, who also voiced Van Kleiss in *Generator Rex*, and Erron Black in *Mortal Kombat* series. In the Japanese dub he was voiced by Yuichi Nakamura, who also voiced Yuuki Terumi in BlazBlue and Graham Aker in *Mobile Suit Gundam 00* .

Season 1

Steeljaw was freed with the other Decepticon prisoners when the *Alchemor* crashed on Earth.

Steeljaw made his first appearance in *Trust Exercises* where he watched as Bumblebee and his team transform away. On encountering Strongarm, he tried to bluff her by claiming he'd been a guard aboard the ship. When that didn't work, he knocked her out, tied her up, and tried to convince her that he intended to dwell peacefully on the planet.

Sideswipe distracted Steeljaw by masquerading as another Decepticon named "GrimBee". While Steeljaw and Sideswipe have a conversation, Russell attempts to free Strongarm. However, Steeljaw hears the lock on Strongarm's chains unlocked. He looked at Russell and asked what he was, besides being strange. Russell stated Steeljaw should be the one to talk and quickly walked away. Steeljaw discovers Sideswipe's incognito and engages the Autobot before he chased him. Sideswipe led Steeljaw to Strongarm, who was freed from her chains, and managed to kick Steeljaw in into a tree. However, Steeljaw escaped during the confusion.

In *As the Kospego Commands!*, after Thunderhoof was knocked into the black hole of his space bridge, he landed in a forest area where Steeljaw was hiding out. Steeljaw approached Thunderhoof, scratched his Decepticon symbol on Thunderhood's chest, and invited him to team up.

In *True Colors*, Steeljaw used Minitron to control Grimlock, who managed to retrieve a stasis pod containing Underbite. However, he inadvertently led the Autobots to the Crown River dam which Steeljaw was using as a temporary base as Thunderhoof was scouting for a large base other than the Crown River dam. Following the inevitable battle with the Autobots, Sideswipe managed to grab onto Steeljaw and faced him in a short battle. Despite Sideswipe stopping the fight to help his teammates from Grimlock's beatings, Steeljaw managed to escape with the stasis pod, but abandoned Minitron to the Autobots.

In *Sideways*, after Fracture joined the gang, Steeljaw attempted to pick up Clampdown as the next inductee. However, Clampdown turned out to have an unpleasant history with Thunderhoof and Thunderhoof immediately chased Clampdown, to which Steeljaw and the rest of his gang followed them. The gang was eventually led into a confrontation with the Autobots near a docks, during which Steeljaw got the better of Bumblebee and threw the Autobot in a trash compactor. Steeljaw activated the compactor with his tail and watched the machine crush Bumblebee. However Sideswipe managed to save Bumblebee and Steeljaw was thrown to the side by Bumblebee before he could attack Sideswipe. In their second fight, Bumblebee used his Decepticon hunter to hit Steeljaw with and incapacitated him. Trying to unlock his cuffs, Steeljaw succeeded in creating a diversion by unmooring a garbage barge and releasing the other Decepticons while the Autobots had their hands full. Back at their hideout, Steeljaw inducted Clampdown into the gang by scratching his Decepticon symbols. Fracture asked if Clampdown would ever betray them and Steeljaw ensured that if it happens, he would not rest until he made Clampdown eat his own claws.

In *Lockout*, seeking access to the scrapyard, Steeljaw engineered a diversion by using Kickback as bait. While Bumblebee's team was distracted, Steeljaw broke into the scrapyard, and his gang quickly took Fixit, Russell, and Denny hostage. Steeljaw also rigged up a sub-sonic pulse that would disable the Autobots and prevent them from gaining access. As an added measure, Steeljaw also had the Autobots surrender their weapons as he threatened to kill Russell in front of them if they didn't comply. Steeljaw then tried to get Fixit to free the other Decepticon convicts, then ordered Thunderhoof and Clampdown to try and recapture the missing humans. Denny was captured and Steeljaw threatened to harm him if Fixit did not comply with Steeljaw's demands. Fixit managed to stall long enough for the Autobots to break in and deactivate the sonic weaponry. Bumblebee managed to jump at Steeljaw and in the ensuing fight, Steeljaw was defeated yet again when the pods closed. Surrounded by the Autobots, Steeljaw promised that he will make Earth a place for Decepticons with him as their leader. Enraged by his defeat, Steeljaw escaped with Fracture's mini-cons and soon gave them back the Fracture as Steeljaw led his pack out of the scrapyard. Back at the Decepticon hideout, Steeljaw exploded at his comrades for their incompetence and scares them to leave. The arrival of a mysterious entity (the show's main antagonist) snapped him out of his funk. The entity informs Steeljaw that he was responsible for the Alchemor's crash and enabled Steeljaw and the other Decepticon prisoners to escape to serve him. Despite threats of violence, Steeljaw was not intimidated by the entity and refused to serve him. But when the entity offered to give him the control of Earth in exchange for his services, Steeljaw finally agreed to build him his gateway. The entity then disappeared.

In *Battlegrounds, Part 1*, Steeljaw and his gang followed under the entity's instructions in gathering various supplies to build a gateway. Steejaw was most impressed when his team not only gathered the required items but also brought Sideswipe and Strongarm, who were unconscious, as captives. Steeljaw sees this as an opportunity to send Fracture to go to the scrapyard to free the other Decepticon prisoners while the Autobots were in search of their friends, leaving Fixit alone with the humans. Steeljaw is contacted again by the entity to check on their progress on the construction of the gateway. He ordered Steeljaw to begin the construction even with Steeljaw wanting to have his army at that exact moment. The entity makes an example of his powers on Clampdown by making him grab his left arm and squeeze it for Steeljaw and the other Decepticons to witness. While Thunderhoof was entertained by Clampdown's ordeal, Steeljaw ordered the entity to stop as he agreed with the entity's demands. The entity also explains that they will need a place where the energy of the gateway can ensure the entity's arrival and demands that they pick another place, other than the abandoned steel mill. While on their way to build the gateway, the intercepted and captured Windblade as well. During their progress, they built the gateway and a Spark-fuser, which the entity demanded Steeljaw finished up with their progress. Steeljaw, enraged by the entity's impatience, vowed to personally ensure the entity received his termination by Steeljaw's hand. Steeljaw was left to finish the construction of the gateway while his pack was busy delaying the Autobots. At the moment the gateway opened, Optimus Prime appeared to destroy the device even as Steeljaw attempted to prevent him. However, as Optimus destroyed the gateway, the Autobots and Decepticons were blasted away by the explosion, only for the entity to come out of it, revealing himself as Megatronus.

In *Battlegrounds, Part 2*, Steeljaw and his gang regained themselves and stopped the Autobots for Megatronus, but when Steeljaw asked when he would take possession of Earth, Megatronus revealed he hadn't been entirely truthful with him. Revealing that he intended to use the spark-fuser to harness Unicron's anti-spark from Earth's core and summon the AllSpark from Cybertron and merge them, which can destroy both planets, Steeljaw realized he and his pack had been lied to by Megatronus. In his rage, Steeljaw attacked Megatronus, which he was tossed to the side and ordered his pack to help him. With his pack fighting the Autobots, Steeljaw was left to fight Megatronus. He told Megatronus that all he wanted was a place for Decepticons to call home and a place where he could rule. Megatronus sarcastically apologized for Steeljaw's lost dream and used his telekinetic powers to hurl Steeljaw away in a distance. In the aftermath of the battle, Steeljaw's pack was captured by the Autobots and placed in stasis pods while Steeljaw himself still remained at large.

Season 2

In *Metal Meltdown*, Steeljaw found Kickback collecting junk. Kickback recognizes Steeljaw as the guy who used him for bait to lure the Autobots. Steeljaw attempts to make an apology and offer Kickback to join him in his pursuit of building a new and better team. Kickback declines Steeljaw's offer as he states he already joined a team, which left Steeljaw intrigued. Kickback kicks Steeljaw to the side while he escaped, though Steeljaw managed to catch up to him. Steeljaw tracks Kickback to a swamp and discovers the back end of the Alchemor being used a base. As he followed Kickback inside, Steeljaw introduces himself to his fellow Decepticons Scorponok and Glowstrike.

In *Misdirection*, promising his new friends some "elite warriors", Steeljaw directed Scorponok to a disused drive in before leaving a trail of Energon from there to the scrapyard. Feigning an injury, he was taken into the scrapyard and sealed in a stasis pod, which he was able to escape courtesy to a subsonic device that he hidden. He sealed Fixit and the Autobots' human allies in a force field and freed a bunch of the prisoners. Thunderhoof had doubt of trusting Steeljaw again due to Steeljaw's last set of failures. Steeljaw revealed his new alliance with a group of Decepticons and gave them coordinates to the location just before Strongarm arrived. Though he attempted to obtain some weapons to go back with, he engaged Strongarm when she came and was bested by her in combat. He was also impressed when Strongarm took his subsonic device that controlled shrinking the force field that Fixit, Denny, and Russel were in. He escaped and was later able to present the Decepticons he'd rescued to Glowstrike. Glowstrike and Saberhorn congratulated Steeljaw as they also pointed out on Scorponok's "betrayal".

In *Portals*, taking advantage of a growing ideological rift among the Decepticons, Steeljaw gathered his team on the roof of the ship, where he mused about the possibility of staging a coup and overthrowing Glowstrike. He was interrupted by the return of Glowstrike and Saberhorn, who were pleased with his performance. Rather than having to take the position through force, he was promoted to sub-commander of the Decepticon forces. To prove his loyalty to the cause, he savagely attacked a Sharkticon whom Glowstrike had accused of treachery. That job done, Steeljaw joined the other two Decepticon commanders, who were hoping to gain access to the ship's armory, particularly a pair of Decepticon Hunters.

In *Decepticon Island (Part 1)*, after he summoned Saberhorn and Glowstrike, Steeljaw found a way to access the armory and took possession of the two Decepticon Hunters. Although his allies were pleased by he opened the armory, Saberhorn asked for Steeljaw to give them the weapons but Steeljaw immediately took advantage of the Decepticon Hunters, using them to overthrow Saberhorn and Glowstrike as he also siezed control of the ship and its inhabitants. When Bumblebee's Autobots broke into the ship, Steeljaw had his new Decepticon army surround the Autobots. He walked behind Saberhorn and Glowstrike as he presented himself to Bumblebee's team with both of the Decepticon Hunters. He advised them to not consider fighting as it would be very unlikely to succeed and grandly welcomes them to the first settlement of his new Decepticon empire.

In *Decepticon Island (Part 2)*, Steeljaw paraded his prisoners out in front of the Autobots as proof of his victory, disarming Glowstrike using a Decepticon Hunter. The Autobots managed to make a break for it, but Bumblebee left his Decepticon Hunter behind in the escape when Steeljaw blasted him and Drift, which angered Steeljaw to order his fellow Decepticons to get the Autobots. When Glowstrike attempted to take back command over the island with Bumblebee's Decepticon Hunter, Steeljaw blasted Saberhorn and Glowstrike which he also obtained Bumblebee'sDecepticon Hunter. Steeljaw managed to intercept Bumblebee and Optimus Prime at the ship's ventilation hub, where he proudly displayed all three of his new weapons before using them to power himself up. Bumblebee and Optimus struggled with Steeljaw as Optimus tripped Steeljaw and then attempted to strike at him but the armor prevented any damage on Steeljaw. Steeljaw evilly laughed while he stated the armor was more than a fashion statement before he blasted Optimus with a force beam and knocked Bumblebee to the side when the Autobot attempted to fight back. Steeljaw was about finish Bumblebee off until a swarm of escaped Mini-Cons who were commanded by Fixit stormed the room, occupying the Decepticon leader long enough for Bumblebee to finish arming the cryo-gas. As Toolbox joined the other Mini-Cons, Steeljaw knocked them out of the way as he headed towards Bumblebee. Optimus kicks Steeljaw from attacking Bumblebee as the Autobot successfully sets the stasis bomb. With the aid of the Mini-Cons, Bumblebee and Optimus held Steeljaw long enough for the Mini-Cons to zap his hand with their system probes which got him to let go of his weapon, thus reverting him to normal. Bumblebee took advantage of Steeljaw's momentary weakness to activate the Decepticon Hunters. Thus empowered, Bumblebee trapped Steeljaw into the floor before escaping, leaving the would-be Decepticon conqueror to promise it wasn't over and that he will tear Bumblebee to bits. With no way of escaping the stasis bomb's detonation, Steeljaw howled in rage at his failure as he was placed back in stasis along with the other Decepticons on the island.

Season 3

Unbeknownst to the Autobots, the Decepticons that had coopted and taken over the High Council had ulterior motives for the prisoners that the Autobots brought to Cybertron. Hoping to summon Megatron so that he could restart the war and conquer Cybertron once more, Cyclonus and his underlings arranged for the release of Steeljaw and a small group of other Decepticons - Quillfire, Clampdown, Underbite, and Thunderhoof. These five Decepticons were offered full pardons and sent back to Earth to eliminate Bumblebee's team of Autobots. They return to Earth in *Exiles* and spend the next few episodes trying to capture the Bee Team. During this period, Steeljaw is tasked by Soundwave to gather a source of radioactive material. He does so in *Prisoner Principles*, though he prefers meeting the 'Con in person, which he does in *Collateral Damage* .

Using the stolen Decepticon Hunters, Soundwave was able to escape the Shadowzone and began working on his ultimate plan to contact Megatron: using the radioactive fuel sources Steeljaw acquired, he constructed a trans-galactic beacon generator that would contact Megatron at the cost of irradiating all life on Earth. Furious at the thought of losing the world he planned to rule, Steeljaw attacked Soundwave, but was soundly beaten by the faceless Decepticon and fled. Once Soundwave had been taken to Cybertron by Optimus Prime and once his Pack got locked away into stasis pods once more in *Something He Ate*, Steeljaw became the Autobots' primary target. However, in *Five Fugitives*, Bumblebee and his team had to content to Strongarm's mentor Dropforge, leaving only Bulkhead to deal with Steeljaw. Despite escaping from the Autobots, he eventually discovered that the High Council was planning to invade Earth, which would surely get in the way of his plans for the planet.

In *Enemy of my Enemy*, Steeljaw stows away on *Prime Force One* and offers a truce to the Bee Team, to which they reluctantly accept when he saves them from the High Councils forces as they arrive at their home planet. On reaching Cybertron, Steeljaw once again offers his assistance, acknowledging that they would need his knowledge to breach the Council tower's sonic defenses. With no other options left, Bumblebee reluctantly brought Steeljaw along during their trip through Kaon. The ruse quickly went south when the Council's police found them out.

In *Freedom Fighters*, Steeljaw and the Bee Team are rescued and escorted to the Council by Dropforge. On reaching the High Council Tower, Steeljaw deactivates the shielding systems, but somehow vanishes when the Autobots confronted Cyclonus and his armada, even when the two teams battled in their combined forms of Ultra Bee and Galvatronus. When Fixit locates the mind control transmitters that are responsible for keeping the population of Cybertron docile and easily manipulated, Steeljaw smashes the console, telling Fixit that this was his revenge against the Council that had betrayed him - and that Earth could once again be his for the taking, before departing. Indeed, even after Cyclonus had fallen thanks to Cyberwarp turning on him and the Autobots returned to the scrapyard, their arguing is interrupted by one of Steeljaw's howls. Realizing that their old foe had followed them back to Earth to make trouble, the Autobots rolled out to stop him.

---

They found Steeljaw and he was stealing Energon Cubes.

Aligned Steeljaw: Ah, Bumblebee. Funny how we keep running into each other.

Aligned Sideswipe: Have you seriously been spending all this time gathering Energon Cubes? What is going on with your life? Do you need to sit down and talk to someone?

Aligned Steeljaw: Very funny. (sees Nico) I haven't seen you before. Do your parents know you're playing hooky from school?

Nico: For your information Wolf Boy, I help the Autobots like I do with my friends. So we can do this the easy way or the hard way. The Easy Way: You give the Energon Cubes back and we capture you or the Hard Way: We blow you to pieces and take the energon cubes back by force and mail you back to Cybertron in a crate. So what's it gonna be?

Aligned Steeljaw: How about option three? RUN!

He transformed and drove fast.

Aligned Bumblebee: After him!

They went after him! Nico caught up with Steeljaw.

Nico: It's over, Steeljaw. Just be glad J.D. isn't here. Just come quietly and-

Just then, Nico saw some boulders rolling down the cliff towards a bus full of kids.

Nico: An Avalanche!

Strongarm: Scrap! Those boulders are headed towards those kids!

Aligned Steeljaw: (to Nico) You may not be like most heroes. But you share the same weakness as all of them. You can't bear to let innocent people get hurt. So while you're busy saving everyone down there, I'm gonna be busy saving myself.

With that, Aligned Steeljaw transformed and drove away.

Nico was about to fly after him but he flew after The School Bus and picked it up and carried it all out of harms way as the rocks came tumbling down the cliff.

Nico: WHEW! That was a close one!

Nico carried the bus back away from the rockslide and put it on the street and the kids cheered for both him and the Transformers.

Nico: You're welcome kids!

Nico came back to the Transformers sad.

Nico: Sorry I let Steeljaw get away, guys.

Aligned Optimus: Nico, Steeljaw may be out of our reach for the moment. But you still saved those children. That alone counts as a victory.

Aligned Bumblebee: Don't let Steeljaw escaping get to you. We'll have another chance to throw him in a Stasis Pod in the future.

Nico: I suppose so. But we'll be ready for him when the time comes.

Aligned Bulkhead: Look, Nico. We know how you feel. When the War was still going, Megatron and his forces managed to track down where our base, Autobot Outpost Omega One, was. Then they managed to destroy it. But even though we were seperated after that, we managed to reunite and strike back against Megatron and his goons.

Aligned Arcee: What Bulkhead means is that sometimes, there will be battles you can't win. But the important thing is to learn from those losses and do better next time.

Nico: You're right. I understand what you mean about that. That is a good form of advice. Even though my friends in Team Loud Phoenix Storm always win the battles and always win the biggest wars, we can always learn from our battles and not let the same villains repeat their actions when we face them again in the future.

Aligned Arcee: That's correct.

Nico: All right!

Later Nico went back.

William: Why do I get the feeling that Nico's fighting a villain from that world?

Me: I got that same feeling too William.

The Portal opened and Nico came back.

Nico: Hey guys. I'm back.

Me: How was your time in the Aligned Transformers Universe?

Nico: It was fun but we lost Steeljaw because of a rockslide that was about to crush some kids. I saved all those kids as they were about to be crushed. Steeljaw got away.

Me: Well you'll get him next time. The important thing is that all those kids are safe. You made the right call.

Later we told everyone that knew about Nico going to the world of the Aligned Transformers about what happened.

May: Let me get this straight. The Steeljaw from that universe got away from you?

Nico: It was either that or let those kids get hurt. But I learned an important lesson from that.

Maria: What would that be?

Nico: You win some, you lose some. Steeljaw got away from me. But that's not the end of the world. It just means I have to learn from that battle and improve on the mistakes I made. (to Nico) I know you have an issue with that because we always win here on this world. But I think that's a good lesson to learn.

Me: It is a good lesson. I agree. Even though Team Loud Phoenix Storm has always emerged victorious every time, we can learn from battles that have taken place in many universes that were lost and learn not to make those mistakes here.

Nico: That's an interesting way to put it. Not what I had in mind but it fits.

Me: But Nico you made the right call in saving those kids from that rockslide. I'm proud of you man.

Nico: Thanks man.

Me: Oh time for school. Lets get ready everyone!

We got ready and had breakfast and we went to wait for the bus.

Killer Frost: Don't see why we can't just fly to school.

Me: I know but the School Bus is the reason why we have to go to school. Also we have a huge test today. It's a big Trigonometry Test. Lisa and Dexter have been helping me study for it.

Lincoln: That's amazing.

Me: Yeah I'm not really good at this kind of stuff but it's really good that Lisa and Dexter are helping me out.

Dexter: I'm glad J.D.

The Bus came and we got on.

Douglas: Force field. Force field. Force field. Force field.

Dexter: Hello Douglas.

Douglas: I saved your usual seat for you and Lisa in the forward right quadrant old buddy.

Dexter: Thanks old buddy.

They got on the seat.

In the seat was Dexter's friend Douglas E. Mordecai III. They have known each other for a long time.

We were off to school.

Dexter then got hit with a paper airplane and spitballs in his glasses.

Rosty: Hey? What's going on there?

Me: Uh oh.

Becky (Dexter's Lab): Nice hat geek.

Dexter: Har har! Sticks and stones.

Becky then swiped Dexter's back pack.

Becky (Dexter's Lab): Look Gwen, Dexter has a purse!

I grabbed it from her.

Me: I'll take that you delinquent!

Becky (Dexter's Lab): HEY! Give it back!

Me: NO! This is Dexter's backpack! Who do you two think you are? Dexter is younger than you and you have no right to pick on him! Also he needs all this for a trig test we're taking today.

Gwen (Dexter's Lab): Hey Becky, don't you have that test today too?

Becky (Dexter's Lab): Why yes. I believe I do.

Gwen (Dexter's Lab): Well then you'll need a (Takes a pencil from Dexter's coat pocket) Number 2 Pencil!

Dexter was mad!

Dexter: Return that instrument it belongs to me!

Gwen (Dexter's Lab): Oh yeah!? Then come and get it shrimp!

Dexter: Gladly!

Dexter kicked Gwen and then the pencil went flying into the back of the bus and it landed on the floor close to the very edge of a pitch black tunnel at the very back of the bus! It looked like going into a mouth from Hell!

Me: (GULP)

Eli: Look how dark it is back there.

Arrietty: Yeah I don't like it.

Douglas: Just let it go Dexter. Maybe you can use a pen?

Me: We better go get it. Come on Lisa, Dexter.

Me, Lisa and Dexter were walking to the back of the bus and everyone thought we were crazy.

Dee Dee: Don't do it guys! It's not worth it! It's too close to the darkness.

G1 Venom: Guys, don't make a move until the school bus gets there. Me and Blur got this.

Dexter: This is ridiculous! I am not scared of some silly old superstition! Me and Lisa are masters of science! This is Bogus!

Me: I don't think this is a superstition Dexter. I think this might be something out of an Urban Legend.

Hans: (German Accent) Oh yes. It's true. (Eats a twinkie) I'll tell you just vhat happened. Little Billy Bloomberg was just horsing about und eating cookies. Mmm. Then bus hit a bump und Billy schpilled his hot cocoa. Mmm. Driver panicked und almost hit ice cream truck. Mmm. Angry driver send Billy to back of bus. Und Billy, his scream echoed with sound of angry monster.

Everything that happened in Hans' version of the story took place. A monster laughed malevolently as Billy screamed and a bone came out from the darkness.

Me: So this is some kind of legend about a kid named Billy Bloomberg that went to the back of the bus and was never heard from again.

Arach: That's right but that's not what happened to Billy.

Arach was a goth girl with a Black Widow dress.

Arach: My mom knew Billy and I know what REALLY happened.

Me: What was your version of it Arach?

Arach: Little Billy was a mean kid. Once he saw a cute spider and he smooshed it. With the spiders last breath he called for help. Thousands of tiny spiders came from nowhere and wrapped him in a web and dragged him off to the back of the bus to lay him before the giant spider queen.

Billy screams!

The version of Arach's story was what she heard.

Douglas: Hey this fabrication is totally unsubstantiated. I'll fill you in on the real incident.

Me: What happened in your version Douglas?

Douglas: There he was in the back of the bus, minding his own business when an Interdimensional Time Lord opened a hole in the Space-Time Continuum.

Time Lord: Hi. (Growls)

Douglas: Little Billy held on to his seat as long as he could. But a bipolar tachyon vortex sucked him into a time egg.

He got sucked into it and screamed.

Me: WHOA!

Dexter: Oh please! This is all just a legend! None of this is proven. A simple scientific investigation will solve this.

We heard a growl and then we saw a clawed hand take the pencil in.

Me: (GULP) This is it guys! We're going in. Nico if we don't make it back, you have full command and leadership of the team.

Nico: Good luck guys.

We went in.

We were in the pitch black darkness and we were crawling through a really sticky web of slime that was all over the back of the bus and there were numerous school supplies in it.

Dexter: Dexter's log, various school supplies seem to be cocooned in this strange sticky pink goo.

Me: What is this slime?

I looked at it and smelled it.

Me: (Sniffs) It's chewing gum. You'd have to have like a million wads of chewed up gum for this kind of mess.

Then we felt a thump and we fell down and landed and then we saw a horrifying monster snarling and roaring at us with malevolent glowing yellow eyes!

We screamed!

But the monster then gave us back our flashlight.

Man: Here you dropped this.

Me: Oh thanks.

We then saw a big man laying on the seat and he had brown hair and a beard and mustache and his clothes were too small for him and he had one shoe on and he had glasses.

Billy Bloomberg: Hey there youngsters. Name's Bill.

Me: You must be Little Billy Bloomberg.

Billy Bloomberg: Well that's right guys. Course no one calls me little no more.

Dexter: Wha… What are you doing back here?

Billy Bloomberg: Ho ho. Heck that happened way back when I was about your age. Oh I just fell asleep with my chewing gum in my mouth. It fell out and stuck my hair to the chair. I struggled to get free and my shoe flew off and I broke the light. Of course the more I struggled, the more I got stuck. And I've been here for 30 years.

Me: Wow that's crazy! You've been stuck in here since 1991!

Billy Bloomberg: Yep.

Lisa Loud: That is most amazing.

Dexter: And how have you been surviving all these years?

Billy Bloomberg: Well I guess that I was pretty lucky that my show flew off. Because then my toenails could grow out. And when scraps of food would roll to the back I could rake them in. I tell you, you kids eat the worst junk.

He raked in a donut with his foot.

Billy Bloomberg: (Eats it) Mmm. Chocolate.

Me: Wow. But don't worry we'll have you out of here in a jiffy.

I formed a laser from my finger and we cut Billy free.

Billy Bloomberg: Oh yeah. Feels good. Oh I don't know how I can ever repay you.

Becky: What do you want from us?!

Blur: Give us all your money. Now.

Nico: Wait look!

We came out with a big giant.

Dexter: Guys I'd like you to meet Little Billy.

Little Billy: Hey kiddos!

Everyone was amazed.

Nico: Wow! What happened in there?

Me: Interesting story. He fell asleep while chewing his gum and it fell out and he got stuck. He was stuck there for over 30 years.

Nico: WHOA! That's crazy!

Eli: It sure is! Wow! Billy thank goodness you're all right.

Me: Yeah we were stunned ourselves.

Lisa Loud: It was amazing.

Billy Bloomberg: Thanks guys.

We had a nice talk with Billy and told him everything that has been happening since Billy was last seen and it was amazing.

* * *

Later after a rather awesome and interesting day at school we were getting ready for our next mission.

Sea Clamp: By the way, J.D.? It's your turn to lead today.

Me: Yep I know. Man that was a weird bus trip to school. But I got just the mission for us. First we're gonna watch Castle in The Sky.

I pulled out the case for said movie.

Nico: That's one of my favorites!

Eli: Mine too! We're gonna see the floating city Laputa.

Me: Yep.

Arrietty: That is gonna be interesting.

Fluttershy: I wonder what we'll see there.

Me: It will be interesting.

Nico: How did you do on your test J.D.?

Me: I got an A+! I thought I was gonna fail and Trigonometry is one of the toughest subjects in math.

Eli: I got an A-. That's still good.

We were getting ready.

Multiplex: Can me, Carmen Dillo, Brain Freezer, Griffin, Onyx, Mysterio, Merman, Duff Killigan, Red Ghost and Bizarro go with you guys?

Me: You all sure can. We're all going to the world of Castle in The Sky.

Carmen Dillo: AWESOME! That's one of my all time favorite movies from when I was a child.

Brain Freezer: That's one of my favorites too.

We got to watching it.

An airship carrying Sheeta, a young orphan girl who has been abducted by government agent Muska, is attacked by Captain Dola and her air pirate sons who are in search of Sheeta's small blue crystal pendant. In the resulting struggle, Sheeta falls from the airship but her descent is slowed by a mysterious power within the amulet. She safely lands in a small mining town where she is discovered by a brave young orphan boy named Pazu, who takes her to his home to recover. Pazu tells her of a mysterious floating city named Laputa which is visible in a picture taken by his father. Later, they are pursued by Dola's pirates, and then by Muska's soldiers. Eventually, the two fall into an abandoned mine, where they encounter the local eccentric Uncle Pomme, who informs them that Sheeta's amulet is made of hikōseki (飛行石, "levitation stone") crystal ("Volucite" or "Aetherium" in English-language releases), a material used to keep Laputa and the other flying cities aloft.

Upon leaving the mines, Sheeta tells Pazu that her full name is Lucita Toel Ul Laputa. They are then captured by Muska and taken to the fortress of Tedis, where Pazu is imprisoned in a dungeon tower while Sheeta is imprisoned in a more lavish room. Muska shows Sheeta a dormant Laputan robot and reveals his knowledge of her secret name, which he interprets to be that of the Laputan royal line. Muska then threatens Pazu's life to obtain Sheeta's cooperation. For his own safety, Sheeta orders Pazu to leave and Muska offers him money to leave and forget about Laputa.

A distraught Pazu returns home, where he is ambushed by Dola and her sons. After hearing Pazu out, they prepare to intercept and capture the crystal, allowing Pazu to join them. As preparations proceed, Sheeta recites an apotropaic verse and unexpectedly activates the amulet and the robot, which follows Sheeta, destroying the fortress along the way until it is overcome by the military's airship Goliath. Pazu arrives and rescues Sheeta, but Muska obtains the amulet. The pirates, accompanied by Pazu and Sheeta, return to their airship, Tiger Moth. They pursue the Goliath, which is following directions indicated by Sheeta's amulet to locate Laputa. Dola puts Pazu to work with her husband in the engine room, while Sheeta becomes the ship's cook. That night, joining Pazu on lookout duty, Sheeta reveals that her grandmother taught her many spells as a child, including a Spell of Destruction.

During an encounter with the Goliath, Dola tells Pazu and Sheeta how to turn the lookout into a kite, allowing them a higher view of their surroundings. The Tiger Moth soon approaches a hurricane, in which Pazu spots a swirl of clouds. Recognizing the clouds from his father's picture, he tells Dola they have found Laputa and insists they must head toward the eye of the storm. However, the Goliath appears and opens fire on the Tiger Moth, sending it crashing down in flames. A gunshot severs the cable connecting the lookout kite to the ship, sending Pazu and Sheeta drifting off into the clouds. They land on Laputa, only to find the city ruined and overgrown, inhabited only by birds and its robot sentinels.

Dola's pirates are captured and Muska's soldiers plunder the city's treasures. Upon gaining entrance to the city's central sphere, a vast repository for all of Laputa's scientific knowledge, Muska captures Sheeta and his agents open fire upon Pazu, who escapes and frees the pirates before finding a way into the sphere. In the center of Laputa, which contains the immense 'volucite' crystal keeping the city aloft, Muska identifies himself as "Romuska Palo Ul Laputa", another member of Laputa's royal line, and uses Sheeta's crystal to access the advanced Laputan technology. He betrays his own soldiers and destroys the Goliath by unleashing Laputa's weapon of mass destruction and robot army, while declaring his intent to use both to conquer the world. During the mayhem, the horrified Sheeta retrieves the crystal amulet and flees, but Muska pursues her. Hearing Pazu's voice, Sheeta gives the amulet to him through a gap in the wall and is cornered by Muska in Laputa's throne room.

During her confrontation with Muska, Sheeta explains that the people of Laputa left the castle because they realized that man was meant to live on earth and not in the sky. Muska refuses her arguments, shoots off her braids and threatens to kill her unless the crystal amulet is given to him. Pazu requests to be allowed to talk with Sheeta; Muska grants them one minute (three in the original Japanese version). At his request, Sheeta tells Pazu the Spell of Destruction, and they both recite the spell, causing the castle to disintegrate and blinding Muska, who then falls to his death offscreen. After surviving the collapse, Pazu and Sheeta reunite with Dola and her pirates and leave Laputa behind. When they part with the pirates, Pazu flies Sheeta home as he had promised her, to start a new life together.

During the end credits, the remnants of Laputa float into outer space, maintained by the volucite crystal embedded in the roots of the central tree.

We saw a most amazing adventure and it was awesome!

When it was done we cheered wildly!

Nico: Oh that is so awesome! And I can tell that Pazu and Sheeta love each other.

Me: Me too. But that Dola is an amazing pirate.

Eli: But thank goodness she redeems herself in the end.

Arrietty: That is a good thing.

Me: Looks like this is gonna be a battle in the sky in the 19th Century. Lets get the TLPS Phoenix Maelstrom ready. Good thing it can go in the water and in the air.

Troy Burrows: And we'll get the Skyship Zord ready.

Me: Lets go!

We got the ship ready and we loaded it up and then we were off to the 19th Century.

## 19TH CENTURY WALES

We arrived in Wales in the 19th Century.

Me: Here we are guys. 19th Century Wales.

Smoke Scream: The sky is so beautiful here!

Me: It sure is. Steady as she goes Jared.

Jared: Aye aye captain.

May: Hey something is going on down there in that town!

We saw a fight break out and then we saw two kids running from some pirates.

Me: That's Pazu and Sheeta! Engage incept!

Jared: Aye aye captain!

We got the ship close to the railroad and the kids were on the train.

Me: Pazu! Sheeta! Grab my hand! Hurry!

They did so and got on board the ship.

Lana: Fire energy ball at the pirates?

Me: Fire!

Lana fired an energy ball from a cannon at Dola's car and blew it apart in a fiery explosion!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Me: BULLSEYE!

We flew off into the sky.

Me: YEAH! Set course for Laputa.

Jared: Aye aye captain!

Sheeta: Wow! Pazu you were amazing.

Pazu: Same to you. (To us) Thank you guys.

Me: No problem.

Pazu: Wow! You're all Team Loud Phoenix Storm! It's an honor!

Me: Pleasure to meet you both.

Merman: It's really nice to meet you both.

Sheeta: Same to you. Thank you all for saving us back there.

Nico: You're welcome.

Sheeta: I have a feeling that we're not out of this yet.

Arrietty: Who was that? That woman chasing you?

Pazu: That was Dola. She's a pirate.

Me: What can you tell us about her?

Pazu: We don't know much about her.

Me: Hmm lets see.

I pulled up her information.

Captain Dola is a major antagonist-turned-the tritagonist in the movie Castle in the Sky. She is the leader of her namesake band of thugs called the Dola Gang, which fights against the army.

She is voiced by the late Cloris Leachman in the 1998 English dub.

History

Early in the film viewers find that Dola is a pirate and in search of the crystal that Sheeta owns. At the start, she and her pirates board the airship and attempt to capture Sheeta. Instead, the latter slips and falls off the airship, enabling Pazu to find her floating down.

The next day Dola and the pirates disguise themselves and search for Sheeta; after a wild chase across railroad tracks, Pazu and Sheeta falls into an abandoned mine, saved again by the crystal. Dola is seen again after Pazu returns Tedis Fortress, having been told by Sheeta to "forget about Laputa". Dola then accepts Pazu into her team after he learns that Sheeta just saved his life. After the rescue of Sheeta, Dola and her pirates, along with Sheeta and Pazu, return to the "Tiger Moth" (Dola's airship) and set off for Laputa. In the end the Tiger Moth is demolished, but Dola and her gang somehow manage to loot some of Laputa's treasures just before the castle's artificial black dome is destroyed.

---

Me: Whoa! So they are Pirates that are after Laputa too.

Pazu: Yeah.

Nico: Also Muska is after you two right?

Sheeta: Yes that's right.

Me: What can you tell us about him?

Sheeta told us about him and it was not pretty.

Colonel Muska (real name: Romuska Palo Ur Laputa) is the main antagonist of the 1986 animated Studio Ghibli film Castle in the Sky. He is a government agent who wishes to find and control the lost city of Laputa, in order to take power over it and rule the world. He is also Sheeta's distant relative and Pazu's arch-nemesis.

in the English Disney version he is voiced by Mark Hamill, who also portrayed the Joker and Ferris Boyle in the DC Animated Universe, Tony Zucco in The Batman, Chucky in the 2019 remake of Child's Play, Darth Bane in Star Wars: The Clone Wars, the Skeleton King in Super Robot Monkey Team Hyper Force Go!, Kavaxas in Tales of the Teenage Mutant Ninja Turtles, Hobgoblin in Spider-Man: The Animated Series, Maximus in the Fantastic Four animated series, Ozai in Avatar: The Last Airbender, Trickster in The Flash, Dictatious Maximus Galadrigal in Trollhunters, ShiverJack in Disney's Jake and the Never Land Pirates, Undergrowth in the Danny Phantom series, Agent Goodman in Disney's Recess: School's Out, Popsicles in the 2016 reiteration of The Powerpuff Girls, and Alvin the Treacherous in DreamWorks' How to Train Your Dragon series.

In the Japanese version, he was voiced by Minori Terada, who won a Mainichi Film Award for Best Actor in The Human Bullet.

At the beginning of the film, Muska and his men have kidnapped Sheeta and are holding her captive in an airship. Muska has taken her volucite/aetherium crystal necklace. When Dola and her gang attack the airship in hopes of taking the crystal for themselves, Sheeta takes advantage of the confusion and knocks out Muska by hitting him over the head with a bottle. She then takes the crystal back from him and escapes.

Throughout the film, Muska pursues Sheeta and her crystal, which can show Muska the way to Laputa and allow him to conquer it. Even though Muska is also descended from Laputan royalty, the crystal shocks him when it is activated and he tries to touch it, so he must have Sheeta's cooperation to use it. He then tells Sheeta that they will be alone together for a long time, hinting that he plans to use her to restart the Laputian royal family.

At first, Muska seems to be working for the government in cooperation with its army, but ultimately, he proves that he is only interested in seizing Laputa for himself. When he corners them, Sheeta and Pazu use the crystal and a spell to destroy Laputa rather than let Muska take control of it. The light of Sheeta's crystal, combined with that of the giant volucite/aetherium crystal in the roots of Laputa's giant tree, blinds Muska, and he stumbles away as Laputa begins to fall apart.

When almost all of the human-made structures on Laputa fall into the sea, Muska can be seen falling along with many of the Laputan robots. It can be presumed that Muska was either killed during the destruction of the Laputan ruins or drowned after he fell if the fall itself didn't kill him. Whatever the case, Muska's madness and reign of terror ended with his life.

---

When she was finished we gasped in shock!

Me: Oh great! So Captain Dola isn't the threat. Muska is. He wants to use control the world with Laputa.

Nico: Not good. We have to kill him.

Eli: He's a monster. And I will be the one that delivers the killing blow.

Arrietty: Me too Eli. We won't let him get away with everything he is doing.

Me: Awesome.

Stormy Weather: My weather powers could come in handy here.

Me: They sure will. First lets get you two some food. You must be hungry.

Pazu: Thanks J.D.

We got them a nice meal after having to go through what happened.

Sheeta: Wow thanks J.D.

Me: You're welcome.

I saw the necklace around Sheeta's neck.

Me: That necklace is amazing.

Sheeta: Thank J.D. This necklace has been in my family for generations.

Me: Wow.

---

The crystal necklace is an object owned and used by Sheeta in Laputa: Castle in the Sky. Sheeta's grandmother gave her the necklace and taught her the spells she needed to say in order to use its powers. The pendant of the necklace is a blue crystal made of Aetherium ("Volucite" in the original Japanese and Streamline English versions), a rare element that glows when activated and which possesses certain magical powers. Sheeta's crystal is etched with the symbol of the royal family of Laputa.

Role in the Film

When Sheeta falls from the airship at the beginning of the film, her crystal activates and causes her to float down to the Earth without being harmed. She and Pazu later use the crystal to fall safely from the railway and float down into the mine below.

The crystal can also perform other magical tasks. When Sheeta activates it with a protection spell her grandmother taught her, the crystal awakens a Laputan robot and points the way to Laputa, which is hidden in the clouds above. When Muska tries to touch the crystal while it is active, it shocks him.

In the mine, Uncle Pom shows Sheeta and Pazu how the rocks hold traces of the Aetherium/Volucite element, and Sheeta discovers that her crystal is made of the same material. When Sheeta and Muska reach the core of Laputa, they discover a giant Aetherium/Volucite crystal there which keeps the island floating. Sheeta and Pazu speak a spell of destruction while holding her smaller crystal to prevent Laputa from falling into Muska's hands; both crystals work together to destroy most of the man-made structures on the island. Presumably, the crystal necklace is either destroyed or remains behind when Sheeta and Pazu leave Laputa at the end of the film.

---

Laney: That's incredible.

Nicole: That stone is pure Aetherium and it was made in the mystical city of Laputa.

Pazu: Wow just like my dad said.

Nico: It's amazing.

Duff Killigan: (Scottish Accent) How about you two try some of me Gram Killigan's haggis?

Pazu: What does it taste like?

Ron Stoppable: Sheep's lungs cooked in its own stomach.

Some of us gasped and Lola threw up.

Applejack: I think I'm gonna be sick!

She had her face turn green and she hurled!

Scotsman: (Scottish Accent) It's a very important part of our customs laddies.

Samurai Jack: I've had it before and it was interesting.

Merida: (Scottish Accent) We have it all the time now.

Me: It's actually not that bad. I've had it in Scotland myself a long time ago.

Eli: Yeah it's good.

G1 Chop Shop: (to Sheeta) Why don't you and Pazu tell us about your early lives?

Sheeta: Good idea.

They told us about everything.

Pazu

Pazu is one of the primary protagonists of Castle in the Sky and becomes Sheeta's close friend after she lands in the mining city he lives in. It is implied that he develops romantic feelings for her.

Pazu is an orphan who lives alone in a small hut atop a hill in S*** Ravine. While no mention is made of his mother, his father was an avid aviator who, though no one had believed him, had previously discovered and photographed the floating kingdom of Laputa. After his death, Pazu swore that he would find Laputa and prove his father right.

Late one evening, Pazu discovers Sheeta floating down from the sky. After being unsuccessful in his attempt to tell his boss of her appearance, he takes her home and cares for her until she wakes. The two become fast friends, and he tells her of his plans to finish an ornithopter and set off to find Laputa. It is not long after this, however, that the Dola airpirate gang arrive in S*** Ravine, searching for Sheeta and her mysterious crystal. Pazu helps Sheeta escape the town and her pursuers (both the Dola Gang, and the military, led by Colonel Muska) leading to the pair use the power of the necklace to descend into an abandoned mine. There, Sheeta explains where she's from and how she was kidnapped by the military, and Pazu promises to stay by her side. They come across Uncle Pom, who tells the pair of a long-lost element known as Aetherium, which Sheeta's crystal is fashioned from, bringing about the revelation that Laputa must indeed exist as they were the only ones who knew how to make such crystals.

Upon leaving the mine, Pazu and Sheeta are captured by the military and separated, with Pazu being locked away in a tower cell at Tedus Fort. He is set free, however, when Sheeta makes a deal with the military to stay and help find Laputa in exchange for his release. Hurt by her decision, Pazu returns home, only to discover that Dola's gang have taken over his home as a temporary base. After Dola points out that Sheeta likely saved his life by sending him away, Pazu asks to join them to rescue her, vowing to protect her properly this time. Dola accepts this, and the group heads for Tedus. Once there, however, they discover it in flames, and Sheeta clinging to a Laputian robot atop one of the towers. Pazu and Dola manage to rescue her, and he asks if they can continue to sail with the gang until they find Laputa.

Dola agrees, and Pazu is set to work aboard the Tiger Moth, assisting Motro in the airship's engine room. Later that night, Sheeta joins him on his watch in the ship's crow's nest, and the two have a heartfelt conversation about their situation and their duty to keep Laputa's power from falling into the wrong hands, during which he promises that, once it's over, he'll return with her to her home in Gondoa. This conversation is cut short when the ship is discovered by Air Destroyer Goliath and Sheeta and Pazu, having turned the crow's nest into a kite in order to track the military ship, are separated from the pirates and pulled into a storm.

The pair survive and awaken to discover that they've landed on Laputa. However, shortly after the Goliath docks with the kingdom and Pazu and Sheeta discover that the military has taken the pirates hostage. In their attempt to rescue them, Sheeta is recaptured and Pazu is nearly shot. He evades the military and sets Dola and her gang free, taking Dola's canon with him as he goes after Sheeta. After a harrowing climb, Pazu manages to find his way into the Laputian underground where Sheeta was taken, and discovers her being pursued by Muska. Separated by a wall, Sheeta hands him her crystal and desperately instructs him to throw it into the ocean. Pazu is once again almost shot, the bullet destroying his aviator goggles. He blasts through the wall and goes after Sheeta, who he finds cornered by Muska in the Laputian throne room. Pazu bluffs that he has hidden the stone and that Muska will never get it back if he harms Sheeta. Muska relents and gives the pair one minute to talk. Pazu uses this time to instruct Sheeta to tell him one of the spells she knows - the Spell of Destruction - so that they can destroy Laputa, and reassures her that Dola and her pirates are free. Together, they recite the spell and destroy the lower section of Laputa, so as not to let it fall into Muska's hands.

Sheeta

Sheeta (シータ, Shīta), born Lusheeta Toel Ul Laputa (リュシータ・トエル・ウル・ラピュタ, Ryushīta Toeru Uru Rapyuta, 'Toel' meaning 'True' and 'Ul' meaning 'Ruler' in Laputian) is one of the main characters in the film, Castle in the Sky.

Sheeta is a 13-year old orphan who lived alone in a farm. She is actually of royal descent; once belonging to the long forgotten kingdom of Laputa. She possesses an Aetherium crystal, an heirloom coveted by the Dola gang, Colonel Muska, and the military. Muska manages to capture her, taking her aboard a civilian passenger airship called the Saturn. Dola and her gang mount a daring sneak attack, hoping to take the crystal for themselves. During the raid, Sheeta accidentally falls off the airship.

As Sheeta plummets to her doom, the Aetherium crystal reacts, slowing her descent towards S*** Ravine. She is saved by a bright young orphan named Pazu. They become fast friends and are soon in pursuit by Dola and Muska's military henchmen. Pazu and Sheeta are eventually re-captured, and taken to the costal military fortification of Tedus. Pazu is freed after Sheeta reluctantly agrees to help Muska, revealing herself to be a princess of Laputa. As Pazu returns to his home, he meets up with Dola's gang and convinces them to rescue her. As they race back towards the fortress, Sheeta manages to unlock the power of the crystal and escapes with the help of a Laputian robot.

Together, Pazu and Sheeta join Dola's quest in search of Laputa. While traveling there, Sheeta is given a new outfit and put to work in the kitchen. While working the other crew members want to help her. That night, while Patzu is on duty, Sheeta comes up to see him and they confess their love to each other as well as agreeing to go back to Sheeta's home afterwards. During this, Goliath is right under the ship and attacks. The pair manage to escape following an attack by the military air-destroyer Goliath, and somehow end up landing safety on Laputa. However, Sheeta is soon recaptured by Muska and she learns that he is also a descendant of Laputian royalty, making them distant relatives. Sheeta manages to retrieve her crystal and escape Muska, who pursues her through the Laputian underground. Sheeta passes the crystal to Pazu with instructions to throw it into the ocean before Muska corners her in the throne room, where she declares that they shall die together as he will never possess the crystal and he doesn't deserve the throne. Muska shoots off Sheeta's braids and threatens to kill her unless she returns the crystal, but Pazu arrives and demands to talk with Sheeta in exchange for the crystal. Together, they destroy the lower section of Laputa with the Spell of Destruction, so as not to let it fall into Muska's hands. After seeing the Dola Gang once more, she and Patzu fly off to Sheeta's home.

---

When they were done we were amazed but sad that they lost their parents and were on their own ever since.

Me: Oh man we're sorry you lost your parents. That is awful.

Eli: Yeah no kidding.

Onyx: You two are very brave to survive on your own.

Me: I agree.

Pazu: Thanks guys.

Sheeta: Eli, do you have some kind of personal vendetta against Muska?

Eli: What makes you say that?

Sheeta: I can see it in your eyes that you have a grudge against him for some reason.

Eli: (Sighs) You're right I do have a grudge against him. The reason is because he tried to hurt J.D. I saw the absolute burning lust for power in his eyes and his hatred is so incredibly intense that it defies all forms of comprehension. He wants to use Laputa to destroy the world with enough power to everything.

Nico: Whoa. That's terrible.

Me: Then we have to destroy Laputa.

Nico: Yeah.

G1 Icepick: Wait. When did Muska try to kill J.D.? We just got here.

Eli: It was actually in my universe long before we merged with this one and the Crusaders of The Thunderbird were formed.

Nico: Oh that makes sense.

Me: Muska will pay for his crimes.

J.D. 3: Yes he sure will.

Me: We will never let him get away with everything he did.

Laney: Captain! Muska's Ship, Goliath off the Starboard bow!

Me: Prepare ship Superlaser to fire.

Bizarro: Bizarro give Muska big hug!

Maria: (laughs) I can't wait to know what you really mean by that!

Me: FIRE!

Fu: Right!

The Superlaser fired an intense Blue Beam and it hit the ship and the whole thing exploded into a massive fiery explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: BULLSEYE!

Me: Bingo! Good shot Fu!

Fu: Thanks J.D.

Pazu: Look there!

We saw a huge cloud bank.

Pazu: That's where the Laputa is at!

Me: Take us into those clouds Jared!

Jared: Aye aye captain!

We went into the cloudbank.

But little did we know that Muska and his men were going after us.

Ren Krawler: Linehalt, how about you go out there and give us a hand?

Linehalt: Anytime you're ready, Ren!

Me: Hold on tight everyone! We're going in!

We breached the Cloudbank and there was a powerful energy barrier and we breached it and we arrived in the eye of the storm and we saw that we were in front of the amazing floating castle LAPUTA!

---

Laputa is the setting of the latter part of Castle in the Sky. As the name of the film suggests, Laputa is an immense castle floating on an island in the sky. The opening credits showcase the development of the technology by which this is possible.

The film's protagonist, Pazu, has a photograph his father took when he glimpsed the almost mythical place. Because his father died still trying to prove Laputa's existence, Pazu dreams of finding it and proving his father right. Along with Sheeta, a young girl who is the rightful heir to the throne of Laputa, Pazu eventually succeeds in his goal. However, thanks to the pursuit of Captain Dola and her gang of air pirates, and government agent Colonel Muska, and the subsequent events that take place there, much of the structure of Laputa is destroyed. The remaining, natural part of the island floats away to drift over the Earth undisturbed.

Laputa was once the heart of a very advanced civilization which utilized the power of a giant crystal of the element Aetherium ("Volucite" in the original Japanese and Streamline English dub) located within the island. In addition to making the entire island float, the crystal gave the Laputians the technology to create sophisticated robots and weapons. However, eventually the Laputians chose to leave the island; Sheeta speculates they came to realize the importance of maintaining their connection to the Earth below.

The Kingdom of Laputariches, or "Laputa", was built when a great technological civilization over 700 years ago (the one in the story's present-time is the second, as depicted by the film's opening) thrived, by a people who fled to the sky out of hatred for the wars of the Earth. In this time, Laputa was a pinnacle of the civilization's technology, dominating the skies in a hegemony of other aerial kingdoms. Unlike these other kingdoms, which relied on rotors, Laputa maintained its airborne state by way of the element Aetherium. For a time, the kingdom prospered. However, after the civilization reached too high an altitude, the Laputians lost their vitality, and the population gradually declined, until they died out as a result of a strange disease that broke out abruptly around 500 BCE. The ancient Greek philosopher Plato is said to have made note of this history in his lost geography On the Heavens, the minimal surviving knowledge of which inspired the Laputa of Jonathan Swift's Gulliver's Travels. Legend has it that some of the Laputians, including the royal family and some of their subjects, abandoned the city at this time, hid themselves and lived on, but the details of this are unclear. Laputa was deserted, left only to the care of robots that waited for the return of their king. Over the years, the territory crumbled, and now only part of it wanders through the sky; moving with the westerlies as a constant low-pressure system that hides it entirely from view from the ground.

## Existence

Laputa's existence has long been a myth because it was mentioned in the satirical novel Gulliver's Travels . Therefore, no one could imagine that there really was a highly developed culture that could lift entire cities into the sky. The families whose ancestors or they themselves once lived in Laputa were also silent. Sheeta would not have known about the existence if Pazu and Muska had not told her about it. Pazu's father personally saw and photographed Laputa. But nobody wanted to believe him because the plot of the book Gulliver's Travels is only fictional. Muska, however, knew about this place and was waiting to find evidence. This was provided by a robot that fell from the sky.

## Origin

Once upon a time there were people who tilled their fields with cattle in the country. They aspired to circle the sky like birds. So they built many different flying machines. Some were successful, others less. Then came industrialization and they dug into the earth. They dug deeper and deeper than people who did today. Because they wanted to recover neither iron nor tin, but Volculite .

The flying machines powered by Holozite could be made much larger than previous of their kind. Eventually they reached the size of a city. But the goddess of the wind blew incessantly from time immemorial. So it came as it had to come, the floating island cities crashed and the people gave up the dream of soaring in the air. But the dream of flying lived on in people - one island city remained: Laputa.

---

We gasped in sheer amazement!

Nico: WHOA! Is this it?

Pazu: This is it! Laputa!

Sheeta: Wow!

Eli: Incredible!

Fu: Amazing!

Me: It's amazing!

Mysterio: I'll summon some Aeroplane Heartless Robots to help us!

Me: Good idea.

Eli: It's just as amazing as I remember.

Me: Wow. I sense that Muska and his men will be here any minute. Lets get ready.

Nico: What are we gonna do?

Nicole: We're gonna take the treasure from this place first and then send it into space after taking its power source.

Me: Wow.

Jesse Glenn: Anyone want to audition for that role?

Plitheon: Preferably someone good at stealth?

Me: Lets head in.

We went into the castle and it was really beautiful and amazing.

Me: Wow. This place is amazing.

Nico: It sure is.

We went into the center room and in it was a sphere of reeds.

Nico: Whoa.

Nicole: Stay close.

We went with Nicole and she pushed away some of the reeds and in the sphere was a giant blue crystal.

Nicole: There it is. The largest Aetherium Crystal ever.

Eli: Be careful Nicole.

Nicole grabbed it and pulled out the crystal and the city started rumbling!

Nicole: Lets get back to the ship!

Sly Cooper: We got all the treasures!

Nicole: Hold still!

We teleported back to the ship and the castle and the bottom of the castle crumbled away and we saw it float up into space.

Red Ghost: (To Kairi Yano) Looks like it's too late to give Muska an advance notice, huh?

Kairi Yani: (Laughs) Yeah it sure is.

We laughed.

Me: But still that was too easy.

Eli: We're not done yet. Muska and all his men are coming from right behind us on the starboard stern!

Me: Prepare for battle everyone! If they want a fight, we'll give them one!

Eli: Lets do it!

Mega Man Ice Man: Time to make these guys chill out!

The men and Muska came onto the ship and we stood ready for a fight! We then saw COLONEL MUSKA AND HE WAS INFURIATED!

Muska: The famous Team Loud Phoenix Storm.

Me: Colonel Muska.

Eli: Muska.

Eli went up to him.

Muska: Little Eli. You've grown quite a bit since we saw each other the last time.

Eli: And now I'm going to make sure that you pay for every single one of your crimes.

Some of the army came at him and Eli used the Force to snap their necks and kill them.

Eli: You and I have a score to settle Muska. And you will never get to Laputa now.

Muska: Where is it?

Me: It's in space and it's going into the Sun.

Muska gasped in shock and in rage! His destiny was destroyed and his dream to rule the world has been silenced forever!

Brain Freezer: Like Ice Man said, it's time for you to chill out!

He and Ice Man fired waves of ice and froze some of the men in blocks of ice and Eli used the Force and shattered them into a million pieces.

But then a figure came out and it was Leslie Gesneria's mom! Laura Gesneria!

Leslie: (Gasp) Mom!? Is that you!?

Agony: Your mother is back!?

Me: Wait Leslie look!

We saw that she had Ugly Purple blotches all over her and that means she is infected with the Aparoids!

Venom: Mrs. Gesneria? Is that you?

Laura Gesneria: Of course it's me. And you must be the Venom character I heard about.

Venom: Wait. You look like yourself. But there's something else.

Laura Gesneria: That's because I'm with the Aparoids now.

Venom: We figured you'd join up with them judging by those vile purple spots on you!

Laura Gesneria: There's nothing vile about them. They're the most beautiful thing us humans have ever brought to this damn planet.

Venom: We like our minds the way they are! No one on Earth would ever want to join your new friends!

Laura Gesneria: (sighs) I don't have time to argue about this with you two. If you want me to convince Muska to spare your friends, you two, Leslie, Agony, and Ashley will join us right now. Otherwise-

Venom: We don't take kindly to threats! If it weren't for the fact that you're innocent, we would eat both your arms, and then both of your legs, and-

Laura Gesneria: Blah blah blah! Once you two are part of us, that talking in the plural speech pattern will be the first to go.

Zhalia Moon: Look who's talking.

Nico: You are not yourself Laura! This is not who you are!

Me: That's right!

I fired a blast of lightning and destroyed the Aparoids influence in her and destroyed the Aparoids on her too.

Leslie went up to her.

Varie and Sakura looked her over and she was gonna be okay.

Laura opened her eyes and she saw Leslie for the first time in 7 years.

Laura Gesneria: Leslie? Leslie?

Leslie: Yeah mom it's me.

Laura Gesneria: Oh Leslie!

She hugged her for the first time in a while.

Ashley Gesneria: Mommy!

She hugged Laura too.

Laura Gesneria: Oh my girls. Look at you. You've both grown so much.

Carmen Dillo: What's the last thing you remember?

Laura Gesneria: Last thing I remember was confronting my so-called husband and telling him that I was fed up with everything he was doing and that I was gonna report him to the police and take the kids out of his grasp. And then I heard a loud bang and then everything went black afterwards.

Me: You were shot in the head.

Leslie Gesneria: Yeah. Marcus killed you. You've been dead for seven years. We have so much to tell you.

Agony: Yeah lots of things have happened.

Laura Gesneria: Who is that?

Leslie Gesneria: Oh this is Agony. She's my friend.

She told her everything about the Life Foundation and what happened with Marcus getting executed and more and how Ben adopted her and Ashley into the Tennyson family.

Laura Gesneria: Wow! I've got a lot of catching up to do.

Me: And we'll gladly help you catch up.

Mokuba: You also threatened Venom a few minutes ago.

Venom: For the record, we like the way we talk. It makes us cool!

Me: It sure does.

Laura Gesneria: I'm sorry but I don't remember doing that.

Me: That's because you weren't yourself. It was because of the Aparoids.

Laura Gesneria: Aparoids?

Me: A parasitic alien insectoid race that wants to enslave everything in the universe.

Laura Gesneria: Geez.

Me: Yeah no kidding.

Griffin: You guys take care of things here. I'll go in the air to take care of any of Muska's goons planning an ambush.

Nico: Right! Lets get them guys!

Then Whiplash, Captain Boomerang, Gearhead, Beautiful Gorgeous, Ragdoll, Fixer, Grundy, David Cain, Boomerang and Kite Man appeared.

Me: Whiplash, Captain Boomerang, Gearhead, Beautiful Gorgeous, Ragdoll, Fixer, Grundy, David Cain, Boomerang and Kite Man.

Captain Boomerang: (Australian Accent) Looks like we haven't missed the fun mates.

Me: Nope you arrived just in time.

Whiplash: We also took care of some of Muska's goons on the way here.

Captain Boomerang: Even threw a few boomerangs of mine at their ships.

Boomerang: Hey! I did the same thing too!

Beautiful Gorgeous: (to me) We also heard that you encountered the original Wolf Man.

Me: Yep and it was the one from 1941. That was a good one.

Gearhead: Did you skin it alive?

Me: Yep. And fed his corpse to the buzzards!

Gearhead: Nice!

?: You will all die for ruining my plans!

Suddenly, we saw the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, and the eight large black orbs orbiting around Cody (OC)'s legs with the eye of Horus glowing, and it means an uninvited guest has shown

up.

Fu: Oh no, I thought that I was rid of that voice forever.

Naruto: Me too.

Me: It's been a long time since we last killed you, Suien. 150,000 years hasn't been too kind on you.

The figure came out, and it was none other than Suien of the Hidden Waterfall Village.

Suien: It's indeed been a long time, Knudson, and I see you two demon pests are still alive!

Fu: I thought I was rid of you forever, Suien, and now, you've come back for revenge.

Twilight Sparkle: Who is Suien?

Lincoln: He's a former shinobi from the Hidden Waterfall Village, who's a power-hungry monster who would hurt or kill those in his former village to get power and to get what he wants.

Lincoln went over his history, and it's not good.

---

Suien (水煙, Suien) was a jōnin-level missing-nin from Takigakure.

### Personality

Suien was a power-hungry shinobi that would even hurt and kill people from his former village to gain power and get what he wants. He describes himself as being a very impatient man. Suien was also very condescending and brutal towards his opponents, even if they were once his students.

### Appearance

Suien had long spiky hair, small dark eyes, and a goatee. He wore a dark blue jacket, grey pants, sandals, and a bandanna that held his hair out of his face.

## Abilities

Suien was a highly skilled shinobi of Takigakure, evident in the fact that he was trusted with teaching Shibuki and being capable of defeating him, despite Shibuki being under the effect of the Hero Water. He was also skilled enough to be able to hold the upper hand against several opponents. According to his own testimony, his chakra reserves was also vast, many times that of Shibuki under the effect of the Hero Water. His chakra control was equally impressive, as he seemingly required no hand signs to raise a wall of water in an instant.

### Ninjutsu

Under the influence of the Hero Water, Suien was shown to be able to use his chakra as a shield to deflect kunai while fighting Naruto and Sasuke.

### Nature Transformation

Suien was shown to be proficient in high level Water Release techniques as well as some of Takigakure's hiden techniques. By his use of the latter, he was also evidently skilled in kenjutsu.

### Taijutsu

Suien was shown to be a skilled in taijutsu, being capable of fending off multiple ninja with hand-to-hand combat alone.

After drinking the Hero Water, however, his strength was augmented to the point, where he was able to punch someone and send them flying across a large lake.

## Plot Overview

Suien was the teacher of Shibuki. He went rogue as a missing-nin and assembled followers like Hisame, Kirisame, Murasame, and a substantial number of grunts in his plan to obtain the chakra-enhancing Hero Water, even if it meant taking hostages in Taki. He threatened to kill the captive villagers one by one if Shibuki didn't show himself with the Hero Water. When Shibuki drank the water and hid its bottle in his shirt, he engaged Suien in battle until Suien impaled Shibuki with a water sword technique and discovered the water falling out of his shirt. After Suien drank it, Naruto engaged him in battle long enough for Shibuki to free Sasuke.

Naruto and Sasuke then fought him, but Suien was winning until Naruto unleashed the chakra of the Nine-Tailed Fox. After Naruto drew on the fox's chakra, Suien was no match for him, and thus he tried drinking the last of the water. Before he could do so, Sasuke knocked the bottle of the water out of his hand, breaking it. Naruto then used multiple shadow clones to send Suien flying, causing him to fall down the waterfall to his death.

---

After Lincoln was done discussing it, the Mane 9 and the rest of us were horrified.

Me: Believe me, girls, this guy is a power-hungry monster, just like Orochimaru and those Evil versions of Sasuke that we killed, and he'd kill even his former students to get what he wants.

Nico: What a fiend!

Suddenly, Fu was surrounded by a yellow energy aura, which was surrounded by lightning, and the skies turned really dark, as lightning crashed down from the skies. We saw that Fu was beginning to transform, just like Naruto when he faced Evil Sasuke.

Fu: You were nothing but a power-hungry monster, Suien, and in your lust for power, you almost killed Shibuki, and you would kill anyone who got in your way. I thought that I was rid of you forever after I left that accursed village. This time, I will destroy you once and for all, and wipe you out of existence forever!

Then, Fu was surrounded by a massive vortex of yellow energy with crackles of yellow lightning, and lightning crashing down from the skies, and it was surrounded by Japanese rhinoceros beetles flying around the vortex, and a phoenix in the vortex with the eyes of Chomei in the vortex. Then, as the vortex faded, Fu emerged, but

she was changed forever.

(IMPERATRIX MUNDI PLAYS 1:45 TO 2:14)

Fu now looked like she was 21 years old, she was taller 5'9" in height, she had the body of a goddess her blue hair in the back has gotten longer, and it was tied in a pony tail, and she now has on a white sleeveless shirt with a red phoenix, a white skirt, and a pair of black combat boots. She has a dark blue rhinoceros beetle emblazoned on her forehead, her eyes are neon orange, she has on a pair of rhinoceros beetle earrings with the Thunder Kanji in its legs, and a rhinoceros beetle necklace with the Thunder Kanji in its legs. She has yellow angel wings on her back, along with Chomei's seven tails, she has on a red sleeveless trenchcoat with lightning and rhinoceros beetles on the trenchcoat, and it has a kanji on the back in gold that says, "Fu, Jinchuriki of Chomei the Seven-Tailed Beetle, Master of Lightning, and Awesome Friend to Team Loud Phoenix Storm."

フー、七尾甲虫長明の人柱力、稲妻の達人、そしてチームラウドフェニックスストームの素晴らしい友達。

She now has on her Bracelets of The Champions of The Universe on her wrists, the gems are pink, her own Belt of Elemental Bravery on her waist with a large pink gem for the belt buckle, her Sword of The Jinchuriki unholstered from her back, and her Eater of Sins revolver holstered on her right hip. Fu has transformed into SUPER ANGEL 500,000,000,000 SUPERCELL LIGHTNING THUNDERSTORM BEETLE ANGEL!

We were stunned at Fu's transformation

Me: WHOA! Fu you look awesome!

Naruto: Wow! Way to go Fu!

Lincoln: Awesome!

Naruto: Fu how do you feel?

Fu: (Divine Echoing Electrical Voice) **Incredible Naruto. This power is more than enough to take down Suien and my entire**

**former village times ∞. It's amazing.**

Eli: Wow.

?: (Transylvanian Accent) Looks like you have more enemies J.D.

Another figure came out and it was Natalia Knight A.K.A. NOCTURNA!

---

Nocturna (real name: Natalia Knight) is a villainess vampire in the DC comics and universe, and was introduced in the Batman #363 comics where she was a minor enemy of Batman. However, she has been reintroduced in the Batwoman comics where she became an adversary of Kate Kane/Batwoman.

Early Life

Natalia was a street orphan who was adopted into Charles Knight's family, whom was a well-known gangster. Natalia grew up with his wealth, but later learned of his illegal activities when she was older after his death. At his funeral, Natalia met Charles' son Anton, and she refused his proposal that they continued his father's lifestyle. Natalia later became a astronomer and got a job at the Gotham City Observatory, which was under Wayne Enterprises' management.

Becoming Nocturna

While working at the observatory one night, Natalia became a victim to a radioactive laser, draining her skin of all pigment. As a result, she became sensitive to light, and decided to accept Anton's proposal and became a criminal. During her crime spree with Anton, she gave herself the name "Nocturna". During one crime spree, Natalia met Bruce Wayne, and noticed his fascination for her. Batman later stopped Anton from robbing him, and Nocturna was later captured by him when she tried to release Anton.

Nocturna later escaped from prison and partnered with Nightshade to start a criminal scheme called Nightmares Inc., but ended due not liking him and his despondent attitude on her leadership. When she learned that Bruce Wayne was battling for legal custody for Jason

Todd, she filled the adoption papers and became Jason's mother so she could force Bruce into marrying her. She later teamed up with Batman to stop her former partner, the Thief of Night, and Natalia realized that she was attracted to Batman. During their romantic encounter, she revealed that she knew about Batman's identity, but promised to keep it a secret as along as she became his partner and Jason's mother.

Afterward, Nocturna attempted to win Jason over that she was trying to change, but Todd refused to call her his mother. Natalia later worked with Batman and Robin in stopping Anton, the Night-Slayer, and exposing Mayr Hamilton Hill's crimes. When she realized that Jason wouldn't believe she had change, Nocturna returned Todd to Batman, and vanished without saying anything and breaking the custody.

---

Me: Natalia Knight A.K.A. Nocturna!

Nico: Whoa! We haven't faced you yet.

Nocturna: First time's for everything.

Varie: I take it you are in the Masters of Evil and have chosen one of us to be your arch enemy.

Nocturna: That's right. I chose Pirati.

Pirati: Wow! I'm honored. Vampire Bat VS Vampire.

Me: Awesome!

?: Pretty cool huh?

A figure came out and it was ALTOR from episodes 42 and 43 of Zeo!

---

**Altor** was a robot warrior whom Prince Gasket infused with Tommy's skills and power. He was a very tough adversary for Jason to deal with, but Jason was able to get inside his head and see if Tommy's mind was in there. He concluded that Gasket had transferred Tommy's powers and mind into Altor. Altor clutched his head and soon declared that he was Altor, signifying that he had lost Tommy's powers. Jason took this opportunity to destroy Altor with his own staff. Later, Altor appeared as part of the Rita Repulsa and Lord Zedd's armies and in that of King Mondo's armies.

---

Tommy Oliver: Altor!

Jason: Been a while.

Altor: It has been a while.

Me: I remember you! You were infused with Tommy's Skills and power and you were made when Gasket transferred Tommy's mind and powers into you.

Altor: That's right. That is a good memory on you J.D.

Me: Never missed an episode like I already told Sharkjaw.

Altor: So you faced Sharkjaw too?

Me: Yep and we destroyed both him and Octoroo.

Altor: Wow. This will make me number 3.

Me: Yep. Sharkjaw and Octoroo saved us the trouble of having to find them to destroy them.

Altor: (to Jason) Relax, Gold Ranger. I'm not powered by your Red Ranger Leader this time. This time, I'm operating independently.

Jason Lee Scott: That's a relief.

Me: But it's cool that you are here to face us.

Bluto then appeared.

Sea: You sure love to be pulverized.

Bluto: We'll see who is getting beaten this time!

We got the usual battles underway and Eli went at Muska.

---

Pinkie Pie: He was stuck in the back of the bus by a web of chewing gum.

Maud Pie: (Monotonously) He was stuck in there for over 30 years and there were a lot of legends surrounding him.

Marble Pie: One kid said he loved junk food, another said he was a mean kid that hated everyone and Dexter's friend Douglas said he was in the back minding his own business and was trapped in a time egg.

Featherweight: Yeah it was really freaky.

Somnambula: (Egyptian Accent) But he was none of those things. He just fell asleep back there and got just stuck by his chewing gum and his shoe flew off and smashed the light. He was there for over 30 years.

Boomerang: That's crazy! Thank goodness he's okay. His family must be worried sick about him.

Tree Hugger: It was crazy dudes.

Tornado Bolt: But it turns out he DIDN'T disappear. He fell asleep and was stuck in a web of his own chewing gum.

Mage Meadowbrook: Yeah and after over 30 years, J.D., Lisa and Dexter found him alive.

Ragdoll: Wow! That's nuts! Thank God he's okay. How was he able to survive after all this time?

Stealth Elf: We found out that after his shoe flew off and smashed the light, he had his toenails grow out and when scraps of food would roll to the back he would rake them in and eat them.

Ragdoll: WOW! That's incredible! But I agree with Boomerang: His own family must've themselves worried ragged after all this time.

Plant Lola: Yeah I have that same feeling.

Wallflower: Yeah I love all the clouds.

Firecracker Burst: I do too. And the airships used in this world are absolutely amazing.

Pip-Squeak: (British Accent) They sure are. I love looking at the clouds.

Sunburn: That's Shikamaru for you. He likes being lazy. He thinks everything is a drag.

Fire Lori: (Laughs) That's true.

Kite Man: (Laughs) That's true. But thank goodness you guys were able to stop Muska from getting Laputa.

THE END

Another awesome adventure done.

The Castle In The Sky was a great movie from 1986 and it was so awesome! The first part of this chapter was based on the movie The Wolfman from 1941. That was a scary movie. Also the 2nd part of this chapter was based on the episode of Dexter's lab, The Bus Boy and that was a strange one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Drako1234658, Etstheclarencefan, Nflemingful, Darkhai, vinjedi1995 and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next girl is gonna be Tierra the gnome and we're going to meet her in the world of The Giant Gila Monster from 1959 and that is gonna be one lizard that we will not kill but shrink down to a normal size and put in our zoo. We're also going to meet Tierra the Gnome. She and a Gardevoir Gene-Slammer named Toki Takahara from Japan will help us. Also the next chapter is gonna be for the awesome video game series God of War and we're going to take down the evil Baldur and make that evil barbarian pay for his crimes.

See you all tomorrow.

# WAR OF THE GODS

Over the New Mexico Desert, me and Mina were flying over the desert and it was fully of beautiful cacti and plants.

Mina: Why do I get the feeling that we're about to meet another giant lizard?

Mina concentrated and groaned as she began to shrink.

Me: I have that same feeling too.

Mina turned into Minun.

I held on to her clothes for her and then we saw a huge and GIANT GILA MONSTER!

Me: WHOA! That's a Giant Gila Monster!

Mina Minun: Wow! That's a big one!

Me: Wait a second. That's the Gila Monster from the 1959 movie The Giant Gila Monster! That's one of my favorites from my dad's past.

Mina Minun: Whoa! That is a cool movie.

Me: Lets shrink it down and put it in our zoo.

?: (Irish Accent) Let us help!

We saw the next girl and it was a Gnome and with her was a Gardevoir.

Me: Whoa she's a Gnome, the Earth Elementals of Alchemical Myth.

Mina Minun: And she has a Gardevoir with her.

Gardevior: (Japanese Accent) That's right. Pleasure to meet you both.

Me: Let me take care of this.

I went over to the lizard and pulled out my shrink ray and shrunk it down to the normal size of a regular Gila Monster.

I put it in an aquarium.

Me: There we go.

Gardevoir: Good call not killing it.

Me: Lets get you back to human again Toki.

I put my blind man glasses on and snapped my fingers and she reverted back but she was naked.

Mina was human again. But naked.

Mina: (covers herself) And you didn't kill that monster why?

Me: Because it's a Gila Monster and they are creatures we see every day in deserts. Also I figured why not put it in our zoo.

Toki Takahara: (Covers herself) That makes sense. Good call.

I gave Toki new clothes and gave Mina her clothes back.

Mina: Thanks J.D.

Me: You're welcome.

Tierra: Good call not killing it.

Me: Lets head back to the estate.

We did so.

After putting the Giant Gila Monster in our zoo and meeting Tierra the Gnome, Lincoln, me, Nico, Fluttershy, Laney, Crash Bandicoot, Nicole Knudson, and the Jungle Fury Power Rangers were off to rescue another girl who's being held by McWolf, and we found out she's at Crash Bandicoot's home of Wumpa Island.

Me: Wow! So this is Wumpa Island.

Crash Bandicoot: Yep. Home sweet home.

Lincoln: Wow, Crash, your home is really amazing.

Crash Bandicoot: Thanks, Lincoln, and it's been a long time since I've been home.

Me: It's also a good place to go on vacation.

Nico: You said it.

Lily Chillman: And the animals here are amazing.

Fluttershy: You said it, Lily.

Theo Martin: The same with the fauna.

Casey Rhodes: But, it's not always this peaceful, right, Crash?

Crash Bandicoot: Right, Casey, because Cortex, before joining The Redemption Squad, was always up to no good.

Jungle Fury Jarrod: Let me guess, always cooking up some sort of plan to take over the world, until you come in, and bust up his plans again, leaving him suffering the bitter taste of defeat again.

Crash Bandicoot: (laughs) That's me, alright, always busting up his plans, and kicking his butt.

Nicole: I've known all about that for a long time.

We arrive at McWolf's castle in the middle of the island, and the inside of the castle was amazing. We got inside the room where the next girl was being held, and we saw that the girl was Cassandra Alexandra from Soul Calibur.

Lincoln: Oh, wow, it's Cassandra Alexandra.

Nicole Knudson: From the Soul Calibur franchise, and she's an excellent fighter with a sword and shield.

Lincoln went up to her and freed her.

Cassandra Alexandra: Thank you for freeing me.

Then, when she saw Lincoln, she had a red blush on her face from seeing the 7'0" tall white-haired hunk with abnormally large and powerful muscles, eight-pack abs, and seeing into his deep sapphire blue eyes.

Cassandra Alexandra: Oh, wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you, Cassandra, and these are my friends, J.D., Nico, Nicole, Crash Bandicoot, Fluttershy, who's one of my future wives, my little sister, Laney, and the Jungle Fury Power Rangers.

Cassandra Alexandra: Wow, it's a pleasure to meet you all, and I was already told of the situation by McWolf when he kidnapped me.

Nico: You too, Cassandra, and I'm glad he already told you about it.

Then, McWolf came out.

Me: Got to say, building a castle here on Wumpa Island was impressive, McWolf.

McWolf: I thought it would be appropriate. Plus, you have the Jungle Fury Power Rangers with you, so here's some old friends for you to play with. RINSHI!

Then, an army of Rinshi rose up from the darkness.

Jungle Fury Camille: Rinshi soldiers. Cassandra, you're in for quite a show, and your future husband has yet another surprise for you.

Cassandra Alexandra: This I got to see.

Casey Rhodes: Alright, guys, let's do this!

The Jungle Fury Power Rangers and Lincoln walked up to the Rinshi soldiers that McWolf summoned.

# Jungle Fury Power Rangers and Lincoln: JUNGLE BEAST! SPIRIT UNLEASHED!

The Jungle Fury Power Rangers transformed, and they got out their new Defenders of The Power Rangers swords and Jarrod got out his Sword of Leo the Lion. Then, we saw Lincoln, and he was in his new Orange Jungle Fury Power Ranger Uniform, since Lincoln's spirit animal is the buffalo, he has an orange helmet in the shape of a buffalo's head with visor in the eye area. He still has his larger blue angel wings with eight large orange orbs orbiting around his legs, and he has his Sword of Taranis holstered on his back.

Casey: With the strength of a Tiger! Jungle Fury Red Ranger!

Lily: With the speed of a Cheetah! Jungle Fury Yellow Ranger!

Theo: With the stealth of a Jaguar! Jungle Fury Blue Ranger!

R.J.: With the courage of a Wolf! Jungle Fury Wolf Ranger!

Dominic: With the power of a Rhino! Jungle Fury Rhino Ranger!

Bat Spirit Ranger: With the spirit of a bat! Jungle Fury Bat Ranger!

Shark Spirit Ranger: With the spirit of a shark! Jungle Fury Shark Ranger!

Elephant Spirit Ranger: With the spirit of an elephant! Jungle Fury Elephant Ranger!

Jarrod: With the spirit of the mighty Lion! Black Lion Warrior!

Camille: With the cunning of a chameleon! Green Chameleon Warrior!

Lincoln: With the power of a Buffalo! Jungle Fury Orange Ranger!

Jungle Fury Power Rangers and Lincoln: We summon the Animal Spirits from within! Power Rangers Jungle Fury!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion erupts from behind them!

Cassandra Alexandra: So, that's the big surprise Lincoln had in store.

Me: AWESOME!

Fluttershy: Yes, Isabelle told us long ago that the Spirit of The Buffalo was perfect for Lincoln, since he's currently in the process of manifesting his life's desires, wishes, and goals, and the buffalo spirit animal is telling him to wait patiently with patience and confidence, because it will soon happen to him.

Cassandra Alexandra: Fascinating.

Casey Rhodes: Alright, let's get them.

The Jungle Fury Power Rangers and Lincoln charged at the Rinshi soldiers, and did some awesome kung-fu moves, as they punched and kicked the Rinshi troops. Then, they blasted and cut them down with their swords, and they exploded. Lincoln changed back, and he, Laney, and Fluttershy jumped him, and tickled him.

McWolf: (LAUGHING HYSTERICALLY)

The tickling ceased, and McWolf was helped back up, and we were about to head back to the Estate.

?: (Jamaican Accent) That was an amazing rescue.

Suddenly, we turned around, and we were greeted by Aku-Aku, Crash's little sister, Coco, and with them were the alternate version of Tawna from Crash Bandicoot 4: It's About Time, and the Quantum Masks, Lani Loli, Akano, Kupuna-Wa, and Ika-Ika.

Crash Bandicoot: Coco, Aku-Aku, Alternate Tawna, Lani Loli, Akano, Kupuna-Wa, and Ika-Ika.

Aku-Aku: (smiles) Yes, Crash, it's us.

Crash ran up to them, and picked up his little sister, and hugged her.

Crash Bandicoot: It's so good to see you guys again.

Coco Bandicoot: You too, big brother.

Aku-Aku: And it's an honor to meet the legendary Team Loud Phoenix Storm.

Lincoln: You too, Aku-Aku. We've been wanting to visit Wumpa Island to see Crash's home, but we've been busy.

Lani Loli: Yes, you guys have been saving the universe from evil.

Aku-Aku: And we heard about the biggest achievement you all accomplished that was five years in the making: destroying Xehanort and Organization XIII, and Nico did an amazing job leading the fight in that battle.

Nico: You're welcome, Aku-Aku.

Grim: (Jamaican Accent) You know Aku-Aku, I can't help but notice that we sound alike in voice mon.

Aku-Aku: (Laughs) We sure do.

Alternate Tawna: And I see how much you've grown and changed, Crash.

Crash Bandicoot: Yeah, I've changed a lot.

We saw Crash Bandicoot was taller at 6'10" in height, he was also much more muscular, he had a 10-Sided Star with the 10 Elements of The Skylanders in them emblazoned on his head, he had on a long black trenchcoat with the 10-Sided Star with the 10 Elements of The Skylanders on the back and a rainbow kanji that said, "Crash Bandicoot, The Brave-Hearted Hero of Wumpa Island, Emissary of The Skylanders, and The Master of The Ten Elements of The Skylanders", a white shirt with a green phoenix, longer blue pants with leaves and the other elemental symbols of The Skylanders on the legs of the pants, and he had on black leather combat boots. He had large green angel wings with colored tips on the feathers, matching the nine other colors of the Skylanders, in the longer sleeves of the trenchcoat, he had on his Bracelets of The

Champions of the Universe on his wrists, his Belt of Elemental Bravery on his waist.

They see Crash Bandicoot unholster his Sword of The Skylanders from his back, and Aku-Aku knew of the legendary blade, and they also saw Crash Bandicoot transform into Super Angel 100,000,000,000 Elemental Skylander Bandicoot of Bravery, and they were impressed. Then, Crash powered down, and holstered his blade on his wider muscular back.

Coco Bandicoot: Wow, those five years with Team Loud Phoenix Storm really has changed you.

Crash Bandicoot: Yeah, and me and the Skylanders have been hanging out with Team Loud Phoenix Storm, saving the universe and battling villains. Hey, would you all like to join?

Aku-Aku: We'd be honored.

Everyone cheered, and we went back to The World Tree Estate, with Cassandra Alexandra joining Lincoln's harem, and we now have Aku-Aku, Coco Bandicoot, Alternate Tawna, and the Quantum Masks as our new members.

We went back home to the estate.

**Applejack** : Attention! This is a Sweet Apple Acres code red! I need all hooves, hands, feet, wings and claws on deck!

Me: We got here as fast as we could Applejack!

**Rarity** : Calm down, Applejack.

**Applejack** : Calm down?! How can I calm down at a time like this?! Vampire fruit bats are attackin' Sweet Apple Acres!

**Twilight Sparkle** : But I thought the fruit bats usually stayed put in the west orchard.

Me: Yeah I remember that when we were here for the reunion.

**Applejack** : The *fruit bats* do, but these aren't just your everyday ordinary fruit bats. They're *vampire* fruit bats!

Me: Vampire Fruit Bats?

Lucy Loud: Wicked.

Brittney: I've never heard of Vampire Fruit Bats before. And I should know being a vampire myself.

Applejack: That's interesting. I'll be darned if they think they're gonna sink their fangs into my blue ribbon apple.

She pulled off a tarp and on a tree that was weighed down was a huge ginormous and shiny red apple as big as a car.

**Rest of main cast** : [Wow, etc.]

**Spike** : Awesome!

Me: WOW! That is one huge apple!

Nico: That's the biggest apple I've ever seen!

Eli: And it sure looks amazing!

**Applejack** : This here's our entry into the Appleloosa State Fair's produce competition. [exhales] You know how much TLC goes into getting an apple to grow like this?

Me: I can only speculate.

**Rarity** : Applejack! When you go big, you *really* go big!

Applejack shined it up so well that Rarity could see her reflection it in.

Arrietty: That apple is amazing.

Me: You would easily break the Worlds Heaviest and largest Apple Record, Applejack. The heaviest apple was weighed in at 1.849 Kilograms or 4 pounds 1 ounce.

Applejack: I'm glad you think so sugarcube.

Me: Just showing my support.

**Applejack** : Them vampire bats want to shrivel it up like a raisin!

Lana: Raisins? Where?

Laney: Lana she means that the bats want to get it.

Lana: Oh.

**Fluttershy** : Oh, I'm sure if we just let them know how special that particular apple is to you, they'll leave it alone.

**Applejack** : Yeah, right. Be my guest.

Me: Brittney you go with her just to be sure.

Brittney: Okay dad.

[bats chittering quietly]

They went up to the bats in the trees. Their red eyes showed big evil.

**Fluttershy** : Um, excuse me, Mr. Vampire Bat-

[splat]

**Fluttershy** : We were just wondering if maybe you wouldn't mind leaving that really big apple alone?

Brittney: Yeah it's important.

[seeds hammering]

They pelted Brittney and Fluttershy with seeds.

**Fluttershy** : [gasps]

They came back

**Applejack** : Well? What'd he say?

**Fluttershy** : Um… yes.

**Applejack** : Huh?!

Me: Really?

**Fluttershy** : But… it could've been a no.

**Applejack** : Oh.

**Fluttershy** : This is the first vampire fruit bat I've ever met and, well, it might take some time for me to really understand their language.

**Applejack** : Uh-huh.

Brittney: They pelted us with seeds. And that was their way of saying screw you. They said "We're eating every single apple here and you can't stop us."

Nico: That's not very nice!

Eli: Yeah dumb bats! Uh no offense.

Applejack: How did you know what they were saying Brittney?

Brittney: We Goths are true masters of the night and we have a huge understanding with one another.

Applejack: I see. And in the meantime, this pest and his vermin friends are gonna go after my prized apple and, while they're at it, every other apple in the orchard! These vampire bats are nothin' but a bunch of monsters! Uh not Lucy's bat. He's a cutie.

Lucy Loud: Thanks Applejack.

**Fluttershy** : *Monsters* ?! Oh, that's a bit harsh, don't you think?

**Applejack** : No, I do not.

Me: At least they don't go after blood.

Nico: These are herbivorous bats.

Applejack: That's true but they are dangerous.

**[Applejack]**

Those vampire bats will give you a fright

Eating apples both day and night

They rest for a minute, maybe three

Then they're eatin' every apple in your apple tree

(The Vampire Fruit Bats suck all the juice out of the apples and spit them out as slimy husks)

They don't care about nada, not zilch, no, nothin'

'Cept bringin' about an orchard's destruction

**[Fluttershy]**

Now wait just a minute, there's another side to this

And if I did not defend them, then I would be remiss

These bats are mamas and papas too

They care for their young just like we ponies do

**[Applejack]**

Oh, give me a break, you're bein' too kind

These creatures have a one-track mind

The orchard is not their restaurant

But do they ever think what others may want?

No! They don't! And that is just a fact

These bats, they simply don't know how to act

**[Fluttershy]**

That's where I have to disagree

They're loyal to their family

Spreading seeds both far and wide

**[Applejack]**

You see one comin', you'd better run and hide!

They're big and ugly and mean as sin

Will ya look at the state my trees are in?

**[Fluttershy]**

They help your trees, they'll grow stronger faster

**[Applejack]**

They've turned my life to a total disaster!

**[Rarity]**

Well, I for one don't have a doubt

These vermin must be stamped right out

**[Rainbow Dash]**

I second that, they've got to go

These bats, they've got to hit the road

**[Applejack]**

It comes down to just one simple fact

They've crossed the line, it's time to fight them back!

**[All except Fluttershy]**

Stop the bats! Stop the bats!

Make them go and not come back!

Stop the bats! Stop the bats!

Make them go and not come back!

Stop the bats! Stop the bats!

Make them go and not come back!

**[Applejack]**

Yes, it comes down to just one simple fact

They've crossed the line, it's time that we attack!

The song ended.

Me: That was a catchy song.

Eli: Yeah it was.

Arrietty: I liked it.

**Rarity** : I'm sorry, Fluttershy, but I believe Applejack has made the better argument. These vampire fruit bats sound downright dreadful.

**Applejack** : So let's get to roundin' them up so they don't destroy the rest of my orchard.

**Pinkie Pie** : [to the tune of Winter Wrap Up] Fruit bat round-up, fruit bat round-up!

Nico: Lets get them!

**Fluttershy** : Um, excuse me, but, um, what if instead of rounding them up, we… let them have part of the orchard?

**Applejack** : [whinny] Have you lost your pest-lovin' mind?!

**Fluttershy** : They're only here because they're hungry! If we build a sanctuary for them, they could have their own apples to enjoy! After a while, they could even help the rest of your orchard! The vampire bats don't eat the seeds of the apples, and when they spit them out, they grow into even more productive apple trees!

Me: A sanctuary is not a bad idea. Besides Applejack, we can grow your trees back.

Laney: Yeah we just need to give them a jump start.

**Applejack** : I appreciate that. Thank you.

Me: You're welcome.

Applejack: Listen, Fluttershy. That sounds real nice 'n' all, but every second we spend buildin' this so-called 'sanctuary' is a second they'll spend destroyin' orchards! You don't know what it was like the last time there was an infestation, but Granny Smith has told me enough stories about it that just the thought of it gives me nightmares!

Me: Was it really that bad?

Apple Bloom: It sure was.

A flashback shows what happened when Sweet Apple Acres had a Vampire Fruit Bat infestation the last time.

Applejack: [narrating] Granny says we lost a huge section of orchard that year. They had to ration out apples all winter!

Much of Sweet Apple Acres was gone all because of a nasty Vampire Fruit Bat infestation. There were not very many apples all because of it.

FLASHBACK ENDS

Me: Oh man! That's terrible!

Nico: The Great Apple Famine.

Applejack: That's right Nico.

**Rainbow Dash** : What about the cider? There was still cider, right?

**Applejack** : Not… a… drop.

Me: WHOA!

**Rainbow Dash** : No cider?! *No cider?!* We need to round up these monsters, and we need to do it now!

Lynn: YEAH! I agree!

Granny Smith: Darn tootin! Lets do it!

Laney: Me and the Plant users will restore the trees.

**Twilight Sparkle** : I'm sorry, Fluttershy, but I think Applejack is right. I just wish there was another way we could convince them not to eat them in the first place. Maybe there is… !

We went to the newly restored Golden Oak Library, which I placed right by Twilight's Castle and filled it with all the books she likes.

**Twilight Sparkle** : So, there's good news and bad news.

Eli: First tell us the good news.

Twilight Sparkle: Okay. The good news is that I found a spell that can get the vampire fruit bats to stop wanting to suck the juice from the apples.

Aylene C.: And that's the good news right?

Twilight Sparkle: Yep. The bad news is that in order for the spell to work, I need the bats' full and complete attention.

Me: That's easier said than done.

Brittney: Yeah the bats won't listen to me.

We turned to Fluttershy.

**Fluttershy** : [gasps] Oh no.

Laney: Uh oh. I have a feeling I know what's about to happen.

**Twilight Sparkle** : Fluttershy, I need you to do your Stare on the bats.

**Fluttershy** : Oh, gosh, I don't know.

**Rainbow Dash** : What's the problem? You've used the Stare plenty of times before!

Me: I've seen it in action and it's amazing.

**Fluttershy** : Yes, but it's not something I take lightly. I've made a vow not to use it except in dire circumstances.

Me: That's a very wise decision.

**Applejack** : This circumstance is plenty dire to me!

**Rainbow Dash** : Me too! Think of the cider! Won't somepony *please* think of the cider?!

Me: Oh for crying out loud! We can always get some at the supermarket.

Rainbow Dash: Well yeah but it's not as good as Sweet Apple Acres Apple Cider!

**Fluttershy** : I'm sorry. I just don't like the idea of taking away the thing that really makes the vampire fruit bats [inhales] vampire fruit bats! It just feels wrong!

Laney: I agree with Fluttershy. It's wrong to do that.

Syd Chang: Yeah. There has to be another way.

**Twilight Sparkle** : But if we *don't* do this, there won't be any apples left for anypony here in Ponyville. Doesn't that feel wrong, too?

Fluttershy was really in a divided decision. She was thinking about whether to break a vow to save her friends farm or not. OH BOY.

Me: Oh boy. This is not gonna be easy.

Nico: Yeah this is like how I felt when I don't want to do stuff that I don't want to do.

Suddenly I felt a massive energy spike and it was a very familiar energy signal.

Me: (In my head) Oh no! I haven't felt that energy signal in a long time. That's The Kisenian Blossom! That monster is back!

I growled out loud.

Poison Ivy: (to me) What's with you this morning? Get off on the wrong side of the bed?

Me: No I'm okay. I'm just haven't had my coffee.

Nico: Oh that's okay. Here.

Nico pulled out a thermos and gave me some coffee.

Nico: There you go.

Me: Thanks Nico.

I drank my coffee.

Me: Ahh. That's better.

We went back to Sweet Apple Acres and Fluttershy had made her choice.

**Applejack** : So what's it gonna be, Fluttershy? Will you do your Stare on the bats or not?

**Fluttershy** : Um… Um… Okay, I'll do it.

**Rarity** : Good choice. I knew you wouldn't side with those icky bats! [whimpers]

**Fluttershy** : They're not icky.

**Rainbow Dash** : First round of cider's on me!

**Applejack** : Hold it right there! We've gotta round up these beasts with wings first. Time's a-wastin'!

Me: Lets get to work!

Lincoln: Operation: Bat Round Up is a go!

We got the Vampire Fruit Bats to follow us with apples.

[bats chittering]

Rarity was wearing a HAZMAT suit.

**Rarity** : [muffled] [yelps] Ew, ew, ew, ewwww!

Lucy used her Bat Call and had the bats come to her.

[bat gulps and spits]

**Rainbow Dash** : Gotcha!

Rainbow Dash used her speed to round up the bats.

**Pinkie Pie** : [giggles]

**Rarity** : [screams]

**Applejack** : Good work, everypony! I think we got 'em all!

Me: I checked every part of the orchard and we got them all!

Applejack: [to Fluttershy] Now all we need is for you do to your Stare.

**Fluttershy** : Oh, um, are you sure I really need- Okay. I really, really, *really* hate to do this to you… I just hope you can forgive me… (STARE WARBLING)

[bats hissing]

The bats were being stared into submission

**Applejack** : Good… Now you go, Twilight!

**Twilight Sparkle** : Alright. [magic humming]

She fired a magic spell and it made the vampire fruit bats crave something.

**Twilight Sparkle** : You can stop staring, Fluttershy.

**Spike** : Did it work?

**Applejack** : Only one way to find out for sure.

I pulled out an apple and a bat sniffed it.

[bat sniffing, chittering]

**Rainbow Dash** : Ye-he-heah, whoo!

Me: IT WORKED!

Nico: YEAH!

**Applejack** : My crop is saved! Yee-haw!

Me: YEEHAW!

**Rainbow Dash** : We'll be drinking cider all winter long!

**Applejack** : I wanna thank you for your help. I couldn't have done it without you.

Me: Aw it was nothing Applejack.

Coloratura: Just helping out a friend.

**Spike** : Aw, don't mention it, Applejack. It was my pleasure! Really!

**Applejack** : Now all we gotta do is sweep up these cores so I can start buckin' fresh tomorrow mornin'!

Me: And we can grow new trees with fresh apples too.

Applejack: Lets get too it!

Me and the Plant users grew new trees and they had all new fresh apples.

**Fluttershy** : [sniffs]

Fluttershy saw a fresh apple.

The next morning at the crack of dawn.

**Applejack** : Apple Bucking Day, take two! [rooster crowing]

The sun rose and it was time for a new apple harvest!

**Applejack** : Yee-haw! Time to collect those juicy, sweet apples! [grunts] [splat]

UH OH!

**Twilight Sparkle** : The spell didn't work!

**Applejack** : You're darn tootin' the spell didn't work! I think we're gonna have to take more extreme measures!

Me: What could have gone wrong? We did everything Twilight said.

**Rainbow Dash** : I hear ya, Applejack! C'mon, everypony! Let's track down those vampire bats!

Me: LETS GET THEM!

We went to find them.

[bats chittering] [splat]

We saw the Vampire Fruit Bats but they were not eating any apples at all.

**Applejack** : Wait a minute… I don't think these bats are the ones that sucked my apples dry.

Me: Hmm. That's weird.

**Rarity** : But if the vampire bats aren't eating your apples…

**Twilight Sparkle** : Who is?

Eli: I have a feeling it might be one of us! The Force is telling me that we have a fruit vampire in our midst.

We gasped.

UH OH!

Twilight Sparkle: I don't think so. Fluttershy, you're our animal expert. Do you know of any other creature that might be capable of this?

**Fluttershy** : I'm sorry. I don't.

**Twilight Sparkle** : Well, there's only one way to find out. We'll have to catch whoever it is in the act.

Me: We need to find out who it is and catch them red handed.

Varie: Or red-hooved in this case.

**Rarity** : And how do you propose we do that?

**Twilight Sparkle** : A stakeout… !

Brittney: Now you're speaking my language.

Later that night, our stakeout was ready to begin.

**Rainbow Dash** : [spookily] The witching hour… [owl hoots] [frogs croak]

**Fluttershy** : Maybe we should just call this off. Not sure about the rest of you guys, [entranced] but I'm really hungry… [drip, drip, gulp]

**Rarity** : Oh, Fluttershy, it'll be okay. Don't forget, darling, we're all in this together.

**Twilight Sparkle** : That's right. Nopony leaves this orchard until we've solved this mystery. Agreed?

Me: Agreed.

**Rest of main cast** : Agreed!

**Applejack** : Does everypony have their pony signals?

I formed the symbol of my cutie mark in the sky like a spotlight. And Pinkie Pie used a flashlight of her cutie mark.

Applejack: Nice. Now remember, Pinkie Pie, only use the signal if you see somethin' suspicious.

**Pinkie Pie** : I got it. Something suspicious…

**Fluttershy** : [sniffing]

**Pinkie Pie** : *Whatcha doin'?!*

**Applejack** : Alright, now everypony split up. We'll each patrol our own row of the orchard. Whoever or *what* ever's destroyin' my apples has gotta be here somewhere.

Me: And when we find them they are as good as dead!

Nico: (Gulp)

We split up.

**Fluttershy** : I have a bad feeling about this. A *really* bad feeling about this… That apple… It looks… [entranced] so juicy… and sweet… [slurps] [biting]

Her teeth became fangs!

**Pinkie Pie** : What was that?! [gasps] Suspicious! [giggles] It's pony signal time!

Something swooped by her and hissed.

Rarity was searching.

**Rarity** : Who's there? Oh, well, there's obviously no need to worry about that shadowy figure overhead… [frightened] Or maybe there is! I think I'll just go see how Rainbow Dash is doing…

Rainbow Dash was searching.

**Rainbow Dash** : Uh… who's there? (Sees something) Answer me or you'll regret it! Fine, have it your own way! Take that, you, you,

you… scarecrow… Oh. [rustling] [owl hoots]

**Twilight Sparkle** : [gasps]

Me: We got a signal from Pinkie Pie!

We went to her.

[slurping]

**Twilight Sparkle** : Applejack, what is it?

We saw something in a tree and it looked like a huge bat.

Me: Fluttershy?

Bambi: Fluttershy? Are you okay?

Maria: (Bambi approaches Fluttershy) BAMBI, GET BACK!

Fluttershy spread her wings and looked at Bambi with red eyes and then hissed ferociously and we saw that she was A VAMPIRE PONY!

We gasped!

Rarity: That's not Fluttershy, That's Flutter-BAT!

**Fluttershy** : [hisses]

Me: SHE'S TURNED INTO A FULL-FLEDGE FRUIT VAMPIRE PONY!

**Twilight Sparkle** : We've gotta get her down from there!

**Rarity** : Uh… Fluttershy, sweetness, please come down, and… do stop being a vampire bat.

**Fluttershy** : [hisses] [slurps]

**Rainbow Dash** : Fluttershy! It's me, Rainbow Dash! Why don't you cut the bat act and come on down?!

**Fluttershy** : [hisses]

She blew her away.

**Rainbow Dash** : [yelps] Whoa! Maybe we should just let her come down when she's ready.

Nightbird: Fluttershy, just calm down. We don't want to hurt you!

She hissed and flew at us and bit an apple and sucked it.

Me: At least she is not going after blood.

Eli: That's good but she is not gonna be easy to after in this state.

**Pinkie Pie** : Flutterbat on the loose! *Run for your lives!*

She dug a hole into the ground.

**Twilight Sparkle** : Pinkie Pie, calm down! See? She's back on her… branch.

**Pinkie Pie** : She's just biding her time! Waiting for the right moment to pounce!

**Applejack** : Pinkie Pie, bats don't eat ponies. Not even vampire bats.

**Pinkie Pie** : But maybe vampire *ponies* eat other ponies! I'm not taking any chances!

She dug into the ground.

**Rarity** : How did this happen? That's what I don't understand.

Me: That's what I want to know.

**Twilight Sparkle** : I think this was actually our fault.

**Rainbow Dash** : *Our* fault?

Me: What do you mean?

**Applejack** : And how'd you figure that?

[magic humming, synth-electronic noises]

Twilight formed a magic electronic schematic of what we did.

**Twilight Sparkle** : Okay, so this is me, these are the bats, and this is Fluttershy doing her Stare. The spell was supposed to go right onto the bats like this, but somehow the spell must have backfired. It took the vampire fruit bats' desire to be vampire fruit bats and transferred that desire into Fluttershy.

Me: Magical Consciousness Transmigration.

Twilight Sparkle: Exactly.

Nico: Whoa!

Starlight Glimmer: That is really crazy.

Sunset Shimmer: Yeah!

Twilight Sparkle: C'mon! We'll reverse the spell and make it right!

Pinkie Pie came out.

**Pinkie Pie** : Then what are we waiting for? Let's save Fluttershy before that thing eats us all!

Flutterbat came at us.

**Rainbow Dash** : Hit the deck!

Me: DUCK!

We ducked.

**Rest of main cast** : [yelps]

**Pinkie Pie** : Follow that bat!

Me: LETS GO!

Fluttershy's ears became more bat like and that made her senses sharper than ever.

**Rarity** : I can't believe we lost her!

Me: She could be anywhere.

**Twilight Sparkle** : Oh, Fluttershy, where are you?

Eli: Behind us!

Fluttershy flew at us.

**Fluttershy** : [hisses]

Me: SOLAR FLARE!

I released a massive flash of white light as bright as the sun and blinded her for a bit.

Me: Twilight NOW!

Twilight fired a beam of magic and it swirled around Fluttershy.

[magic humming]

It turned her back to normal.

**Fluttershy** : Oh… where am I?

Me: Fluttershy you're back!

**Rest of main cast** : [cheering]

Hinata: Welcome back!

She hugged Fluttershy.

Hinata: Thank goodness.

**Applejack** : Thank goodness you're okay!

**Fluttershy** : But… what happened to me?

Me: Lets tell her about it tomorrow.

The next morning we built a bat sanctuary and fixed Sweet Apple Acres

[bats chittering] [sign creaking]

**Applejack** : Fluttershy, I'm real sorry I didn't take your suggestion in the first place.

**Fluttershy** : And don't forget, now you'll get seeds that will grow into even bigger and better apple trees.

**Rainbow Dash** : Does that mean what I think it means?

**Applejack** : Yup! More cider too.

**Rainbow Dash** : Yea-he-heah, whoo!

We were at Fluttershy's Cottage.

**Spike** : Okay, got the part about the spell, Fluttershy turning into a bat, building a sanctuary…

**Applejack** : Be sure to put in there that I came to see that my short-term solution was a little short-sighted.

**Fluttershy** : And that you shouldn't let anypony pressure you into doing something that you don't think is right. Sometimes you have to tell even your closest friends 'no'.

Me: Absolutely.

G1 Arcee: Fluttershy, are you aware that you attacked us as a vampire pony and that J.D. is in a bad mood because the Kisenian Blossom has returned?

Fluttershy: I was a vampire pony? I hope I didn't hurt you all.

Me: You didn't Fluttershy. You were just after the apples in the orchard. It's a weird story.

Fluttershy: Oh.

Me: But yes you guys figured it out. The Kisenian Blossom has returned.

Arrietty: What is the Kisensian Blossom?

Shanan: A very dangerous alien flower that wants to destroy all life in the entire universe and fill it with nothing but hate.

Me: And it was the very flower that I nearly lost myself to revenge to.

I went over everything that happened during the events of chapter 913 as well as the history of the Kisenian Blossom.

Fiore is the secondary antagonist of Sailor Moon R: The Movie.

Fiore's Japanese voice actor Hikaru Midorikawa voiced Ali, Android 16, Seto Kaiba(1st anime), Salamandes, and Hao Asakura (Patch tribe incarnation). Fiore's Viz dub voice actor Ben Diskin voiced Szayel Aporro Granz, Young Xehanort from the Kingdom Hearts universe, and Venom (Spectacular Spiderman).

Fiore was a lonely alien who took great strength when he befriended a young Mamoru Chiba just after the boy lost his parents in a car crash. But as Fiore cannot survive long on Earth's atmosphere, he left with the promise to give Memory a flower in return for the rose the boy gave him.

But Fiore ended up finding the deadly Xenian Flower, which poisoned his mind to bring her to Earth while eliminating anyone who gets in the way. While after being briefly transformed by the Xenian Flower's power, Fiore was defeated before he made a suicide attempt to stop Usagi from using the Legendary Silver Crystal's power to redirect the meteor.

But once Fiore was shown Usagi's memory that she was the one who gave Mamoru the rose around the time of her little brother's birth, he allows the Xenian Flower to be destroyed.

As the Legendary Silver Crystal's use killed Usagi, Fiore fulfills his promise to Mamoru by giving him a flower containing his life to revive Usagi with its nectar. Fiore reverted to a child as consequence, goes away by bubble after this is done.

---

When I was finished everyone that hasn't heard about it was shocked and horrified!

Sena: Oh man! That is horrible.

Arrietty: Why would a flower want to destroy everything like that?

Me: The Kisenian Blossom is an omnicidal monster and it will not stop until it floods the entire universe with nothing but absolute hatred. I nearly lost myself to revenge because of that Flower. It was 9 years ago.

I told everyone what happened and everyone was shocked.

Sena: Whoa! You wanted to avenge the planets that were destroyed.

Me: That's right.

Nico: Yeah that was terrible.

We later went back to the estate and got ready for our next mission. Nicole was playing the awesome game God of War and it was awesome.

Ravager: FYI, Nico? It's your turn to lead us today.

Nico: I know. (Nico and Ravager start to walk out of the room)

Me: Where are you two going?

Nico: Me and Ravager are going to meet with the others so we can go meet Kratos, who we freed from a Prison Stone. You can decide whether you want to join us or if you want to stay here being angry about the Kisenian Blossom.

Nico and Ravager left the room, leaving you alone to your thoughts.

Me: Wait guys! I'm coming with.

Nico: Are you sure that's a good idea?

Me: Yes Commander. I will not let my anger blind me ever again. I was angry like that because of Dark Orbs in me remember.

Nico: Oh right! I forgot about that. I'm gonna hold you to it Colonel. When you face Fiore and the Kisenian Blossom again you can unleash all your anger out on the creature on another planet.

Me: Understood.

Nico: Good. Lets get everyone together. (Pulls out Bugle and plays Reville)

Everyone came in stood in lines.

Nico: ATTEN-TION!

We stood in attention.

Meg Griffin: You know commander Chris said to dad that if he ever played his fucking horn again he swore to God that he would ram that fucking thing up his goddamn ass.

We laughed at what Meg said.

Nico: (Laughs) That was funny. Maybe I should use my bugle to torment Chris.

Fixer, Whiplash, Captain Boomerang, Gearhead, Beautiful Gorgeous, Ragdoll, Grundy, David Cain, Boomerang and Kite Man then appeared.

Fixer: Can me, Whiplash, Captain Boomerang, Gearhead, Beautiful Gorgeous, Ragdoll, Grundy, David Cain, Boomerang and Kite Man go with you guys this time?

Nico: You all sure can soldiers. All right maggots listen up! We're going to the world of God of War and we're going to reunite with Kratos and we're gonna go into battle against his most hated nemesis. It's not gonna be easy and it's gonna be a very brutal battle. We leave in 10 minutes. DISMISSED!

We got ready and then we went to the world of God Of War.

---

## WORLD OF GOD OF WAR

---

We arrived in Ancient Greece.

Brawl: Here we are in Greece.

Nico: Wow and this was long before the time of the Vikings.

Eli: What year are we in?

Nico: God of War didn't say specifically what year it takes place in.

Nicole: It said that it takes place in a time that predates the Vikings.

Arrietty: Wow. That's amazing.

Ets: It sure is.

Me: It will be good to see Kratos again.

Nico: Lets go find him.

We went to find him and we found him at an old temple.

Beautiful Gorgeous: Hey, Kratos! You're looking as fierce as ever.

Kratos: Friends of Team Loud Phoenix Storm. Good see you again.

Me: Same to you Kratos.

Kratos: I'm in your debt for saving me from prison stone J.D.

Me: You're welcome.

Kratos: Is something wrong, J.D.?

Me: (sighs) Don't worry about it. I'm fine.

Kratos: That does not appear to be the case. In fact, you remind me of my own anger.

Charge Man: Don't mind J.D. He's Mr. Personality at the moment.

Kratos: I don't know who this "Mr. Personality is". But is that why Nico is leading the team right now instead of J.D.?

Me: It's a new leader system we came up with. Long story. Also I'm not in a bad mood. I just have a lot on my mind because of past events.

I went over what happened in chapter 913 again and all that with the Kisenian Blossom.

Kratos: I understand your anger towards this Kisenian Blossom, J.D. (clenches his fists) I too have walked the path to vengeance before.

Me: Really? Wow.

Ragdoll: If you don't want to tell us, you don't have to.

Kratos: No. How will we be able trust each other if I don't open up to you all?

Me: Well yeah. You're right. But what happened Kratos?

Kratos: It was a long time ago.

Kratos went over his history.

**Kratos** (Greek: **Κράτος** ), also known as **Ghost of Sparta** and **Fárbauti** (by Jötnar), is a Spartan warrior that would become the slayer of Gods and the protagonist of the *God of War* video game franchise. Though he eventually transforms into a more villainous character as his thirst for vengeance consumes him and causes him to destroy the world, initially Kratos is more of a gray character, acting as a sort of anti-hero who fights against corrupt gods and their forces but in a very brutal and violent manner. In the fourth game, Kratos sees the errors of his way and becomes a much wiser character who now raises his son Atreus and ensures that he will become a better god than either him or the corrupt gods that wronged him, and now only attacks in self-defense.

He was voiced by Terrence C. Carson until *God Of War III*, was voiced as child in *GOW: Ghost of Sparta* by Antony Del Rio, and is currently being voiced by Christopher Judge as of God of War 2018 (IV). Carson also voiced Mace Windu in many video games, as Judge also famously played Teal'c in the *Stargate* series.

Past

Kratos was born in Sparta, where he and other children were observed and tested to see if they had the skills to join the Spartan army. If they failed, then children would be sent to die in the mountains. Thus, Kratos trained with his brother, Deimos, so that they could one day join the Spartan army.

But one day as they trained, Sparta was attacked by Ares, Athena, and an army of centaurs, seeking a "marked warrior" that had been prophesied as the one who would destroy the gods. The gods decided that Deimos was that warrior given the birthmarks on his body and Ares took him. Kratos tried to stop the war god from taking his brother, but Ares just struck him away, scarring his face. Ares raised his blade to kill the boy, but Athena stopped him, saying they'd only come for Deimos. Athena apologized to Kratos for this and left with Ares as he watched helplessly as they took his brother away. Losing Deimos had a powerful impact on Kratos, who swore to never to hesitate again. In memory of his brother, he put tattoos on his skin designed to resemble Deimos' birthmarks. Kratos went on to join the Spartan army and was married to Lysandra, with whom he had a daughter, Calliope. However Calliope fell victim to a plague and according to Spartan tradition, her weakness would've resulted in her being tossed into a chasm to die. But Kratos learned about the healing elixir called Ambrosia, which he set out to obtain to save Calliope. What he didn't realize was that he'd been selected to act as Ares' champion in a bet between the gods, a contest between chosen champions where the winner would be the one to obtain the Ambrosia. Kratos managed to get the aid of an army of Spartans and eventually encountered a healer that gave him the Flames of Apollo to help him. Kratos' first major obstacle was Herodius and his army, Poseidon's champion, but Kratos and his forces slew him and his fellow Atlantians. Angry that Kratos had taken him out of the running, Poseidon unleashed numerous obstacles against the Spartans at sea, but they managed to get to land. Kratos later killed Pothia, Artemis' champion, and her army, and Hades became fearful Alrik, his champion would also fall. Thus he unleashed fire from the skies upon Kratos' forces and though he killed many of the Spartans,

Kratos survived. He finally found the Ambrosia, slaying Helios' champion as well, and regrouped with his soldiers. Alrik and his barbarians engaged the Spartans since his father was sick as well and needed the Ambrosia. After a fierce battle, Kratos recapture the Ambrosia, though losing all of his soldiers in the process, and summoned a number of Rocs to torment Alrik. He returned to Sparta and used the Ambrosia to heal Calliope, earning the title of captain by the Spartan king.

## Servitude to Ares

Kratos began to win victory after victory, slowly gaining thousands of soldiers under his command after only starting with fifty. His brutality and bloodlust grew and grew and his tactics reflected this, growing unorthodox and brutal, but still effective. But Kratos and his soldiers were unable to battle the ruthless barbarian army, who they were no match for. The Spartans soon found themselves being slaughtered and Kratos was about to be killed by the barbarian leader, Alrik.

Desperate for victory at any cost, he called out to Ares, offering his life and servitude if the war god destroyed his enemies. Ares accepted and wiped out the Barbarians, and gave Kratos the Blades of Chaos, marking him as the god's minion. Kratos eagerly obeyed Ares' will, conquering and slaughtering in the war god's name.

But as he raided a village dedicated to Athena, Ares manipulated Kratos into killing his wife and child as he slaughtered people left and right. The war god explained that he'd done this because he wanted to make Kratos the perfect warrior. However the Spartan instead became enraged with his master, consumed by grief and anger and left the bodies of his family to burn in the temple. The village oracle cursed Kratos, so that the ashes of his family clung to his skin, turning it pure white and giving him the name "the Ghost of Sparta". He became consumed by terrible nightmares and visions of his family's death and his past sins, driving him to the point of insanity. Kratos left Sparta and found some solace in traveling across the Aegean Sea. In hopes of restoring peace to his mind, he swore servitude to other Olympians, hoping they'd forgive his past atrocities and rid him of his nightmares. Thus Kratos traveled through Greece, battling monsters and Greece's enemies in the name of the gods. But to others, his white skin served as a mark of his sins and people viewed Kratos as a savage beast, with some preferring death as opposed to let him save them. The Ghost of Sparta would spend ten years in the gods' service, driven by his desire for revenge on Ares.

## God of War: Ascension

For breaking his oath, Ares sent the Furies to capture Kratos and force him to once again serve the God of War. Kratos was trapped in an illusion of his home in Sparta, but the Fury Orkos appeared before him and encouraged him to see past the illusion, using Lysandra's necklace and ring as totem to discern reality from illusion. Though Kratos distrusted him, he followed Orkos' instruction to seek out Aletheia the Oracle at Delphi. The Oracle was captured by Pollux and Castor. He took the Amulet of Uroborus from them after he killed them. Kratos traveled to the Harbor of Kirra where he encountered Orkos again. The oath keeper revealed that he is the son of Ares and Alecto. Ares wanted a perfect warrior who could help him overthrow Zeus. Disappointed in Orkos, Ares disowned his son, and Orkos became the oath keeper of the Furies to please his mother. He explained that Kratos was the warrior Ares sought and for that reason, Ares helped Kratos against the barbarians. The murder of his family was meant to be one of three "tests" that would bind Kratos to Ares's will. Orkos did his bidding as the oath keeper and did not question the Furies until Ares tricked Kratos into killing his family. Armed with this knowledge, Kratos took a ship to Delos.

Kratos arrives at the island of Delos and traverses the giant, ruined statue of Apollo. He is attacked by all three Furies and manages to cut off Megaera's arm, but Alecto uses her power to capture Kratos. Orkos appears and frees Kratos, taking him elsewhere upon the statue, with Alecto vowing that he will never succeed. After a perilous journey, Kratos uses the Amulet of Uroborus to fully restore the statue and retrieves the Eyes from the Lantern. Unfortunately, after completing the Trials of Archimedes, he is ambushed by the Furies, who take him captive and steal the Eyes and the Amulet.

Over the next two weeks, Kratos was tortured by the Furies in the Prison of the Damned. He managed to free himself when Megaera went too far with her torture. He then pursued the Fury through the prison. She and Tisiphone attempted to misdirect him, as a building he enters is projected as a brothel. When he goes to sleep with a woman, he spots the ring on her finger and he realizes that this is an illusion and tackles Tisiphone. Megaera interferes, insisting that Kratos belongs to her. She then released insects into Aegaeon's hands and mouth, thus mutating them into insect-titan hybrids. After Kratos killed Megaera and Aegeaon, retrieving the Amulet of Uroboros, Tisiphone creates an illusion of him being honored by the King of Sparta. But again, Kratos sees through it. He soon finds the Scribe of Hecatonchires, who reveals that Ares and the Furies planned to overthrow Zeus. The Scribe was the first to be imprisoned by the Furies. They were originally fair in their punishment, but became ruthless because of Ares.

Making his way to Alecto's chamber, Kratos manages to retrieve the Oath Stone from Tisiphone's pet bird, Daimon. But upon entering the chamber, the Furies project another illusion, this time of Kratos' home in Sparta. Kratos is nearly taken in by this, for he got to see his wife and daughter again. He grows close to sleeping with "Lysandra" but notices the ring on her finger and reminds himself that he's in an illusion. "Lysandra" is revealed to be Alecto. She tried to convince him that he could live in this illusion if he rejoined Ares; however, noticing the Eyes of Truth hanging on her hip, he defiantly refused, preferring truth to living a lie. Enraged, Alecto drops the illusion and decides to execute him if he would not serve. However, Kratos breaks free of her sludge trap and manages to snatch the Eyes from Alecto, who retrieves deeper into her sanctum before she realized they were gone. Tisiphone joined Alecto as Kratos advanced on the remaining Furies. They created an illusion of a massive whirlpool, with Alecto transforming into Caribdis the sea monster. Using the Eyes, Kratos broke through the Furies' illusions and forced Alecto back into her human form. As he advanced on the Fury Queen, Tisiphone dispatched Daimon against him but Kratos simply used the Eyes to destroy the bird. He proceed to physically at Tisiphone, as she shapeshifted between the forms of the King and Kratos himself, belittling him.

As he wrapped his hands around her throat, Tisiphone transformed into Lysandra. Kratos briefly ceased his assault but shrugged it of and continued. Tisiphone then changed into the Village Oracle, telling him that his family was not there that night he killed them by chance, before Kratos snapped her neck, killing her. With Alecto left for last, Kratos drew his blades. The Fury Queen coldly tells him that the truth would only bring him pain before he plunges his blades into her chest. With her last breath, Alecto spitefully promises that her death would change nothing before Kratos bisects her, destroying the Fury Queen.

Kratos returned to his home in Sparta, where he was met by Orkos. Although praising Kratos' victory over the Furies, he reveals that he was remade the oath keeper once again, maintaining Kratos' bond to Ares. He begged Kratos to give him an honorable death, as it would free them both from the god, to which Kratos refused, proclaiming that no more innocent blood should be spilled. However, Orkos' continuing please ultimately forced Kratos' hand. After killing Orkos, Kratos experienced the first of his many nightmares, previously masked by his bond to Ares: this was the price he had to pay for the truth. He also discovered his path to redemption through continual service to Olympus. Kratos proceeded to burn down his house, with the corpse of Orkos inside it.

## God of War: Chains of Olympus

It was during his ten years of servitude, Kratos was given one of his greatest tasks after he aided Attica in defending against the armies of the Persian empire.

He managed to kill the Persian King, defeat much of the Persian forces, and slay the Basilisk they had unleashed on the city. However Kratos watched as the sun suddenly fell from the sky and followed the dim light on the horizon where it had landed. He found the temple of the sun god, Helios, crashed in the city of Marathon. Upon arriving, Kratos was told by Athena that Helios had been taken from the skies by some unknown persons. With Helios' light gone, Morpheus, god of dreams, was able to place the Olympians to sleep and take control of the land by covering it in his black fog. Kratos fought his way through Morpheus' minions and managed to enter the temple of Helios, where he found Eos, Helios' sister. She told him to awaken the sun god's fire steeds, which would lead him to Helios. Kratos succeeded in doing so and the steeds brought him to the Underworld, where he could see Helios' light at the Pillar of the World. The Ghost of Sparta fought his way through the Underworld and eventually battled Charon, who refused him passage across the River Styx. Kratos battled the ferryman, but lost and was dropped into Tartarus, though he eventually escaped, gaining the Gauntlet of Zeus in the process and discovering the Titan, Atlas had escaped and captured Helios.

Kratos managed to slay Charon in their second battle and headed for Persephone's temple. But throughout his journey, he'd been plagued by memories of Calliope and the song she used to play on the flute he'd once made for her. As Kratos arrived at the temple, he saw Calliope and finally became determined to reunite with her. Upon reaching the Pillar of the World, he encountered Persephone, wife of Hades, who told Kratos that he could be with his daughter if he gave all his impurity (and thus his strength and powers) to the Forsaken Tree.

The Ghost of Sparta did so and was able to enter Elysium, reuniting with Calliope and knowing the first happiness he'd felt in some time. However Persephone revealed she'd been the one who freed Atlas and sent him to capture Helios. She planned to have him use Helios' power to destroy the Pillar of the World, thus destroying everything in existence. Persephone mockingly told Kratos that though he'd gotten to see Calliope again, he'd doomed her, along with everything else in the process. Determined to save his daughter, Kratos killed the innocent souls of Elysium to again become the Ghost of Sparta, regaining his strength and powers. As he prepared to pursue Persephone, Kratos realized the Fates were never kind enough to do something like let him be with his daughter again and as he heard

Calliope weep behind him, his hate for the gods strengthened. Kratos managed to kill Persephone, free Helios, and chained Atlas so that he replaced the damaged Pillar of the World. The Titan asked the Ghost of Sparta if he really thought the gods would keep their word and Kratos replied it was all he had left. He left the Underworld aboard Helios' chariot, but found himself too weakened from his journey and fell unconcious from the Chariot. But before Kratos hit the ground, Athena and Helios stopped him and took the Gauntlet of Zeus and Sun Shield from him, noting that he was an exceptional mortal.

## God of War

Five years later, Kratos managed to slay the Hydra and was given the final task that would earn him freedom from his nightmares and redemption, as well as a chance at revenge. Athena commanded Kratos to save Athens, which was under siege by Ares and his army. He fought his way through the ravaged city, killing Ares' minions as he did so, and eventually found the Oracle of Athens. She told him he needed to find Pandora's Box, which would give him the power to destroy a god and was located in Pandora's Temple on the back of Cronos. Kratos went into the Desert of Lost Souls and summoned the Titan with use of the Titan Horn. He climbed up Cronos' body and entered the temple, overcoming the dangers within and retrieving Pandora's Box.

However Ares sensed that Kratos had succeeded in his quest and picked up a piece of rubble that he threw towards Pandora's temple. It impaled the Ghost of Sparta and Ares' harpies claimed the box, while Kratos descended into the Underworld. However as he fell towards he River Styx, he refused to give up and grabbed onto the leg of a ship captain (who Kratos had let die before) as he clung to a ledge. He was able to get onto the ledge and kicked the captain down before he managed to escape the Underworld with help from a mysterious gravedigger (Zeus in disguise). Kratos managed to get Pandora's Box back from Ares and opened it, with the power inside growing him to giant size to match the war god and granting him incredible strength. Kratos was able to fight Ares evenly, prompting the god to trap him in a void where he saw phantoms of his family being attacked by a number of evil versions of himself. Kratos managed to fight the phantoms off, but Ares took away his Blades of Chaos and used them to slay the Ghost of Sparta's family again. Now left despondent and without any will to fight, Kratos just knelt as Ares prepared to slay him. However he noticed the Blade of the Gods being held by a statue of Athena and dodged Ares' strike, taking up the sword.

With this sword, Kratos was able to beat Ares, who said he had just been trying to make the Ghost of Sparta a great warrior to which Kratos replied that he'd succeeded and finished the war god off. But despite his success, Athena informed the Ghost of Sparta that though the gods forgave his past crimes, they could not take away the nightmares that tormented him.

Kratos was left with no hope and tried to kill himself by jumping off a cliff into the sea. However Athena saved him, offering him the throne of the God of War in Ares' place and he accepted.

## Second Quest for the Ambrosia

Shortly after becoming an Olympian, Kratos entered Tartarus to once again find the Ambrosia. However this time, he wanted to destroy it since followers of Ares wanted to use it to resurrect the former god of war. On this quest, Kratos began to remember his first quest for the Ambrosia and eventually encountered a giant spider monster, who'd been sent to kill him. However he bested the arachnid and its offspring and Athena tried to warn him of the new dangers that awaited him. But Kratos ignored her, believing nothing could stop him, and eventually met Athena again, who told him he should now fear the dead. Kratos just moved on, coming across the bodies of the Spartans he'd sacrificed in his first quest for the Ambrosia. The Spartans suddenly rose from the dead, determined to have revenge on Kratos for letting them die, but the Ghost of Sparta fought them off. He managed to reach the island where the Ambrosia was located, but the island revealed itself to be a monster called Gyges. He wanted revenge on Kratos since he'd burned off a hundred of Gyges' arms with the Flames of Apollo when he'd battled

Helios' champion. However Kratos avoided Gyges' grasp and revealed why he sought the Ambrosia again. Though Gyges begged Kratos not to destroy Tree of Life as its Ambrosia kept him immortal, the Ghost of Sparta used the Flames of Apollo to incinerate Gyges, destroying the Tree of Life and all the Ambrosia. Kratos then left, knowing Ares' followers would seek revenge for his taking away their only hope of reviving Ares.

God of War: Ghost of Sparta

Soon afterwards, Kratos had a vision of his mother, imprisoned in the Temple of Poseidon in Atlantis. He headed for the city and argued with Athena when she tried to dissuade him from pursuing his visions.

Kratos was suddenly attacked by Scylla, but was able to defeat the monster and had a vision of his training with Deimos when they were children. He managed to enter the temple and found Callisto, whom he had believed to be dead. She told Kratos his father had brought her there and that Deimos was alive, having been imprisoned in the Domain of Death. Shocked and enraged at being lied to for all those years, Kratos demanded to know why she lied and the identity of his father. Callisto tried to tell him the truth, but changed into a terrible monster and attacked her son, making him kill her. Kratos became angered that the gods had taken another family member from him and set out to save Deimos.

He eventually came across the volcano prison of Thera, a Titan, who asked him to free her. Kratos did so, gaining the power of Thera's Bane, letting him empower his blades with flame. As he descended deeper into Atlantis, he battled Scylla again and managed to kill her by impaling her with the Archimedian Screw. Kratos headed back to Sparta and along with way, was confronted by Erinys, daughter of Thanatos, who told him Deimos belonged to her father, as did the Ghost of Sparta's blood. Kratos replied that nothing, including Erinys could stop him and battled the daughter of Thanatos, eventually slaying her. He found the way to the Temple of Ares in Sparta, where he found the key to saving Deimos. Kratos returned to Atlantis as it was sinking where he managed to enter the Domain of Death. He finally found Deimos, deep in Thanatos' temple and freed him, only to be attacked by his brother, who blamed him for his imprisonment since Kratos didn't save him.

The Ghost of Sparta was eventually beaten down by Deimos, when Thanatos intervened, carrying Deimos away. Though badly weakened from the fight, Kratos pursued them to the Suicide Bluffs, where he'd tried to end his life after killing Ares. He saved Deimos from falling to his death and reconciled with him, joining forces to battle Thanatos.

Together they were able to fight the death god, but Deimos lost his life in the battle and an enraged Kratos finally killed Thanatos. He carried his brother's body to a grave being dug by the mysterious Grave Digger, laying him down to rest there and said Deimos was now free. Kratos was on the verge of throwing himself off the cliffs again, but stopped himself and asked what he had become. The Grave Digger said that the Ghost of Sparta had become "Death, the Destroyer of Worlds" and vanished. Athena appeared, begging Kratos to forgive her for not telling him the truth and saying he'd become able to be a full god. However the Ghost of Sparta just replied that the gods would pay for what they had done, before he returned to Olympus, now more hateful of the Olympians than ever.

## God of War: Betrayal (non-canon)

As Kratos helped the Spartans besiege a mortal city, he was attacked by Argos, servant of Hera. But before he could defeat the monster, a mysterious assassin killed it, which Kratos realized was an attempt to destroy his reputation amongst the Olympians.

He pursued the assassin, but found himself having to fight the servants of Hades. Kratos refused to let them stand in his way and continued his pursuit, only to find Ceryx, the gods' messenger, barring his path. Thus the assassin escaped and Ceryx ordered Kratos to stop, a command that came from Zeus. However since he wouldn't give him a reason, the Ghost of Sparta just became angry and killed Ceryx. It was only afterwards that Kratos realized Zeus wouldn't react kindly to such an action.

## God of War II

As Kratos' Spartans conquered Rhodes, Athena warned him that with every city he destroyed, the more of the gods' anger he incurred. Kratos didn't listen to her and leapt down to Earth to deliver the final blow to Rhodes. However upon landing, an eagle took a great deal of the Ghost of Sparta's godly powers, shrinking him to mortal size and placing it in the Colossus of Rhodes, animating it.

Assuming Athena was behind this, Kratos fought his way through Rhodes while battling with the Colossus.

Eventually Zeus offered him the powerful Blade of Olympus and the Ghost of Sparta infused what was left of his godly power into it. With the blade in hand, Kratos destroyed the Colossus and called out to the gods, asking if they needed more proof than this. However the giant's hand fell onto Kratos, knocking the Blade of Olympus away from him. Bloody, beaten, and without his immortality, the Ghost of Sparta knew his only hope was to reclaim the Blade of Olympus. But as he staggered towards it, the eagle flew down and revealed it was actually Zeus, who told Kratos he would not give the Ghost of Sparta a chance to kill him as he had Ares. The king of the gods demanded that Kratos serve him, but he refused and Zeus killed him, impaling him with the Blade of Olympus, before destroying the Spartan army. The arms of the Underworld reached up and dragged Kratos down into the Underworld, but he found a new ally.

Gaia, a Titan who'd watched him throughout all his life, gave the Ghost of Sparta the will to fight death and healed his wound. Kratos climbed out of the Underworld and commanded the only surviving Spartan to return to Sparta and be prepared to fight. He then mounted the Pegasus, a winged horse sent to him by Gaia, and tried to fly back to Olympus to have his revenge. However Gaia informed Kratos that he was no longer a god and that he had to seek out the Sisters of Fate so as to travel back to the time when Zeus betrayed him. That would be the only time when Zeus would be vulnerable and Kratos could reclaim the Blade of Olympus. His journey to the Sisters of Fate brought Ghost of Sparta to the mountain prison of Typhon, where the Pegasus ended up trapped in the Titan's grasp.

As he sought to free the Pegasus, Kratos came across Prometheus, who'd been condemned to be partially eaten by a large bird then rehealed everyday by Zeus for giving the Flames of Olympus to humanity. Prometheus begged Kratos to burn him in the flame to release him and the Ghost of Sparta managed this after ripping out Typhon's Bane, a bow with wind powers, from Typhon's eye. As Prometheus burned, Kratos took in his ashes, gaining the power of the Titans. He eventually found his way to the Island of Creation, home of the Sisters of Fate and came across Theseus, who had become guardian of the Steeds of Time, which Kratos needed to activate to get to the Island. They fought to determine the greatest warrior in Greece and

Kratos eventually killed Theseus, impaling him with his own spear and smashing his head in a door. As he continued to fight his way to the Sisters, Kratos battled the Barbarian King that he'd killed when he joined Ares, who escaped the Underworld to change his fate, Perseus, who was attempting to bring his love back to life, and Icarus, who was insane and certain he was the only one who could reach the Sisters of Fate. After struggling with Icarus when he caused them to fall into a chasm, Kratos found himself upon Atlas in the Underworld. The Titan at first tried to crush the Ghost of Sparta for getting him stuck there, but Atlas relented when Kratos told him he was now determined to destroy Zeus and change his fate so as to do so. Atlas helped him get back to the surface and Kratos found his way into the Palace of the Fates. It was there that the Ghost of Sparta encountered a mysterious warrior, who was also determined to reach the Sisters of Fate.

Kratos defeated the warrior and struck him a fatal blow, but discovered the warrior was the last surviving Spartan he'd met in Rhodes. The Spartan told him that Zeus had destroyed Sparta and that he'd come to the island to try and change Sparta's fate. Before dying, he said that he had faith that their brothers in Sparta would live on through Kratos, the true god of war. Enraged, the Ghost of Sparta roared at the heavens, demanding that Zeus come and face him, but was attacked by the Kraken. However Kratos didn't fight and was so overcome by frustration that he didn't care about his quest anymore. As the Ghost of Sparta found himself held by the tentacles of the Kraken, he saw an image of his beloved Sparta burning. Gaia, in the form of Kratos' wife, appeared; telling him that even if he relented, Zeus would torment him still and would never rest as long as the Ghost of Sparta lived. Even when Kratos died, Zeus' brother, Hades, would put him in a place of torment forever. Gaia went on tell him that victory favored him, but he had to take hold of his destiny and command it and that there was a war on the horizon and the Titans wanted him to lead him into battle. Regaining his will to go on, Kratos slew the Kraken and found his way into the Sister of Fate's temple.

The Ghost of Sparta met with Lahkesis, who said the Fates determined the fate of all and it was she who allowed him to get this far. She told Kratos that it was not his destiny to kill Zeus, but he replied they didn't control his destiny and began fighting her.

The Ghost of Sparta was able to take her on, prompting Lahkesis to summon Atropos, who took Kratos back in time to the Blade of the Gods during his fight with Ares. She tried to destroy it so that Kratos would lose that battle, killing his past and present selves, but he managed to stop her. He managed to get back to the Sisters' throne, where he fought both Lahkesis and Atropos at once. Eventually Kratos trapped the two in one of the mirrors they used to go into the past and shattered it, ridding himself of both of them.

He proceeded to the Loom Chamber, where the last sister, Clotho, warned him that manipulating his fate could have severe consequences. However Kratos killed her and used the Loom Chamber to take control of his fate and went back in time to the time when Zeus betrayed and killed him. Taking the Blade of Olympus from Zeus, the two engaged each other on the Summit of Sacrifice. Eventually Zeus unleashed a powerful wave of lightning, prompting Kratos to apparently surrender. He asked the king of the gods to free him from his torment, but Zeus replied "I will release you from your life my son, but your torment is just beginning."

However Kratos blocked Zeus' strike, pinning him down with his Blades of Athena and drove the Blade of Olympus into the king of the gods' stomach. As Kratos tried to finish off Zeus, Athena intervened, trying to defend Olympus and the king of the gods' tried to retreat.

Kratos tried to finish him off, but Athena intervened and was stabbed through the chest, killing her. Athena revealed to the Ghost of Sparta that he was Zeus' son and Zeus tried to kill him out of fear of

Kratos overthrowing him as Zeus had done to Cronos. Athena begged the Ghost of Sparta to stop seeking revenge and the gods would defend Zeus, before dying. Kratos simply said that if all of Olympus would deny him his revenge, then all of Olympus would die. He went back to the end of the Great War and brought Gaia and the other Titans to the present, leading them against Mt. Olympus.

## God of War III

As the Olympians engaged the Titans, Kratos battled their forces until Poseidon began using his Hippocampi to pull the Titans off the mountain. The Ghost of Sparta battled the Hippocamp attacking Gaia and eventually engaged Poseidon, who was in an enormous Titan-esque form made of water and rock with Hippocampi coming from the base of his torso. With Gaia's help, Kratos was able to fight Poseidon, eventually forcing the sea god out of the form.

He tried to warn the Ghost of Sparta that the end of Olympus meant the end for all, but Kratos ignored him and beat up Poseidon. He eventually gouged out the sea god's eyes and snapped his neck, before tossing him down into the sea. As Poseidon's body landed in the ocean, the seas rushed forth, swallowing much of the land. Gaia and Kratos continued their ascent up the mountain, eventually reaching Zeus and Kratos faced his father, declaring that he would not see the end of this day. However the king of the gods fired a powerful lighting blast at his son and Gaia, sending them both falling down the mountain and partially severing the Titan's hand. Kratos found he couldn't hold on and called out for Gaia to save him, but she replied if she did, they would both fall. She said Kratos had been nothing more than a pawn of the Titans and that this was their war, not his. Unable to hold on, the Ghost of Sparta fell into the Underworld and landed in the River Styx, thinking about the events of his life. Weakened by the souls of the river, Kratos managed to pull himself out and swore to escape Hades again so he could destroy Zeus. However the spirit of Athena appeared before him, saying her death had brought her to a higher plane of existence.

She now wanted to help Kratos destroy Zeus, which the Ghost of Sparta found suspicious after she gave her life to protect the king of the gods. To try and win his trust, Athena transformed Kratos' ruined Blades of Athena into Blades of Exile and told him that to defeat

Zeus, he needed to seek out the Flame of Olympus. Kratos journeyed through the Underworld, eventually coming across the Judges to the Underworld, who decided that the afterlife was not ready for the Ghost of Sparta, opening the way for him to move on. Kratos eventually came across Hephaestus, who told him about the Flame of Olympus, which had the power to destroy both mortal and god. He finally entered Hades' Palace, where he found the coffin of Persephone and used it to smash open the way into Hades' throne room.

At first, Hades taunted him from the shadows about all of the god of the Underworld's family members that Kratos had killed. They battled each other and Kratos eventually managed to take the Claws of Hades, using it to rip out Hades' soul, killing him.

With his death, the souls of the Underworld roamed free and Kratos came across Hephaestus again, who told him about his daughter, Pandora, who had been taken from him. The Ghost of Sparta managed to escape the Underworld via a Hyperion Gate, ending up back on Mt. Olympus. He continued to fight across Mt. Olympus, running into Gaia, who begged for his help. Kratos jut replied that she was a means to an end and nothing more, as she had to him and used the Blade of Olympus to sever Gaia's hand, causing her to fall.

He continued to fight the gods and the Titans as he attempted to reach the Flame Of Olympus. Kratos later tried to find Pandora, who was the key to retrieving Pandora's Box, which was within the Flame of Olympus and supposedly had another power inside it, greater than the one Kratos used to defeat Ares.

In his quest, the Ghost of Sparta ripped off Helios' head, stabbed the Titan, Perses, in the eye with the Blade of Olympus, sliced Hermes' legs off and took his boots, beat Hercules' face in with the Nemean Cestus, and snapped Hera's neck for insulting Pandora. Kratos encountered Hephaestus yet again, telling him that he wanted to find the Labyrinth. The smith god realized that he was seeking Pandora to sacrifice her to retrieve Pandora's Box at first became angry and said it was Kratos' fault he was imprisoned in the Underworld and Pandora was imprisoned in the Labyrinth. However Hephaestus seemed to change his mind and sent Kratos to Tartarus to retrieve the Omphalos Stone, which he could use to make the Ghost of Sparta a weapon.

However Kratos killed Cronos, taking the Omphalos Stone from within his stomach and killed Hephaestus soon afterwards when the smith god tried to trick and kill him so as to protect Pandora. Kratos eventually retrieved Pandora from the Labyrinth and brought her to the Flame of Olympus. But as she tried to sacrifice herself, Kratos stopped her, having second thoughts since Pandora reminded him of his own daughter. However Pandora refused to let the Ghost of Sparta stop her, saying this was her destiny when Zeus appeared and captured her. Kratos demanded that he let her go, but the king of the gods replied that he should not confuse Pandora with his own daughter only to sneer that the Ghost of Sparta already had. Zeus told Kratos to look around at what he had wrought in his need for atonement for killing his family. However the Ghost of Sparta replied that he could see only what he had come to destroy and took on Zeus as the chamber crumbled around them.

Pandora tried to throw herself into the flame to extinguish it, but Kratos grabbed her, determined not to let her do so. Zeus commanded at him not to let Pandora into the flame, but when he told Kratos not to fail her as he had his family, the Ghost of Sparta's rage overtook him and he threw himself at Zeus. Pandora extinguished the flame, sacrificing herself in the process and Kratos opened the Box, but found it was empty. Zeus mocked him for "another stunning failure" and went outside to await his son for a final battle. Enraged even more, Kratos went out to fight his father in the pavilion, but as they fought, Gaia appeared. She attempted to crush the two, but they jumped into a hole in her chest left by Poseidon's Hippocamp and ended up fighting in the chamber housing Gaia's heart.

After a titanic battle, Kratos managed to defeat Zeus, impaling him on the Blade of Olympus, against Gaia's heart, finishing the two off. The Ghost of Sparta awoke amongst Gaia's crumbled body and found Zeus' body, still impaled on the Blade of Olympus. Kratos pulled it free and walked away, but his father's spirit was still determined to finish him. Zeus blasted the Ghost of Sparta with lightning, destroying most of his weapons and magic items and draining his will to fight, replacing it with overwhelming fear and loss. Kratos was left trapped in his own mind, haunted by his memories and his father's taunts. But Pandora aided him in forgiving himself for his failures and allowed him to regain his feelings of Hope.

Tossing away his Blades of Exile, the Ghost of Sparta bloodily and relentlessly beat Zeus to death, finally killing his father. Athena congratulated Kratos on his victory, then asked that he give her the power he'd taken from Pandora's Box. The Ghost of Sparta replied that there wasn't anything in the Box and Pandora had died for nothing due to his need for revenge. Athena said that was impossible since she saw Kratos use the power, Hope, she'd put in the Box to kill Zeus. She explained that she put the most powerful power in existence in the Box when Zeus put the evils of the world inside in case they were released. Athena demanded that Kratos give her the power he'd taken in, since it was rightfully hers and she could now use it to rebuild the world. However Athena realized that when Kratos opened the Box to defeat Ares, he'd taken in the power not the evils as everyone believed. The evils instead infected the gods, causing them to change, even Zeus, making him into the monster Kratos had battled. It had been sealed in him by all his guilt, anger, and need for vengeance and when the Ghost of Sparta finally forgave himself, he released it.

Athena asked Kratos for Hope again, but he refused and drove the Blade of Olympus through his stomach, releasing the power to the mortals. Angered at that action, Athena removed the Blade of Olympus and Kratos had disappointed her, before leaving Kratos to 'die', as he laughed to himself at one last victory, his quest for revenge finally done. However in a post-credit scene, a trail of blood from where Kratos had been dying was seen, leading off a cliff, hinting that he is still active.

## A New Life

Sometime after the events of God of War III, Kratos left Greece for good. Before leaving, however, he rediscovered his original Blades of Chaos and took them with him. He traveled further into Europe before settling in Scandanavia (called "Midguard" by it's inhabitents). At some point after arriving he met a woman named Faye (Secretly the giantess, Laufey the Just) and fell in love with her.

Eventually, after revealing his past to her, Kratos and Faye married and had a son. Faye initially wanted to name their son "Loki", but they eventually decided on the name Atreus, after a friend of Kratos' who was always joyful. They chose this name, because Atreus' birth filled them with joy and hope.

While we know little of this time. It is known Kratos would leave his family at times (presumably on hunting trips). Atreus was often sick as a small child and stayed at home with his mother. Despite some distance from his family, he spent enough time with Atreus to teach him to speak Greek (As Faye taught him to speak and read in the languages of her lands.)

When Atreus was still a young boy, Faye would die from unknown causes. Before her death, she passed on her Axe "Leviathan" to her husband and marked the trees she wished to be used in her funeral pyre. Her last request was to have her ashes scattered by Kratos and Atreus at the highest point in all the realms. Unknown to them at this point, Faye was referring to the Giant's Fingertips in her homeland of Jotunheim.

God of War (2018)

It all began when Kratos was chopping down a tree with his Leviathan axe. After chopping the tree down, he carried it with his arms, along with his son, Atreus, to the boat where they journey home. While riding on the boat and before reaching home, Kratos' son told him that he felt that the forest had changed, but Kratos told him not to dwell on it. By the time they've reached home, Kratos then, carries a corpse covered in a bag, which turns out to be his deceased spouse and mother of Atreus, laying her on the a bunch of logs, and then begins burning her, carrying to the afterlife by the flames. As Atreus took the knife from her mother, Kratos insisted that it was his to keep.

As Kratos and Atreus had spotted, then started hunting the deer, Atreus then shoots an arrow, but missed, without his father's signal, which infuriates him at first, but then calms himself and teaches his son a lesson about hunting. Kratos then tells his son to find it, and not willing to give Atreus his bow back, because he's not ready, until they find the deer. But before they could find the deer, they encountered Draugar. At first Atreus wanted to help, but then Kratos insisted that his son was not ready and killed all them by himself. After Kratos killing all the Draugar through their paths, and finally reached the point where they found the deer, Kratos's son now listens and wait patiently for his mark. As Atreus successfully, and finally, hit the target, they, then, started finishing it off. At first Kratos's son gave the knife to his father, but Kratos denies it and tells his son finish what he has started. Atreus was unwilling to kill the deer, but Kratos helped him finish the job by gently holding his son's hands that are holding the knife, penetrating the deer's neck. After successfully hunting down the deer. A troll began to attack both Kratos and his son, first, grabbing the deer's corpse, with Atreus attacking first but thrown off the edge of a small cliff where they both begin the first major battle. Together, as a team, both Kratos and Atreus must fight the troll in order to survive.

After defeating the troll, Kratos then begins knocking the troll's head, breaking one of his horns, with his shear bulk, beating his head a couple times and then finally slaming it to the ground and finished it off by cracking its neck with his godly strength.

But after finishing off troll, he witnesses his own son, Atreus, visousily attacking the fallen dead corpse of the troll repeatively with all his anger and hatred and coughing with his sickness, a reminder of Kratos, himself, from the past, and Kratos, then, stops and calms his son down. Finally, Kratos made the decision that his son is not ready. After Kratos' son heard his decision, Atreus was upset, arguing towards him that he had proved himself by listening to whatever his father commands and believes he is ready and hasn't been sick for a long time. But Kratos still told his son that he is not ready and says they're going home.

By the time they were finally home, Kratos picked his wife's ashes and put her inside the bag, so he and his son could later on prepare to spread her ashes on the highest mountain, while his son already went inside the house. Then, inside the house, both Kratos and Atreus had a discussion. Kratos told his son he was out of control, but Atreus argued that even his own father does angry as well during fights. Kratos then points out anger be a weapon, but also manageable, and claims to his son that he cannot, worried that his son will put himself in danger.

But Atreus still argued that he is ready. After hearing his son's claim that he was ready, Kratos then tries to test whether what Atreus says is true, by encouraging him to punch both of his hands. As Atreus did as his father told him to do, Kratos purposely hit his own son's knuckles, which later on, his own son became enraged, after repetitively slapping his knuckles, and starts hitting his father and lose his control falling to the floor. Kratos then proves to his son, picking him up, telling him that he is not ready, due his out of control behavior.

Suddenly, coming from outside of the house, both Kratos and Atreus felt the whole house shaking, which leads to mysterious person that was knocking on the door, demanding Kratos to come out of his house. Sensing that the mysterious person could be dangerous, Kratos tells his son to hide under the base, which at first, at the time tells his son not to go there, but with no choice, the base was the only place Kratos can think of for his son to hide. Kratos opens the door and the Stranger began talking to him, saying that he knows who he truly is where he comes from.

Kratos asked what the Stranger wants, but the stranger assumes that he knows the answer. Kratos, then told the Stranger that he doesn't have what he wants, and tells him to leave. But the Stranger refused and starts taunting Kratos about his kind and claim he's like a coward, hiding in the woods. Kratos warns him that he does not want this fight, but the Stranger insist that he does. The Stranger, then, purposely, hits Kratos to try agitating him. But Kratos, again, warns him to leave his house. Things began to get worse between Kratos and the Stranger, as the first fight between the two them gets physical. The Stranger, shockingly, strong enough to punch Kratos high over his own house, and also matching Kratos' strength. While fighting behind the house, Kratos was thrown by the Stranger, while grabbing him, started landing on Krato's house, where they both started fighting on the rooftop. The Stranger punched through Kratos' rooftop, realizing there were two beds, hinting him that Kratos is not alone in his house, and asked Kratos who he was hiding. But Kratos, never willing to answer, for his son's safety, just kept on fighting him. As the fight rages on, more of Kratos' property and territory, outside of his house, began to demolish and destroyed.

The Stranger at first attempts to get into Kratos' house to see who was hiding, then Kratos began to unleash his rage, bursting out and attacking the Stranger and used a tree to push him farther away from his home, as the fight still continues. Kratos then bangs him into the huge boulder of rock, then thought of finishing him off by punching off parts of the huge boulder and then slams it on top of the Stranger.

At first it seem over, but the stranger, still alive throws the huge rock at Kratos, but Kratos manage to use his shield to protect himself and used it to smash the boulder to pieces. The fight continues, but while fighting, the Stranger then tells him personally about himself to Kratos that he can't feel anything like Kratos does, and warns him he'll keep on coming back, no matter what he does to him, while at the same time, their strength during battle, had caused an enormous crack the ground. Kratos was then thrown into the big crack, but managed to hang on with his Leviathan axe on the edge of the cliff, in the center, which the axe created a big hole for him to climb, until the Stranger attempts to push him of the cliff. Kratos luckliy fell onto the other side of the cliff, and climbed up, while being taunted by the Stranger that he can't win no matter what he does to him, while Kratos, on the other hand, using his rage to heal himself from his injuries during battle. The final part of their first battle with each other leads Kratos wrestling with the Stranger. But before the fight was over, the Stranger did tell Kratos that he'd hope he can make feel something that Kratos can, and then Kratos cracks the stranger's neck, finishing him, by pushing him off the cliff. As Kratos had finally defeated the stranger, he now realizes that his home with his son is no longer safe. Worst come to worst, Kratos' son was not ready. He talk to himself about it and claims to himself that he dosen't know what to do without Faye's help, now that she's gone. Kratos finally made his decision that he and his son can't stay home. Kratos came home and opened the base where he hide his son. Kratos told Atreus that they leave and start their journey. Atreus thought that Kratos says that he wasn't ready, but Kratos told him they don't have a choice and also encourages him to prove him wrong, as now their real journey begins. While getting across the edge of the cliff, Kratos and Atreus had a disscussion about what they'll encounter in their journey. Atreus stated to Kratos that animals, he understood, are for hunting, draugar are soppose to be dead, and other people are trying to survive as well. Kratos teaches his son to close his heart and emotions towards his enemies' suffering and pain, and warns him that they will feel for him back. Meanwhile, by the time they got to the bridge, Atreus was ignorant enough to assume that the bridge was safe, but Kratos warns to stop jumping on it, but failed to signal his son's command. Before the bridge began to break, Atreus was slipping while Kratos attempts to rescue him by walking on the bridge slowly. By the time he reached his son, the bridge colapsed and both of them fell into an area filled with draugar.

Both father and son are wary of the draugar surrounding them, as one of them could come back to life. Then, one of them came back to life, one after another. Kratos and Atreus began fighting their way out killing every last one of them. But then something pushed down a boulder, and yet, another draugr appeared, but this time, a more heavier and bulkier one. More of the other draugar appear as well, and both Kratos and Atreus managed to make through the battle. Kratos and Atreus climbed up to the wall and entered an area filled with green fog, while hearing the scary singing, which they're heading to. As they approach towards the scary singing, a revenant appears. If Kratos tries to attack the revenant by himself, the revenant would teleport imediately, but with Atreus' help shooting at her, she is less likely to teleport for a while, giving Kratos time to kill her imediately, which he did. Atreus told Kratos that he is willing to kill men who try to attack them, but Kratos told his son no and that he'll stay out of it when they encountered men, and says he'll handle them on his own. As they continue their journey in the dark place below the broken bridge, Kratos opened the gate, and he and Atreus encountered Reavers, cannibals that haven't eaten for days with all the left over remains of fallen victims that prey to the Reavers, which Atreus, at first, smelled one of the rotten corpses, knowing it smells awful.

The Reavers attemptted to kill Kratos and Atreus for their meat, but Kratos manged to kill them all, and then encountered and also killed shadow warriors. But then Kratos was attacked from behind by one of the last remaining Reavers, but managed to strangle him down, while witnessing his own son being attacked by another Reaver. Atreus had managed to kill that Reaver with a knife down to his throat, but was traumatized while the corpse lies on top of him. And Kratos, then cracks the neck of the last remaining Reaver and starts heading towards his son to see if he's okay. As Kratos picked up the corpse, he saw Atreus terrorified and crying a bit, after being attacked the cannibals.

Kratos comforts his son and told him to close his heart to their suffering and pain. But before Kratos could finish his sentence, the dead Reavers came back to life trying to attack them, as Hel-walkers. Again, Kratos managed to kill them all by himself, and terror of the attack is finally over. Atreus claims he wants to get out of the place filled with corpse of people that had been killed by the Reavers, after being attacked. Kratos points out to high level and the chain that he can climb by boosting his son up there, who is small enough to fit in the tight hole. Kratos reminded him twice about the chain, due to Atreus still being scared, which his father told him to let it go. But the third time, Kratos warns that he and Atreus will go home if can't handle the journey. Atreus finally pushed chain for Kratos to climb out, so they can finally get out of the Reavers' hideout. While Kratos and Atreus managed to get out of the hideout from the Reavers, Kratos teaches his son to not to feel for his enemies to be a warrior, effective in combat. After escaping, they met up with Brok, the blue dawrf that owns a Huldra creature, that refuses to get across the bridge. Atreus told Brok that the animal is afriad of something hiding in the tree. Atreus told his father, Kratos, to throw the axe the tree top. After Kratos listened to his son, the Huldra creature now continues to cross the bridge, with Brok amazed about the boy's talent.

While crossing the bridge, Brok told Kratos that he and his brother were the ones that made the axe, knowing that Faye gave it to him, Brok talks to Kratos to trust him on helping him to make improvements and changes on his axe. At first, Kratos didn't trust Brok, but then finally agreed, as both Kratos and Atreus began to head to Brok's shop and start improving their weapons and gear. After the improvement, Kratos notice some great changes from the axe and gear, which leads to Drauger about to attack him, and Kratos tests the improvements on the Drauger by attacking them to see the changes. After killing them off, Kratos and Atreus were about to move on. Atreus thanked Brok for their help before continuing their journey and told Brok he'll think of a name for his creature, since he never gave the Huldra creature one, but, then Brok, finally, came up with one, calling it "Fucking Gratitude". Kratos opened the gate, which Brok warns them that their death traps. Both Kratos and Atreus managed to pass the death traps and make out alive, leaving Brok behind. After making out of the death traps and leaving Brok behind, Kratos and Atreus continued their journey towards their path where they spotted tracks of another animal, but a different species this time. Atreus immediately recognized the tracks belong to a boar. The second hunt among father and son begins. After encountering the enemies and killing them and finally found the boar, Kratos teaches his son how to be effective with his bow and arrow, in order to be ready for his shots.

But as Atreus successfully shoots his arrows at the boar, strangely, the arrow bounced off, after hitting the boar. Atreus, puzzled, why it didn't penetrate the boar's hide, ask his father what kind of boar it is. But, despite Atreus' failure in killing it, they continued to hunt it down. By the time hid from the boar the second time, with Atreus ready shoot his arrows, again, this time, the arrow penetrated the boar's hide, and began fleeing. Kratos tells Atreus to go after it, which his son did, but dropped his knife, but Kratos knows, so he picked it up to give it to his son, later on. Kratos, now worried, knowing that both his son and the boar headed to a place filled with fog, called his son's name multiple times, while shouting and running at the same, afraid something bad may happen to Atreus without Kratos by his side. Kratos also heard Atreus talking to a mysterious voice, as Kratos rushed and finally managed to get out of the fog and caught with his son and met up with a woman.

When Krato finally saw Atreus alright, they met up with woman, known as the Witch of the Woods, who both Kratos and Atreus had unintentionally hunted and wounded her friend. The Witch instructs Kratos to stop the boar's bleeding by placing his hands by blocking the wounds. All three of them, while Kratos carries the wounded animal, headed towards the Witch's house that, which is under the giant tortoise, along with other animals the walk by. By the time all three went inside the Witch's house, the Witch told Kratos to place the wounded boar on the floor to heal it. While the Witch told Atreus to get some plants for medical attention, alone with Kratos, she claims that she know who he was and what he had done in the past, and assumes that his son doesn't. Kratos claims it's none of her concern, which the Witch agrees, and also warns him that the Gods in the land Kratos is in don't take kindly to foreigners and will find and make him and his son's journey difficult. She then told Kratos to get her some medical plant from her background garden. As Kratos got all three medical plants, and giving Atreus his knife for accidently dropping it without realizing it, when hunting the boar, both Kratos and Atreus were guided by the Witch inside her house, after Atreus told her about their jounery to spread his mother's ashes to the highest peaks of the realms, and willing to help them finish their jounery. She gave both Kratos and Atreus magical markings that she tells both of them that it hides them from anyone who would make their jounery difficult. Before leaving through the exit of the underground cave of the Witch's house, the Witch gave them a compass, so they'll know where they're heading for their journey.

When he was done we were shocked and absolutely amazed and horrified!

Me: WHOA!

Eli: Wow that is amazing!

Arrietty: Unbelievable!

Ets: That history is a long one and a brutal one!

Nico: So Ares the God of War force you to kill your whole family!

Krato: Yeah he did.

Me: What a monster!

Wonder Woman: Our Ares is a villain too. But he has not yet committed the atrocities yours has.

Batman: That's something that the Joker would do instead.

Kratos: Your Ares still lives?

Tae Kwon Crow: We need at least one version of Ares alive to keep the Greek Pantheon intact.

Me: Ares the God of War is a monster and he causes nothing but pain and suffering.

Nico: Yeah.

Eli: Ares will one day be found out for his crimes and will be destroyed.

Laney: What he did was terrible. Like a certain warmonger we all know and hate.

Grundy: (stomach growls) Grundy hungry.

Nico: For a dead guy you are always hungry. But yeah lets eat.

Me: I'm hungry too.

Nico: Care to whip us up some grub?

Me: You got it.

I used my imagination powers to make a bunch of meat leg trees and they had legs of fully cooked meat.

We were having a great lunch.

Armada Starscream: (to Kratos) So, what do you eat around here?

Kratos: Mostly meat and fruit.

Nico: Nice choices.

Eli: Yeah they sure are.

Captain Boomerang: So, mate. Got any other enemies besides your version of Ares?

Kratos: Only my biggest enemy. Baldur.

Nicole: He is bad news too.

Nico: What can you tell us about him?

Kratos: It's not a pleasant sight.

He went over his history.

**Baldur**, initially known as " **The Stranger** ", is the main antagonist of the 2018 video game *God of War* . He is the Norse God of Light and the son of Odin and the goddess Freya. He is Odin's best tracker and is a vicious fighter as he is unable to feel pain or be harmed due to his curse his mother placed on him. He is sent with his nephews, Magni and Modi, by his father, Odin, to hunt down and kill Kratos and his son Atreus as Odin believes them to be the bringers of Ragnarok.

He was voiced and motion-captured by Jeremy Davies, who also portrayed Malcolm Dreyfuss in *Sleepy Hollow* and John Deegan in the *Arrowverse* .

Early life

Baldur was born to Odin and Freya in Asgard, the half brother of Thor and Tyr. He was described by Freya as a happy child and was to be known as the god of light due to his loving nature. A prophecy foretold Baldur would die a needless death which would in turn begin the events of Ragnarok. Due to this and her love for him, Freya cast a spell on Baldur which made him invulnerable to any type of harm. This spell, however, had a horrific, and unintended, side effect on Baldur as it took all sense of feeling from him such as pain, feelings of pleasure and even joy. Years of not being able to feel turned Baldur cruel and uncaring. He grew to hate his mother for what she had done as well as his place in life as he could no longer feel the world around him.

*God of War* (2018)

On Odin's orders, Baldur, tracked Kratos to his home in Midgard. Baldur immediately was hostile towards the Spartan, taunting him and goading him into a fight, stating he knew who he truly was. Baldur finally received the response he was looking for from Kratos and was punched in the face, sending him flying back. Baldur was disappointed; despite Kratos's great power, he still was not able to make him feel pain. As the Ghost of Sparta was about to strike again Baldur took him by surprise and delivered a strike that sent him flying through the air and over his house. The two continued on with a brutal and exhausting battle that literally cracked open the ground beneath them. The fight culminated with Kratos snapping Baldur's neck and tossing him into the open gorge, seemingly killing him.

Due to his invulnerability, Baldur survived and was next seen with his nephews, Magni and Modi (Thor's sons) attempting to interrogate Mimir, a God that Odin had trapped in a tree at the top of the Mountain. Mimir refused to answer Baldur's questions regarding Kratos and Atreus, pointing out that Baldur had both nothing to threaten him with nor the authority to free him from his suffering. Baldur, Magni, and Modi subsequently left to try and find Kratos and Atreus elsewhere.

Later, after Kratos, Atreus, and Mimir (now a decapitated, reanimated head thanks to Kratos freeing him) return to the top of the Mountain and attempt to enter Jotunheim through the gate there, Baldur attacks them. Beating Kratos, he is shot through the chest and head by Atreus, which he simply shrugs off. Atreus - having become more egotistical and impatient since learning of his Godhood - is easily goaded into stunning Kratos with a lighting arrow and attacking Baldur head-on. Baldur easily disarms Atreus, holding him up by the neck and mocking him for thinking he was ready to take him on. Stabbing Atreus in the shoulder with his own knife, Baldur bid Kratos goodbye before running off the edge of the mountain and landing on his pet dragon. Kratos swiftly followed, catching the dragon's tail and climbing on before the two Gods engaged in another brutal fight. Eventually, Kratos was tossed off, but not before slicing the dragon's wing and sending it crashing into a cliff face next to the Lake of Nine. However, Baldur, carrying Atreus, was able to jump off the dragon and land in the Realm Travel Room on Tyr's Bridge. While attempting to use the Travel Room to enter Asgard, Baldur was interrupted by Kratos, who was able to redirect the Room to cast himself, Baldur, Atreus, and Mimir into Helheim, with all of them landing on the Bridge of the Damned.

During the landing, Baldur was separated from the three protagonists. As they traveled through Hel, they came across Baldur being tortured by a vision. Through this, it is revealed that a century ago, Baldur's mother, Freya, blessed Baldur with invulnerability to all harm. However, a side effect of the blessing was that Baldur could no longer feel anything - be it taste, sexual pleasure or even pain. Baldur confronted Freya about this, admitting he would rather die than never feel again. However, she refused to lift her blessing, fearing her son would suffer a pointless death as she had foreseen. The present Baldur watched this, pacing about and eagerly telling his vision counterpart to "do it." The vision-Baldur appeared as if he would kill Freya - however, it played out as history did, with vision-Baldur stating that he never wants to see Freya again. The vision ended, and Baldur screamed in fury, calling his vision-self a coward. Eventually, he collapsed into a sobbing wreck, calling himself a coward.

Much later, Kratos, Atreus, and Mimir ventured inside the World Serpent, Jormngandr, in order to find Mimir's missing eye and open a secret gate to Jotunheim. On their way back out of the Serpent, they felt him being violently thrown about and were spat up on the shore next to the frozen corpse of the Frost Giant, Thamur. Freya then joined them, telling them that she had started searching for her son. After some hesitation from Kratos and Atreus thanks to their knowledge of Baldur and Freya's relationship, the Invulnerable God waded out of the water, stating that he felt that hurting "the big snake" would get the pairs' attention, and chiding them for costing him something (implied to be a promise from Odin to lift his curse if he delivered the two to Asgard). He paused, however, upon noticing his mother. Though Freya tried to make peace with her son, Baldur simply stated that he did not need her before approaching. Kratos, however, stopped him, telling the Norse God that he knew from experience that Baldur would find no peace in vengeance. Baldur ignored this and attacked Kratos. Eventually, Freya attempted to ensnare the two in vines to keep them from killing each other. Baldur dodged and went to attack Kratos. Atreus then stepped in, attempting to protect his father, to which Baldur responded by punching him in the chest. What Baldur did not know was that earlier, the dwarf Sindri had gifted Atreus with Mistletoe Arrows for saving him from a dragon. The head of one of these arrows was used to tie together Atreus' quiver after the string broke - right over his chest. As such, Baldur inadvertently stabbed his hand with the mistletoe arrow, which - to his amazement and Freya's horror - broke the blessing that rendered him invulnerable, allowing him to feel again - but also to be killed.

The fight continued, with Freya using her Seior magic to summon vines, Brood, and even reanimate Thamur's corpse in an attempt to stop the fight. Throughout it all, Baldur relishes in the agony it causes him, whether it be through Kratos' attacks, or his own freezing or burning himself. Eventually, Kratos and Atreus, with the help of Jormungandr, disabled Thamur's Corpse and beat Baldur, and Kratos attempted to strangle him to death. Atreus, however, held his father back, echoing Kratos' words about Modi earlier that Baldur is "beaten. Not worth killing." Letting go, Kratos warned Baldur to leave Freya alone, causing her to chide him for attempting to protect her. Baldur, in turn, chided Freya for her inability to remain uninvolved in his life, stating that he will never forgive her for her actions and that she needs to suffer for the century of feeling she stole from him. Freya responded that she has suffered for it, but says that if killing her will make Baldur whole, then she will let him. Baldur then began strangling Freya to death, only to be pulled back by Kratos. Incensed and uncomprehending of why Kratos continued to get involved when there was no reason for Baldur to keep chasing them, Kratos echoed the words of his father, Zeus, telling Baldur that "The cycle ends here. We must be better than this." Kratos then snapped Baldur's neck. As Baldur lay dying on the ground, he blissfully felt, for the last time, the touch of snow on his cheek - the first snowflake of Fimbulwinter, the prelude to Ragnarök; The Twilight of the Gods.

## Personality

Baldur was once a kind and emotionally stable Aesir god, but he ended up becoming an extremely cruel, ruthless and sadistic monster after his mother Freya, out of misguided love, cursed him with invulnerability spell to ensure nothing can kill him at the cost of his ability to feel anything. To make matters worse, Freya refused to lift the spell out of fear of his death, which sadly, severing the bond between mother and son.

The invulnerability curse soon took its toll on his sanity and turned him into an emotionally unstable monster he is now. According to Modi, Baldur hasn't "seen straight in years".

Underneath his sadism, Baldur is an extremely miserable Aesir god. Baldur laments that he can no longer taste food or drinks or experience bodily pleasures, and angrily admitted that he would rather die than never feel again. A vision in Helheim reveals Baldur's regret of not killing Freya years ago for what she had done to him, blaming himself for being a coward for running away instead. Even after becoming a mad monster, his sense of honor still remains, as he was supposedly willing to leave Kratos alone without a fight had the Spartan given him the information he wanted. He also implies that unlike his brother, he is willing to show mercy. Despite this, Baldur did not have any reservations about taking hostages, using surprise attacks and threatening innocents during his battles with Kratos.

Baldur's relationship with other members of his family seemed to be remarkably better. He was loyal to Odin and trusted that his father would fulfil his promise to find a way to break his curse, even though he knew Odin normally couldn't. Although he clearly did not approve of Thor's absolute bloodlust, stating that he was not like the God of Thunder, Baldur still was on good enough terms with him to agree to take his nephews with him, and it was stated by Magni that despite Baldur's insanity, Thor still believed in his brother's ability to complete missions. Baldur seemed to also be the only Aesir who had respect for the pacific Tyr and the only one who had a good relationship with him, as he was likely taught by the God of War how to use the Bifrost in his temple and he even mirrored his brother's peaceful tendencies by first acting diplomatic and only resorting to violence when needed. Baldur has no hesitation of calling his nephews as idiots.

Baldur is rather talkative in a belligerent manner during a fight, as he taunts, mocks and rages at Kratos throughout all of their battles. The Spartan himself said in their first encounter that he talked too much.
